Most Anything At A Glance

- By Abigail -

Sex education in our schools on the elementary grade level has brought forth vast dissension among parents in Frederick County and complaints are being registered almost daily in many of our schools. When this course was introduced on the high school level several years ago it was thought rather daring at the time but parents more or less went along with the "modern" trend of thinking. However, with a pilot program now in progress in the County in our elementary schools, parents don't appear too happy with the overall picture and many feel that teaching the subject to fifth or sixth graders is just carrying this course in education a bit too far. I am not going to indulge in an opinion on the matter but I do have my reservations about it and it will prove interesting to see just what the Board of Education will do to assuage the feelings of parents on the subject matter.

In case ye haven't thought about it, the time has now come to prepare yourself for the arrival of Daylight Savings Time. Whether you are a devotee of the system or hate it, it will be with us, as usual, this last Sunday in April and will continue to be with us until the last Sunday in October. Don't forget these clocks Saturday night folks!

The Town Election has blossomed out into a field of action and with only days to go there's a lot of politicking going on. What was thought would be an uncontested election for the seat of Town Commissioner, has developed into a two-man chase for the laurels. At the closing registration time last Friday night, two local men entered the race and the battle is now waging. Mr. Hays late withdrew.

You know folks, it's about time we took a good look at our archaic method of qualifying for these local offices. One antiquated qualification, in my opinion, is that you must own real estate to be eligible for election to these offices. We are losing a lot of good talent by this ancient rule. You know we have a lot of capable and intelligent citizens who live here and who don't particularly like or choose to own any real estate. This should not disqualify them from participating in our Town Government, in my opinion. I wonder if you have to own property to become President? Years ago this rule might have had some good use or intent but I feel now that it is passe and the ordinance governing qualification for office should be given a good scrutinizing, before our next election.

Spring Weekend At Colleges

Two big names in the music world will be appearing on the Mount Saint Mary's College campus for Spring Weekend.

The Paul Butterfield Blues Band will present a dance-concert in Memorial Gymnasium tonight (Friday, April 25), starting at 8:30 p.m. The public is invited. Tickets are \$3 per person.

On Sunday, April 27, also in the gymnasium, there will be a concert by Richie Havens, folk/rock entertainer, with an accompanying band. The public is likewise invited to this program which starts at 2:30 p.m. Tickets will be \$3.50 per person.

Heading the students' committee for Spring Weekend are Tom Caulfield and Regis Burke, co-chairmen.

CYO Play May 3

St. Joseph's Church CYO will present a play entitled "Egad What a Cad," at Mother Seton School on Saturday, May 3, beginning at 8 p.m.

Admission to the play will be adults 50c and students, including high school, 25c.

The cast of characters is as follows: Ursula, Debbie Sprinkle; Bertram, Leo Orndorff; Constant Hope, Marty Byard; Manly, Speedy Dick; Fowler, Janice Neighbours; Milly Smith, May Kay Sherwin; Augustus Greystone, Dale Shields.

The men of the Mount Saint Mary's College Glee Club will sing a joint concert with the women of the Ohio Dominican College Chorals from Columbus, Ohio at Visitation Academy in Frederick on Sunday. The program begins at 3 p.m.

Rev. David W. Shaum, Ph.D., will direct the Mount Gleemen who are marking their sixteenth year. Last summer the singers toured Europe and this year will go as far west as Detroit. In

previous seasons they have made appearances in the eastern and southern United States and Puerto Rico, with appearances on TV and programs recorded for worldwide broadcast over the Voice of America. Last year they produced their first long-play record.

The ladies of the Ohio-based Chorals, during their Maryland tour which includes Frederick, will visit the U. S. Naval Academy in Annapolis. Their director is Mrs. Ruth Liles Rabby.

Local Group Opposes School Sex Education

A group of concerned parents in the Emmitsburg area has announced opposition to the county's proposed sex education program on the grounds that it is immoral and against Christian beliefs to teach sex education in the schools.

Mrs. James Valentine, spokesman for the group of seven parents, said the group plans to bring up the objection that sex education should be confined to the church or the home at a meeting of the Emmitsburg PTA. Among the group is PTA President Mrs. Florence Bassler.

Mrs. Valentine said the group is opposed in general principle to the sex education program but would appreciate obtaining further information from the Frederick County Board of Education.

She said the group would like to study the proposed programs further in order to make a more educated decision. She said, however, that they have been unable to get specific information from the board of the aims and objectives of the sex education program.

She said the group had been in touch with concerned parents from the Lingoore, Liberty, and Wolfsville areas who had expressed the same views.

The program was instigated this year as a "pilot" program in five elementary schools: Yellow Springs, Elm Street, Sabillasville, Urbana and Walkersville.

The programs are being integrated with science and life science studies in the 5th and 6th grades.

Also present at the meeting were Mr. Valentine, Mr. and Mrs. Frederick Warnken, Mr. Warren Bentz, and two members of the Wolfsville concerned parents group, Mr. Lauren Wolfe and George Harne.

MISS SARAH A. LAWRENCE
Miss Sarah Ann Lawrence, 90, Emmitsburg, died Tuesday afternoon at the Sisters of the Poor Home for the Aged in Baltimore.

A native of Frederick County, she was the daughter of the late Philip and Amy P. Martin Lawrence. She had resided in Baltimore for the past three years.

A member of St. Joseph's Catholic Church, Emmitsburg, she is survived by several nieces and nephews.

Funeral services will be conducted this morning (Friday) at 9:30 o'clock at the Wilson Funeral Home, Emmitsburg, followed by Requiem Mass at 10 o'clock at St. Joseph's Catholic Church by the Rev. Fr. John King. Burial will be in the church cemetery.

LITTLE LEAGUE DONORS
Recent donors to the Emmitsburg Little League are listed as follows:

Emmitsburg Chamber of Commerce
Emmitsburg Lions Club
Carroll Vending Inc.
The Towne Market
Blue Duck Inn
Emmitsburg Pharmacy

The spinner has the distinction of being deadly for more species of fish than probably any other lure category.—Sports Afield.

Senior Citizens Festival May 3

Thirty-nine members of the Emmitsburg Senior Citizens left the Center at eight o'clock Tuesday morning for their trip to Washington. Plans had been made to visit the White House, but there were so many bus loads of high school students and such long lines waiting to take the tour, that the group decided to forego the pleasure of a trip there. They then drove to the Smithsonian Institute where they visited both buildings, viewing the airplanes, machinery and other items of interest on display. After eating lunch, they again boarded the bus and drove to Mt. Vernon to visit George Washington's old home. In spite of the rainy weather, they report a very pleasant and profitable day.

Don't forget the second Annual Spring Festival to be held Saturday, May 3, at the Senior Citizens Center, beginning at 10 a.m. There will be baked goods, a light noon lunch and various and sundry articles of wearing apparel, fancy work, gadgets, growing plants and a White Elephant table.

Three will also be a 50-50 raffle as well as chances sold on a beautiful hand crocheted table cloth. Come see, admire and buy!

PROCLAMATION
I, Robert A. Seidel, Burgess of Emmitsburg, Md., herewith proclaim the month of May as Poppy Days.

These Poppies will be sold by the Auxiliary of the Francis X. Elder Post 121 of the American Legion, who will present the Poppies to the people of the community.

I sincerely hope that each and every one will contribute liberally to this worthy cause.

The making of the Poppies will give the disabled soldiers at Perry Point Hospital beneficial employment, and the funds realized will be used to help wounded soldiers of the Nation.

Please give all you can spare!
ROBERT A. SEIDEL
Burgess

LADIES' BOWLING LEAGUE THURSDAY NIGHT (Rainbow Lanes)
Final Standings — April 17

In Convalescent Center
Ellwood Gaither, Emmitsburg, has been admitted to the Frederick Nursing and Convalescent Center in Frederick.

War widows in need of regular aid and attendance are eligible to receive \$50 per month in addition to any pension they may receive.

To report a fire dial 447-4141.

K Of C Gains New Members

Eight new members were voted into Brute Council 1860, Knights of Columbus, at its regular meeting held Monday evening in the Council Home, Grand Knight Ray R. Lauer presiding.

The new members are James M. Small, Carmel E. Kelly, Edward W. Warthen, Richard L. Wivell, George V. Arnold, Jr., Harold J. Raab, Harold G. Raab and Jerome J. Single.

A thank-you note from Sister Basil was read expressing appreciation for a recent \$50 donation to the foreign missions by the Council, and also the Catholic Charities Drive. Grand Knight Lauer has been named to the good of the order committee for the State Convention next month. William E. Sanders, admissions committee chairman, reported on a recent meeting with a group from Taneytown which resulted in obtaining six new members for the Council. Alan (Ferd) Kreitz was reported as sick in the Veterans Hospital at Martinsburg, W. Va.

An ad hoc committee to study officer compensation was announced as follows by the Grand Knight: William E. Sanders, C. A. Elder, Ray R. Lauer, Paul A. Keepers, Frank S. Topper and Guy A. Baker, Jr. It was announced the First Degree will be exemplified in the Council this Saturday night at 8 o'clock.

Deputy Grand Knight Eugene R. Rosensteel reported on the recent Third Degree exemplification held in Baltimore. Guy A. Baker, Sr., chairman of the annual Communion Breakfast announced the affair had been set for May 18 with Mass scheduled at 8:30 a.m. in Pangborn Chapel, Mt. St. Mary's College, followed by breakfast at Royer's Restaurant, Thurmont.

Leonard Gmeiner, social action committee chairman reported on a visit by his committee to Victor Cullen School last Sunday. The group entertained the boys by playing games and treating them to refreshments and cigarettes. Ten members made the visit and plan another shortly.

Student Council Show Saturday
The Student Council of St. Joseph High School is sponsoring a variety show, "Up With People," on Saturday, April 26, at 7:30 p.m. It will be held in Mother Seton School's auditorium, and admission is 50c for students and \$1 for the general public. Tickets will be sold at the door.

While traveling all over the country, this Washington, D. C. group has performed on nationwide television. We hope that as many people as possible will come and enjoy this tremendous program.

In College Play
Among the cast of characters of the play, "The Misanthrope," to be presented by the drama and art department of Western Maryland College, May 1 and 2, is Miss Marjory Richards, Emmitsburg. The public is invited to see the play. Tickets will sell for \$1 and will be available at the Alumni Hall boxoffice.

Shorb House Struck Again
Thomas Arkel O'Brien, 18, R3, Emmitsburg, was charged with reckless driving and speed greater than reasonable or prudent after he was involved in an accident Friday evening at approximately 9:45 p.m.

Emmitsburg Police Chief Henry Filler made the charges after the automobile, a 1959 Ford, driven by O'Brien, jumped the curbing, tore out two guard posts and crashed into the house of Mr. and Mrs. Charles B. Shorb on North Seton Ave. O'Brien was reported uninjured in the mishap.

O'Brien will stand trial on the charges before Magistrate Ralph F. Irelan on April 30. O'Brien's car was completely demolished and the Shorb home heavily damaged.

To report a fire dial 447-4141.

Muma Girl's Death Ruled Possible Suicide

The shooting death of a 14-year-old Emmitsburg girl on April 9 has been termed a "possible suicide" by Maryland State Police criminal investigators.

The official report lists the cause of death as "undetermined," but advances the theory of a "possible suicide" in the death of Linda Gail Muma. No other possible motive was found in the case, and State Police have listed the case as closed.

The body of Miss Muma was found lying on a bed in the residence of Paul Glass on Keysville Rd. Death was caused by gunshot wounds in the chest. A suicide note was identified by her parents, Dr. and Mrs. Robert Muma, as being written by her.

An autopsy report by Dr. Ronald Bornblum of Baltimore stated that two bullet wounds were found in the body. The path of the bullets angled upwards and were about three-quarters of an inch apart.

A ballistic expert said the gun was fired within two inches of the body. Police advanced the theory that Miss Muma had held the .32 caliber pistol against her chest and pulled the trigger with her thumb. The pistol recoil caused the gun to fire twice.

The position of the body indicated that this was possible, police said. There were no signs of a struggle or that a second person could have killed her, judging from the path of the bullets, reports added.

On the day of her death, Miss Muma was reportedly despondent at the prospect of breaking up with her boy-friend, classmates and the family's maid said. She apparently took her father's pistol and went out to the Paul Glass home at about 4 p.m. No one was home then. Her body was not discovered in the bedroom until 10 p.m.

Investigators Sgt. Thomas Bosley and Tfc. Carl Harbaugh said in the report that this evidence and the state of mind of Miss Muma on the day of her death, lead them to believe the death was a possible suicide.

Shorb House Struck Again

Thomas Arkel O'Brien, 18, R3, Emmitsburg, was charged with reckless driving and speed greater than reasonable or prudent after he was involved in an accident Friday evening at approximately 9:45 p.m.

Emmitsburg Police Chief Henry Filler made the charges after the automobile, a 1959 Ford, driven by O'Brien, jumped the curbing, tore out two guard posts and crashed into the house of Mr. and Mrs. Charles B. Shorb on North Seton Ave. O'Brien was reported uninjured in the mishap.

O'Brien will stand trial on the charges before Magistrate Ralph F. Irelan on April 30. O'Brien's car was completely demolished and the Shorb home heavily damaged.

To report a fire dial 447-4141.

Class Boycott Ended At Mount

Students at Mount Saint Mary's College returned to classes Monday afternoon marking the end of a boycott launched on the morning of April 16.

Resumption of normal class schedules followed new action by the Board of Review following a special faculty meeting.

A Tripartite Committee, made up of three each representatives of the student body, faculty and administration, had earlier offered a new plan for handling student demands on five subjects involving student conduct. The faculty called on the Board of Review to meet immediately and consider the Tripartite Committee's plan. The Board of Review met and voted to adopt the plan.

In formally approving the Board of Review's new decision on the five points, Rt. Rev. Hugh J. Phillips, college president, said "this is in no way to be considered prejudicial to the Board of Review as a legislative body."

The Board of Review acted as follows on the five points:

1. Eliminated all curfew restrictions and regulations.
2. Recommended that the Finance Committee immediately eliminate the ruling pertaining to off-campus living and allow students to do so.
3. Recommended to the Board of Trustees the granting of permission to students to form a "21 Club" to be incorporated under state laws and lease or give them sufficient land adjacent to the college to erect club facilities, with total responsibility for financing, etc. left to the "21 Club."
4. Recommended to the Board of Trustees the granting of permission for visiting privileges for women in dormitory lounges.
5. Regulations for appearance will be left totally to Student Government with violations prosecuted in Student Court.

OBITUARIES

RAYMOND J. STAHLEY
Raymond James Stahley, 53, of Gettysburg R6, was pronounced dead Saturday night at 7:45 at the Annie M. Warner Hospital, Gettysburg. He had been in ill health for the last two years.

A native of Frederick County, he was a son of the late Zack and Annie (Stout) Stahley, and was a member of Elias Lutheran Church of Emmitsburg.

Survivors are his widow, the former Catherine Koontz; two children, Mrs. Robert Swope, of New Oxford R1 and Rickie Lee Stahley, at home, and four grandchildren.

Also surviving are seven brothers and sisters: William Stahley, Frederick; Robert Stahley, Gettysburg R2; Roy Stahley, Blue Ridge Summit; Mrs. Allen Plank, Fairfield R2; Joseph Stahley, Emmitsburg; Mrs. Chester Chapman, Fairfield R2, and Ralph Stahley, York.

Funeral services were held on Tuesday afternoon at 2:30 from the Elias Lutheran Church, Emmitsburg, with the Rev. W. Ronald Fearer officiating. Interment was made in Mountainview Cemetery, Emmitsburg. Pallbearers were Richard Miller, Norman Swartz, Edgar Riley, James Koontz, Lloyd Koontz and Kenneth Koontz.

THOMAS H. PASTORETT
Thomas Henry Pastorett, 63, husband of Mary Kaas Pastorett, Emmitsburg, died at the Annie Warner Hospital, Gettysburg, Sunday.

He was born in Brooklyn, New York, and has resided in Emmitsburg for seven years.

He was the son of the late Mr. and Mrs. Henry P. Pastorett.

He was employed at the Cambridge Rubber Company in Taneytown and was a member of St. Joseph's Catholic Church in Emmitsburg.

In addition to his widow, he is survived by a daughter, Mrs. Mary June Park of Baltimore; two sons, Richard T. Pastorett of Charleston, W. Va., and Donald J. Pastorett of Emmitsburg, and nine grandchildren.

Funeral services were conducted Wednesday morning with a Requiem Mass at 10 a.m. in St. Anthony's Shrine Catholic Church with the Rev. Fr. Vincent Tomalski officiating. Interment was in St. Anthony's Shrine Cemetery, Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

Mount Golfers Lose
American University defeated Mt. St. Mary's 11 1/2-6 1/2, and Western Maryland, 12-6, Tuesday in a triangular golf meet at Washington. Western Maryland also beat the Mount 11-7.

Two Candidates File For Town Commissioner

Emmitsburg's annual Election which last week was anticipated to be rather tame, turned out to be a possible sizzler when two candidates filed for the office of Town Commissioner prior to the deadline last Friday evening.

Clarence P. Wachter, chairman of the Board of Commissioners, up for re-election Tuesday, April 29, appeared to be the single candidate for the post. However on Friday evening, Samuel C. Hays and Ernest Rosensteel both tossed their hat into the ring thereby causing a three-way race.

Wachter has served in his present capacity for the past three years and seeks re-election.

Samuel C. Hays, also served several years as Town Commissioner and desires to return to the Council. Mr. Hays withdrew from the contest late Thursday.

Rosensteel will be making his first bid for public office. A lifelong resident of the community and interested in local affairs, he is employed by the Chronicle Press Inc., as a printer and is an officer of the Municipal Band.

Mrs. Regina Rybikowsky, Town Clerk, reported the books closed this week and no more registering will be done until after the election Tuesday. The clerk estimated 650 eligible voters on the Town's books. In view of the fact that there are two candidates, a good turn-out is anticipated for the election Tuesday.

Polls will be open from 12 noon until 7:00, DST, and voting will take place in the Town Office near the Square.

Judges of election are, Miss Josephine Steinberger, chief, Mrs. Betty Goulden and Mrs. Theresa Hollinger.

The term of office of Commissioner is for three years. Hold-over Commissioners are J. Norman Flax, J. Ralph McDonnell and Thomas W. Bollinger. Mayor Robert A. Seidel still has a year remaining of his two-year term.

College Chorale To Give Concert

St. Joseph College Chorale will present its annual Spring Concert on Sunday, April 27, at 8 p.m. in the DePaul Auditorium on campus. A cordial invitation is extended to the public to attend the musical event. Admission and parking are free.

Under the directions of Sister Jane Marie Perrot, assistant professor of music at St. Joseph's, the chorale will present Debussy's "The Blessed Damosel," and works of Williams, Kodaly, Diemer, and Bock.

Jane Garret, '71, Deer Park, Md., and Elayne Prendergast, '72, Harrisburg, Pa., are the student soloists featured in the performance.

Guest artists Mary D. Paulhamus, soprano, and Allen Bonde, pianist, both members of the music department at Hood College, Frederick, Md., will also perform at the evening concert.

Mrs. Sperry Honored On Birthday

The Soroptimist Club of Frederick County, at its meeting April 16, honored Mrs. Ada H. Sperry, on the occasion of her birthday.

Mrs. Sperry, owner, operator and accountant for the Sperry Ford Agency, Emmitsburg, still spends a busy 12-hour day at her place of business, from 8 a.m. to 8 p.m.

A surprise party was arranged by the club, during which Mrs. Sperry was presented with a beige leather handbag, and a 3-tier birthday cake.

About 3,500 war widows will use their new GI education benefits during the 1969 spring semester.

St. Joe's Grad Likes Army Life

FT. MCCLELLAN, Ala. — The threat of Communism only remotely touches the lives of most Americans, but for First Lieutenant Marta G. Aguado, a Cuban refugee, and graduate of St. Joseph College, it was once a living reality.

"Cuba under Castro was a nightmare that cannot be explained well enough in words," she said with only a slight trace of a Spanish accent. "You would have to live down there to appreciate the harassment and terrorism most Cubans face every day."

Nor is it an unpleasant memory she can forget. While she is safe in America, her parents remain in Cuba under Communist rule. Her father, a prominent radiologist, was placed under continual surveillance two years ago when he applied for a visa. He has been given no hope of when, if ever, his application will be considered.

"Though I regret very much not living with my parents, I felt leaving Cuba was the most patriotic thing I could do," she said.

Lieutenant Aguado is a platoon leader in Company D, WAC Training Battalion, Women's Army Corps Center, Ft. McClellan, Ala. She has been stationed here since February 1968, when she attended the WAC Officer Basic Course for military instruction. She received her first promotion this February.

A natural blonde who stands barely five feet tall, Lieutenant Aguado is best described as dynamic and intelligent, with no reservations about speaking her mind on the subject of Cuba.

"When the revolution first began in early 1957, my family supported the revolutionaries as did most other Cubans. It was not until too late that we realized Castro's Communist intentions. Then the big exodus to the United States began."

After a year of assembling paperwork, documents, and identification forms, Lieutenant Aguado was permitted to fly legally from Havana to Miami to begin a new life. Barely sixteen years old and speaking no English, the young refugee was determined to prove the "American Dream" of success for destitute immigrants was not dead.

On arrival in Miami she was taken to the Florida City Campment, a home for refugees and orphans which is supported by charity organizations across the country. Here she applied herself with absolute dedication, achieving the highest marks of her group in academic studies. Her efforts did not go unrewarded. Through the aid of loans and scholarships she spent "four of the most valuable years of my life" at St. Joseph College in Emmitsburg, Md., graduating in 1967 with a bachelor of arts degree in history.

After graduation she worked briefly as a social worker in New York City, putting to use her education and knowledge of Cuban culture in the city's ghettos. When the Army told her she would be considered for a direct commission despite the fact that she was not a citizen, she made application immediately. In February 1968 she received her commission.

Two close relatives of Lieutenant Aguado's also have managed to escape Cuba and are now living in New York. Her brother, Manuel Aguado, lives at 705 Gerard Avenue in the Bronx, and her uncle, Flavio Medrid, lives at 1399 Lincoln Place in Brooklyn.

A recent publication from the Department of Defense states that in the ten years since Fidel Castro came to power in Cuba, nearly half a million Cubans have fled the country and found haven in the United States.

And for the future? "I hope to be able to use what I know in some way. I could serve very well as an interpreter in an overseas mission," she said thoughtfully.

She has volunteered for assignment in Vietnam several times but has not yet been selected.

Before rejoining her troops, Lieutenant Aguado made a final comment on the growing popularity of the late Che Guevara among student activists and demonstrations at the nation's universities. "It is sad to see a group that is so important to the future of America be taken in by the golden words of a romantic anarchist. If they could see in effect what the man advocated, I feel sure they would be appalled."

She continued, "The Free World can learn much from what has happened in Cuba so that future revolutions can be detected early and the spread of Communism can be stopped."

To this end First Lieutenant Marta G. Aguado will dedicate her life.

Blue Cross Shows Gain In State

Mayland Blue Cross and Blue Shield logged record gains in new members and benefits paid to subscribers last year, according to the Plans' annual report released this week.

The 1968 increase in Blue Shield enrollment—10.6 per cent—was the highest in its history with a net gain of more than 106,000 to a total of 1,097,000 members at year's end. Blue Cross registered its highest net gain in enrollment since 1950—\$2,500, or seven per cent—to a total of 1,270,000 members.

Significant increases were also recorded in benefit payments under regular Blue Cross and Blue Shield programs and benefits administered by the Plans for Federal health programs in Maryland.

Blue Cross benefits reached a record \$68.3 million and were based on more than 313,800 hospital bills submitted for payment. Blue Shield benefit payments also reached a new high of \$20.6 million based on approximately 643,600 physician services. The combined benefit payments, \$88.9 million, represented 93.3 per cent of the Plans' total subscription income for the year.

In their capacity as administrative agents for the Maryland Medicare Program, involving 258,000 eligible beneficiaries, the Plans also provided more than \$47.4 million in Part A (hospital care) benefits and some \$10.8 million in Part B (medical care) benefits for Marylanders 65 years of age and older. These payments represented some 179,000 Part A claims and more than 263,400 Part B claims.

In addition, beneficiaries under the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS), another form of health care coverage provided by the Federal Government to a group of Marylanders, were paid a total of nearly \$2.5 million. Approximately 12,000 claims were processed under this program.

Park Passes Go On Sale

The Frederick County Parks and Recreation Commission has again been authorized to sell the Golden Eagle Passports for the United States Department of the Interior, Bureau of Outdoor Recreation. These passports are available for \$7.00 and serve as a car-load entrance permit for the purchaser and all passengers in his private vehicle, to more than 2500

designated national parks, forests, wildlife refuges, seashores, and recreation areas where fees are charged for admission by automobile.

The passports also serve as individual entrance permits for the purchaser only to Federal areas mentioned above, regardless of mode of transportation, and to many areas such as historic sites that are not entered by automobile.

All money collected from the sale of Golden Eagle Passports is deposited in the Land and Water Conservation Fund, which was established in 1965 to provide a source of money to acquire needed Federal Recreational Lands and Waters, through a matching grant program, to help states acquire and develop "Close to Home" outdoor recreation resources.

The passports now on sale do not expire until March 31, 1970, and may be obtained at the Parks and Recreation Commission office on the third floor, Winchester Hall. The office is open from 9 a.m. till 4 p.m., Mondays through Fridays. This is the last year that these passports will be available.

Charles Collins Refutes Post's Tax Figures

Editor, Emmitsburg Chronicle:

We can excuse mistakes in news articles, but it is hard to excuse mistakes by editorial comment because these are intended to give people facts and influence thinking. Some time ago the Frederick Post stated that 60% of the assessable base of Frederick County was in Frederick City. About 30 days later, the paper made this statement again to substantiate a point referring to the previous statement. It would be a very simple matter to get the figures by phone from the Assessment Office in the Court House. The total assessable base of real estate in Frederick County is \$271,644,440. Of this, the assessable base of real estate in Frederick City is \$80,799,610. Therefore, the real estate assessment of Frederick City is 29.7% of the County total.

The Post editorial entitled "Who Runs The Schools?" again distorted the facts. The reason the County Commissioners froze the allotment of any additional funds for major school construction is because we are over extended now and there is a doubt if we can sell more bonds under existing laws, because of the interest ceiling limitation.

If we would have allowed the construction to start on another major school ready to go and another just a few months off as well as three major additions to existing schools, we could wake up one morning without enough money to pay contracted construction bills. I think it is our indisputable duty to put the breaks on before we reach bankruptcy.

We sold bonds in October 1968 at 4.2% interest. This was 17% higher than the County's last previous sale. We sold Metropolitan Sanitary Commission bonds April 2, 1969 at 5.25% interest, over 1% higher in six months. We have been told by our bond council that if we sell more bonds before April 1970, we will probably lose our AA rating. Frederick County is one of four counties in Maryland with this high rating. If we lost this rating, our interest rate would probably advance 1/2 of 1%.

The legislation passed this year

enabling us to sell \$3 million worth of bonds will not become law until July 1, 1969. If we attempted a sale after this date and the low bid exceeded 6%, we could not sell the bonds because the state law has placed a 6% ceiling on our bond sales. Therefore, we are not sure at this point that we can make a sale and if we make additional commitments at this time there is no assurance that we would have the money to pay the bills. Therefore, we will not commit payment of additional bills until we are sure we will have the money.

Who caused this shortage in our present funds? The County Commissioners received an estimate from the School Board for the funds they would need for projects through October 1, 1969 and based our October 1968 bond sale on this estimate. Their requests overspent this estimate by \$500,000 as of April 1, 1969. This does not include the \$1 million they requested for the Thurmont Middle School which we turned down.

So "Who Runs The Schools?" The people of Frederick County elect the Board of County Commissioners and I resent your criticism of their judgment and accusation of them playing an interest game.

CHARLES E. COLLINS
President
Board of County Commissioners

College Plans Open House

Current educational offerings and recent institutional changes will be outlined at a joint Open House program for junior college and high school guidance counselors at the two private liberal arts colleges here on May first.

As many as 70 educators from Maryland, Delaware, Pennsylvania, New Jersey, Virginia and the District of Columbia are expected at St. Joseph College for women and Mount St. Mary's College for men.

Leadership for the cooperative venture is being provided by Miss Elizabeth A. Klunk and David J. Arseneault Jr., admissions counselors for the two schools.

"The purpose of this function is to up-date junior college and high school counselors on recent changes at St. Joseph's and Mount St. Mary's," they said. "Guidance counselors are important in our efforts to attract students to our campuses. We want to inform them of the opportunities and advantages available here. For those students seeking a liberal education in a Christian atmosphere, in a setting of rich heritage, our colleges may be of interest to them."

The day's program will start at 10 o'clock in the Dodd Science

Center at St. Joseph College. Following registration and an informal coffee hour, guests will be formally welcomed by Sister Margaret Dougherty, president of St. Joseph's, Patricia Zeifler, vice president, SJC Cooperative Government Association, and John G. Whelley, Jr., president, MSM Student Council.

Two seminars are planned by the academic deans and admissions officers to acquaint the visitors with admissions policies and procedures, curricular offerings, and campus activities of both colleges.

The morning's program concludes at St. Joseph's with student-conducted tours of the campus and luncheon in Brute Hall.

From 2:45 p.m., Mt. St. Mary's students will conduct tours of the Mount's campus, a mile from St. Joseph College.

Following the tours, Monsignor Hugh J. Phillips, president of Mt. St. Mary's College, and Sister Margaret Dougherty will co-host a Presidents' reception at the Mount's Cogan Student Union.

Mt. St. Mary's College, the second oldest Catholic college for men in the United States, was founded in 1808. St. Joseph's was founded a year later, in 1809, by Elizabeth Ann Seton.

The sale was headed by Mrs. William Beheler of Broadview Acres, the Field Cookie Coordinator for this area. She had four women helping her in various sections of the county: Mrs. Robert Myers—cookie manager for the Emmitsburg, Thurmont, and Lewistown community; Mrs. Norman Haller—cookie manager for Brunswick, Burkittsville and Jefferson; Mrs. Russell Guest—Frederick City, Middletown, Myersville and Yellow Springs; Mrs. Orley Bourland—Walkersville, Mt. Airy, New Market and Urbana.

The cookie sale is a yearly event where many adults participate as troop cookie managers. This year 38 troops sold cookies.

The Girl Scout Council of Central Maryland is supported by the Frederick County, Baltimore City and Anne Arundel United Appeals. In 1968 24% of the operating budget was supplied by proceeds from the cookies sale. Cookie profit is used for camp development and maintenance and financial grants to girls.

Scout Cookie Sales Go Well

Over 500,000 boxes of cookies were sold this year by Junior, Cadette, and Senior girls in the Girl Scout Council of Central Maryland.

Business Prospects Continue Favorable
By Babson's Reports Incorporated, Wellesley Hills, Mass., April 24, 1969—Although uncer-

tainties abound and there is no lack of unsolved problems, the U. S. economy is still pointing to the upside. Admittedly some segments of business are not showing as much vigor as previously, yet relatively few really serious setbacks have occurred. Thus far, the Administration and Federal Reserve fiscal and monetary control actions—designed to bring about disinflation of the overheated

economy—have had only a token impact.

Capsule Forecast

As things now shape up, the staff of Babson's Reports expects final compilations to show Gross National Product for the first quarter of 1969 approaching the \$905-billion mark . . . a gain of 2% over the 1968 fourth quarter. Despite the heavy restrictive influence of large spring tax payments and government credit curbs, we feel there is enough forward business momentum to carry the GNP to the \$918-920-billion level in the second quarter. With perhaps half of this additional 2% increase coming from higher price tags, the real expansion will be only fractional. Yet the trend will still be up and new highs will be reached in the April-June period.

The rate of gain posted by the Federal Reserve Index of Industrial Production thus far in 1969 has been lagging the 1968 pace. Preliminary figures suggest a first-quarter average for the index of about 169.5. We are looking for a second-quarter average near 171, with the high mark probably occurring in May. But beyond mid-year, production increases may be harder to come by.

Rise In Construction Activity
Our studies indicate that dollar volume of construction will increase substantially compared with the 1969 first quarter. While the rise in bank lending rates and higher building costs are dampening earlier forecasts of a 10% rise in housing starts this year, the recent brisk housing starts should bolster residential construction.

Heavy construction — highways, bridges, dams, and the like—will show good gains from first-quarter levels. And commercial and industrial building promises to lend support to the industry's total activity. Hence, the economy should benefit from a decidedly higher level of spending for construction in the current quarter. Accordingly, the Research Staff of Babson's Reports favors such building materials stocks as Lone Star Cement, Medusa Portland Cement, and National Gypsum. **Pluses And Minuses**

LEGAL

NO. 22,353 EQUITY
In the Circuit Court For Frederick County, Maryland
MARY V. WALLACE
c/o Mary E. McFarland
Route 3
Frederick, Maryland

vs.
ROBERT JOHN WALLACE
203 Lincoln Avenue
Dunellen, New Jersey

ORDER OF PUBLICATION
The object of this Bill of Complaint is to procure a divorce A VINCULO MATRIMONII by the Complainant, Mary V. Wallace, from the Defendant, Robert John Wallace.

The Bill states in substance that the Complainant, Mary V. Wallace, is a resident of Frederick County, State of Maryland, where she has resided for more than one year last past; that the Defendant, Robert John Wallace, is a non-resident of the State of Maryland, and when last heard from was residing at 203 Lincoln Avenue, Dunellen, New Jersey.

The Bill further states that the Complainant and the Defendant were married on April 1, 1959, at Funkstown, Maryland, by a duly ordained Minister of the Gospel; that as a result of the said marriage three children were born, namely, Parice J. Wallace, nine (9) years of age, Vernon Lee Wallace, seven (7) years of age, and Diane Marie Wallace, six (6) years of age; that the Complainant and the Defendant have voluntarily lived separate and apart without cohabitation for more than eighteen months prior to the filing of this Bill of Complaint; and that such separation is beyond any reasonable hope or expectation of reconciliation. The Bill prays that the Complainant, Mary V. Wallace, may be divorced A VINCULO MATRIMONII from the Defendant, Robert John Wallace, and that the Complainant may be granted such other and further relief as the nature of her case may require.

ORDER OF THE COURT
It is thereupon ORDERED by the Circuit Court for Frederick County, Maryland, on this 7th day of April, 1969, that the Complainant, Mary V. Wallace, by Order of Publication of this Court to be inserted in some newspaper published in Frederick County, Maryland, once a week for four successive weeks on or before the 10th day of May, 1969, give notice to the said Defendant of the object and substance of this Bill, warning him to be and appear in this Court, in person or by Solicitor, on or before the 10th day of June, 1969, and show cause, if any he has, why the Decree should not be passed as prayed therein.

ELLIS C. WACHTER,
Clerk of the Circuit Court for Frederick County, Maryland.

True Copy Test:
ELLIS C. WACHTER
Clerk

Babson's Reports staffers are forecasting that the following other industries will show the best gains during the second quarter: Airlines, aluminum, chemicals, copper, electric utilities, life insurance, and railroads and transportation generally. This augurs well for stocks such as FMC Corp., Raynolds National Life Insurance, currently favored by Babson's. Trending up also, though at a slower pace, will likely be: Auto accessories, electronics, machinery, metal fabricating, and rubber.

Autos and steel will probably be the major laggards. Auto prospects are rather drab, and total output in the second quarter now promises to be down from the somewhat disappointing results of the January-March period. Steel (still going great guns after a far better-than-expected first quarter) will do better than autos. Yet we feel steel is riding for a setback. While shipments should holdup well, auto's doldrums and resumption of foreign steel inflow may slow orders and lead to a flattening out of production before midyear.

Summary
The bulk of the factors suggest that business will chalk up further over-all gains in this second quarter—in both volume and profits. Inflationary pressures must still be reckoned with, however, and as we come closer to midyear we look for increases in profits to taper off. The high cost of carrying inventories and the impact of fiscal and monetary controls may restrain forward buying.

Homemakers Seeking New Members

Frederick County Extension Homemakers' Clubs are having a membership drive during these next few months. To acquaint the women of Frederick County with the work and benefits of the Homemakers Clubs, there will be articles from time to time about Extension Homemakers. This first of the series answers the newspaperman's basic questions: Who, what, when, where, why and how? Who is a "homemaker"? The dictionary gives these definitions:

1. One in charge of managing her own home; housewife.
2. In social work, a woman assigned by a social agency to a household in which the mother is absent or incapacitated.

The Extension Service is concerned with the woman who fits the first definition. The term

"housewife" is very unpopular. Many women feel that it means a drudge, tied to the mechanics of an uninteresting job.

In contrast, the word home has a deep, longstanding, warm connotation in people's hearts. Home is more than the house we live in; it includes our family, our love and our memories. We feel that the "homemaker" is one who makes these things more precious.

What is a "Homemaker"? The organization of "Homemakers Clubs" under the Extension Service is primarily a group of women who have joined together to learn how to give their families and themselves the best environment their means and their talents can provide.

Lessons in the mechanics of everyday living are brought to the club members constantly. Some phase of this "thinkingest" of all jobs is taught at nearly every meeting as the lesson of the month. And by getting together, people with questions can frequently find people with some of the answers.

When is a "homemaker"? "Woman's work is never done." Probably no one has ever felt that more than the busy, bewildered young mother. The Homemakers Club can help her. She can learn ways to manage her work—not let drudgery manage her. Homemaking can be a pleasure—not a punishment.

Where is a "Homemaker"? A woman's circle of influence is just as large as she may make it. The world outside claims the attention of her family and she must be aware of its demands. She must extend her own education to help give her own a cultural background and a civic awareness that they may grow to fit the world we have today. Her growing interests will help her husband broaden his talents and skills. Her children "learn to learn" and "learn to live" if the adults closest to them still have a healthy, lively zest for learning and living.

Why is a "Homemaker" not "just a housewife"? Because she makes a home come first.

How does one become a "Homemaker"? If you are interested in joining a club, ask a club member for information. She will be happy to help you. Or call the Frederick County Extension Service, 662-1681. They will tell you about clubs in your neighborhood or help you start one if there is none near your home.

Eligible survivors of service-men whose remains were lost at sea after May 27, 1941, may receive a memorial flag by applying to the Veterans Administration.

CARE To Treat Mothers

The tradition of treating "mom" to a special meal on Mother's Day can be extended to mothers and their children around the world through CARE.

Last year, 10,000 American women received a Mother's Day message informing them that CARE packages had been sent in their name to needy mothers in Africa, Asia or Latin America.

The special tribute, which start-

ed spontaneously a few years ago among donors familiar with CARE's work, has grown to such proportions, the agency now has attractive gift-greeting cards to notify mothers honored in this way.

For each dollar, CARE will deliver one food package which contains approximately 25 pounds of food. Contents vary according to the country's popular diet.

Contributions can be sent to CARE, 1123 North Eutaw Street, Baltimore 21201. The name and address of the mother to be honored should be included.

Give her a little extra love with a **MOTHER'S DAY CARD** by American Greetings

WOMEN'S HEALTH

By Elizabeth Stewart
Women's Medical News Service

Diagnosing Backaches
LOS ANGELES—If you're suffering from an aching back, how you feel in the morning may provide an important clue to diagnosis, according to Dr. John Mennel, chief of physical medicine and rehabilitation service at Brentwood Hospital.

Dr. Mennel emphasized that back pain may accompany anything from a cold to a tumor. In fact, backaches are probably the most commonplace of all symptoms.

If a night's sleep relieves the pain, Dr. Mennel said, you may have a slipped spinal disc. If, however, your back feels stiffer, your muscles may be strained or injured.

If rest heightens the pain, then infection or disease is indicated. When activity at first relieves the pain but then the pain returns more forcefully later, the disease probably involves only the back. If the pain is not relieved by rest or activity, the disease may be developing anywhere.

Taking your temperature will also help distinguish a disease from simple muscle or disc pain, the physician pointed out.

"Unisex" Explained
NEW YORK — Where is the tomboy and sissy of yesteryear? Disappearing in the concept of unisex?

In a booklet on "Sexuality and the Life Cycle," two experts suggest that "various social changes and technological developments" account for the frequent confusion these days about how men and women should treat one another.

When women work, say Doctors Lester Kirkendall and Isadore Rubin, sex roles must be readjusted. And the perfection of modern contraceptives, making pregnancies avoidable at will, has "made it more possible for women to concentrate directly and exclusively on the pleasure-sensory aspects of sex."

However, parenthood tends to recall men and women to their traditional roles, the authors note, so that today's father still usually sees himself as the disciplinarian and family breadwinner. But, predict the authors, "here, too, role patterns are changing."

The pamphlet may be obtained from the Sex Information and Education Council of the U. S., 419 Park Avenue South, New York.

Near-Fatal Wig Cleaning
GLASGOW, Scotland—Working in a small room with a low ceiling, the nurse carefully cleaned her wig with cotton balls soaked in cleaning fluid. Thirty-six hours later, she was admitted to the hospital suffering from severe stomach cramps, intense nausea and low back pain.

It took three weeks before the nurse was discharged from the hospital, cured of carbon tetrachloride poisoning.

Although her case was rare enough to be reported in the "British Medical Journal," kidney

and liver failure threaten anyone who inhales enough fumes from carbon tetrachloride. Alcoholic drinks heighten the effect of the fumes. Swallowing one teaspoon of the fluid can be fatal.

"Three thimblefuls can saturate the air in an unventilated room to the danger point," warns Dr. Paul Metzger of the Nationwide Life Insurance Company.

The Food and Drug Administration is now preparing a regulation that would ban the chemical from household products. It is now used in cleaning agents for clothes, carpets, upholstered furniture and typewriters, fire extinguishers, insecticides and fumigants.

Racing Continues At Pimlico

Nathan L. Cohen's Mister Diz, Maryland's ranking 3-year-old, will face one of the stiffest challenges of his young career this Saturday at Pimlico in the \$34,500 Survivor Stakes.

The Survivor, run at 1 1/8 miles, will be Mister Diz's first race since he rapped himself in a workout just before he was to van to New York for the Gotham.

To illustrate he is again nearing top form, Mister Diz worked a mile in the mud in 1:40 last week with exercise boy Robert L. Adams in the irons.

Mister Diz, a gelded son of Panacean-Sally Heather, has accounted for four stakes, all for Maryland-breds. His added money successes have come in the Maryland Futurity, the Senatorial, the Prince George's and the Challenged.

Racing secretary Lawrence J. Abbundi said he expects a field of eight or nine starters in the Survivor.

Other leading candidates are Truman C. Welling's Quick Jay, who lost a narrow decision to Mister Diz in the Senatorial, and Donelson Christmans' Honey Taylor, who dusted off the highly re-

garded Palauli in his last start. Trainer J. P. Conway, who has developed many classic horses, will send Elmendorf Farm's Captain Action from New York for the race. The Rash Prince colt won an allowance at Aqueduct in his last start.

Abbundi also named these horses as possible starters: Alec J. Bullock's Sinoor Kick, Guy H. Burt's Baron Bedros, Cedartown Farm's Count Judex.

Philip S. Heisler's Berkley Prince, Hill-N-Dale, Adonis, and Alfred G. Vanderbilt's Stiff Upper Lip.

The Survivor, named in honor of the first winner of the Preakness, was revived in 1966 as a Maryland Fund Stake. It has been won by Exceedingly, Dawn Glory and Yankee Lad, respectively, in the past three years.

Practical Nurses Must Have License

The Maryland State Board of Examiners of Nurses wishes to remind all unlicensed individuals who were practicing practical nursing in Maryland for a period of at least two years between June 1, 1962 and June 1, 1967, that they must file their applications to write the State Board Test Pool Examination for practical nurse licensure in the Maryland State Board of Examiners of Nurses office, 301 West Preston Street, Baltimore, Maryland 21201, prior to June 1, 1969.

No applications filed after June 1, 1969 will be accepted. If such persons have not yet requested an application for registration as a Licensed Practical Nurse by examination in Maryland under the waiver clause of the Nurses Licensing Act, they should write to: Maryland State Board of Examiners of Nurses, 301 West Preston Street, Baltimore, Md. 21201.

In 1958, coinage consumed 2,700 tons of nickel, in 1963, more than 10,000 tons were used.

LEGAL

DOROTHY MARIE PRINCE
106 West Patrick Street
Frederick, Maryland
Vs.
EDWARD LEE PRINCE
Police Department
Tampa, Florida
NO. 22,347 EQUITY IN THE CIRCUIT COURT FOR FREDERICK COUNTY, MARYLAND

ORDER OF PUBLICATION
The object of this Bill of Complaint is to procure a divorce A VINCULO MATRIMONII by the Complainant, Dorothy Marie Prince, from the Defendant, Edward Lee Prince.

The Bill states in substance, that the Complainant is a resident of Frederick County, State of Maryland, where she has resided for more than one year last past; that the Defendant is a non-resident of the State of Maryland, whose last known address is Police Department, Tampa, Florida; that the parties to this cause were married on the 14th day of February, 1959, at Washington, D. C., by Rev. Melvin W. Crump, a regularly ordained minister of the Gospel; that as a result of the said marriage three children were born, namely, Harold Lee Prince, 8 years of age; William Allen Prince, 6 years of age; and Guy Denzil Prince, 5 years of age, all of whom are presently in foster homes; that on or about the 14th day of December, 1965, the Defendant did, without just cause or reason, abandon and desert your Complainant, declaring his intentions to live with her no longer as husband and wife, and that said abandonment and desertion was deliberate and final, and has continued uninterrupted for more than eighteen months prior to the filing of this Bill of Complaint, and that there is no reasonable hope or expectation of a reconciliation between the parties to this cause. The Bill prays that the Complainant may be divorced A VINCULO MATRIMONII from the Defendant; that she may have such other and further relief as the nature of her case may require.

ORDER OF COURT
It is thereupon this 1st day of April, 1969, by the Circuit Court for Frederick County, Maryland, sitting as a Court of Equity, ORDERED that the Complainant give notice to the non-resident Defendant of the object and substance of this Bill of Complaint by causing a copy of the same to be published in some newspaper in Frederick County, Maryland, once each week for four successive weeks prior to the 10th day of May, 1969, commanding him to be and appear in this Court, in person or by Solicitor, on or before the 10th day of June, 1969, to show cause, if any he has, why the relief sought should not be passed as prayed.

Number 1 Is Freedom

In preceding columns, we have discussed the first four or five unique elements in American capitalism's Wealth Machine, whose production of goods and services has outpaced all the other economic systems of history. The first four elements: (1) Freedom to Dream and Try to Make Your Dreams Come True; (2) Freedom to Compete with the Dreamer; (3) Automatic Screening of Management; (4) High Investment in Machine Tools for Production. Element 5 is Personal Freedom for Employees.

We are able in a private enterprise economy to keep freedom for employees. They can go to work where they choose. In Russia there is no such freedom. People work where the Government places them. In Socialist England, though it has not yet been used fully, there is a Control of Engagements Act passed in 1946, and immediately applied in the coal mines, which gives the Government the power which is exercised every day in Russia's totalitarian system: the power to allocate jobs. When Socialism is functioning 100 per cent, all workers must be controlled; the Government planners must make the work assignments. There is no employee freedom.

Right Of Choice

In the American free enterprise system, our employees have the right to choose where they shall work and what they shall do. They are free to organize into unions, and to bargain collectively for what they believe to be their best interests. They have freedom to quit one job and seek another, free-

dom to quit working as an employee and start a business of their own. Many of our titans of industry came up through the ranks of employees.

Nobody, it seems to me, should be more interested in the good health and progress of the private enterprise system than the employee. Our nation, thanks to its enterprise system, is the only place in the world where a man on hourly wages has been able to own his own home, to own an automobile (and usually two), a radio, television set, a telephone, a refrigerator and so many other luxuries; and at the same time send his sons and daughters to college.

Booklet Available

Yes: Employees in the American business and industrial system should be its greatest supporters. It offers the best hope for their children, the best standard of living and the greatest promise for the future. It is the only system built on the foundation of individual freedom. And when all the other attainments of mankind are weighed in the scale of value, freedom—individual freedom—is by far the greatest. American capitalism's Wealth Machine is fueled on freedom of individual opportunity.

The story of the Wealth Machine now is available in an attractive little 6-page booklet entitled: "The Wealth Machine." Because our National Educational Program is a non-profit service institution dedicated to bringing about a better understanding of the American way of life, we can mention in this column (and in this newspaper) that the price of the little booklet is 10c. It has been prepared especially to help our younger generation and our business and industrial employees generate an enthusiasm for our system. Under Attack

Our system today is under widespread attack—mainly instigated and directed by World Communism's agents within America. Probably a million young, non-Communist dupes have been drawn into the conspiracy's campus and street "demonstrations." Tens of millions of youth, who do not clearly understand the workings of American capitalism, are "on the fence"—neither joining the

revolutionaries nor defending the American system.

For America to be safe, for our present generations to pass along to future Americans the great heritage that has permitted us to remain free and to prosper as no other people has prospered in History, we must recruit to the banner of American capitalism 50,000,000 young militant Americans. Once they do understand our system, what makes it work, and how much more of the good things of life it produces than does Socialism or Communism, we can leave the future in their hands confident that the heritage will be preserved and passed along.

Today we cannot have that confidence. But isn't it our own fault? Haven't we, the parents and teachers of America, defaulted on our responsibility to teach an oncoming generation the great principles which have meant so much to us in our lifetime?

AN OPINION

By W. Terry Smith

Did you ever play the game of premise and contradiction? It's fascinating I assure you. See if the following examples don't sound vaguely familiar.

Premise—The Republican Party should be strongly criticized for pandering to the southern states in its choice of a Vice Presidential candidate. Obviously latent Republican racism. Contradiction—John Kennedy had LBJ (Texas), Adlai Stevenson chose Kefauver (Tennessee), and Sparkman (Alabama), Roosevelt had

Garner (Texas) and Truman ran with Barkley (Kentucky). Premise—The United States cannot be a policeman to the rest of the world. Contradiction—The Defense of Israel is our sacred duty. Premise—The United States has no business interfering with the internal affairs of another country as we are doing in Vietnam. Contradiction—We should do all in our power to bring about the dissolution of the Ian Smith government of Rhodesia, for its alleged persecution of minority groups.

Premise—We must sever diplomatic relations with South Africa for the same reasons just enumerated. Contradiction—We should recognize Red China. Premise—Separate but equal is unconstitutional. Contradiction—Negro students should have their own dormitory and academic facilities. Premise—The individual in our decadent society is losing one by one most of his personal liberties. Contradiction—Right to work laws should be repealed. Premise—The military complex is completely out of touch with the society it is charged to defend, and is pursuing completely opposite goals. Contradiction—We should have an

elite all volunteer Army. Now tell me isn't this game fun? If you'd like further details contact your nearest Liberal representative.

PHONE 447-3451 EMMITSBURG, MARYLAND

Is there a "pat" answer to cutting hospital costs?

There may be. Twenty-six hospitals are cooperating with Blue Cross in an experimental project known as Pre-Admission Testing — or P.A.T. They hope to find out if savings could be realized by running some of the routine laboratory and X-ray tests before a patient is admitted. If Pre-Admission Testing does cut down on hospital stays, the savings would be passed on to Blue Cross members.

P.A.T. BROCHURE: Write to the Blue Cross and Blue Shield Public Relations Department today for a brochure explaining how you can help. Ask for the P.A.T. folder.

Light The Night To Fight Crime

The Make America Better program is being sponsored in this area and nationwide by the National Association of Real Estate Boards. Its broad purpose—to help all of us solve the major problems of our cities and towns.

One typical woman in New York has five locks on her door. Washington, D.C., is called the "crime capital" of the nation. Muggers, rapists, and even murderers are set free on bail and are thus free to repeat their crime. Responsible citizens cover behind locked doors and shuttered windows.

Realtors of America, members of the National Association of Real Estate Boards, determined that aroused citizens through voluntary action could reduce this rising rate of crime. In its Make America Better Program, with six objectives and 43 proposals for action, it started action to support law enforcement officers and to reverse the frightening rise in criminality.

One of the most popular of the Make America Better activities is the "Light The Night" campaign. Many of the 1,550 boards of Realtors in the 50 states have activated this proposal. It is simple and easy and effective, in the words of L. Allen Morris, Miami, chairman of NAREB's Make America Better Committee. Residents of single-family houses are encouraged to use more light, front and back, and in dark places such as garages, to discourage the degenerate rapist and burglar.

Residents of apartments, and particularly apartment resident managers, are asked to

take part. Halls should be well lighted, locks, windows, and doors should be checked, shrubs should be trimmed so they don't provide hiding places, and garage areas should be well lighted, as part of the Make America Better project.

Some boards of Realtors have made night trips with police officers to evaluate commercial locks, doors, windows, and skylights. In one city Realtors found that nearly three-fourths of the business houses checked needed better security.

Better lighting and intelligent inspection have proved to be keys in reversing the climbing rate of crime in scores of American cities.

For more information on this timely project, contained in a free Light The Night leaflet, write to: Make America Better Program, NAREB, 1300 Connecticut Ave., N.W., Washington, D.C. 20036.

HEALTH & SAFETY

Mainly for Mothers

by Carol Hart

Heading Better Than Speeding for Label Reading

Have you joined America's popular new educational trend... speed reading?

Whether or not you decide to increase your ability to read fast, keep in mind there are times when reading accurately is more important than reading speedily.

One such time is when you read the label on a medicine container, says the Council on Family Health. Taking or giving medicine is so important to the health and safety of you and your family that you should understand the directions you are reading, and then double check yourself.

If you want to measure how well you understand what you read, test yourself by reading a medicine label in your home, says the Council, a non-profit organization sponsored as a public service by leading members of the drug industry.

Did you note the amount of medicine to be taken? Does the dosage vary for adults and children? How often should the medicine be taken?

If a liquid, should you shake the container well before pouring? Is it for external or internal use?

Does the label state the purpose of the medicine?

Are there instructions for proper storage... such as "Keep in a cool place." Should you take the medicine before or after eating?

Are there cautions as to certain activities that should be curtailed or discontinued while

taking the medicine?

Not all medicine labels contain all of the information listed above, but all information on each label is important.

Heading rather than speeding is the watchword when reading directions for the use of medicine, says the Council on Family Health.

J. Glenn Beall, Jr. Reports from Washington

Congressman, 6th District, Maryland

The Congress, this week, received an indication of President Nixon's attitude on Domestic matters when he sent over his legislative message of April 14. It was obvious from the text of the message that the President's main concern is with inflation, which is exerting great pressures on the value of the dollar. He indicated that the first priority is to control government expenditures so that a budget surplus will develop. Several of the ten points of the message have direct bearing on the problems confronting residents of the Sixth District, social security being one of the most outstanding. A social security benefit increase of 7% has been recommended to take account of

the rising costs of living. This across the board increase would put \$2.3 billion in the pockets of beneficiaries during the first 12 month period. In addition, Mr. Nixon wants to increase the amount of income that Social Security recipients can earn without losing their benefits. Currently, beneficiaries can earn up to \$1680 annually and keep their benefits intact. The Administration change will allow an \$1800 so that it always will pay a beneficiary to work. Under the present formula, \$1 for every \$2 earned can be retained if earnings are between \$1680 and \$2880, but \$2 is deducted for every \$2 earned after \$2880. Mr. Nixon's proposal has no such cutoff. Beneficiaries would be allowed to keep \$1 of every \$2

earned in excess of \$1800. This is of great benefit to the many retired people who feel the strain of inflation. Reform of the tax structure is imminent. Mr. Nixon feels that the burden of taxation is great enough without permitting the continuance of unfairness in the tax system. New legislation will be proposed to prevent several specific abuses this year, and plans will be set in motion for a comprehensive revision of our tax structure by 1970, the first since 1954. There will be new measures to combat organized crime, described as a doubling of the current \$20 million Federal program and new legislation aimed at "narcotics traffickers and obscenity peddlers." This is applicable to the District as it has been brought to my attention that dope was found in certain schools in the District, suggesting the existence of an organized crime ring as suppliers. There will be new tax credits for industry to encourage private spending to meet urgent social needs - tax credits for locating plants in ghettos as well as tax credits for training unemployed workers are under consideration. A comprehensive labor and manpower program, including job training and placement, unemployment insurance improvements and health and safety measures for workers; a policy of revenue-sharing to provide cities and states with a portion of Federal tax money to ease their growing pains are all in the making. These are some of the proposals. The main thrust of Mr. Nixon's programs will be to improve and consolidate already existing programs rather than create new ones.

on April 16. Lions International is probably best known for its work with the blind, maintaining eye banks and leader dog schools throughout the world. However, they have been responsible for the building and equipping of schools, hospital wards, rehabilitation centers, playgrounds, parks and civic centers. The Lions internationally famous motto, "We Serve", takes form in hundreds of thousands of projects each year within the ten major categories of Lionistic activities: agriculture; boys and girls; citizenship and patriotism; civic improvements and community betterment; education; health and welfare; international relations; safety; sight conservation; and youth exchange. Well over 500,000 humanitarian projects are completed each year

by the 23,000 Lions Clubs. Today there are more than 900,000 members in 145 countries and geographic areas throughout the world. Test chambers capable of duplicating pressures found many thousands of feet under the sea are being used to evaluate models of

deep - submergence research and rescue vessels. One such chamber uses 750 tons of nickel-containing steel and has walls 16 inches thick. During the campaign we call for men of vision; afterward we call them visionaries. - Evening News, Buffalo.

What joy and triumph, after all, to be sincerely honored by the ones we loved

This will place the Lions close to 10,000 clubs ahead of the next largest service group, according to Lions International President, David A. Evans of Texas City, Texas. Evans officially welcomed the Brook, Indiana, Lions Club at their Charter Night celebration

This is a summer cottage. Your kid's education. An ocean voyage. Retirement.

Pretty practical way to look at something as patriotic as U. S. Savings Bonds, right? Well, there's nothing un-American about being practical. Which is exactly what you are when you put your savings into U. S. Savings Bonds. For one thing, Bonds pay back a little over \$4.00 for every \$3.00 you invest. And now they do it in just seven years. Also, the money you put into U. S. Savings Bonds is obviously safe. In fact, even if your Savings Bonds are lost, stolen, or burned, we'll replace them. And, in case you have to save time as well as money, Savings Bonds are surprisingly easy to buy. You can pick them up at your bank. Or have someone else do the paperwork for you by joining the Payroll Savings Plan where you work. One more thing. Bonds now have a new high interest rate of 4 1/4% when held to maturity. And buying them gives you the privilege of also buying the even higher interest 5% Freedom Shares in combination. Put your savings in Savings Bonds and Freedom Shares. You could eventually end up with the summer cottage and the college education and the ocean voyage and retirement. And whatever else you want to save for.

Take stock in America. Buy U.S. Savings Bonds & Freedom Shares

LEGAL
NO. 22,366 EQUITY
In the Circuit Court for Frederick County, Maryland
Margaret Luvenio Anderson
Route 1
Knoxville, Maryland
vs.
Ernest Clayton Anderson
1212 Prince Street
Arlington, Virginia

The object of this Bill is to procure a divorce A VINCULO MATRIMONII by the Complainant, Margaret Luvenio Anderson, from the Defendant, Ernest Clayton Anderson.

The Bill states in substance that the parties were married on January 4, 1964, by Rev. David Sparrow, a regularly ordained Minister of the Gospel; that the Complainant is a resident of the State of Maryland, having resided in Frederick County for more than one year last past; that the Defendant is a non-resident of the State of Maryland, believed to be residing at 1212 Prince Street, Arlington, Virginia; that no children were born as a result of the marriage; that the parties hereto voluntarily separated in March, 1965, and said separation has continued uninterruptedly since that time and is deliberate and final and beyond any reasonable hope or expectation of a reconciliation. The Bill prays that the Complainant be divorced A VINCULO MATRIMONII from the Defendant, and for general relief.

It is thereupon this 22nd day of April, 1969, by the Circuit Court for Frederick County, sitting as a Court of Equity, ORDERED that the Complainant give notice to the said non-resident Defendant of the objects and substance of this Bill by causing a copy of the same to be published in some newspaper published in Frederick County, once a week for four successive weeks prior to the 24th day of May, 1969, commanding him to be and appear in this Court in person or by Solicitor, on or before the 24th day of June, 1969, and show cause, if any he has, why a Decree should not be passed as prayed.

ELLIS C. WACHTER, Clerk of the Circuit Court for Frederick County, Maryland.

Soil District Tour Planned

The supervisors of the Frederick Conservation District will sponsor tours for Liberty and New Market sixth grades to show conservation practices throughout the county on April 28. They will also sponsor a tour on May 1, for the Clergy of Frederick County. All ministers are invited to attend. The bus leaves the Frederick Shopping Center at 10 a.m., and will return at 3 p.m. The tour is being sponsored in conjunction with Soil Stewardship Week.

The regular district meeting was held Thursday, April 17, with all members and associates present. Chairman Raymond E. Keilholtz reported that there were over 1,000 trees planted at the Catoctin High School on April 8, in relation to Arbor Day. Mr. Ed Hevner reported that the state and national dues have been paid. New co-operators signed at the meeting were Mr. Ronald Mallet-Pocovost, 159 acres and Mr. Frederick K. Seymour, 52 acres.

On April 15 there was a dinner meeting at Betty's Restaurant for the elected county officials, sponsored by the Frederick and Catoctin Districts. Dr. Cecil Wadleigh was speaker and resource leader for the meeting.

SAVE TIME CLASSIFIED

The ZIP Column

The 6-cent stamp commemorating the Apollo 8 mission, will be first placed on sale on May 5, in Houston, Texas.

Leonard E. Buckley, of the Bureau of Engraving and Printing, based his design on a photograph supplied by the National Aeronautics and Space Administration in which the moon, in the foreground of the stamp, is approximately 780 kilometers from the spacecraft.

To the top of the stamp is half an Earth, the rest in darkness, with the sunset terminator bisecting Africa.

The words, "In the beginning God..." were spoken by a crew member of the Apollo 8 spacecraft when he read from the Book of Genesis during the course of the historic flight orbiting the moon.

This reading, while not a part of the flight plan, has become closely associated with the flight in the public mind.

The Apollo 8 stamp will go on sale at this office, on May 6th. Collectors should obtain their stamps as soon as possible, due to the usual limited supplies.

It is anticipated that some changes in the mail transportation pattern, for the Washington Region of the P. O. D., will affect the schedules at our office.

As soon as definite plans are received, schedules will be placed in this column immediately.
George E. Rosensteel, PM.

J. E. Fitzgerald Nominated For Firemen's Post

James E. Fitzgerald of the Vigilant Hose Co., Emmitsburg, was nominated as president of the Frederick County Volunteer Firemen's Association at the quarterly meeting last Thursday.

Other nominees are Robert L. Renner of New Midway, first vice president; Charles R. Virts, of Brunswick, second vice president; William M. Moore of the Uniteds, secretary, and Philip Beard of Walkersville, treasurer. Nominated for trustees were Paul M. Burrier of Walkersville, William M. Bill of Libertytown, Roger G. Plummer of Carroll Manor; James F. Walsh of the Juniors, Frederick; Vernon M. Cassell, Jr., Braddock Heights, and Lawrence A. Dorsey of Woodsboro.

The annual convention and election of officers will be held July 1 and 2 in Walkersville.

The spring meeting was chaired at the Braddock Heights Company by Mr. Fitzgerald, current vice president, in the absence of Paul M. Burrier who is recuperating at his home following hospitalization at Frederick Memorial Hospital.

All 17 member companies were represented at the meeting and Charles E. Brauer, chaplain of the Rocky Ridge Fire Co., conducted a brief devotional service.

Teachers' Contract Is Ratified

The 1969-70 teachers contract has been ratified by all parties concerned paving the way for a public hearing on the school budget.

The contract, which calls for a base salary of \$6,600 and a host of other benefits for the teachers, was ratified by the representative council of the Frederick County Teachers Association (FCTA) last week.

Heisley B. Corum, president of the FCTA, said "it was unanimously approved by the council." "The board of directors of the FCTA also approved it. I then signed it along with Mrs. Mary Condon Hodgson, president of the Board of Education, and the superintendent," Corum said.

Dr. John L. Carnochan, superintendent of schools, said "it is a good contract."

It should enable us to keep and attract good teachers to the county to provide a quality education for the students here.

Mrs. Hodgson also commented that the board will have a meeting April 30 to finalize the budget. "The time and place has not been set yet, however."

Although the contract has been signed and is a valid instrument, it does not mean it is final. It has to pass the scrutiny of the Frederick County Commissioners.

If the commissioners can not find the funds to pay for it the document may have to be altered.

Sixteen denominations of pure nickel and nickel alloy coins were introduced by seven different countries in 1968 to replace coins previously struck in silver.

The vast percentage of white-bass eggs and young do not survive. If they did the lakes would be greatly overpopulated. —Sports Afield.

If the Shoe Fits

Will snug shoes stretch?

Shoes that are a trifle narrow may "give" enough to become comfortable. Shoe repairmen now have a chemical solution that helps stretch leather.

The need, however, is usually for added length since feet grow in length, more than in width. The chief obstacle to successfully stretching shoes lengthwise is a steel shank which is put in a shoe to strengthen the arch of the shoe (not the foot). A stretcher that would stretch the steel would pull the shoe apart.

Shoes should fit snugly around the heel and arch of the foot to prevent the heel sliding up and down in the shoe as you walk, causing blisters or callouses. With a snugly fitting heel, the toes can enjoy roominess without pressing forward and cramping in the toe of the shoe.

The Sooner You Call—The Faster Your Ideas Go to Work

Frederick County Backgrounds

BY SAMUEL CARRICK
Maxwell (3) Shields

In a day when the cynical opinion is too often heard and believed it is refreshing and inspiring to study the past and know that the "colonial fathers" of this great country were not imbued with this same sick mind and spirit. Patriotism and love of country are, according to the cynic, out-of-date and maudlin. Fortunately for this and past generations, those who supported and fought in the Colonial and Revolutionary Wars thought not only of themselves, but of the future and with courage and foresight they laid for their descendants a foundation on which a great and powerful nation was built. "If this be treason—then make the most of it!"

William (1) Shields, pioneer, soldier, and progenitor of a numerous progeny, was, first and last, an American. Although he was born in Ireland, he offered his life and fortune to his adopted country, in her hour of need. When the Revolutionary movement "began to take hold", following the death of the Stamp Act, the colonies felt that prompt and decisive action was necessary. In Maryland the counties lead the way and in Frederick County the older inhabitants were deeply impressed with the implications of the situation. In order to express their sentiments, a meeting was called and convened on Aug. 28, 1778 in the school house located not far from the John Troxell Mill on Tom's Creek.

According to Helman's History "the meeting was largely attended. There were present on this occasion, William Blair (old Scotch descent), James Shields, Sr., William Shields, Charles Robinson, Patrick Haney, Robert Brown, Henry Hocesensmith, Rudolph Need, Thomas Hughs, Tom Martin, William Elder (son of Guy), Samuel Westfall, Moses Kenedy, Alexander Stewart, William Curren, Jr., Charles Carroll, Octavius Toney, Philip Weller, Daniel Morrison, William Koonitz, Christian Hoover, John Smith,

Daniel McLean, John Farris, John Long, Arthur Row, John Crabbs, George Ovelman, Jacob Valentine, William Munroe, Moses Ambrose, George Kelly, Walter Dulaney, Homer J. Bowie, James Park, Robert Agnew, John Carrick, Frederick Troxell, Dominick Bradley, William Brawner, Henry Brooks, Samuel Carrick, and others. It was agreed by a show of hands, that William Blair should be called to the chair, and John Farris appointed secretary of the meeting. The meeting was then addressed by Walter Dulaney and William Elder (son of Guy).

It was resolved by those in attendance "that all reaffirmed the great Magna Charter of civic and religious rights, as granted by Charles of England to Lord Baltimore and the inhabitants of this colony, as reaffirmed on the first landing of the pilgrim fathers of Maryland. That there shall be perfect freedom of conscience, and every person shall be allowed to enjoy his religious, political privileges and immunities unmolested."

It was further resolved that a copy of the proceedings of this meeting be published in the Annapolis "Gazette".

Instead of improving, the situation became more and more tense. The colonies made preparations for war, for it soon became evident that only by the force of arms could life and liberty be guaranteed. Freedom is dearly bought and through the ages it has been paid for in "blood, sweat and tears".

There were four military companies raised in Frederick County, Maryland, in 1775, two at Emmitsburg, as follows:

First at Emmitsburg, called the Game Cock Company. The Captain was William Blair, the son-in-law of William (1) Shields. First Lieutenant George Hockensmith, Lieutenant Henry Williams, and Ensign Jacob Hockensmith. In addition there were four sergeants, a like number of corporals and 54 privates.

The second Emmitsburg Company was captained by William

(1) Shields with John Faire as First Lieutenant and Michael Hockensmith as Second Lieutenant. John (2) Shields was the Ensign and his brother, James (2) Shields, was a sergeant.

On January 3, 1776 William (1) Shields was commissioned a "Second Major in the 35th Battalion of the Maryland Militia, Jacob Good's Regiment."

The Maryland Militia was assimilated, along with the independent Frederick County companies, into the Continental Army. Their contribution to the cause of American independence was immortalized in an address by General Washington "delivered at the house of Key near Middleburg, Maryland." Nothing more need be said or written.

William (1) Shields and his sons paid, in full, their debt to the cause of American freedom. In 1764 William (1) Shields was an Elder in the Tom's Creek Presbyterian Church. He deeded a part of his land for the erection of a church by the congregation to which he belonged. There is every reason to believe that he was a faithful son of the church and his children and grandchildren followed his example. Undoubtedly, but for the fact that he had a burial ground on his own land, the pioneer would have been interred in the Presbyterian churchyard.

However, the Shields family is represented in Tom's Creek Presbyterian graveyard.

William (2) Shields, the fourth son of William (1) and Jane (Williams) Shields, was three times married and among the children born to his union with Ann Paterson, the second wife, was a son, Maxwell (3) Shields, who was born February 27, 1806.

Maxwell (3) Shields remained in Frederick County, Maryland, in the Emmitsburg District, and like his grandfather was an Elder in the Tom's Creek congregation. Maxwell (3), his wife, and three sons are interred in the old churchyard.

The inscriptions follow:

- 3. "In memory of/ Samuel Speers Shields/ son of Maxwell and Mary/ Shields- Died September 26, 1860/ Aged 10 years, 11 months, and 8 days."
- 4. "In memory of/ Maxwell Shields/ Died February 3, 1859/ Aged 53 years."
- 5. "In memory of/ Rebecca Shields/ consort of/ Maxwell Shields/ Died April 13, 1884/ Aged 37 years, 10 months, and 17 days."
- 6. "In memory of/ John Milton Shields/ son of/ Maxwell and Mary Shields/ Died August 29, 1857/ Aged 5 years, 10 months, and 17 days."
- 7. "In memory of/ William Jefferson Shields/ son of Maxwell and/ Mary Shields/ Died September 9, 1860/ Aged 13 years, 9 months, and 21 days."

The notes on the Shields family, of Tom's Creek Hundred, will be concluded in this series next week.

War veterans who are 65 or over are presumed to be totally and permanently disabled for purposes of eligibility for pension benefits.

The new laboratory achieved a

Barn Fire Being Investigated

A state fire marshal official is investigating a "highly suspicious" \$30,000 fire that leveled and destroyed equipment in a Fairfield area bank shortly after noon Sunday in an apparent second attempt to burn the structure over the weekend.

Fairfield Fire Chief Lawrence Eversole said that he along with State Police Trooper Elmer Soprano of the state fire marshal's office in Harrisburg area are probing the cause of the fire.

The large 45 by 80-ft. barn was located on a property on the Tract Road, tenanted by Lee Rentzel and his family and owned by I. J. Riggeal, Seven Stars.

The suspicious events that led to the destruction of the frame barn began Saturday evening when the Fairfield Fire Company was called to a barn fire there. According to Chief Eversole, his company arrived at the barn to find a fire that started near one of its doors had been put under control by the Rentzel family. The blaze, Chief Eversole said, apparently occurred when someone piled hay and set it afire inside the door of the structure. Firemen hosed down the smoldering debris.

At 12:15 p.m. Sunday, Fairfield firemen responded again and this time found the barn engulfed in flames. They immediately summoned the assistance of the Emmitsburg Fire Company and battled the blaze over an hour before bringing it under control.

Firemen concentrated their efforts on saving the Rentzel home which was being threatened by the intense heat.

Both fire companies labored at the scene for nearly five hours.

Rentzel told Chief Eversole that he and his family were in a yard near the barn about noon Sunday, when they noticed smoke pouring out of the structure. They rushed to put the fire out but the blaze spread too rapidly.

Hospital Shows Occupancy Gain

The Annie M. Warner Hospital, Gettysburg, achieved a record occupancy of 83.5 per cent occupancy in the month of March. This marked the third consecutive month that occupancy was over 80 per cent.

Although a 43.75 per cent occupancy of newborn is well ahead of last year, March was the first in the last five months where infant occupancy dropped below 40 per cent.

Gross earned income in March was \$138,886.91 which established another high. Projecting ahead to the end of the fiscal year, June 30, indications are that gross earned income will approximate \$1,500,000, an increase of 50 per cent in three years.

Expenses show the same trend and continue to accelerate faster than income. Accounts receivable increase in proportion to higher volume to become an increasingly greater problem to the hospital management, reports showed.

Collection efforts, of necessity, are being pressed in order to produce the cash flow required to meet daily operating costs which now are nearing \$4,000 daily.

The new laboratory achieved a

high in March with over 7,000 examinations and tests. X-ray continued its advance and the physical therapy department gave 241 treatments in March, sustaining the wisdom of its reactivation, a board statement said.

The directors heard a detailed report of Dr. Kenneth B. Babcock, hospital consultant, of his recent three-day examination of the hospital and received, also, the report of the joint conference committee of the hospital board and staff that has given several hours study to the report.

College Students Hurt In Crash

Three Mount St. Mary's College students were admitted and a fourth treated at the Warner Hospital, Gettysburg, following a two-car collision on W. Main St. in Emmitsburg about 9:45 p.m. Sunday.

Admitted were the driver, Paul Kirby, 20, of Oxon Hill, with a cerebral concussion, multiple lacerations of the face and nose and contusions of the right hand and forearm; his passengers, James Zeigler, 20, Frederick, with possible fractured pelvis and lacerations of the left lower leg and elbow, and Michael Klug, 19, of Wheeling, W. Va., who suffered a possible fractured skull. All were listed in satisfactory condition at the hospital.

A third passenger in the Kirby car, Dennis Bonner, 19, of Ardmore, Pa., was brought to the hospital, treated and released. All the injured were transported to the hospital in the Emmitsburg VFW ambulance.

Emmitsburg police listed the driver of the second car as Richard D. Needy, 26, of Waynesboro, who was not injured. He was charged by Emmitsburg police with driving to the left of the center of the highway. He was released after posting a \$28 forfeit bond to appear at a hearing here in Magistrate's Court April 30.

Emmitsburg police said that Needy was traveling west on Rt. 97, W. Main St. in Emmitsburg, when he crossed into the opposite lane of traffic and collided with the right front fender of the east-bound Mount student's compact auto. The accident occurred at the intersection of Frailey Road and W. Main St.

Kirby's Volkswagen and Needy's Oldsmobile were both estimated to be total losses.

Mounties Do Well At Track Meet

Mt. St. Mary's won four of the relay races and gained second place in the field events of the Mason-Dixon conference relays held here last Saturday.

Catholic U copped three of the relays and set the lone new record in the shuttle hurdles with a clocking of 1:01.4. The previous mark was set in 1963 by Roanoke at 1:02.7.

No team scores are kept in the meet. In addition to the Mount and Catholic, other schools taking part included Western Maryland, Loyola, Towson and Gallaudet.

First places were gained as follows by Jim Deegan's Mountainers: distance medley (Pete Gerahy, Pat Rush, John Nicoletti, Bill Lyons) 10:51.8; 440 relay (Harry Marra, Bob Keogh, Bob Ackampora, Bill Johnson) 43.5; 880 relay (Rush, Keogh, Ackampora, Bill Squires) 1:32.2; four-mile relay (Dick Rasmussen, Jim Clarke, Nicoletti, Lyons) 18:44.5.

In the mile relay the team of Rush, Acampora, Gerahy and Keogh finished second. Jim Hofford gained second place in the high jump. He tied the first place mark of 6'2 but was placed second due to his number of misses.

Open House For Prospective Students At College

St. Joseph College extends a cordial invitation to women interested in attending a four-year women's college to visit the campus and learn more about St. Joseph's programs during the final scheduled Visiting Day for this year, April 26.

St. Joseph College is socially and culturally interrelated with Mount St. Mary's College located within two miles of St. Joseph's. This year inter-institutional academic cooperation includes eight courses open to interested students at the two colleges. Students will be on hand to answer questions concerning these courses as well as other campus activities.

Student guides will also conduct tours of the campus beginning at 11 o'clock and every half hour thereafter.

If a personal interview is requested, members of the Admissions staff will be available between 10 and 11:30 a.m. and 1 to 3 p.m.

Those interested in an interview are asked to bring copies of their report cards or an unofficial transcript from their high school.

14 More Die On State Highways

Fourteen persons were killed on Maryland highways last week,

according to the weekly survey published by the State Police. Eight of those killed were drivers, two were passengers, and four were pedestrians. Alcohol was a contributing factor in five of the cases, speed in five, and "driver error" in eleven.

"In serious accidents investigated by the State Police last week five persons were killed and eighteen were seriously injured," noted Lt. Col. W. H. Conroy, Deputy Superintendent of the State Police. "Only four of them, however, had their seat belts in use and investigating officers are of the opinion that this substantially reduced the seriousness of injury."

"These four persons were well repaid for the few seconds it took to fasten their seat belts. Every person riding in a motor vehicle would be wise to take the same precaution."

Garden Club Meeting Held

The Silver Fancy Garden Club met at the home of Mrs. Theodore Fair on April 17, 1969.

Plans were completed for the Annual Card Party to be held at the Toney Inn on May 15 and for the planting of the Herb Garden at the Farm Museum in Westminster, Md.

A gift was presented to the retiring president, Mrs. Elwood Baumgardner by Mrs. John White of Emmitsburg.

The next meeting will be held on June 19, at the home of Mrs. Allan Feeser, 46 Westmoreland Ave., Westminster. Refreshments were served by Mrs. A. D. Alexander and Mrs. Charles H. Smith.

Many a life of the party is a wash-out at home.

Student Remains Critical

A Mt. St. Mary's College student, James Edward Berry, 19, of Cumberland, remains in critical condition in the intensive care unit of the Warner Hospital with injuries he sustained when his compact car along with four other students, crashed into the Rock Creek Bridge last Thursday morning, April 17. Another student, Michael Lingg, 25, Hanover, remained in satisfactory condition at the hospital. Lingg was the driver of the auto according to police.

VFW AMBULANCE

Dennis Bonner, Paul Kirby, James Zeigler and Michael Klug, Mt. St. Mary's College, were transported this week to the Warner Hospital, Gettysburg, via the VFW ambulance. Mr. Bowersox was transferred from Union Station in Baltimore, to Harrisburg, Miss Emma Ohler was transferred from the Warner Hospital to Michael Nursing Home, and Pat McHenry, Thurmont, was transported to the Frederick Memorial Hospital in the vehicle. Drivers were James Kittinger, Michael Byard, Paul E. Humerick, Michael Boyle and Thomas White.

WEATHER REPORT

Temperatures for the Emmitsburg District for the period ending April 19, as reported by Mrs. Lucille K. Beale, local weather observer, were as follows:

| | H | L |
|--|----|----|
| Saturday, April 12 | 59 | 33 |
| Sunday, April 13 | 65 | 26 |
| Monday, April 14 | 61 | 33 |
| Tuesday, April 15 | 62 | 46 |
| Wednesday, April 16 | 66 | 52 |
| Thursday, April 17 | 77 | 47 |
| Friday, April 18 | 73 | 49 |
| Rainfall for the period amounting to .55 of an inch. | | |
