SINGLE COPY, 7c

## Most Anything At A Glance

BY ABIGAIL

An interesting inquiry was made this week by several local people as to the ownership of the Doughboy which stands in front of the Beagle property in West End. No one off-hand, could remember when the statue was placed there and by whom. Who, if anyone, owns the ground on which it stands? It is believed the monument was erected sometime in the late 1920's but no one seems quite certain. We wonder if some of the old-timers around here can enlighten us on this matter?

Extreme caution is urged by fire companies against burning trash or dropping cigarettes out of cars while driving along. Last weekend there were literally hundreds of fires started over the entire state. Some of these blazes can be downright devastating while others cause only minor damage and give the firemen a little exercise. It is difficult to understand how the grassland is so tinder dry at this time of the year. Fire officials say the ground is frozen and the moisture will not dampen the top grass. Recent high winds have caused excessive dryness of the top cover grass and fan blazes to dangerous proportions. So, please be careful folks, because until we get a real thaw this dangerous condition will prevail.

Is Scouting dead in Emmitsburg? Well, not yet, however it is presently in a precarious position and unless some concrete action is taken by the citizenry it will be completely dead. This is a situation or condition that we hate to see as Scouting has meant so much to the younger generations for these many years. At the present time, the Boy Scout Troop is lacking a Scoutmaster. The Cub Scouts need two Den Mothers.

Until just recently Emmitsburg had four Cub Dens. This number has been cut in half and it is questionable just how long the remaining two Dens can continue operating. Charters for both groups are now renewable and must be renewed if Scouting is to survive here. Money doesn't seem to be the problem as they have organizational sponsorship. Leadership personnel is the big factor. I am told, there are some ladies who would be glad to help but it is hard to contact them unless they step forward and volunteer. Several public requests have been made but there still exist vacancies in the Dens which can mean extinction very shortly if these positions of Den Mothers are not filled. The same goes for a Scoutmaster. Several hours a week is all that is needed to keep these boys active, healthy and helpful to this community. Certainly there is a man among our 1500 citizens who would volunteer to help out? Perhaps the two colleges have boys and girls who would be interested in this sort of work, who are studying social science and physical education, and may perhaps be doing this sort of thing back in their home town? They are here nine months of the year and their assistance would be a boon to Scouting here in Emmitsburg. Anyone, college or town, interested in assisting with this sort of education for our youth, please contact Raymond Baker, Emmitsburg. We sincerely hope to hear from you!

### NOTICE

The Emmitsburg Community Choir is looking forward to presenting a concert of Stephen Foster music this spring and is now enlisting additional members. Rehearsals will be held every Tuesday evening at the United Church of Christ.

### VFW AUTO TAGS

All members of VFW Post 6658, Emmitsburg, desiring to get VFW auto tags are reminded that the deadline for these tags is Monday, March 4. All applications must be filled out completely, including operator's permit number. Checks should be made payable to VFW Post 6658.

The course of history is a complete mystery to many people who like to tell us what we must do.

## Mounties Win Three More; Here Saturday

Jim Phelan's Mt. St. Mary's College basketball crew breezed past Loyola last Thursday evening in Memorial Gym, Emmitsburg, by a 75-63 score.

The win represented the 17th this season for the Blue and White and helped prepare them for their major encounter against a strong American U team Saturday night here.

In the Loyola game, Dick Dohler paced the Mount attack with 20 tallies followed by Lou Grillo with 17, John Forte 12 and Bob Riley 11. Dick Betz was high for Loyola with 20 points.

The Mount was never behind after the early moments of the game as they led 34-20 at intermission. They maintained their same pace throughout the second 20 minutes.

The big test of the current season came Saturday night when the Mounties won their 18th contest by upsetting American U 72-64 in another contest played on the home floor.

The first half was nip and tuck with Dick Dohler carrying the runt of the attack for the Mount with eight of his 11 field goals.

Midway in the second half American led 46-41 when the Mount rallied to tie the score at 58-58. A hook shot by Bob Riley followed by his conversion of a foul put the Emmitsburg clan ahead. With 52 seconds left, Art Beatty swished a pair of foul tosses to knot the score at 62-62 to send the game into overtime.

Willis Lucas landed a goal for the Eagles after 20 seconds and that was the final American score. Paul Williams made good on a foul shot and Grillo sank two straight goals. Williams, on a one-and-one situation, made good on both tosses and followed with a conversion on a technical foul to make it 70-64. The Mount started to freeze the ball and finally with six seconds to go Dohler scored.

The Mount was charged with but six turnovers and one of the big factors in the win was by Riley against 71 Art Beatty. Dohler poured through 25 points to be high man for the game. Beatty led the losers with 20. The Mount made 12 of 14 fouls and American 12 of 19.

The Mount's 20th win came Tuesday evening in Emmitsburg when it won handily from Towson State, 104-76.

High scorer for the Mount was Dohler with 25, followed by Paul Williams with 23 and Lou Grillo with 22.

The victory moved the overall record of the Mount to 19-3 and the conference record to 11-1.

The Phelanmen wind up their home season with two games to be played Saturday and Monday.

Saturday they play host to Washington College and on next Monday, Philadelphia Textile. The Mason-Dixon Conference playoffs start next week at Catholic University in Washington, D. C.

## Residence Was Once Used As Tannery

The Old Motter House, perhaps one of Emmitsburg's oldest houses, is shown above. The picture was submitted by Frank S. Topper, who was born in the house located on West Main St. The house was originally owned by the Motters and at one time was used as a tannery. The Motters sold the building to Jacob L. Topper, father of Frank, Robert, Benjamin and Daniel Topper, and Mrs. Ruth Eckenrode and Mrs. Alice Wood, Baltimore. Shown in the left of the photo are Frank Topper and his sister Ruth, then youngsters. The picture was taken in 1915. Ownership of the house passed on successively from the Toppers to Charles Hoffman, John Wagaman and is currently owned by Eugene Warthen who remodeled it a number of years ago.

### Ministers Guest

#### Speakers At Mount

Rev. John C. Chatlos, pastor of the United Church of Christ, and Pastor William R. Fearer of the Elias Evangelical Lutheran Church, Emmitsburg, were guest speakers on February 20 for a session of the course in contemporary religious problems being offered at Mount Saint Mary's College.

The speakers, in a question and answer discussion period, spoke to the collegians on their respective beliefs in areas of contemporary problems such as birth control, dissent against civil law, the Vietnam War, and compulsory religious education.

In the areas of religious beliefs and services, the discussion centered on liturgical forms of worship, confession of sin, interpretation of the Bible, and limits of man's freedom to individually decide morality.

The course is given under the instructorship of Mr. Edward Smith of the Mount faculty.

### Garden Club

#### Hears Talk

The Silver Fancy Garden Club met on Thursday, February 15, at the home of Mrs. Theodore Fair, Taneytown, with Mrs. Elwood Baumgardner, president, conducting the business meeting. The guest speaker was Mrs. Francis Gaither, Jr., District V Awards Chairman and member of the Frederick Garden Club. Her subject was "Mechanics of Flower Arranging."

Reservation may be made to attend the New York City Flower Show on March 6-7, through the Penn Central Railroad, Baltimore. Tea was served by the hostess with Mrs. A. D. Alexander and Mrs. Edward Richardson, assisting.

District V Annual Business Meeting will be held at Peter Pan Inn, Urbana, Md., March 12.

The next meeting of the club will be held at the home of Mrs. Edward Richardson, Littlestown, Pa., on March 21. Mrs. Donald E. Grisby will speak on Civic Beautification. Co-hostesses will be Mrs. Robert Clingan and Mrs. John Zent.

### K-C Basketball

#### Tourney March 8-10

Mount Saint Mary's College will be the site of the third annual K of C High School Basketball Tournament, sponsored by the Emmitsburg Brute Council, on March 8-10, according to Mr. George Danner, Jr., chairman.

Eight high school teams, including last year's champions, Holy Ghost Prep from Cornwell Heights, Pa., will compete in this year's contest. Other teams include: St. Joseph's, Emmitsburg; St. John's, Frederick; St. Maria Goretti, Hagerstown; St. Francis Prep, Spring Grove, Pa.; St. John's of Westminster; St. Anselm's Prep, Washington, D. C.; and St. Mary's, Annapolis, Md.

The program which was initiated by the Knights provides an opportunity for the eagles from the smaller area high schools to compete in post-seasonal competition as a climax to their local seasonal play.

The first round of play will begin on March 8 at 4:30 p.m. in the college's Memorial Gymnasium. Consolation games will be held on March 9 and 10 with the championship game scheduled for 3 p.m.

The tournament is open to the general public.

Recent visitors at the home of Mr. and Mrs. Bernard F. Shields of Toll Gate Hill, were Mrs. Lena Troxell of Hollywood, California; Mr. and Mrs. Dale Dunkinson of Thurmont; Miss Lucille Barkdoll of Waynesboro, Penna.; Mr. and Mrs. Cyrus Manahan and children, Pamela and Thomas, Rocky Ridge. A small dinner party was held in honor of Mary Catherine Shields' birthday.

Rr. Hubert Snyder and son, Carl, of Chambersburg, Pa., visited in the home of Mr. Snyder's sister, Mrs. Francis Brewer and family, over the weekend.

### JAILED

Clarence E. Stouter, 32, Emmitsburg, was placed in the Adams County jail Monday morning by Sheriff Dawson R. Miller on a bench warrant issued by the court.

Make friends whenever you have the opportunity; your enemies will make themselves.

### Frontier Club

#### Names Committee

The New Frontier Democratic Women's Club held its monthly meeting Feb. 12 at the VFW in Emmitsburg.

The business meeting was called to order by the president, Mrs. Jane Bollinger.

The Jefferson-Jackson Day Dinner committees have been assigned. Mrs. Rosensteel and Mrs. Bollinger represented the New Frontier Club. They were asked to obtain ads from the merchants in the Emmitsburg area for the dinner booklet. Also they are to purchase the gift for the guest speaker.

It was decided that the meeting of March 11 would be open to the public, whether you be Republican or Democrat. The speakers will be Frederick County's delegates to the Constitutional Convention, Mr. Barrick, Mr. Rosenstock, and Mr. Storm. Their topic will be the new constitution.

We hope to learn new facts of the new Maryland Constitution, in order to vote for or against it in May. This meeting will be held in the Auxiliary Room of the Emmitsburg VFW, which is located on the second floor.

We urge all interested citizens to attend this meeting which begins at 8 p.m. A question and answer period will follow.

### Hospital Report

#### Admitted

Burt Hall, Emmitsburg R1.

#### Discharged

Mrs. Stanley Vinson and infant daughter, Emmitsburg R2. Charles Jenkins, Emmitsburg. Mrs. Erma Sanders, Emmitsburg R2.

#### Births

Mr. and Mrs. Donald B. Miller, Emmitsburg R1, son, Sunday. Mr. and Mrs. William Fisher, Rocky Ridge, son, Thursday, February 15.

Mr. and Mrs. Robert Mort, Emmitsburg R3, daughter, Monday.

Mr. and Mrs. Norman Shriver, Jr., Emmitsburg R2, son, Wednesday.

The course of history is a complete mystery to many people who like to tell us what we must do.

### Third Degree

#### By K-C

#### Sunday Afternoon

The regular meeting of Brute Council 1860, Knights of Columbus, was held Monday evening in the council home, Grand Knight Ray R. Lauer presiding.

A donation of \$10 for the women's committee of the State Convention was authorized as was a \$15 advertisement in the convention's souvenir booklet. The Grand Knight reported Pangborn Council, Hagerstown, was first in statewide membership gain and that Brute Council was in second place. A thank-you note for a recent donation was received from the Frederick County Heart Fund, and from the Sacred Heart Program. A communication from the State Council was received proclaiming March 24-30 as Knights of Columbus Week.

The Grand Knight reported the Fourth Degree would be exemplified in Baltimore on May 5; the second Degree will be exemplified Sunday, February 25 at 11:30 a.m. in Brute Council and in the afternoon the Third Degree will be given at 2:00 p.m. at Mt. St. Mary's College. Following the exemplification of the Third Degree a banquet for members will be held at the VFW Annex. A St. Patrick's Day party is being planned for Saturday, March 16 in the council's social lounge.

The Council made a donation of \$500 to help defray the cost of publishing the history of St. Joseph's Church. The book will be distributed this summer. Deputy Grand Knight Eugene R. Rosensteel announced these recently sick members: Rev. Carl J. Fives, Dr. John J. Dillon, Leonard McAvoy, Lawrence Sprinkle and Eugene Rosensteel. Carl A. Wetzel, shrimp feast committee chairman gave a detailed report of the affair held last Sunday. George L. Danner, youth activities chairman reported the annual basketball tournament would be held at the Mount on March 8, 9, and 10.

### Will Present Opera

#### At College March 3

"An Afternoon of Opera" will be presented at St. Joseph College on Sunday, March 3. Raymond McGuire, Assistant Professor in the School of Music at Catholic University, will direct the program to be given in the Paul Auditorium at 3:30 p.m.

Describing the operatic lecture-demonstration, Mr. McGuire said, "We plan to analyze the musical ideas and techniques a composer uses to express opera: a form derived from literature and music, but other than either of these two arts. We shall be especially interested in how opera deals with death in a valid art form." Scenes from "Cavalleria Rusticana," "Così Fan Tutti," and "Riders from the Sea" will be performed to musically illustrate composers' thematic treatments of death.

Mr. McGuire will be assisted by several of his voice students from Catholic University: Sopranos Barbara Thompson and Barbara Buck White; Messopranos Sharon Shafer and Mary Catherine McGarraghy; Contralto Marion Davenport; tenors Daniel Kerr and Daniel Tomaselli; and bass-baritone Dennis Striny.

Miss Thompson and Miss White have appeared in former recitals on the Emmitsburg campus, as has Mr. Striny. Robert Shafer is accompanist for the group.

Mr. McGuire explained the rationale behind the unusual combination of music and lecture in a telephone interview: "Many people tend to feel that familiarity with, or understanding of, the techniques of music cheapens its effects for them, lessens their appreciation rather than enriches it."

"However, these same people would never think of attending a sports event without knowing something of the rules of the game; why, then, avoid learning more, even on a non-musical basis, about music in general and opera in particular? To 'become familiar' heightens our awareness of music."

This recital-seminar is the fourth in a current series presented by St. Joseph College in cooperation with the Catholic University of America.

### VFW AMBULANCE

Mr. Burt Hall, Emmitsburg R1, and Clarence Joseph Ridenour, Thurmont R2, were transported to the Warner Hospital this week via the VFW ambulance. Drivers were Paul E. Humerick and Leo M. Boyle.

Be charitable, if you can, in the judgement of others; save severity for your own mistakes.

## Chamber Sees Recreational Area Sketches

More details on Emmitsburg's proposed recreational area were presented at the regular monthly meeting of the Emmitsburg Chamber of Commerce held Tuesday evening in the Emmitt House, President Mrs. Jane Bollinger presiding.

Sister Margaret Hickey, St. Joseph's Provincial House and J. Norman Flax, co-chairmen of the recreation committee project, explained the latest details of the plan and presented a graphic illustration, drawn to scale, of the area adjacent Community Field where an Olympic size swimming pool, tennis courts, etc., would be located. The two reported they had been in contact with Mr. Poland of the Potomac Edison Company's Division of Community Development, which drew the sketch of the proposed picnic and recreational area, and submitted an aerial photo of the section planned in the development. It is now hoped to discuss the project with the Burgess and Commissioners of Emmitsburg in the near future and then to hold a public meeting to feel out sentiment for the project before asking for State and Federal funds.

A monetary donation was received by the group from Msgr. Hugh J. Phillips, personally, president of Mt. St. Mary's College. Eugene Rosensteel, chairman of the committee working with the State Roads Commission on locating several roadside picnic areas in this area, gave a progress report which gave every evidence that several of these picnic sites will be located here, more than likely this summer.

The president extended a personal invitation to all present, and to the general public, to attend a meeting to be held on March 11, at 8 p.m. in the VFW building. During this meeting it is planned to have the County's representative to the Constitutional Convention, explain the new draft of Maryland's Constitution.

Principal speaker of the evening was Mr. Hammond, manager of the Frederick Chamber of Commerce. Mr. Hammond explained Frederick's success in locating industry there and gave many details as to how they were achieved. His talk was extremely interesting and well-received and was followed by a question and answer period.

### Heart Sunday

#### Scheduled

Heart Sunday, February 25, will see an array of volunteers climbing a month long drive to combat heart disease by carrying information to all homes in the county on how to reduce the risk of heart attack and collecting funds from all those who wish to contribute. "These volunteers, and those who give are a very real part of the research team," said J. R. Ramsburg, Jr., General Campaign Chairman.

### Government Night

#### Next Week

The Thurmont Grange, Thurmont Jaycees and the Thurmont Lions Club are sponsoring a Frederick County Government night on Thursday, Feb. 29 at 7:30 p.m., in the Thurmont High School Cafeteria. Sterling Bollinger and Leon Enfield, members of the Frederick County Study Commission, will discuss the report.

Come to this meeting so you will be well informed of the commission's report. The public is invited and refreshments will be served.

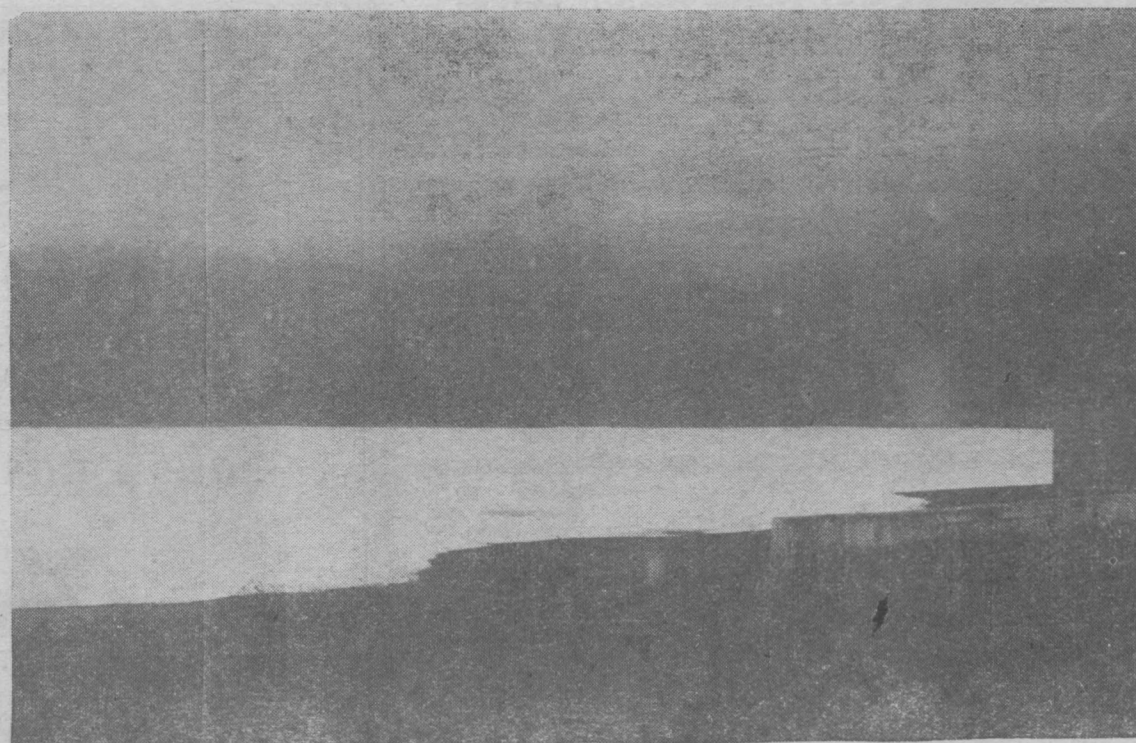

Local Men In Service  
Two Emmitsburg young men, sons of Mrs. Kenneth Wagaman and the late Mr. Wagaman, are now serving in the armed forces.

John is serving with the Marines and William with the Navy. Friends may write them at these addresses: William T. Wagaman, EON3, USN, 914-48-83, MCB 58, A Co., FPO, New York, N. Y. 09501; and PFC John K. Wagaman, 2390441, D Co., 1st Medical Bn., 1st Marine Div. (REIN), FMP, FPO, San Francisco, Calif. 96620.

Another local man serving in the military is Pvt. Charles W. Miller, Jr., Co. B, 6th Bn., 2d Bde., USATC, 2nd Plt., Fort Bragg, N. C. 28307.

Civil rights were never intended to give anybody the right to force himself upon other persons.

## Reservoir Is Frozen Scenic Sight

WINTER SCENE—Rainbow Lake, Emmitsburg's chief source of water supply, now represents a mammoth skating rink as it is completely frozen over. The picture, taken Tuesday, during a snow storm which almost obliterates the mountains in the horizon, is mute testimony as to the frigid weather we have had here during the past two months. Valve house is shown to the right.

## Liners Upset Brunswick

With two seconds left in the game, Emmitsburg's Richard Masser hit on a six-foot jumper to give the Liners a 72-71 victory over Brunswick here Tuesday evening.

For Emmitsburg, it was their 13th victory in 18 games, while Brunswick now has a 5-13 slate. The visiting Railroaders bounced out to a quick 18-8 lead over the

home squad, but Emmitsburg fought back in the second period, scoring 23 points to Brunswick's 17.

Emmitsburg doubled Brunswick's third quarter output, scoring 20 points and taking a 51-45 lead into the final period.

Brunswick's Jimmy Haller hit on a jumper with 1:00 left in the contest to put the visitors into the lead again. After Emmitsburg's Gary Manning tied it up on a foul shot, Haller hit on another jumper to make the score

71-70, Brunswick.

After calling three time outs to set up a double screen for Ronnie Wierman of Emmitsburg, the Liners missed a shot with :05 remaining and Masser grabbed the straight ball and ripped the nets for the win.

Emmitsburg was 28 of 66 from the floor and Brunswick was 29 of 62 attempts. The Liners won it at the foul line, hitting 16 of 20 attempts.

Lee Koontz and Wierman led the Liners with 22 points apiece while Masser pumped in 12. Buddy Gilbert led Brunswick with 23 points followed by Haller with 20 and Bobby Brooks' 13.

Brunswick won the preliminary game, 52-42.

## Reader Questions Vietnam War Logic

Editor, Emmitsburg Chronicle: Next summer, when a black man shall see a dog chasing a second black man, quite predictably, he will take sides against the dog rather than stand by, in indecision, while weighing the relative merits of the conflict . . . and so may open the battle for America's cities.

Today, it is a battle for the cities of South Vietnam. Even so there is an analogy. Instinctively, Vietnamese seem to side with

their own when they see their own pursued by a black or a white face in an American Army uniform. How else could the Viet Cong, three weeks ago, have invaded more than 20 cities, and today 47 cities, without betrayal by those South Vietnamese who are supposedly on our side? Anyone with good sense knows that when brothers engage in a fight with one another that it is best to stay out of it entirely, lest they join forces against the intervenor.

It is high time, it seems to me, that we begin to take lessons from our experiences, and that we ask one another, and those in leadership in Washington: Quo Vadis?

Patrick F. X. McGuckey  
P.S.—De-escalate in 68!

## Firemen Kept Busy By Grass Fires

Emmitsburg firemen were summoned to three fires over the weekend—one caused by an effort to dispose of black powder.

Fire Chief Guy McGlaughlin said the Vigilant Hose Co. was summoned at 12:15 Saturday afternoon to a mountain fire, started, he said, when attempts were made to burn trash behind the Mt. St. Mary's Seminary. Emmitsburg called Thurmont fire-

men to assist and the blaze was brought under control after it had burned over about 1½ acres and before it reached the National Grotto of Lourdes northwest of the seminary on St. Mary's Hill.

Sunday afternoon the firemen were called at 1:19 to a grass fire at the property of Jay Fitzpatrick along the Emmitsburg-Harney Rd. The blaze was caused, Chief McGlaughlin said, when a rubbish fire got out of control when struck by wind.

The "black powder" fire occurred at 7:15 Sunday evening along the Waynesboro Rd. about a half mile west of Emmitsburg. The chief said Charles Champlain decided to get rid of some old black powder by burning it, and it "jumped across to a neighbor's garden and away went a grass fire."

## Easter Seal Drive To Commence

The 1968 Easter Seal Campaign will begin March 1, 1968 and continue until April 14, Easter Sunday, it was announced this week by James W. Freeman of the Western Maryland Council for Crippled Children and Adults.

During these weeks a widespread appeal for funds will be made by Easter Seal volunteers to finance treatment and rehabilitation services for Crippled Children and Adults in Western Md.

Available to residents of Frederick County are such services as summer camping for crippled children, physical therapy, speech therapy, recreational activities for crippled children, rehabilitation equipment loan service, amputee services, parent counseling and rehabilitation career guidance.

"The needs of the handicapped, and costs of providing expert professional care are rising, and

more money than ever will be needed to effectively serve the handicapped during 1968," Freeman pointed out. "Due to advances in medical science and the ever increasing number of auto, industrial, and home accidents, the number of disabled persons in Maryland is rising each year in greater proportion than our population growth," he said.

The campaign will include the traditional Easter Seal mail appeal in addition to many special events which are being planned during the drive. This year Easter Seals will be mailed on March 12.

Ninety per cent of all funds received will remain in the State to support the local Easter Seal programs in various areas of the State, to include the operation of the Easter Seal Center in Frederick.

"The people of Frederick County have always responded to our needs and I feel certain they will make it possible to increase the Easter Seal Service to the disabled during the coming year," said Freeman.

The Western Maryland Council for Crippled Children and Adults is an affiliate of the Maryland Society for Crippled Children and Adults and the National Easter Seal Society which last year provided rehabilitation services for almost one-quarter of a million handicapped persons. It is the nation's oldest and largest voluntary health agency serving the disabled.

## Baltimore Symphony To Perform At T-J School

The Baltimore Symphony Orchestra under the direction of Allan Miller will perform two one hour programs for secondary students on a Title III Cultural Program sponsored by the Board of Education of Frederick County, at the Governor Thomas Johnson High School Auditorium on February 28, at 10:30 a.m. and 12:15 p.m.

Mr. Miller has been appointed permanent director of the Baltimore Symphony Orchestra's Youth Education Program.

As an administrator, Mr. Miller has been working with and advising the orchestra's Youth Program Council and maintaining regular contact with city, county, and State music education supervisors in order to coordinate the music curriculum with the youth program.

The orchestra will perform "Fanfare for the Common Man," by Copland; "Serenade in Eb Major, Fifth Movement Allegro," by Mozart (K.375); "Adagio from L'Arlesienne Suite," by Bizet; "Symphony No. 4, Third Movement," by Tchaikovsky; and "Surprise" composition.

The public is invited insofar as the seating capacity will allow.

82% NITROGEN

## ANHYDROUS AMMONIA

"The most nearly perfect Nitrogen Fertilizer"

Why Is Anhydrous Ammonia A Money-Maker And A Risk-Reducer?

- \* It is the most efficient nitrogen known.
- \* It is available to crops immediately,
- \* Yet, it is leach resistant,
- \* And, unused nitrogen will carry over.
- \* It takes less water to grow good yields
- \* Because roots go deeper and grow larger.
- \* It makes phosphorous and potash work better
- \* It improves the condition of the soil.
- \* By reducing disease organism.
- \* It is 160 times more efficient than manure.
- \* It increases food value of crops
- \* By improving protein content.

### "Whatsoever A Man Soweth"

The weakness of mankind is expressed eloquently by Paul in verse 19 of Romans VII:

"For the good that I would, I do not; but the evil which I would not, that I do."

And in Galatians, VI, 7, Paul proclaims one of Almighty God's greatest laws and most towering challenges for His weak mankind:

"Whatsoever a man soweth, that shall he also reap."

Today in America we undoubtedly are reaping the har-

vest of doing things that we should not have done and of not doing the things that we should have done. We are enmeshed in, surrounded by, almost overwhelmed with catastrophe. The dimensions of our crisis are incalculable. And this is what the freest, richest, most blessed people on earth, governing themselves, have wrought in a very short time. It is not too late to change our ways and meet the challenge. But it is very, very late.

### Some Dimensions

Here are some of the dimensions of our crisis:

Atheistic Communism, directed from the Kremlin in Moscow, has in 50 years risen from utter obscurity to a stature frightening (if not dominating) the world. It has accomplished this incredible growth, not because of any inherent strength but because of the failure and weakness of the once most powerful nation on earth in support of right.

Communist Cuba, 90 miles

from our Florida coast, probably has ready in its subterranean fortress, built and manned by Soviet military personnel, H-bomb missiles capable of destroying most of the United States.

Our own Department of Defense now acknowledges (belatedly) that the Soviets are capable of orbiting space vehicles which can spray devastating multiple-headed nuclear missiles all across the U.S.A. And there is preponderant evidence that our nation now is second to Soviet Russia in deliverable H-bomb capacity—in megatons.

The major land and air striking force in our own military establishment is pinned down in South Vietnam, unable because of "political" restrictions to extricate itself or win a victory over an enemy of infinitesimal size. And this is merely the latest of a long series of such unbelievable, untenable situations.

### Condoning Evil

With the world witnessing, and the drivers of the Communist juggernaut getting ever more confident, arrogant and brazen in their bullying acts, America runs from a fight for right, compromising basic principles, virtually forsakes her fighting men seized by the prowling enemy. On bended knee, U. S. "diplomats" beg the Soviet Union to get back for us our ship and men held in Communist captivity in violation of international law.

In the face of an openly-seen and swiftly mounting threat of internal revolution by a "Black Power" guerrilla army, whose radical leaders reject all "reforms" and pledge themselves to overthrow our nation by force, our national leaders seek to "buy" tranquility, safety and security with gratuitous appeasement of ranting traitors. The Administration seeks to keep from the public the facts on Communist participation in manipulation of the "Black Power" uprising.

Ebb Tide Running

With a national debt of more than \$850 billion, and a continuing drain upon our monetary

strength, we permit our Federal government to expand its colossal waste and squandering of billions, its boondoggling programs, its centralized powers over the every-day activities of our people. Disturbed leaders who speak out for fiscal sanity and a halt in abnormal Government growth are chastised into silence by ideological leftists and articulate opportunists.

We see on TV, in the movies, the press and in "literature" the almost total breakdown of a moral code that has distinguished our civilization from the jungle; the spectacle now even appears in the streets while learned "dialogists" and even some "religionists" sound the welcome.

This is the most unrestrained editorial column we've ever written. Yet it leaves much of our crisis unmentioned. In the weeks ahead we intend to discuss in depth all its dimensions. Our salvation as a nation, I think, depends upon the American citizenry acting in concert (1) to uphold those things that are right and good and (2) to refuse to compromise with evil. If we cannot quickly see what is good and what is evil, then we will have lost the Armageddon that today embroils the whole of mankind.

## LEGAL

### ADMINISTRATORS' NOTICE

This is to give notice that the subscribers have obtained from the Orphans' Court of Frederick County, in Maryland, letters of Administration on the estate of

FANNIE V. BASFORD late of Frederick County, Maryland, Deceased. All persons having claims against the deceased are warned to exhibit the same, with the vouchers thereof, legally authenticated, to the subscriber, on or before the 5th day of August, 1968 next; they may otherwise be excluded from all benefit of said estate. Those indebted to the deceased are desired to make immediate payment.

Given under my hand this 24th day of January, 1968.

THOMAS M. EICHELBERGER Register of Wills for Frederick County, Md. 1/28/68

WILLIAM C. HARRISON Fort Detrick Frederick, Maryland

JUANITA V. HARRISON 3440 South Cottage Grove Apartment 1003 Chicago, Illinois

NO. 21,889 EQUITY

In The Circuit Court For Frederick County, Maryland

ORDER OF PUBLICATION

The object of this Bill is to procure a divorce A VINCULO MATRIMONII by the Complainant, William C. Harrison, from the Defendant, Juanita V. Harrison.

The Bill states in substance, that the Complainant, William C. Harrison, is a resident of Frederick County, State of Maryland, where he has resided for more than one year last past; that the Defendant is a non-resident of the State of Maryland, whose last known address is 3440 South Cottage Grove, Apartment 1003, Chicago, Illinois; that the parties to this cause were married on the 7th day of May, 1965, at Chicago, Illinois, by an Official of the Court duly authorized to solemnize marriages in the State of Illinois; that as a result of the said marriage no child or children were born; that the parties to this cause have voluntarily lived separate and apart without any cohabitation for more than eighteen months prior to the filing of this Bill of Complaint, and that the separation between the parties is beyond any reasonable hope or expectation of reconciliation. The Bill prays that the Complainant may be divorced A VINCULO MATRIMONII from the Defendant and for general relief.

It is thereupon this 2nd day of February, 1968, by the Circuit Court for Frederick County, Maryland, sitting as a Court of Equity, ORDERED that the Complainant give notice to the said non-resident Defendant of the object and substance of this Bill of Complaint by causing a copy of the same to be published in some newspaper published in Frederick County, Maryland, once a week for four successive weeks, prior to the 9th day of March, 1968, commanding her to be and appear in this Court, in person or by Solicitor, on or before the 9th day of April, 1968, to show cause, if any she has, why the relief prayed for in the Bill of Complaint should not be passed as prayed.

## D.M.V. REPORT

By D. Murray Franklin  
Public Information Officer  
Md. Dept. of Motor Vehicles

### Motor Vehicle Registration

In a society as mobile as ours, it is paramount that motor vehicle registration systems provide for rapid identification of vehicle ownership, if investigation and law enforcement agencies are to step up their efficiencies.

Standard 4.42 of the National Highway Safety Act requires that all States develop a comprehensive, cross-referenced registration and titling system, which when set up electronically, would make possible the quick identification of a vehicle and its owner by as simple a process as the license number, or as remote a process as perhaps its color or some design characteristic.

By providing the means for aggregating vehicle information, accident research, as well as planning the development of streets, highways and related facilities would have a basic source of pertinent data not now available.

Maryland's Department of Motor Vehicles has expanded its scope of data collection by requiring applicants for 1968 tags to record their driving license or chauffeur's permit numbers on the tag application forms. Non-driving owners and co-owners are required to insert their full names and birth dates on the new forms.

In addition, the chassis weights of all passenger cars recorded, as well as vehicle serial numbers instead of motor numbers.

By early spring of this year, all of the specified data in this Federal Standard will be contained in the memory banks of DMV's Data Processing Center.

Rapid visual response to priority requests for driver license information is now available at the Department's electronic viewers. The same prompt retrieval of vehicle registration data will soon be available.

### DMV MAIL CALL

From MCB, Mardela Springs: How much longer must I carry SR-22 insurance? I've had it for more than a year already.

Contact this Department's Driver Improvement Section and discuss the status of your particular case. SR-22 coverages must be carried for a total of 36 months.

From RDH, Chesapeake City: My son, whose legal residence is Chesapeake City, is now a full-time student at the University of Maryland in College Park. He received a letter from you assigning him to attend a clinic in Elkton and stated that failure to attend would necessitate suspension of his driving privilege. What can he do? He simply can't miss school to drive to the clinic in Elkton each week.

A written request from him, stating the above reasons, will secure a rescheduling of your son's attendance at the Hyattsville clinic. From MWC, Hampstead: Why must I be required to take a re-examination when my license was

suspended for only 30 days? Also, what kind of tests do I take?

Under the point system, when eight or more points are accumulated, a driver must be re-examined before reinstatement of his driving privileges. The standard examination is given, which includes the written tests and the driving test.

### Legislation Filed By Governor's Commission On Fish And Game

Twenty-four legislative proposals have been submitted by Governor Agnew's Fish and Game Commission, as directed by H.J.R. 26, to the 1968 General Assembly for consideration. The Department of Game and Inland Fish has announced. They are contained in S.B. 240 and H.B. 480.

Most important of the proposals are those dealing with the funding of the Department's activities and functions, proposed changes in statutes with respect to modernization and reclassification, excluding waterfowl which will follow in a later report, and the exemption of senior citizens of the State from purchasing hunting and fishing licenses.

The twenty-four proposals are as follows:

1. Exempt senior citizens, 70 years of age or over from the hunting and fishing license requirements.
2. Eliminate the County Resident license.
3. Raise the price of the Resident fishing license from \$3.00 to \$4.15 (to include 25c agent's fee.)
4. Raise the price of the Non-resident Tourist fishing license from \$3.00 to \$4.50 (to include 50c agent's fee) and increase its term from 3 days to 7 days.
5. Raise the price of the Non-resident fishing license from \$10.00 to \$10.50 (to include agent's fee.)
6. Increase the charge for obtaining a duplicate of a lost hunting or fishing license from 75c to \$1.00.
7. Combine the Virginia, West Virginia and Washington, D. C. Residents' Potomac River fishing licenses, and raise the price from \$3.00 to \$4.50 (to include 50c agent's fee.)
8. Raise the price of the Trout Stamp from \$1.00 to \$2.00 (to include 15c agent's fee.)
9. Reduce the price of a Fee Fishing Lake fishing license from \$3.00 to \$1.25 (to include 25c agent's fee.)
10. Combine the Firearms (\$2) and archery (\$3) deer stamps into a single Big Game Stamp for Deer and Turkey—\$5.25—(to include 25c agent's fee.)
11. Prohibit Non-resident Trappers from taking beaver or otter.
12. Provide for the licensing of commercial guides at \$10.00.
13. Require that the hunting license tag be displayed.
14. Enter reciprocal fishing license agreements with Virginia and West Virginia for the Potomac River only.
15. Enter reciprocal fishing license agreement with Pennsylvania for the Conowingo and Youghiogheny River Reservoirs only.
16. Extend the authority of the Commission to set opening dates of the Small Game Season (now granted with some exceptions.)
17. Abolish the payment of bounties statewide. (None paid by State but several counties pay bounties.)
18. Abolish the use of a hand gun in hunting.
19. Eliminate the Non-salaried Deputy Warden System.
20. Increase the penalty for night hunting and define the term "night time".
21. Provide for control by the Department over the introduction of all exotic species by extension of present Commission Regulation which now governs only importation of wildlife.
22. Add the Department of Forests and Parks to "Assistance From Other Officials," in enforcing game laws.
23. Provide a limitation to the number of consecutive terms a Commissioner may serve.
24. Fishing License changes should be made effective January 1, 1969; hunting and related licenses should be made effective July 1, 1968.

**Maryland Wildlife Federation Plans Wildlife Program**  
The Maryland Wildlife Federation will join in the National parent organization in spearheading public information to spotlight the needs of fish and wildlife throughout the state and nation during the week of March 17-23.

Governors and Mayors across the land will be asked to issue official proclamation to set aside the time as National Wildlife Week, according to Malcolm E. King, State Chairman.

He points out that vanishing fish and wildlife species, growing water and air pollution problems, littering of public highways, waterways and campsites—these are all conditions which can be solved through public education.

"National Wildlife Week" is set to coincide with the vernal equinox and the first full week of Spring each year," King added.

"There is more to conservation than dressing-up yards with flower gardens or setting out bird feeders in the Fall. Someone has to fight so that polluted air does not wither those flowers or so that misused chemicals are not

allowed to silence the song birds for which the feeders were intended."

### Winter Waterfowl Survey Completed

An aerial survey to determine the distribution of ducks, geese, swans, and coot on wintering areas throughout Maryland has just been completed, the Department of Game and Inland Fish has announced.

It revealed that Maryland's popular duck, the Canvasback, was down by 82,900 birds from the population of 1966 of 133,100. The 1967-68 period counted for 50,200 which shows a 62.2 per cent decrease.

Observers from the Department and Interior Bureau of Sport Fisheries and Wildlife conducted the annual survey which immediately followed the close of the state's waterfowl season and found an estimated 747,300 birds.

This substantial population is about 186,800 below the figure found in 1966. The 1967 migra-

tion was the lowest in many years but was up for some of the most valued species as the mallard, black duck and Canada goose.

Goose hunters enjoyed exceptional opportunities during the 1967-68 season. The survey showed an increase of 46,000 birds over the 356,900 birds of 1966. There were 402,900 geese reported in the present survey which indicates a 12.8% increase.

### TODAY'S Meditation

from  
The World's Most Widely Used  
Devotional Guide

The Upper Room  
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Romans 15:1-7.  
Receive ye one another, as Christ also received us to the glory of God. (Romans 15:7).

Come ride with me. I am on my way to our church in a state hospital where I am chaplain.

In our church, we are all brothers and sisters regardless of

age, color, race, wealth or character. We all have some physical, social, and spiritual traits in common. We react to the feelings, thoughts, and deeds of others in about the same manner. We respond to acts of love with kindness and consideration, and to deeds of hate with righteous indignation.

As I accept these people as my brothers and sisters, I find myself in a privileged group with special opportunities and responsibilities. To be a member of this church, I must relate myself in patience to those who are weaker and slower than I, to those my equals with consideration and kindness, and to those stronger and faster than I with tolerance and understanding.

This is the door open to me, through which I may enter and become one in spirit with each individual in the church, and accept a place in the growing brotherhood of man.

**Prayer**  
Dear Father, be with us on our journey to happy relationships with other persons. Guide us that we may reach the end of our journey in a way well pleasing to Thee. In the spirit of Jesus Christ, our Savior and Master. Amen.

**Thought For The Day**  
When Christ calls us to serve, He gives us responsibility and opportunity to serve one another.

Zesely B. T. Cox (Georgia)

### Mount Professors Hold Meeting

The American Association of University Professors Chapter at Mount Saint Mary's College met last Wednesday evening in the Cogan Union.

Prof. Dennis Sullivan, president, announced that the chapter had submitted the final draft of a proposed faculty handbook to the college board of trustees for approval. The project entailed over a year's work and was authorized by the Academic Dean's Office. The final draft committee

was composed of Dr. J. D. Broussard, philosophy, Prof. Robert C. Neal, history, and Prof. Sullivan, sociology.

Other business discussed at the meeting included contracts, faculty salary scales, and graduate studies. The chapter plans a "dutch-treat" affair in the near future.

A typical \$1 CARE family food package contains 10 lbs. flour, 5 lbs. corn meal, 3 lbs. rolled wheat, 7.7 lbs. cooking oils. Deliveries are made in the names of donors who send their dollars to CARE Food Crusade, Baltimore 21201.

## WOMEN'S HEALTH

By Elizabeth Stewart  
Women's Medical News Service

## First Aid Kit Essentials

CHICAGO, Ill.—With millions of home and car accidents a year, it is best, advises the American Medical Association, to keep a well-stocked first-aid kit readily available. Here's what the Association regards as the essentials for a first-aid kit:

Individual 2x2 and 4x4-inch ster-

ile dressings; one-inch wide by five-yard roller bandages; roll of adhesive tape; bath towels and bed sheets which can be cut up; triangular bandage (37-inch by 37-inch) for a sling, dressing, or as a covering.

Safety pins, blunt-tip scissors, tweezers, measuring spoons, eye dropper, wooden tongue depressors; splints (about 12 to 14 inches long by 1/4-inch thick and 3 1/2 inches wide); wide strip of cloth or flexible rubber tubing 20 inches long to use as a tourn-

iquet.

A bar of mild soap; paper drinking cups; flashlight (with working batteries); syrup of ipecac to induce vomiting; essential personal prescriptions; first aid guidebook.

Responsible Young Folk  
Seek Contraceptive Advice

SEATTLE, Wash.—On the challenging question of whether or not doctors should prescribe contraceptives for teen-agers, here's what Dr. Ronald J. Pion, obstetrician-gynecologist of the University of Washington School of Medicine, wrote recently:

"When a young girl, regardless of age, enters my office seeking advice about contraception, my reaction is not one of immediate suspicion that the patient is really seeking adventure and promiscuity; rather, I feel she is behaving in a responsible fashion.

"I am not in favor of dispensing contraceptive devices or pills to students of all ages who are not engaged in sexual activity . . . but I feel that all youngsters seeking professional help should be dealt with in a positive and open manner.

"A couple having sexual relations should understand the consequences of their activities and should be helped to avoid an undesired and unwanted pregnancy."

Dr. Pion pointed out that many contraceptives are available without prescription and that these are less effective than the pills or intrauterine device in preventing unwanted pregnancies.

## Retarded Children

## Often Useful Adults

LINCOLN, Nebraska—A study of 109 men and women in their mid-fifties who were labeled mentally retarded as children shows that the vast majority of them have lived useful, quiet lives, supporting themselves and being "no special burden to their communities."

A team of mid-west researchers found that over 80 per cent of the men and 77 per cent of the women were employed most of the time, and some 5 per cent were entirely self-supporting. More than half of the employed had been working at the same jobs for at least five years. Al-

most all have been married and about half were living with their spouses.

The researchers observed that some of those labeled "retarded" had been mislabeled. That too little is known about how intelligence develops for such labels to be meaningful.

## OUR LIBRARY

The library is currently re-registering the patrons. Especially those of our community who registered when the library was first opened. Those library cards were issued without an expiration date.

Now, however, your new library card will carry a date that expires in three years. After that time you will have to have your card renewed to remain an active patron. We are anxious to have the registration over, so will you please drop in and hold a current library card.

The Library is the proud owner of a new set of books on Philosophy. We received eight volumes of the Encyclopedia which has just been published in 1967. We believe it will be used by the college students and other interested persons in the area.

Other new books added to the collection this week include the "Israel Journal," by Yael Dayan. Yael Dayan, born and raised in Israel, is the daughter of General Moshe Dayan, her country's Minister of Defense. She is best known as a novelist. The author of three highly successful novels: "New Face in the Mirror," "Envoy the Frightened," and "Dust." Her latest novel, "Death had Two Sons" (being published simultaneously with "Israel Journal") was on press in the summer of 1967 when Miss Dayan flew back to Israel to rejoin the Army. She was subsequently promoted to full lieutenant. She was recently married to Col. Dov Sion.

"Arnie The Evolution of a Legend," by Mark H. McCormack. A biographical book on the famous golf professional, Arnold Palmer. "Time for Autrage," by Amelia Benn. A novel based on the most violent vendetta in the history of the Southwest.

"Young Bat Masterman," by Richard O'Connor. Most people know that he first won acclaim while growing up in Kansas as a hard working baseball player.

The 166 Veterans Administration Hospitals are affiliated with 76 of the nation's 88 medical schools in a partnership that provides better medical care for veterans and helps to train half the nation's new doctors in 20 fields of medicine.

## State Police

## Seek Applicants

Colonel Robert Lally, Superintendent of the Maryland State Police announced that applications for appointment as Trooper are now being accepted.

He stated the next recruit class will begin on July 1, 1968, at the Police Academy in Pikesville. Qualified applicants will undergo twenty-one weeks of intensive basic training in all phases of law enforcement, before being assigned to field duty.

Starting salary for this position is \$6700 with automatic increases over a period of six years to \$8710.

In order to qualify, applicants must be citizens of the United States, residents of Maryland on the date of appointment; between the ages of 21 and 31; 5 ft. 10 inches tall; approximately 160 pounds; possess a high school diploma or an equivalency certificate; and be in excellent physical condition with good moral background.

Written examinations for qualified applicants will be given by the Commissioner of Personnel in

Baltimore, Hagerstown and Cambridge on Saturday, March 30, 1968. Closing date for submitting applications is March 1, 1968.

Applications may be obtained at Maryland State Police Headquarters or any State Police Installation.

During 1967 veterans made an estimated 6,435,000 visits to VA clinics and to private physicians on an approved fee basis for outpatient medical care, according to the Veterans Administration. This was a record number of treatments for a single year.

## FARM WANTED

I have a buyer for a farm of 100 acres or more in Emmitsburg District to Rocky Ridge-Thurmont areas, suitable for a tree farm. So need not be fixed elaborately for dairying or beef set-up. Reasonably priced.

I also have a buyer for a 1-acre building lot east of Emmitsburg plus several buyers for small farms of 5 to 35-acres. If you have anything like the above let me know. No obligation. No sale-no charge.

# BABSON'S

## POINT OF VIEW

### Babson's Point Of View On: Clock And Calendar

BABSON PARK, Mass., Feb. 22—Last month's decision of the nation's leading securities exchanges to lop an hour and a half off each day's trading session has created some new problems and may have only partially solved old ones. Designed to give brokerage hous-

es and the exchanges themselves a chance to catch up with and keep abreast of a rising volume of paperwork, the early closings have irked brokers and investors in California and other West Coast States. Time Zone Limitations The discomfiture and frustration of California brokers who now must man their offices

beginning at 7 a.m. and work at breakneck speed to get the bulk of the day's work done by the 11 a.m. (Pacific Time) closing hour of the New York exchanges may one day prove to have been a major factor in determining new hours for these exchanges. Already, the disenchantment out West has revived an idea which has been toyed with from time to time—but never taken too seriously—namely, abandonment of the four continental U. S. time zones in favor of a two-zone arrangement calculated to draw the whole nation closer together.

Of course, a two-zone system would present some difficulties of its own. For example, under such an arrangement, Boston's winter sunrise could come after 6 a.m., with the sun setting in mid-afternoon and the darkness of night falling before 4 p.m. And East Coast summertime sunrise could be as early as 3 a.m., with New York's only minutes later. By contrast, sunrise and sunset times in California would be less extreme, though winter sunrise could come as late as 8 a.m. Time Relative, Not Absolute

To Americans born in this century, our present four zones (Eastern, Central, Mountain, and Pacific) seem to be so traditional as to defy change. And they may well prove to be. But just to keep the record straight, it should be acknowledged that these time zones are not exactly hoary with age. Only gradually did they win acceptance during the 19th century following the opening of trans-continental railroad service. Before that time, local option ruled, with resultant confusion and frustration.

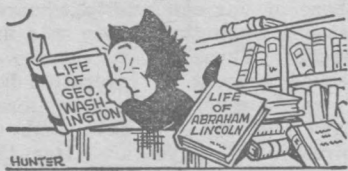

Holiday Weekends The idea of tinkering with time is not confined to the clock, but extends also to the calendar. A good many business interests—catering to leisure-time needs or desires—are active in advocating calendar reform. Other proponents stress their belief that a general overhaul of the calendar would cut costs for many businesses. In very recent years, the idea of calendar change has attracted widespread attention, a fair measure of support, but no real groundswell or assent from the public.

Those who want calendar reform fall into two groups: The advocates of a sweeping change which would realign our months so that each would be of uniform length, and the advocates of a plan which would reshuffle our major holidays so that each of these would be observed on a Monday to provide a three-day weekend.

Leisure-Time Use The day when broad agreement on any reduction of our present time zones will be reached would appear to be some distance into the future. Nor will sweeping calendar reform be enacted any time soon. However, support for the Monday holiday idea is growing steadily in selected business circles and among labor leaders. Despite opposition from traditionalists and from those who feel that a move toward three-day weekends would only compound present traffic problems in the air and on the ground, this is the change most likely to become a reality, possibly in the early

1970's.

In any event, we are headed for further increases in leisure time. Already, both summer and winter vacations are more common, the number of families having leisure-time homes is expanding, and travel and camping are being brought within the reach of more and more people. As our horizons broaden and our choices increase, the focus will be on making the best use of our increased leisure time.

### TO HOLD CAREER DAY

The student government at Mt. St. Mary's College is planning its sixth annual Career Day program to be held on Tuesday, April 30, according to student body president, Manuel Aguado.

This year's program is under the direction of freshmen Robert K. Dunn, Bethesda, Md., and Frank A. Pugliese, Trenton, N.J., under the supervision of the college's guidance office headed by Michael Scheerer, director.

In the all-day program speakers will discuss career opportuni-

ties with the students in the areas of education, science, medicine, dentistry, communications, business, industry, law, government service, and the military.

During 1967 Servicemen's Group Life Insurance administered by commercial insurance companies supplied \$36 billion worth of life insurance protection to 3.6 million servicemen at minimal cost, according to the Veterans Administration. The U. S. Government paid the cost of the extra hazardous risk.

**OUR SIXTH ANNUAL WINTER DISCOUNT PROGRAM**  
NOW IN EFFECT

This unique program was begun to benefit both YOU and OUR COMPANY. Since it is most impractical to place foundations during the inclement winter weather, there was for many years a large demand for memorials to be erected in the spring. Most families would wait until warm weather and place their order for a monument at that time. Certainly, you can realize that this created quite a backlog of orders for spring installation.

Another reason which we feel is most important, is that it provides year around work for our employees. Should you make your selection now, our craftsmen will complete the carving and lettering during the inclement weather, thus avoiding any unnecessary delay next spring. Your memorial will be installed when weather permits in the spring. As an incentive for you, we also offer outstanding discounts throughout this period, which we allow on ALL our monuments, and markers.

Following, is our discount schedule:  
Feb. 14, 1968 to Mar. 10, 1968 ..... 5%

The above discount prices assure you of guaranteed substantial savings.

Other features of this unique program are:

- \* Payment in spring, AFTER you have inspected completed installed memorial.
- \* Free transportation to and from our large and complete display.
- \* Monthly terms available, if desired.

**CODORI MEMORIALS**

**Practice Teachers Assigned Schools**  
Prof. Gerald C. Orosz, chairman of the Dept. of Education, Mt. St. Mary's College, has announced that 38 senior education majors have been assigned to 15 area high schools for three months of teaching internship. Local students and the schools in which they are teaching are:

Stephen P. Stehle, mathematics, Taneytown High;  
Donald B. Byard, Jr., history, Waynesboro West Junior High;  
John J. Dillon, Jr., English, Waynesboro West Jr. High.

## Mount Gleemen Begin Spring Concerts

The Glee Club from Mount St. Mary's College, under the direction of Rev. Dr. David W. Shaum, began its spring semester concert tour at the Glee Club Festival held at Wilkes-Barre, Pa., on February 17-18.

The Festival was hosted by King's College with Holy Cross College, Mass.; Providence College, R. I.; St. John Fisher College, N. Y.; St. Peter's College, N. J.; and the University of Scranton, Pa., among the participants. Molloy College for Women, N. Y., were guests.

Future dates on the concert schedule are: April 21, McConnellsburg, Pa.; April 26-28, concerts with the Catholic High School, Baltimore; April 30, John Carroll High School, Bel Air, Md.; May 5, Parents Day Concert, Emmitsburg; May 8, Littlestown High School, Littlestown, Pa.; May 17, benefit concert, Elizabeth, N. J.; benefit concert for Visitation Convent, Frederick, the date to be announced; June 1-2, Commencement Weekend Concerts; June 5, departure for seven-concert European tour.

## Senator Byron Discusses Rates Set By Utilities

**The Maryland Public Service Commission**  
Over the years the Maryland Public Service Commission has been primarily a regulatory agency of the State of Maryland, establishing among other things rates for the use of electricity. Utility companies have been required to obtain advance approval for much of their operation from the Public Service Commission. Because of recent concern that the Commission would not have advance knowledge of the planning and construction of large scale transmission facilities by the utility companies, the Legislative Council has recommended two bills to the Maryland General Assembly this year.

Senate Bill 22 as originally proposed would have required Public Service Commission approval for the acquisition by a utility company of all property taken by condemnation proceedings. During hearings before the Senate Judicial Proceedings Committee it was suggested that such broad authority would be unwieldy and in fact unnecessary. Amendments were proposed which would require all electric companies in exercising condemnation authority in building large scale transmission lines to obtain prior approval following public hearings before the Commission. At the same time the Commission itself would be able to give consideration to such factors as the need for future services, aesthetics, and when applicable, the effect on air and water pollution. Senate Bill 22 as amended would provide a much needed review procedure by the Commission and would alternatively give the electric companies the assurance of approval of prior planning of such large scale facilities.

Senate Bill 23 would enlarge the Commission from three to five Commissioners, providing representation in all major areas of the State. Thus the State's several regions would be assured personal attention by representative Commission members.

Hopefully, Senate Bills 22 and 23 will be successful in the present Session and will serve the purpose of strengthening Maryland's Public Service Commission.

**Senator Brewster Criticizes Travel Tax**  
Senator Daniel B. Brewster (D-Md.) this week criticized as "unwise, unfair, and impractical" the Administration's proposed tax on travel abroad by United States citizens.

At the same time, Brewster hailed the President's messages to Congress last week outlining programs to protect the consumer and to combat crime.  
"The Administration has taken a forthright approach in both of these important areas. The programs that are proposed are comprehensive and urgently needed. They will have my firm support," Brewster declared.  
Brewster said in a statement that the travel tax proposal was "the wrong approach toward correcting the serious balance of payments deficit."  
"It would be a clumsy and regressive step at best and might have little or no impact on the balance of payments situation. Rather than helping to correct a problem, it would severely hamper and restrict the ability of thousands of Americans to travel abroad. It would do more harm than good," Brewster asserted.  
"There are other measures the United States can undertake to reduce the expenditure of American dollars overseas. One of them, certainly, is the withdrawal of a good part of our military forces from Europe, where they no longer are needed."  
"This not only would improve

the fiscal position of the United States, but the military position as well," Brewster declared.  
Brewster noted that he listed legislation to curb crime and protect the consumer as among the five priority items in his legislative program for 1968, which he outlined last month.

Brewster, a member of the Senate Consumer Subcommittee, has particularly emphasized the need for a full-scale investigation of the automobile insurance industry.  
Brewster described the anti-crime program as "an across-the-board attack on the critical and Nation today. It calls for prompt immediate problems that face the short-term remedies while allowing for development of long-term solutions as well."

## Hospital Operates To Near Capacity

Occupancy at the Annie M. Warner Hospital, Gettysburg, took a sharp upswing in January and climbed to 81.39 per cent, four percentage points above that for the same month last year.

There were 275 admissions and patient days aggregated 2,498. Administrator James E. Banger told the board of directors at its monthly meeting that occupancy is continuing at the same high rate in February.

Births in January totaled 75 only five below that of last January.

Emergency room visits were 494 this January as compared with 684 a year ago. This decline, it is believed, reflects lighter traffic during the month occasioned by extremely bad weather, the board was told.

X-ray and laboratory showed slight declines presumably for the same reason. Surgery with 108 operations equalled that of a year ago while physical therapy showed an extreme decline.

Earned income in January was \$102,035.32 as compared with \$89,816.22 last year. Expenses advanced from \$86,909.26 to \$87,385.82 reflecting a net income for January of \$6,646.50 as compared with \$2,000.96 for the same month last year.

Earned income, entirely due to higher rates, increased \$63,000 for the first seven months of the present fiscal year. Expenses, however, reflecting higher costs in payroll and every other expense category, increased \$106,000.

## Jailed On Charge

Jack Davis, Jr., 21, Gettysburg R2, was placed in the Adams County jail Saturday afternoon by Cumberland Twp. Police Chief Bernard V. Miller on an assault and battery charge filed before Justice of the Peace Robert P. Snyder.

In the charges, filed by Chief Miller, Davis is accused of striking

## Your Medicare

The Social Security Administration has expressed concern that many people in Frederick and Carroll Counties covered by Medicare have failed to see reimbursement for the medical expenses they have incurred since the program began on July 1, 1966. Therefore, as a public service, this newspaper has agreed to publish the following questionnaire for the convenience of those individuals who may need assistance.

**SOCIAL SECURITY MEDICARE QUESTIONNAIRE**  
(For people covered by Part B—Medical Insurance)

1. What were your total medical expenses (doctor bills only) between July 1, 1966 and Sept. 30, 1966? \$.....
2. What were your total medical expenses (doctor bills only) between Oct. 1, 1966 and Dec. 31, 1966? \$.....
3. What were your total medical expenses (doctor bills only) in 1967? \$.....
4. If the totals of 1 and 2 above exceed \$50, have you filed for reimbursement under Medicare? Yes..... No.....
5. If the total of 2 and 3 above exceed \$50, have you filed for reimbursement under Medicare? Yes..... No.....

If your answer to either question 4 or 5 is NO, you may be entitled to reimbursement under Medicare. For additional information, fill in your name and address below and mail this form to Social Security Administration, 912 East St., Frederick, Md. 21701.

Name .....

Street .....

City .....

The law now provides a time limit for reimbursement under Medicare. Claims for medical insurance related to services furnished in July, Aug. and Sept. 1966 must be filed by April 1, 1968.

## The ZIP Column

Another sincere request is stated herewith, concerning the use of proper and complete addresses. We are lagging far behind our goal, to have everyone at our office use complete addresses.

If you will bear with me, I would like to present an example, showing the necessity of complete addresses, and exactly what the Postal Clerk is faced with occasionally:

We may have the following patrons listed:

Charles Doe  
R-1, Box 99  
Emmitsburg, Md. 21727

Carroll Doe  
R-1, Box 282  
Emmitsburg, Maryland 21727

Chester Doe  
R-2, Box 431  
Emmitsburg, Md. 21727

If each one of these patrons neglected to use route and box numbers, and a Government check comes in, addressed:

C. Doe  
Emmitsburg, Md. 21727  
To whom does it belong?

The U. S. Navy Recruiter will be at our office, each Monday at 11:30 a.m., starting next week.

George E. Rosensteel, PM

## Car Run Off Road; Is Demolished

An Emmitsburg man was injured in a single car mishap investigated by Pennsylvania State Police Saturday.

Robert Ryan, 20, Emmitsburg, suffered a cut knee when his vehicle was demolished after it rambled through a guardrail and traveled down a 20-foot embankment in Liberty Twp. on the Sunshine Trail at 8:15 o'clock.

Ryan told police he was traveling west when an unidentified car passed, then cut back sharply in front of him. Ryan said he then lost control of his car. Damage was estimated at \$500 to the auto and \$100 to the guard rails.

## FREEDOM IS LIMITATION

What really is Freedom? Sometimes we give so little thought To an essential thing worthy to note:

Is it to be "free" indeed to use An instrument outside its proper use?

What, we ask, is actually human freedom Considered in Homo Sapiens' kingdom?

We observe that a bird is only as free As it limits its flight in the air And buds will grow with leaves on the tree,

And a sane driver limits himself with care To be right on the road as a rule To keep himself healthy and whole.

Would it not by Nature's evidence sum up What we have in mind to point up

That man's freedom could only be as sure As being "limited" to the perfection of his nature?

—A Figer Vilorio

## ANNAPOLIS REPORT

By Charles H. Smelser  
State Senator

Carroll-Frederick Dist. No. 2

SB 285—Contests and Games—

This would prohibit any contests or games, used for the purpose of promoting or advertising a business or product, where any gifts, prizes, or gratuities are awarded, and the persons receiving these are determined by chance. This would affect gifts or prizes offered, for example, by oil companies and many stores for winners of these well-known contests or games. Many business men have indicated to me that they favor the passage of such a bill, but it is felt that some participants will be opposed to its passage.

SB 295—Interstate Agreement on Qualifications of Educational Personnel—This specifies the powers and duties of certain officials and agencies of the State of Maryland under this agreement and relates generally to the qualifications of educational personnel.

Many teachers over the State have been denied Maryland Certification because they received their teacher education in other states. Some in this category actually have better teaching credentials than required in Maryland. This bill would give all certified teachers trained in other states, who are a party to the Interstate Agreement, the right to teach in any of these states as a certified teacher.

Day Care Centers—I feel that I should make available to my constituents information brought out in a recent budget hearing of the State Department of Public Welfare before the Senate Finance Committee. I am going to discuss Public Day Care Centers and they are not to be confused with the many small private centers which are proving very beneficial to working mothers who pay for the day care of their children. These centers will care for 45 to 50 children between the ages of three to five. Each will be staffed by three certified teachers, three teachers' aides and one director who must have a Master's Degree. The staffing requirements were determined by the Health Department and not by the Dept. of Education, as you might expect.

Seventeen centers have been recommended and are presently in the budget at a cost of \$75,000 each (\$1500 per child), or a total cost of \$1,275,000. The purpose of the centers is to take care of the children of welfare mothers in order that they might get jobs. In my opinion, the cost and personnel required are impractical and I do not intend to lend my support to this program.

## Father And Son Treated After Crash

A Thurmont area father and son were treated at the Warner Hospital last Wednesday afternoon, Feb. 15, after their car was demolished in a \$1,000 two-car accident on U. S. Route 15, three miles north of Thurmont.

Treated was the operator of the car, Austin Richard, 33, Thurmont RI, who suffered a laceration of the scalp and contusions and abrasions of the left knee and his five-year-old son, a passenger, who sustained a laceration of the scalp and forehead. The driver of the other car, Wayne Richard Flowers, 20, Fort Ritchie, escaped injury.

Maryland State Police said that Richard will be charged with making an improper left turn. The accident occurred while both vehicles were traveling north on Route 15. Flowers attempted to pass Richard's vehicle, when Richard attempted a sharp left turn into a private drive and was struck by Flowers' car.

Damage to the Flowers' convertible was estimated at \$1,000 and Richard's 1949 vehicle was a total loss.

During 1968 at least 32,000 villagers will earn food for themselves and their families, a total of 100,000 persons, in CARE Food-for-work projects designed to help needy countries develop local resources.

## Trailer Destroyed By Fire

A vacant trailer on the Hunters-town-Bonneauville Rd. on R5, Gettysburg, owned by Guy Gebhart, Emmitsburg, was destroyed in a three-alarm fire at 5:05 o'clock Monday morning.

Bonneauville firemen responded and asked the assistance of the Bruchtown tank truck and the McSherrystown firemen for exhaust fans. The cause of the fire was not determined.

The trailer was scheduled to be occupied by new tenants this week.

## Two Cars Collide At Zora

A Littlestown area man was treated at the Warner Hospital and an Orrtanna resident was slightly injured in an \$800 two-car collision at the Zora intersection of Routes 16 and 116 at 1:45 o'clock Saturday morning, three miles west of Emmitsburg.

William H. Rittase, 32, Littlestown RI, was treated for lacerations of the forehead; abrasions of both knees and abrasions of the left hand. He was removed in the Gettysburg Fire Co. ambulance. State police said the other driver, Leroy S. Ott, 40, Orrtanna, sustained minor bruises of the head but did not seek immediate treatment.

The accident occurred, state police said, when Ott, traveling east

in his car on Route 16, attempted a left turn onto Route 16, crossing into the path and was struck by Rittase's car being operated west on Route 16.

## St. Joe's Ends Season With Loss

St. Joe's ended its cage season on a sad note dropping a 45-36 decision to St. Anselm's Sunday. The Emmitsburg team had one of its worst shooting days of the year, hitting for only 23 per cent of its shots.

St. Joe's scoring ace, Marty Williams, was held to ten points and hit on only five of 20 field goals.

St. Anselm hit only 30 per cent of its shots, but had three more field goals and foul shots to gain the win.

It was St. Joe's tenth loss of the year against eight wins.

In the junior varsity game St. Anselm also won by 43-31.

## Liners Drop Close One To Linganore

The Linganore High School Lancers broke a 24-24 tie at half time Friday night and went on to defeat Emmitsburg 62-51.

The visiting Liners jumped off to a 13-12 lead at the end of the first quarter, and then Linganore came right back to outscore Emmitsburg 12-11 and tie the score at half.

The Lancers broke loose in the third quarter, pumping in 15

points while holding the Liners to 11. Emmitsburg managed to up their point production to 15 in the final frame but the home team ripped the nets for 23.

Lee Koontz with 11, and Ronnie Weirman with 10, led the Liners, who were playing without their high scorer, Gary Manning, who was out of action with an injury.

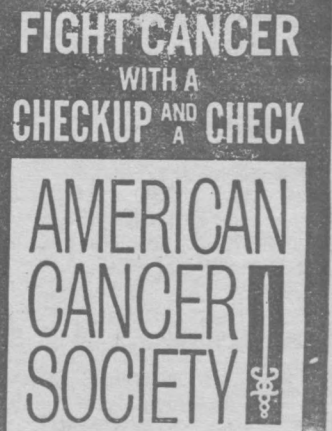

Emmitsburg won the jayvee game 51-44.

## Trojans Complete Successful Season

"Defeat" seems to be a word undefined in the vocabulary of the St. Joe's High Girl's Basketball team. They've driven on through a glorious season of 12 victories and one agonizing defeat. In the past weeks the team has defeated St. Maria Goretti of Hagerstown and St. John's of Frederick. In the latter game, Terry McGucken was high scorer with 18 points. On Monday of

this week the girls defeated the Taneytown team. Peggy O'Brien was high scorer there with 13 points.

Special mention goes also to Miss Jane Knox, the Trojan Girl's coach.

West Main St.

Emmitsburg, Md.

## PUBLIC NOTICE

This space has been donated for use by organizations within the Chronicle News-shed. We invite any organization to use this space and tell the story of its activity to our entire community. For example, next week we will all learn about the plans of the newly-formed Emmitsburg 4-H Club.

We invite your organization to use this space. Please contact us well in advance to avoid conflicts.

Our office is trying to put together a list of all youth activities (6-21) within reasonable travel distance from Emmitsburg. If you or your organization sponsors any youth activity or needs youth to help your activities, please give us all facts. We are interested in civic, organizational, church, school, club, union, political and commercial activities. As soon as the list is completed, it will be turned over to Rev. Fearer for publication.

And if you will pitch in to help any organization or start a new activity—TELL US!

Yours For A Better Emmitsburg
