EMMITSBURG CHRONICLE, EMMITSBURG, MARYLAND, FRIDAY, JULY 18, 1969

SINGLE COPY 10c

Most Anything At A Glance

- By Abigail -

The increasing number of automobile accidents at intersections at Thurmont and Emmitsburg brings to mind once again the shabby treatment of the northern end of the County by the State Roads Commission. Good four-lane highway exists from Washington to this end of Frederick City. There are no cross-overs of main traffic arteries up to this point. Now then, from Frederick on up to the Pennsylvania state line, there are a number of cross-overs at Thurmont and Emmitsburg, a distance of about 26 miles. Immediately after you cross the line into Pennsylvania, all secondary roads have overpasses. There is no dualization on this stretch of highway which manifests that when the Commission decides to come to this section it immediately skimps in every way possible . . . and the end results is that we have more than our share of automobile accidents in this section.

Governor Mandel's ultimatum that kindergartens must be implemented in all counties by next year strikes me as a bit dictatorial and unsound fiscally. Here we are still staggering under our highest tax bill in history, and before we can even get it into the mail along comes the Governor and delivers the next inflationary blow of the new fiscal year. Our County Commissioners have told us that if this kindergarten schedule or program is implemented, it would add another 15c on our next year's tax bill. Kindergartens may be all right in some ways but it strikes me as absolutely unnecessary in Frederick County at this time. I often wonder if actions of this sort, by a single individual, are constitutional. We're supposed to be living in a democracy yet we have absolutely nothing to say or no defense against such measures. I am certain that if we were permitted to vote on the kindergarten program at this time it would be soundly defeated. Remember this, every time we demand some little added extra service, it must be paid for . . . by you and me!

Howling dogs and upset garbage cans have prompted the local Police Dept. to order a crack-down on loose dogs on the run in Emmitsburg. The Dept. has ordered published the local Animal Ordinance which covers the ownership of animals within the Corporate limits of Emmitsburg. If your dog is running at large, licensed or not, it is highly likely that it will be impounded because this type of action is illegal and the owners of the dogs can be fined and the animal destroyed. So, if you really care for your dog, you had better read the ordinance and take every precaution that your animal isn't running unbridled around the community.

William Kelz Lions' Secretary

William H. Kelz was elected secretary of the Emmitsburg Lions Club at the regular meeting of the group held Monday evening in Mt. Manor Restaurant, President Milton A. Sewell presiding.

Lion Kelz will serve out the unexpired term of Eugene Sappington, who resigned the post. One guest, Lion Morrison, Taneytown, was present at the meeting.

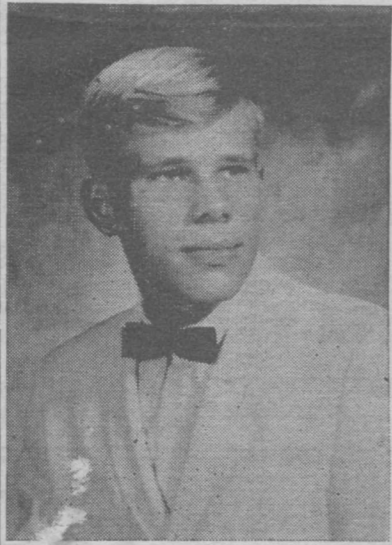

Lutheran Lawn Festival July 26

The Elias Lutheran Church, Emmitsburg, will hold its annual Lawn Festival on the church grounds on Saturday, July 26, it has been announced.

This popular event will get under way promptly at 3:30 p.m., and the public is cordially invited to attend.

Although nickel was only isolated as an element 200 years ago, coins minted in Bacteria more than 21 centuries ago were similar in composition to our present-day copper-nickel coins.

To Attend College

Douglas Wolfe, son of Mr. and Mrs. Theodore Wolfe, R2, Emmitsburg, has been accepted by Alderson-Broadus College, Philadelphia, Va., to begin study in September. Wolfe was graduated from Catoctin High School in June.

Alderson-Broadus is a private, four-year liberal arts college awarding bachelors degrees. It is sponsored by American Baptist Churches.

Located at a scenic, historic spot on the hilltop where the first land battle of the War between the States was fought, the campus is near Clarksburg, W. Va., and about 125 miles south of Pittsburgh, Pa.

Chain Crash At Intersection

A chain collision involving four vehicles Saturday afternoon near Emmitsburg resulted in four slight injuries and a total of \$1,210 in damage to the vehicles involved.

Maryland State Police reported that the accident occurred at the intersection of U.S. Route 15 and 97 in east Emmitsburg.

Several autos were stopped at the traffic light on the southbound lane of Rt. 15 behind an Army jeep which was picking up several soldiers to join a convoy headed south.

A driver, identified by police as Richard Thomas Steed, Potomac, Md., was unable to stop his 1964 Chevrolet in time to avoid striking a vehicle operated by David Henry Pitts, Oxon Hill, Md. Pitts' auto struck that of Lincoln L. Borton, Milford, N. H., which lurched into a fourth, driven by Rita Ann Grebe, Rochester, N.Y. Neither the lead vehicle in the line nor the jeep were involved in the collision.

Taken to the Warner Hospital in the Emmitsburg VFW ambulance, and released after treatment were: John Pitts, 3, and his mother, Barbara, 27, for abrasions and a sprained neck, respectively; Treva Borton, with a neck injury, and Carroll Theland, Carlisle Barracks, with a laceration of an eyebrow.

Steed will be charged by state police with failure to reduce speed to avoid a collision.

DR. MICHAEL F. O'TOOLE

Dr. Michael F. O'Toole, 94, of Emmitsburg, died Sunday morning at Frederick Nursing Home.

Dr. O'Toole practiced dentistry in Baltimore 30 years and had retired 25 years ago and moved to Emmitsburg.

He was a member of St. Anthony's Shrine Church. He was the son of the late Richard and Annie McSherry O'Toole.

Survivors include two daughters, Mrs. Mary Nichols of California and Mrs. Isabelle Vaeth of Glen Burnie; two sons, James G. O'Toole, Baltimore, and William R. O'Toole of California; and the following brothers and sisters: Joseph A. O'Toole, Miss Mary J. O'Toole, and Lewis D. O'Toole, all of Thurmont; Mrs. Annie Rosensteel and Mrs. Louise Keepers, both of Emmitsburg, and George H. O'Toole of Waynesboro.

Funeral services were held on Wednesday morning at 9 o'clock with a requiem Mass in Our Lady of Mt. Carmel Church, Thurmont, with the Rev. Fr. Edward V. Eche officiating. Interment was in the church cemetery.

Benefit Bag Sale Is Planned

A benefit Bag Sale will be held for a two-day period, July 25-26, at The Thrift Shop, York St., Gettysburg, Pa.

The sale is being sponsored by the Warner Hospital Auxiliary and the proceeds of the sale will go to the hospital benefit fund. You can fill your bag for the small sum of 50c, between the hours of 10 a.m. until 4 p.m., on these two days.

Chamber Commerce Planning Local Picnic Area

A lengthy discussion on the local Recreational Area was held at the regular monthly meeting of the Emmitsburg Chamber of Commerce held Tuesday evening in Mt. Manor Restaurant, President Jane Bollinger presiding.

The secretary's report was given by Sister Margaret Hickey and the treasurer's report was given by the president in the absence of Ralph Lindsey, treasurer.

The group decided to transfer \$500 from the checking account to a savings account at the local bank. Donations were approved for the Red Cross, \$10, and also \$10 to the local Boy Scouts.

The Recreation Area was discussed and it was decided to start work on the project in the immediate future. The area is located at Community Field. It is planned to install picnic tables and fireplaces, after grubbing the grounds. Rev. John King heads the Recreation Committee, assisted by Dr. Paul Carter, Mrs. Frances Rosensteel and Eugene R. Rosensteel, who was appointed to the committee by the president, at the meeting.

Mrs. John Chatlos, chairman of the Beautification Committee, gave a report as did Sister Margaret Hickey, Brochure Committee chairman. It is planned to publish a brochure advertising the community, in the near future.

A letter from the Catoctin Mountain Tourist Council was read asking for participation of the group in promoting a fall program which would benefit the northern section of Frederick County. The president appointed Robert Muench as a delegate to represent the Chamber at a meeting of the Tourist Council to be held August 10.

Milk Company Names Manager

Mr. A. J. Nixon, President of Lancaster Milk Company, Inc., announced that Mr. Chester Gelwick has been named Plant Manager of the Emmitsburg Receiving Station.

Mr. Gelwick comes to Lancaster Milk Company with more than twenty-four years experience as Assistant Plant Manager and Plant Manager with Sealest Dairies in Hagerstown and Frederick, Md., and Chambersburg, Pa. His last three and one-half years were spent with the New Holland Farms, Graybill Station, Pa.

Chet is married and lives in Hagerstown, Md.

More than 1,300 miles of piping are used to service the underground mines of The International Nickel Company of Canada, Limited, at its Ontario and Manitoba operations.

Miss Kelz Becomes Bride Of Paul Ergler

Miss Linda Louise Kelz, daughter of Mr. and Mrs. William H. Kelz, Emmitsburg, became the bride of Mr. Paul C. Ergler, Jr., son of Dr. and Mrs. Paul C. Ergler, Sr., Glenarm, Md., on Saturday, June 21, 1969 at 12 o'clock noon, at St. Anthony's Shrine, Emmitsburg, Md. Rev. Vincent J. Tomalski, pastor of the parish, officiated at the double ring ceremony.

The bride, escorted to the altar by her father, wore a floor-length gown with an ivory chantilly lace Empire bodice and lace fitted sleeves with an ivory peau de soie softly pleated slight A-line skirt and a detachable train falling from the shoulder trimmed with lace. Her headpiece was an ivory orange blossoms cluster with ivory triple tiered illusion veiling. She carried a cascade bouquet of white roses, carnations and baby's breath.

Miss Mildred Harner, Emmitsburg, friend of the bride, was the maid of honor. She wore a mediterranean blue, floor-length gown with a straight skirt, empire waist and short ruffled sleeves. She carried a cascade bouquet of blue and white carnations, baby's breath and stephanotis.

Miss Ibbly Wilhide, Emmitsburg, friend of the bride, and Miss Jeannette Ergler, Glearm, Md., sister of the groom, were the bridesmaids. They wore gowns identical in style to that of the maid of honor. They carried cascade bouquets of blue and white carnations, baby's breath and stephanotis.

Mr. Walter Tillman, Hampton, Va., friend of the groom, was the best man. Mr. James McGill, Baltimore, friend of the groom, and Mr. Dale Kelz, Emmitsburg, brother of the bride, were the ushers. Mr. Michael Kelz, Whiteman AFB, Missouri, brother of the bride, assisted the ushers.

Mr. James Martin, Emmitsburg, friend of the bride, was soloist. He was accompanied by Mrs. Alma Seltzer, church organist.

The bride's mother wore a light pink dress with pink accessories and a pink cymbidium corsage. The groom's mother wore an ice blue dress with blue accessories and a pink cymbidium corsage.

Immediately following the ceremony, a reception was held at Mt. Manor Restaurant, Emmitsburg. Mr. Robert Rosensteel and Mr. Jack Mummert provided music for dancing. Mrs. Joseph May, Thurmont, aunt of the bride, served the wedding cake. Mrs. Rosemary Corcoran, Valley Stream, L. I., N. Y., aunt of the bride, presided over the guest book. Guests were present from Maryland, Virginia, Pennsylvania, New York, and Kentucky.

After the reception the couple left on a wedding trip through Virginia. For traveling the bride wore a light blue sleeveless dress with white accessories and a yellow rosebud corsage.

Preceding the wedding the bride was entertained at a surprise shower given by Mrs. William Meredith.

Mount Receives Judaism Book Collection

Mount Saint Mary's College recently given a library of reference books on Judaism by the Jewish Chautauqua Society, as part of that organization's program to expand understanding of Judaism among peoples of all faiths. Pictured from left: Rt. Rev. Hugh J. Phillips, president

of Mount Saint Mary's; the late Allen B. Tabakof of Baltimore, member of the society's executive board who died a few days ago; Joseph W. Shoemaker, librarian at the Mount; and Morton L. Kemper, Littlestown, Pa. and Baltimore, Md., first vice president of the society. Mon-

signor Phillips expressed deep appreciation for the gift of books from the Jewish Chautauqua Society, emphasizing the importance of a dynamic, growing library program for Mount Saint Mary's College and its curriculum offerings.

Little League All-Stars Play Here Monday

The Emmitsburg Little League All-Stars will engage the Thurmont Little League All-Stars on the local playing field on Monday evening, July 21, starting at 6:00 o'clock.

Edward L. Stouter and George Baker will coach the local team. Members of Emmitsburg's squad are: Frank Saylor, James Deegan, Perry Wivell, James Smith, Bryon Bentz, John Wantz, Perry Joy, Kevin Gingel, Paul Antolin, James Elyer, Robert Fitz, Jack Sweeney, Joel Neighbours and James Green.

Two To Represent Local Colleges

Sister Margaret Dougherty, president of St. Joseph College, and Dr. John J. Dillon, Jr., acting executive vice president of Mt. St. Mary's College, will attend a private seminar for college presidents at the Morris Inn at Notre Dame University from July 21 through 23.

"Governing the Smaller Catholic College: Problems in Perspective," is the theme of the five sessions concerned with analyzing the various problem areas of small institutions as seen by the registrants themselves.

Jointly sponsored by St. Mary's College at Notre Dame, Ind., Corpus Instrumentorum, Washington, D. C. and Heald, Hobson and Associates, Inc., New York City, attendance at the seminars is by invitation only to the presidents, board chairmen and religious superiors of small and medium-sized Catholic colleges and small universities.

Taneytown Doctor Being Sued

Mr. and Mrs. Edward M. Crist, S. Colonial Ave., Westminster, have filed a \$425,000 damage suit against Dr. Edward S. Sibel, 438 Baltimore St., Taneytown, and Dr. I. I. Donick, Towson, Md.

In the suit Mrs. Crist states that she had had a history of difficulty with her feet, and consulted Dr. Sibel about March 11, 1967. According to Mrs. Crist, Dr. Sibel held himself out as a specialist and said she needed an operation on her feet.

Mrs. Crist charges that Dr. Donick performed the operation September 14, in Dr. Donick's Towson office. She states that as a result of the operation she suffered intense pain, had to spend a week in bed and had to walk with crutches for three weeks. She said that Dr. Sibel then recommended that she submit to another operation.

After consulting her personal physician, Mrs. Crist said she had to undergo hospitalization and corrective treatment on her feet, her prior condition having been aggravated by the operation.

Mrs. Crist charges that Dr. Sibel performed an improper and unnecessary operation upon her foot and was grossly negligent seriously affecting her health, and causing her to spend large sums of money in her endeavor to correct the injuries.

On the first count, Mrs. Crist is demanding actual damages in the amount of \$100,000 and punitive damages of \$300,000 plus the cost of the action.

On a second count, her husband is demanding \$25,000 and costs of the action for the substantial expenses, medical care and treatment of his wife, that he was forced to incur.

Band Continues To Gain Members

The Emmitsburg Municipal Band participated in two parades last week, Harney and New Market. The band received \$75.00 from New Market, as the band invaded that part of the county for the first time.

The band held election of officers Wednesday evening and results will be published next week. The band will establish themselves in completely new territory, July 23, when they will journey by bus to Shippensburg, Pa.

We have been receiving great results with our plea for new members, but more are still needed. Municipal bands are getting scarce now, and we are determined to have the biggest and best band in the area.

We are hoping to be able to have another concert on the Square this year, sometime around Labor Day. We hope to see the citizens of Emmitsburg there to help make it a huge success.

Accidents took the lives of 112,000 Americans in 1967.

County Kindergarten Would Cause Another Tax Raise

A 15 cent hike in county real estate taxes would be needed if the county has to provide kindergarten classes as the state ordered this week, according to Charles Collins, president of the Frederick County Commissioners.

Attorney General Francis B. Burch issued a ruling Monday that the counties must provide kindergarten classes by 1970 for all five-year-old children whose parents wish to have them attend the tuition free classes. The decision would affect 19,000 children in the 14 Maryland counties that have partial programs or none at all.

The county school board had requested funds to set up kindergartens here in the last budget but it was eliminated by the county commissioners. The request was for \$149,448 in local revenue with \$133,169 expected from the state to provide instruction for an estimated 1,200 students and 25 teachers.

Collins said he is "at a loss to know what law he (Atty. Gen. Burch) based his decision on." However, Collins said he was in favor of a kindergarten program, if it is financed 100 per cent by the state.

"There is only one source of funding available for the county to raise the funds needed for this type of program and that is in the real estate taxes," Collins said. He said he had studied the proposed kindergarten program and the ultimate cost would mean a 15 cent hike in the present real estate taxes.

The proposed budget for kindergarten services in Frederick County did not provide for extra classrooms. Collins said the program might need an additional 20 classrooms and based on the cost of the Waverly School, \$1 million would be needed for construction of these 20 classroom facilities.

Under the present state program, Collins said, the state provides for 60 per cent of the cost in the first year but this figure drops off in succeeding years. Last year the state provided as aid to Education 29 per cent and this year they provided 28 per cent.

Collins said that the state should, since this kindergarten program was made mandatory by the state, provide 100 per cent of the cost as they do with the school bus transportation.

Collins issued a warning to the citizens that unless the present state and federal taxing trends are halted, the county real estate tax will double in the next ten years.

As examples, Collins cited several actions recently mandated by the state on the counties: The county must pay the sales taxes on new school and other public facilities construction to the state. This has caused a six cent hike in the real estate tax for Frederick County, he said.

"And if a bill before the Congress is passed, eliminating the tax exempt nature of county bonds, and we (county residents) must pay a federal and possibly a state income tax on these bonds, the real estate tax will have to be hiked 25 cents," Collins said.

Thurmont Fire Co. Carnival Nearing

The Guardian Hose Co., Inc., of Thurmont, will hold its annual Carnival Monday, July 28, thru Saturday, August 2, 1969, with entertainment nightly at the Fire Company carnival grounds. The annual parade will be held on Thursday, July 31, starting at 7 p.m., covering all main streets of the town.

The entertainment is as follows: Monday, July 28: Del McCoury and The Dixie Pals. Blue grass music at its best, and formerly with Bill Monroe.

Tuesday, July 29: Don Reno and Bill Harrell and the Tennessee Cut-Ups of WDCA-TV, Channel 20, Washington.

Wednesday, July 30: Linda Lou Stone and the County All Stars. A country show you won't want to miss and heard on W100, Carlisle, Pa., every Saturday.

Thursday, July 31: Firemen's parade starting at 7 p.m. Friday, Aug. 1: Jim Eanes and the Stand-Bys. Fabulous Blue Grass Band, featured on the WWVA Jamboree.

Saturday, Aug. 2: Don Lowe and the Comancheros, York, Pa. Also drawing of Sylvania Color TV, Stereo Tape Player, and Transistor Radio, at 12 midnight.

Fire in the U. S. claims an average of one life every 43 minutes.

Frederick County Backgrounds

BY SAMUEL CARRICK
Annan-Horner Family
 The Annans, like the majority of families, intermarried "within a certain circle of society." Oftentimes they "married within the family" for distance was a contributing factor in that day and courtships were carried on "close to home." This proved to be "an axe that cut in two directions"—some of the results were good—but occasionally it was quite otherwise.

In the family of Dr. Andrew (4) and Elizabeth (Mott) Annan, several of their children are interred in Tom's Creek Presbyterian Churchyard; six are buried in the enclosed lot with the father and mother, while others are interred at Tom's Creek with their own families. Among the latter are the following:

1. James Cochran (5) Annan, third son and fourth child of Dr. Andrew (4) and Elizabeth (Mott) Annan, interred in the south end of the churchyard. The inscription for the marker on the grave follows: "In memory of James Cochran Annan, born Jan. 29, 1837, died April 7, 1841. Died Rosa J. (Stewart) Annan, born Jan. 7, 1841, died April 13, 1922. Note: James Cochran (3) An-

nan, married into the Stewart family. An infant son, who died in 1867, is buried in the Dr. Andrew Annan plot.

William M. Annan, son of J. Stewart and Elizabeth M. Annan, born 1918, died 1944. 1st. Lieut. A.A.F., killed in action Oct. 15, 1944. Buried in Cambridge Military Cemetery, England. Note: A great-grandson of Dr. Andrew (4) and Elizabeth (Mott) Annan, he sacrificed his life, all he had to give, "for God and country."

18. "In memory of Elizabeth Morrison Annan, wife of J. Stewart Annan, born 1876, died 1959.

Note: A self-explanatory inscription, the Morrises were an old and respected family in the Emmitsburg District and quite a few are interred at Tom's Creek Presbyterian Churchyard.

19. In memory of John Stewart Annan, born 1874, died 1932.

Note: A son of James Cochran (5) and Rosa J. (Stewart) Annan and a grandson of Dr. Andrew (4) and Elizabeth (Mott) Annan, one of the sixth generation to be interred in the old burial ground.

20. Sacred to the memory of Ann Augusta Annan, daughter of A. A. and L. M. Annan, born April 22, 1890, died July 25, 1890, aged 3 months and 3 days.

Note: Obviously a grand-daughter of John Stewart (6) and Elizabeth (Morrison) Annan, of the seventh generation of the Annan family to bury at Tom's Creek.

21. Andrew A. Annan, born Dec. 17, 1838, died Jan. 27, 1953.

Louella W. Annan, daughter of Andrew A. Annan, born June 25, 1863, died Dec. 24, 1948. Note: The son and daughter-in-law of John Stewart (6) and Elizabeth (Morrison) Annan, comparatively recent burials, in the old and hallowed ground.

The ninth child and second daughter of Dr. Andrew (4) and Elizabeth (Mott) Annan, became the second wife of Major Oliver Alexander Horner. The Horners burial plot adjoins that of James Cochran (5) Annan, and his family.

Major Horner, a veteran of the Civil War, was first married to A. Margaret Grier, daughter of the Rev. Robert Smith Grier. She died in her 27th year in 1872 and not too long thereafter, Major Horner married Ann Elizabeth Annan.

In the Horner plot he buried the following:

22. In memory of Major Oliver A. Horner, born June 10, 1841, died August 6, 1897. Anna Elizabeth Annan (wife of Maj. Oliver A. Horner), born Oct. 31, 1847, died May 24, 1935.

23. Andrew A. Horner, born 1881, died 1944. Note: A son of Major Oliver A. and Anna Elizabeth (Annan) Horner, born to the second marriage.

24. According to the family chart the following children were born to Major Oliver Alexander and Anna Elizabeth (Annan) Horner: 1. Andrew Annan (6) Horner, born 1885, died 1944. Married Helen Bruce Morrison, born 1880, died 19.....

2. Robert Lewis (6) Horner, born 1884, died 1945. Note: Buried in the family plot at Tom's Creek.

3. Elizabeth Mott (6) Horner. Born 1886, died 19.....

4. Oliver Alexander (6) Horner. Born 1890, died 1966.

Isaac Samuel (5) Annan, the second son of Dr. Andrew (4) and Elizabeth (Mott) Annan, is interred in the west section of the churchyard.

24. Isaac Samuel Annan, born Feb. 25, 1889, died Nov. 10, 1909.

Julia L. Annan, his wife, born February 11, 1840, died March 18, 1913.

Dr. Robert Lewis (5) Annan, the oldest child of Dr. Andrew (4) and Elizabeth (Mott) Annan, is also interred in the old Presbyterian churchyard, in company with many members of his immediate families.

25. Robert L. Annan, M.D., born Feb. 22, 1831, died Jan. 14, 1907.

Hessie McNeaghten Birnie, second wife of Dr. Robert Lewis (5) Annan, born June 30, 1854, died Nov. 28, 1938.

Dr. Robert Lewis (5) Annan was first married to his first cousin, Alice Columbia Mott, the daughter of Martin Lewis Mott. The first wife is buried in the Mott family plot in the churchyard of Elias Lutheran Church, Emmitsburg, Md.

Fathers & Sons Enjoy Dinner
 Fathers and sons of Elias Lutheran Church were honored guests at the Father-Son Dinner held recently in the Parish House. Serving as hosts were members of the Lutheran Church Women, who prepared a fried chicken dinner for the fathers and sons.

Garden arrangements of roses and other summer flowers were used on the tables with lighted tapers. Mrs. John White served as chairman for the floral arrangements. Program covers were designed by Miss Patricia Eyer.

The Invocation was given by Pastor William R. Fearer, host Pastor. The Benediction was given by the Reverend Philip Bower, Pastor Emeritus of Elias Church, who currently resides in Cash-town. Special honors were given during the evening to the following: Youngest son, David Shriver; youngest grandfather, Mr. Richard Saylor; person having most generations present, Mr. W. O. Shank; son having birthday nearest Father's Day, James Small, II; father having birthday nearest Father's Day, Norman Shriver, Jr.

Highlighting the evening was a presentation by Mr. H. David Hagan, a well-known magician of Frederick. Mr. Hagan delighted his audience, both young and old, for an hour with feats of magic.

Planning the Father-Son dinner were the following members of the Lutheran Church Women: Mrs. D. Richard Smith, Mrs. Donald Leatherman and Mrs. James Small.

Light Reading For Summer
 For light reading during the summer months, the library offers a good selection of humorous prose. Many of the books contain short sections that can easily be squeezed into busy vacation days.

Some books do not have to be read in one sitting to be enjoyed. In fact, "Sorry To Be So Cheerful," by Hildegard Dolson may delight a person who has only minutes a day to spare for reading. In one hilarious episode, the author dabs with her napkin at the jam dribbling down her chin while her hostess, Emily Post, daintily nibbles a scone without dropping a single crumb. In another, she describes herself and helpless date as they flounder with a sinking rowboat in the middle of Central Park's lake. From first page to last, this series of bizarre escapades will keep you laughing.

Patience awaiting an introduction, the guest speaker on the platform personifies thorough organization and complete self-assurance. Should you care to have such delusions shattered, read "It Gives Me Great Pleasure." Emily Kimbrough exposes the confusion resulting from misread schedules, wrong berths entered, and slightly muddled introductions.

Richard Armour reminds you in his mixed-up version of American history that "It All Started With Columbus." What started? Depend upon Art Buchward's "Have I Ever Lied To You?" to entertain you with witty social commentary disguised in terse dialog. Each article focuses on the generation gap, banana smokers, revolting students or similar trials of our time.

You may choose an old favorite like James Thurber whose zany adventures are recorded in "The Thurber Carnival." Or, for an unusul slant on today's glamorized espionage agents peek into "Catch A Falling Spy," by Nathaniel Benchley. Whatever your reading taste, come into the library and browse; and don't be surprised if you find that some funny books have hard covers.

LEGAL

AN ORDINANCE TO ENACT AND ADD A NEW ARTICLE TO THE CODE OF EMMITSBURG (1960), TO BE KNOWN AS ARTICLE XVI, (CURFEW OF MINORS), PROVIDING A CURFEW FOR CHILDREN UNDER THE AGE OF 19 YEARS WITHIN THE TOWN LIMITS.

BE IT ORDAINED BY THE BURGESS AND BOARD OF COMMISSIONERS OF THE TOWN OF EMMITSBURG, that a new Article XVI be and it is hereby added to the Code of Emmitsburg (1960), to read as follows:

ARTICLE XVI—CURFEW FOR MINORS

Section I—PURPOSE
 It is hereby determined and declared to be necessary for the safety and welfare of the town of Emmitsburg for the adoption of a curfew for minors within the town limits.

Section II—HOURS
 It shall be unlawful for any children under the age of 19 years to loiter in or upon the streets or other public places within the town limits during the hours of 10:00 p.m. to 6:00 a.m. on Sunday, Monday, Tuesday, Wednesday and Thursday; and during the hours of 11:00 p.m. to 6:00 a.m. on Friday and Saturday.

Section III—DUTY OF PARENTS
 It shall be unlawful for any parent, guardian or other person having the legal custody of any child under 19 years of age to allow or permit any such child, ward or other person under 19 years of age who is in such legal custody, to loiter in or upon any streets or other public places within the town limits during the hours of 10:00 p.m. to 6:00 a.m. on Sunday, Monday, Tuesday, Wednesday and Thursday; and during the hours of 11:00 p.m. to 6:00 a.m. on Friday and Saturday.

Section IV—ARRESTS AND REPORTS
 Any child under 19 years of age found loitering in or upon any

streets or other public places within the town in violation of Section II shall be taken into custody by the town police or other law enforcement officers and delivered to his parents, guardian or person having the legal custody of such child, and a report thereof shall be made to the Chief of Police, who shall make a record thereof in a book kept for that purpose. No parent, guardian or person having the legal custody of such child shall allow him to loiter upon such streets or public places in violation of Section II for more than two times.

Section V
 Any child under 19 years of age who shall violate the provisions of Section II more than three (3) times shall be reported to the State's Attorney for the County.

Section VI
 Any policeman or law enforcement officer of the town, in taking a child into custody under the provisions of Section II, shall use his discretion in determining age, and in doubtful cases may require positive proof, and until such proof is furnished the policeman's or law enforcement officer's judgment shall prevail.

AND BE IT FURTHER ORDAINED that this Ordinance shall take effect on the 26th day of July, 1969, and that the Burgess is hereby specifically requested to publish a copy of the foregoing by inserting the same in the Emmitsburg Chronicle, said publication to be not less than ten (10) days before the effective date hereof.

THIS ORDINANCE passed this 16th day of July, 1969.
 J. RALPH McDONNELL

Higher Education In Shambles
Every mother and father of school or college-age children should have access to a report just issued (for strictly limited distribution) by the Fire and Police Research Association of Los Angeles. It shows the true nature of some of the people causing the turmoil throughout our country. It is the most shocking document I have ever seen. The facts in it would be unbelievable if they were not so thoroughly documented. Some of the photographs display obscenities and blasphemy so gross and repulsive they could never be erased from the mind's eye of the viewer. The 38-page re-

port dramatizes one of the most sordid periods in the history of public education: the present moment in the United States. The Research Association which gathered the facts and photographs and published the report deserves the everlasting gratitude of every sober-minded American. The title of the report: "Public Higher Education in California: Some Causes of Student Revolt." The Association, in a preface, says: "The reader is warned that he will encounter photographs and descriptions of events which go far beyond the bounds of normal decency. The materials have been included because in no other way can their full effect be presented."
Communist Successes
The report gives details of many "student demonstrations" on California campuses that led to, finally, police actions which invariably were censored by many members of the academic community, prominent members of the press, and famous public figures. One, on the University of California campus at Berkeley, is typical. The photographs and descriptions show

"the black flag of anarchy and the red flag of Communism fly side by side with the banner of the Viet Cong." The report continues:
"Chanting young people barricade the streets, some waving copies of 'Thoughts of Chairman Mao' (Boss of Red China). One group sings the Internationale (Communist rallying song), while another shouts slogans of doom to capitalist imperialism. A bearded agitator urges the crowd on while another entertains with poems exalting sexual perversion." The ugly mob is demanding of the University something its leaders know will be rejected. They then force themselves into a "confrontation." Violence breaks out, the police are called in, buildings are set fire, bloody battles ensue.
Obscenity Unlimited

On the campus of Long Beach State College, the Students for a Democratic Society (SDS) whose most prominent leaders have described themselves as "revolutionary communists," organized a violent protest "demonstration," disrupting the operation of the college, because a statue group of sculptures made by William Spater, a graduating fine arts student, were removed from the west lawn of the campus where the figures were being displayed. President Carl McIntosh ordered their display discontinued and Chancellor Glenn S. Dumke had heard about them and telephoned him. Later in the eventful day, the College's Academic Senate (faculty body) voted 27 to 17 to censure Chancellor Dumke for his action. Then the

SDS began its disruptive "demonstration."
The Long Beach State College campus newspaper, "Forty Niner," carried this editorial comment: "A person would have to get his hot, narrow little mind working feverishly to see something obscene in the Spater sculpture. (Signed) Craig Hendricks, Managing Editor." Mr. Spater was awarded the degree of Master of Arts for the statuary.
"The Last Supper"
The Research Association report publishes three photographs of the statuary. The figures of the men and women are naked and most of them in acts of sexual perversion. They are revolting, repulsive, unbelievably obscene.

Another incident on the LBSC campus described in the report was a play staged in the Lecture Hall by a "creative literature" class. The audience numbered 200 persons — students, faculty, and a few outsiders. "As portrayed at Long Beach State," said the report, "The Last Supper" consisted of homosexual advances made by Jesus Christ to His disciples, with Jesus finally departing the scene with Judas Iscariot. In the finale of this play, chickens were decapitated and thrown (bleeding) among the audience." Dr. Peter Carr, Chairman of the Department of Comparative Literature, said: "(The performing students) are adults, which means they are responsible for their actions; they do not need to consult me." He said the class was "one of the most successful teaching situations I have ever had."

Next week: More on the Association report.

Heart Fund Exceeds Goal

The Frederick County Heart Association completed another successful year with final contributions of \$25,557.31 following "Penny a Pound Flight for Heart" June 15th and the rain date June 22. \$600.00 was realized from the flights which put the association over its \$25,000 goal for this year, according to John D. Derr, General Campaign Chairman.

Albert A. Radcliffe, city chairman, reports a total of \$13,170.08 for Frederick City including a new high of \$2,230.03 from business collections under the co-chairmanship of Edgar Brownlow and John W. Lee, as well as increased industry collections under

chairman Edward Daugherty, and Oil Division, chairman C. Oland Meitzler. Special events totaled \$1,183.78, Ronald Summers chairman.

Heart Sunday collections county wide totaled \$11,875.63 which included \$530.25 returned in 172 envelopes left where people were not at home.

In the county, many of the areas exceeded previous year's collections. Among them are: Emmitsburg area, Phil Topper, chairman,

\$1,186.07; Thurmont area: Raymond E. Creager, chairman, \$2,091.99.

The first rapid transit system in the U. S. to connect a city airport and downtown opened in November, 1968, to speed Cleveland airline passengers to Hopkins International Airport. The new, nickel stainless steel-sheathed cars make the trip in half the time it takes by car.

Vacation bound? Wherever you go, whatever you do, take as little as you like, as long as you take your BankAmericard. It's as welcome in Coventry, England, as it is in Ocean City, Maryland. Your BankAmericard is an international charge card. The most widely accepted and most widely used in the world, as a matter of fact. It's completely interchangeable with Canada's Charex card, Mexico's Bancomer card, Japan's Sumitomo card, and the Barclaycard in Great Britain, Ireland, Malta, Gibraltar, and South Africa.

It's a lot easier to carry than cash. A lot safer. And, you can take months to pay for your trip.

If you need to, you can even use it to charge cash, at any bank in the world that honors BankAmericard. So, when you go on vacation, don't just take your BankAmericard along for the ride. Use it, to cover everything.

For information on the worldwide travel advantages of BankAmericard call this special number: (301) 265-7700 Ext. 248

Whirlpool

SIDE-by-SIDE REFRIGERATOR FREEZER with IceMagic® ice maker

This new Whirlpool "Connoisseur" Model ETD19MM is the most important appliance you can add to your kitchen. No other kitchen appliance is as frequently visited by you and every member of your family. Because this side-by-side refrigerator-freezer is the very heart of the kitchen, Whirlpool engineered and built it with their most advanced convenience features . . . greater storage capacity . . . improved capability of retaining foods' freshness . . . and work-free easy maintenance. Beautifully designed outside and inside, this Whirlpool "Twin" requires only 33" of space width. Own this quality headquarter for your "fresh" food supply, and you'll discover this Heart-of-the-Kitchen Whirlpool is all heart in performance and value.

Makes ice like magic

Tried and proven in nearly 3,000,000 homes . . . the Ice-Magic® makes ice automatically, with no messy trays to fill or spill. A true "ice factory," it replaces every cube you use—automatically.

NO FROST

• All models shown available in decorator colors: white, edged copper, edged avacodo.

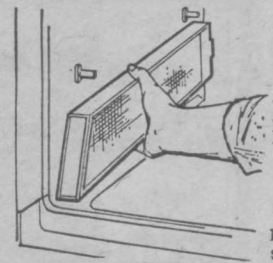

NO DEFROSTING MESS!

True No-Frost, so there's no troublesome frost build-up in the refrigerator section or the big "zero-degree" freezer. You'll never defrost again!

2 CONTROLS

Set the temperatures you want in freezer and in refrigerator! Controls operate independently.

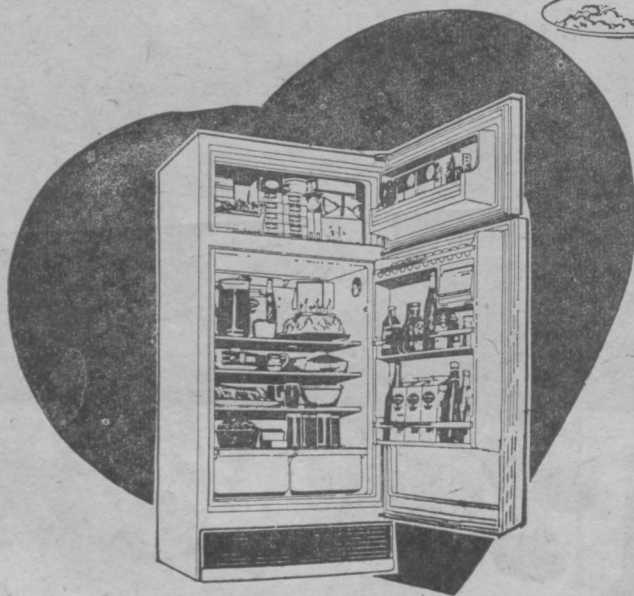

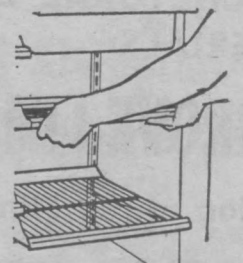

CHARCOAL AIR PURIFIER

Air purification system absorbs and holds food odors, helps keep refrigerator odor-free.

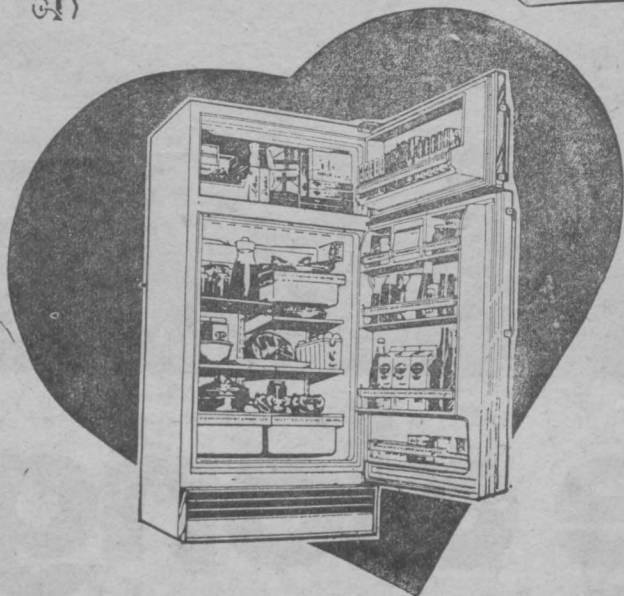

ADJUSTABLE SHELVES

Shelves can be moved to any position for large foods or small.

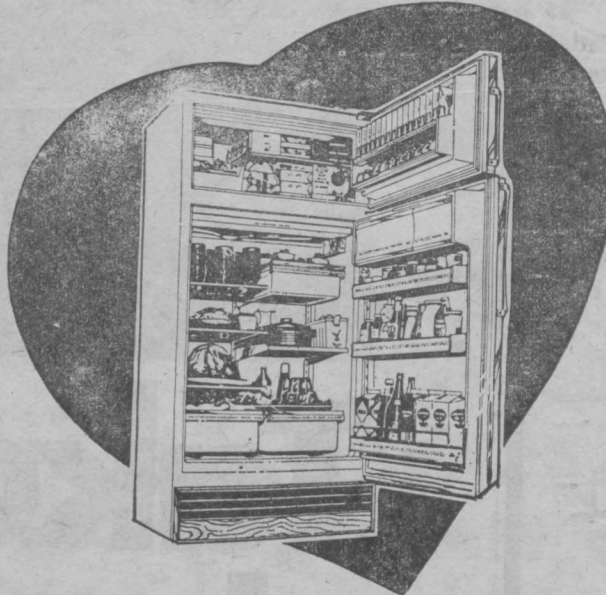

14.2 Cu. Ft. No-Frost Refrigerator

True No-Frost . . . even the 105 lb. "zero-degree" freezer never needs defrosting • IceMagic® automatic ice maker • Twin porcelain enamel steel crispers • Jet-Cold meat pan • 65½" tall, only 32" wide. Model ETT-14J.

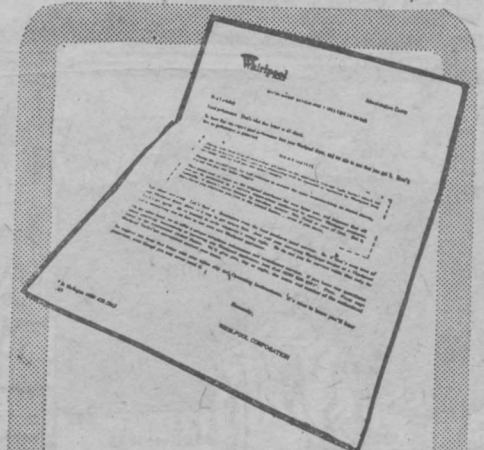

15.07 Cu. Ft. No-Frost Refrigerator

True No-Frost . . . even the 135-lb. "zero-degree" freezer never needs defrosting • IceMagic® automatic ice maker • Jet-Cold meat pan • Twin porcelain-enamelled steel crispers • Adjustable steel shelves. Model ETT-15PM.

16.6 Cu. Ft. No-Frost Refrigerator

True No-Frost . . . even the 137-lb. "zero-degree" freezer never needs defrosting • IceMagic® automatic ice maker • Twin porcelain-enamelled steel crispers • Jet-Cold meat pan • 65½" tall to fit under overhead cabinets. Model ETT-17MM.

Easy-to-understand WARRANTY LETTER

Whirlpool is first with easy-to-understand warranty letter. The WHIRLPOOL warranty letter tells it like it is . . . in very plain language . . . in one size type . . . on one letter page.

Prices start as low as **\$268.88** for model ETTJ.

Business Students Show Progress

Are business students dragging their feet about entering industry? Not so, says Benjamin M. Turner, Jr., a practicing attorney and C.P.A. who teaches accounting majors at Mount Saint Mary's College.

Turner points with pride to William C. H. Zimmerman, Jr., a 1962 Mount graduate who was one of the top ten graduate students chosen for Time magazine's recently announced All American team of business students.

Time selected an elite group of ten graduate students from among the year's most accomplished and sought after business recruits after its reporters visited dozens of universities, interviewing professors, placement officers, and students themselves. Zimmerman, who served as president of the Baltimore alumni chapter of Mt. St. Mary's College in 1967, rated the Time ranking. After working as a salesman and manufacturer's representative, he began graduate work in the fall of 1967 at New York University.

Turner said that while Zimmerman attended the Mount prior to his joining the faculty, Mountaineer students continue to plunge enthusiastically into the demands of business education. This summer, 25 per cent of Turner's junior class accounting majors are employed as interns with some of the top accounting firms in the nation.

Robert C. Sneeringer, Littlestown, Pa., is working in the Baltimore offices of Peat, Marwick, & Mitchell. William V. Hunt, Hagerstown, Md., is an intern with Main, LaFrantz & Co., at their Hagerstown office. Five are with Haskins & Sell: Robert J. Dunlevy of York, Pa. is at the Baltimore office; Ronald Bombolis of Elizabeth, N. J., David V. Green of Dumont, N. J., Anthony Tanzi of Wheaton, Md., and John E. Dragon of Dunellen, N. J., are at the firm's New York offices.

Turner also pointed out that Mount Saint Mary's College accounting majors who graduated in June have taken jobs with public accounting firms, starting with an average salary of \$9,500 per year. Some offers ranged up to \$11,000 total compensation.

Turner said each of the graduating accounting majors had received multiple job offers, making it possible for each man to select a position suitable to his personal circumstances.

Sun Can Cause Skin Cancer

"Cancer prevention begins on the beach, in the ballpark, and wherever people sun themselves for long periods of time without protection," Mrs. Emily Payne, Chairman of the Public Education program of the Frederick County Unit of the American Cancer Society, said this week.

"A large proportion of all skin cancer can be prevented if people avoid excessive sun," she explained. "But in 1969, some 110,000 Americans will develop skin cancer, including 1,500 people in Maryland.

According to American Cancer Society estimates, 5,000 Americans will die of skin cancer this year. "Most are needless deaths, Mrs. Payne said. "Skin cancer is highly curable if detected and treated early. Any person who has a sore that does not heal, or experiences a change in size or color of a wart, mole or birthmark, should consult a physician promptly.

The National MS Society's medical scientists and researchers are still trying to find what causes young adults to be afflicted with multiple sclerosis. The onset of the disease is rarely found in young children.

Although natural alloys containing nickel were worked into tools, weapons and other implements more than 5,000 years ago, it was not until 1751 that the metal was identified and isolated as a separate element.

The National MS Society's medical scientists and researchers are still trying to find what causes young adults to be afflicted with multiple sclerosis. The onset of the disease is rarely found in young children.

Although natural alloys containing nickel were worked into tools, weapons and other implements more than 5,000 years ago, it was not until 1751 that the metal was identified and isolated as a separate element.

Payne added. "The Frederick County Unit has a film on the subject entitled, 'Sense in the Sun.' Free screenings can be arranged. A 'Sense in the Sun' leaflet and a booklet on 'Cancer of the Skin,' are also available."

For additional information call 662-2357 or write 105A West Second Street, Frederick, Md. 21701.

HEALTH & SAFETY

Mainly for Mothers
by Carol Hart

Family Health and Safety Concern of Brides

More than two million brides will be starting new households in 1969. Among their first chores as homemakers will be planning home safety and family health.

Certainly a new bride and bridegroom should select as soon as possible a family doctor who can become familiar with their medical history and keep tabs on their growing family.

Keep your physician's phone number on the telephone together with any others you need in an emergency — your pharmacist, your fire and police departments, and your local hospital.

The Council on Family Health, a non-profit organization sponsored as a public service by leading members of the drug industry to promote home safety and family health, suggests that the new bride establish good safety habits on the storage, care and use of medicines.

Following are some safety rules for every homemaker:

1. Plan the contents of your medicine chest. Keep medicines and toiletries in separate cabinets, or, if they must be kept in one cabinet, store medicines on the upper shelves and toiletries on lower shelves.
2. Divide the medicine section into two parts — one for medicines that are to be taken internally, and the other for those medicines that are applied externally.
3. Take inventory of the contents of the cabinet at least once every six months. Discard medicines with damaged or unreadable labels. Flush discarded medicines down the drain. If you have any doubt about discarding a medicine, consult your physician.
4. Just as the manufacturer, physician and pharmacist have their responsibility in respect to medicines, the use of medicinal preparations involves responsibility on the part of the user. One important thing to remember: Read the label at least three times when taking or giving medicines to your family.

BABSON'S POINT OF VIEW

Third-Quarter Business Outlook

By Babson's Reports Incorporated, Wellesley Hills, Mass., July 17, 1969—Buoyed by persistent inflationary pressures, national business has been advancing this year at a pace that has delighted the more optimistic analysts and confounded economists who had anticipated a slowdown as a result of higher taxes and more costly and less readily available credit. Yet, as we swing into this third

quarter, real gains in the economy do not seem to be very large once the fat of price increases is excised.

Business activity just didn't move ahead as forcefully in the second quarter as it did in the first. In the current three-month period ending September 30, we expect still further slowing in the rate of the upward trend. While Gross National Product could well climb to a new high in the period . . . per-

haps chalking up an annual-rate gain of about 8% . . . inflation could well slice the real gain to around 3%. And we think you'll see an even flatter performance on the part of industrial production as the credit squeeze intensifies.

Capital Outlays And Inventories

Spending for both capital goods and for inventory has been quite well maintained thus far this year. The bulk of the factors suggest that capital expenditures in the third quarter will top comparable 1968 levels by a substantial margin but the rate of rise will taper off during the summer. Continued high interest rates and the narrowing availability of credit promise to lead to some downward revisions of business spending plans for equipment and expansion. However, sizable backlogs of uncompleted projects will keep this sector from sagging in the current quarter.

Inventories do not appear to be heavy per se, but present high costs of financing and warehousing make them more vulnerable to any downturn in consumer spending than might otherwise be the case.

Consumer Purchasing Power

Although recent sharp increases in over-all living costs are hurting large numbers of people, total assets of consumers are at record levels and their spending power has never been greater. The Research Staff of Babson's Reports feels that further gains in consumer purchasing power will be achieved during the third quarter, though the period will likely see the beginning of a slowdown in the pace of wage increases and some drop in weekly take-home pay as a result of cutbacks in overtime work.

Consumers—perhaps as a result of rising living costs and taxes—are still decidedly inflation-minded. They still think in terms of more and more, and up and up, and this psychology will be hard to break so long as wages and prices are climbing. But when the impact of fiscal and monetary restraints results

even in a moderate boost in unemployment, we'd expect consumers to become more selective in their buying. Briefly, we look for further gains in consumer spending for the quarter . . . but more caution as autumn nears.

Price And Profits

The uptrend in prices is being fed by high and still rising wage, financing, and other costs. It is fed also by continued heavy government spending at all levels. Prices will be pointing up for some time to come—at least throughout the third quarter.

But despite higher quotes for both raw materials and finished goods we feel that a definite squeeze on corporate earnings will begin to develop during the third quarter. It will become more difficult to offset higher costs by price boosts and earnings will slip.

Less Bounce But No Sharp Turnabout

In essence, third quarter business activity will be similar to what we have experienced in the first half of 1969—though at a slower pace. Consumer demand will continue at high levels, but will likely become more selective. Prices will still point upward. Profits will top year-ago levels, but will tend to level off as margins narrow. It will be a good period by most standards, though overcast by

deepening shadows of fiscal and monetary restraints.

Pamphlet Available On Unemployment

The League of Women Voters of Frederick County announces the publication of a new pamphlet by the League of Women Voters of the U. S. that takes a look at unemployment and underemployment. Its title is "Current Review of Human Resources No. V—Employment." High readability combined with careful documentation recommend it to those who seek to understand why today's affluent society does not provide a decent living to a sizable segment of our citizenry.

Existing federal employment and training programs get special treatment in this booklet, which also includes an analysis of legislation related to employment passed by the 90th Congress.

Of special interest to the reader is the overview of new proposals and/or alternatives to existing programs designed to solve unemployment and training of the poor and minorities. Also included are a discussion of the effects of full employment on inflation, manpower needs of the future, tax incentives, and black entrepreneurship and self-help.

"Current Review of Human Resources No. V—Employment," may be ordered from the League of Women Voters of the U. S., 1200

17th Street, N.W., Washington, D. C. 20036 for 50 cents. Other new League publications focusing on urban problems are: "Needed: Six Million Homes," (25 cents); "A Promise to Keep," dealing with housing discrimination (25 cents); and "Current Review of Human Resources No. IV: Housing Supply," (50 cents). Quantity discounts are available on request.

Drum Corps To Perform

The very best in Senior Drum Corps talent is coming to Baltimore Memorial Stadium, Saturday evening, August 2, at 8:15 p.m. The Hamilton Post 20, American

Legion, will present the 16th annual March of Champions Pageant, displaying the cream of the drum corps crop in a spectacular exhibition of musical precision and marching execution. Six outstanding Senior Corps from four states will compete for the coveted March of Champions title.

A thrilling colorful display for adults and the children. If you've attended a past March of Champions you know already the symphony of sight and sound unfolding continuously before your eyes. If you have not, discover for yourself—with your family and friends, what a night on the town can really mean. Make this a date—August 2, 8:15 p.m.—Baltimore Memorial Stadium—the March of Champions.

OVERCALL, owned by Mrs. Helen Buck of Far Hill, N. J., who owns the world's champion record for a mile and a half will be spotlighted at Brandywine Raceway this Saturday night, July 19, in the \$25,000 Adios Harry Free-For-All Invitational Pace. The champion will oppose, among others, world's champion pacing mare Miss Conna Adios. Del Insko, one of the best trainer-drivers in the sport, will guide Overall.

Nickel stainless steel, because it is easy to clean and resists corrosion, is favored for equipment used in crushing and fermenting grapes during winemaking. To protect the product's flavor, huge stainless tanks are also used to store wine after it has been aged in wooden tanks and casks.

One Whale Of A Cavity

Dentists say that over half the toothbrushes in service are worn out and need replacement. One of the latest beneficiaries of this advice is Frances, a white whale, who opens her mouth daily for a regular scrubbing.

Senior Citizens Enjoy Picnic

Monday morning at 10 o'clock, the Official Board held its regular meeting at the Senior Citizens Center, with Mrs. Charlotte Eyster presiding. Seven board members were present.

Among the subjects for discussion were: Mr. Stoner noted that since the Fall Bazaar was to occur on Saturday, November 8, orders for chance books to be printed should be in, in order that they may be distributed for sale in late September and October. The items are: 1st prize, a beautiful Afghan made by the Club with the help of Mrs. Frances Keller; 2nd prize, transistor radio, and 3rd prize, \$5.00.

A plan for further financial gains will be the making and selling of hard candies as soon as cooler weather comes on.

Another bus trip is in the future for some time in late September or early October, destination not definite. Watch for further announcements.

The board also discussed the possibility of giving permission for the use of the club rooms to various community organizations, such as demonstrations or headquarters for fund drives and events where homes are inadequate for a large group.

The board adjourned at 1:45 a.m.

Tuesday evening, July 15, the Senior Citizens Club held its regular monthly meeting at St. Joseph's picnic grounds where hot dog and hamburger supper was enjoyed by 39 members. Everyone brought other goodies to augment the meats. After consuming the heaps of food, the club was joined by 38 of the Sisters from the Provincial House, who visited with the club members and all joined in singing many of the old familiar songs.

As the evening waned, all united in expressing their thanks for the delightful evening to Sister Juliana and the young Nuns, and joyfully wandered homeward.

Brute Ladies

Plan Activities

The regular monthly meeting of the Ladies of Brute was held on Monday evening in the Council Home. President, Lois Hartdagen presided with 26 members in attendance.

The meeting opened with a prayer by Ann Marie Koontz in the absence of the Chaplain. Min-

utes of last month's meeting were read by acting secretary Judy Calhoun and the treasurer's report was read by the treasurer, Judy LaCroce.

The main topic of discussion was the sponsoring of an affair for members of the CYO. It was finally decided that the Auxiliary will sponsor a trip to Totem Pole Playhouse to see the production, "Camelot", sometime between August 11 and 23. Each CYO member wishing to attend will pay \$1.00 and must show his CYO membership card. All other expenses will be paid by the Auxiliary. A committee composed of Joyce Rosensteel, Nancy Danner, Judy LaCroce and Marylou Greco will make further arrangements. Numbers from the door prize membership numbers were chosen at random to select chaperones. Names drawn were: Mary Theresa Topper, Betty Lupinski, Shirley Topper, Anna Brewer, Lois Hartdagen and Pat Zanella. Alternates drawn were: Marylou Greco, Helen Hobbs Sanders and Mary Scott.

Report from the Clean-Up Committee was made and showed that practically all equipment was needed for the kitchen. However, nothing further will be done until the inspector from the Public Health Dept. inspects the kitchen and informs the group of the necessary equipment.

Mrs. Loretta Sprinkle, chairman of the Ways and Means Committee, reported on the recent Pie Sale. A total of \$72.08 was cleared. The chairman thanked all who donated in any way. The president suggested that she thought another member should be added to the Ways and Means Committee, as there are only 5 members. If one member is unable to attend the meeting, there are only 4 members to vote. Rebecca Stover volunteered to be on the Ways and Means Committee.

Seven members of the auxiliary visited with the members of the Council at Victor Cullen last month. The next visit will be on July 27. Kathleen Shorb and Irene Zurgable volunteered to donate candy and gum for this visit.

Two members are hospitalized. The chaplain will see that cards or gifts are sent.

It was suggested that the chairman of the various committees also prepare a written report to be given to the secretary at each meeting. The report will be read and then turned in to the secretary so the secretary's job is made a little easier in taking notes.

The next meeting will be held on August 11 at 8:15. At this

time, any unsold tickets for the show at Totem Pole Playhouse may be purchased by members who wish to attend.

Refreshment committee for next month's meeting is Rebecca Stover and Edith Haley.

Grace Cool won the first door prize. The meeting closed with a prayer. Refreshments were served in the recreation room.

Senator Reveals Scholarship Grants

State Senator Charles H. Smelser, in announcing scholarship appointments awarded recently, said "I have endeavored to base my scholarship awards primarily on the needs of the students, taking into account money earned during summer work, help from students' families, if possible, school grants, as well as student loans."

"Interviewing students for scholarship awards has been one of the most rewarding of my duties as a Senator." The following area students have been awarded these scholarships:

Sterling R. Adams, Douglas D. Wolfe and Martha Byard, all of Emmitsburg; Charles D. Walter, Thurmont and Norma Wiley, R1, Rocky Ridge, Md.

Insurance Meeting Scheduled

Maryland Insurance Commissioner Newton I. Steers, Jr. has announced that a member of the State Insurance Department's Advisory Service will once again visit the Western Md. area this coming Monday, July 21, from 10 a.m. until 2 p.m. in the Conference Room of the Court House, 2nd floor, Hagerstown, Md.

The Advisory Service visits Hagerstown on the third Monday preceding the third Tuesday of every month, in order to provide more convenient assistance to citizens of Washington, Frederick and Carroll Counties.

The Department's representative answers inquiries about insurance, tries to assist in getting insurance coverage for you if your company has cancelled your policy and/or deals with complaints you may have about insurance service or problems.

Written inquiries may be addressed to State Insurance Commissioner Newton I. Steers, Jr., Baltimore.

No appointment is needed to meet with the insurance adviser.

President Lauds Totem Pole

Producer-Director William H. Putch of the Totem Pole Playhouse in Caledonia State Park, has received a letter from the White House in which President Nixon endorses his statement of the Totem Pole code of ethics which bans nudity and all its aspects from the Totem Pole Stage.

Mr. Putch's letter outlining this code was published in newspapers throughout Cumberland Valley. The White House letter is as follows: "Dear Mr. Putch: President Nixon has asked that I acknowledge your letter and tell you that he greatly appreciates your resolve to uphold a high standard of morality and decency in the plays which are produced at the Totem Pole Playhouse. The President shares your belief that a positive moral and intellectual tone is desirable in the arts. With the President's best wishes, Sincerely, John R. Brown III, Staff Assistant to the President."

In 1958, coinage consumed 2,700 tons of nickel. In 1968, more than 10,000 tons were used.

Dog Ordinance

ARTICLE III ANIMALS AND FOWL Running At Large Prohibited—Impounding

Section 1
It is hereby declared to be a nuisance, and as such unlawful, for dogs, cattle, horses, swine or geese to be turned loose or to run at large within the city limits and it shall be the duty of every town policeman to seize and impound any such animal or fowl he may find running at large in violation hereof. Any animals so impounded may be disposed of after 48 hours unless the owner thereof shall apply to the Burgess or Chief of Police within 48 hours and identify said animal to such official's satisfaction and pay the costs of impoundment or the sum of five (\$5.00) dollars, whichever is greater, and in case such owner shall provide proper identification and pay such costs, the animal may be returned to him.

Section 2. BARKING, HOWLING AND BITING DOGS.

Any person who has in his possession or owns any dog which by barking, howling or in any other manner disturbs the peace, order and quiet of the city, within the police limits of the city, or which has bitten or attempted to bite any person, shall be guilty of a misdemeanor. In addition thereto, the party convicted shall deliver up the dog to be killed or may be required to remove such dog permanently from the city, and upon failure or refusal to do so, any such animal shall be seized and killed.

Federal Exam Saturday

The Federal Service Entrance Examination for filling management positions with the Federal Government will be held Saturday, July 19th at 8:30 a.m. in Room A-22, South Hagerstown High School, South Potomac St. Extended. This will be the last FSEE until October of this year.

In addition to passing the written test, applicants must have three years administrative, management, investigative or supervisory experience or a college degree or any equivalent combination of education and experience. Interested applicants may obtain information, application forms and sample questions from William F. Krepp, Examiner in Charge, Room 204 Post Office Bldg., Hagerstown, Maryland, phone 731-1000, Ext. 1244.

VFW Auxiliary Meeting Held

The regular meeting of the Ladies Auxiliary to Emmitsburg Memorial Post 6658, Veterans of Foreign Wars, was held at the Post Home on Thursday with Senior Vice President Gloria Martin presiding in the absence of the president. Twenty-three members were present. Following the reading of the minutes of the previous meeting, several bills were presented and approved. A letter was read from District

President Catherine Hodge requesting that the District meeting be held in Emmitsburg on September 21 and it was agreeable with the members to host this meeting. A letter was then read from the Secretary-Treasurer of the Boy Scouts requesting a donation and approval was given to give this organization a donation to help send a boy to camp. A donation was also made to the VFW Playground to help buy supplies for the children; to the Red Cross to send a package to a serviceman in Vietnam; and to the Fire Company. Joan Topper reported on the chance book sale which ended that night. The first prize was won by Gloria Martin and the second prize by Evelyn Ott.

At this time, the new officers for the 1970 year were introduced and they continued the meeting.

The draw prize was won by Rita Byard. The next meeting will be held on August 7 at Cozy Restaurant at 6:30. A chicken and ham dinner will be served. The charge will be \$2.75 per person and reservations must be made by July 31 to Mary Topper, Charlotte Buch or Dolores Henke. Refreshments were then served by Doris Joy and Charlotte Buch.

New Teachers Under TV Camera At Mount

Young men studying to be teachers at Mount Saint Mary's College will soon be able to evaluate their teaching techniques by way of closed circuit television.

Purchase of TV equipment for this purpose is covered in one of two matching grants totaling \$14,780 recently approved by the Office of Education, Department of Health, Education and Welfare.

Joseph P. Zanella, director of financial aid at the Mount, said the grants make it possible for the college to buy equipment for an electronic education laboratory, continue to improve an electronic language laboratory which was established last year, and to buy new biology laboratory equipment. The grants were awarded under the Instruction Equipment Grants Program, Title VI of the Higher

Education Act of 1965.

Gerald C. Orosz, chairman of the education department, said the new electronic education lab is another step in a program of innovation in the Mount's education curriculum. He said a student will be able to see himself in the process of practice teaching by using two television cameras, a receiver and a recorder. One video camera will be aimed at the student-teacher and the other at his audience.

"Before going into community high schools to practice teach, our students evaluate one another on teaching techniques, but it is easy to pass off criticism received in this manner," Orosz said. "Now, each student will see himself exactly as others see him."

Dr. William G. Meredith, chairman of the college's science and mathematics department, said the new biology equipment will make possible more individual experiments on student-designed problems in physiology and ecology.
