Most Anything At A Glance

- By Abigail -

President Johnson's unexpected and startling announcement early this week that he would not be a candidate for re-election really sent us spinning. However we were not the only ones surprised. As a matter of fact, the whole world was rocked by this entirely unexpected action. For a few seconds we were actually stunned and thought maybe we hadn't heard him correctly. It must have been so with the television people also because they immediately began putting on instant replays of the section of the speech where the President made his stunning disclosure that he was going back to his Texas ranch. His action could easily have been the catalyst that brought swift action from the North Vietnam government, to begin peace talks. If these talks should prove fruitful and beneficial then there is no doubt that President Johnson did the right thing and we are perfectly willing to sacrifice him as an expendable. But, should the talks prove to be just a stall for more time by our enemy, then we will realize that we have lost a valuable leader in vain. Let's hope and pray that nothing but good will materialize from the President's action.

And speaking of elections, our very own Town Election is sneaking up on us quite rapidly. As a matter of fact, you have exactly just two weeks to file for office or register to vote. Why put it off? With three vacancies on the Council open this year we were glad to see some interest injected into the election this week when two candidates filed. Now all we have to do is round up a candidate for Mayor and we'll have a ticket. To date none of our present incumbent officials has filed and are apparently playing a waiting game. Then again, perhaps they have had enough... we'll know the answer shortly. There is any number of qualified individuals around Town for these jobs but the fact that they don't own property bars them from holding office. I never could see this archaic system. It apparently has only one good point in its favor and that is that it perhaps helps to make a taxpaying office holder think twice before he spends taxpayers money imprudently. Otherwise there is no validity in having this requirement of owning property. Eliminate this section of the election law and I guarantee you we'll have opposition for every office every year.

Efforts to get our swimming pool project off the ground are making good progress and the time has now come to ask for organizational support of the venture. Most have expressed satisfaction with the plan and it has now come to the point to ascertain just how much, if any, money for the project will be forthcoming from our local groups. Without their support the project more than likely would be a "dead" duck. The spirit of the committee is good but it has gone as far in the planning stage as it can and now the financial angle must be ironed out. We sincerely hope that all local organizations will give every consideration to this commendable community project so the committee can push on to its ultimate goal... a community recreational area!

Senator Coming To Emmitsburg

State Senator Goodloe E. Byron of the Carroll-Frederick District has announced that on Saturday, April 6, 1968, he will tour Carroll and Frederick Counties.

He will be in the Emmitsburg area of Frederick County at 2 p.m. In Carroll County he will be in the Westminster Shopping Center at 3 p.m. and the Eldersburg Shopping Center at 4 p.m., to meet with Carroll County residents.

At 5 p.m. he will be at the Frederick Shopping Center to meet with Frederick County citizens.

We know a man who lives in a two-story house—his version and his wife's, of everything that happens.

Town Plans Extension Of Water Line

All members of the Town Council were present at the regular monthly meeting held Monday night in the Town Office, Chairman of the Board Quinn F. Topper presiding. In addition, the town Attorney, Fred Bower, was present, along with Police Chief W. E. Law.

A proposed ordinance to the Police Code was adopted thereby repealing a section of the code and re-enacting another. Council discussed the purchase of a small lot on N. Seton Ave. owned by Mrs. Hattie Wantz. An offer to buy was made but has met with no response at this time.

A complaint concerning water entering the basement of a house on DePaul St. was discussed and it is believed that the seepage is coming from an abandoned septic tank at the property. A request by Mrs. Mary Krom to locate several trailers on her property on W. Main St. was denied by members of the Council. A proposal to have the Town pay medical and accidental insurance for the Fire Company, in the amount of \$480 annually, was voted down.

The Town Fathers have called a special meeting for Saturday to discuss water rates for customers outside the corporation limits. Sister Margaret Hickey, treasurer of St. Joseph's Provincial House, will be present at the meeting to discuss the rates. The Council discussed and approved the extension of the water line out the Mountain Road to the Charles Smith property. Mr. Smith will bear the cost of the extension and the Town Attorney has been instructed to draw up a legal agreement. Sewerage for outside the corporation limits was discussed by the Council and it was decided at this time to remain within the confines of the Town limits.

At a special meeting of the Council, called March 29 for the registration of new voters and those wishing to file for Town offices, 22 new voters were approved or certified. Mr. Charles Smith was present and asked for water to be extended to his property on Mountain Road outside the Town limits.

At this special meeting, a request for a permit to hold a parade in Emmitsburg by the Student Council of Mt. St. Mary's College, following the Student Council election, was discussed and the permit was denied. A letter was read from the Emmitsburg Chamber of Commerce on beautification of the Town.

Police Chief W. E. Law's monthly report to the Council showed: Vehicle arrests, 20; nine warnings issued; two accidents investigated; one suicide investigated; two breaking and entering complaints answered and one larceny case handled; two trips to Frederick; nine day complaints and 13 night calls answered. Days off numbered four, days worked 27, and the average hours per day worked, 15.5.

Engaged

Mrs. Dorothy McClain of Bethesda, announces the engagement of her daughter, Susan, to Robert M. Spaulding, son of Mr. and Mrs. Ernest J. Spaulding of Bethesda.

Miss McClain is teaching in Rockville, Md. Her fiancé will graduate from American University in June. Miss McClain is the daughter of the late Charles McClain of Emmitsburg.

Mrs. Genevieve R. Elder, who has been spending some time visiting her daughters in Silver Spring, Md., has returned to her home here.

Many people see themselves as others see them—they just refuse to believe what they see.

Says College May Be Older

Editor, Emmitsburg Chronicle:

Now that we have largely settled the origins of our Doughboy Monument, several old mills, and other places of interest, may I earnestly invite you, and your readers, to turn your attention, with me, to another place of local interest and mystery... Clairvaux.

Chapter I

This obviously ancient manor house, at the intersection of U. S. 15 and Motter's Station Road, may be as old as 1757, for I have been privileged to see a plat, now in the possession of Mr. John Cunningham, that bears this date and the name "Clairvaux". As we know, the village of Clairvaux in France was the center of the Cistercian order.

Even so, I concede that Mr. Cunningham's plat may have been prepared at some date later than 1757, by which time the name "Clairvaux" had come to be applied to the Clairvaux plantation. I make this concession for convenience because, in so doing, I find support for a little speculation concerning Clairvaux which I shall now throw out:

During the winters of 1802-3 and 4, a congregation of Trappist Monks, newly arrived from France, established themselves on a farm half way between Gettysburg and McSherrystown that was owned by the Sulpician order in Baltimore; which order, five years later, was to found Mt. St. Mary's College. This Adams County property, variously referred to in the history books as "The Seminary Farm," "Friendly Hall," and "Pigeon Hills", was while occupied by the Trappists, used in conducting a school for the youth of the area, and for "boys whom the Trappists had brought with them from Europe (most of them Hollanders)" Chapters in *Frontier History*, Garrigan S.J., Bruce Publishing Company, 1934.

Because many of the students were recalcitrant, and inclined to run away, and for other pressing reasons, the Trappists soon abandoned their Pennsylvania refuge and pressed on to Kentucky, and later to an area close by what is now East St. Louis, Illinois. Here the monks constructed a log monastery and school on the sides of an enormous indian mound which has ever since been called "Monks Mound". The monks remained at this prairie domicile, conducting a school and other enterprises for about five years. Finally, in October 1813, Bonaparte went down in decisive defeat at Leipzig and the monks began to think of returning to France.

Father Garrigan reports that during their return journey to the east the monks made temporary stops at Pittsburgh, in Maryland (where?), and in New York City; all the while torn with indecision as to whether to remain in America or return to France.

We all know (or are about to learn), that while our own local Mt. St. Mary's College was founded, in a formal way in 1808 by Father Du Bois, this ancient institution has roots that are older still. We know, for instance, that the roots go back at least to 1805, in which year, Father Dihet, one of the Baltimore Sulpicians travelled to Pigeon Hills and established there an "Anglo-German seminary". Supposedly, this venial institution was root stock to the present Mt. St. Mary's... the very first beginnings. I wonder though if Fr. Dihet did not, in a moment of weakness, with or without an eye to history, some what overstate his case? Considering that his account was written 3-5 years afterward, while aboard ship returning to France, it is easy to think that he simply forgot that his superiors had in fact sent him to Pidgeon Hills, not to found a new school, but simply to take over the operation of a school that was then in being, and which Trappist Monks were at that very moment preparing to abandon! I think it not unreasonable to assume that Trappists planted the crop... at Clairvaux... or at Pidgeon Hills, from which the Sulpician seed corn itself was later harvested.

In reporting of the Trappists at Monks Mound, Father Garrigan says: "In the history of this great commonwealth their names may be said to be written on water, were it not that at least the outstanding fact of their one time habitation in St. Clair County (Illinois) is guaranteed against oblivion in the historic name of Monks Mound." Using Father Garrigan's own logic, we can paraphrase him and say: "that the outstanding fact of Trappist presence in our area, and their participation in the history of Mt. St. Mary's Col-

(Continued on Page Two)

Smiling Brownie Troop 1164 is shown above following a tour of the Toor Shoe Factory recently. The Den Mother is Mrs. Anna Bushman.

Also making the tour of the factory was Troop 1300 under supervision of Mrs. Betty Ruth Jones.

The Brownies of Emmitsburg took a very interesting trip thru the H. O. Toor Shoe factory in Emmitsburg, recently. The manager, himself, was so kind as to take his valuable time to escort the girls through and to explain the various steps in shoe manufacturing. Going from the raw product to the finished and boxed shoes as we see them in the stores, Mr. Rufus Rhoads patiently waited for each group to see the different machines and answered all the questions the girls put to him. He showed them the large sheets of cow hide and other materials that are cut and stitched together, piece by piece, until the odd looking parts finally turn into

fine looking shoes and are polished and boxed.

Twenty-seven took the tour. Brownie Troop 1164, led by Mrs. Anna Bushman and Troop 1300, leader, Mrs. Lee F. Jones, with two helpers borrowed from an older troop, Betsy Fields and Rose Marie Staub, filed through the aisles stopping to watch one or another interesting step of the process.

After the tour, the group gathered at the regular meeting place for games and songs, and Mr. Regis Miller took pictures of the two troops.

A very nice day was enjoyed by all the girls. Thanks go to Mr. Rhoads and Mr. Regis Miller.

Easter Egg Hunt Planned By Vets

An estimated 500 children from the Emmitsburg Community will converge on Community Field Easter Sunday afternoon to participate in the annual Easter Egg Hunt.

The event is sponsored by the Emmitsburg Veterans of Foreign Wars Post 6658, and will get under way promptly at 2:00 p.m. Commander William L. Topper and members of the post will color the eggs next Thursday for the affair.

Bernard J. Ott, Jr., chairman of the hunt, announced that 100 dozens of eggs will be prepared for the egg hunt and all the children from this community are cordially invited to attend and participate. Quite a number of eggs will have separate markings on them and when surrendered by the finders to the proper officials, will be redeemed for small amounts of money.

In case of inclement weather, the hunt will be held on Easter Monday afternoon at the same time.

School Registration April 10

Frederick County elementary schools have set aside special days to register the more than 1600 children entering first grade next September.

Registration at the Emmitsburg school has been set for Wednesday, April 10 at 1:30 p.m.

A child may enter first grade in September if his sixth birthday is on or before January 1, 1969.

It is requested that the child's birth certificate be brought to the school at the time of registration to verify the birth date. Under State law evidence must be given that the child has been vaccinated before he may be admitted to school.

VFW AMBULANCE

Mrs. Luther Sharp, Brewerton, N. Y. and David Rihel and Edgar Scott, Waynesboro, were transported to the Warner Hospital in Gettysburg this week via the VFW ambulance. Drivers were Michael Boyle and Paul Humerick.

One of the best automobile insurance policies is a Sunday afternoon nap.

MRS. MARY OTT PRYOR

Mrs. Mary Ott Pryor, 42, Emmitsburg, died Friday afternoon. She was the daughter of Bernard J. Ott and the late Mary (Elder) Ott and the wife of the late James A. Pryor Jr.

She is survived by one daughter, Mrs. Diane Stouter, Centreville; two sons, James A. Pryor, III, Fort Lewis, Wash., and Edward E. Pryor, Camp Pickett, Va.; two sisters, Mrs. Barbara James and Mrs. Mildred Eiker, Emmitsburg, and five brothers, Bernard Ott, Jr., Thomas E. Ott, George S. Ott and Joseph A. Ott, all of Emmitsburg, and William J. Ott, Westminster.

Funeral services were held on Monday morning with a requiem Mass at St. Joseph's Catholic Church, Emmitsburg, with Rev. Fr. Louis Storms officiating. Interment was made in Mountainview Cemetery, Emmitsburg. Pallbearers were all nephews, Robert B. Eiker, William S. Eiker, Thomas E. Ott, Jr., William J. Ott, Jr., Raymond J. Ott and Bernard J. Ott, III. Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

Funeral services were held on Monday morning with a requiem Mass at St. Joseph's Catholic Church, Emmitsburg, with Rev. Fr. Louis Storms officiating. Interment was made in Mountainview Cemetery, Emmitsburg. Pallbearers were all nephews, Robert B. Eiker, William S. Eiker, Thomas E. Ott, Jr., William J. Ott, Jr., Raymond J. Ott and Bernard J. Ott, III. Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

WILLIAM S. ANNAN

William Sellers Annan, 42, 511 W. Fifth St., Frederick, was pronounced dead at his home at 11 a.m. Monday by the Frederick County Medical Examiner, Dr. R. J. Thomas. Cause of death was listed as a heart attack.

Police went to his apartment after receiving a call from his employer that he had not reported for work Monday. Annan was a civilian employee at Fort Detrick.

Mr. Annan was a native of Emmitsburg, and a son of Edgar L. Annan, Jr., Towson, and the late Helen E. Sellers Annan. He was a Navy veteran of World War II and served with the Hospital Corps from September 29, 1943, to May 20, 1946. He was a member of the Francis X. Elder Post 121 of the American Legion of Emmitsburg.

Surviving in addition to his father are a brother, Edgar L. Annan III, Riverton, N. J., and a sister, Mrs. William H. Rhodes, Towson.

Funeral services were held on Wednesday at 2 p.m. from the Wilson Funeral Home, Emmitsburg, with the Rev. Philip Bower, former pastor of the Elias Lutheran Church, officiating. Interment was made in Mountainview Cemetery, Emmitsburg.

MISS HELEN E. ZACHARIAS

Miss Helen E. Zacharias, 90, Emmitsburg, died Friday evening at the Homewood Church Home at Williamsport, Md., where she had been residing for the last 14 years. Years ago she had worked as a secretary in Baltimore.

Miss Zacharias was a native of Emmitsburg and a daughter of the late Christian and Helen (Stokes) Zacharias and was a member of the Incarnation United Church of Christ at Emmitsburg. The only survivors are two nieces and two nephews.

Funeral services were held on Monday afternoon at 2 o'clock, from the Incarnation Church with the pastor, Rev. John C. Chatlos, officiating. Interment was made in Mountainview Cemetery, Emmitsburg.

Financial Aid To Students Nearly \$100,000

Saint Joseph College has received almost \$100,000 under several federal programs to provide financial aid for students in the academic year 1968-69.

Kathleen T. Shorb, financial aid officer at the College, announced that more than \$47,000 will be available for National Defense Education loans, \$38,000 through Educational Opportunity Grants, and \$12,000 under the College Work-Study Program.

National Defense Education loans are low-interest notes which the student begins to repay after graduation. The Educational Opportunity Program provides outright grants of \$200-\$800 for students in need of aid, while the Work-Study program offers the opportunity for student employment on campus to defray the costs of education.

St. Joseph's normally offers a "package" of financial aid for those students who require it. This includes a combination of two or more types of aid from the above sources and from state and college scholarship programs.

Men who found their way through the trackless wilderness now have great-grandsons who get lost in the supermarket.

Flax, Bollinger Are Candidates For Office

Emmitsburg's Town Election will be held on Tuesday, April 30. To be elected are two Commissioners and the Mayor.

On the surface things have been relatively quiet and up until Tuesday morning there were no candidates in the field. However, Tuesday morning two candidates appeared before Town Clerk Yonnie Baker and signed affidavits attesting to their candidacy. Both individuals are interested in becoming Commissioners.

In the race at the present writing are J. Norman Flax and Thomas Bollinger.

Flax has been in office for number of years and had been Public Works superintendent the past several years, prior to his resignation several months ago. He has served twice on the Council and is well-known in political circles. Mr. Bollinger will be making his first bid for public office. He has operated a meat and grocery business in Emmitsburg for about 25 years.

None of the incumbent officials has filed for re-election at this time. The terms of Commissioners Quinn F. Topper and Samuel C. Hays expire this month. Mayor Guy A. Baker, Jr., announced several weeks ago that he positively was not a candidate for re-election.

Registration of new voters will continue until 10 days before the election on April 30, which means that the deadline for registering will be April 19, as the Town Office is closed on April 20, Saturday. The same deadline is applicable to those interested in filing for office.

To be eligible to vote in the Town Election, one must be 21 or over and must have resided within the Town limits 12 months prior to election day. To be eligible to file and hold office one must be 21 years of age or over, must have resided in Town for the past 12 months and must show ownership of a minimum of \$1,000 worth of assessable real estate. At the present time there are 691 certified voters on the books.

In Vietnam

Pfc George R. Sanders, Jr., son of Mr. and Mrs. George R. Sanders, R2, Emmitsburg, is now serving in Vietnam as a mechanic with the 35th Infantry's Headquarters Co.

He received his basic training at Fort Bragg, N. C., and graduated from Mechanics School at Fort Dix, N. J.

FIRE DESTROYS LOCAL HOUSE

Fire of undetermined origin completely razed a six-room farm house on the Irishtown Road early Thursday morning.

Fire Chief Guy R. McLaughlin of the Vigilant Hose Co. said the company responded to the call at 12:16 a.m. Thursday. Firemen were on the scene about five hours. The building, of brick and frame construction, was completely gutted by the blaze. The Guardian Hose Co. of Thurmont was called to the scene and assisted with a tanker.

Chief McLaughlin estimated damage tentatively at \$7,000. The property was partially insured. The State Fire Marshall is investigating the blaze in the unhabited house. The property is owned by Derroll E. Rhoderick of Monrovia, Md.

Says College May Be Older

(Continued From Page 1)

lege, is guaranteed against oblivion in the historic name of Clairvaux; a name which for years has been attached to this old local property, once a part of the very grounds of Mt. St. Mary's.

Not long ago, in the Sacramento Valley of California, the Trappists established their newest foundation in America . . . The Monastery of Our Lady of New Clairvaux!

Where, oh where, are the missing pieces to our puzzle?

Patrick F. X. McGucken P.S.—To the girls at St. Joseph's: Don't be discouraged that the history of the Mount may someday recede so far beyond the founding of your own school, for I have in my possession an ancient parchment map dated in 1808— which Mr. Elder may someday publish—that shows your school, at its present location, at least one year before Mother Seton came to town. Your school goes back many many years. Why don't some of you history majors prove it? Remember: History is never really written until its written real.

Commissioner Says Taxes Must Be Upped

Charles E. Collins, president of the County Commissioners, said last week that taxes in Frederick County would have to be increased this year.

Speaking at a panel discussion at the Montevue County Home on the government's role in care of the aged, Collins said most of the increase would come from real estate taxes.

Collins said he didn't know yet how much or when the taxes would be raised. The budget for

the next fiscal year has not been finalized as yet, and the increase will depend on the amount of the new operating budget.

The current real estate tax is \$2.14 per \$100 assessed valuation, the third lowest in the state, Collins said. It was last raised about four-and-half years ago from \$2.07 per \$100, he added.

The only other county tax source is the 20% "piggyback" income tax on the state income tax which was effective on tax returns from county residents this year.

"If the county government went into the building of a proposed county nursing home," Collins said, "the local government would have to put up 50 or 60 per cent of the funds."

State and Federal funds would only meet half of the cost. The county would have only one place to get the needed extra funds, Collins added, and that is real estate taxes.

Collins said the increase in funds available to Frederick county over the last year would amount to approximately \$900,000 while the expenditures the county government was faced with this year are going to be well in excess of that amount.

Referring to the \$13.5 million budget proposed by the school system he said, "This budget alone is an increase of \$2.9 million above last year's school budget and that is only part of the total county expenditures."

Collins put himself on a platform of strongly favoring local government autonomy in the provision of services and needs that are funded through governmental means.

College To Host Alumnae April 19-21

St. Joseph College will host the annual reunion of her alumnae,

April 19-21. Mrs. Hugo A. Sacchet and Mrs. Thomas Arcidiancono, co-chairmen of the event, have announced plans for the weekend, which include a principal address at the Saturday luncheon by the Most Reverend Joseph Lennox Federal, Bishop of Salt Lake City.

Twenty-five years ago, as a young priest, the Bishop delivered the commencement address at the College. One of the graduates of that class, celebrating their silver jubilee this April, was his sister, now Mrs. Lillian Federal Madden of Gibbsboro, N. J. Bishop Federal is also the brother of Sister Enrica, D.C., principal of Seton High School in Baltimore, Md.

The Bishop will also celebrate a Mass for the alumnae on Saturday morning at which the Right Rev. Msgr. Robert R. Kline, past president of Mt. St. Mary's College, will deliver the sermon.

Other Saturday events include a silver jubilee Tree-Planting ceremony and an evening buffet dinner at which the Classes of 1918 and 1943 will be especially honored. Miss Alexandro Dengate, '45, will give the tribute to the silver jubiliarians; while Miss Kathleen Flanagan, '68, will salute the Class of 1918.

The Rt. Rev. Msgr. Hugh J. Phillips, president of Mt. St. Mary's College, will celebrate Mass on Sunday in memory of the deceased alumnae of St. Joseph's, with the homily delivered by Rev. Paul V. Redmond, vice president of the Mount.

Mount Prof Gets Fellowship

Norman A. Luquette, M.B.A., assistant professor of economics at Mount Saint Mary's College, has been selected as one of 30 recipients of the Economics-in-Action Fellowships sponsored from June 15-July 13 at Case Institute of Technology, Cleveland, Ohio, by Republic Steel Corporation.

The program is designed to provide educators in the field of economics an opportunity to develop a community of interests with the decision making managers of business and industry.

The fellowship, which is an all-expense grant covering travel, lodging, study materials, seminar costs, and a stipend, provides for both formal conferences and discussions with leaders of business and industry, as well as, informal meetings and social activities. In addition to the leaders of management, several leading economists will serve as visiting lecturers to the program.

Mr. Charles Sites, Jr., and his mother, Mrs. Pauline L. Sites of Pittsburgh, Pa., visited recently with Mrs. Sites' mother, Mrs. Marie Gelwicks, and sister Ethel. They also visited Mr. and Mrs. Earle Gelwicks and family and Mrs. Marie Hubbard and family, and friends and relatives in Fairfield.

College Paper Names Staff

Charles S. Sadowski, moderator of the college newspaper, "The Mountain Echo," at Mount Saint Mary's College, has announced the following editorial changes for the academic year beginning April 1, 1968 until April, 1969.

The new editor-in-chief is Bernard F. Rodgers, Dunellen, N. J. Selected for the other editorial posts on the newspaper were the following: Kevin Phelan, news editor, Roselle Park, N. J.; Carl Chiappetta, feature editor, Trenton, N. J.; Timothy Breslin, sports editor, Queensville, N. Y.; Joseph Doherty, exchange editor, Toms River, N. J.; Patrick Finnegan, copy editor, Sharon Hill, Penna.; William Klimas, photography editor, Garwood, N. J.; Thomas Pruitt, business manager, Atlantic City, N. J.; C. Vincent Tralka, managing editor, West Deal, Asbury Park, N. J.; and Paul Rizza, circulation editor, Waterbury, Conn.

Assisting Thomas Pruitt will be Louis Haifley, Owings, Md. He will fill a new position on the editorial board.

The new editors worked together with the departing editors in putting out the March issue of the Echo and will take over on a full-time basis with the April issue.

Here's to the 'Abstract' Magician This magician tries to make sense Out of a downright nonsense— He twists a word To serve for a ford To carry the Friedland symbol Of a pitching zany owl.

It's astonishing how absurdly far He uses the remotest bloody star To bring home a bawdy lesson As he fastens symbols off and on.

Abstract verses can be devices Of a number of clever asses Who pirate skills from the arts As abstract of tasteless tarts. —A Figer Viloria

Mount Trackmen Top Towson

Mt. St. Mary's opened its outdoor track campaign last Thursday afternoon by whipping Towson State 80-56 on the latter's field.

Coach Jim Deegan's Mountaineers copped 10 first places and swept the discus.

Bill Johnson and John Valenet were double winners for the Mount, Johnson taking the 100 and 220-yard dashes and Valenet capturing the discus and shot put. Despite dropping the baton, the Mountaineers' 440 relay team won its event. Tom Newberger was forced to pick up the stick after being spiked by Lou Grillo and the former was able to finish.

Morals don't necessarily improve as one ages, but inability to misbehave certainly does.

Musical At Mount Tonight

A benefit performance of the award winning musical, "The Fantasticks," will be performed by the collegians at Mount St. Mary's College at 7:30 p.m. tonight (Friday), and at 2:30 p.m., Sunday, April 7.

The performances are for the benefit of the Paradise Guide Orphan Scholarship Fund. Tickets are \$1.50.

Hospital Report

Admitted
Mrs. Ralph Hankey, Emmitsburg.
Murray Valentine, Rocky Ridge.

Discharged
Mrs. Francis Lingg and infant daughter, Emmitsburg.
Clyde Eyer, Emmitsburg R1.
Miss Bertha Eckenrode, Emmitsburg R1.

Births
Mr. and Mrs. Eugene Krietz, Emmitsburg, son, Tuesday.

Mounties Win First Game

Mt. St. Mary's scored five runs in the first two innings and went on to defeat Catholic University 7-3 in opening its baseball season last Thursday in Washington.

George Synott pitched the entire game for the Mountaineers and scattered nine hits.

Dennis Keely led the winners with three hits in as many trips and Bob Calabrese and Dana Kimmel each cracked two.

Answers Three Alarms
The Vigilant Hose Co. responded to three fires last Friday. They were: Laundry at St. Joseph's Provincial House; Field fire on the Bollinger School Rd. on the Muma property; and an assist on a field fire at Fairfield.

My Neighbors

"Before I speak to her father I'd like to ask you for your secretary's hand in marriage."

John R. (Jack) Nusbaum of Walkersville won the office of treasurer of the Moore Business Forms, Inc. Sales Achievement Club for 1967.

Nusbaum distinguished himself with outstanding sales in three separate quotas assigned him and will be attending the Moore Sales

Conference this Spring at the Do-rado Beach Club, Puerto Rico.

He has been employed since 1960 with Moore Business Forms, Inc., who have a manufacturing facility in Thurmont. He resides at 86 Sherwood Drive with his wife Charlotte and two children, Reggie and Jay.

Lose Doubleheader

Mt. St. Mary's dropped both ends of a baseball doubleheader at Towson State Saturday afternoon 4-1 and 1-0.

The Mountaineers were held to but two hits in the first game and in the second were limited to four. Towson scored the only run of the second game in the bottom of the final inning.

Portrait Of A Wildlife Officer

Your local Wildlife Officer is a key man in the organization of the Maryland Department of Game and Inland Fish. A teacher, lawman, nursemaid, outdoorsman, technician—he is all of these. Upon his shoulders partially rests the conservation of your county's fish and wildlife resources.

The Law Enforcement Division is composed of a Chief, four Regional Supervisors, and at least two District Wildlife Officers for every county in the state.

Many people figure a Wildlife Officer has a pretty soft job—spending all his time hunting, fishing, trapping or boating. True, an officer is in constant contact

with these activities; but, like the cook at a banquet, he watches while others enjoy the feast.

Duties of a Maryland Wildlife Officer fall into four general categories: enforcement, information, extension, and wildlife management. He patrols the fields, roads, woods, and waters of your county checking hunters and fishermen to make sure that all have obtained the proper license or permit for the particular sport in which they are engaged. After all, hunting and fishing in Maryland is supported almost entirely through the sale of such licenses. Of course, some federal monies are available, but even these are determined by the num-

ber of licenses sold.

The protection of fish and wildlife resources from those who would violate the privilege afforded them through proper conservation measures is indeed necessary. All sportsmen realize that without this protection all game and fish resources would soon be depleted.

Reports of persons illegally killing deer may require that an officer "stake out" for days and even weeks at a time in an effort to protect your deer from these violators. Pre-season hunting activities by unprincipled persons keeps your officer on the job from before daylight until well after dark. He is on call seven days a week, 24 hours a day.

The officer must keep the same hours as the violators—and they are long hard hours at that.

However, the work of an officer involves more than enforcement problems. Many hours are spent by your officer in performing various services for your county. It is not his sole duty to make arrests and check licenses. He serves not only as an officer but also as a biologist, scientist, public relations representative, book-keeper and laborer. In fact, every division of the Department makes demands on his time.

He is often the one person who explains the program of the Maryland Department of Game and Inland Fish because, in many ways, he is the only contact the Department has with you.

Your children are probably better acquainted with your wildlife officer than you are because he has spent many hours in class-

rooms teaching fish and wildlife conservation to biology and science classes—and he is adequately qualified for this teaching position, too. The Maryland Department of Game and Inland Fish requires that officers have a high school education. The completion of two years study at an accredited college or university with specialization in zoology, biology, wildlife management, or one of the related natural sciences is desirable.

Your officer is continually educating himself. He is always alert to the latest conservation techniques. This is all a part of being a good officer. The complex nature of his work demands that he know and understand game and fish and boating laws; he must be able to discuss all phases of game and fish work; he must be

informed on game management practices, waterfowl supervision, farm pond operation and conservation supervision.

Yes, your officer's pay is not the highest; the hours are far

from ideal, and requirements to qualify as an officer are tough. But, he finds other rewards—satisfaction in doing his part to conserve your county's wildlife resources and in lending a hand

when needed. Indeed, your officer's activities determine the success, or failure, of the program of the Maryland Department of Game and Inland Fish.

Furniture Business FOR SALE

Due to the illness of one of our partners, we have decided to dispose of our Furniture and Household Supplies Business located at 302 W. Main St., Emmitsburg.

Anyone interested in purchasing this business is asked to contact us at either location, Main Street or our Farm Supply Store at Toll Gate Hill. We will continue operation of the Furniture Store until it is sold.

Why Suppress These Facts?
There apparently is an effective effort being put forth by high Governmental officials in Washington to hide the connection between revolutionary "Black Power" leaders and World Communism. Why? Congressman Gerald R. Ford of

Michigan tells of a visit to his office by Attorney General Ramsey Clark who pleaded that the public not be told about FBI reports to the White House on Communist organization and manipulation of the "Peace March" assault on the Pentagon, October 21. Mr. Ford, GOP Minority Leader in the House, had been given the reports confidentially at the White House and wanted the American people to have them.

Mr. Ford said the Attorney General argued that making the reports public would stir a wave of anti-Communism; "McCarthyism", he called it. Contacts of mine in responsible positions in Washington declare that the same type of suppression is underway with vital facts about the activities of Communists in

the revolutionary "Black Power" movement. On the basis of the official U. S. "friendly posture" toward Soviet Communism, together with past events, it is reasonable to assume that the real reason for suppressing such facts is that Governmental leaders evidently influenced by "advisors", just do not believe the facts are important, if true; and they are not sure they're true. Furthermore they don't want to embarrass their "friends", the Soviets.

"Vanguard" For Revolution
This is an attitude one finds in high offices in Washington—in the face of overwhelming evidence of Communist intrigue in revolutionary "Black Power" uprisings and the anti-Vietnam War demonstrations. Our National Educational Program staff has made a far-reaching study of the revolutionary "Black Power" movement and its Communist coloration. We have written previously about our findings, but we now have additional facts. (Our motion picture documentary, "Revolution Underway", will be completed by April 15.)

The basic facts are these: The international Communist tacticians (and their American agents) have historically planned to use America's Negro minority (now 22 million) as the "vanguard" of an internal revolution to take over the nation. Communist maps, charts and tactics manuals are readily available for anyone to see.

Swift Growth
In the past ten years the Communists have made great headway. In the past two years they have helped to build the Black revolutionary movement into a powerful and dangerous force with far-reaching potentials. The swift growth and dramatic demonstrations of "Black Power" became frightening even to some of the White Communists but they appear now to have succeeded in placing firm control in the hands of Black Communists whose only color fixation is for Red.

Robert Franklin Williams, Negro fugitive from the FBI, fled to Cuba seven years ago and, from headquarters in Communist Havana, became the "Chairman in Exile" of the revolutionary "Black Power" movement, acting as its organizational and guiding Muhammad. He now is in Communist China and he continues, through personal emissaries and his inciting "News Letter" (The Crusader)—widely circulated in America's Negro community—to hold a powerful position in the revolutionary plans. The two American Negroes who have followed most ominously the Williams (Communist) blueprint for revolutionary mobilization and planning are Stokely Carmichael, who has openly allied himself with World Communism, and H.

Rap Brown, who has declared repeatedly that the massive attacks on police power and private property in nearly 80 American cities last year—rioting, burning, plundering, killing—were merely a dress rehearsal for revolution.

Rejects Reform

Carmichael, after consultations with Red comrade-leaders in Havana, Czechoslovakia, China, Vietnam, Guinea and other Red citadels, appears now to have established a Black "United Front" (historic Communist device for advancing vital objectives), mobilizing a wide spectrum of Negro organizations and Negro leadership. He recently met in Washington with Martin Luther King. Money and resources are reportedly flowing into the revolutionary "Black Power" movement from Havana, Moscow, and other Red capitals.

One of Carmichael's notable public utterances, given in Havana at a conference of Red leaders from throughout three continents: "Comrades of the Third World, of Africa, Asia, and Latin America: I want you to know that the Afro-Americans in the United States are fighting for their liberation and that this struggle is not a reformist movement which aspires to become part of the U. S. It is a struggle of total revolution . . . We have no other alternative but to take arms and fight for our total liberation and for a total revolution in the United States. We want you to know that ours is not a struggle for peace, for law.

Xmas Seal Assn.

Shows Appreciation

Editor, Emmitsburg Chronicle:

The Frederick County Tuberculosis and Public Health Association expresses grateful appreciation to you and to your staff, to the citizens of Emmitsburg and the surrounding communities and to all others who have, in any way, contributed to the success of our recent Christmas Seal Campaign.

Through your interest and understanding of our program and services you have made it possible.

sible to slightly exceed our goal of \$18,000. We appreciate this confidence and you can be assured that every effort will be made to conduct a program that fulfills the needs of the entire county.

Our primary objective is, of course, finding tuberculosis and seeing that treatment is given before this infectious disease spreads to others—last year 30 new cases of TB were reported in Frederick County as against 17 new cases in 1966—we must continue case detection through every method available to prevent further spread of the disease. Emphysema is increasing at an astounding rate annually—while no drug or definite treatment has been found, research projects are being conducted and educated materials are being made

available to broaden the knowledge of professional and lay groups and of individuals.

You, our contributors, are making these services for the relief of suffering and for the benefit of mankind possible . . . We Thank You!

What kind of investment is Freedom Shares?

☐ Shrewd? ☐ Safe? ☐ Patriotic? ☐ Exclusive?

You're right if you checked all four boxes.

Freedom Shares are a shrewd investment because they pay 4.74% when held to maturity. They mature in just four-and-a-half years, and are redeemable after one year.

There is no safer investment because Freedom Shares are backed by The United States of America.

Exclusive? Absolutely. Not everyone can buy new Freedom Shares. You have to belong to the Bond-a-Month or Payroll Savings Plan. Freedom Shares are a bonus opportunity for these regular Bond buyers.

And, as you help yourself by buying Freedom Shares, you're also helping your country. Sign up for Freedom. Get all the facts from the payroll people where you work or any officer where you bank.

D.M.V. REPORT

By D. Murray Franklin
Public Information Officer
Md. Dept. of Motor Vehicles

Sound Guidelines To Follow When Buying An Automobile

The majority of automobile dealers operate within the law and insist that their employees obey the principles of ethical practices when transacting sales and service business with their customers. Sometimes however, verbal statements on either side become misinterpreted or misunderstood, and the purpose of this article is to assist in establishing some sort of sound guidelines for consumers to follow when purchasing a new or used vehicle.

All automobile dealers, whether in the new or used car business, or both, are required to be licensed to do business in the State of Maryland by the Department of Motor Vehicles. The license must be displayed conspicuously in the dealer's place of business. If in doubt, the prospective buyer should look for it, or even ask to see it.

Salesmen too are licensed by DMV. Whenever a customer questions the procedures he is asked to follow or the manner in which he is handled, he has every right to ask to see the salesman's license; and also to make note of the salesman's name and number appearing on his license.

Bear in mind that if a customer should have need for recourse, and would request the assistance of this Department, DMV would be better equipped to investigate if the purchaser could supply the name and license number of the dealer's representative.

Automobile sales transactions require the signing of several types of forms, i.e., a new or used car order form containing specific prices, stipulations, warranty, extras included or priced separately, etc., a conditional sales contract, an application for Maryland title, a transfer of tag application or an application for tags.

The customer should make certain that all forms are fully executed, or filled in, before he signs each form. He should check the figures to see that they agree with all verbal promises. Never sign

a group of blank forms in the interest of saving time. It may result in being legally bound by terms and agreements which disagree with the verbal statements as understood by the customer.

When a dealer issues temporary registration tags (paper plates) to a customer, permitting him to drive for a period of 30 days, or until DMV issues the permanent metal tags, it is important that all information required on temporary tags, i.e., make and model of car, serial number, and expiration date is properly filled in on the spaces provided.

The temporary certificate issued with these tags must also be fully executed and carried at all times. Law enforcement agencies are empowered to stop and charge motorists with illegal or incomplete registration in cases where the paper tags or temporary certificate are not properly executed.

It is the customer's obligation to destroy the temporary plates when the permanent metal tags are received. It is also the customer's responsibility to destroy the temporary tags at the end of the 30 day period, whether or not he has received his permanent tags. In the latter instance, the owner should immediately contact the Department of Motor Vehicles, and perhaps his dealer too, because he is in violation if he drives after the expiration date of his temporary tags.

Most automobile retailers secure their customers' tags for them, but they are not legally obligated to do so. The dealer is only obligated to secure the purchaser's title for him (passenger cars only).

When an owner's permanent metal plates are transferred from his old car to his newly purchased vehicle, his dealer is permitted to issue a temporary registration permit, good for 30 days. This temporary permit enables the owner to use his tags on his new vehicle until he receives his permanent registration card from DMV. Again, it is important that this temporary permit be filled in accurately and completely.

Under the Maryland law, it is the obligation of the seller of a motor vehicle to have the vehicle inspected when it is sold.

If the purchaser is an uninsured motorist, the dealer is required by law to collect ten dollars for the Unsatisfied Claim and Judgement Fund when he issues temporary tags to the customer.

ANNAPOLIS REPORT

By Charles H. Smelser
State Senator—Carroll-Frederick
Teachers' Salaries

I have introduced in the General Assembly a bill (Senate Bill 578) which is designed to bring about a greater measure of equality in the compensation of Maryland public school teachers, principals and administrative officials.

The bill provides that Baltimore City and the counties shall pay all professional personnel in the public-school systems according to scales, depending on training and experience, written each year in the State budget. No subdivision would be permitted to pay in excess of 5 per cent above these scales. The State would share in the cost of these salary scales in the same way it now shares in the cost of the minimum scales specified in Article 77 of the annotated Code.

The people of Maryland for many years have dedicated themselves to the principle that every boy and girl is entitled to an equal opportunity to an education. It is the idea that no one shall be favored or discriminated against in the educational opportunities offered at public expense, whether he lives in a community of affluence or of poverty. I, myself, subscribe to this principle without reservation.

It is evident fact that under the present system of teacher compensation, with a wide variation in pay from one county to another, this ideal of equality is not attainable. A child in Montgomery County, because of the relative wealth of the community in which he lives, has an advantage over the child in—say—Calvert County, because the former county is able to attract teachers by higher pay than the latter can afford. It is a simple-if-sad-fact that a child, in the one instance, does not have an opportunity for an education equal to that of a child in the other.

To a very great extent, the bill I have introduced would remove this discrimination.

SB 578 has many other good points, and I cite a few of them:

1. It would remove the competitive struggle among the counties in teacher recruitment, which creates an ever-widening gap between "have" and "have-not" counties in the quality of education they offer.

Frederick County, next door to the richest county in the United States, finds it increasingly difficult to hire qualified teachers from year to year. Many other counties share this problem.

2. It would reduce the unwholesome effects of the power struggle between rival teacher organizations—a struggle which has already produced strikes and school closings and which threatens to grow worse. The cut-throat rivalry between these organizations thrives on the present unfair and

discriminatory system, to the great detriment of the children being educated and the communities in which they exist.

3. It would centralize, in Annapolis where it belongs, both the authority to set the salaries and the responsibility to raise the revenues to pay for them.

There are other aspects of my proposal to be considered. With the State paying for salary increases, local governments would be able to exert greater effort in other areas, such as school construction.

But as I have indicated, the main purpose of the bill is to remove discrimination and attain a higher degree of equality in educational opportunities. In my view, it is high time that we stop paying lip service to the principle of educational equality while at the same time we put equal opportunities out of reach by widening the gap in the pay of teachers.

Taneytown Lions

Hear Mary Bryson

The Taneytown Lions Club held its regular meeting at the Taney Inn on March 26, 1968. The invocation was asked by Past District Governor, Harry Dougherty, Sr., and group singing was led by Lion Delmont Koons.

Taneytown's Lion President, Joe Meyer, presided at this joint meeting with the neighboring club from Keyville, the Terra Rubra Lions Club. Introduction of guests and remarks were made by the Terra Rubra Lions Club Secretary, Lion Ray Harner.

Speaker for the evening was Mrs. Mary B. Bryson, a delegate of the Maryland Constitutional Convention. The old Maryland Constitution, as well as the proposed new Constitution, was thoroughly discussed by Mrs. Bryson. A question and answer period followed this discussion with many questions asked, such as: "Why do we need a new Constitution?" and "What is wrong with the old Constitution?"

The program for the evening was arranged through Program Chairman, Lion Singleton Remsburg.

Completes Driver Course

Army Private Wayne A. Hawk, 22, son of Mr. and Mrs. Earl Hawk, R2, Taneytown, Md., com-

pleted a light-vehicle driver course at Ft. Dix, N. J., March 22.

During the course, he was trained in the operation and maintenance of military vehicles up to and including the two and one-half ton truck. Instruction was also given in the operation of the internal combustion engine and chassis assembly.

After Death, The BODY SHALL RISE AGAIN!

This is one of the Christian truths hardest for some people to believe.

Though accepting the immortality of the soul, they cannot believe the human body can disintegrate and then be renewed and restored. Forgetting that anything is possible to God, they regard such resurrection as a physical and scientific impossibility.

One of the most definite truths of the Christian religion is that the bodies of all men after death shall rise again. "...the hour is coming," says the Gospel of St. John, "when all who are in the tombs will hear His voice and come forth, those who have done good to the resurrection of life, and those who have done evil to the resurrection of the judgment" (John 5:28-29).

Confronted by the disbelief of the Sadducees, our Lord said to them: "...as for the resurrection of the dead, have you not read what was said to you by God, I am the God of Abraham, and the God of Isaac, and the God of Jacob? He is not God of the dead but of the living (Matt. 22:29-33).

But even though the Scriptures confirm this ancient Christian doctrine, they don't specifically answer some questions concerning it that may trouble you. You may wonder, for example, if your resurrected body will be identical with

your human body... if you will recall loved ones and events of your life... if you will eat, drink and move about as you did in your lifetime on earth.

The nature of the resurrected body is explained by St. Paul, using the example of a seed to make his meaning clear. "What you sow is not the body which is to be, but a bare kernel, perhaps of wheat or some other grain. But God gives it a body as He has chosen, and to each kind of seed its own body. So it is with the resurrection of the dead. What is sown is corruptible, what is raised is incorruptible. It is sown in dishonor, it is raised in glory. It is sown in weakness, it is raised in power. It is sown a physical body, it is raised a spiritual body" (1 Cor. 15:37-44).

If you are in doubt about or confused by the mystery of the resurrection of the body, write today for our new pocket-size pamphlet entitled: "You Shall Rise Again." You'll find in it the answers to questions you may have on this all-important doctrine—presented in interesting, easy-to-read fashion.

FREE—WRITE FOR IT TODAY! We'll be happy to send your copy of "You Shall Rise Again" free of charge and without obligation. Just ask for Pamphlet No. KC-34. Nobody will call on you.

BABSON'S POINT OF VIEW

1968 Crop Outlook

BABSON PARK, Mass., Apr. 4 — Prospective plantings this year, as indicated by the spring intentions submitted to the Crop Reporting Board, show 10 increases. However, the total for the 17 crops covered is down 2%—or 6 million acres—from a year ago.

Feed Grains

Some 6% fewer acres than last year are to be seeded to feed grains, with the cutback in corn slated to exceed 8%. Even sharper paring is in store for sorghums, plantings dropping back 2 million acres—or nearly 12%—from 1967. Indicated acreages for barley and oats are up 2.6% and 2.9% respectively from a year ago. Even so, proposed plantings are down appreciably from the 5-year averages.

The dip in feed-grain acreage is not surprising in view of last year's large outturn. Still it should be remembered that the total feed-grain supply this season is estimated to be somewhat below average. So, if farmers adhere to these early planting intentions, you may expect a generally firmer price position—and higher price averages—in the 1968-69 season.

Oilseed Acreage

Reflecting current widespread opinion that cotton plantings

were too sharply curtailed in 1967, growers now say they will seed 17% more acreage to this crop. If this proves to be the case—and in the main it certainly promises to be—cottonseed oil and meal should move into somewhat better competitive position price-wise in the next season.

Much will depend, however, whether growers stick to initial plans to hold the prospective boost in soybean acreage to 3%. Even if this is done, total 1968 oilseed acreage will still be up 5% from 1967 and some 11% above the 5-year average. It looks to us as though over-supply would continue to be a factor in oilseed markets well into 1969.

Food Grains, Beans, Potatoes

Intended plantings of durum wheat are a hefty 20% above a year ago but an anticipated 12% decline in seedings to other spring wheat will make for a smaller total than last year. Including acreage sown to winter wheat last autumn, all-wheat plantings will lag 1967 by 8% but still rule 16% above the 5-year average. Given favorable weather, the full 1968 wheat outturn could approximate 1.5 million bushels—down only slightly from 1967 and still some 23% above average.

Rice allotments were boosted 20% above last year's level, and growers—wisely we believe—are planning to take full advantage of the increase by expanding acreage by just about that amount. The resulting larger production should certainly not glut the market. Nor should

the proposed 12% increase in dry-bean acreage lead to any marked oversupply. If potato plantings in toto are cut back by 5% as indicated, output should be brought more nearly in line with the average of recent years. However, the large carryover may limit strength in the statistical position and in prices over the next several months.

Cattle And Hog Prospects

At the beginning of this year, the number of cattle and calves on farms stood at 108,813,000,—up slightly from a year earlier and about 2.7 million head above the 5-year average. Cattle and calves on feed top year-ago levels. Although no runaway marketings are presently indicated, our forecast is that consumers should be able to buy beef at lower than current prices in the weeks directly ahead.

The hog inventory on farms is a bit higher than a year ago and hog slaughter is expected to trend above comparable 1967 levels to mid-year and quite possibly beyond. This reflects the sizable fall pig crop . . . mostly in pigs that are slated to reach slaughter weights this spring. We predict a further backtracking in hog prices before any turnabout occurs, but foresee no very sharp decline from current quotes.

Out-of-State Booze

Transportation Is Illegal

For many years, Maryland citizens have been going into Washington, D. C., buying liquor and

illegally transporting it back into Maryland for consumption. Each case of liquor thus purchased costs the State of Maryland \$4.50 in distilled spirits tax revenue and about one-half that amount in Sales Tax revenue, a loss of somewhere between \$6.00 and \$7.00 per case in total general fund revenue. This also reflects in a loss of \$1.50 per case for the Maryland political sub-divisions (counties and Baltimore City) where the purchase would have been made. It is impossible to assess how much the State of Maryland and the sub-divisions have lost in revenue by this means over the years, but it is a staggering amount!

People do not recognize geographic boundaries, only economic boundaries when the choice must be made as to where to purchase their liquor. Bootlegging across state lines is encouraged by interstate price differentials. For example, officials in New Hampshire concede that more than 40% of the liquor sold in New Hampshire goes to Massachusetts' residents where prices are higher. Because of many complex economic factors, liquor prices in D. C. have been consistently lower than in Maryland, but that situation is changing rapidly since D. C. raised their tax, and Maryland is just starting to reap the benefits. The proposed increase of 50c per gallon in the Maryland tax rate will not generate the revenue expected (approximately \$3,500,000) by its proponents because of economic circumstances peculiar to the State of Maryland, and it would reduce the expected revenue from both distilled spirits and Sales Taxes.

On November 1, 1966, Washington, D. C. raised their distilled spirits tax by 25c a gallon. In the twelve months following the D. C. tax increase of only one-half the amount proposed for Maryland, their sales were off 2.6% while sales nationally were up 5.5% and State of Maryland sales were up 8.3%. The rate of revenue increase is accelerating, and every indicator points to a continued increase in Maryland distilled spirits and sales tax revenues, if there is no tax increase. The Comptroller of the Treasury "Statement of Budget Revenue Estimates and Collections for the Fiscal Year Ending June 30, 1968" estimated only a 4.92% increase in distilled spirits taxes. Actual collections for the first quarter of fiscal 1968 were up 7.82%. This increased to a rate of 9.90% for the second quarter of fiscal 1968, a rate more than double the estimate, and this spiral will continue in increased distilled spirits tax revenue and Sales Tax revenue if there is no increase in the Maryland Tax Rate. We sincerely believe, that any increase in distilled spirits tax will drastically and adversely affect the expected revenue picture from distilled spirits tax and Sales Tax. The law of diminishing returns has proved to be fact, not just theory, in many states having unrealistic tax structures. Maryland needs additional revenue and can get, in this instance, the additional revenue without a tax increase. The statement in the letter of transmittal accompanying the "Report of the Joint Legislative - Executive Committee to Study Taxation and Fiscal Problems" January 1, 1968 that "taxes which place Maryland at a competitive disadvantage with other states in the development of business should be replaced" is an appropriate statement of poli-

cy that needs only the words "be replaced" changed to "never be enacted".

Faculty Members

Receive Grants

Sister Marcella Scully and Joseph B. Myers, members of the faculty of natural sciences and mathematics at St. Joseph College, have received government grants for research participation during the summer.

Sister Marcella, assistant professor of biology, has accepted an appointment as a research participant in the Special Training Division, Oak Ridge Associated Universities, which operates in

conjunction with the Atomic Energy Commission. She will be working with Dr. Max Lombardi on the biological applications of radio-isotopes in the areas of animal physiology and bio-chemistry.

Mr. Myers, an instructor of biology at St. Joseph's, has received a National Science Foundation grant for research at the Chicago Institute of Technology. He will be working on problems in cell physiology with a senior faculty member at the Institute.

Last summer, under a similar grant, Mr. Myers did research in the School of Veterinary Medicine, at the University of Minnesota.

Near Albany, N. Y., a sign reads: "Drive Carefully—Careless Children."

Citizens Plan Cooperation With Police
The Frederick County Chamber of Commerce and Police Departments in Frederick County believe that the fear of becoming involved is a major factor in the reluctance of citizens to communicate with the Police. The Chamber recognizes that the absence of such communication impedes attempts to eradicate crime within the county. In an effort to establish lines of communication conducive to good law enforcement and the safety of every man, woman, and child in Frederick County, the Police Departments and the Chamber have undertaken a project known as CHEC: Citizens Helping Eliminate Crime. The project is designed to solicit and encourage all law abiding citizens to join in a concerted effort with the police in the prevention of crime and the apprehension of perpetrators of crime. In addition to a general appeal to the citizens to join in this project there are several by-products which the police and Chamber hope to establish:

1. Recognition by the Citizens that crime is a community problem and to effectively prevent crime necessitates a total community effort.
2. That total community effort includes: (a) The willingness to

report suspicious actions of any persons or vehicles. (b) Immediately notifying the police when a crime is committed. (c) Calling the police if they believe crime is being committed. (d) Reporting actions which cause them to believe a crime will be committed. In short, total community effort is every citizen doing his or her part by accepting his responsibility.

3. By every citizen lending the police his eyes and ears, the incidence of crime will diminish sharply.

4. Encourage all age groups to actively participate in the elimination of the nation's most serious internal problem—crime.

5. Alert citizens that reporting crime or suspicious or unusual activities to the police may be done anonymously if they so desire.

The member of CHEC when he receives his membership card, then signs the pledge on the back, agrees to call the police when he:

1. Observes a crime;
2. Believes a crime is being committed;
3. Believes a crime is going to be committed;
4. Hears or observes any person or persons, autos, or other actions that make him suspicious.

In anticipation of a large citizen interest in the program, all uniformed Police Departments are furnished with 3x5 forms which they fill out indicating the name and address of the interested citizen. These forms are turned in to the respective Police office, and the office in turn will mail out the membership card (billfold size). Citizens may call the Emmitsburg Police Department, 447-2313, themselves, requesting a membership card be mailed to them.

The Police Departments are anxious to have a member appear before any club, or group interested in Helping Eliminate Crime, and to discuss the CHEC-MATE Program with them.

All members of CHEC when calling the Police Departments with information can identify themselves by stating they are a CHEC-MATE. This will institute immediate police action, without personal identification. It is the information, not the identity, which is of prime importance. This program is not designed to make policemen out of citizens. It is not intended for citizens to risk their lives to apprehend criminals. We do, however, need their cooperation in eliminating crime through good law enforcement techniques.

Mount Library
Given Books

The Library at Mt. St. Mary's College has received a gift of over 3,000 volumes and 200 record albums from the personal library of Rt. Rev. Msgr. John K. Cartwright, P.A., D.D., Washington, D. C.

Msgr. Cartwright is rector of St. Matthews' Cathedral, D. C., and a vicar general of the Archdiocese of Washington.

Included in his gift are definitive editions of the G. B. Hill's Boswell's Life of Johnson and Horace Walpole's Correspondence; the Cambridge Histories and Tyndale's "Study"; reference works in the editions of the Encyclopedia Ottolica; the Dictionary of American Biography; Atlante Internazionale Consociatione; Turistica Italiana; and rare sets such as Heffele's Histoire des Conciles.

The collections also include hundreds of monographic studies embracing the most significant movements in art, music and the sacred sciences.

Science Students
Study Computer

Eighteen students from Mt. St. Mary's College are participating in a National Science Foundation sponsored computer program.

The program which is designed as an introductory course in computer training is conducted weekly at the National Bureau of Standards.

A second phase of the program is the utilization of a teletype console at St. Joseph College which is linked to the giant CEIR computer in Washington, D. C. Other area colleges participating in the program are St. Joseph, Emmitsburg; Hood Coll'g, Frederick and Mt. St. Agnes, Baltimore.

The Mount program is under the supervision of Professors Thomas D. Ryan and William E. O'Toole, III, of the mathematics department. The course will qualify students for summer employment at the National Science Foundation and the National Bureau of Standards.

Medicare Cost
Is Raised

The premium for the doctor bill insurance part of medicare increases from \$3 to \$4 in April. W. E. Dunn, Officer-in-Charge of the Frederick Social Security Office this week reminded older people in Frederick and Carroll Counties.

Persons 65 and over who are enrolled for the supplementary medical insurance and receiving monthly social security benefits will find the checks delivered to them this week a dollar less than last month's payment. For an elderly couple receiving a combined benefit check, the reduction will be \$1 each, or a total of \$2.

All social security benefit check amounts were changed last month, Dunn noted, as a 13 per cent benefit increase became effective. The amount of the increase in benefits, he pointed out, was considerably more than the \$1 by which the medical insurance premium is increased.

The Government will continue to match the increased premium, so the doctor bill insurance will continue to be worth twice the amount of the premium paid by the individual older person. The medicare law provides for the periodic review of the costs of the medical insurance program, and for any necessary adjustments in the premium rate.

The following elements accounted for the \$1 increase in the rate, beginning this month:

About 20 cents to finance the program at the level of the past 18 months. Recent estimates indicate that the protection provided by the program was worth \$6.40 per month during the past period, and the premium rate therefore should have been \$3.20.

About 23 cents for the increased benefit protection provided by the 1967 amendments.

About 27 cents to cover the expected increase of about 5 per cent per year in physicians' fees. About 11 cents because it is expected that people under medicare will use more services covered by the medical insurance.

About 14 cents because the deductible which the patients pay will be a smaller proportion of the total covered medical charges in the future.

About 5 cents as a margin for contingencies.

Easter Seals Aid Handicapped

Millions of Americans have speech or hearing problems, or both, and "by no means all of them" are receiving the professional help they need, John M. Motter, 1968 Easter Seal Campaign Chairman for Frederick County, said this week.

"Lack of proper speech or hearing deprives a child of primary means of communication — vital links in the chain of learning," he explained. "Adults with these

problems are barred from certain employment categories and suffer social discomfort.

"Speech therapists and audiologists have the means to help patients overcome these handicaps, but there is a critical and growing shortage of them throughout the nation."

For example, he said, 13,000 speech therapists are needed, in addition to the present 9,000 professionals to meet the needs of the speech and/or hearing handicapped.

"The Western Maryland Easter Seal Council is concerned about this shortage," Motter said. "We know that speech therapy offers an attractive future for any young person seeking a professional career, and are always happy to provide career information and advice."

A speech therapist is part of a professional team which works under direct medical supervision to analyze and correct the causes of speech handicaps, he said. Depending on the case, surgical, dental or psychiatric treatment may be called for prior to actual therapy.

A variety of techniques are used. Group treatment, where several children or adults with similar problems are placed together, is often effective. For others, recreational or play therapy may be used in conjunction with direct individual instruction. Books, toys

and other objects are often used to hold a child's interest while he learns to form words.

For information about careers in speech therapy, Motter said interested young persons may contact the Easter Seal Treatment Center at 1730 North Market St. in Frederick or call 663-6240.

The society is an affiliate of the National Society for Crippled Children and Adults, which is one of the nation's largest employers of speech and hearing professionals and treats a total of almost 250,000 handicapped persons each year.

The local society's programs are financed by donations made during the annual Easter Seal Campaign, now under way and continuing until April 14, Easter Sunday.

Show us a carefree person and we'll look for three other persons who have assumed his or her worries.

The ZIP Column

If you haven't already done so, it would be advisable to get those Easter greetings in the mail this weekend. Please remember, that the rate is 6c, same as a letter.

Currency, checks, bonds and other values are no longer prohibited by registered mail to Italy. Values payable to bearer are admitted in sealed registered letters only. The prohibition of precious stones, precious metal, jewelry, and other precious articles in the postal union mail remains in effect.

Books of 5c stamps are still available, to be used on Post Cards or Postal Cards, and are very handy to carry along on vacation trips.

George E. Rosensteel, PM

Firemen Have Busy Saturday

The Vigilant Hose Co. was called to four fires Saturday. The series of calls began at 10:02 Saturday morning. Fire Chief Guy R. McLaughlin said the firemen were summoned to a grass fire at the Sterling Stambaugh used car lot along the Emmitsburg-

Gettysburg Rd. at the site of the former Mason-Dixon Inn.

At 2:24 Saturday afternoon the firemen were called to a grass fire at the James Cool property along the Tract Rd.

At 6:32 Saturday evening the firemen were summoned when a car caught fire on the Tract Rd. after an accident.

The final call came at 8:12 Saturday evening, to Boyle's Parking lot on E. Main St. Terry Myers, a fireman and an employee of Boyle's store, completed his work and went out to start his car to go home. He stepped on the starter and defective wiring caused his vehicle to burst into flames. Myers almost had the fire out before his fellow firemen arrived at the scene.

Three Injured In Car Wreck

Three Waynesboro residents were injured at 6:25 p.m. Saturday when their car crashed into a culvert on Township Road 313 near the Tract Road about two miles north of Emmitsburg.

Admitted to the Warner Hospital were Edward W. Scott, 28, the driver, who suffered chest injuries, and David Rihel, 13, who suffered severe cuts of the head. Scott was released from the hospital later. Also treated and released was Terry L. Rihel, 12, who sustained cuts of the head and contusions and abrasions of the right leg. Scott and the two Rihel brothers, all from Waynesboro, had been returning home from a fishing trip to Lake Sam when the mishap occurred.

Pennsylvania State Police said the accident happened when Scott, traveling west on the township

road, lost control of his car after negotiating a sharp curve and ran into a ditch on the north side of the highway, striking the culvert. Scott and David Rihel were removed to the hospital in the Emmitsburg VFW ambulance.

Emmitsburg firemen were called to the scene when the wrecked car caught fire. The firemen removed the 12-year-old Rihel boy to the hospital in their rescue truck.

K of C Plans Annual Breakfast

Grand Knight Ray R. Lauer presided over the regular meeting of Brute Council 1860, Knights of Columbus, held Monday night in the Council Home.

Thank-you notes from Clyde Eyer and Jacob Baker for flowers and cards received during their recent illness. A thank-you note also was received from the Red Cross for a recent donation.

The Baltimore Council will hold a testimonial banquet at the Alcazar in Baltimore on April 21 and local members are invited to attend. William E. Sanders, chairman of the recent Open House, reported it a success and that as a result it is hoped to gain several new members.

Guy A. Baker, Sr., chairman of the annual Communion Breakfast, reported the affair will be held at Royer's Restaurant, Thurmont, on Sunday, April 28 at 10 a.m., following the nine o'clock Mass in Pangborn Chapel, Mt. St. Mary's College. Father Bartley, Mt. St. Mary's Seminary, will be the guest speaker. Carl A. Wetzel, chairman of the Oyster Feast, announced the affair will be held in the Council Home from four to eight o'clock on Sunday, April 28.

New members voted into the organization were: Joseph Lynch, Sidney S. Sappington and Robert A. Warthen. At a meeting of the Home Assn. on March 27, it was voted to install a new sink, a new bar and purchase a new beverage cooler for the lounge room. These improvements are scheduled to be completed by July or August.

Donations authorized were: Catholic Charity Drive, \$25; Cancer Drive, \$10; St. Joseph's High School PTA, \$25. The Council will exemplify the first degree on April 22.

Scouts Selling Show Tickets

The 72,000 Cubs, Scouts and Explorers of the National Capital Area Council are invading the community during April to sell tickets to their annual "Scout Show".

This year's big show is the gigantic Scouting Exposition. Over 600 live demonstrations and booth exhibits will depict just how Scouting Rounds a Guy Out.

Two shows are planned for the enormous D. C. Armory, Friday night, May 10, 7 p. m. and Saturday afternoon and night, May 11, 2 p. m.

The \$1 admission ticket not only will provide the total family with an entertaining as well as an educational experience, but also will assist the individual community Scouting units in a very generous ticket sales commission program. The Scouts also earn many sales prizes and awards.

Comedian At College Saturday

On Saturday, April 6, nationally known dead-pan comedian Jackie Vernon and the folk singing, rock 'n roll group, The Family Album, will appear in a one-night performance at the Mt. St. Mary's College gym.

Vernon is known for his frequent appearances on television with such known celebrities as Ed Sullivan, Johnny Carson, Joey Bishop and Jerry Lewis.

The Family Album, which is composed of four guitarists and one drummer, recently recorded the hit tune, "And Soon the Show Is Gonna Fall".

The performance will begin at 8 p. m.

Farmers Enjoy Dinner Meeting

A special farmers and producers dinner meeting was held in the Rocky Ridge Vol. Fire Hall on Monday, March 25, at 7 p.m. by the Thurmont Cooperative, Inc.

A sumptuous full course family style fried chicken dinner was served by the Rocky Ridge Ladies Auxiliary.

Special musical melodies were rendered by Miss Linda Sixx.

William G. Baker, Vo-Ag Instructor of the Thurmont High School, presented to the group Miss Wanda Black, Frederick County Jaycee Queen; Miss Drusilla Tresselt, Thurmont F.F.A. Chapter Sweetheart; and Stanley Wivell, president of the local F.F.A.

Kenneth E. Shifflet, Extension Agent of Plant Science and Livestock, Frederick County, introduced the main speaker of the evening, Mr. Joseph L. Newcomer, Agronomist and Seed Specialist, University of Maryland, who gave a splendid illustrated talk on the subject of "Problems in Crop Production."

The co-sponsors, Mr. William

Vickers, representing the Miller Chemical and Fertilizer Corporation, and James H. Lee, representing the Ralston Purina Company, were introduced. Both of these gentlemen gave excellent presentations on Chemical Controls and the value of Purina Feeds in the growing of livestock.

About a hundred farmers and producers were present.

Senior Citizens See Blossoms

The Emmitsburg Senior Citizens Club took a tour by bus to Washington to see the famous Japanese Cherry Blossoms, leaving the Square at 10 o'clock Tuesday morning, April 2. Forty one mem-

bers and friends enjoyed the trip. First was the ride around the Tidal Basin where the trees were in full bloom and at their prime, the flowers have never been lovelier. Everyone brought his own lunch which was eaten at Haines Point where tables were available for use. Then the bus load was taken to obtain a good view of the National Capitol, down Pennsylvania Avenue and all around the White House grounds.

A number expressed the desire to go to the National Cemetery, where the members were just in time to see the Changing of the

Guards at the Tomb of the Unknown Soldier and then walked over to see the Eternal Light and the grave of President Kennedy.

The final stop was in Chevy Chase at the Hot Shoppe, where hunger was again appeased before taking the highway back to Emmitsburg. Here all debarked at about 6:00 p.m., tired but happy for a day well spent.
