Most Anything At A Glance

- By Abigail -

Race riots, hijacking and bomb scares were never experienced here in Emmitsburg and we thought we were so remote from all this worldly violence that it couldn't possibly happen here. We were startled early Wednesday morning when suddenly the children from our Public School made a hasty exit from the building. It wasn't long until the word got around that a phone call had been received informing school authorities that a bomb was about to explode in the school building. Imagine that happening here? Well a quick and thorough check by State Police and the Fire Company was made but no bomb was discovered. However the children were given the rest of the day off, just in case . . . and to allow them to quiet their nerves. We're like most other people. We say it can't happen here . . . but it does. Hanover High School had a similar experience last Friday and we just can't but wonder if there are "operatives" in this area, and just how far they will go.

Well, after months and months of listening to semi-lies, half-truths, hot air and outright lies, our presidential election has gone down in the history books. It was a "squeaker", to be sure, and we're sort of glad it is all over for another four years. Things didn't pan out the way some of us had it planned but then a lot of other people are very happy about the whole thing. We can't for the life of us figure out how all the enthusiasm was generated at the last minute. Just a few short weeks ago we were about as apathetic about the election as a kitten full of catnip. There were no headquarters open here by either party and no ballot printed in the newspapers and hardly anyone talked much about the election. However on election day there was an excellent turnout of voters. As they say though, human beings are funny animals, and they are doubly hard to understand around election time. The results of the election dictate to us though that a change in Washington was sought. People are sick of inflation, high taxes, crime in the streets, hand-out programs, foreign policy and a war that we are not sure we belong in. The funny thing though is that the public changed only the top men on the ticket. The President and Vice President will now face a predominate Democratic Congress, and perhaps a hostile one. Just how all these changes can be effected remains to be seen. Regardless of the outcome of the election we must mend fences, unite and continue to make America the best place in the world to live. Let's give them a chance, folks!

In Play

A chancel drama will be the chapel service on Sunday, November 10, at 7:15 p.m. in Baker Memorial Chapel, Western Maryland College, Westminster.

"The Circle Beyond Fear," directed by Christine C. Gels, Baltimore, has a student cast. July Blauze, Dickerson, is the choreographer. Included in the cast is Miss Betty L. Tokar of Emmitsburg.

The drama consists of a prologue and two parts. The chorus symbolizes humanity in general in part I and in part II it is analogous to the Church. The public is invited to attend the chancel drama.

TEEN DANCE

There will be a dance sponsored by the Emmitsburg Teen Club on Saturday evening, November 9, from 8-11:30 o'clock in the Emmitsburg High School. Chaperones will be provided and refreshments served. Music will be provided live. All proceeds will go toward a Teen Center for the youth of Emmitsburg.

Food Sale

The Band and Glee Club of Emmitsburg High School will sponsor a Bake Sale Saturday, November 9 at the Fire Hall. The sale will begin at 10 a.m. and everyone is invited.

Flax Denies Resignation; Gives Explanation

Editor, Emmitsburg Chronicle:

I want the people of Emmitsburg to know that I did not resign as Town Commissioner as reported in a Frederick paper. I did say that I would not report for work Tuesday morning after the Burgess accused me of wasting time in three local business places and spreading ill will, and he may have to prove it. He also said that I did not submit a written report on the operations. A daily report is kept and at every monthly meeting I bring them in, along with recording charts plus notes on various jobs started or completed. I only took over the supervision on a temporary basis, the Town was to secure a young man to be trained in the work and sent to school conducted by the Board of Health. I have not missed a day checking all water operations and it will take more work since an apparent water problem is upon us. All anyone has to do is drive to Rainbow Lake. We have been pumping from 1 and 2 reservoirs for the last 12 weeks, plus using three wells. Since the consumption of water has increased and no sufficient rainfall, some action must be taken. Since making the statement that I would not show up for work, I talked it over with the Commissioners and decided to keep working temporarily until the Town finds someone to replace me. The chairman instructed me to contact Mr. Keyser a well driller, for details and cost of drilling a well close to the filtration plant. I have made some mistakes in nine years working for the Town, but if we do not cooperate with each other there will be more. The Commissioners find no fault with my work, at least they have not said so after frequent visits to the plants. Why the Burgess finds so much to criticize me for is open to debate. He says I am not the Town Manager; that is very true, but who is? We should have one who could be contacted at anytime.

J. NORMAN FLAX

K-C Plans New Year's Party

The regular meeting of Brute Council 1860, Knights of Columbus, was held in the Council Home Monday evening, Grand Knight Ray R. Lauer presiding.

Donations of \$10 were made to the local Cub Scouts and the Community Chorus. Thank-you notes were read and received from Joseph F. X. Bushey, for flowers, and the Senior Citizens Center for a recent donation.

A letter from Msgr. Hugh J. Phillips, president of Mt. St. Mary's College, was received granting permission to use the college's facilities for the winter basketball tournament.

Guy A. Baker, Jr., read a letter from the Supreme Advocate regarding formation of a ladies' auxiliary to the Council. The letter had no objections to such a move and Mr. Baker said the response from wives of members justified forming such an organization. He reported Miss Lois Hartdagen would act as chairman pro-tem for a group of ladies interested in getting the auxiliary under way and that a meeting of the group would be held in the near future. George L. Danner, chairman of the kiddies' Christmas Party, announced that magician H. David Hagan, had been engaged to perform for the kiddies at the affair which will be held Dec. 15. William Greco, chairman of the Commemorative Service for deceased members to be held in the Council Home, reported the date for the service had been changed to Nov. 21, and that wives and friends of members were invited.

The Grand Knight appointed Stanley Lupinski and George L. Danner as representatives of the Council to attend a meeting of the Thurmont Chapter of the Baltimore Colts Corral which is interested in sponsoring football for Catocin High School.

The Council decided to hold a New Year's Eve party in the social lounge and George Danner was named chairman of arrangements.

State Warden Paul A. Keepers addressed the group briefly and announced insurance representatives were in town explaining the K of C insurance set-up to members.

All that is great in man comes through work, and civilization is its product.—Samuel Smiles

French Play At St. Joseph's November 16

The stage production of "La Tartuffe" (The Imposter), will be presented at St. Joseph College on Saturday afternoon, November 16, at 2:30 o'clock in DePaul Auditorium by Le Treteau de Paris.

The play, one of the most famous comedies in theatrical history and written by the master satirist, Moliere, was first performed in the 1660's before the court of Louis XIV.

The production will be performed here in French and will elaborately recreate the atmosphere of the aristocracy of the seventeenth century with scenic effects and costumes.

The script of "La Tartuffe" which is performed today is Moliere's third version of the play. But before the playwright finally staged it, the controversy created by the comedy about hypocrisy had involved the nobility, the Church, the French theatre colony, and King Louis XIV himself.

With the current performance, Le Treteau is returning to St. Joseph campus for its fifth season. The production will be sponsored by the French Department and the campus chapter of Pi Delta Phi, national French honor society, it was announced by Sister Margaret Flinton, department chairman.

Mail orders are being accepted and may be addressed to the French Department of the college. General admission will be \$3.00 and student tickets will be \$2.00.

Sister Margaret's Mother Dies

A requiem mass for Mrs. Nellie B. Dougherty, mother of Sister Margaret Dougherty, president of St. Joseph College, was celebrated at 10 a.m. Tuesday, November 5, in SS. Philip and James Church, North Charles St., Baltimore.

Mrs. Dougherty, who was 90, died Saturday at the Jenkins Memorial Hospital, after a lengthy illness.

Born in Charleston, Ill., she came to Baltimore in 1903 with her late husband, Philip Dougherty, who had been chairman of the history department at Baltimore Polytechnic Institute and professor of education at Johns Hopkins University.

For about 30 years, she was a member of SS. Philip and James Church and an active member of the Ladies of Charity.

Surviving are two daughters, Sister Margaret, of Emmitsburg, and Mrs. Francis Moritz of Baltimore; two sons, Brother Philip Dougherty, C.F.X., Assistant General of the Xaverian Brothers in Rome, and Edward J. Dougherty of Baltimore; four grandchildren and one great-grandchild.

Resents Attitude

Editor, Emmitsburg Chronicle:

I am writing this letter to express what I feel is a legitimate gripe; so I won't take up any more space than necessary.

A number of the more "educated" inhabitants of our area have customarily referred to Emmitsburgians as "hicks". I am fed up with it. To those whom it may concern may I please say that none of us "hicks" dragged you to this area against your will. You made the selection, and if you should decide that you don't like it, Bye, Bye, Baby!

Sincerely,
Dale Kelz

Senior Citizens Bazaar Saturday

After election, the next big event in Emmitsburg is the Christmas Bazaar, Saturday, November 9, sponsored by the Senior Citizens, at the Center from 10 a.m. until everything is sold or the workers fold up. Friends and members kindly bring items for sale Friday or early Saturday morning. Hopefully, everyone will be interested enough to both contribute and purchase available articles of many kinds.

Mr. Louis Stoner requests everyone who has chance books not yet turned in, to do so on Friday, November 8 at the latest. Anyone should surely be delighted to be the lucky person to win the beautiful Afghan being raffled to the fortunate ticket holder. You all come, now!

Tailgating is a dangerous way to keep your eye on things. Liberty Mutual Insurance Companies reminds that at least 10 feet should be allowed between cars for every 10 miles an hour of travel speed.

REPUBLICANS SWEEP COUNTY; MATHIAS VICTORIOUS

Richard M. Nixon

Spiro T. Agnew

Emmitsburg followed the pattern set by Frederick County and the Nation at the polls Tuesday and helped elect Richard Nixon and Spiro T. Agnew. Emmitsburg, traditionally Democratic, crossed party lines and voted 485 for Nixon while Humphrey fell behind, 444.

The voting was almost record-setting despite a slight drizzle, and over 1100 turned out to cast their vote. The biggest vote-getter here proved to be the ever-increasing popular Charles McC. Mathias, who stole the show by garnering a healthy 648 votes as compared to his Democratic opponent, Sen. Daniel Brewster who fell far short with 324.

George P. Mahoney, always a favorite here, fell by the wayside with a weak total of 86 votes. George Wallace, presidential candidate, was given 129 votes.

Goodloe Byron, Frederick, the Democratic candidate for Congress, polled a nice 523 votes here to his Republican opponent J. Glenn Beall, Jr., 430, only to lose his district elsewhere. Code Home Rule, No. 5 on the ballot, was soundly defeated here, 125 to 200.

County-wide, a near-record number of Frederick County voters gave a wide margin to the Republicans in the top three offices on the ticket.

Charles McC. Mathias

Fredericktonian Charles McC. Mathias defeated Democratic incumbent Daniel B. Brewster statewide as well as in the county.

Del. J. Glenn Beall defeated State Senator Goodloe E. Byron of Frederick for the Sixth District seat in Congress.

On the questions, Frederick vot-

Jim Phelan's Court Squad Has Promising Outlook

Jim Phelan, Mt. St. Mary's College basketball coach, has sent his 1968 cagers through their first two weeks of drills in preparation for a difficult schedule ahead. Phelan is working with a Mountie team that possesses more size and depth than any in several years.

Everyone returns from a team that won 23 of 27 games a year ago. In addition, two veterans return after a year out of school.

Heading the list of vets are senior forwards Fred Carter and Dick Dohler. Carter, a 6'3" jumping-jack, has been a standout over three years averaging better than 20 points per game. He was selected for the Mason-Dixon Conference All-Star team three years in a row and, barring injuries, is expected to produce the big points and vital leadership. Carter can play either guard or forward. Dohler, a fine jump shooter, has been a starter and steady performer for three years. The 6'3" forward from Baltimore has tallied 1000 points and has been the Mounties most consistent outside threat over the past three seasons.

Phelan has fine reserve forwards in Mike Kelly and Mike Carney. Kelly, a junior from Richmond, has been a consistent shooter coming off the bench and

ers soundly rejected Code Home Rule by almost 5 to 1, by 2,883 for to 10,926 against.

Open housing also failed in the county, 3,716 for to 6,370 against. In the presidential race, the county went strongly for the Nixon-Gov. Spiro T. Agnew ticket with 13,084 votes.

George C. Wallace and Gen. Curtis LeMay received 4,252 votes on the American Party, third party ticket.

In the U. S. Senate race, Rep. Mathias led Sen. Brewster by almost 3-1, polling a ticket-leading 17,026 to 5,676 for his opponent. Independent Party Candidate George P. Mahoney polled 1,879 votes.

Favorite son Goodloe Byron was given the edge over Del. Beall in the county, 12,904 to 10,592. Byron was expected to make a much better showing in his home county, but political circles attributed Beall's good showing to an intense congressional campaign and the magic of the Beall name. He led in the district 43,790 to 36,094 in late returns.

J. Glenn Beall, Jr.

J. Glenn Beall's father, J. Glenn Beall, Sr., represented the Sixth District in Congress for many years, and was also U. S. Senator from Maryland.

Also giving Mathias and Beall support was the strong showing by the Nixon-Agnew ticket.

Senator Byron carried most of the precincts in Frederick County, but his margin was not enough to help much in the race in the large Sixth Congressional District.

Frederick County registered what may be a record turnout for the presidential election—almost 80 per cent. James E. Messersmith of the Board of Election, said Tuesday's unofficial vote was 25,005 out of a registered total of 32,530, or 76.8 per cent. With another 800 absentee and new voter ballots to be tabulated, the percentage may top 80 per cent.

The turnout in the 1964 presidential was 76.5 per cent, and in 1966 the percentage was 68.

Carney, a rugged 6'5" leaper, has given the Mounts added muscle up front.

The Mounties seem very strong in the backcourt with five guards who are capable of gaining a starting berth.

Lou Grillo, a six-footer out of Washington, D.C., spearheaded the fastbreak Mountie attack. Grillo combines strength and quickness with fierce competitive style and has become one of the most exciting players in Mount history. Grillo won all-state and all-conference honors last year.

Steve Murphy, another six foot junior, returns after a broken foot kept him on the sidelines most of last year. Murphy is an excellent shooter and a fine ball handler and is expected to regain the form that made him a starter a year ago before his accident.

Another junior, John Forte, has been a very capable guard for Phelan during the past two years. A tough defender, Forte has been the key to the press and tight zone defense.

Three sophomores are also expected to see much action. John Novey returns to school after a year working. Novey, 6'3", showed great potential two years ago as a freshman and could be the key. He combines quickness of

(Continued on Page Two)

Dr. W. R. Cadle Honored By Knights

Dr. W. R. Cadle was one of three local men honored at the annual Knight of the Year Banquet and Dance held Saturday evening at the Cozy Restaurant, sponsored by Brute Council 1860, Knights of Columbus.

Approximately 125 members and guests were present for the occasion and Lumen F. Norris acted as master of ceremonies.

Dr. Cadle was the recipient of a large silver tray, with inscription, citing him for over 42 years of service to the community of Emmitsburg. He is the first non-member of the Council to receive such an award in the 50-year history of the local Knights of Columbus. The presentation was made by Guy A. Baker, Sr.

Also receiving awards were Raymond R. Lauer, the Knight of the Year trophy, and Lumen F. Norris, a plaque, for outstanding service to his organization during previous years. These awards were made by State Deputy Frank Heiner, who was the honored guest of the evening. Following the banquet, which was chaired by Robert A. Seidel and Joseph M. Haley, dancing was held.

WILLIAM E. TYLER

William Edward Tyler, R1, Emmitsburg, died last Thursday at the Newton D. Baker VA Hospital, Martinsburg, W. Va. Aged 50 years, he was born in Lexington, Va., the son of the late John W. and Mary Clark Tyler. He was a veteran of WW II and was a member of the Friends Creek Church of God. He had been employed as a laborer for the Frederick County Roads Board.

He is survived by his wife, Mrs. Eileen Jeffries Tyler, six children, Norman Tyler, District Heights; William Tyler, Taneytown; Dawn Tyler, Emmitsburg; David, Bonnie and Joseph, all at home; five grandchildren and the following brothers and sisters, Mrs. Gladys Tyler, Lantz; Obie Tyler, Rockville; Jessie Tyler, of Rockville; John Tyler, Taneytown; Homer Tyler, Emmitsburg; Mrs. Dorothy Haversall, Silver Spring; Mrs. Agnes Spears, Beltsville and Charles Tyler, Gaithersburg.

Funeral services were held Sunday afternoon from the Friends Creek Church of God with the Rev. Duane Beck officiating. Burial was made in the church cemetery. Pallbearers were Bernard Kaliss, Leonard Turner, Oscar Wolf, George Tyler, Lester Tyler and Franklin Tyler. Members of the Francis X. Elder Post 121 American Legion and the Emmitsburg VFW Post 6658, who formed the guard of honor at the Wilson Funeral Home, Emmitsburg, on Saturday evening were: Carroll C. Topper, Andrew Shorb, Charles B. Harner, Joseph F. Rodgers, William Rodgers, Edgar Wastler and Earl Topper.

College Drama Club To Present Farce Nov. 8-9

"Lysistrata"—a bold and rollicking farce by Aristophanes, will be presented by the Drama Club of St. College on the evenings of Nov. 8-9 at 8:30 o'clock in DePaul Auditorium.

The play, which has been staged by Gary Vena, director of drama at the college, speaks particularly well to the contemporary world of its comic consideration of civil disorder, anti-war demonstrations and pickets for peace.

Written by the Greek satirist in the fifth century B. C., "Lysistrata" is a pacifist play about the problem of "bringing the men home" from war.

The title role in the production, which features an all-woman cast, will be played by Lindanne Hawkins, of Lynchburg, Va.

Other leading players will be Gloria Carter, New York; Joan Denney, Philadelphia; Duane Ray, Emmitsburg; Katie Tallman, Bellerose, N. Y., and Diana Callison, North Arlington, Va. The cast will be assisted by two choruses. Admission will be \$1. Tickets may be purchased at the door.

Requests Return Of Equipment

In an effort to round up its sick and hospital equipment, the VFW and American Legion Posts ask the parties who now have this equipment in their possession, to please notify them. Needed are hospital beds, crutches, etc. If the parties who have these items are still using them, continue to do so. However, if these items are not being used, the service organizations would like to have them returned.

Council Orders Water Ban; May Dig Well

The prolonged drought was discussed at the regular meeting of the Burgess and Commissioners of Emmitsburg held Monday evening in the Town Office, Chairman of the Board Clarence P. Wachter presiding with all members in attendance.

As a result of the drought and dwindling water reserves the Council decided to begin immediately to strictly enforce a water ban that has been in effect actually since July. There will be no watering of lawns, shrubbery, window or porch washing, no sidewalk washing and no private car washing. Violators will have their service discontinued.

Present at the meeting were Walter F. Crouse, Bernard H. Boyle and Paul E. Humerick. Mr. Crouse discussed town disturbances and Mr. Boyle asked Council to contact the State Roads Commission relative to installing a stoplight at the intersection of Federal Ave. and East Main St. where the school children from Mother Seton School must cross several times daily. Mayor Robert A. Seidel and Mr. Boyle will meet shortly with Mr. George Lewis of the State Roads Commission to discuss the possible installation of the stoplight. Mayor Seidel read the minutes of the previous meeting and the Council approved them.

Public Works Commissioner J. Norman Flax reported on the Town's water situation and termed it "critical". He stated that Rainbow Lake, the major reserve reservoir, was down 68 inches. Means of obtaining more water were discussed and the drilling of a well in the next two weeks was under consideration. Under consideration also was the renting of two electrically-operated pumps which would pump water 24 hours daily. Following the discussion, Commissioner-Superintendent Flax stated on a number of occasions that he would not come to work in the morning, and following Flax's remarks Commissioner Ralph McDonnell is said to have stated that if Flax quit the Superintendent's job he would go with him.

Mayor Seidel made a motion that the usual \$2,000 donation be made to the Vigilant Hose Co. The motion was unanimously approved. The local 4-H Club asked for a permit to hold a food sale on election day and the permit was granted.

In other action taken at the meeting the Council voted to permit free parking in front of the Senior Citizens Center on Saturday, Nov. 9, the day on which the Center will hold its annual bazaar. It was decided that the Town would send notices to all delinquent water users and insisted upon payment of all arrears. The financial report for October was accepted as presented as was also the financial report prepared by the Town's auditor.

Locals Donate To Warner Hospital Auxiliary

Mrs. George Morningstar, and Guy A. Baker, Jr., Emmitsburg, chairman of the committee in this area for the Warner Hospital Auxiliary Harvest Ball November 22, at the Hanover Country Club have announced the following sponsors from this area: Dr. and Mrs. W. R. Cadle, Dr. and Mrs. George Morningstar, Farmers and Mechanics National Bank of Emmitsburg; the president and faculty of Mt. St. Mary's College, the president and faculty of St. Joseph College, Sisters of Charity, Emmitsburg Pharmacy, Dr. and Mrs. William H. Carr, Mr. and Mrs. Guy A. Baker, Jr., Knights of Columbus, Sperry Ford Sales, Zurgable Bros., VFW Post 6658, Mr. and Mrs. Andrew Eyster, Sanders Garage, Emmitsburg Chronicle, B. H. Boyle and Son, Inc.; Mr. and Mrs. Henry J. August, Sr., Thurmont Pharmacy, Crouse's on the Square, Roger Liquor Store, Mr. and Mrs. Charles F. Stouter and American Legion Post 121.

It was announced that entertainment will be provided by "The Tri Town Four," a quartet composed of Carl Seifert, Gettysburg, Samuel Bittinger, Bud Richards and Bill Stock, Hanover, members of the Hanover Barber Shop Quartet. Several dance selections will be presented by Catherine and Murray Roop, of Tom's Creek, Emmitsburg, during intermission.

Mount Team

(Continued From Page 1)

a guard with the strength of a forward and will play both positions. Tom Parker and Austin Leonard are both fine shooters and give the Mounties great depth in the backcourt.

But Phelan is most elated with the status of his center position. Two big and experienced juniors will share the "big man" role. Bob Reilly, 6'8", and Bob Sutor, 6'9", give Phelan excellent size and agility up front. Reilly is very quick and has steadily im-

proved his shooting and defensive skills and is expected to produce a big year. Sutor, a strong and rugged rebounder, returns to the lineup after a year's absence from school. The Philadelphia product averaged 15 points and 19 rebounds two years ago when he was selected all M-D Conference.

To Offer Mass

A celebrated Mass will be offered in St. Joseph's Church, Taneytown, Wednesday, Nov. 13, at 12 noon to mark the anniversary of the late Helen Eliz-

abeth Shaum. The Rev. Dr. David W. Shaum, son of the deceased, dean of academic affairs, Mt. St. Mary's College, and the Rev. John T. Kerr, pastor of St. Joseph's Church, Taneytown, will be the celebrants.

John F. Bender and Robert C. Sneeringer, members of the college glee club, will be the solo-

ists, in addition to congregational participation.

Parishioners and friends of the late Mrs. Shaum are cordially invited to attend the Mass.

Table with columns for QUESTION No. 1-5, ELECTORS OF PRESIDENT AND VICE-PRESIDENT (NIXON, AGNEW, HUMPHREY, MUSKIE, WALLACE), UNITED STATES SENATOR FROM MARYLAND (Charles McC. MATHIAS, JR., Daniel B. BRENSTER, George P. MAHONEY), and REPRESENTATIVE IN CONGRESS SIXTH DISTRICT (J. Glenn BEALL, JR., Goodloe E. BYTON). Rows list various counties and precincts with corresponding vote counts.

Be A Maryland Safe Hunter

With hunting seasons popping open like acorn cups, hunter safety should be uppermost in the mind of anyone who intends to take to the fields or woods.

Those who hunt in Maryland are fortunate in that a program is available to the novice, or to the experienced hunter who wants a refresher course, that will make him a safer user of firearms and even a more efficient game getter.

This program is officially known as the "Firearms and Hunter Safety Program," and it is sponsored by Maryland's Department of Game and Inland Fish. Now in its third year, it has 400 certified instructors available through the State.

All of these instructors have passed examinations and have been certified by the Department as qualified teachers of firearms safety.

Periodically various organizations such as sportsmen's clubs, Youth and civic groups hold formal instruction courses in hunting and firearms safety. A number of these have been held in various sections of the State during the summer. Most of them had the Department's instructors as members of the faculty.

But the prospective hunter who wants to become a graduate of the program doesn't have to wait for one of these courses to be announced. He can get in touch with one of the 400 experts through the State.

one of the regional offices of the Department of Game and Inland Fish, or through the Department itself at the State Office Bldg., Annapolis, Maryland 21401.

The goal of the Department is 6,000 Hunter Safety graduates by June 30, 1969. But rapid strides will have to be made. There were 333 who received certificates during the summer, and the drive is on to get the remaining 5,667 on the rolls.

Graduates of the course receive not only a certificate stating that he has completed the firearm and hunting safety course, he also is awarded a handsome orange and black shoulder patch as a "Maryland Safe Hunter." The certificate is recognized in States where proof of hunting competency is required to obtain a hunting license.

Charles Garner, Coordinator of Maryland's Firearms and Hunter Safety Program, points out that there were 29 hunting accidents in the 1967-68 season and that there have been 227 such accidents over the past 14 years. Maryland's record isn't the worst

by any means, but Garner says that a study of these accidents shows that the majority could have been prevented.

"A little time, effort and cooperation on the part of the hunting public can save life and avoid injury," Garner says.

One aid to cutting the accident toll is defensive hunting, the program coordinator declares. One should use every means possible to avoid becoming an accident victim and one important step is wearing proper clothing in the field. The new blaze orange color readily identifies a hunter, even at extreme range. There is no species of game that remotely resembles this color.

Since most game, with the exception of turkeys, waterfowl and possibly doves, fail to distinguish color, the hunter should give himself a break and at least display a large patch of blaze orange when he is in the field.

Bow Hunters Meeting Success

Bow hunters, who have been busy at their sport since September 16, seem to be meeting with good success throughout the state, according to field reports made to the Department of Game and Inland Fish from the four regions.

One of the nicest bucks taken during this early season is a 9-pointer that weighed 190 pounds field dressed. Those at the weighing station said this animal would have gone at least 230 pounds on the hoof. The big buck was killed by Gary E. Moody on October 19 while hunting on the Ft. Meade hunting area. The big one made the third deer of the season for Ft. Meade bow hunters.

Talbot County, on the Eastern Shore, recently checked in a 3-point buck which fell to David Wooters, Sr. His deer weighed 165 pounds field dressed. The Central Region has checked in an 8-point buck that weighed 151 pounds field dressed.

For the entire State, the archers have killed 98 deer through October 24. They have collected 54 bucks and 44 does. The season got off to a fast start with 43 deer — 27 bucks and 16 does — killed the first week.

The Central and Eastern Regions lead in the number of kills with 40 apiece. There have been 14 deer taken by archers in the Southern Region and only 4 in the Western Region.

While the interest of the bow hunters seems to be hot, the Department of Game and Inland Fish notes that sales of the special deer-turkey stamp are lagging behind the 1967 hunting season. Hunters are urged to get their stamps now and avoid the rush expected when the gun season opens November 30.

Asian Institute Continues At College

Joseph Campbell, author of "The Masks of God," a four-volume work on mythology, will be the lecturer for the Southeast Asian Institute to be held Saturday, November 9, at St. Joseph College.

Mr. Campbell, professor of literature at Sarah Lawrence College, will consider "Hindu Philosophy and Symbolism" at the morning seminar at 9:30 o'clock in the lecture hall of Dodd Science Building.

"Art and Architecture of Southeast Asia" will be Mr. Campbell's subject for the afternoon meeting at 1:30 o'clock.

The Institute, which is supported by the Breezewood Foundation

and three other contributing agencies, provides an opportunity for exploration of Southeast Asian background, culture, religions, politics, economics, and history.

Under the direction of Dr. Kenneth P. Landon, Director of the South and Southeast Asian Center of the American University, and Thomas M. Leonard, chairman of the department of history at St. Joseph College, the Institute has a wide-spread appeal to both students and teachers and regularly draws a group of about 75 people from the schools, colleges and communities of Maryland and Pennsylvania.

Saturday's speaker, who is a specialist in Sanskrit, has a deep interest in the synthesis of philosophy, theology and literature which is reflected in his works. He is co-author of "A Skeleton Key to Finnegan's Wake," "Psychoanalysis and Culture," "Basic Beliefs" and "Culture and History."

Author of "Where the Two Came to Their Father, A Navaho War Ceremony" and "Grimm's Fairy Tales: Folkloristic Commentary," he was also editor of "The Viking Portable Arabian Nights," "Philosophies of India" and "The Art of Indian Asia."

He is at present editing the fifth volume of the Eranos Yearbooks, which deal with such subjects as "Spirit and Nature," "Man and Time," and "Spiritual Disciplines."

Mr. Campbell has been a visiting lecturer at the Foreign Service Institute, Department of State, and at Columbia University. He was formerly president of the Creative Film Foundation and is at present a trustee of the Bollinger Foundation.

The lecturer received the American Academy of Arts and Letters award in 1949.

A graduate of Columbia University, where he also earned his master of arts degree, Professor Campbell has studied at the Uni-

versity of Paris and the University of Munich.

The final Institute meeting for the first semester will take place on Saturday, November 23.

Work Permits Needed

Many young men and women, ages 14 through 17, will be working illegally during the Christmas season if they do not obtain work permits from the Department of Labor and Industry or its authorized representatives in several counties, according to Henry Miller, Commissioner of Labor and Industry.

Mr. Miller stated that the law requires youngsters between 14 through 17 to obtain the necessary permits to assure that they are working at permissible employment and within the hours prescribed by law.

"Work permits are issued as a protection to the employer," Mr. Miller says, "an employer who hires a young person between the ages mentioned above who has not obtained a work permit, leaves himself open to financial loss if the youngster is injured on the job."

With the Christmas season coming on, many young people will be seeking employment and even

as part-time and seasonable employees, they must secure work permits.

Permits are obtainable in Baltimore through the Department of Labor and Industry, 301 W. Preston Street and in the Counties through the Junior and Senior High Schools.

D.M.V. REPORT

By D. Murray Franklin
Public Information Officer
Md. Dept. of Motor Vehicles
'Safe Walking' Primer
For School Children

The Fall season becomes a time of concern for the safety of children walking to and from school. Youngsters intent on catching their school bus, or getting home to play, are liable to run in all directions without looking.

Granted, they have been told how to cross streets and highways safely, but they occasionally forget the safety rules that have been drummed into their minds. Kids are great for excitement and prone to move on impulse.

One statistical report showed that five times as many children between the ages of 5 and 14 are killed crossing highways as compared to the 15 to 19 age group. Obviously, the experience of a few short years makes a big difference.

While the street crossings in the immediate school area are usually supervised by guards, the most distant crossings must be made without assistance. A child's knowledge of some of the basic pedestrian rules will assist him in making the proper decisions to protect his own safety.

Listed below is a capsule refresher course for parents to use when explaining "safe walking" to their children:

- Cross streets at corners, do not jaywalk.
-Avoid entering the street from between parked cars.
-Wait on the curb before crossing, not in the street.
-Look carefully for turning cars.
-Keep looking back and forth as you cross.
-Walk, do not run, across streets.
-When traveling in a group, look for yourself; don't depend on someone else to look for cars.
-Stay within white pedestrian crosswalk lines.

crosswalk lines.

- After waiting for a car to pass, make sure there isn't another coming on the other side before you start to cross.
-Watch out for cars leaving parking places.
-If there are traffic lights at the corner, cross only on green; do not start to cross on yellow.
-At night wear light-colored clothes and cross at lighted places.
-Never play or run in the streets.
-On roads without sidewalks, walk on the left, facing oncoming cars.
-Be alert when entering or leaving buses or cars.
-Obey the instructions of policemen and school crossing guards.
-When carrying an umbrella, keep it up for clear vision.

With all the hustle and bustle associated with the return to school, it is easy to overlook the importance of stressing pedestrian safety rules.

The above digest is presented to assist parents in coaching their children on the basics of safe pedestrian habits.

n't get thoroughly clean, when the players are rolling in dust and their skin is hyperhydrated (very wet) from long contact with sweaty equipment, they become much more receptive to the action of the acne bacillus," says Dr. William B. Taylor, associate professor of dermatology.
The physician notes that "sunshine has a beneficial effect on acne, but that football helmets, chin straps, pads, and jerseys block the sun's rays at the same time they capture perspiration and skin oil to increase the irritation. Encouraging note: "It would be extremely rare to find acne so severe that it would cause a boy to give up playing football," according to Dr. Taylor.

Catholic Medical Schools Teaching Contraception

CHICAGO, Ill.—"A survey of faculty members at Catholic medical schools indicates that the papal encyclical banning all artificial means of birth control is not likely to make much difference in training physicians at these schools."
The finding appeared in a recent issue of the "Journal of the American Medical Association" which also reported that some physicians at the hospitals of such Catholic institutions as Creighton, St. Louis, and Georgetown now prescribe pills to those patients who want them, and this practice is likely to continue.

"The students at Catholic universities cannot be secluded from certain knowledge," said Richard F. Mattingly, M.D., obstetrics and gynecology chairman at Marquette. "How they use that knowledge is a matter of conscience on their part. But we would be abdicating our responsibility to medical education if we didn't teach them about the various methods."

WOMEN'S HEALTH

By Elizabeth Stewart
Women's Medical News Service

Gridders Warned To Beware Acne
ANN ARBOR, Mich.—Combine glowing fall days, football practice, and males and you know what you get? An increase in acne.

This discouraging formulation comes from dermatologists at the University of Michigan Medical Center who maintain that the fall football season regularly brings on an increase in acne problems. Here's why:

"When personal equipment does-

YOUR PERSONAL HEALTH

From now until the snow piles up, football will be one of the main outdoor activities across the land. Youngsters will be out with their school teams, or playing a sandlot - league version of the game. And many fathers, trying to prove there's still life in the old boy, may be tempted to show the youngsters how they did it in the long ago.

Unfortunately, many middle-aged men are not as young as they look, and some may be even older, medically speaking, than they feel, says Your Heart Association. Among them are those men who have been eating too much rich food, smoking too many cigarettes, and not exercising regularly, all risk factors associated with coronary heart disease.

Unaccustomed strenuous exercise can trigger a heart attack in susceptible individuals. So, Your Heart Association advises those fathers to toss the football back to the youngsters and make their first goal a medical checkup. A medical evaluation is in order for all individuals who have been gambling with the risk factors in their personal habits.

Infant Dental Plates
Treat Cleft Palate
BOSTON, Mass.—Within hours after birth, infants born with cleft palates at the Tufts-New England Medical Center are being fitted with special "dental plates" which they will wear about 23 hours a day from five weeks to a year.

The individually fitted devices help realign the bony deformities and cause a thickening of the soft tissues of the upper jaw.

The device is reshaped frequently to conform to the changing shape of the infant's mouth and jaw. It causes the deforming cleft to become much smaller and in some patients almost to close. Surgical problems are simplified because of the changes made by the device.

The device enables infants to bottle feed normally almost at once. Nearly 100 infants have been fitted in the past three years with excellent results.

This report appeared in "Clinical Trends," a paper for eye, ear, nose, and throat specialists and allergists.

latest scientific evidence covering the relationship of diet to heart disease, and recommending moderate changes in eating habits to reduce your risk. They are "The Way to a Man's Heart," and "Recipes for Fat - Controlled, Low Cholesterol Meals." Your Heart Association also can furnish you with materials on the other risk factors.

In conclusion, Your Heart Association stresses that the earlier in life one starts on a program to protect his heart, the better his chance of reducing the risk of premature heart disease.

Your help goes where hunger is — Give to CARE, New York 10016 or your local office

What They Wore... by PHYLLIS JOYCE
GOOD SCOUTS
ON THE EARLY DAYS OF GIRL SCOUTING THE UNIFORMS WERE MUCH MORE RESTRICTIVE AND HEAVIER THAN TODAY. MRS. HERBERT HOOVER, A GIRL SCOUT LEADER IN THE 'TWENTIES, IS SHOWN IN HER UNIFORM OF A BELTED JACKET, LONG FULL SKIRT AND BROAD-BRIMMED HAT.
THE GIRLS ON A CAMPING TRIP IN THE 'TWENTIES WORE A FULL-CUT BELTED BLOUSE WITH NECKERCHIEF, LEGS WERE ENCASED IN KNICKERS.
TODAY... WHEN BUYING WOMEN'S OR CHILDREN'S APPAREL, LOOK FOR THIS LABEL - THE SYMBOL OF DECENCY, FAIR LABOR STANDARDS AND THE AMERICAN WAY OF LIFE.
TODAY THE UNIFORM OF THE CADETTE GIRL SCOUT IS COMFORTABLE AND FASHIONABLE; A WHITE BLOUSE WITH A GREEN TIE AND SKIRT, TOPPED OFF WITH A GREEN BERET, THE GREEN BADGE GASH IS OFTEN WORN TO DISPLAY MERIT BADGES.

HEALTH HINTS
National Association Of Blue Shield Plans

Physical Exams
Schedule periodic physical examinations for children of school age. During grade school years, annual check-ups are recommended. A thorough examination for school beginners will detect any hearing or vision problems that may hamper the child's schoolwork. Also, a thorough examination is recommended for children who intend to participate in school athletics.

Hiking
When planning a hiking trip, select clothing which is comfortable and suitable for weather conditions. Shoes should cover the ankles and be properly "broken in." Wear properly fitted woolen socks, since wool absorbs perspiration and holds its shape. Refrain from eating too heavily before or during the hike. Avoid over-exertion and allow sufficient time for your return trip.

Hunting
Carelessness accounts for virtually all hunting accidents. When carrying a loaded gun, always maintain control over the direction of the muzzle. Never cross over or through a fence with a loaded gun. Either unload the gun or place it beside the fence and pick it up after you are on the other side. Never fire the gun until you have clearly identified your target.

OFF AND RUNNING by John I. Day

Take A Stretch

"Heartbreak Lane," as the 1,234.5-foot homestretch at Churchill Downs is sometimes called at Kentucky Derby time, only seems to be the longest stretch in the country. To a tiring front-runner, the fatiguing fact of the matter is that the 1,346 feet of the New Orleans Fair Grounds home stretch is the longest in North America. Oddly enough, two tracks of less than 1 mile in circumference have homestretches longer than Belmont Park, a full circuit of which is a mile and a half. The Belmont stretch measures 1,097 feet; Winnipeg's Assiniboia Downs, a 6 1/2 furlong track, has a 1,100-foot stretch and Green Mountain, at Pownal, Vermont, 13/16ths of a mile around, has a 1,106-foot run to the wire. On the short side is Great Barrington, Massachusetts, a half-mile track where the dash to the finish line is only 90 feet more than 100 yards. Another "long" track with a short stretch is Atlantic City, one mile and a furlong around, but only 947.29-feet to the "moment of truth." The long and the short of it among the standard one-mile ovals listed in the Thoroughbred Racing Associations' Directory are Oaklawn Park, Hot Springs, Arkansas, with a stretch of 1,155-feet and Del Mar, California, where it is but 832 feet to the payoff line.

The GRACE Of GOD- What Does It Mean?

Even among Christians, there is often misunderstanding of the nature and effects of this supernatural gift. Saved from misfortune... or blessed in a worldly way... some pious and well-meaning people are wont to say: "It was only by the grace of God." This may reflect a worthy attitude of appreciation toward God, but it doesn't necessarily reflect the understanding of divine grace every Christian should have.

In general, grace has been defined as a supernatural gift infused in the soul, making it pleasing to God. No one can merit divine grace, or acquire it by his own unaided efforts. "...by grace you are saved... that not of yourselves, for it is the gift of God" (Eph. 2:5-8).

There are, moreover, distinctions in the kind, quality and purposes of divine grace. The first distinction is between sanctifying grace, which the Church calls a permanent quality in the soul, and actual grace, described as a transient movement from God that comes and goes and acts on the soul rather than in it. Sanctifying grace makes the soul pleasing to God and remains there permanently unless expelled by serious sin. Actual grace moves us to do good works.

There are other kinds, qualities and purposes of divine grace with which every Christian should be familiar. Lacking space to describe them here, we have published an interesting pocket-size pamphlet called "GRACE—Without It, You're Dead" ... and we will be happy to send you a copy free upon your request. This new pamphlet covers such topics as "The Supernatural State"... "Grace—What Is It?" ... "Actual Grace" ... "Other Kinds of Grace" ... "Ways to Obtain Grace" and "How Can We Merit God's Grace?" It explains what we must do to make ourselves worthy of God's freely given gift of grace... how the Sacraments and prayer open the channels through which the grace of salvation is poured into our souls. Every Christian... in fact, everyone seeking the favor of God through grace... should read this interesting pamphlet. WRITE TODAY for your free copy. Ask for Pamphlet No. KC-64. No obligation; nobody will call on you.

Victim Of Delusion
The American press has lately led the way in pointing out the bad in Communism, but,

like the public, it has a short memory, is substantially influenced by wishful thinking and by an unrelenting, massive stream of cunning Soviet propaganda. Although the press has access to the day-to-day record of Soviet Communism's evil nature and evil deeds—in its own "morgues"—it falls victim time and time again to the delusion that a smiling Russian Bear must be a good Russian Bear.

Since the New York Times in recent years has so frequently supported the idea that Soviet bosses have discarded their schemes for conquest, that they now respect all nations' desires

for independence, and want to live decently in a peaceful world, we recall below the Times editorial of September 24, 1960. (Khrushchev, whom the Times had helped to greet royally in New York a year before, 36 months after his bloody crushing out of freedom in Hungary, came to New York in September 1960 on a rampage. He shouted down distinguished speakers at the U.N., beat his shoe on the desk, played ring-master in a circus of performing Communist puppets from 15 nations which were and still are held in the Red steel-trap.)

Times Editorial
"The use of lies and falsehoods by Communists," said the Times, "is nothing new and normally does not require special comment. But Nikita Khrushchev's use of the big lie technique before the U.N. General Assembly yesterday had a breathtaking impudence which made it a special insult to the intelligence of all mankind."

"The lie was as simple as it was enormous: the head of the greatest colonial empire of the present day told the people of the world he has no colonies, and spoke sanctimoniously as the enemy of colonialism. The man who ordered the Hungarian Revolution throttled in blood (NOTE: But the Times didn't say, "And whom the U.S. greeted with open arms sometimes afterwards") dared weep crocodile tears over the fate of the many states now members of the U.N. who have been given their freedom with no struggle of any kind in recent years. It was a shameful performance."

"Let us look at the Soviet Colonial Empire. The Slave Nations

"It consists of two parts. One part is made up of states nominally independent, but enmeshed so completely in Moscow's military, political and economic power that they cannot act with true independence. These states are: Poland, East Germany, Hungary, Czechoslovakia, Rumania, Albania, Bulgaria, Outer Mongolia, North Korea. (NOTE: The Times failed to mention several other puppets.)"

"The other part of the Soviet colonial empire is made up of the non-Russian people and lands which were first subjugat-

ed by the Czars, incorporated into their empire, then subjugated by Lenin and Stalin, so that today they are still vassals of Moscow. Many people live in the prison of nations that is the Soviet Union today, but the chief ones among them are the following:

"Ukrainians, Byelorussians, Lithuanians, Latvians, Estonians, Armenians, Georgians, Azerbaijanis, Uzbeks, Turkmens, Kingiz, Tadzsiks, Kazakha, Tartars, Yakuts, Buryats."

"By all means let all colonialism be ended as soon as possible. But let the U.N. and the world make sure that the Soviet colonial empire be included. That empire unfortunately has grown while the other empires of the past have been dissolving before our eyes."

Under Red Domination

A few days later, when the Soviet puppet "Quislings" had hopped through Khrushchev's hoop and the ring-master had showed himself to be a ruffian, the Times editorialized again: "Premier Khrushchev confronted the U.N. General Assembly with an ultimatum that forces a showdown of his rule or ruin policy. The ultimatum was to the effect that unless the U.N. is reorganized according to Soviet specifications, which would either put this world organization under Soviet domination or wreck it, the Soviets will henceforth disregard any of its decisions that run counter to their policy and will rely on their own strength to impose that policy. . . . In point of fact (said the Times) the Soviets have constantly pursued the policy which Premier Khrushchev has now announced."

In point of fact, the Soviets got what they demanded in U.N. reorganization.

In point of fact, they disregard any U.N. decisions they don't like. And in point of fact, their second murdering of Czechoslovakia should not have surprised anyone, for the nature of evil is unchanging; Godless Communism cannot change the blackness of its nature and its deeds. When will we learn?

Instead of always trying to get the best of a bargain, try giving the best of it once in a while.—B. C. Forbes

Blue Cross Announces New Coverage Plan

Maryland Blue Cross and Blue Shield has announced plans for the introduction of a new program to provide benefits for services in extended care facilities.

The proposed program would represent a major broadening in the benefits offered by Blue Cross and Blue Shield and is intended, at the same time, to help promote the more economical and effective use of expensive hospital facilities.

Under the program a member who no longer required hospital care, but who was not well enough to go home, could receive benefits in a qualified extended care facility on a ratio of two days of ECF care for each unused hospital benefit day.

A Blue Cross and Blue Shield spokesman pointed out that extended care facilities are growing in number and quality, and are becoming increasingly important in the provision of health care to patients of all ages.

"In some types of cases," he said, "needed care, not only can be provided at less cost in an ECF than in a hospital, but frequently in a more appropriate environment."

"We naturally are most hopeful that the program, when operational, will help shorten the length of some hospital stays," the spokesman added. "This is vitally important when we recognize that hospital costs today are approaching \$70 per day." The cost of ECF care, by contrast, averages less than half this amount.

According to the Blue Cross and Blue Shield spokesman, "Shorter hospital stays also can mean that hospital beds may be released more quickly for patients needing hospital care. This can help reduce waiting times for patient admissions, can enable hospitals to serve a greater number

of patients, and in some cases may even help reduce pressures for expansion of hospital facilities."

Many of the details of the program still are under development, and will be discussed with representatives of ECF's soon. Hopefully, work on this program can be completed by year end.

In order to obtain a broad base of experience under controlled conditions, the program initially

will be offered to medium-to-large sized groups. As this experience is gained, however, the program is expected to be made available to other segments of Blue Cross and Blue Shield membership.

In 1920 the War Department established the principle of granting shoulder insignia to all units of division size or higher. In exceptional cases a unit smaller than a division is authorized its own patch.

Food For Peace
WELLESLEY HILLS, Mass.,
November 7—Although two full
years have passed since the U.

S. Foor For Peace program was
expanded, the hard reality of
hunger is still encountered in a
majority of the nations of the
world. On every continent, except
North America, there are
tens of millions of persons who
from birth to death eat poorly
and scantily.
Public Law 480
After a decade and a half of
intermittent debate, in 1966 Con-

gress passed a truly compre-
hensive federal food for peace
program—Public Law 480. Under
its terms U. S. farm commodities
can be sold to friendly
countries, with payment made in
the local currency of the recipi-
ent nation. These funds are
kept in the country to which
the sale is made and can be
used to pay U. S. obligations
abroad, finance grants for economic
development, make loans
to private enterprise or foreign
governments, or fund educational,
scientific, and public information
projects.

Public Law 480 also authorizes
gifts of U. S.-grown food to
nations stricken by famine or
other disaster. Such gifts are
made from the farm products
held in storage by the Commodity
Credit Corporation. They
may be used to aid economic and
community development in
recipient countries and for school
lunch programs.
Symbol Of Hope

The United States has a long
history of helping to feed the
world's poor. Our people and
our government have been quick
to send supplies to those areas
devastated by floods, fires, earth-
quakes or war. Twice in this
century—following World Wars
I and II—Herbert Hoover headed
our government's far-reaching
efforts to feed people rendered
homeless and jobless in those
conflicts which devastated
large areas of Europe.

Today the U. S. is a great
symbol of hope for a world
producing hungry mouths faster
than it is increasing its food
supply. If the world population-
food crisis is not already the
chief concern of mankind, it
should be. In time we can work
out a solution in Vietnam, in
the Middle East, in Africa, in
Latin America, and even in
Europe itself. But if the human
race does not learn to feed
itself, despair is inevitable. And
from such despair could come

chaos and revolution that would
drain the sustenance of the
"have" nations while contribut-
ing not one whit to the "have
not" nations.

Birth Control
Only Partial Answer
There is, of course, a correla-
tion between population and
poverty, but it is certainly naive
to assume that limitation of
population alone will eliminate
poverty and hunger. Some na-
tions are chronically poor, not
because they have too many
people, but because they do not
have enough people who are
able to contribute the taxes
needed for economic develop-
ment.

A great deal of the poverty
and hunger in the world is caused
by backward agriculture, low
economic productivity, instabili-
ty of primary commodity prices
in world markets, and ad-
verse political conditions. In
short, these causes are econom-
ic in nature and the remedies
must be economic too.
Economic Priorities

Hopefully, world population
will not grow as fast as recent
trends imply. But whether it
does or not, it is obvious that
mankind must work toward a
re-alignment of economic priorities.
In those under-developed coun-
tries where the primacy of ag-
riculture has been displaced by
too rapid and too ambitious a
push toward industrialization, a
more balanced approach to over-
all economic planning must be
encouraged. Common sense dic-
tates that such an approach in-
clude not only more food pro-
duction but also more varied
food production. Here in the U.
S. we raise 88 major food crops,
although 95% of our food is
derived from only 20 of these
crops. In 87 countries — where
hunger is rife — the average
number of food crops is fewer
than six. The world average is
only 11.

Truck registrations totaled 15,
358,952 in 1967. An additional
834,666 trucks were owned by fed-
eral, state and local governments,
excluding military vehicles.

LEGAL

JULIA F. HAWKINS
New Market, Maryland
COMPLAINANT
vs.
CLAUDE T. HAWKINS
c/o Dixie Hawkins
Independence, Virginia
DEFENDANT
NO. 22,188 EQUITY IN THE
CIRCUIT COURT FOR FRED-
ERICK COUNTY, MARYLAND

ORDER OF PUBLICATION
The object of this proceeding
is to procure a divorce A VIN-
CULO MATRIMONII from the
Defendant, Claude T. Hawkins,
and for such other and further
relief as the nature of the case
may require.

The Bill states in substance,
that the Complainant is a resi-
dent of Frederick County, State
of Maryland, and has been so for
more than one year last past;
while the Defendant is believed
to be a non-resident of the State
of Maryland, and is believed to
be living with his mother, Dixie
Hawkins, in Independence, Virginia;
that your Complainant was mar-
ried to the Defendant at Indepen-
dence, Virginia on October 20, 1945,
by a regularly ordained Minister
of the Gospel; that as a result
of the said marriage one child
was born; the Bill further al-
leges that ever since the said mar-
riage the Complainant has always
conducted herself as a kind,
chaste, dutiful and affectionate
wife towards the said Defendant;
and that the Defendant, Claude
T. Hawkins, between the time of
the said marriage and the filing
of this Bill of Complaint, with-
out just cause or reason, aban-
doned and deserted the Complai-
nant and that such abandonment
and desertion has continued un-
interruptedly for at least eighteen
(18) months prior to the filing
of the Bill of Complaint and is
deliberate and final and the sep-
aration of the parties to this cause
is beyond any reasonable expecta-
tion of reconciliation, to all of
which the Affidavit is made.

It is thereupon this 10th day
of October, 1968, by the Circuit
Court for Frederick County, in
Equity, ORDERED that the Com-
plainant, by causing a copy of
this Order of Publication to be
published for at least four (4)
successive weeks prior to the 16th
day of November, 1968, in the
"Emmitsburg Chronicle", Emmits-
burg, Frederick County, Mary-
land, giving notice to the Defend-
ant, Claude T. Hawkins, of the
object and substance of this Bill
of Complaint and warning him to
be and appear in this Court either
in person or by Solicitor on or
before the 17th day of December,
1968, to show cause, if any he
has, why the relief sought should
not be granted.

ELLIS C. WACHTER
Clerk of the Circuit Court
for Frederick County, Mary-
land.

LIFE-SAVING POLE

This crash illustrates how new breakaway light poles made of aluminum will be making the nation's highways safer on holiday weekends and every day of the year.

The aluminum poles have a specially designed base which fractures when struck to eliminate the jarring impact which often kills or maims when an auto strikes an immovable pole. The pole breaks away and is thrown clear of the vehicle which can then come to a gradual, controlled stop.

The new poles are one of many highway fixtures

and designs which have been re-engineered in recent years to reduce highway fatalities and injuries. Forty-seven states now specify this type of pole, and 23 states specify them exclusively. The U.S. Bureau of Roads has decreed that breakaway light poles must be used on all future interstate road construction unless poles are protected by a guard rail or are set 30 feet back from the roadway.

In New Jersey during a five-year period 2,000 breakaway aluminum poles were hit by autos without a single fatality and with few serious injuries.

Receive Grants At St. Joseph's

Sister Aloysia Dugan, chair-
man of the department of nurs-
ing at St. Joseph College, recent-
ly announced the names of three
women who have received grants
for study on campus this year.

Two of the grants came from
the National Institute of Mental
Health and were awarded to Sis-
ter Clement Skurka, of Camp Hill,
Pennsylvania, and Sister Mary
Christopher Dixon, of Syracuse,
New York.

A third grant, from the Bureau
of Health Manpower of the U. S.
Public Health Service, went to
Mrs. Lillian Billman, of Balti-
more.

All three recipients represent
varied background in the field of
nursing.

Sister Clement Skurka, a gradu-
ate of St. Michael's School of
Nursing, Newark, N. Y., has done
staff nursing at Holy Spirit Hos-
pital, Camp Hill, for the past four
years.

Sister Mary Christopher Dixon,
a graduate of St. Elizabeth Hospi-
tal School of Nursing, Utica,
N. Y., has served at a private hospi-
tal in Honolulu, and as a nurse
for the government of Hawaii at
the leper colony at Molokai from
1959 to 1966.

Mrs. Billman was graduated
from Catonsville Community Col-
lege in 1967 with an A.A. in
nursing.

The NIMH traineeship grants
represent part of the first yearly
amount of \$21,700 of the more
than \$108,000 which St. Joseph
College will receive during a five-
year period for further develop-
ment of its undergraduate educa-
tion program for nurses.

Sister Aloysia said that the sti-

pends are designed to help under-
graduate students to finance their
junior and senior years of col-
lege in preparation for graduate
study in mental health-psychiat-
ric nursing. She explained that
recipients of these traineeships
make a commitment to continue
their study in the field of mental
health to the master's level.

The Public Health Service grant,
which requires certification as a
R.N., carries with it a job com-
mitment to public health nursing
following graduation.

College Lecture Tuesday Night
"The Dutch Catholic Theologians" will be the subject of a lecture scheduled for Tuesday evening, Nov. 12, at St. Joseph College.
Dr. Bernard Nachbahr, who has been teaching philosophy and theology at Loyola College, Baltimore, and at Woodstock College, Woodstock, Maryland since 1966, will be the speaker.

The lecture will be presented in upper Dubois Hall, it was announced by Sister Mary Agnes, chairman of the department of theology. It will be open to the public.
His subjects for the evening of Nov. 12 will be "Schoenberg on Original Sin" and "Meijers on Canon Law and Marriage."

Dr. Nachbahr, a native of Amsterdam, pursued his elementary, secondary and college studies there. His graduate work in philosophy has taken him to the University of Nijmegen to Cambridge University, and to several universities in Rome. After receiving his Ph.D. in philosophy, summa cum laude, at the University of Rome in 1961, he taught for four years at colleges in Pakistan and India.
The lecturer has written articles about the problems existing in the relationship between Asia and the West, from a philosophical viewpoint. Dr. Nachbahr's lecture will be a part of the Contemporary Theology Lecture series being offered this semester at St. Joseph College.

Soldier Awarded Commendation Medal

LONG BINH, Vietnam — Army Specialist Five David T. Eversole, son of Mrs. Theodore T. Eversole, R1, Fairfield, Pa., received the Army Commendation Medal Oct. 10 while serving with the 58th Transportation Company near Long Binh, Vietnam.
Spec. Eversole earned the award for meritorious service.
The Army Commendation Medal is awarded to personnel who while serving with the Army distinguish themselves by heroism, meritorious achievement or meritorious service. The medal was established by the Secretary of War on December 18, 1945.
Spec. Eversole entered the Army in December 1965 and was last stationed at Ft. Knox, Ky., before arriving overseas in October 1967.
The 23-year-old soldier attended Fairfield High School.

College Fashion Show Nov. 14

"Silhouette Story — Inside and Out", a program featuring a fashion show as well as new teaching techniques, will be presented next Thursday evening, Nov. 14, at 7:30 o'clock in the Student Center of St. Joseph College.

The program will be sponsored by the home economics department of the college. Mrs. Ruth Dillon, assistant professor of home economics, will be moderator for the event, which is part of the inservice program of the Simplicity

Pattern Company.
Highlighting the program will be the presentation of a coordinated wardrobe in the new fall fabrics and fashions. Models will be students from the home economics department.
Two new teaching kits, involving the use of overhead frames and posters, will be demonstrated by Miss Mary Anne Miller, special field representative of the company.
Members of the student body of St. Joseph College and the home economics club of Hood College and the University of Maryland have been invited to attend the presentation. Others interested in attending should contact the Home Economics department of St. Joseph College by Nov. 12, to insure seating space. Calls should be made between 8 a.m. and 5 p.m.

Mount Runners Out-distanced

Mount St. Mary's cross-country runners went down to their first defeat of the season Saturday, bowing to the high-powered Catholic University squad 20-40 on their Washington, D. C. course, giving CU its 25th straight win over the past three years. The loss marked the Mount's first after seven straight wins this season. Catholic, maintained its long winning streak that gave them the Mason-Dixon Conference title the past two years.

The Mount's star runner, Bill Lyons, finished in the first place slot with a 21:27 record, establishing his eighth straight first place finish since he joined the team as a freshman this year. He was followed by five Catholic U. runners.

12 Die On State Roads In Week

Twelve persons were killed on Maryland highways last week according to the weekly survey published by the State Police. Nine of those killed were drivers and three were passengers. Alcohol was a contributing factor in five of the deaths, speed in four, and "driver error" in all of them.

"One of the most frequent causes of highway accidents is failing to grant right of way," noted Lt. Col. George E. Davidson, Deputy Superintendent of the State Police. "This violation was responsible for the loss of three lives on Maryland highways last week. These drivers paid a high price for their inattention, and we would certainly do well to profit from their mistake."

Heart Group Says To Bowl

Bowlers in Frederick County will have a chance to "score a strike against heart disease" as they join in the observance of Heart Bowling Week, it was announced this week by Mayor John A. Derr, President of the Frederick County Heart Association. The Heart Fund benefit program is scheduled for the week beginning November 18 through Nov. 24.

Plans for the contest were developed jointly by the Heart Association and the Bowling Proprietors' Association. Most of the latter's many thousands of bowling center members are taking part under the slogan "Bowl — Strike Out Heart Disease."

"Your Heart Association is currently embarked upon a national program to get people to reduce their risk of heart attack by doing certain things and avoiding certain others," said Dr. Martha Schipper, President-elect of Frederick County Heart.
Ronald E. Summer, Chairman of Special Events for Heart, announced the benefit will be for league bowlers, who will enter the contest at an entry fee of \$1 per person, with 70 cents going to the Heart Fund and 30 cents to prizes. Scores will be based on regular league play for a three-game series.

Members of the student body of St. Joseph College and the home economics club of Hood College and the University of Maryland have been invited to attend the presentation. Others interested in attending should contact the Home Economics department of St. Joseph College by Nov. 12, to insure seating space. Calls should be made between 8 a.m. and 5 p.m.

Plans for the contest were developed jointly by the Heart Association and the Bowling Proprietors' Association. Most of the latter's many thousands of bowling center members are taking part under the slogan "Bowl — Strike Out Heart Disease."

"Your Heart Association is currently embarked upon a national program to get people to reduce their risk of heart attack by doing certain things and avoiding certain others," said Dr. Martha Schipper, President-elect of Frederick County Heart.
Ronald E. Summer, Chairman of Special Events for Heart, announced the benefit will be for league bowlers, who will enter the contest at an entry fee of \$1 per person, with 70 cents going to the Heart Fund and 30 cents to prizes. Scores will be based on regular league play for a three-game series.

Members of the student body of St. Joseph College and the home economics club of Hood College and the University of Maryland have been invited to attend the presentation. Others interested in attending should contact the Home Economics department of St. Joseph College by Nov. 12, to insure seating space. Calls should be made between 8 a.m. and 5 p.m.

TEMPORARY WATER BAN
Upon the recommendation of the Mayor and Town Commissioners, a temporary water ban will be in effect immediately.
The purpose of this water ban is to conserve our present supply. Prohibited will be the sprinkling of lawns, washing of sidewalks, porches, and private car washing.
The ban will be in effect until such a time as we have sufficient rainfall to replenish our present resources.

The ZIP Column

Monday, November 11, 1968, Veterans Day, the business lobby of this office will be closed. However, Post Office Boxholders may pick-up their mail, as usual, from 6 a.m. to 6 p.m. There will be one outgoing as well as one incoming mail, in the morning. No rural delivery service will be performed on this day.

A card form notice was distributed this week reminding patrons of their local Post Office Zip Code, and requesting that it be used on all correspondence, along with a complete return address.

Christmas cards must all be sent at the 6c postage rate. There is no reduced rate for local delivery, or unsealed envelopes. G. E. Rosensteel, P.M.

Mount Harrier Win

Bill Lyons, Mt. St. Mary's freshman runner, won his ninth straight Monday in pacing his team to an easy 19-41 verdict over Roanoke here. It was the eighth victory in nine starts for the Mountaineers. The Mountaineers will take part

in the Gallaudet invitation meet Saturday at Washington.

WEATHER REPORT

Temperatures for the Emmitsburg District for the period ending Nov. 1, as reported by Mrs. Paul Beale, local weather observer, were as follows:

Table with columns H, L and dates from Saturday, Oct. 26 to Friday, Nov. 1. Shows temperature ranges.

VFW AMBULANCE

John Wivell and Roy Little, Emmitsburg, were transported this week to the Warner Hospital, Gettysburg, via the VFW ambulance. Mrs. Ruth Sager was returned to her home here from the hospital and Dorothy Myers was taken to the Frederick Hospital in the vehicle. Drivers were Thomas White, Michael Boyle and James Kittinger.

Injured In Car Crash At Fairfield

A Fairfield R2 youth suffered injuries about 10:45 o'clock last Thursday evening when a car driven by his sister was demolished in a \$1,000 mishap on the Fairfield Station Road two miles from Fairfield.

Hamiltonban Twp. Police Chief James Bigham said that Dale Pi-

per, Fairfield R2, was taken to a Fairfield physician's office where 12 stitches were required to close a laceration of his forehead. He was a passenger in a vehicle driven by his sister, Miss Brenda G. Piper, 17, Fairfield R2.

The accident occurred, Chief Bigham said, when Miss Piper eastbound, lost control of her car while attempting to roll up a window. The car ran off the right side of the road striking a ditch and coming to rest against a tree. Chief Bigham listed Piper's vehicle at a \$1,000 loss. Miss Piper will be charged with reckless driving before Hamiltonban Twp. Justice of the Peace Roy Metz, Chief Bigham said.

Mount Soccermen Down Roanoke

Mount Saint Mary's soccermen knocked Roanoke College out of first place in the southern division of the Mason-Dixon Conference Monday afternoon, taking a 1-0 decision on a goal in the fourth quarter by Dana Kimmel. The win maintained the Mount's standing of third place in the conference's northern division with a 6-2-1 record.

The contest remained deadlocked until 4:55 left in the fourth period when Kimmel, on a cross from outside right E. Edwald, registered his goal.

Rocky Ridge 4-H Club Meets

The regular meeting of the Rocky Ridge Progressive 4-H Club was held on Oct. 21 in the Rocky Ridge Firehall. The meeting was opened with the pledge to the 4-H flag and Pledge to the American

Flag. Fifty-eight members answered the roll with the name of a football player. The secretary's report and the treasurer's report were given.

It was announced that 38 members participated in the Frederick Fair this year. Marguerite Bolinger reported that the club's booth in the Fair won a blue ribbon. Afterwards, Lee Bassler said that he placed 6th in the tractor driving contest with Roy Bassler coming in 5th and Paul Sharrer placing 4th.

Under new business, Phyllis Wivell gave a report on the meeting of the banquet committee. Officers for the coming year were then nominated. They will be

electd at the next meeting. It was announced that Phyllis Wivell and Carolyn Keilholtz were finalists in the 4-H queen contest. To conclude the meeting, Gloria and Vivian Dinterman gave a demonstration making "Flemish Flowers." No further old or new business was discussed, thus the meeting was adjourned by the vice-president, Ralph Keilholtz, Jr.

International Race Draws World's Best

An outstanding field of 10 horses, headed by the English Derby winner Sir Ivor, will face the

starter in Monday's rich \$150,000 Washington D.C. International at Laurel Race Course.

Laurel moved into its second full week Monday, building up to the \$22,000 - added Constellation Handicap on Saturday, followed by the premier event of the year,

the \$150,000 International on Monday, Nov. 11, the Veterans' Day holiday.

Post time daily through Saturday is 1 p.m., with an earlier 12:20 p.m. first race post on International Day.
