SINGLE COPY, 7c

Weekend

Weather Forecast

Warmer Friday, followed by cooler again Sunday. Some rain expected on Saturday.

Most Anything At A Glance

BY ABIGAIL

Halloween vandalism has seen a sharp decline in the past two decades. Just 10 or 20 years ago it was a common experience to see wanton destruction of property and loads of junk dumped on the Square. Actually this sort of thing was expected and generally did happen. Observance of Halloween these days is vastly curbed and there is little actual damage to individuals' property. Mailboxes seem to be the main target of today's vandals. I imagine that this too, in the future, will be a thing of the past. Today's youngsters are content to do a little trick and treating and are generally more mild mannered than their predecessors who actually thought anything went. This is indeed a good omen and it is hoped that continued education of the younger element will bring about the extinction of all types of vandalism during this period.

Tuesday night is Halloween and there's a nice little parade scheduled for the occasion. The kiddies are permitted to do a little trick or treating and it is hoped that this will wind up the affair. As we have maintained for years, it isn't the kiddies that do the vandalism... it's the adults.

Sunday morning sees once again the end of Daylight Time until next April. Now is the time to regain that hour's sleep which slipped away from you the last Sunday in April. To get this hour back though, you must set your clock back one hour when you retire Saturday night. Happy sleeping!

President Johnson's plan for a 10% tax hike is really being buffeted around by Congress. Many legislators who have kept in touch with their voting constituents have learned of the public's antipathy of any tax increase and are therefore dedicated themselves to work to offset or defeat this presidential measure. Even the use of Johnson's key cabinet men who took to the airwaves and press to sell the idea to the public, and the Congress, has been in vain. Non-essential spending by the Government must be curtailed to fight the Vietnam war and not just an order to pay more and more. With the cost of living rising each month most families are now straining their budgets. Really folks, you are bound to see much higher prices within the next year as the labor unions have girded themselves for another round of wage increase battles. You can rest assured that after the settling of the Ford strike this week there will be one round after another as the unions fight for the top of the salary pile. This action will reflect higher prices for all of us, not only in food, clothing and other essentials, but also for cars, homes and sundry other items. Congress should reject the President's request for a tax increase at this time.

UNICEF Will

Collect Saturday

Residents of the Emmitsburg area are reminded that children of the town will be collecting for UNICEF this Saturday evening from 7:00 until 9:00 o'clock. UNICEF, meaning the United Nations International Children's Emergency Fund, provides funds for food, clothing and medical supplies for children in needy areas.

All children who are participating in the "Trick or Treat for UNICEF" will meet at the Parish House of the Elias Lutheran Church promptly at 7:00 to get final instructions for the evening. Upon their return, they will be the guests of the Lutheran Church Women of the host Church.

Lions Will Observe Charter Night

The annual Charter and Ladies' Night sponsored by the Emmitsburg Lions Club will be held jointly with the Thurmont Club to night at Cozy Restaurant, Thurmont, President Ralph Tabler announces.

For the past several years the two clubs have been holding their charter night jointly. The affair will get under way promptly at 6 p.m.

MOUNT COURT STAR KILLED IN VIETNAM

Lt. William Neuss, Yaphank, N. Y., a 1965 graduate of Mount St. Mary's College, was reported killed in South Vietnam where he was serving in the Marines, according to the Long Island press. Lt. Neuss played on the Mount's varsity basketball team during his college years and was a member of the 1963 championship team that captured the NCAA college division title.

A week prior to Neuss' death, he wrote his wife, Patricia, at Patchogue, N. Y., "I think about the rest and rehabilitation each day of my forthcoming leave, those six days are going to be the happiest days of my life." Mrs. Neuss immediately bought two plane tickets for herself and their 13-month-old son, Henry Joseph, for the trip to Hawaii next month where Lt. Neuss was to take his leave.

However, a few days later, on Friday, October 13, she received a telegram from the Defense Department stating that Lt. Neuss had been killed by rifle fire near Quang Tri, where he was serving with Co. C, 1st Battalion, Third Marine Division.

He had been commissioned as a 2nd lieutenant in the Marines at the Mount graduation ceremonies in 1965 and was sent to South Vietnam in May. He had six months to serve at the time of his death.

Mrs. Neuss told a Long Island Press reporter that he was due to receive a promotion to captain within the next few weeks.

Among Lt. Neuss' survivors are his mother, Ruth Neuss, and a brother, Girard, 18, both of Yaphank, N. Y.

Professor Named Echo Moderator

Charles F. Sadowski, assistant professor of English and journalism at Mount Saint Mary's College, has been appointed as moderator of the college's student newspaper, "The Mountain Echo."

Mr. Sadowski replaces Prof. Bernard S. Kaliss, who is currently on sabbatical completing work on his doctoral thesis. Under Kaliss' tutelage the Echo was the recipient of numerous awards for excellence from the National Scholastic Press, the Catholic Scholastic Press, and the Maryland-Delaware Press Association.

Sadowski, a native of Boston, Mass., is a graduate of Georgetown University. He joined the Mount faculty in 1966 upon completing service as an officer in the U. S. Navy. He is a candidate for a master's degree at Georgetown and is currently pursuing doctoral studies there.

JAMES D. KNOTT

James Donald Knott, 60, Route 1, Thurmont, died Sunday at his home. He was born at St. Anthony's, a son of the late Alexander and Anna Bowman Knott.

He was a member of St. Anthony's Catholic Church. He served during World War II in the Navy. He is survived by a son, Kenneth Knott of Martinsburg, W. Va.; a sister, Mrs. Veronica Susio, Baltimore; three brothers, Guy Knott, Waynesboro, and Alphonso Knott and Austin Knott, both of St. Anthony's.

Funeral services were held on Wednesday morning at 9 o'clock with a requiem Mass at St. Anthony's Catholic Church with the Rev. Fr. Vincent J. Tomalski officiating. Interment was in the church cemetery Creager Funeral Home, Thurmont, was in charge of arrangements.

Three Countians Face Income Tax Problems

Three prominent Frederick Countians were indicted this week by the Federal Grand Jury on income tax charges, according to an Associated Press dispatch emanating from Baltimore.

Named defendants were Delbert S. Null, 51, Frederick, a county commissioner from 1955 to 1962, Donald A. Woods, 39, Brunswick, the county's accountant from 1957 to 1962, and George B. Stupp, 49, Frederick, county maintenance engineer and purchasing agent from 1955 to 1962.

Asst. U. S. Atty. Clarence E. Goetz said Null was charged with filing false federal income tax returns for 1960 and 1961. Woods was charged with failing to file in 1961 and filing a false return in 1962, and Stupp was charged with filing a false return in 1961.

The government maintains Stupp reported taxable income of \$3,303 and paid \$660 tax on it, while he actually earned \$6,782 on which the tax would have been \$1,412.

The dispatch says Woods reported income of \$9,086 and paid tax of \$1,962 in 1962, the government said, when he earned \$14,387 and should have paid a tax of \$3,136.

Null reported \$5,857 taxable income for 1960, paying a tax of \$1,208, and reported no taxable income in 1961, the government said. He is charged with earning \$11,155 the first year, which carries a tax of \$2,500, and \$4,246 the second year with a tax of \$854.

Senior Citizens Plan Tour

Tuesday evening, October 31, the Senior Citizens Center will be open from 7:00-9:00 p.m. for the annual Halloween Parade.

Many thanks are due Mrs. Frances Stinson for the beautiful display of giant artificial poppies in the Senior Citizens' Center the past few weeks.

Anyone interested in learning to make some poppies, will be given instructions by Mrs. Stinson upon request. The poppies, made from different colors of crepe paper, make a delightful splash of color any place.

The Spanish class will meet each Monday afternoon at 3:30 o'clock beginning October 30. The class is enjoying the opportunity of study under the tutelage of Dr. Irma Gonzalez from St. Joseph's College.

There will be a bus trip to the Pennsylvania Dutch country, Tuesday, October 31. The bus will pickup passengers at the Center at nine o'clock. The price is \$8 for the complete tour, including dinner. The money should be in the hands of Mrs. Virginia Sanders by Saturday evening, October 28, for reservations.

Mount Alumnus Donates Million

Rt. Rev. Hugh J. Phillips, president of Mount Saint Mary's College, has announced that John F. Catalane, alumnus of the college class of 1939, has pledged one million dollars to the Mount.

Catalane, a Milwaukee industrialist, is a vice president of Crance Carrier Industries and recently sold his controlling interest in Sargent Engineering Corporation, Iowa. In addition to the million dollar pledge, he presented the college with a donation of \$30,000, all in memory of his late wife, Lillian, and to be used "in the best interest of the college."

Mrs. Phillips stated that architects were presently engaged to submit an overall plan for the physical improvement and the designation of areas for new creations. Two concepts presently being studied are the erection of a fine arts building and the remodeling of the college chapel in keeping with Vatican II.

Other donations received included a \$10,000 gift from alumnus and Miami attorney, Joseph M. Fitzgerald, and a \$5,000 contribution from Mary Ellen Goldberg of Baltimore.

CYO To Organize

The Catholic Youth Organization of St. Joseph Church, in Emmitsburg, will hold registration on Sunday afternoon, from 2:00 to 3:30, in St. Euphemia's Hall. Registration is open to all teen-agers of the parish; a most cordial invitation is extended to new members. A fine program of youth activities has been planned, covering the four areas of CYO activity: Religious, Cultural, Social and Athletic.

Priest To Direct Film Workshop Here

Techniques in movie-making will be analyzed at a Film Art Workshop this weekend at St. Joseph College. The workshop will be directed by Anthony Schillaci, O.P. of the National Film Study Project at Fordham University. A Friday evening feature film and discussion will be followed on Saturday by a full day of short films illustrating techniques on various directors.

Father Schillaci is presently teaching film art at Fordham University. The National Film Study Project, of which he is a member, is funded by the President's Commission on the Arts to do a study of film education on the

high school level. A member of the Awards Committee for the National Catholic Office for Motion Pictures, Fr. Schillaci has led four recent film festivals. He has attended festivals in New York, Montreal and Chicago, serving as a judge at the latter. His book, "Mirror, Myth and Morality," currently in preparation, will consider three aspects of film art, with sample analyses from significant modern films.

The program, open to local college students and the public, will begin at 7:00 p.m. tonight (Friday). The Saturday session opens at 9:30 a.m. A registration fee of \$3.00 includes luncheon on campus on Saturday.

Dr. Moss Will Be Reformation Preacher

Dr. Robert Verelle Moss, Jr., President of the Lancaster Theological Seminary of the United Church of Christ, will be the guest preacher at the Mass Reformation Service on Monday evening, October 30, in Emmitsburg at Elias Lutheran Church. The sermon theme at the 7:30 p.m. worship service, sponsored by the Emmitsburg Council of Churches, will be "The Continuing Reformation." The Community Choir will sing "The Hallelujah Chorus," from Handel's "Messiah," as the anthem at this service commemorating the 450th Anniversary of the Protestant Reformation in Germany. It was on October 31, 1517 that Martin Luther posted his famous Ninety-five Theses on the door of the castle church in Wittenberg.

Dr. Moss was born in Wilson, North Carolina and attended public school in Hickory, N. C. He was graduated from Franklin and Marshall College of the Evangelical and Reformed Church in 1943, and received a Doctor of Divinity Degree from his alma mater in 1960. In 1945 he was graduated from the Lancaster Theological Seminary with a B.D. degree. He received his Ph.D. from the University of Chicago in 1954. He was ordained to the ministry of the former Evangelical and Reformed Church in 1946.

Lutheran Women Hold Meeting

The Lutheran Church Women of Elias Church held their October meeting recently in the Parish House of the Lutheran Church. The study topic, "Time for Living," was presented by Mrs. Anna Bushman and Mrs. Weldon Shank, who used the life of Paul to introduce the evening's program. An interesting discussion concerning the Social Ministry program of

the Church and the LCW provided a focal point for much interest among the group.

Mrs. James Small, President, presided at the business meeting which followed. Plans for the Open House to be held at Elias Church were announced and committees appointed. Elias Church will observe its 210th Anniversary later this month when the Lutheran Church in America will observe its 450th anniversary of the Reformation.

Halloween Parade Tuesday Night

The annual spook and goblin parade will be held Tuesday night, October 31, it has been announced by officials of the American Legion Post 121. Providing music for the event will be the Emmitsburg Municipal Band, Chairman Thomas Gingell reports.

All local kiddies, and adults too, who want to be participants in the big parade are asked to assemble at the Doughboy monument in West End at 6:30 p.m. to obtain numbers which will be used to identify the participants, should they be lucky enough to be classed with the winners.

The parade kick-off time has been established at 7 p.m. sharp. Leading the promenade will be the American Legion Color Guard, Police cars, the local band, participants and whatever floats that are on hand.

The affair is sponsored annually by the Francis X. Elder Post 121, American Legion, and following the parade, refreshments will be served on the St. Joseph's rectory grounds.

The line of march will take the parade directly from the Doughboy, through the Square, down East Main St. to Federal Ave., up Depaul St., to the St. Joseph's Church rectory grounds. The judges will review the parade at the Square. All prize winners are asked to pick up their prizes at the rectory grounds.

Prizes to be awarded this year are: Funniest costume, \$5, \$2, \$1; best looking costume, \$5, \$2, \$1; most original costume, \$5, \$2, \$1; best-decorated bicycle, wagon or tricycle, \$5, \$2, \$1. Two mystery prizes of \$5 will be given.

MOUNT COURT GREATS HERE SATURDAY

This Saturday, October 28, will see the return to Mount St. Mary's of the greatest basketball team that the college has ever produced. At 7:30 p.m. in Memorial Gymnasium, the Young Democratic Club of Mount St. Mary's College will sponsor the 5th Annual Alumni Basketball game. Returning to campus for this game will be the 1962 NCAA Championship team with such stars as Eddie Pfeiffer, "Big O" John O'Reilly, Dave Samuels, Jerry Savage, Dave Maloney and Jack Campbell. Augmented by such Mount notables as Bernie Haag, Lou Martine, Ed Folk and Jimmy Livelsberger, these Mount basketball players of the past will try to defeat the 1967-68 varsity.

If you would like to relive some of the past experiences and share in the glory which these men have made for the Mount, we heartily recommend that you be in Memorial Gym this Saturday at 7:30 p.m.

Do you remember 1962? We remember such things as John O'Reilly's friend, Clancey the Cobbler — the little leprechan who helped the Mount through the toughest games of the season.

We remember the fear and hopelessness feeling we had when Dave Samuels was injured in the Wittenberg game. We remember the cheers that shook the gymnasium at Evansville when Jack Campbell took points and grabbed seven rebounds.

We remember how "Peanuts" Pfeiffer won the Southern Illinois game with a last second fling and grabbed 17 points for himself.

And finally, we remember how, after 22 regular season games, three M-D tourney contests, two titles in the NCAA Regionals and three in the NCAA finals, the Mount annexed the small college crown.

Here is your chance to recall some of that glory and, incidentally, to get your first glimpse of the 1967-68 varsity in action.

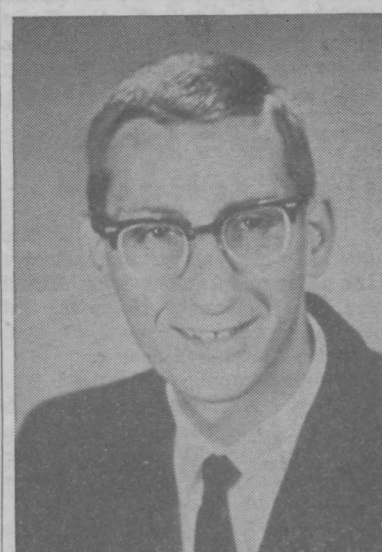

We here at the Mount expect this game to be the greatest of them all, and we feel sure that after you see it you will agree with us wholeheartedly. Admission price will be \$1.00 for adults and 50c for children.

Hospitalized

Mr. P. Kilpatrick had the misfortune to fall from a tree while picking apples this week, sustaining serious injuries. He is recuperating at the Chambersburg Hospital.

Hurricanes have taken more than 5,000 lives in the United States in the last 50 years.

Mount Adds New Professor

Chester F. Zarnowski, a native of York, Pa., and a 1965 graduate of Mount Saint Mary's College, has returned to his alma mater as an instructor in business and economics.

Zarnowski recently received his master's degree in business from Lehigh University, Bethlehem, Pa. He is a member of the National Association of Business Economists.

In addition to his teaching duties, he will assist Coach Jim Deegan with the college's cross country and track teams. While attending the Mount, Zarnowski starred in both cross country and track.

Thurmont Dam Hearing Scheduled In Frederick

The Maryland Commission on Water Resources has scheduled a public hearing in Frederick November 13 on the controversial Hunting Creek Dam.

Further hearings on the proposed dam in Cunningham Falls State Park were ordered by a Baltimore Circuit Court judge in September.

The decision by Judge Meyer M. Cardin canceled a court hearing on the dam at Thurmont.

Sportsmen and conservatives brought the case to court after the Department of Water Resources refused to schedule a hearing to appeal the department's approval of the earthen impounding dam across Big Hunting Creek.

The hearing will begin at 10 a.m. in the National Guard Armory.

Paul W. McKee, director of the water resources department, said the hearing was moved to Frederick at the requests of various groups in the county.

Earlier hearings on the dam were held in Baltimore.

McKee said most of the requests for a change in location had come to him through Del. William M. Houck.

McKee estimated that at least 150 persons would attend the hearing. The Water Resources Department granted the state Department of Forests and Parks a permit to build the dam following hearings last fall.

The proposed dam would create a 43 acre lake which parks department officials claim would attract 500,000 campers a year.

Opponents maintain that the 92 foot high dam would ruin one of the state's best trout fishing streams.

Chiropractic Clinic To Close Here

An Emmitsburg institution, the Beagle Chiropractic Clinic, announced this week the closing of its local office.

The clinic has been operated for 35 years here, 32 of them at the present location in West End. This will be the first time in 35 years that the town will be minus a chiropractor, within the corporate limits.

The announcement of the closing was made by Dr. John D. L. Beagle, son of the late Dr. D. L. Beagle who was tragically killed in a recent automobile accident.

The late Dr. Beagle was a native of Bedford, Pa., and resided in Gettysburg prior to opening the clinic here over three decades ago. While residing here he was active in local sports, civic clubs and church groups.

Young Dr. Beagle says the local office will close effective Nov. 1, but that he will continue the practice of chiropractic at the office on Baltimore Street in Gettysburg.

Because of his physical and mental immaturity, the child needs special safeguards before and after birth. UNICEF wants to ensure every child's protection.

Garden Club Holds Meeting

The October meeting of the Silver Fancy Garden Club was held on October 19 at the Rod and Gun Club, Taneytown. After a short business meeting, conducted by Mrs. Elwood Baumgardner, president, a Flower Arrangement School Workshop was presented by Mrs. John Fitz. This proved to be a very interesting and informative program. Mrs. Robert Clingan was co-hostess.

The next monthly meeting on November 16 will be held at the home of Mrs. John White at 12:45. This meeting will be a Garden Therapy Workshop for the Senior Citizens Club of Emmitsburg. Co-hostesses are Mrs. Andrew Eyster and Mrs. Simon Klosky.

Occupancy Increase Noted At Hospital

Hospital occupancy in September showed a major increase over the same month last year, directors of the Warner Hospital, Gettysburg, were informed at their regular October meeting.

Adult occupancy advanced from 61.45 per cent last year to 76.59 per cent. For the three months of the new fiscal year, occupancy this year advanced from 70.30 per cent to 74.71 per cent.

Births showed a decline for the month and for the three-month period 53.10 per cent down to 40.33 per cent for the month and 48.08 per cent to 37.73 per cent

for the period.

Emergency room visits showed a decline for the month and for the period as did physical therapy. X-ray treatments and procedures, laboratory tests and electrocardiograms and operations showed substantial increases for the month and for the period.

Of concern to the directors was an increase in accounts receivable of better than 40 per cent. This is occasioned in part by higher occupancy and higher rates as compared with the same period last year but largely by higher number of insurance and medicare cases.

The operating loss of \$17,438.53 for the month is attributable to an extra pay period within the month, directors said. Professional care of patients totaled \$201,579.95 for the three months as compared with \$159,342.04 for the same period last year. Net revenue from services was \$292,531.16 for the first three months of this fiscal year as compared with \$233,850.16 last year. The net loss for the same period was \$4,068.23 against last year's \$14,127.67.

On the recommendation of the medical staff, Dr. William Pfeffer, of York, was extended hospital privileges.

Directors were informed that the annual inspection team visited the Wills Eye Clinic at the hospital and after a thorough inspection gave the clinic an "unqualified favorable report." The inspection team was accompanied by Dr. C. H. Johnson, representative of the hospital medical staff.

Mennonites Plan Benefit Affair

In cooperation with the Mennonite Central Committee and Mrs. J. N. Byler, the ladies of the Bethel Mennonite Church, near Biglerville, and the Fairfield Mennonite Church will present their sixth annual International Gift Festival in the Fellowship Hall of the Fairfield Mennonite Church, Main St., at McGinley Dr., Fairfield, Pa., on Thursday and Friday, Nov. 2 and 3, from 1 to 9 p.m. both days.

The project, although sponsored by the Mennonite ladies and the Mennonite Central Committee Needle and Craft Program, is an inter-denominational and international project to provide self-help for people in depressed areas of the world. About a third of the items come from Church World Service projects.

The public is invited to come and browse. As in former years, there will be tea and cookies (complimentary).

These gifts (it's time to be doing your Christmas shopping!) will not only bring happiness to the receiver, but to the giver the satisfaction of giving a rare and unusual gift and at the same time doing good all around the world. And of course, there is joy brought to the person who made the product and through its sale was able to feed her hungry children.

Many Deputies To Patrol County Roads For Vandalism

Frederick County Sheriff Crumell P. Jacobs has lined up nearly 40 deputies this year to help combat the increasing vandalism which accompanies Halloween.

Jacobs said this week he has, in addition to the four full-time sheriff's deputies and himself, a force of 33 uniformed deputies throughout the county who will be on the lookout for Halloween vandals as the holiday approaches.

"These men will be traveling all over county roads each night," the sheriff said, "keeping an eye out for vandalism and pranks. They have full power to make arrests, and anyone who is seen doing any damage at all will be picked up."

Jacobs said the special uniformed deputies will be under the command of Kenneth L. Layman of Gracemore. The men are all volunteers, he said, and do not get paid by the county for their police work.

"The vandalism, such as tearing down signs and throwing things in the roads, really started over the weekend," he said, "and we've had 12 or 15 calls about incidents since then."

Jerry Savage, Mount Great, Takes Coaching Job

Emil G. Reitz, Jr. athletic director of Loyola College, has named Jerry Savage, former Mt. St. Mary's great, as the freshman basketball coach. Savage took over his new duties on Monday.

Savage is from East Orange, N. J., where he graduated from Clifford High School in 1956.

He attended Mount St. Mary's College from 1957 to 1961 and played four years of varsity basketball under coach Jim Phelan. Savage captained the Mount team in his senior year. This was the 1961 season and the Mounties won the Mason Dixon championship and went to the semifinals of the

NCAA tournament before being eliminated.

Savage was named to the Mason-Dixon tournament teams in 1959-60 and 61 and was first team all-conference in his Junior year in 1960. In his career he scored over 1,100 points.

He had been the junior varsity basketball coach at Mt. St. Joe High School in Baltimore for the last six years and his teams had a record of 90 wins and 51 defeats. They won the divisional title in 1965. He also coached the varsity basketball team for five years and was a member of the History Department. He is married and the father of two children, James, three, and Michael, two.

19 More Die On State Roads

Nineteen persons were killed on Maryland highways last week. Thirteen of those killed were drivers, two were passengers, and four were pedestrians. Alcohol was a contributing factor in eight of the deaths; speed in eight; and driver error in fifteen.

"In preparing the weekly survey of fatalities on Maryland highways, we find it quite difficult to avoid repeating ourselves," said Lt. Col. George Davidson,

Chief of Operations of the State Police. "No matter from which angle we try to approach the problem, we are faced with a deadly repetition of the causes of highway accidents.

"Alcohol, speed, and driver error—violations of the rules of the road and the laws of common sense—are a continuing pattern. Most of the errors are simple mistakes, ones which could have been easily avoided had the operators been driving defensively.

"It is the duty of police agencies to enforce the laws and also to warn motorists concerning their driving responsibilities. Then it is up to the drivers to assume these responsibilities. Unless this is done, they'll just have to listen to us preaching pretty much the same old story week after week."

Soldier Promoted

FT. DIX, N. J. — Robert B. Boyer, 17, son of Mr. and Mrs. Harry J. Boyer, Crouse Mill Rd., Taneytown, Md., was promoted to Army private pay grade E-2 upon completion of basic combat training at Ft. Dix, N. J., recently.

The promotion was awarded two months earlier than is customary under an Army policy providing incentive for outstanding trainees.

As many as half the trainees in each training cycle are eligible for the early promotion, based on scores attained during range firing, high scores on the physical combat proficiency test, military bearing and leadership potential.

Lutheran Women At Jefferson Affair

The Lutheran Church Women of Elias Church traveled to Mar-Lu-Ridge, near Jefferson Sunday, Oct. 15, for an afternoon of fellowship and worship. The members, accompanied by their families, were conducted on informal tours of the camp and conference center, which is used the year around as a retreat and camp area by Lutheran congregations in Maryland, Delaware and Washington, D. C. Following an afternoon of hiking along the various trails and viewing the Autumn foliage, the group enjoyed an indoor picnic around a fireplace in the main Lodge of the Conference Center.

The day's activities were concluded with Vesper Services in the modern red-wood and glass Chapel. Rev. W. Ronald Fearer, Pastor of Elias Church, delivered the Vesper Sermon. Organist for the Service was Mrs. Donald Eyer.

LCW members and their families attending were: Mr. and Mrs. D. Richard Smith, Tina and Ran-

dy; Mr. and Mrs. James Small, Deborah and James; Mr. and Mrs. Donald Eyer, Julie, Carol and Patricia; Mr. and Mrs. Donald Leathman, Brenda, Deborah and Robert; Mr. and Mrs. Robert Saylor and Mary Jayne; Mr. and Mrs. Weldon Shank, Nita, Nora, Vickie, William and Wallace; Pastor and Mrs. W. Ronald Fearer; Daniel; Mr. and Mrs. Lewis Smith; Mrs. James Saylor, Mrs. Helen McNair, Mrs. Elizabeth McCleaf, Mrs. Mary Shuff, Mrs. Frank Shuff, Miss Mary Zimmerman and Luther Zimmerman.

VFW AMBULANCE

Mrs. Grace Smith was transported to the Frederick Hospital this week via the VFW ambulance and Thomas C. Harbaugh was transferred from the Warner Hospital, Gettysburg, by the ambulance, to the Newton D. Baker Veterans' Hospital, Martinsburg, W. Va. Drivers were Donald Byard, James Kittinger and Paul E. Humerick.

UNICEF is a small army formed 20 years ago to fight disease, poverty, hunger, and ignorance on behalf of three out of four of the world's children.

BABSON'S POINT OF VIEW

Babson's Point Of View On: Communist Duplicity

BABSON PARK, Mass., Oct. 26—A disturbing development in the Vietnam situation has been the disclosure that Russia has pledged more economic and military aid to Ho Chi Minh. Before that decision was announced, it had been widely believed that—behind the scenes—the Kremlin was seeking an end to the Viet conflict.

Emphasis On Materialism
Despite the ideological differences between Red China and Russia, international Communism—as practiced in the Kremlin and in Peiping—constitutes a military, economic, and political danger to the United States and to all the other nations of the Free World. Insidiously, modern Communism preaches that man is a material machine.

This idea that man is nothing more nor less than matter in motion is used with great success to advance the basic Communist policy of world conquest. To be sure, Chairman Kossygin and Chairman Mao are separately pursuing long-range programs which—if they succeed—

would probably culminate in world peace. The joker is that the peace they want could come only after their defeat of the West and establishment of a world Communist dictatorship. **Victims Of Paranoia**

In the view of the dedicated Communist, whatever helps him advance toward this conquest is peaceful, good, and true. It is hard for us to understand what makes the Communist mind tick. To our way of thinking, Communists must be the victims of a type of paranoia, so different from ours is their concept of law, philosophy, and economy. We are appalled to discover that these concepts appear to be far more convincing to them than the evidence of the facts.

This element of self-deception is at the very core of Communism. If the leaders in Moscow and in Peiping were merely hypocrites, we could understand—and counteract—their tactics. But we are confused and often tricked by the Reds because they are so adroit at combining the techniques of hypocrisy with the virtues of sincerity. **Denial Of Human Dignity**

The rise of Communism has led to the murder of individuals and of nations, as the dignity of man has been trampled underfoot. The tragedy is that in the eyes of the Communists such murders are moral and righteous. Hence the great evil of Communism rests in its basic concepts, which entail total rejection of the Supreme Being and the materialization and bestialization of man. Communism denies the inherent value and the uniqueness of human personality. It seeks to build an edifice that will effectively destroy every civilized, moral, ethical, and spiritual standard.

It would indeed be foolhardy for us to underestimate the potential influence for evil of this system. But perhaps it would be even more foolhardy for us to underestimate our own ability to destroy our American way of life through indifference, incompetence, and/or greed.

Our Trend Toward Socialism
During this 20th century, the general tendency in the United States (as in many another country in the world) has been to limit the area within which a man can do what he will and to expand the area in which the State acts on behalf of its citizens. In the minds of many people, this is a good thing. Others are equally sure it is a trend in the wrong direction. At any rate, at one time or another many of the principles of the socialistic or paternalistic state have been endorsed by a majority of the American people.

But in an America which is yet reasonably free, we can still criticize the laws which have so greatly enlarged the powers of the State. Such criticism is surely warranted as the field of

private decision is being steadily narrowed. Unfortunately, however, expanding government has caught the imagination of our people, blurring their sense of initiative and self-reliance as well as their fear of the cost and weight of administrative machinery. Maybe that is why we are such easy prey to Communist blandishments.

Mount Priests' Assn. Holds Reunion

Over 100 alumni priests were in attendance at the First Annual Mountaineer Priests' Reunion held at Mount Saint Mary's College and Seminary, on Thursday and Friday, October 19 and 20.

The program began with a dinner on Thursday evening honoring the golden and silver jubiliaries of the Seminary classes of 1917 and 1942. On Friday morning the program began with the celebration of the holy mass by the jubilarians with Bishop Edward J. Herrmann, Vicar General of the Archdiocese of Washington, D. C., and an alumnus of the Seminary class of 1947 as the principal celebrant. He was assisted by Rt. Rev. Hugh J. Phillips, college president, and Rt. Rev. George D. Mulcahy, seminary rector. Msgr. Mulcahy also delivered the homily.

Music for the mass was under the direction of Rev. Dr. David W. Shaum and student director, Mr. Joseph Moore, seminarian. The musical program consisted of congregational singing and hymns by the Seminary Schola Cantorum. Congregational numbers included the hymns: "Lord Have Mercy," "Holy, Holy, Holy;" and "Lamb of God." "Abba Father,"

ion closed with the celebration of Benediction of the Blessed Sacrament at the National Shrine Grotto of Lourdes, which is the oldest replica of the Lourdes Shrine in the United States.

Following the service, a luncheon was served in the Cogan Union. Bishop Herrmann addressed the group and words of welcome in behalf of the college and seminary were given by Monsignors Phillips and Mulcahy, respectively.

After a relaxing tour of the college and seminary, the reunion

Why I Can Truly Say "I KNOW God!"

"Oh, come now," some may object. "Believing in God is one thing. But claiming to know Him... isn't that ridiculous?"

On the contrary, no human knowledge we possess is so certain as the knowledge we have of God.

For it comes from God Himself!

Through Divine Revelation, God makes Himself known to us. By words and demonstrations, He manifests His divine nature in ways we can understand. He reveals the purpose of His will, which otherwise would be hidden from us. He tells us what He expects of us, what we may expect of Him. He expresses His love for us and His concern for our earthly and eternal welfare.

It was this sure knowledge of God that the Church reiterated and again promulgated at the recent Vatican Council. And the Council's Constitution on Divine Revelation reviews the words and acts by which God has progressively charted the course of human salvation. It is easy for almost anyone

to believe in God even without any divine revelation to support such a belief. For nothing less than a supernatural power can explain the mystery of life and the marvels of the universe. But why settle for so little when the God of revelation invites you to understand Him, to believe Him—to truly know Him?

We have a brand-new pocket-size pamphlet on the topic of Divine Revelation... and we'll gladly send you a copy free upon request. It covers such topics as "Revelation Itself"... "The Transmission of Divine Revelation"... "The Divine Inspiration and The Interpretation of Sacred Scripture"... "The Old Testament"... "The New Testament" and "Scripture In The Life of The Church."

No matter what your religious convictions may be, you'll find this pamphlet interesting, informative and spiritually stimulating. So, write today. Ask for Pamphlet No. KC-43. There's no cost, no obligation—and nobody will call on you.

So much more car

'68 CHEVY II NOVA COUPE

The day of the plain Jane economy car has come and gone. Chevrolet has something far finer to offer.

LONG HOOD, SHORT DECK

You get your economy now under Nova's new swept-back roof. You get your engine dependability under Nova's new long hood. You get your rust prevention beneath Nova's new rounded fenders and larger body.

SUPERLATIVE RIDE

You get the smoothest in handling, too. The wheel stance is wider, the rear suspension has been redesigned, and there is a new cushion-mounted front end. Nova feels like it's a thousand pounds heavier. It rides with amazing silence and smoothness.

NEW ALL OVER

The grille is new. The interior is new. (There's even a special custom interior you can order, the likes of which no economy car has ever offered before.) The standard V8 is bigger, more powerful. So is the standard Six with its new Monojet carburetor that contributes to greater efficiency, economy and performance. There are many new safety features, including energy-absorbing front seat backs to go along with the proved GM-developed energy-absorbing steering column. And when you equip a Nova with the SS package, you look out over a special hood and black accented grille, housing a 350-cubic-inch Turbo-Fire V8.

Front to back, Chevy II Nova's now a driving enthusiast's kind of car but, fortunately for you, it still comes at a saving enthusiast's kind of price. Very low.

For so little: \$2261⁰⁰

Manufacturer's suggested retail price for standard Six Chevy II Nova Coupe shown above includes Federal Excise Tax, suggested dealer delivery and handling charges. Model shown above equipped at additional cost with Custom Exterior \$84.30, White Walls \$31.35, Wheel Covers \$21.10. Transportation charges, accessories, optional equipment, state and local taxes additional.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

Laurel Race Track
Opens Today

With 1,100 employees standing by in the wings, 1,300 horses bedded down in the stable area and the grandstand and clubhouse freshly manicured, all systems are labeled "go" for the start of Laurel Race Course's 1967 season on Friday (today).

Post time for the first race daily will be 1 p.m., with quinella and exacta wagering being intro-

duced to Laurel fans in addition to the daily double.

Topping the stakes schedule at Laurel will be the \$150,000 Washington D. C. International on Veterans' Day, Saturday, Nov. 11. On the first Saturday of the meeting, Oct. 28, the \$100,000 Selima for 2-year-old fillies will be featured, followed on Saturday, Nov. 4, by the estimated \$200,000 Pimlico-Laurel Futurity, also for 2-year-olds.

The International, having its 15th renewal this season, pits

champions from foreign lands against America's best. The intercontinental rivalry has resulted in eight victories for foreign horses and seven for the U. S.

Grover G. "Buddy" Delp will defend his title of leading trainer earned at the 1966 meeting, but the competition will not be lacking. Other prominent trainers shipping in stables include Bernard P. and J. Bowes Bond, Frank Y. Whiteley, Jr., A. I. Taylor, Sidney Watters, Henry S. Clark, Frank A. Bonsal and Tom Barry.

Another perennial winner who will be at Laurel is jockey Charles Baltazar, Laurel's top rider in 1966 and the jockey champion at every major Maryland track session in the past two years.

The wagering innovations at Laurel were requested by management because of public demand. The quinella, requiring the selection of the first and second finishers in either order, will be available on the fifth race. The exacta, in which the first and second horses in order must be selected, will be featured on the ninth race.

Each Thursday, except Thanksgiving, will be Ladies' Day at Laurel, when distaff fans are admitted to either the grandstand or clubhouse for only a 15-cent tax payment. At noon on Thursdays a "Lucky Lady Seminar" will feature guest speakers from the racing industry.

There will be four "dark" days on the Laurel calendar—Dec. 21, 22 and 25, and one day in reserve in case of inclement weather forces cancellation of racing.

Racing continues through the January 1 New Year's Day holiday.

utility's Area Development Department, said invitations have been sent to 250 business leaders in western Maryland, southern Pennsylvania, eastern West Virginia and northern Virginia to attend the conference, the fifth sponsored by his company.

Atwood said the goal of this year's program is to acquaint mayors, county commissioners, Chamber of Commerce officials, planning and industrial committee representatives and others with the help that can be provided by utilities, railroads, and federal, state and county organizations when problems of industrial or community development arise.

The theme of the conference is "Yell For Help" and urges local officials to contact and work with these groups, whose staffs include industrial and community development specialists.

Speakers at the all-day session include Aubrey N. Hefflin, first vice president of the Federal Reserve Bank of Richmond; Ford R. Morrow, Public Affairs Mana-

ger of Keyser Aluminum and Chemical Corporation's Eastern Division; and George E. Allen, a representative of the Department of Resource Development at the University of Maryland. Their remarks will be directed toward emerging problems and the need for communities to 'Yell For Help' in order to anticipate and keep abreast of these problems.

Eight workshops are also scheduled to give local officials a chance to discuss individual problems. Four industrial development workshops will cover education—a factor in industrial development, plant financing, the labor factor in industrial development and industrial site selection. Community development workshops will cover community development resources, comprehensive planning and planning for state and local highway needs.

Sixty three per cent of the persons arrested for auto thefts during 1966 were under the age of 18.

Auto thefts in the U. S. doubled in the 10 years from 1957 to 1966.

A TIP-TOP WAY TO START THE DAY

Minutes are precious in the morning, so next time you hear, "I don't have time for breakfast," re-examine that busy schedule. Each day should and can start off with an adequate meal and still not rob us of any of those treasured morning minutes.

Nutrition and medical authorities tell us that the too-often-neglected breakfast is no less important than lunch or dinner and may be the most important of all three... and a good breakfast will help you feel tip-top all day.

A BREAKFAST SWITCH—A SANDWICH!

New and different ways of serving favorite breakfast foods add variety to this important morning meal. One-dish sandwiches double the appeal of breakfast favorites and are ideal for those who are pressed for time in the morning. For delicate taste and substantial fare try Scrambled Egg and Bacon Sandwiches.

SCRAMBLED EGG AND BACON SANDWICH

2 tablespoons butter or margarine
1/4 teaspoon salt
4 eggs, beaten
8 slices crisp bacon
8 slices buttered Tip-Top toast

Melt butter in skillet. Add salt to eggs and pour into skillet. Cook slowly, stirring the eggs from the bottom as they become firm and browned slightly. When eggs are fairly firm (but not dry) throughout, spoon them on slices of buttered toast. Garnish with two slices of crisp bacon crossed diagonally and top with second piece of buttered toast. Makes 4 servings.

Utility Sponsoring
Planning Conference

Local business and civic leaders have been invited by Potomac Edison Company's Area Development Department to attend a community and industrial development conference October 30 at Caeapon Lodge near Berkeley Springs, W. Va.

B. G. Atwood, manager of the

NO. 21,780 EQUITY IN THE
CIRCUIT COURT FOR FREDERICK COUNTY, MARYLAND

ORDER OF PUBLICATION

The object of this Bill of Complaint is to procure a divorce A VINCULO MATRIMONII by the Complainant, Coleman J. Lidie, III, from the Defendant, Clara A. Lidie.

The Bill states in substance that the Complainant, Coleman J. Lidie, III, is a resident of Frederick County, State of Maryland, where he has resided for more than one year last past; that the Defendant, Clara A. Lidie, is a non-resident of the State of Maryland, and when last heard from was residing at the U. S. Grant Hotel, San Diego, California.

The Bill further states that the Complainant and the Defendant were married on the 14th day of February, 1966, at Frederick, Maryland, by Rev. Woodward, a duly ordained Minister of the Gospel; that as a result of the said marriage no children were born; that the Complainant and the Defendant have voluntarily lived separate and apart without cohabitation for more than eighteen months prior to the filing of the Bill of Complaint; and that such separation is beyond any reasonable hope or expectation of reconciliation. The Bill prays that the Complainant, Coleman J. Lidie, III, may be divorced A VINCULO MATRIMONII from the Defendant, Clara A. Lidie, and that the Complainant may be granted such other and further relief as the nature of his case may require.

ORDER OF COURT

It is thereupon ORDERED by the Circuit Court for Frederick County, Maryland, on this 2nd day of October, 1967, that the Complainant, Coleman J. Lidie, III, by Order of Publication of this Court to be inserted in some newspaper published in Frederick County, Maryland, once a week for four successive weeks on or before the 4th day of November, 1967, giving notice to the said Defendant of the object and substance of this Bill, warning her to be and appear in this Court, in person or by Solicitor, on or before the 5th day of December, 1967, and show cause, if any she has why the Decree should not be passed as prayed therein.

"Always in the Best of Spirits"

Phone 447-3271 Emmitsburg, Md.

The most beautiful phone in the world
was made to be hidden.

Sounds crazy, doesn't it? The new Trimline® phone's stylish, sculptured shape cries to be seen—to be talked about. But if you're a little short on space, it's good to know that a compact Trimline phone will fit just about anywhere. Under a kitchen cabinet or in a niche between beds. Wherever you want it.

Easiest dialing ever, too. Be-

cause the dial is in the handset. It comes to you. And if you're making a series of calls, no need to hang up after each one. Just press the recall button under the dial. You're ready for your next call.

Trimline phones come with either Touch-Tone® push buttons or regular rotary dial. And both light up, to make it easier to read the dial. Naturally, the Trimline phone

costs a little more. You'd expect it to. But here's a bonus. Take your choice of five beautiful telephone colors.

Let us put a new Trimline phone in your home. Just pick up the phone and call the Telephone Business Office. Or ask your telephone man for the world's most beautiful phone.

Hide it if you can.

BICYCLE FACTS AND FANCIES

Although many people think that bicycles have always been pedaled, that bikes are strictly for kids, and that cycling's value is limited to fun, each of these ideas is a popular fallacy.

For example, the first crude bike, built in the late 1700's, had no pedals at all! This bike had wooden wheels and its front wheel didn't turn! The rider made the contraption move by pushing against the ground with his feet. The earliest vehicles weren't called bicycles, but velocipedes, meaning "swift foot."

Cycling literally got off the ground in 1865, when a rotary crank-driven velocipede was invented in France. In 1869, rubber tires replaced steel rimmed wheels, and the first bicycles as we know them were produced. The "boneshaker" bikes, or "ordinaries" of about 100 years ago, had huge front wheels and small rear wheels.

Nor are bikes just for kids. According to the Bicycle Section of the Japan Trade Center in New York, many thousands of the 55,000,000 bike owners and riders in the U.S. are adults, and in many coun-

tries the bike is a more important form of transportation than the automobile. There's more to cycling than fun. Want to develop your quadriceps and sartorius? Your gastrocnemius and soleus? Then ride a bike—for, according to the American Medical Association, cycling is a good way to build thigh and calf muscles. Back and shoulder muscles benefit, too.

Just as the human body is a precision machine, so is today's bicycle. Increasing numbers of our bikes are coming from Japan, where rigid quality control standards give bicycles the same kind of dependability and fine workmanship that have made Japanese cameras so popular.

The biggest bike ever made was a 10-seater, built about 1898. It measured 23'9" long, weighed 305 pounds, and could carry a load of over one ton!

Constitutional Convention Report

By Gene P. Ward

The continuation of elected State's Attorneys, creation of the office of Lieutenant Governor, and requiring each county to have home rule were the major committee actions last week at the Constitutional Convention.

The Committee on the Executive Branch voted 17 to 0 to create the office of Lieutenant Governor. The same committee voted 12 to 2 to retain the office of State's Attorney as an elected office. This is a major break with the recommendation of the draft document of the Constitutional Convention Commission (Eney Commission). The Eney draft omits any mention of the office of State's Attorney with the intention that the legislature determine whether it be elective or appointive. The committee also approved informing the General Assembly that it felt that the office should be elected in a non-partisan election, probably by a system of cross-filing on the ballot under both political parties. The system of cross-filing is now used for the election of judges.

The Committee on Executive Branch also tentatively approved:

1. The Governor shall take office on the first Wednesday in January unless it falls on New Year's Day.
2. The Governor and Lieutenant Governor shall run as a "ticket" and not independently of each other.

A proposal that the Lieutenant Governor shall also be the President of the State Senate was rejected by the committee.

Local Government

The new Constitution will require that each county have home rule with much broader powers than they now have, if the recommendation of the Committee on Local Government is approved by the entire convention.

The committee also agreed in a series of votes that no existing municipalities may have any existing powers withdrawn without the consent of its governing body or the General Assembly by enactment of a law. The effect of this provision is to limit the power of counties over existing municipalities.

The committee also adopted the view that counties shall have exclusive power to create new municipalities.

The power of the counties vis-a-vis municipalities has been the source of much controversy surrounding the provision on Local Government contained in the Eney Commission draft. The Maryland Municipal League has in general opposed the recommendations, while the County Commissioners Association has endorsed them.

Court System

The Committee on the Judicial Branch approved by a 16 to 0 vote the adoption of a four-tiered, unified court system recommended in the Eney Commission draft Constitution. The lower tier of courts, called the District Court, will replace the magistrates' courts now in existence in many parts of the State. The District Court will be similar to the People's Courts which exist in some counties. The next level of courts

is the Superior Courts, with jurisdiction similar to the present Circuit Courts. The level of the Court of Special Appeals will be called the Appellate Court, and the highest court in the State will retain its name of Court of Appeals. The Eney Commission had recommended that the highest court be called the Supreme Court, but this was rejected by the Committee by a vote of 11 to 5.

Orphans' Courts are not part of the four-level system. They would be abolished and their probate duties assigned to either the District or Superior Courts.

The unified concept of the court system would replace the present system of separate, autonomous courts at various levels with a Statewide structure with the supervision and administration extending in a direct chain from the Court of Appeals.

Legislature

The Committee on the Legislative Branch, in an informal vote, adopted the view that the length of the legislative session should be left to the legislature to decide.

Committee Debate

Most of the committees, now debating the details of what will be the recommendations of the committee, are using the Eney Commission draft Constitution as a basis of their work. Two of the major committees (Executive and Judicial) are going over the Eney draft document paragraph by paragraph. The wording of the final product of this convention appears that it will be very close to that of the draft Constitution with little resemblance to the wording of the present Constitution. Only in those areas where the convention deviates from the proposals of the Eney Commission (such as elected State's Attorneys and name of highest court) will there be major differences from the Eney Commission's wording.

Day Off

The convention will probably not meet in formal session on Friday, October 27. A vote on the matter was scheduled for yesterday. A motion last week that the convention definitely meet that day was defeated by a vote of 112 to 21. The stated purpose of the day off would be to permit the delegates time to take care of other matters, such as conferring with the people back home. The day marks almost exactly the halfway point of the three-month convention. (The convention may

meet a fourth month if a majority of the delegates agree.)

Convention Budget

A proposal by Delegate Frederick Malkus, Jr. (Dorchester County), that the convention president, H. Vernon Eney, be required to report to the delegates the amount of monies spent and encumbered at fifteen-day intervals was defeated last week by a vote of 97 to 31.

The resolution by Malkus received an unfavorable report of the Committee on Rules, Credentials, and Convention Budget, chaired by Alfred L. Scanlan (Montgomery County). The report said the question was moot since Eney had promised to keep the delegates informed of the status of expenditures.

Malkus took the floor for the first time since the convention started, and, in a dramatic and sometimes humorous address to the delegates, presented his views, punctuated with frequent criticism of Eney and Scanlan. Malkus contended that a list of money expended meant nothing if the delegates had no idea of how much was encumbered.

He read to the delegates the law which says that the convention "shall not authorize total expenditures in excess of the amount appropriated by law for its expenses."

Present estimates show that if the convention lasts four months, it will be overexpended by at least \$12,000.

TWENTY YEARS AGO Captain Charles E. Yeager became the first man to pilot an aircraft faster than sound in level flight. The so-called "sound barrier," once thought to set an upper limit on the speed of aircraft, crumbled forever on October 14, 1947, when Captain Yeager rocketed his experimental Bell X-1 plane (bottom) through the then awesome barrier. Carried aloft by a B-29 bomber the X-1 was powered in its history-making flight by a Thiokol XLR-11 rocket engine. This engine was the forerunner of many later and larger models that made supersonic flight possible by other manned rocket craft powered by Thiokol rocket engines. These included the Navy's famous Skyrocket, the Air Force's XF-91, and the X-15 which has since flown at 7 times the speed of sound. Interestingly enough, the same engine used in the pioneering X-1 is being used today in experimental "lifting bodies," including NASA's HL-10 (top) and M2-F2, and the Air Force's X-24A. These wingless experimental vehicles could lead to future spacecraft that will be able to return from orbit and land anywhere on earth under pilot control.

Uterine cancer kills about 14,000 women every year.

HOUSEHOLD HINTS...^{by ThomBol} SALT IN YOUR HOME

THE MOST FAMILIAR USE OF SALT UNDOUBTEDLY IS IN THE KITCHEN AND ON THE DINING TABLE. SALT ACCENTS THE FLAVOR OF MEAT, BRINGS OUT THE INDIVIDUALITY OF VEGETABLES, PUTS "OOMPH" INTO BLAND STARCHES, DEEPENS THE FLAVOR OF DELICATE DESSERTS AND DEVELOPS THE FLAVOR OF MELONS AND OTHER FRUITS. BUT THERE ARE MANY OTHER USES OF SALT AROUND THE HOME, TOO. HERE ARE SIX FROM RESEARCHERS AT THE SALT INSTITUTE.

1. A SOLUTION OF SALT AND TURPENTINE RESTORES THE WHITENESS TO YELLOWED ENAMELED BATHTUBS AND LAVATORIES.
2. REMOVE MILDEW FROM CLOTHING BY MOISTENING STAINS WITH A MIXTURE OF LEMON JUICE AND SALT. THEN SPREAD THE ARTICLE IN THE SUN, RINSE AND DRY.
3. SALT HELPS DESTROY MOTHS AND DRIVES AWAY ANTS!
4. A THIN PASTE OF SALT AND SALAD OIL REMOVES HOT DISH MARKS FROM FURNITURE.
5. A BOX OF SALT IS AN IMPORTANT ITEM IN MANY BATHROOMS. IT MAKES AN EXCELLENT MOUTH-WASH OR THROAT GARGLE; IT IS AN EFFECTIVE DENTIFRICE; IT CAN BE EXTREMELY HELPFUL AS A MASSAGE ELEMENT TO IMPROVE MILADY'S COMPLEXION. IT IS AN EFFECTIVE ANTISEPTIC.
6. SOFT WATER IS AN EASILY OBTAINED LUXURY FOR TODAY'S HOMEOWNER—YOUR PLUMBER CAN INSTALL A HOME WATER CONDITIONING APPLIANCE. AND IT'S INEXPENSIVE TO MAINTAIN WITH SALT CRYSTALS OR BRINE BLOCKS FOR SOFTENER REGENERATION.

Looking Ahead

Accept Not This Evil!

What is the nature of the enemy? This is a question which should be answered by those demanding that the U. S. halt its bombing of Communist North Vietnam, agree to Communist power in a South Vietnam government, and meet other points in the four-point "deal" being offered by Hanoi. If the "deal" were to be accepted, South Vietnam ultimately would go to the Communists with millions of people set up for torture and slaughter. The human memory tends to blackout on unpleasant things. But unpleasant things sometimes should be recalled from history if we are to make sound judgements. It is estimated that 30 million were executed by the Communists following their take-over of China, and the end isn't yet.

"What do you do for children who have had chopsticks driven into their inner ears? Or for old women whose collarbones have been shattered by rifle butts? Or for kids whose ears have been torn off with pincers? How do you treat a priest who has had nails driven into his skull to make a travesty of the Crown of Thorns? (Such were the atrocities committed by Ho Chi Minh's North Vietnam Communists.)

"Out there in this Communist hellhole (wrote Tom Dooley), I had learned many profound and practical facts about the true nature of man. I had watched

tough U. S. sailors become tender nurses for sick babies and dying old women. I had seen inhuman torture and suffering elevate weak men to lofty heights of spiritual nobility. I know now why organized godlessness can never kill the divine spark that burns within even the humblest human. . . .

Horribly Maimed

"Just before dawn (one night) I heard Boatswain's Mate Norman Baker stumble into my tent. 'Better get moving, Doc,' he said. 'We've got another batch—1,000 more.' From Baker's tone, I could tell that the newcomers would be like all the rest—filthy, starving, diseased and maimed in God knows what manner. Groping for a flashlight and pushing my swollen feet into a pair of muddy boot-dockers, I instinctively began murmuring 'Our Father . . . as I had every morning since childhood . . . and deliver us from evil' . . . I had to pause in the darkness. Yes, O God, that is the people's prayer—to be delivered from evil! In that moment I think I sensed, however dimly, the purpose behind being there."

These are the beginning passages written by Navy Lt. Tom Dooley, M.D., 11 years ago in his shocking and illuminating book—message from his tent refugee hospital southeast of Hanoi.

Punishment For Believers

The tortured, "the sick and horribly maimed were," said Tom Dooley, "fleeing from the Communists of North Vietnam, hoping to reach the doubtful security of Saigon. Before they came, more than 300,000 others had already passed through the camp. The number would exceed the half-million mark before the tragedy ended." The number exceeded a million before Ho Chi Minh effectively closed the border with an "Iron Curtain" of guns at the 17th Parallel. Dr. Tom Dooley, personally handling 300 to 400 horribly maimed cases each day, said:

"As the weeks passed I found myself increasingly puzzled, not only by the growing number but by the character of Communist atrocities. They seemed almost to have a religious significance. I was accustomed by now to patching up emasculated men, and women whose breasts had been mutilated, and even little children without fingers or hands. But more and more I was learning that these punishments were linked to the refugees' belief in God. . . .

Reds' Handiwork

"We pieced together the story (one of the many incidents related): The young man was a schoolteacher. The Communists had caught him leading his class in the Lord's Prayer. They made him repeat it for them, line by line, and made a mock-

ery of the words. When the lesson was ended, they led the class into the schoolyard and taught the pupils a different kind of lesson. Two Viet Minh guards held a child by the arms, and another grasped his head. Then the leader rammed a chopstick deep into each ear, splitting the canal and shattering the inner ear.

"When all seven children had been 'treated', the guards turned to the teacher. They drew forth his tongue with pincers and sawed it off with a bayonet. Somehow five of the children had managed (when Dooley administered to them) to remove the chopsticks from their heads . . . They looked like zombies; thick pus was running from the ears. The young teacher? I was able to draw together the edges of his tongue stump and patch it up . . . the eight survived—one young man who never again would pray aloud, and seven children who would hear the Word of God only in their hearts."

Tom Dooley's book, "Deliver Us From Evil," (Farrar, Straus & Cudahy, New York) gives a true picture of the nature of Communism. What would be the nature of a "coalition" with it—an acceptance?

"Favorite fairy tales told in Sweden," by Virginia Haviland. "Fun with the new Math," by Jerome S. Meyer. "Flowers," by Norman Taylor—the guide to garden flowers; their identity and culture. "The trouble with series three," by Michael Kenyon.

THE NEARLY 100% CURABLE CANCER!

A simple, painless examination, the "Pap smear", helps physicians detect cancers of the uterus in time. When discovered early and properly treated, this second most common cancer in women is nearly 100% curable.

Our film, "Time and Two Women" will show you how to guard yourself against uterine cancer. It has already saved many lives. To see it, call the office of the American Cancer Society nearest you, or write to "Cancer", c/o your local post office.

Strikingly new for 1968 is Torino by Ford. At the top of the Fairlane series, the Torino is available in six models including the formal hardtop (above) and the GT fastback. Four inches longer than previous Fairlane models, the Torino brings a new standard of luxury to the intermediate class. All 1968 Fairlane models have completely new sheet metal featuring an integrated grille-dual headlamp assembly and a distinctive raised center panel. A new 302-cubic-inch engine is standard in the Torino GT and optional in all other series.

NEW VINYL FOAM and WOOD WEATHERSTRIP FOR DOORS

Mortell FOAMFLEX DOORSTRIP

PERMANENTLY BONDED
by EXCLUSIVE NEW PROCESS

- Install in as little as 10 minutes with saw, hammer and nails.
- Nails over present door moulding or replaces it entirely.

TERMS: Cash. Nothing moved til settled for.

Not Responsible For Accidents — Lunch Rights Reserved

MRS. LUTHER REEVER, Owner

GUSS SHANK, Auct.

You don't save enough money, do you?

You try to save. But something always comes up. The dentist, maybe. Or car repairs. Or the kids need clothes. It seems there's always month left at the end of the money instead of the other way around. Well, you're not alone. It's the same way with millions of Americans. But you know, they've found a way to save successfully. They've signed up for U.S. Savings Bonds—through the Payroll Savings Plan where they work or the Bond-a-Month Plan where they bank. They put a regular amount every payday toward Savings Bonds.

The plan works—because it's automatic. The saving is done for you. And you don't feel the pinch because you don't see the money. Sounds funny, but it's true. We call it "Don't-Take-Home-Pay," and it's the greatest invention since take-home pay.

When you invest in Savings Bonds you add to your security today, and add to your opportunities for tomorrow. Savings Bonds can provide the down payment on

a new home. A college education for the children. A comfortable, enjoyable retirement. And your savings earn a good return while they pile up.

There's also another reason to buy Savings Bonds. You put your savings to work for America, in the cause of freedom. You help your country at the same time you help yourself. That can make you feel mighty good.

Another thing: when you join the Payroll Savings Plan or the Bond-a-Month Plan, you are also eligible to purchase the new type U.S. Savings Notes—Freedom Shares. Freedom Shares pay 4.74% when held to maturity of just 4 1/2 years (redeemable after one year), are available on a one-for-one basis with Savings Bonds.

Why not get started today? Talk to the Payroll Department where you work, or to any officer where you bank.

You'll breathe easier because you're saving money. And you'll walk taller because you're helping your country.

U.S. Savings Bonds,
new Freedom Shares

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

Mount Gleemen
Open Season

Mount Saint Mary's College Glee Club began its 1967-1968 fall and winter concert schedule on the Emmitsburg campus with a special reunion concert at the annual homecoming dinner on Saturday. The collegians were joined in a program of "Musical Memories" with the voices of former glee club members among the alumni. The occasion marked the fifteenth anniversary of the group under the direction of Rev. Dr. David W. Shaum.

The fall schedule will include twelve concerts throughout the Maryland area beginning with November 6 when the all-male chorale will entertain the Frederick, Maryland, Women's Club at Frederick; followed by a concert at the Taneytown Chamber of Commerce banquet on November 16.

Library Obtains
New Books

The Emmitsburg Public Library is now the proud owner of two new decorating books: One titled The World of Budget Decorating with over 400 photographs and illustrations of rooms, furniture, accessories—more than 100 in full color.

The world of budget decorating opens up a whole wide world of choices for creating a warm, welcoming home or apartment.

Better Homes and Garden Decorating Ideas. New room-by-room DECORATING TIPS FOR EVERY TASTE AND BUDGET. 1001 IDEAS FOR YOUR HOME—280 PICTURES!

New children non-fiction are: The Lucky Sew-It-Yourself Book—make a little pocketbook, make an apron, pin cushion or a scarf by Camille Sokol. Adventures With a Straw, by Harry Milgram—First Science Experiments. The Sioux Indian Hunters and Warriors of the plains, by Sonia Bleeker. Maryland Historical Society book on Maryland history. Hu-

man Love, by Jean Guillon. During five years in prison camps in Germany Jean Guillon collected the experiences from discussions with his comrades—French, Poles, English and Americans. Human love is a distillation of all these conversations and confidences.

Leafy Rivers, by Jessamyn West. This new novel is set in Ohio Territory in the early 1880's and is a handsomely paced adventure, charged with increasing suspense.

Silverhill, by Phyllis A. Whitney, a novel of romantic suspense in which Phyllis Whitney creates an atmosphere of shuddering mystery—of stagnant evil which lurks behind the beauty of the setting.

A Yate Beginner, by Priscilla Napier. A world seen through a child's eyes is here brilliantly portrayed by a writer with considerable gifts and a remarkable memory. The setting is Egypt before and during the First World War, and the narrative offers absorbing glimpses of a society and a way of life long since passed but it is the essence of childhood that gives special delight.

Paul's letter to the Romans are a challenge to all—"neither death, nor life, nor angels, nor principalities, nor power..." The potential influence of church women who are informed and dedicated is beyond imagination. We may not understand the complexities of international politics very well but Christian women do know that it is God's plan that the whole family of man was created to live together in peace and harmony and unity. World Community Day can be one way of witnessing to this conviction.

Sponsored by Church Women United, National Council of Churches, the service will be held in the Emmitsburg Presbyterian Church, Nov. 3, 1967 at 7:30 p.m. Money and materials will be used for blankets, school kits and fabrics for Vietnam, and to extend the Intercontinental Mission of Church Women United across the world.

Liners Tie Game

On Saturday, the Emmitsburg High School soccer team played at the Mercersburg Academy. They had tied them in the two previous years and were hoping for a win to break the ties. But as all things go, they didn't. Now they have tied Mercersburg for the third time.

All the action took place in the first quarter. Mercersburg scored the first goal. Then Richard Maser came right back to score for the Liners. After this point in the game there was no more scoring.

UNICEF provides urgently needed supplies, training stipends and other practical assistance to help governments establish or expand their own services for children.

Property losses caused by fire in the U. S. rose from \$161 million in 1900 to \$1.5 billion in 1966.

The ZIP Column

The Maryland Postmasters' Seminar which I attended Thursday and Friday of last week at the University of Maryland, was very successful.

Approximately 140 Postmasters attended, and there were at least 14 Regional Officials, who conducted special classes of instruction. The Regional Director, F. Alvin Webb, gave the opening address, for the first Postmaster Seminar held in the State of Maryland. Plans are being made to make this an annual event.

A new convenience was added to our Postal Facility last week. A bicycle rack was placed at the front entrance, for the convenience of cyclists, which was donated by the local Chamber of Commerce.

With the Christmas mailing season fast approaching, I wish to again remind our patrons of the most important aspect, in the handling of your cards and letters, and that is a correct address.

Each year at this office alone, at least 100 Christmas Greeting Cards have to be destroyed because of insufficient address. If you are among those who send greeting cards to the persons whom you have received from in prior years, it could be possible that some of the ones intended for you, were not delivered.

Please let your correspondents know your correct return address! Does it contain your complete name (or just an initial); does it state a route number and box number, or a correct Post Office box number; and finally, the town and state with your 5-digit ZIP code?

If you do just this much, you will be helping us, and you will be assured of proper delivery of

all your incoming mail.
George E. Rosensteel, PM

Community Action Group To Meet In Frederick

Frederick County's Community Action Committee will meet on Thursday, Nov. 2, at 7:30 in the evening. Winchester Hall's West meeting room on the ground floor will be used for this gathering. It can be reached by following the signs to "Children's Health Center," which you see at the entrance.

All Frederick County Citizens are invited to these open meetings. They are held at least four times each year for everyone interested in the County's Poverty Programs under the Office of Economic Opportunity. Emmitsburg Citizens are encouraged to attend in order to learn what is being done for the poor and what programs might help in this town. This is your chance to ask questions and present your ideas. Our Town is represented by Sister Madeleine, Saint Joseph College, who is President of the Board, and Mrs. Donald Miller, Federal Avenue, and Mrs. Teresa Orndorff, R2, Emmitsburg. If you have questions, or would like to go, please call one of these three.

The November meeting will include the presentation of the new Board members elected by the citizens who were interested enough to attend the Spring meetings. Other topics will include: successes in "Operation Mainstream"; Community Organizations and reports on Volunteers' summer experiences. Then there will be time for your suggestion and/or questions. The Board members really want to know what you want them to do. Please be there to help them plan for a good year of activity to help the people of Frederick County.

Items Of Interest From Rocky Ridge

Mr. and Mrs. Earl Plummer visited recently with Mr. and Mrs. Robert Plummer, Laytonsville.

Mr. and Mrs. David Stonesifer, Mr. and Mrs. Jack McLaughlin,

Beckie and Dale, were recent guests of Mr. and Mrs. Edgar Troxell.

Mr. George Motter attended a family reunion held recently at the home of Mr. and Mrs. Benjamin Cutsail, Taneytown.

Mrs. Ralph Long has returned home from the Annie M. Warner Hospital, Gettysburg.

Halloween Safety Is Stressed

"See and be seen on Halloween!" This prescription for safe "haunting" was given to youngsters and their parents this week by Paul E. Burke, Executive Director of the Maryland Traffic Safe Commission. He made this statement in support of the after-dark program of this commission.

"Make-believe spooks and other pranksters who venture out in traffic at night wearing dark costumes are running a risk of becoming honest-to-goodness ghosts," Burke said. "Dark objects blend with the dark background and cannot be seen by passing motorists." He appealed to parents to see that their children's Halloween costumes are made of light-colored material or are trimmed with light-colored or reflectorized strips. "Since such costumes are usually more dramatic than dark ones," he said, "Youngsters will probably find them more attractive."

The Executive Director also warned against the dangerous practice of wearing masks. "A mask cuts down the wearer's vision and a child wearing one will have difficulty seeing approaching cars," he said. "If youngsters insist on hiding their faces, they can do it with make-up—which is more exciting, anyway."

Burke believes that the best Halloween traffic accident prevention is to keep children off the street at night. He admits that this is no easy matter, but says, "Some communities have accomplished it by organizing indoor parties at school halls or community centers." If this can't be arranged, he suggests that individual parents give parties for the youngsters in their homes.

Burke also called upon motorists to do their share to make this a safe Halloween. He urged them to drive slowly and carefully, keeping a constant lookout for youngsters—especially near schools and parks and in residential districts. "Don't make a fatal Halloween mistake that will haunt you for the rest of your life," the Executive Director warned. "Be your little brother's keeper."

Noting that a burglary occurs every 23 seconds in the U. S., the Insurance Information Institute says many of these could be avoided if homeowners would lock their windows and doors and take a few other simple precautions.

Board of Education Sponsors Cultural Program

Title III Cultural Programs, sponsored by the Board of Education, will present three different programs during the month of November, it is announced by Robert L. Pitts, director.

The first is the New Music Ensemble of Baltimore, in two-one hour programs at the Governor Thomas Johnson High School on Nov. 3, at 10 a. m. and 12:15 p. m., for junior and senior high school students from every school in Frederick County.

The New Music Ensemble, under the direction of Edward S. Palanker, was formed to promote music by Maryland composers and

to utilize the talents of local musicians. Although one has the opportunity to hear woodwind quintets and string ensembles fairly frequently, there are very few with this group's unusual instrumentation.

The second is The Pickwick Players, Inc., they will present a new musical version of "Tom Sawyer" in two-one hour programs at the T-J School, Frederick, on Nov. 9 at 10 a. m. and 12:45 p. m., for elementary students from every school in Frederick County.

The third is the Korean Little Angels in four one-hour programs

at the Governor Thomas Johnson High School on Nov. 16 and 17, at 10:15 a. m. and 1:00 p. m.

The audience will be a cross section of students from every school in Frederick County.

When the Little Angels, Korea's charming, little-girl dancers, perform, they will bring with them not only their many gorgeous changes of costume, exotic stage props, and fascinating ancient instruments, but also a dance tradition extending back into the mists of antiquity. They are aged from seven to 14 years.

They will be coming to Frederick County from Korea to begin their American tour sponsored by the Korean Cultural and Freedom Foundations, Inc. Dwight D. Eisenhower and Harry S. Truman, serve as honorary presidents of the Foundation which sponsors this group.

The first two programs are open to the public. The third program will be invited organizational representatives and the public, insofar as the seating capacity of the auditorium will permit.

VFW TO MEET

The regular meeting of the Emmitsburg Memorial Post 6658, Veterans of Foreign Wars, will be held on Wednesday, November 1, in the Post Home on the Square. The meeting will start at 8 p.m.

Mrs. Clyde Williams, Miss Fran- ie Hardman, Miss Cathy Miller and Mrs. Regis Miller, visited recently with Mrs. Miller's daughter and son-in-law, 1st Lt. and Mrs. Fred Knox, Ft. Bragg, N. C.

Approximately 12,100 persons lost their lives in fires in the U. S. during 1966, according to the Insurance Information Institute.

EMERGENCIES

ARE BOUND TO ARISE!

We all look forward to days of smooth sailing, but seldom does a day pass without some major or minor annoyance.

In Case of a stubborn disposal, it can easily be repaired by a plumber. Although it will take money. Do you have enough available in either a Savings or Checking Account?

Perhaps something more serious might develop, are you prepared financially to meet it?

If not, we invite you to become acquainted with a regular Savings Program at our nearby office.
