

ABIGAIL

(Continued From Page 1)

(Demand-pull inflation occurs when there is an excess of demand over supply. By cutting the consumer's buying power, the consumer is less able to bid up the price for products. This was the main defense for a tax increase at that time.) However, rather than research all of the facts behind such a tax increase, the Chronicle went on record as being opposed to it. Perhaps, Abigail should not try to comment on such subjects at all.

This is not a blanket condemnation of the quality of the Chronicle. The paper is superior as "a personal diary . . . of what our friends, family, neighbors are doing and, yes, the garden parties, fish fries and reunions are all a part of it" as the Chronicle Fan said. It reports events that wouldn't be "important" enough to merit coverage by the area dailies. But, again, there is always room for improvement.

I will not be so presumptu-

ous as to tell Mr. Elder how to run his paper. He has worked in the journalistic trade all of his life and it would be very rude of me indeed to tell him how to be a journalist. But, I do think that by listening to various suggestions and heeding them, Mr. Elder could improve his product. He may even be able to avoid some of those "costly" errors that he has made in his quest of finding the pulse of his readers. The Chronicle can and should become a progressive voice of the community and lead, not just report, matters of importance to Emmitsburg. The potential is there . . . let's use it!

Also a Chronicle fan, Jeffrey Valentine

Yellow Pages Authentic

Advertisers in the Telephone Company's Yellow Pages could benefit from a provision in the postal legislation recently passed by Congress.

An amended Federal law now

states that material which appears to be a bill or invoice, but is in fact a solicitation for order of goods or services, is non-mailable matter and cannot be carried or delivered by mail.

C. V. Weakley, manager for the C&P Telephone Company here, said, "A number of our customers have been confused by the mailings about directory advertising circulated by several out-of-state firms. At first glance the forms look like bills and could be paid in error."

The legislation providing protection for the advertiser will go into effect in April.

Weakley pointed out two things for local merchants and professional men to remember about directory advertising.

First, the only authorized solicitor for advertising in C&P telephone directories is the Reuben H. Donnelly Telephone Directory Company.

Second, there is only one place where charges for advertising in C&P directories appear. That place is your regular monthly telephone bill.

Weakley added that a Federal Grand Jury recently indicted two of the groups which had been flooding Maryland with "look-like" directory advertising solicitations.

Conners, Shelly Carr, Donna Needy, Nora Ligorano, Laurel Hewitt, Kathy Stoner and Sheila Chatlos. Wanda Warthen was the Director.

Brownie Troop 1300 presented a dramatization of a story "The Visitor", and sang an Indian song "Navajo Happy Song". Mrs. Betty Ruth Jones is the leader.

Brownie Troop 1164 sang and danced a folk game, "Hey, Little Lassie". Mrs. Anna Bushman is the leader.

Junior Troop 405 sang "America Our Heritage" and "O Beautiful Banner". Mrs. John Chatlos and Mrs. William Slemmer, Jr., help with this troop.

The Cadette Troop 1316 demonstrated some activities from their work on the First Aid, Hostess and Chef badges. Mrs. Robert G. Myers and Mrs. Louis Orndorff are the advisors of this troop. They also sang "Michael, Row Your Boat."

Junior Troop 1238 sang a variety of songs from many countries: "Hello! Hello", "Swinging Along", "Zum Gali Gali", "Swing Low, Sweet Chariot", "All Night - All Day", and "America the Beautiful". The music was led by Mrs. John Strickhouser. Mrs. Richard Toms and Miss Barbara Myers help with this troop.

A colored filmstrip, "It's A Small World," was followed by the singing of "The World Song" and the ingathering of the Juliette Fund. The program was closed by the singing of "Taps".

Special guests who brought greetings were Mrs. Ralph Lindsey, who is the Community Troop Service Director, and Mrs. Edith Foland of Frederick, who is the Area Director.

Announce Birth A/1c and Mrs. Bruce Sprague, Smyrna, Del., announce the birth of a daughter Tuesday. Mrs. Sprague is the former Jane Hawk, daughter of Mr. and Mrs. Earl Hawk; R2, Taneytown.

The Easter Seal Society says that 15,000 occupational therapists are needed to help rehabilitate the nation's handicapped.

CYO Planning Play Here

FREDERICK—What do you do when your C.Y.O. isn't moving as fast as it should?

Fr. Frederick H. Duke, Central Maryland moderator, invited Fr. Norman Perrin, Archdiocesan C.Y.O. director, and some adult advisors to come here to establish stronger ties between the Central Maryland Area and the Archdiocesan Youth Council.

The three-and-a-half hour session last week resulted in a fruitful exchange of problems and solutions and official appointment of two area delegates to the A.Y.C. for the Frederick, Westminster and Emmitsburg parishes.

Club representatives from these communities met with Archdiocesan representatives while C.Y.O. members discussed better coordination, ate pizza and played games. The Advisors headed by G. L. Bailey and his wife, Jean, Charles E. Bonsall, Jr., Francis Burton, and Candy Van Hollen, a student at St. Joseph's College, said they will go "anywhere from Baltimore to Cumberland as often as we're asked."

Baltimore youth was represented by Steve Morgan, Archdiocesan C.Y.O. President, of St. William of York; and Ceil Varacalle, corresponding secretary of St. Michael's, Overlea, Cumberland in the Western Maryland Area sent Karen Karlowa, C.Y.O. Cultural Chairman, of St. Peter and Paul's parish.

Contingents from neighboring Westminster and Emmitsburg headed by Fr. John King of St. Joseph's, also arrived to take part in the discussions.

John Grob, C.Y.O. president at St. John's here, and John Neighbors, president of the Emmitsburg C.Y.O. at St. Joseph Parish, became the official delegates to the A.Y.C.

The two will represent three parishes in Central Maryland — their own and the C.Y.O. at St. John's, Westminster.

The official establishment of area delegates in the Central Maryland area strengthened a vital link between that area and the A.Y.C. The delegates will serve, like others, as liaisons between the council. Their closer connections will also help stimulate greater interest in the central area.

Since it is not so easy for teenagers to come together regularly here and in Westminster and Emmitsburg, the step was a major one.

Although 18 is usually the cut-off for membership, country parishes include older students as advisors or chaperones and encourage them to participate in their activities.

The parish in Emmitsburg, Fr. Parrin found, did not sponsor dances. "There are good teen centers in the area" he said, "and they rely on their religious or cultural activities and get together about twice a week."

The overall result of the meeting appeared to be as Father Perrin saw it:

"These kids came away determined to become a better force for good in their parishes."

The C.Y.O. of St. Joseph's Church, Emmitsburg, is currently planning a play entitled, "Final Dress Rehearsal," by Jack Frakes, to be presented the first weekend in April.

Hospital Report

Admitted Francis Matthews, Emmitsburg. Nadine Sanders, Emmitsburg, R1.

Discharged Mrs. Carroll Keilholtz, Emmitsburg.

Mrs. Allen Bouey, Emmitsburg. William Shorb, Emmitsburg R2. Burt L. Hall, Emmitsburg R1. Infant son of Mr. and Mrs. Donald B. Miller, Emmitsburg R1. Mrs. E. A. Nakhleh, Emmitsburg.

Births Mr. and Mrs. George Arnold,

Taneytown, daughter, Monday. Mr. and Mrs. Cecil Stultz, Fairfield R2, son, Friday.

Mr. and Mrs. George F. Fellows, Emmitsburg R1, daughter, Monday.

Mr. Eugene Warthen has returned to his home here after spending a week with his son-in-law and daughter, Mr. and Mrs. Michael Bobanic, Aliquippa, Pa.

4-H Reschedules Meeting

The Emmitsburg 4-H Club meeting scheduled for Tuesday, March 12, was postponed due to

snow. It has been rescheduled for Tuesday, March 19 at 7:30 at the Emmitsburg High School auditorium.

The major purpose of the meeting is to give the 4-Hers a brief introduction to projects they can undertake. The program, "Projects Unlimited," will be presented by members of the Rocky Ridge 4-H Club who will discuss their projects.

After the program, games will be played and refreshments will be served.

Any boys and girls interested in joining the newly-started 4-H Club may do so by attending the meeting. Mr. George Bruchey is the local leader.

LEGISLATIVE REPORT
FROM
Annapolis
By **GOODLOE E. BYRON**
STATE SENATOR
Carroll-Frederick District

Proposed Maryland Branch School For The Deaf

Senate Bill 274 (Senators Lee and Byron) authorizes the Maryland School for the Deaf at Frederick to establish a branch school for the deaf children in the densely populated area between Baltimore and Washington. David Denton, Superintendent of the School, in testifying before the Senate Finance Committee emphasized that justification of a branch school is based on three

factors — the rapid population growth of the State, the increased incidence of deafness due to a 1964 epidemic of German Measles cases by mothers in the Baltimore City area, and the lack of adequate programs and facilities for the hearing impaired, specifically the deaf, within the public school system.

Today, the Maryland School for the Deaf has an enrollment of 300 to its five day a week facility in Frederick. Plans are in process

to expand to a school population of 500, replacing outmoded academic buildings and providing a modern vocational training program. Mr. Denton emphasized that while the Maryland School in Frederick could educate increasing numbers of deaf students, there would be a positive need for the new branch facility within three years, since it is estimated that there are at least 2000 educable hearing impaired children in Maryland between the ages of 6 and 16.

The Maryland School for the Deaf has shown excellent results in this small area of special education.

It is recognized as an exceptional institutional in the area of education for the deaf in this country and such education would be well served by passage of the proposed legislation.

Racing Continues At Bowie

The final major 3-year-old test for Maryland-bred 3-year-olds is set for Saturday at Bowie Race Course when the \$22,000 added Prince George's Stakes will have its 36th running. The principal rivals in the one mile and one-sixteenth event are expected to be Mildred L. Beall's Martins Jig and Peter Fuller's Dancer's Image, a rivalry which extends to the Laurel meeting last fall.

Dancer's Image holds the edge over Martins Jig in stakes victories but the last named gelding turned up a sharp effort on March 2 in the Francis Scott Key Stakes when he finished second to Clever Foot while the Native Dancer colt was next to last in the seven horse field.

John A. Hersberger's stakes winning Juvenile John is also among the likely candidates in addition to Alfred G. Vanderbilt's Improvisation, Hawthorne Ridge Stable's Tom Carter, June H. McKnight's Taku and Desmond R. Flynn's Eastern Affair.

Dancer's Image took the measure of Martins Jig in the E. Palmer Heagerty and Maryland Futurity. However, Dancer's Image who failed to extend himself in the Francis Scott Key also has stakes victories in the Vandal, Clarendon and Grey.

Martins Jig turned in a vastly improved effort in the Francis Scott Key after a lack lustre effort in the Heagerty. The son of Martins Rullah was beaten less than a length by the highly regarded Clever Foot in 1.10 4/5 for six furlongs. Martins Jig raced without blinkers on this occasion which may have been the answer. Martins Jig captured the Marylandre at the Prince George's distance and would appear the one to beat this weekend.

Juvenile John gained his most

important triumph in the Chalcedon and was also runnerup in the Heagerty.

Improvisation will attempt to give the Vanderbilt stable its second consecutive Prince George's victory. Last year's running was captured by Gala Performance.

Taku was a fast-closing second in a "prep" race last Wednesday and Eastern Affair was third in the same mile and a sixteenth test. Tom Carter was the beaten favorite, finishing fourth after leading to the top of the stretch.

Motorists Urged To Purchase Tags Now

Commissioner of Motor Vehicles John R. Jewell, this week appealed to Maryland motorists to fill in their tag applications as soon as received and return them promptly with check or money order in the self-addressed envelope supplied with their applications.

Stressing the importance of returning the complete 4-part form, intact, to the Department for proper validation before the license portion can be legally used as a registration card, Commissioner Jewell stated "the registration card must be stamped with the 1968 tag numbers and returned with the new tags to the owner's mailing address."

Vehicle owners should carefully examine their tag applications for inaccuracies in name and address as well as serial and title numbers. Comparison with last year's registration card is suggested.

Any discrepancies should be noted on the application form and returned to the Department of

Motor Vehicles for processing. "To avoid delays in receiving delivery of their new tags by March 31st, I strongly urge all motorists to return their completed applications as quickly as

possible." Commissioner Jewell stated "and be sure to supply accurate and complete answers to all questions, in order to prevent having their application returned for lack of proper information."

Patriotism as a WAY TO PEACE

Patriotism is often thought of as a virtue primarily connected with war.

And certainly they are patriots who offer their lives in defense of their country.

But even those willing to bear arms must view the alternatives of war or peace with a deep sense of morality. It was this sense of morality that prompted Pope Paul to plead prayerfully for the end of all wars . . . and the Conference of American Catholic Bishops to issue their Statement on Peace in 1966.

"Citizens," the Bishops' statement said, "should develop a generous and loyal devotion to their country, but without any narrowing of mind. In other words, they must look simultaneously to the welfare of the whole human family, which is tied together by the manifold bonds linking races, peoples and nations."

These "limits on patriotism," the Bishops added, do not rule out a country's right to legitimate self-defense. "And what a nation can do to defend itself," the Bishops added, "it may do to help another in its struggle against aggression."

"We must," the Bishops said, "use every resource available, as a nation, to help alleviate the basic causes of war. If the God-given human dignity of the people of poorer nations is not to become an illusion, these nations must be able to provide for the spiritual and material needs of their citizens. We must help them do this."

Pope Paul, Vatican Council II and the U.S. Bishops all point out that true peace can exist only if the right order established by God . . . and based on the requirements of human dignity . . . can be evolved from the conscience of all peoples, everywhere. The real "balance of power" is in your hands and mine.

To help you put war and peace in a proper perspective, we have just published an easy-to-read, interesting pocket-size pamphlet entitled "PEACE THROUGH PATRIOTISM." We will be glad to send you a copy free upon request. There's no obligation— and nobody will call on you.

WRITE TODAY . . . ask for Pamphlet KC-12.

Prologue To Disaster?
On the National Archives building in Washington is a famous inscription: "What Is Past Is Prologue." The Archives contains the past records of our nation—the Declaration of Independence which in a sense was the prologue to 200 years of American freedom; and the U. S. Constitution, the prologue to the good performance of our unique Republic. Some other documents in the Archives, for instance the record of U. S. foreign policy from 1933 until today, might possibly record a prologue to disaster. In this

series of columns we are examining briefly some of the record.
1959—Castro, with a bedraggled force of bearded revolutionaries, took over Cuba. U. S. foreign policy decisions in the Eisenhower administration had made the takeover possible. Fidel was brought to Washington, wine, dined and proclaimed—although his Communist record and his ties with World Communism were known to key persons inside the State Department. (Three former U. S. Ambassadors to Cuba have subsequently stated publicly that they reported to the State Department that the Castro "Revolution" was a Communist operation.) The U. S., when Castro's force still was a puny threat to the Cuban government, banned sale of armament to Batista and otherwise aided the Red cause. Cuba fell, and in 1962 Castro publicly brazenly announced he had been a Communist all the time; that he had deceived the Americans and Cubans in order to win a Communist victory.

Bay Of Pigs Debauch
1962—An amphibious assault on Cuba through the Bay of Pigs by Cuban exiles, planned and supported by the U. S. Government, aborted, with horrible casualties and disastrous results for all Freedom-loving Cubans. The disaster occurred when vital U. S. support was withdrawn—after the assault had begun! President Kennedy publicly assumed the blame, but important State Department and diplomatic personages (including Senator Fulbright) were involved in the decisions affecting the debacle.
1962—Months after some Senators and other reliable sources had warned the President of the presence of Russian H-bomb missiles and Russian technicians in Cuba—reports that were denied by White House, Defense Department, and State Department officialdom—the Cuban "Missile Crisis" broke with President Kennedy's message to the People (October 22) concerning the danger.
Another One-Sided Deal
The U. S. was poised to invade Cuba by air and sea. Khrushchev, Red Premier, sought a deal with President Kennedy. Finally, a deal was consummated—for the withdrawal of the missiles (with U. N. inspection in Cuba), the U. S. agreed not to invade Communist Cuba and in effect agreed to protect Red Cuba against invasion. The records, part of them in the Archives, prove this. It was a one-sided deal: No U. N. inspection was made of missile withdrawal; No one could be certain that all were withdrawn.
Subsequently, hundreds of Cuban refugees have reported seeing medium and long-range missiles in Cuba; highly reliable sources have reported that tens of thousands of Russians working in Cuba have built a 150-mile long underground Russian fortress, complete with double railroad tracks, and that heavy offensive as well as defensive equipment, including at least medium-range (1,500 miles) H-bomb missiles, are installed, manned by Russian military technicians.
Another Communist Sanctuary
In January 1966, Cuba was officially designated by the Soviet Union and Communist Party organizations in 83 nations in Africa, Asia and Latin America as the world headquarters for training and exporting guerrilla warfare; and, arrogantly challenging the Monroe Doctrine, Cuba is today sending trained guerrilla bands into many South American and African nations. There are reliable reports that guerrilla arms and resources are coming out of Cuba for the revolutionary "Black Power" forces now creating havoc in

the U. S.
1962—U. S. Commitment in Vietnam became substantial. The record shows that U. S. policy under President Kennedy worked toward the deposing of the anti-Communist Ngo Dinh Diem (assassinated), and under President Johnson for a limited, purely defensive "no win" war, creating a sanctuary for Communist ports, supply bases, air fields and other targets and subjecting American as well as South Vietnam soldiers and civilians to a "murderous death toll as the "protected" Reds move South with their "protected" Russian tanks and mortars.

Easter Seals Being Distributed

This week approximately 20,000 residents of Frederick County will be receiving their 1968 Easter Seals, it was announced by John M. Motter, Campaign Chairman for Frederick County. "The mailing of Easter Seals each year is our single most important fund raising effort", Motter said. "Each year the generous response of the public makes possible the direct rehabilitation services which are available to the disabled right here in our own County. These services include speech therapy, physical therapy, summer camping for crippled children, scholarships, and career counseling for students interested in pursuing careers in rehabilitation, and rehabilitation equipment loan services. Unfortunately, each year the number of handicapped is rising in a greater proportion than population growth, and, of course, the need for funds becomes greater each year", Motter explained.
It was announced that this year's goal for Frederick County has been set at \$11,000. In an effort to raise needed funds, several special events are planned during this year's Campaign. These include Lily Day and Coffee Day, both of which are held in early April.
"Unfortunately our seals do not reach everyone and we sincerely hope that anyone not receiving seals would contact the Easter Seal Center in Frederick", Motter said. The Campaign continues through April 14, Easter Sunday.

Career Day Set At Mt. St. Mary's

Michael F. Scheerer, director of guidance and placement, Mount Saint Mary's College, has announced that on Tuesday, April 30, the sixth annual Student Council Career Day will be held at the college.
Under the supervision of the

Maryland 4-H Winners

Two Caroline County 4-H'ers recently returned from a stimulating five days of talks and tours at the 46th National 4-H Club Congress in Chicago's Conrad Hilton Hotel.
Patty Sparks, 15, of Ridgely, and James Voorhees, 17, of Denton, were selected by the Cooperative Extension Service as state award winners in the home economics and conservation programs respectively.
While in Chicago, the youngsters had an opportunity to tour the Field Museum of Natural History and to hear the Chicago Symphony Orchestra. They also went on other tours and exhibits open to them by the sponsors of the congress.
Miss Sparks, daughter of Mr. and Mrs. Earle Sparks, has worked in home economics all of her seven years in 4-H. She was awarded her trip by Montgomery Ward.
She has been active in all phases of homemaking, but she learned important lessons from the consumer education portion. "I've found that you should look for bargains, but don't always buy because the quality of the item might not be what you want," she says.
Voorhees, son of Mr. and Mrs. Edgar Voorhees, was awarded his trip in the conservation of natural resources program, sponsored by John Deere. He has worked on conservation of natural resources for four of his five years in 4-H work.
His work includes proper planting and drainage technique studies, raising of quail and pheasants for releasing and the planting of hundreds of seedling pines of different varieties about his farm.
"Good land management will protect our renewable natural resources for future generations," he says.

Mount's Speakers Committee, headed by Rev. Paul V. Redmond, vice president, the student committee is in the process of seeking speakers in the various career areas: business and industry, government, education, medicine and dentistry, science research, law, communications, fine arts and drama, social work, and religion.
The student committee is headed by freshmen Robert K. Dunn, Bethesda, Md., and Frank A. Pugliese, Trenton, N. J.
The Easter Seal Society spends \$25 million each year to help handicapped children and adults live happy, full lives.

Your Medicare

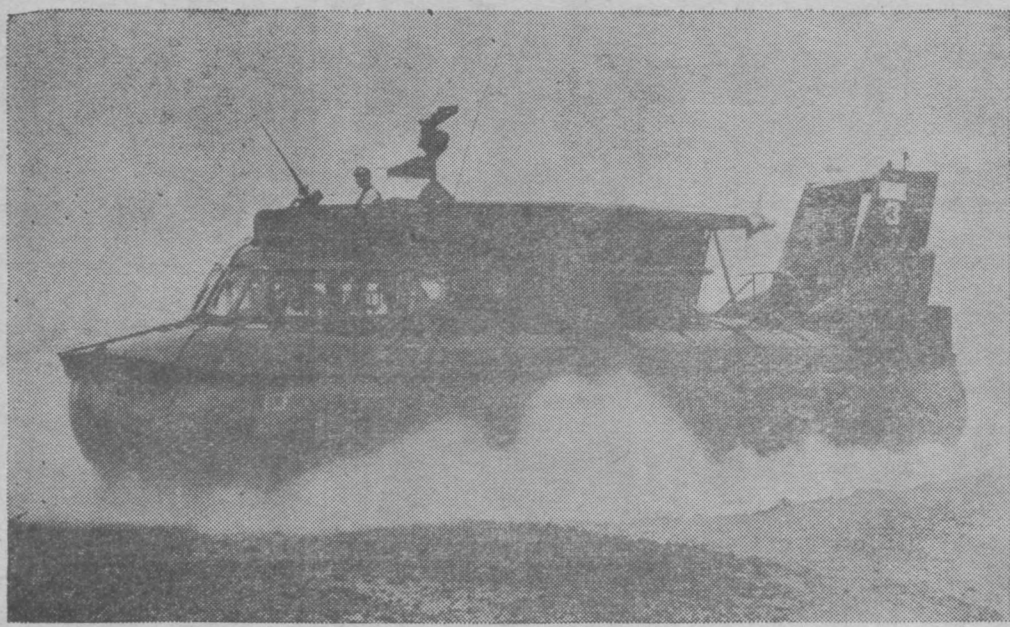

The Social Security Administration has expressed concern that many people in Frederick and Carroll Counties covered by Medicare have failed to see reimbursement for the medical expenses they have incurred since the program began on July 1, 1966. Therefore, as a public service, this newspaper has agreed to publish the following questionnaire for the convenience of those individuals who may need assistance.

SOCIAL SECURITY MEDICARE QUESTIONNAIRE
(For people covered by Part B—Medical Insurance)
1. What were your total medical expenses (doctor bills only) between July 1, 1966 and Sept. 30, 1966? \$.....
2. What were your total medical expenses (doctor bills only) between Oct. 1, 1966 and Dec. 31, 1966? \$.....
3. What were your total medical expenses (doctor bills only) in 1967? \$.....
4. If the totals of 1 and 2 above exceed \$50, have you filed for reimbursement under Medicare? Yes..... No.....
5. If the total of 2 and 3 above exceed \$50, have you filed for reimbursement under Medicare? Yes..... No.....
If your answer to either question 4 or 5 is NO, you may be entitled to reimbursement under Medicare. For additional information, fill in your name and address below and mail this form to Social Security Administration, 912 East St., Frederick, Md. 21701.
Name
Street
City

The law now provides a time limit for reimbursement under Medicare. Claims for medical insurance related to services furnished in July, Aug. and Sept. 1966 must be filed by April 1, 1968.

Buy Bonds where you work.

They do.

Why do our servicemen buy U.S. Savings Bonds? Their reasons are the same as yours and mine: saving for the future, supporting freedom. And because they're fighting for freedom, too, maybe servicemen see the need more clearly than many of us. Buy Bonds. In more than one way, it makes you feel good.
Shares—as a bonus opportunity. Freedom Shares pay 4.74% when held to maturity of just four-and-a-half years (redeemable after one year), are available on a one-for-one basis with Savings Bonds. Get the facts where you work or bank.
Join up. America needs your help.

New Freedom Shares
Now, when you join the Payroll Savings Plan or the Bond-a-Month Plan, you are eligible to purchase the new type U.S. Savings Notes — Freedom Shares
U.S. Savings Bonds, new Freedom Shares

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

Four Beautiful Ways to Start a Conversation

Conversation starter No. 1. The lovely Princess® phone. Especially pleasing in the bedroom. Neat, graceful, takes up so little space on your bedside table. And the comforting glow of its lighted dial at night tells you that help is always at hand should you need it.
No. 2. You'll save time and steps with a smart "out-of-the-way" wall phone. Perfect for kitchen or workroom—wherever you're busy. You can talk all you want and still keep an eye on what's cooking.
No. 3. Something new. The stylish Trimline® phone. Its trim, sculptured shape will add a fashion note to your home. Wherever you put one—den, living room or kitchen—dialing is a breeze. Because the dial is in the handset. It comes to you.
No. 4. Or maybe you prefer the handsome, solid look of the familiar desk set. Appropriate anywhere in the home, but especially right for the desk in your den when household business calls for privacy. Pick out the extension phone that's right for you, today. Whatever phone you choose, you'll find it'll make life at home a little easier all around.
For more information about colors, models and prices, just pick up the phone and call the Telephone Business Office. Or start a conversation with your telephone man. He has all the facts.

D.M.V. REPORT

By D. Murray Franklin
Public Information Officer
Md. Dept. of Motor Vehicles
Planing
Some safety experts call it hydro-planing, some say aqua-planing, others refer to it as just plain "planing". By whatever

term, the condition represents one of the most futile and dangerous situations to confront an automobile driver.
Traveling at high speed, even though it may be below the posted limit, a motorist driving in a heavy rainstorm may suddenly discover that his car is beginning to swerve and slide out of control. Frantic efforts to

straighten the car's direction with the steering wheel will prove fruitless. The wheel simply spins with no response.
Here's what has happened. When the car reached a certain speed... anywhere from 40 mph up, depending on the condition of the tires and the amount of water on the road... the acceleration lifted it up off the road and onto a cushion of water. No longer is there any traction between tires and road paving. Steering and braking controls are completely lost, and the car slides and spins at full speed in any direction, striking other cars or crashing into road abutments or through guard-rails.

oil residue on the road surface combined to create the hazard. After the rain had been falling for some time, it was thought that the heavily washed roads were again safe for high-speed driving. Recent research, however, has disproved the myth that heavy downpours create well-washed roads that are safe to drive at high speeds. It has also provided a reason for the large number of accidents resulting from uncontrolled vehicles in heavy rainstorms.

pay tax on the actual purchase price when the assigned certificate of title reflects the purchase price in two instances and is also signed before a notary public?
Section 29 (b) of Article 66 1/2 sets forth that when the Department shall collect excise tax based upon the purchase price of a vehicle, the Department shall require the submission of a notarized Bill of Sale.

Tipsy Driver Apprehended

Mrs. Flora Betty Bull, Taneytown R2, Monday afternoon entered a plea of nolo contendere before the Adams County court on a charge of driving while under the influence of intoxicants. The Mt. Joy Twp. resident was

given a suspended sentence on condition she pay \$150 for the use of the county and the costs.

OFF AND RUNNING by John I. Day

A Great "Weight Lifter"

Perhaps old dogs can't be taught new tricks, but old horses, particularly Thoroughbreds, can. A striking example of the versatility of horses is Fortune Peter Ryan's Champion hurdle horse Quick Pitch, the winner of six straight races last season and the all-time great "weight lifter" of horses.

the flat. He won 16 races and almost \$180,000, including five stakes events on dirt and turf, before his owner's brother, Barry Ryan, taught him to "make like Pegasus."

The blasé New York racing fans ordinarily don't get very enthusiastic about jumpers, but as his jockey James Mahoney noted, "You'd have thought it was Kelso running" when he came through the stretch in the Rouge Dragon to a standing ovation from the crowd.

Quick Pitch is a spritely 7-year-old chestnut gelding and, unlike the majority of horses converted to jumping, he was considerably "better than an empty stall" while running on

Having proved himself without competition among American hurdlers, he may go to England this spring, or he may take on the Steeplechasing division here.

Whether the rain is a light mist or a heavy downpour, precipitation in any form creates a new combination of additional hazards which test the skills of the most seasoned driver.

Slow down when it rains or snows. Safe driving can only be assured when the vehicle is under complete control of the driver and full traction for braking and steering is constantly maintained.

DMV MAIL CALL
Why must I submit a separate notarized Bill of Sale in order to

From CEA, Frederick: I was revoked in 1956 for driving while drunk. Can I have my driving record destroyed?
Sorry, No. Your driving record is a permanent record, under existing law.

You may appear at DMV's Headquarters Building and obtain a copy immediately or write to: The Certified Copy Unit, Division of Driver Licenses, Department of Motor Vehicles, 6601 Ritchie Highway, N.E., Glen Burnie, Maryland 21061. The fee is \$1.00 for each certified copy. You must provide your full name, including your full middle name, date of birth, and driver's license number.

From CEA, Frederick: I was revoked in 1956 for driving while drunk. Can I have my driving record destroyed?

Big Day for Buffy

"BUFFY"—Nine-year-old television performer Anissa Jones walks down the Pentagon steps with Col. Elizabeth P. Hoisington, Director of the Women's Army Corps. Colonel Hoisington appointed Anissa, who plays "Buffy Davis" in the national television show "Family Affair," an honorary WAC member with the grade of Private. A citation presented to "Buffy" said the appointment recognized her "outstanding public service in providing entertainment of variety and value to the United States Army and the American Public." The citation continued, "In your role on the television series 'Family Affair' you exemplify the finest qualities of good citizenship anticipated from members of the Women's Army Corps and from all young women in America today."

Speech therapy is available to children and adults at the Easter Seal Center in Frederick.

BABSON'S POINT OF VIEW

Language Barriers
BABSON PARK, Mass., Mar. 14—Communications and transportation developments continue to make our world smaller and to knit the whole human family into closer patterns. But differences of language still present formidable barriers to economic progress, education, understanding, and peace. For the languages and dialects of the world number into the many hundreds. Indeed, 135 of them are each spoken by at least one million people.

Diverse Tongues
 Because of the great diversity of tongues within her borders, India had to write her Constitution in 14 languages. Misunderstandings arising from language differences are rife throughout India and quite common in Communist China where many millions neither speak, nor understand, the official Mandarin but converse in other tongues such as Wu, Min, Hakka, and Cantonese.

In France, German is the dominant language in a number of the border towns, some of which, down through the centuries, have at times been under German rule. On the Franco-Spanish border, sizable num-

bers of Catalan-speaking people have settled. And in Spain itself, fierce political difference—stemming in part from language barriers—features everyday relations between the Catalan-speaking inhabitants of the Northeastern sector and the rest of the nation. While, by contrast, Italy is fairly free of serious language troubles, Romans often have a time making themselves understood in places like Bologna and Naples.

Canada And Belgium
 During much of this century, the English-speaking majority and the French-speaking minority in Canada have squabbled over language and its use in business, in schools, in parliament, and in courts of law. The French in Canada are still agitating to obtain for their language equal status with English, in a struggle which has threatened to jeopardize Canadian federation. A recent accord may ultimately solve this problem . . . but it must still be implemented.

In Belgium, over the past several months, the whole nation has been racked by a language war between Flemings and Walloons that at length resulted in the fall of the Bel-

gian Cabinet. One of the glories of tiny Belgium is the prestigious University of Louvain situated in the Flemish-speaking sector. Bi-lingual since its founding in 1423, the university is now rent as the dominant Flemings press for expulsion of French-speaking students and faculty . . . charged with importing French culture into Flanders!

Spanish- And Portuguese-Speaking Americans

Nothing so jars a tourist from the United States, proud of the title "American", as the term "North American" with which he is constantly greeted in Central and South America. And in these Latin lands, so vast in population, resources, and potential, yet so backward in social progress, lack of knowledge of Portuguese and Spanish is the rock on which a great many of our well-meaning and often expensive efforts to aid these peoples has foundered. "Every language," wrote Oliver Wendell Holmes, "is a temple in which the soul of those who speak it is enshrined." Until we become fully cognizant of this with respect to Latin America, and act accordingly, we just aren't going to make the progress in hemispheric solidarity which is so urgently needed.

A Second Language Is A Must

All of this points up the fact

that a second language, at least, is a must for American students of today. If your children show any interest at all in the Spanish and Portuguese influence in the founding of this New World . . . or in the plight of the Latin American nations still steeped in poverty, disease, and in some instances virtual

slavery, encourage them to study the languages of this vast continent.

But even if your children never do go to foreign lands knowledge of, and facility in, a second language will broaden their horizons and make them better and more useful Americans.

each person aboard a vessel. Maryland boaters should check their lifesaving devices to be certain they are in good condition and are approved under the new Coast Guard regulations. Also, when purchasing new lifesaving equipment, boaters should be sure that the item is manufactured under Coast Guard approved specifications and carries an approval number.

Since 1956 more than \$2.5 million has been spent by the Easter Seal Research Foundation for projects to fight crippling.

Certain Life Preservers No Longer Accepted

The United States Coast Guard has withdrawn approval of certain types of life preservers, according to information received from the Coast Guard Headquarters in Washington, D. C., the Department of Game and Inland Fish announced today.

No longer accepted are vinyl coated unicellular plastic foam life preservers with a solid bib front. These preservers were taken off the approved list when tests revealed they became stiff and hard to put on in cold weather. The head opening couldn't be stretched enough to easily slip the preserver on.

The same type of plastic foam preservers, not slit in front, but covered with cloth, will no longer be approved but are acceptable as meeting Coast Guard requirements if they are in good condition.

Te only vinyl coated unicellular plastic foam preservers that are both accepted and approved are split in front and have a revised body strap arrangement. The body strap keeps the front halves together when the preserver is worn. Low temperatures do not affect these preservers. Maryland boating laws call for the carrying of at least one Coast Guard approved life-saving device for

INVITATION TO BID

You are invited to bid on a General Contract including mechanical, electrical and site work for a single story elementary school, Waverly School, Frederick County, Maryland. All proposals must be on a lump sum basis on the forms provided.

The Frederick County Board of Education will receive proposals until four o'clock Eastern Daylight Savings Time, on Tuesday, April 2, 1968, at the office of the Frederick County Board of Education, 115 East Church Street, Frederick, Maryland. Proposals received after this time will not be accepted. All interested parties are invited to attend. Proposals will be opened publicly and read aloud.

Drawings and Specifications may be examined at the Architect's office, Bushey, Chapman, Burray, 49 Summit Avenue, Hagerstown, Maryland and at Associated Builders & Contractors, Inc., 239 South Potomac Street, Hagerstown; at the Building Congress & Exchange, Inc., 2031 North Charles Street, Baltimore; at the Plan Room, F. W. Dodge Corporation, 6600 York Road, Baltimore; or at the office of Scan Photronix, 7981 Eastern Avenue, Silver Spring, Maryland.

Bonafide bidders may obtain Drawings and Specifications at the office of Bushey, Chapman, Burray architects in accord with the Instructions to Bidders.

Bid Security in the amount of (5%) of the Proposal must accompany each Proposal in accord with the Instructions to Bidders.

The Frederick County Board of Education reserves the right to waive irregularities and to reject Proposals.

BY ORDER OF THE BOARD OF EDUCATION OF FREDERICK COUNTY.

JOHN L. CARNOCHAN, JR. Secretary-Treasurer

There's A Diet To Fit Your Need

The American public is now well aware that any effective weight control program must include dieting.

Hundreds—perhaps thousands—of different diets are presented to us. Most are billed as a "sure-fire" means of trimming off excess pounds.

The American Medical Association's home health book, "Today's Health Guide," points out that weight can be lost on virtually any dietary plan, good or bad, that ensures a caloric intake less than energy used. It is apparent, however, that many diets are only temporarily effective and do not promote the fundamental purpose of permanent weight loss.

Reducing diets, ideal weight charts, calory-counting tables are available almost everywhere. It is our purpose here to discuss briefly some principles of the good reducing diet.

- The diet should be individualized in harmony with income, national origins, religious principles and personal circumstances.

- The diet should be practical, consistent with work patterns and other everyday obligations and responsibilities.

- The diet should be balanced, and in conformity with good nutritional practice.

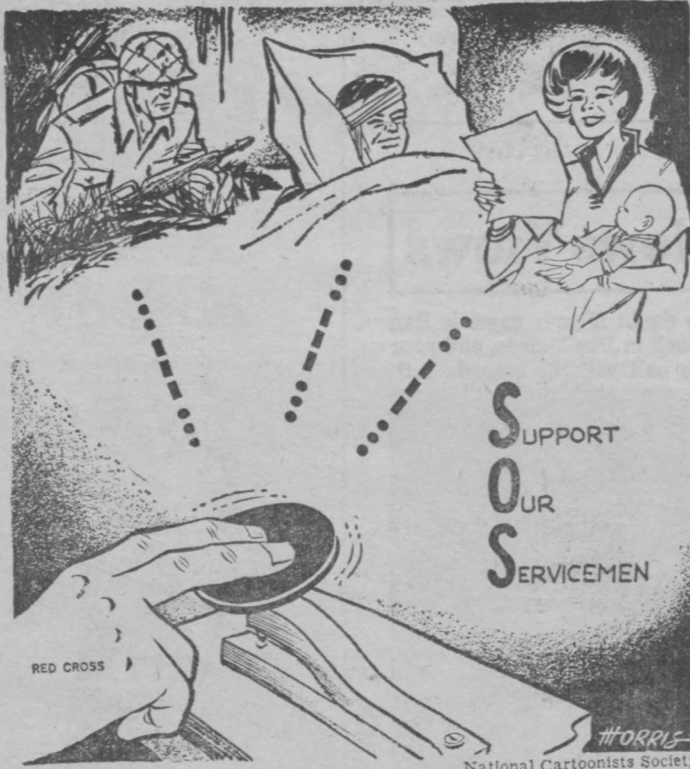

- The diet should be a pattern for life, not just for the period of weight reduction.

Generally, physicians do not recommend the crash diet in routine weight reduction. Instead, they are more likely to prescribe a diet aimed at a gradual weight reduction over several months.

It usually isn't necessary to go hungry while dieting. Your physician can help you work out a diet that will be satisfying and at the same time permit you to lose weight.

GET THE MESSAGE?

Hot-Line To Those At Home

In this country, March is Red Cross Month, the period during which we salute and support the organization which contributes so much to the nation's welfare. But in Vietnam, as General William C. Westmoreland said recently, "every month is Red Cross month."

"Serving our men on the battlefields here in Vietnam," he added, "the American Red Cross is a hot-line to the folks back home, an oasis in the heat of battle, and a comfort during hospitalization. Dedicated field directors work 24 hours a day alongside our fighting men."

Also among the 350 Red Cross workers on Vietnam duty there are hospital social work and recreation specialists, and 110 Red Cross girls who operate a growing fleet of clubmobiles and 18 popular recreation centers where the troops can get away from the war for an hour or two.

Through our own local Red Cross chapter, we support and are part of the vast network that provides these services in Vietnam and Korea, and to the men and their families here at home and in the 28 other countries where U.S. troops are stationed. The Red Cross aided one out of every three military men and one out of every two service families last year. Its accomplishments in helping disaster victims, providing blood for the ill and injured, and training millions in safety and good health practices were equally impressive.

This year the Red Cross faces a critical financial situation due to the increasing demands for aid to armed forces members and the continuing drain made by costly disaster relief operations. To serve the American people in 1968-69, the organization must raise \$121,624,000, its largest fund goal since World War II. During March, ARC chapters which have not yet reached their goals will be campaigning for funds. These goals must be achieved.

Aside from its other works of mercy, as General Westmoreland says, there is no better way we can aid our men on the battlefields than by supporting the Red Cross. It urgently needs a helping hand. Let's give it

Will Receive Honor Medal
(Continued From Page 1)
sional education and was awarded the Ph.D. in Psychology from the University of Pennsylvania.
In 1929 her husband established the Rutgers Psychological and Mental Hygiene Clinic, which provides a variety of services to the people of New Jersey. About a thousand persons from all parts of the State came each year for psychological examinations, therapy in reading or speech, or for behavioral or personal problems.
Throughout the term of her husband's directorship, she assisted him and, in 1944, was herself appointed director of the clinic and full professor of psychology at Rutgers.
In 1954, upon the 25th anniversary of the clinic's founding, a symposium of distinguished psychologists was held on the "Assessment of Man." Dr. Starr was presented with the Rutgers Award for "distinguished professional service."
Since 1954, she has served as consultant psychologist for Catholic Welfare Bureau, department of adoptions, in the diocese of Trenton. She is also past vice-president of the New Jersey Board of Child Study Center, past vice president of the New Jersey Society for Crippled Children and Adults, and consultant for the Raritan Valley Retarded Children Center, which has recently been renamed the Anna Starr Independent Living Center in her honor.
In 1957, she was presented with the Mercy Medal by Georgian Court College for "scholarly attainments and service to others through the practice of works of mercy."
Dr. Starr is a member of several learned societies, and is listed in American Men of Science, American Women, Who's Who in Education, and is a Fellow in the American Psychological Association with diplomate-in-clinical-psychology status.
This year's presentation marks the eleventh annual Marillac Award Convocation, through which the American Community of the Daughters of Charity pay tribute to St. Louise de Marillac, proclaimed patroness of the works of social welfare in 1960 by the late Pope John XXIII.
Past recipients of the Marillac Medal are: Sister Mary Basil, Councillor of the world-wide community of the Sisters of Charity; Alice R. May, Baltimore, Md.; Mary A. Dixon, Washington, D. C.; Clara S. Fowler, Richmond, Va.; Mary S. Giordano, New York, N. Y.; Mary T. Smith, Newark, N. J.; Mary T. Lowery, Philadelphia, Pa.; Honorable Genevieve Blatt, Harrisburg, Pa.; Sister Marie Patrice, R.S.M., Belmont, N. C.
Guidance in career and rehabilitation is available at the Easter Seal Center in Frederick.

Senior Citizens Hold Board Meeting
Thursday, March 7, at 1:30 p.m., the members of the Board for the Senior Citizens of Emmitsburg met for the regular board meeting at the home of Mrs. Francis Adelsberger, with Mr. George Mellor presiding. The minutes were read by the secretary, Mrs. Elizabeth Nester. The financial report was given by Mr. Louis Stoner, treasurer.
Plans were made for future programs and events for the Senior Citizens Club in the coming months. Among them, a talk by a Washington County Director-Coordinator on a timely subject; a talk on birds for one of the spring months; a trip by bus to the Flower Show in Washington, D. C., and other interesting meetings and tours in the future such

as a spring picnic to be scheduled soon.
Classes for rug making, supervised by Mrs. Alice Gregg, are being arranged, as is another class for those interested in Art. The Spanish class continues each week with Dr. Erma Gonzalez instructing. The group of bridge players meets weekly at the Center with plenty of room available for more interested individuals on Wednesday afternoons from 1:30 to 4:00 p.m. Many other beneficial plans and events are in the offing, so everyone who now are members, as well as the many who have been too shy about joining the happy group, better get their ducks in a row and take advantage of these delightful happenings.
After the completion of business, the Board members were served delicious refreshment by Mrs. Francis Adelsberger.

The ZIP Column

Due to several incidents of last week, I feel that this important reminder is necessary.

Mailboxes are protected by Federal Law, and pranksters or vandals who damage or destroy the boxes and their contents may be in for a heavy fine or imprisonment.

A quotation of the law, reads: "Whoever wilfully or maliciously injures, tears down, or destroys any letterbox or other receptacle intended or used for receipt or delivery of mail on any mail route, or breaks open the same or wilfully or maliciously injures, defaces or destroys any mail deposited therein, shall be fined not more than \$1,000 or imprisoned not more than three years."

This law applies to all mail receptacles and the mail in them, even though the boxes are bought by citizens and are their personal property.

George E. Rosensteel, PM

Writer Differs With McGucken Opinions

Editor, Emmitsburg Chronicle:

I am writing this letter with the complete understanding that the Honorable Patrick McGucken, (to whom this letter is primarily aimed), will certainly reply. Be that as it may, I will nevertheless continue. I have been very interested in Mr. McGucken's viewpoints on everything from heart transplants to the Vietnam Conflict. At first I read his articles with amusement, but lately the comedy of it all has turned to pity. Yes Mr. McGucken, although I've never met you, I certainly feel sorry for you. What happened to you that made you so bitter and critical about everything? Just because you couldn't play on the "Good Ship Lollipop" with Mrs. Shirley Temple Black, that is no reason for you to lose your cool. Just for a minute let's consider all of the outstanding accomplishments that you have made through your letters. To begin with, your greatest achievement to date has been the complete "crushing" of a teenage girl in her defense of Dr. Christian Bernard, who is merely a great medical doctor and humanitarian. (Good show Pat). From there you advanced yourself by ripping the young girl's mother. We were all very proud of you that week! Then came the ultimate—your degradation of the United States government. Surely you know far more about the running of a war and the establishing of a central government than those "mislead fools" in Washington!

You have personally been a big aid to me too. I always thought that actions spoke louder than words, but I guess that I was wrong. It's too bad that you weren't around in the 18th century. You could have saved Paul Revere that tiresome ride. Surely, you would have advised him to put a statement in the weekly "Boston Broadcaster" that the British were coming.

I won't take up any more space in the Chronicle, because all of the available space should be provided for your literary masterpieces. Maybe someday you could get fifteen minutes a night on world-wide television to give your much-needed advice to the people of the world. Moreover, maybe the president would let you comment during his press conferences. Even better, why not write to the Pope and persuade him to let you speak after his annual Christmas message to the world. Who knows, maybe someday people will be quoting your sayings like they do the teachings of Confucius today.

Just one more thing, (for what little it means), when you run for "Emperor of the World", you've got my vote, but after that be contented, and don't try to overthrow GOD himself.

With the Greatest Respect and Admiration,
Robert J. Ulrich, Sgt., USA
Robert J. Ulrich, Sgt., USAF, Clinton-Sherman AFB, Oklahoma

P.S.—One final request—would you please give us your opinion on the upcoming purple pumpkinlike radish crop on Pluto? Your readers will be setting on the edge of their seats with anticipation.

VFW AMBULANCE
Harry S. Kramer, Emmitsburg, and Charles Bowers, Hagerstown, were transported this week via the VFW ambulance to the Warner Hospital, Gettysburg. Mrs. Burhman, Thurmont, was taken to the Frederick Hospital and Dolores Kreitz was returned from the hospital to her home on Kellaugh Road. John Ott, struck by a car while bike riding, was taken to the office of Dr. Morningstar. Drivers were Paul E. Humenick, Michael Boyle, and James Kittinger.

Fire Co. Orders New Rescue Truck

President James E. Fitzgerald presided at the regular monthly meeting of the Vigilant Hose Co held Tuesday evening in the Fire Hall.

Fire Chief Guy R. McLaughlin reported the company had responded to eight alarms since the last meeting. A standard and advanced First Air Course will be given at the Fire Hall, by the Red Cross, starting April 1. Classes will be called at 7:30 p.m. and will continue for about 10 weeks. All active firemen are urged to take the course.

The president announced the company has ordered a new service and rescue truck. This vehicle will be equipped with a four-wheel drive and have a service and rescue body built by the Antietam Body Co. The vehicle will be a Ford, and will replace the 1953 truck now in use by the company. Arthur Damuth, chairman of the truck committee, reported he expected the vehicle to arrive here in the near future. Also ordered purchased was a quantity of three-inch hose.

The quarterly meeting of the Frederick County Firemen's Assn. will be held in Middletown on April 18. Eugene Myers, FD license tag chairman, reported that 38 sets of plates had been ordered. The FD license series has been reserved for the active firemen in Maryland.

VFW Auxiliary Meeting Held

Catherine Hodge, president, presided at the regular meeting of the Ladies Auxiliary to Emmitsburg Memorial Post 6658, Veterans of Foreign Wars last Thursday evening. Twenty-nine members were present. Bills were presented and Communications read. A new member, Madeleine Harn-

er was voted into the Auxiliary. As a Loyalty Day project, the Auxiliary will purchase a flag for a Girl Scout Troop that does not have one.

The Auxiliary has purchased four hospital beds, tables and stands, to be loaned to the people of the community that might need them.

A donation of \$20.60 was made to the Red Cross S.O.S. Members of the Auxiliary are preparing packages to be sent to local servicemen in Vietnam. Anyone wishing to contribute either articles or money to purchase the articles, may contact Mary Topper, Mary Bowne, Evelyn Ott or Rita Byard. Mary Bowne will serve refreshments next month. The door prize was won by Marie Long.

Anna Mae Otto, President of District 7, made her official visit at this meeting.

Homemakers Have Four Guests

The regular monthly meeting of the Homemakers was held at the home of Mrs. Lester Nester, with

nineteen members and four guests present, Miss Verra Dorn, Mrs. Fern Baker, Mrs. Gary Morrison, and Mrs. Harry Hahn. The project of the meeting was chair caning, directed by Mrs. Luther Cregger and Mrs. Charles Harner. As the chairs were not completed during this meeting, a special meeting will be held at a later date.

The 46th annual meeting will be held March 30, 1968 at Hood College. Vice president and director for the county will be elected at this meeting. For tickets or further information contact Mrs. William Slemmer, Jr. at this number: 447-2268.

A sewing demonstration is now being planned. Three members are attending classes in Frederick under the direction of the Extension Homemakers Service of the University of Maryland, in preparation for this project. You need not be a member to attend. If you are interested in learning to

sew, we will teach you.

The next regular meeting will be held at the home of Mrs. John Chatlos, March 28, 1968. "Interior Decorating on a Shoe-String Budget" is the topic for the meeting.

Choir Honors Director

Mrs. Donald Eyerler was the honored guest at a surprise birthday party given by the Children's Choir of Elias Lutheran Church on Monday evening following their rehearsal. Mrs. Eyerler, who serves as Director of the Choir and is organist for the Church, was the recipient of a gift from the children and their mothers.

Miss Mary Jayne Saylor, a member of the Choir, also observed her birthday the same evening with a cake and candles provided by Mrs. Robert Saylor for the

joint birthdays of Mrs. Eyerler and Mary Jayne.

Those present included: Mrs. Donald Eyerler, Mary Jayne Saylor, Lebra and James Small, Carol Saylor, Dennis Adams, Douglas and Peggy Long, Patricia Eyerler, Debra Rohrbaugh, Lori Ginter, Todd Leatherman, James P. Saylor, Ann Umbel, James A. Saylor, Valerie McCleaf, Randy Smith, Robert and Deborah Leatherman, Vickie Saylor and Michae Olinger.

Others present included: Mrs. Donald Leatherman and Brenda, Mrs. Thomas Wantz, Mrs. James Small, Mrs. Robert Saylor, Pastor and Mrs. Ronald Fearer and Daniel, Mrs. Herbert Rohrbaugh and Beatrice Umbel.

Give Blood

One hundred and seventy-two pints of blood were donated at Mount Saint Mary's College during the annual visit of the American Red Cross Bloodmobile on Thursday, March 7.

According to Mr. George Gelles, assistant director of the Student Union, this is nearly twenty-five more donors than last year.

Donors included not only collegians but seminarians, staff members, and local area residents. Planning for this, the sixth annual visit, was under the co-chairmanship of Robert K. Dunn, freshman, Bethesda, Md., and John T. Everett, Jr., freshman, Baltimore, Maryland.

As advertised in LIFE

Stereo components for nomads.

Closed up and packed aboard your camel (or station wagon), they look like an ordinary portable phono. But at the end of your journey, when you open them up and plug them in, you have real stereo components. Powerful Solid State dual channel amplifier, twin High Fidelity speakers in each enclosure, component caliber V-M "Stere-O-Matic" record changer, component sound—all portable. Step up and take yours away. At our carry-out window.

Only \$129⁹⁵ Effendi.

The Voice of Music

Stereo with wanderlust, just \$99⁹⁵

Trim style, husky case, solid state circuitry make it travel like a trouter. V-M "Stere-O-Matic" record changer included. Detachable speakers separate up to 16 feet for great stereo sound. Handsome enough to be happy at home.

The Voice of Music

V-M "travlin' music" under \$100!

Lots of ways to go portable by V-M. All of them look and sound like they ought to cost lots more. Here's one that's Solid State, with twin stereo speakers, and the fine V-M "Stere-O-Matic" record changer, under \$100. Well under.
