EMMITSBURG CHRONICLE, EMMITSBURG, MARYLAND, FRIDAY, FEB. 2, 1968

SINGLE COPY, 7c

## Most Anything At A Glance

BY ABIGAIL

Good Morning! Were you up early enough to see Mr. Groundhog this morning? Well, if you missed him, and no doubt you did, there will be six more weeks of winter before us because the little critter saw his shadow and scooted off to his den to sleep out the next month and a half of winter. That's the way the groundhog legend goes and you'd be amazed to know that most of the time the story is true. However, the six-week period is a rather short time to go so you'd better add another two to it which brings us up to the first of April, which by that time we'll be pretty much over the hump and getting ready for Easter. Anyway, it gives one something to think about after a long and cold winter.

Since the County Central Fire Alarm System was put into operation some months back there reigns some confusion in the minds of local citizens as to whom to call in case of a fire emergency. Our Fire Chief tells us that no change has been made in the call number which has been and still is 447-4141. It wouldn't be a bad idea to write this number down and keep it near or on your telephone, just in case. Minutes or seconds could mean considerable property loss or even loss of life so please don't call Frederick as that will only delay the call. All locals are urged to call their local Fire Dept. at 447-4141 ONLY.

If we're not all blown to kingdom come this year, there will be several elections which, naturally, are important to all of us. The first hurdle will be the annual election of Town Officials which comes about in April. To be elected will be a Mayor and two Commissioners and it's not too early to commence studying the situation. Next voting to be done will come on May 14 when the people go to the polls to either accept or reject the new Constitution of the State. This will be quite complicated as most of us aren't aware of many of the proposed changes. You'd better avail yourself of all the material you can between now and May so you will be fully informed and feel qualified to vote intelligently on this Constitution which will more than likely govern you for a lifetime. And of course, if you already hadn't noticed it, this is the year of the Presidential Election and it's going to be a tough one. Plenty of smoke-screens are being tossed already and by voting time we'll be utterly confused. We don't know right now much about the Vietnam War and Civil Rights plans, and the more the heat is turned on the more confusion will be generated. Yes, it really portends to be an exciting year. We only hope that a major war can be averted and we will be guided rightly and justifiably in our actions on civil rights. These are two big hopes and we'll need God's wisdom and guidance to hurdle them.

## To Test Siren

Mt. St. Mary's College will test its fire siren at 12 noon on the first Monday of the month, Francis X. Ligorano, Dean of Student Affairs, announced this week.

The first test of the siren, located in the rear of the Administration Building, will be held Monday, February 5.

## Mayor Baker Will Address Grangers

Mayor Guy A. Baker, Jr., will be the guest speaker at the regular meeting of the Emmitsburg Grange to be held on Wednesday, Feb. 7.

The meeting will be held in the social room of the Methodist Church, beginning at 7:30 o'clock. The public has been invited to attend the talk by Mayor Baker which will start at approximately 8:15 p.m. The Mayor's talk will dwell on the work of the Frederick County Governmental Study Commission, of which he is vice chairman.

A woman will look into a mirror anytime except when she's about to pull out of a parking place — Yard News, Curtis Bay, Md.

## Thurmont Dam Given State Approval

After more than a year of wrangling in and out of court, the State Water Resources Commission this week granted a permit to construct an earthen dam in Cunningham Falls State Park, Thurmont. The dam was proposed by the State Dept. of Parks and Forests and would provide a 43-acre recreational lake.

Paul W. McKee, director of the Department of Water Resources, said the decision supporting the permit to build the dam will be available in written form within 10 days, giving reasons and other details.

"They cannot go ahead (with the dam) until the formal document is released," McKee said.

Sportsmen and conservationists contend the dam, to be 90 feet high and 750 feet long, would ruin what they say is one of the best trout fishing streams in the East.

Forests and Parks had contended the lake would attract 500,000 persons a year and boost attendance at the park.

The hearing on the proposed dam in Cunningham Falls State Park was held in the State Office Building in Baltimore.

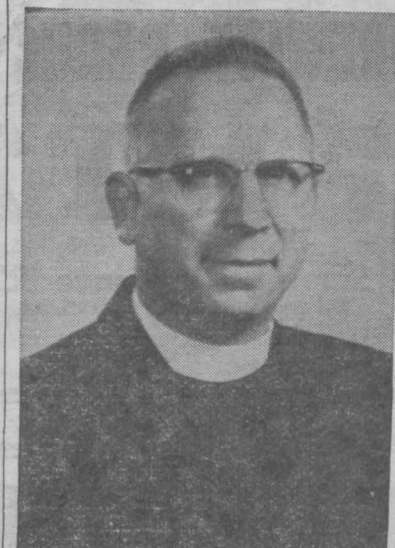

Sportsmen and conservationists took the case to court after the Department of Water Resources had refused to schedule a hearing to appeal the department's earlier approval of the earthen impounding dam across Big Hunting Creek.

The court ordered further hearings which were held this week. Maurice Siegel, chairman of the commission, said he would like to inspect the site before the commission voted. But other commissioners said any further delay would only compound the problems.

More than the lake is involved. It would be the center of a new recreational area to include ski runs, bridge paths and other refinements.

A proposed ski lodge would be just opposite the entrance to Camp David, the presidential retreat in the Catoctin Mountains.

## Fairfield Churches To Unite

A uniting service for St. John's United Church of Christ and Zion Lutheran Church of Fairfield to become St. John's Lutheran Church will be held in Fairfield Sunday evening at 7 o'clock.

At the same service the first pastor of the united church will be installed.

He will be the Rev. Lloyd H. Seiler, for the last six years pastor of Mt. Zion-St. Luke Lutheran Church in Oglethorpe, Ga. He is a graduate of Gettysburg College in 1939 and of the Lutheran Seminary there.

His installation at Fairfield will come on the 20th anniversary of his ordination as a minister. That event took place February 4, 1948, in Christ Lutheran Church of Birmingham, Ala., during the 88th annual convention of the Georgia-Alabama Synod of the United Lutheran Church in America. The ordination sermon was preached by his father, the Rev. George Henderson Seiler, now deceased, but then pastor of the Lineboro parish of the Maryland Synod.

## Trojans Win

Tuesday night the St. Joseph's High School girls' basketball team, coached by Jane Knox, triumphed over their toughest opponent, Williamsport, Md., with a 42 to 39 victory.

Mary Ann Orosz was high scorer with 22 points. Also special mention is awarded to Debbie Baker for a fine defensive game.

The victory gave the Trojan girls nine wins and one loss.

Liechtenstein became an independent nation in 1866.

## SCOUT TROOP SEEKING NEW SCOUTMASTER

The very existence of Boy Scout Troop 284, Emmitsburg, is being threatened, due to the lack of a Scoutmaster, it was reported this week.

Joseph Boyle, present Scoutmaster, has had to resign due to the serious illness of his wife and a replacement for him must be found immediately if the Troop is to survive. The present Troop strength stands at 25 boys, however, there is a class of some 30 younger boys coming up through the ranks of the Cub Scout program who will be inducted into the troop in the near future and a Scoutmaster is sorely needed at this time. Mr. Boyle has consented to assist the new Scoutmaster as much as his time will permit.

A public meeting of parents, individuals and Scouts has been called for Sunday evening, February 4, at 7:30 o'clock, in the VFW Annex. Anyone interested in becoming the Scoutmaster or serving on committees or lending a hand in any fashion, is asked to attend this important meeting which will ultimately determine if Scouting is to remain active in Emmitsburg.

## Engaged

Mr. and Mrs. Melvin T. Lilla, Millville, W. Va., announce the engagement of their daughter, Rebecca Marlene, to Robert Emory Wagerman, son of Mr. and Mrs. Emory G. Wagerman, Emmitsburg, Md.

Miss Lilla, a graduate of Harpers Ferry High School, class of '63, is employed with Ernest E. Blanche and Associates, Inc., data processing, in Frederick, Md.

Mr. Wagerman, a '61 graduate of Emmitsburg High School, also attended Frostburg State College and Frederick Community College, is employed with Moore Business Forms, Inc., Thurmont, Maryland.

It will be an open church wedding, taking place in July.

## Priest Silenced Over Howmet Factory Project

The pastor of St. Joseph's on Carrollton Manor Catholic Church has been ordered to withdraw from the discussions on location of the Howmet Plant near Frederick, by his superior.

The Rev. Dr. Joseph F. Thorning was told to stay out of the discussion and to withdraw from the Carrollton Manor Citizens' Committee by Cardinal Lawrence J. Shehan, Archbishop of the diocese of Baltimore.

Residents opposing the plant location say the order has hurt their case, and J. Edward Davis, attorney for the group, said the pastor has a legitimate right to protest because the 1,400-acre plant site surrounds the six-acre grounds of the church.

The order came after a meeting in Baltimore between the Cardinal and several of his aides, and three parishioners of the local parish.

Until recently, Father Thorning had acted as spokesman for the 20-member committee opposing the plant. The priest-scholar did not attend either of the two-day long hearings last week before the local Board of Appeals and his name was also missing from the list of objectors.

Cardinal Shehan renewed his warning, contained in two previous letters, that the county pastor could not speak in the name of the Catholic Archdiocese in opposing the aluminum plant.

## VFW TO MEET

The regular meeting of VFW Post 6658, Emmitsburg, will be held Wednesday evening beginning at 8 o'clock in the Post Home on the Square.

## Sites Wins Essay Contest First Prize

Stuart J. Sites, Gettysburg, installer-repairman for the United Telephone Company, is the recent recipient of a \$500 first prize in a national essay contest.

Sites' entry on the subject, "Why Getting Along With People Is Important to Me," was judged the best of thousands received by the Stevens-Davis Company of Chicago, sponsors of the contest. Stevens-Davis are publishers of the magazine "People Are Important," which is mailed to all United Telephone employees as a part of the firm's employee relations program.

The editorial board of Stevens-Davis judged Sites' entry to be the best on basis of sincerity and

originality of thought. It was their feeling that the 140-word essay expressed "a most intelligent expression of his personal sense of values."

Sites' entry, as did most of those who placed high in the contest, stressed the necessity of giving a little in one's every day relationships and in seeking out the good one can find in a personality.

In the photo above, Sites on the right is shown receiving his prize check from A. M. Eckert, district manager for the United Telephone Company in Gettysburg.

Mr. Sites is the husband of the former Martha Baumgardner, of Emmitsburg, and son-in-law of Mr. and Mrs. John Baumgardner, Emmitsburg R2.

## M-D Tourney At Catholic U.

Announcement that the Mason-Dixon Conference basketball tournament will be held at Catholic University, Washington, D. C., February 29, March 1 and 2, was made Sunday by Paul Menton, conference commissioner.

The four top teams from each division will compete. Mount St. Mary's, current Northern Division leader with a 5-0 record, is the defending conference and tournament champion.

## College Receives Cuban Books

Mount St. Mary's College Library was the recent recipient of the personal library collection of the family of Jose Antonio Cortina y Sotolongo, 1852-1883, Cuban patriot, poet, jurist and intellectual of the 19th century.

Included in the collection are nearly 400 volumes, 150 periodicals, 100 pamphlets and 100 manuscripts. Included among the works is a complete set of Revista de Cuba for which Cortina was director. There is also a family guestbook with entries made by many contemporaries of Cortina and family, including Henry Wadsworth Longfellow and Thomas Alva Edison.

Selected volumes and other artifacts from the collection are currently on display in the library foyer.

Acquisition of the collection was under the direction of Patrick T. McGahn, Atlantic City attorney and alumnus of the college.

## Senior Citizens To Attend Frederick Meeting

In the near future announcement will be made as to further classes in Rug Making with Mrs. Alice Gregg instructing, and an art class under the supervision of Miss Mary Eberline, Art Instructor at the Emmitsburg Public School, to be held at the Senior Citizens Center.

On February 7, there will be the regular monthly meeting of the Frederick County Citizens Clubs, held at the First Baptist Church on Dill Avenue in Frederick. A program, planned especially for the members, will be presented in the form of a panel discussion between lawyers and bankers on the legal aspects of matters which most concern the Senior Citizen.

Are you sure that you know answers to all of the legal problems you meet? If you do have some questions, the panel members will try to answer them for you.

Notify Mrs. William Slemmer, Sr., if you wish to attend by calling 447-3753 at the Senior Citizens Center. It is to be hoped that a goodly number of members will attend.

## Reader Interested In Providing Correct Facts

Editor, Emmitsburg Chronicle:

(In response to Miss Jane Bassler's letter to the editor in last week's Chronicle, I would like to make a few observations).

Dear Jane, I liked your letter a lot, however I attribute the errors in it solely to your faulty recollection and not to an intent to deceive people. You said: "I want to get one thing straight with you Mr. McGucken, that everyone of the transplant donees agreed fully to donate their heart."

Without doubt you intended to say donors instead of donees. But even so, you are entirely incorrect. Not a single donor agreed to any such thing. Let's look back at the picture and see:

The first donor was a young lady struck down by an automobile in South Africa. She never regained consciousness. Remember?

The second donor was a newborn baby in New York. By what means did he signal that it would be OK to remove his heart?

The third case was that of Dr. Blaiberg who is still living. The donor was a young black man who had suffered a stroke and who was not expected to live. He never regained consciousness; he agreed to nothing.

The fourth case was that of a fireman in New York. There were no reports that the donor agreed to having his heart removed.

The fifth case is that of the man at Stanford who lived about 15 days, using the heart of a woman stroke victim. Her husband consented, not she.

It is interesting also, Jane, that all involved doctors, newspapermen and TV people, et al, without exception, agree that the replacement hearts did come from donors and not from cadavers. By definition, a donor is a living person. A cadaver is an inanimate object.

Now to Dr. Barnard and his wonder-working which you call miracles. Don't you think, even if his hands were clean, that he might better have stood back and remarked: "What hath God wrought?" Instead, when reproached and questioned, he said: "It is always the tallest tree that takes the most wind". Again, he declared that whenever it became necessary for him to determine right from wrong, he did not look to God, or to his neighbors, or to the law, but to himself. And so, shall we, society, allow him to be a law unto himself? Oh how he likens himself with God! Imagine a world filled with people each a law unto himself! For me and mine, I would rather find another planet!

You do indeed speak generously when you say: "And I tell you, if I knew someone who was dying of a diseased heart, and I was going to die, I'd very gladly and willingly give them my heart". I will remind you of this if the two of us shall ever find ourselves together in a boat, at sea, with only sufficient food and drink for one more day . . . for one more person. Remember now, you volunteered!

Patrick F. X. McGucken

## Local Man Involved In Penna. Wreck

Patrick Henry Williams, 19, 437 Lincoln Ave., Emmitsburg, escaped with only minor injuries Tuesday morning at 12:10 when his car smashed into a tree about three miles north of here on old Route 15.

Cumberland Twp. Police Chief Bernard V. Miller said Williams was driving south on Business Route 15, near the Hillside Tavern, when he apparently lost control of the vehicle. It skidded 100 feet, went off the highway and struck a tree, coming to rest upside down. While the top was crushed flat against the tops of the seats in the vehicle, Williams apparently suffered only cuts and bruises, the officer said.

His 1961 car was described as demolished. Williams had been in a prior accident on the same road about two weeks ago when his car skidded on ice and struck a utility pole, shearing off the pole. The car was not badly damaged in that accident, however.

## Postmaster Hospitalized

George E. Rosensteel, local postmaster, is a surgical patient at the Annie M. Warner Hospital, Gettysburg. He is reported to be getting along satisfactorily.

As more and more people begin to think about adjustment to life in retirement, two problems emerge in sharp focus. One is how to afford it, and the other is what to do with it.—Post-Dispatch, St. Louis.

## Mounties Begin Home Stand Here Next Week

Following a mid-semester break in school activities, Coach Jim Phelan's Mounties (12-2) return to the basketball wars Saturday night when they take on Old Dominion in Norfolk.

Old Dominion will prove a formidable foe for the Blue and White as they head the southern division of the Mason-Dixon Conference while the Mounties hold top slot in the northern division.

Following Saturday night's encounter the Phelanmen return to their home court for a long series of home games which will take them up to the time of the Mason-Dixon Tournament which starts February 29.

The first foe of the home stand will be Catholic U. on Feb. 8, followed by Hampden-Sydney, 9; Western Maryland, 13; Loyola, 16; American U., 17; Towson, 20; Washington College, 24, and Philadelphia Textile, Feb. 26.

## FIRE — 4141

Chief Guy R. McGlaughlin of the Vigilant Hose Co., announced this week there was some confusion as to what number to call in case of a fire.

Some residents have been calling Frederick which results in a delay. The Emmitsburg Fire Dept. number is still 447-4141 and this is the only number residents are to call when a fire occurs.

## Father Keeney Student Government Moderator At Mount

Rev. Thomas G. Keeney, assistant professor of sociology and a member of the College Council at Mount Saint Mary's College, has been appointed faculty moderator for the college's student government by Rt. Rev. Hugh J. Phillips, college president.

Father Keeney, a native of New York and a priest of the Bridgeport, Conn. Diocese, holds degrees from Fordham and Fairfield Universities. He brings a broad background of experience to his new post having nearly twenty years of classroom experience at Mount Saint Mary's and St. Bonaventure University.

Prior to his priestly studies, he served as a social worker for the New York City Welfare Department and the Catholic Charities Agency there. Later he served in the Office of the Vocational Director for Bridgeport. He joined the Mount faculty in 1956.

Recently while pursuing graduate studies at The Catholic University of America, Washington, D. C., he engaged in clinical social work in that city.

In addition to his teaching duties and those of his new post, he also serves as moderator of the Washington-Virginia Chapter of the Mount Parents Guild and for the college's unit of the Ancient Order of Hibernians.

One thing that puzzles every married man is why every bachelor isn't rich.—U. S. Coast Guard Yard News.

## Mount Receives Scholarship Fund

Rt. Rev. Hugh J. Phillips, president of Mt. St. Mary's College, has announced the bequest of a \$25,000 scholarship fund by the late Rev. Thomas A. Cunningham, an alumnus of the Mount class of 1916 and a priest of the Archdiocese of Washington.

Father Cunningham, who died in Florida, was the retired pastor of St. Joseph's Church, Amundale, Md. The fund is bequeathed to benefit boys from parishes served by Father Cunningham, including St. Joseph's; Holy Ghost, Issue, Md.; and St. Francis, Rock Point, Md.

## Detour Bank Holds Election

At the recent regular meeting of the stockholders of The Detour Bank, the following directors were re-elected: Arthur W. Clabaugh, Edgar G. Emrich, D. Leonard Reifsnider, Robert R. Saylor, Donald M. Smith, William J. Stone-sifer, and George C. Zinkhan, Jr.

The board held its re-organization meeting and elected Mr. Emrich as president, Mr. Smith as vice president, Mrs. Mary Ellen Catlin as cashier and secretary, Mrs. E. Jeannette Dutrow as assistant cashier, and Mrs. Kathryn F. Coshun as bookkeeper. Mr. Donald M. Smith has been designated as attorney for this bank.

## FORMER GOVERNOR DINES IN THURMONT

Former governor of Maryland, Theodore R. McKeldin, dined at the Cozy Restaurant, Thurmont, recently. This is the second time in the last ten years that the recent mayor of Baltimore has been there. He was the guest of Mr. and Mrs. John Amery. Mr. Amery is the manager of the Moore Business Forms plant situated in Thurmont.

This is the fifth celebrity who has dined at Cozy in the last year. Among them have been: Billy Hunter, Bob Baldwin, Pete Richert and Martha Carson.

Since 1929 more than 20 illustrative figures have eaten at Cozy. The Honorable Sir Winston Churchill, Henry Cabot Lodge, Tennessee Ernie Ford, Babe Ruth, Lou Gehrig, Branch Rickey, Larry Riche, Miss Nora Birely (Miss United States 1966), to mention a few.

## MEDITATION

Read Genesis 1:26-30; II Corinthians 9:6-15.

Every one of us shall give account of himself to God. (Romans 14:12).

The beloved hymn writer Isaac Watts wrote:

"Most of us creep into the world

And know no reason why we're born."

Such animal-like living is not in God's plan for mankind — for you and me. A George Bernard Shaw character remarks: "You bet He didn't make us for nothing; and He wouldn't have made us at all if He could have done this work without us. By gum, that must be what we're here for." Because we have been created for a purpose, "every one of us shall give account of himself to God."

We therefore need to be using our time, our talents, and our possessions regularly to make sure that our stewardship becomes real in obedience to God's will. We must not deceive ourselves into thinking we are Christians unless we are sharing God's gifts every day. We cannot always be receiving and be Christian Stewards. We must also give.

Prayer

Our Father, all things come from Thee, and of Thine own have we given Thee. Accept us and use us and our gifts in the upbuilding of Thy holy kingdom. In Jesus' name we pray. Amen.

Thought For The Day

Stewardship is what one does after he says, "I believe."

E. Paul Hovey (Idaho)

Copyright — The Upper Room

## JUNIOR PROM FEB. 10

James M. Dean, Silver Spring, Md., and president of the junior class at Mount Saint Mary's College, has announced that the annual Junior Prom will be held this year in Washington, D. C., on February 10, at the Hotel Americana.

This year's Prom is under the chairmanship of Bernard F. Rodgers, Dunnellen, N. J., and Edgar J. Gansz, Jr., Lafayette Hill, Pa. Music will be furnished by Sidney Seidenman and his orchestra.

## County To Purchase Computer

The Frederick County Commissioners ended a long search for a computer system Tuesday by voting to purchase a 9200 series UNIVAC computer.

The commissioners voted to buy the \$62,085 system which will include two key punches instead of renting the system at a cost of \$1,400 a month.

Charles E. Collins, president of the Board of Commissioners, said that at the monthly rental rate, the county could purchase the computer in slightly over four years.

"We will probably sign a rental contract this week but will hopefully have worked out an agreement to purchase before the projected delivery date of eight months," said Collins.

The commissioners have scheduled a meeting with representatives from UNIVAC on Friday at 9 a.m. to discuss final arrangements.

Collins said the commissioners would like to pay for the system over a five year period instead of inflicting a burden on the taxpayers in the next year.

The commissioners had anticipated earlier that a computer system would cost approximately \$100,000 and have included a monthly rate close to the \$1,400 figure in the budget for the next five years.

Maintenance of the system will also be paid on a monthly basis and will cost about \$800 in addition to the rental or payment rate.

Commissioner Russell Z. Horman said the commissioners had seen similar UNIVAC systems in operation in Howard and Anne Arundel Counties.

## Pinocchio Will Show At Frederick

The Pickwick Players will present a new musical version of Pinocchio on Sunday, Feb. 18 at 2:30 p.m. in the auditorium of Frederick High School.

The script, which is an adapta-

tion of Carlo Collodi's beloved story of a wooden puppet who comes to life, has book and lyrics by Sarah Marie Schlesinger and music by Michael Dansicker. The authors are the winners of the National Children's Musical Competition sponsored by the North Shore Music Theatre in Beverly, Mass.

The show, which includes eight musical numbers, relates Pinocchio's struggle to become a real boy and his series of adventures with the talking Cricket, the Cat and the Fox, the Blue Fairy, and the tremendous Whale. Dance sequences include a puppet show, a parade, and a circus ballet.

Tickets are available at the door for all performances. For reservations and information please call 662-6743.

## OBJECTIVELY SPEAKING

Was it the bell that struck the hour

Or time that moved the bell to strike

The hour of mutiny? We who like

To reconstruct an event will often

sour

And foul reason's retinue

In wielding its kingly power

And giving the issue its logical

view.

We have our bias here and there

And prejudicial fallacies

To keep, and beg a point to stay

A heavy count against our

fantasies

Well imagined for the better way.

As men at all times will disagree,

Nations will come and go

In war and peace—so let it be

As history will always show.

But at all times it is disagreement

That keeps the clearing ground

for democracy:

A blessing to the enduring com-

mitment

That Truth sits on the side of

the majority.

—A Figer Vilorio

In addition to its food aid, during

1967 CARE delivered \$119,000

worth of food-production equip-

ment to help hungry people feed

themselves.

## Commissioners Create New Office

The Frederick County Commissioners adopted an ordinance Tuesday which establishes a County Department of Personnel and appointed a director to head the personnel office.

Carl C. Thomas, former head of the county's Accounting Department was named director of the Office of Personnel and assumed his duties as of February 1.

Thomas has worked in the Accounting Department for one year and was formerly connected with the Personnel Division of the U. S. Navy.

Thomas will be transferred to the new position at a salary of \$7,250 and have an office located in the commissioners' offices in the Courthouse.

## Refresher Course For Nurses

## BABSON'S POINT OF VIEW

### Babson's Point Of View On: Heart Transplants

BABSON PARK, Mass., Feb. 1—When a definitive history of the 1960's is written, Vietnam is sure to receive careful, and perhaps extensive, treatment. But scientific advancements will also loom large, and in the forefront will be the first transplant of the human heart by Dr. Christiaan N. Barnard in

Capetown, South Africa, December 3, 1967.

#### Practicality

Although the heart received by patient Louis Washkansky was strong, his own lungs proved weak and he survived the cardiac surgery by only 18 days. Within a matter of six weeks, three teams of surgeons on two continents transplanted a total of five human hearts. This pioneering did not represent a sudden major breakthrough in medical science. It was preceded by decades of painstaking spadework and careful experimentation on animals.

Dr. Barnard's historic first attempt proved that such a trans-

plant was possible and, possibly one day, practical. But the Capetown surgeon has been quick to note that he will not feel he has really succeeded until he is able to discharge a patient (with a borrowed heart) "so that he can go home and live a fairly normal life."

#### Morality

Oddly enough, considering that the heart is felt to be the key human organ, there has been almost no criticism of its transplant from the viewpoint of the morality of the procedure. Possibly this is because the transplant of body organs has been going on for quite a long time now, and in the case of kidneys has been meeting with increasing success.

Also, here in the United States, cardiovascular disease is the leading cause of death. In 1966, it claimed more than one million people, or 55% of all those who died in that year. No serious objection to heart transplants on moral grounds have been voiced by leaders of the major religions. On the whole, theologians and philosophers appear to favor the procedure as a means of aiding the most desperate heart victims and of extending scientific knowledge of the organ itself and its interrelation with other body organs and functions.

#### Legality

The obvious high risk of this surgery does give rise to certain legal questions. These involve patient understanding of, and consent to, a transplant, as well as properly executed consent of the donor and his family. And of course there is the danger that ill-equipped and/or ill-prepared teams of surgeons may try heart transplants prematurely, thus inviting malpractice suits.

Many observers feel that lack of uniformity in our laws governing human organ transplants is presently hindering needed cornea and kidney transplants... and preventing some altogether. A study group appointed by the U. S. Conference of Governors is now looking into these conflicts and is expected to draw up a model "gift-of-tissue" act which can be presented to the various state legislatures later this year.

#### Sentimentality

### LEGAL

NO. 21,846 EQUITY IN THE CIRCUIT COURT FOR FREDERICK COUNTY, MARYLAND  
ERIKA W. KENNY  
Braddock Heights, Maryland

VS  
ROBERT D. KENNY  
7921 Irving  
Westminster, Colorado

ORDER OF PUBLICATION  
The object of this Bill is to procure a divorce A VINCULO MATRIMONII from the Complainant, Erika W. Kenny, from the Defendant, Robert D. Kenny.

The Bill states in substance, that the Complainant, Erika W. Kenny, is a resident of Frederick County, State of Maryland, where she has resided for more than one year last past; that the Defendant is a non-resident of the State of Maryland, whose last known address is 7921 Irving, Westminster, Colorado; that the parties to this cause were married on the 8th day of March, 1954, in Berlin, Germany; that as a result of the said marriage seven children were born, namely, Mary Jean Kenny, 16 years of age; Robert Dale Kenny, Jr., 14 years of age; Johanna Loretta Kenny, 12 years of age; Deborah Ann Kenny, 10 years of age; John Edward Kenny, 8 years of age; Heidi Lynn Kenny, 7 years of age; and Dwight Allen Kenny, 5 years of age; and that the parties to this cause have voluntarily lived separate and apart without any cohabitation for more than eighteen months prior to the filing of this bill of Complaint, and that the separation between the parties is beyond any reasonable hope or expectation of reconciliation. The Bill prays that the Complainant may be divorced A VINCULO MATRIMONII from the Defendant and for general relief.

It is thereupon this 3rd day of January, 1968, by the Circuit Court for Frederick County, Maryland, sitting as a Court of Equity, ORDERED that the Complainant give notice to the said non-resident Defendant of the object and substance of this Bill of Complaint by causing a copy of the same to be published in some newspaper published in Frederick County, Maryland, once a week for four successive weeks, prior to the 10th day of February, 1968, commanding him to be and appear in this Court, in person or by Solicitor, on or before the 12th day of March, 1968, to show cause, if any he has, why the relief prayed for in the Bill of Complaint should not be passed as prayed.

ELLIS C. WACHTER  
Clerk of the Circuit Court for Frederick County, Maryland

EDWIN F. NIKIRK  
Solicitor for Complainant  
110 North Court Street  
Frederick, Maryland

Telephone 662-1781  
Filed January 3, 1968

TRUE COPY TEST  
Ellis C. Wachter, Clerk

1/12/4t

Almost overnight, the heart transplant has evoked extraordinarily wide interest and become a strong unifying force in our fragmented world. There are two reasons for this. (1) Self-preservation is the first law of nature and so we all have a vital interest in the cure of heart disease and the replacement of damaged heart muscle and valves, etc. (2) We regard the heart as the center of our being, the seat of emotion, romance, and sentiment.

Of course, the heart is not what romanticists have made it — a virtual synonym for the spirit, a symbol of courage, of love, and of the uniqueness of human personality. But it is a key organ, essential to human life, and hence a strong rallying point as medical men press their probe of nature's secrets. Already the heart transplant has surmounted racial barriers in rigidly segregated

South Africa to draw the whole human family closer together, and to remind us that we are all brothers in need of one another.

Note to hard workers: It cost less to eat regularly now than to report to the doctor regularly later, when perhaps it is already too late.

The man who has two sets of moral standards, one at home and one on convention trips, has two sets of standards in other things as well.

## DOG OWNERS

BUY YOUR LICENSE BY JANUARY 1, 1968

The law provides a fine of from \$5.00 to \$25.00 on any owner of a dog, six months of age or over, which is not licensed after January 1, 1968.

#### LICENSES AVAILABLE AT

County Treasurer's Office, Frederick, Maryland

You can fill in this form and mail \$1.00 for Male or Spayed Female; \$2.00 for Female; \$10.00 for Kennel (not more than 25); \$20.00 for Kennel (more than 25) to: TREASURER OF FREDERICK COUNTY, FREDERICK, MARYLAND, and your licenses will be mailed to you.

COUNTY TREASURER  
FREDERICK, MARYLAND 21701

Please send me tag for my dog described as follows:

Owner .....  
Address .....  
Election District .....  
Male..... Female..... Spayed..... Breed.....

If dog is not six months of age by January 1, 1968, license must be bought when dog becomes six months old.

Failure to buy your dog license will mean not only your arrest, but your dog may be picked up and impounded.

The license does not give the dog the right to trespass on anyone's property without the permission of the owner.

CRUMELL P. JACOBS

Sheriff of Frederick County

Arthur C. Simons, Dog Warden, will canvass the County to ascertain if dogs have been licensed.

## Challenge To Citizens

As Congress begins its actions on another record-shattering Federal Budget submitted by the President, and deliberates on his simultaneous call for a stiff tax increase, those who must foot the bill and pay the tax—the taxpayers—can be forewarned of their future plight by examining what happened to the President's record - setting 1968 fiscal year Budget of \$172.4 billion. An analysis of the best

figures we can dig up in Washington indicates Congress cut \$5.7 billion from the President's 1967-68 spending requests (for year ended June 30, 1968). This is about 3% and leaves unchanged a mammoth spending increase over the previous year for non-defense programs.

The huge deficit and its attendant fiscal thunderheads still loom like a dark gathering storm over our nation. Added to the multi-billions of spending of borrowed money in this one fiscal year, is the towering deficit represented in the Federal Government debt of approximately \$350 billion, the unspent spending authorizations of \$150 billion (over and above the Budget), the deficit in our international "Balance of Payments," the diminishing treasury of gold at Fort Knox, and the swiftly rising cost of living.

"New Economics" Mostly  
The present situation must in substantial degree be charged

to the so-called "New Economics" which have drastically influenced Government spending and "managed" basic fiscal policy for the last 10 years. During the period, spending on non-defense activities has risen from \$51.9 billion to \$105.8 billion—or 103.8%.

The Keynesian—big spending—economists call it a "Government Managed" economy. Such economists now make up the membership of the President's Council of Economic Advisors (budgeted 1968, \$858,000.00). Those, on the other hand, who believe a debt is a debt and that a permanent program of spending above income will finally bring disaster—to an individual, a family, a company, or a government—call it a "Government controlled" economy—a form of socialism. Whether managed or controlled, it is in a mess. Continued deficit spending will make the mess even worse. The run on our gold is a demonstration that Europe thinks our financial structure is seriously threatened.

## "Horse Sense" Needed

Even with the Vietnam war requiring \$25 billion a year, hard-headed "horse sense" management of the Federal Government's financial affairs could balance the budget and open the way to the restoration of sanity and soundness in Government and safety and meaningful prosperity for the people of America. But to get "horse sense" management established in a political enterprise is "something else" of a problem! It is a chronic problem at all levels of Government. It undoubtedly is the gravest domestic problem facing the American nation.

Ultimately, our survival as a progressing nation of free people

depends upon establishing nonpolitical management of the financial affairs of government and an economy free of Government control. Not many people in public life would concede that nonpolitical management of financial affairs could be established within Government at any level. It couldn't so long as citizen apathy continues to invite Government-by-Political-Expediency.

## The "Ceiling" Proposal

Citizens who are sufficiently interested in America's future to have become active citizens have an opportunity in 1968 to regain some small bit of control over the Federal Government's financial affairs. Chairman Wilbur D. Mills of the House Ways and Means Committee sought last December to give Congress power to establish ceilings on spending by every department of the Government (in the Bow-Whitten amendments) which could have been a beginning of the halting of constantly rising Government spending.

The House of Representatives followed the Mills' leadership and passed the ceiling authorization by nearly a 100-vote margin. But despite valiant efforts by Senators John J. Williams, Karl E. Mundt, and Everett M. Dirksen, the control authorization failed in the Senate—but narrowly. Senators and House members still are elected by taxpayers. A majority of taxpayers in the constituency of any Senator or Representative, if vocal on an issue, should be able to move their "public servants" in the direction desired. This is the essence of our political system. It ceases to work only when apathy stills the voice of the majority.

## Fish And Game Report

In a year-end report on activities of four sections of the Department of Game and Inland Fish, Director George B. Shields stated with much pride that the Department had made notable progress in 1967 and related the following achievements:

Our uniformed staff of wildlife officers continued to perform the Herculean task of enforcing the game and fish laws while, at the same time, issuing a dozen or more kinds of special permits and licenses ranging from deep freeze permits to regulated shooting area licenses. Their court room activities netted the Department a total of \$45,992.00 during the year representing 1,629 cases. This further augmented by \$4,741.00 from those permits and licenses. Never resting on their laurels, they continue to hone their proficiency through classes of training in the many facets of their profession.

Our wildlife section, working out of 14 major department-owned centers, carried out important programs and studies of fish and game. The trout program required considerable effort to maintain the 45 streams while keeping them stocked with 133,000 adult fish. Other areas too, 7,745 acres of water, were maintained. Walleyes, trout and gizzard shad were stocked in areas where needed. Fish population studies, creel surveys and new water characteristic surveys in our reservoirs, added needed data for future wise use of these water areas.

A project involving preparation of comprehensive, detailed, long range plans for all wildlife management areas was initiated. A shift of operations to the Belle Grove Farm from the eastern shore will better facilitate our

pheasant program. A new concept of wild turkey management saw the introduction of 15 wild saw the introduction of 15 wild our own truly-wild-flocks to new turkey ranges where none previously existed. 800 birds from our turkey farm were released in Western Maryland. Seventeen cooperative mourning dove areas were established and developed. Data from over a thousand doves were processed. A goose dispersal program to provide better distribution was initiated. To assist the U. S. Fish and Wildlife Service, waterfowl inventories and banding projects were carried out. An electronic data processing questionnaire to evaluate hunter effort and success was introduced. Habitat improvement programs continued throughout the year and new methods and devices were implemented along this line. Both big and small game inventories were continued for guidance in controlling harvests. Technical assistance on 324 farms under Federal Conservation programs was given and the Susquehanna River was monitored round the clock during spawning seasons to prevent any possible mass fish kill.

Over 7,400 acres of public hunting land was acquired through purchase or lease during the year

with many additional contracts pending. Four new buildings were constructed and contracts awarded for improvements to other department-owned structures.

The voice of the department is echoed every week over a dozen radio stations covering the entire state. Nearly once a week some area T.V. station aired a department produced release. A new 16mm film, made by the Information and Extension Section, was added to our fine library of films available to the general public on a loan basis. To participate in fairs, exhibits and other public gatherings, every region now has quickly assembled, portable, electronic program which automatically conducts a sound-slide program on various phases of our work. Personnel of the Information and Extension Section presented hundreds of programs throughout the state to interested groups.

393 new people were appointed, making a total of 780 hunter safety instructors. These volunteers trained and graduated nearly 2,000 young hunters.

Not only were 30,000 full size official state roads maps distributed pinpointing, on the reverse side, every Department holding pertaining to the sport, but a 36 page fishing guide was published

and 10,000 are now available to the fishing public, free of charge. This excellent booklet describes every sport fish in the fresh waters of the state and gives a map of each area where they can be caught.

A House Joint Resolution initiated a comprehensive wetland inventory and study by the Department. All wetland areas—1443—of 5 acres or more were mapped, numbered and catalogued and are computed to contain 326,315 acres. This indicates a loss of 13,575 acres during the past 25 years. The urgency of this study is, thereby, quite evident. Every unit under consideration will be evaluated as to the vegetation, animal life, vulnerability to erosion or destruction from the myriad natural or man made forces acting upon them. When completed, this study will guide the State in future decisions pertaining to this valuable resource.

To make hungry people capable of feeding themselves, CARE uses food in many ways. School lunches help educate children. Meals for preschool youngsters stop malnutrition from stunting their bodies and minds. Food-for-work pro-

jects help villagers build schools, roads and other facilities vital for economic development. Americans make such programs possible by their contributions to CARE's Food Crusade.

### Taneytown Lions Hear Sports Scribe

The Taneytown Lions Club held its regular meeting at the Taney Inn on January 23, 1968. Group singing was led by Lion Frank Dunham with President Irwin J. Meyer presiding.

Program Chairman, Lion Delmar Riffe, introduced a native of Taneytown, Jim Elliot. Mr. Elliot, who is a well-known sports writ-

er for the Baltimore Sun, was born and educated in Taneytown. Mr. Elliot entered Western Maryland College in 1938, and joined the Baltimore Sun in 1940. However, he served three years in the Army Air Force in World War II, and following his discharge, returned to Western Maryland College and graduated in 1948. He rejoined the Sun where he wrote all sports: prep, amateur and college.

Mr. Elliot was assigned to covering the Orioles in 1960, and

has been traveling, eating, living, and working with the Baltimore team since. He joins the Orioles in spring training in February and follows them through the World Series in October. Mr. Elliot spoke of his many experiences and associations with the Orioles and gave the members a peek preview of the coming year. Following a question and answer period, Mr. Elliot was presented a Lions letter opener and a Certificate of Appreciation by Lion President Meyer.

Guests at this meeting were Ronald Baker and Robert Glass. Lion Meyer announced the Zone Social will be held at Frock's in Westminster on February 10, 1968, at 6:30 p.m.

The next regular meeting will be on February 13. This will be Past District Governors Night and the ladies are invited. Lion Frank Dunham is the Program Chairman.

Postal careers offer good job security, excellent chances for advancement, regular salary increases, ample vacation and sick leave, low cost life and health insurance and liberal retirement.

Of every 20 children born in the underdeveloped countries, 10 are likely to die in infancy because of hunger or the effects of malnutrition. Another 7 may suffer permanent mental or physical damage. Dollars sent to the CARE Food Crusade, Baltimore 21201, provide daily meals to give undernourished youngsters the chance to grow into normal, self-supporting adults.

**OUR SIXTH ANNUAL WINTER DISCOUNT PROGRAM**  
NOW IN EFFECT

This unique program was begun to benefit both YOU and OUR COMPANY. Since it is most impractical to place foundations during the inclement winter weather, there was for many years a large demand for memorials to be erected in the spring. Most families would wait until warm weather and place their order for a monument at that time. Certainly, you can realize that this created quite a backlog of orders for spring installation.

Another reason which we feel is most important, is that it provides year around work for our employees. Should you make your selection now, our craftsmen will complete the carving and lettering during the inclement weather, thus avoiding any unnecessary delay next spring. Your memorial will be installed when weather permits in the spring. As an incentive for you, we also offer outstanding discounts throughout this period, which we allow on ALL our monuments, and markers.

Following, is our discount schedule:

Dec. 4, 1967 to Jan. 13, 1968 .....	15%
Jan. 14, 1968 to Feb. 13, 1968 .....	10%
Feb. 14, 1968 to Mar. 10, 1968 .....	5%

The above discount prices assure you of guaranteed substantial savings.

Other features of this unique program are:

- \* Payment in spring, AFTER you have inspected completed installed memorial.
- \* Free transportation to and from our large and complete display.
- \* Monthly terms available, if desired.

## Mount Student In UN Program

Njuguna M. Mahugu, a sophomore history major at Mount St. Mary's College, and a native of the Republic of Kenya, Africa, participated in the special program, conducted at the United Nations by Kenya Ambassador and Mrs. Burudi Nabwera, in conjunction with the fourth anniversary of Kenya's independence.

Mahugu, who came to the Mount from Rahway High School, Rahway, N. J., and who asks his classmates to call him "Joe", has been an active participant not only academically at the college but in extracurricular activities as well.

He is currently a member of the college's track team, a member of the Spike Shoe Club, and the Debating Society.

In reference to his home country, he points with pride to its stability and the harmony that has been created between the races in a multi-race society. These he stated are fulfilling the hopes of all Kenyans in their short period of independence.

## Community Fund Elects Officers

A meeting of the Community Fund was held Monday evening at the home of Mrs. Charles Fuss. There were nine persons present. Officers were elected as follows: Harry Swomley, president; Bernard Welty, vice president; Mrs. George Wilhide, treasurer; and Mrs. Louis Orndorff, secretary. The next meeting will be held later this month.

## Hospital Report

### Admitted

Lawrence F. Sprinkle, Fairfield, R2.

Mrs. Mary Wantz, Emmitsburg. Discharged

Floyd D. Sparkman, Emmitsburg R2.

Mrs. Eugene Bankard, Emmitsburg R2.

Burt Hall, Emmitsburg R1.

Miss Linda Finneyfrock, Emmitsburg.

Douglas Hoffman, Emmitsburg. Dale Sharrer, Emmitsburg R1.

Mrs. James Wisotzky, Thurmont.

Eugene R. Rosensteel, Emmitsburg.

Births

Mr. and Mrs. Sterling Shane, Thurmont R2, daughter, Saturday.

Baumgardner Services Held

Funeral services were held from the Wilson Funeral Home, Emmitsburg, Thursday, Jan. 25, for Mrs. Mary Hollinger Baumgardner, 81 E. Main St., Emmitsburg, who died in Bradenton Beach, Fla., Sunday. The Rev. W. Ronald Fearer and the Rev. Philip Bower officiated. Burial was made in Mountainview Cemetery, Emmitsburg. The pallbearers were Bernard Boyle, Carl Baumgardner, Weldon Shank, Guy Baker, Sr., Aaron Adams and J. David Ohler.

Thurmont Meat  
Man Fined

A Federal Court judge in Baltimore has put a Thurmont meat packer on probation for two years and fined him \$1,000 after the man pleaded guilty to shipping across State lines pork that had not been inspected by Federal authorities.

Judge R. Dorsey Watkins sentenced James A. Fraley, Jr., 29, last week after hearing testimony that Fraley shipped 194 pounds of pork to Washington last April.

Fraley was given a suspended sentence for shipping more than 3,000 pounds of meat into Washington for sale in violation of Federal meat inspection laws.

## Student Named

### Glee Club Moderator

John F. Bender, a sophomore biology major at Mount Saint Mary's College, and a native of Riverdale, Pa., has been selected as a student coordinator for the Mount Saint Mary's College Glee Club, according to Rev. Dr. David W. Shaum, conductor-director.

Bender is a first tenor with the all-male choral group and also a member of the close-harmony octet, The Carillons. He will also be featured as a soloist during the coming concert tour.

The son of Mr. and Mrs. Thomas R. Bender, 420 Avenue E, Riverside, Pa., he is a graduate of Danville Senior High School, Danville, Pa.

## Engaged

Mr. and Mrs. Edward G. Hobbs, Thurmont, announce the engagement of their daughter, Sharon Christine, to Gary Wayne Whitmore, son of Mr. and Mrs. Eugene Whitmore of Thurmont.

Miss Hobbs, a 1967 graduate of St. Joseph's High School, Emmitsburg, is employed at The Thurmont Bank.

Mr. Whitmore, a 1964 graduate of Thurmont High School, is employed by Stull-Dougherty Chevrolet, Thurmont.

No date has been set for the wedding.

Of the 25.8 million living veterans, 1.8 million receive compensation for service-connected disabilities and 1.18 million receive pension payments for non-service-connected disabilities, the Veterans Administration announced.

Be still, and know that I am God.—(Psalms 46:10)

We need to take time to go apart, to shut out the noise of our world, and to listen. This does not mean that we have to withdraw from the world, but it means that we need to have moments during the day when we think about God, when we meditate on Truth, when we dwell with God in quietness, when we listen to hear the words of wisdom He has for us.

## The ZIP Column

A law passed by the 90th Congress will soon relieve area businessmen of receiving deceptive solicitations in the guise of bills or invoices.

In the past week business establishments have received solicitations from a firm in a distant state for phony business directories. Contacting firms in this manner has been a practice for the past two years or longer, and some firms have paid the bill or invoice for service not rendered.

However, when the President signed Public Law 90-206, that law declared deceptive solicitation for goods or services which could be construed to be bills or invoices as non-mailable, unless they carry a conspicuous warning, indicating the mailing to be a solicitation and not a bill or invoice.

Unfortunately, the solicitations received this week were still mailable since the provisions of the new law prohibiting such mailings are not effective until after April 6, 1968.

Since the Christmas mailing season, my columns have been in connection with the new postal

rates. Therefore, my great friend and yours 'Mr. Zip' has taken a backseat.

You will be helping to reduce the great cost in operating the Postoffice Dept. if you will make it a habit, to use ZIP CODE, on all your correspondence, both in the address, as well as your return. Remember the national advertisement: "Mail Moves the Country and Zip Code Moves the Mail".

George E. Rosensteel, PM

## Library Receives Town History

The Emmitsburg Public Library received several boxes of books as gifts recently. Some of them we were able to use in the library, others we would like to sell. They are shelved in the back of the library and are to be sold at 5 cents each. Some of these books are in good condition and can be seen anytime the library is open.

Six staff members of the Frederick County Public Library Services are enrolled in a 20-week Aide Program in Randallstown. On each Monday through May 29, Mrs. John Warthen and Miss Linda Keilholtz of the local library travel to Baltimore County for a full day of classes. The series is intended as an introduction to or refresher course in public library reference work and children's library services. Instructors will come from the Enoch Pratt Free Library and the Maryland Division of Library Extension as well as the Baltimore County Public Library.

The library recently added the second copy of the History of Frederick County which is in two volumes. Mrs. George Wilhide donated a set some time ago. This set was rebound and does not circulate. The second set does circulate. Also available for reference and loan is the second copy of the History of Emmitsburg.

Some of newer books added to the collection include a book by Dr. Haim G. Ginott. All parents want their children to be happy and secure. This book, "Between Parent and Child," has an ambitious purpose: to make life between parent and child less irritating and more rewarding.

"The World Almanac and Book of Facts for 1968," is here. This is the Centennial edition. The most authoritative single-volume reference work in the world. A million facts at your fingertips. The new almanac does not circulate but the older volumes may be borrowed.

## Cub Scouts Hold Pine Wood Derby

Emmitsburg Cub Scouts, Pack 1060, had a good turnout of parents and cubs for their Pine Wood Derby Race, held Sunday afternoon, January 21, at the VFW Annex.

Those entering the race from Den 1 were: Thomas Antolin, Kevin Gingell, Eric Rosensteel, Bruce Hollinger, Michael Antolin, and Perry Joy.

Those entering the race from Den 2 were: Greg Adelsberger, Perry Wivell, Barry Wivell, Jimmy Welty and Jack Sweeney.

Those entering the race from Den 3 were: James Ryder, Donald Higgins, Paul Carter, Dennis Ryder, Robert Sanders, and Patrick Dillon.

The winners were Bruce Hollinger, first, and Eric Rosensteel, second, in Den 1; Jimmy Welty, first, and Greg Adelsberger, second, in Den 2; and Patrick Dillon, first and James Ryder, second, in Den 3.

Grand winner of all dens was Bruce Hollinger.

The Cub Scouts and their parents made the racers from kits and raced them down a thirty foot plywood race track.

Official starters were James Adelsberger and Gerald Ryder. Official checkers were George Gingell and Herbert Gingell.

## Texaco Grant Goes To MSM

Mount Saint Mary's College has again been selected as one of the privately-financed colleges in the United States to receive unrestricted grants under the Aid-to-Education Program of Texaco, Inc. The grant of \$1,500 awarded for the 1967-68 academic year is the fourth such grant awarded to the Mount by Texaco.

M. M. Price, Jr., district sales manager, and Charles F. Stouter, local distributor, made the presentation to Rt. Rev. Hugh J. Phillips, college president.

Mount Saint Mary's is one of more than 250 colleges and universities included in Texaco's program of educational support. In addition to providing direct financial support to 150 privately-financed schools, the program includes scholarship and fellowship assistance to 90 educational institutions, both private and tax supported.

## VFW AMBULANCE

Mrs. Louise Martin, Fountaindale, was transported this week to the Warner Hospital, Gettysburg, via the VFW ambulance. Leonard D. McAvoy, Baltimore, who suffered a heart attack while visiting here recently, was transported to St. Joseph's Hospital in Baltimore. The driver was Leo Michael Boyle.

## Urges Caution When Filing Tax Forms

State Comptroller Louis L. Goldstein this week said that an examination of some of the early income tax returns filed by residents of Maryland for the year 1967 disclosed errors particularly with regard to the computation of the five per cent discount allowed against the Maryland tax and the computation of the local income tax.

By the way of explanation, Comptroller Goldstein said, the five per cent discount allowed against the State tax for 1967 was provided in the new tax law to give the taxpayers the benefit of the so-called "windfall" that developed in the State's fiscal year ended June 30, 1968 as a result of the changing of the tax imposition to a graduated tax from the old flat rate tax in effect prior to the calendar year 1967.

Because of the increased tax payable by the vast majority of taxpayers and timing of the payments as reflected in the State's fiscal year, a non-recurring "windfall" would develop. The five per cent discount on the State portion of the 1967 tax is intended to give back to the taxpayers this so-called "windfall."

The five per cent discount, however, does not apply to the local income tax but a number of tax-

payers in the returns already filed have so applied it.

In the Maryland tax forms (both Form 502 and Form 503) the Maryland tax is to be shown as Item 12, Page 1 of the return.

The five per cent discount is to be taken on the amount listed as Item 12 and entered as Item 13, with the subtraction made and the Net Maryland tax entered as Item 14.

The local income tax is then to be computed on the Maryland Tax (Item 12) before the five per cent discount has been taken, and the local tax is then to be entered as Item 15.

The total Maryland Tax and the Local Tax is then to be entered as Item 16.

The wording on both Forms 502 and 503 in this connection is as follows:

15. Local Income Tax (From Rate Schedule Page 6 of Instructions) Enter .....% of Line 12.

The rates of the local income tax for the year 1967 range from 20 per cent to 50 per cent and the listing of the rates is found on Page 6 of the instructions as well as on the reverse side of Form 503.

## County Mardi Gras Is Planned

The Frederick Woman's Civic Club Inc. has announced Saturday, February 24, 1968 as the date for

its annual Mardi Gras Ball.

Now in its seventh year, the Mardi Gras is eagerly awaited by area residents as an evening of gay entertainment for young and old alike. As in past years the affair will be held at the Francis Scott Key Hotel with all public rooms available for dancing.

Serving as Mardi Gras General Chairman again this year is Mrs. William C. Hobson. Assisting Mrs. Hobson with the plans and preparations, which have been under way for many months, are the following members of the Frederick Woman's Civic Club: Tickets, Mrs. Maurice Guess; Hostesses,

Mrs. G. William Stultz; Princesses, Mrs. Robert Swanson; Decorations, under the direction of Mr. Bryant Aylor; Publicity, Mrs. Myron Randall; Music, Mrs. Sperry Storm; Patrons, Mrs. Donald B. Rice; Masks, Mrs. J. William Howard; Program, Junior Woman's Club of Frederick, Mrs. Lewis Plum, Chairman; Treasurer, Mrs. Robert Klein.

The proceeds this year will go toward the Club's "Fund for Youth Projects" and the preservation of historic Steiner House.

Money and careless disregard of truth explain a lot of propaganda.
