Most Anything At A Glance

- By Abigail -

With a nation-wide drive to stop advertising the sale of cigarettes because they are definitely harmful to the health of a human being, it makes one really shudder at the sudden clamor by certain individuals, some of them supposedly rather learned, to legalize the sale of marijuana. We are being fed flimsy excuses that the use of this devastating and demoralizing weed is so wide-spread that nothing much can be done about it. The situation is out of control, I read the other day, so we might as well legalize it. I just can't buy that package. Crime is also out of control but I don't hear anyone advocating that we legalize robbery, rape or murder. Enforcement is a must and every single citizen should do his part to see that the sale of "dope" remains illegal. It is rather incongruous to me that the public should demand the ban on cigarettes and turn right around and legalize marijuana. We are going through all sorts of crazy social changes in this day and age folks, but here's one that should be cracked down on right away. Don't let anyone dupe you into believing that marijuana won't hurt you or your children. When the State Legislature opens next year, strong demands should be made to our legislators that under no circumstances should the idea of legalizing the sale of marijuana be considered. Just the other day I read of an educator who espoused the smoking of marijuana saying that the enforcement structure had broken down and that it should be legalized, and advocating that we just might as well prepare for the rehabilitation of the victims, just as we do alcoholics. Can you imagine such weird thinking?

With a Happy Thanksgiving behind us we can now turn our attention to the holidays ahead. Can you realize that in just four short weeks Christmas will be behind us? Well, it's true, and I haven't even begun my shopping as yet. As I drove around several towns and cities this week I couldn't help but notice that practically all had their Christmas decorations in place... long before Thanksgiving. The newspapers and television screens are cluttered with Yuletide advertising and the mighty rush is now on. I guess we'll take it in stride though... we always have.

The year is 1876, the month is February, and the newspaper I am borrowing this item from is the Catoctin Clarion. At that time the Clarion was a youngster, just five years old. A copy of this issue came into my hands this week through the courtesy of Floyd Antiques. Floyd, who delves into antiques occasionally, noted in the issue an item on the new Emmitt House in Emmitsburg. Noting that the building was sold last week and reading the story in the Chronicle, Floyd thought the item timely and so contacted the Editor who turned over the matter to me. The era has to be about the time the Emmitt House was built as the advertisement advertises it as a new Hotel in Emmitsburg, 1876. This just about pegs the year of construction and simple arithmetic will show you that the building now is 93 years of age, a landmark for certain. The advertisement reads: This Hotel, lately opened for the accommodation of guests, is pleasantly situated in the western portion of the town, and commands a fine view of the Mountain and Valley. The rooms are large and well ventilated, newly and handsomely furnished. No efforts will be spared to make guests comfortable, and on very reasonable terms. Samuel Smith, proprietor.

VFW AMBULANCE

J. Alan Gelwicks and Clarence I. Shorb were transported this week to the Warner Hospital, Gettysburg, via the VFW ambulance. Drivers were James Kittinger and Michael Boyle.

Home On Leave

PFC Ralph C. Ohler, Jr., Emmitsburg, is spending a 30-day leave from Fort Devens Mass., here, prior to going to Germany for three years.

New Phone Rates For Area Revealed

On November 21, the C&P Telephone Company of Maryland filed with the Public Service Commission new rate schedules in line with the increased amount the Company has been permitted to earn, said C. V. Weakley, C&P manager here.

In its decision, announced November 19, the Public Service Commission allowed the Telephone Company to earn \$22.7 million of additional revenue.

The tariff proposals now before the Commission provide for spreading the various changes in rates around the state, with across-the-board increases on most Maryland customers telephone bills, Mr. Weakley said.

For many customers, he added, the proposed extension of the local calling area should minimize the effects of the rate increases, which would result from the first real restructuring of telephone rates in more than ten years.

Mr. Weakley listed the principal items in the proposal that would affect customers in the Emmitsburg exchange:

Adjustments in rates for residence and business service. For example:

An increase of \$1.15 per month in the basic rate for residence customers with local private line service.

An increase of \$4.70 per month for each main line for business customers.

Extension of the local calling area to include Frederick.

Classification of the exchange into the rate band that would reflect both the number of phones which can be called in the local area and the distance between the exchanges in the local calling area.

A handling charge on certain long distance calls placed through the Operator, where the customer has the ability to dial the call directly.

Restructuring of rates for many items of equipment and service offered to business customers.

The new calling arrangements would be on a reciprocal basis, so that Emmitsburg would be added to the local calling area for Frederick customers.

Public hearings on the filed tariff are scheduled to begin December 1.

Mr. Weakley said that the tariff has been filed to be effective within 30 days, the normal period of time.

All customers will be notified, he stated, about specific rate and service changes as soon as possible after the effective date of the new tariff.

The proposed tariff changes are available at the Company's public business offices and at the Public Service Commission.

Observes Birthday

Miss Emma B. Ohler, a guest at the Michael Manor Nursing Home, near Gettysburg, celebrated her 82nd birthday on Monday, November 24. She was given a surprise party by members of Tom's Creek Sunday School.

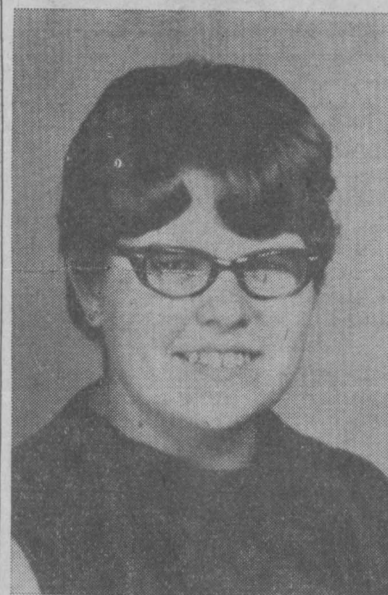

Senior Citizens

Selling Gifts

The Emmitsburg Senior Citizens Center announces that there are still some Christmas decorations and gifts available at the Center, to those interested. The Center will be open to customers Friday, November 28 and Friday, December 12, and any Wednesday evening from now on, from 6:30 p.m. until 8:00 p.m.

Some zoo people crossed a boa constrictor with a parrot. They don't know what they got, but when it talks, they listen.

Will Present Organ Recital

Miss Beverly J. Davis will present an organ recital at 7:30 p.m. Sunday evening, November 30, at Incarnation United Church of Christ.

The program will include the following selections: "Gloria in Excelsis," Mozart; "Prelude and Fugue in C Major," Bach; "Air and Fanfare from the Water Music Suite," Handel; "O Master, Let Me Walk with Thee," Rodgers; "Steal Away," Negro Spiritual; "Now the Day is Over," Stultz; and "He Shall Feed His Flock," from "The Messiah," Handel.

Appearing on the program with Miss Davis will be Harold E. Heller HN, U. S. Navy; Miss Gwen Jagow of Thurmont; and Miss Susan Martin of Hyattsville.

Mr. Heller will present the following selections: "I Will Extol Thee, O Lord," M. Costa; and "Duetto," Mendelssohn.

Miss Jagow will join Miss Davis with a flute solo: "Chorale: Wachet auf, Ruft uns die Stimme."

Miss Martin will sing the prayer of St. Francis of Assisi for the Offertory: "Lord, Make Me an Instrument of Thy Peace."

The highlight of the service will be the Rededication of the Pipe Organ which was recently relettered and rebuilt by Furst Organ Builders of York, Pa., at a cost of \$1,700. Mr. Fred Furst, who installed the organ at the church originally in 1951, has done this work. The Rededication Service will be in charge of the pastor, Rev. John C. Chatlos.

The first Advent Candle of the Advent Wreath on the altar will be lighted during the service with the singing of the congregational hymn: "O Come, O Come, Emmanuel," followed by an organ-piano duet: "Cantique de Noel."

Miss Davis is the organist of Incarnation Church and is a senior at Catoctin High School. Next September she will enter the Shenandoah Conservatory of Music at Winchester, Va.

Miss Jagow is also a senior at Catoctin High School, and she, too, will enter Shenandoah Conservatory next fall.

Miss Martin, a graduate of Emmitsburg High School and Western Maryland College, is presently an assistant in the history department at the University of Maryland.

Mr. Heller is serving with the U. S. Navy and is stationed at the Philadelphia U. S. Naval Hospital. Before entering the military service, he served as the organist of St. John's Evangelical Lutheran Church of Fairfield, Pa.

Everyone is cordially invited to this special musical service and to the social hour following it in the new Fellowship Hall of Incarnation Church located on W. Main Street in Emmitsburg.

Three Cars

Damaged In Mishap

Three cars were heavily damaged as the result of a mishap which occurred on North Seton Ave. Friday night at 8:45 p.m., when a 1968 Chevrolet, driven by Charles Benjamin Harner, 44, R2, Emmitsburg, crashed into the rear of a vehicle owned by Roger I. Zurgable, Emmitsburg.

The crash set off a chain of impacts, first the Harner car striking the Zurgable machine which in turn rammed into the rear of another vehicle owned by Clarence I. Shorb. Both the Zurgable car and the Shorb car were parked on N. Seton Ave. Harner was driving north on N. Seton Ave. when the mishap occurred.

Police Chief W. Henry Filler charged Harner with failure to reduce speed to avoid a collision with another vehicle and set a trial before Magistrate Guy A. Baker, Sr., for Dec. 17. Damages was estimated as follows: Harner's car, \$800; Zurgable's machine, \$1,000 and the Shorb vehicle, \$450.

Labor Tactics Deployed In Court Appointment Voting

Editor, Emmitsburg Chronicle:

The United States Senate on November 21 voted against the confirmation of Judge Clement F. Haynsworth, Jr. as a Justice of the Supreme Court. In the forefront of the lobbyists and pressure groups leading the fight against the nomination was George Meany, President of AFL-CIO. To him goes most of the credit or blame for the defeat of the nomination. One might well charge him with conflict of interest since labor cases are constantly before the Courts at all levels. Didn't many of us just recently discard our Hoffa buttons because our hero got clobbered in the courts?

Meany's conduct of this political assassination was masterly. Senators trooped into his office to receive his orders until he had enough to ensure defeat of the nomination. Those voting "NO" included Senators Mathias and Tydings from Maryland as well as both Senators from our neighboring state of Pennsylvania.

Meany is truly nonpartisan. He doesn't care about political affiliations nor does he care how a politician votes, or Judge rules, so long as it is in the interest of labor. His philosophy is the same as the stated philosophy of the late Huey Long—he deals in politicians like they were sacks of potatoes.

Doubtless many of these same politicians will return to his office, hat in hand, and this time on bended knee, in 1970 and 1972 to solicit his help in their campaigns for reelection. And why shouldn't they grovel a little? They have just sweetened their pay by \$12,500 per year, their expense accounts by \$23,000 per year (tax free) and voted themselves an exorbitant retirement pay whether they get kicked out of office or not. This at a time when they are asking the public to tighten its belt and pay more taxes.

Most politicians operate on the premise that voters have short memories, that anything that happens more than six months prior to an election will have no effect on the outcome. I predict that in 1970 and 1972 the voters will be so sick of crime, war, inflation and wasteful government spending along with the continued abdication of its duties by Congress, that they will kick the present gaggle of Congressmen out of office, bag and baggage. I certainly wouldn't do the country any harm and it might do it a world of good.

A DISGUSTED VOTER

Firemen To Hold Annual Election

The regular monthly meeting of the Vigilant Hose Company was held recently at the Fire Hall with the President, James Fitzgerald presiding.

Chief Guy McLaughlin reported that there had been three alarms since the last meeting and that two of these were false alarms.

Thomas Shouting reported on the recent shooting match and advised that 45 turkeys had been given away as prizes as well as a 50-50 drawing. He thanked the members and the public for their support in making the affair a success.

Treasurer Eugene Myers advised that a payment had been made on the mortgage principal on the new addition and that \$4,000 was the new balance. The Fire Company hopes to have the building paid off by next summer in preparation for going into debt again to purchase a new pumper in 1971 which will cost in the neighborhood of \$30,000 plus.

President Fitzgerald announced that after four years in office he would not be a candidate for reelection this year. The Nominating Committee headed by John J. Hollinger, gave its report and accepted nominations from the floor to complete the slate for the December election. Election of officers for the year 1970 will be held on Tuesday, December 9, from 6:30 p.m. until 8 p.m. Charles Hartdagan and Thomas Saylor were appointed judges for the election which will be held on the regular meeting night.

The Fire Company will install the street Christmas decorations as requested by the Town Fathers on Tuesday, December 2 at 6 p.m. Second Asst. Chief Arthur Damuth asks that all members report to the Fire Hall at that time to assist.

Behind every successful man there's a woman who keeps telling him he's wrong.

Final Meeting On County Sewerage Is Held

Greater concentration in the planning of developments to facilitate planned water and sewer sites; eventual public ownership of the water and sewer systems; and self-sufficiency of districts were outlined at Monday night's county-wide hearing in Frederick as the major objectives of the County Water and Sewer Master Plan.

Discussing the master water and sewer plan was Richard Crombie, director of the Frederick County Planning and Zoning Commission.

The hearing followed seven regional hearings at which the plan was discussed section by section, with Monday night's hearing being the final, overall hearing for the entire county prior to the January, 1970 adoption and the late 1970 enforcement of the plan.

A completely new set of water sewer maps were distributed to representatives and other officials, representing changes in water and sewer area classifications which came about as a result of dissatisfaction with area classifications expressed at the regional public hearings in preliminary maps.

The new classifications drastically relaxed restrictions on the use of wells and septic tanks, mainly in areas outside municipalities, but also to some degree within municipalities.

Many areas that had been classified S (sewer) 1 to 3 where septic tanks were not allowed and W (water) 1 to 3 where wells were not allowed, were changed in the maps presented at Monday night's hearing, to an S-4 and W-4 designation, which allow wells and septic tanks with the understanding that persons having the tanks will hook onto public water and sewer systems when they become available. The wells and septic tanks are allowed in the S-4 and W-4 districts on an interim, 10 year basis.

Crombie outlined the plan, going over material covered at previous meetings by Benjamin Beavin, senior partner in the Beavin Company of Baltimore, architects of the Master Plan.

Some basic statements of the plan reviewed by Crombie involved the use of wells for water supply wherever possible to keep a steady flow of underground water; the self determination of municipalities except for a requirement that water tanks be of uniform height; the utilization of the planned Catoctin Watershed dam sites as an adjunct to wells in the Catoctin Valley with the limitation of population density in the Wolfsville area; the utilization when built of the Sixes Bridge Dam in conjunction with wells by the Monocacy Valley area.

In comments following the presentation by Crombie, M. R. Conway of the Lewistown area objected heatedly to a statement made by Crombie to the effect that the Master Plan sought eventual County ownership of water and sewer systems, stating that in his opinion the plan was an attempt by the county to control land usage in favor of developers and to the disadvantage of individual landowners, with county ownership and political dealing favoring developers and hurting individual landowners.

Crombie answered by correcting his earlier statement, commenting that he had used the term "county ownership" but had misread the Master Plan book which said public ownership, meaning joint ownership by counties and municipalities, with municipalities having the right to extend water and sewerage into the county as in the past as long as the State Health Department ruled that they were within the framework of the County Master Plan.

This question was discussed by others present, with one person commenting that he felt county ownership afforded a means of organization in the face of growing population, and that county ownership through organization and good land usage would keep the price of land from increasing.

In answer to another statement of Conway's, reinforced by a later similar statement by Richard Zimmerman, that the master plan study should be made available at cost to others than municipal officials to allow landowners in areas not represented by municipal governments to view it, Crombie commented that he would look into this.

The comment was made by area builder L. J. Brosius that he felt certain areas, particularly sections between Point of Rocks and Buckeystown, which he classified as W-3 and S-3 areas, should not be subject to the restrictions in these

Navy Enlistee

Thomas Michael Smith, son of Mrs. Violet E. Smith, Emmitsburg R2, enlisted in the U. S. Navy on October 22, and is stationed at Great Lakes, Ill. Mike is a graduate of Emmitsburg High School, Class of 1967, and was employed at the Cambridge Rubber Co., Taneytown. His address is: Thomas Michael Smith, S.R., B. 23-12-98, Co. 641, 23rd Batt., U.S.N. Recruit Training Command, Great Lakes, Ill. 60088.

Trooper To Give Talk On Dope

Local residents who are interested in the delinquency and drug problems among our young people will have another opportunity to hear first-hand the problems that face the local and state authorities when trying to cope with the "younger generation." The Council of Churches has set the night of December 4 at 7:30 in United Church of Christ's Fellowship Hall as the initial meeting dealing with the drug and delinquency problem.

Mr. Carl Harbaugh, a State Trooper who serves as a Special Investigator in areas of drug abuse, and Mr. John Manley, Juvenile Probation Officer for Frederick County, will discuss the situation in Frederick County and specifically in Emmitsburg.

The Social Ministry Committee of the local Council of Churches has been vitally concerned about young people of our area and because of requests from local parents have taken the initiative to plan for the December 4th meeting. This meeting is open to the public and it is hoped that parents of teenagers will make an effort to be present and learn what is happening to our young people.

Jim Phelan's

Cagers Promising

Coach Jimi Phelan, starting his 16th year as coach of Mount St. Mary's College basketball, claims his team is not as strong as last year but "we'll do all right in our league."

The Mountaineers will have plenty of size again with the biggest men being Bob Riley, 6'9 senior from Columbus, O., and Bob Sutor, another 6'9 senior from Philadelphia.

Phelan is pleased with the progress of Riley who has developed into a good outside shooter in addition to his patented hook shot. He is proving to be a smooth-moving pivot man with plenty of speed.

John Novey, 6'3, will join with Sutor and Riley as the front court men. At present the back court jobs appear headed for Pete Goodwin, 6'5 sophomore, and newcomer Tony Mattessich, 6'6 freshman from Hoboken, N. J.

Lou Grillo, 6' senior guard, starting his third varsity season, will lead the fast break due to his speed.

Among the first line replacements will be Austin Leonard, 5'11 junior from Hanover, Pa.

Completing the squad are: Seniors: Steve Murphy, 6'1, and Mike Kelly, 6'3; Juniors: Mike Carney, 6'4, and Tom Parker 6'2; Freshman: Jeff Banasz, 6'4.

Last year the Mounties recorded a lofty 21-8 record and won the North Division title of the Mason-Dixon Conference for the sixth straight time.

Some people are so narrow-minded they can look through a key hole with both eyes at the same time.

To report a fire, Dial 7-6121

State Roads Lets Overpass Contract

The State Roads Commission has awarded contracts for construction of two new highway bridges in Frederick County, part of a program to create safer traffic conditions on U. S. Route 15 in the northern part of the county. Regional Commissioner John J. McMullen said this week.

One award is for construction of a bridge to carry Relocated U. S. 15 over State Route 81 (Sabbasville Road) at Thurmont, made to Dewey Jordan, Inc., of Frederick, who submitted the low bid of \$165,495, the Commission said.

The other is for a bridge carrying Relocated State Route 97 (Taneytown Pike) over U. S. 15 at Emmitsburg, awarded to Wolfe Brothers, Inc., of Myersville, the low bidder at \$243,332, according to Mr. McMullen.

The Thurmont bridge, he said, will be built about 200 feet north of the existing intersection of U. S. 15 at Route 81.

It is a part of the northbound lane of the ultimate dual design planned for Route 15, he added, and will eliminate the existing grade crossing.

Mr. McMullen said need for construction of the facility has become more pressing with location of a new school at the intersection.

State Roads Commission figures show that average daily traffic on Route 15 is 6,200 and on Route 81 is 2,000, but said Mr. McMullen, school-generated traffic, such as buses heightens the need for the grade separation.

The bridge, he said, will be 39 feet 6 inches wide and 170 feet long.

The Emmitsburg construction is designed to eliminate a grade intersection where a number of serious accidents occurred after Route 15 bypassing the community was opened to traffic, the commissioner said.

The 250 foot bridge, Mr. McMullen said, is 44 feet wide and will be 6/100ths of a mile north of the existing intersection.

At the intersection, Route 97 carries an average of 2,225 vehicles a day while Route 15 carries 5,500, according to State Roads Commission counts.

Lions Club Plans Annual Kiddies' Party

The Annual Children's Christmas Party and Parade will be held on December 20, it was agreed Monday night at the regular meeting of the Emmitsburg Lions Club held at Mt. Manor Restaurant, President Milton A. Sewell presiding.

This will be the 40th consecutive year the Lions have sponsored this event for local children. The president appointed the following committee to solicit advertising from local merchants which helps pay for this event: Norman J. Shriver, William H. Kelz, J. Norman Flax, Floyd L. Lewis and Milton A. Sewell. Anyone wanting to make a donation to the cause may do so by contacting any of the above Lions, or mailing their check to Emmitsburg Lions Club, Box 207. The committee also will ask the Municipal Band to play for the affair, receive a permit from the Town to hold the parade and request free parking for that date.

President Sewell announced there would be a zone meeting here on March 9.

During the meeting the president presented merit awards to the following, for length of service to the Lions Club: Francis S. K. Matthews and Clarence G. Frailey, in absentia, 40 years; Charles F. Troxell, 35 years; Clarence E. Hahn, J. Ralph McDonnell, and Arthur Elder, 20 years; and Charles F. Stouter, 10 years.

Motorist Shears Pole Near College

A Gettysburg man was uninjured when his 1959 Ford crashed into a telephone pole on Business Rt. 15, south of Emmitsburg near Tom's Creek bridge last Saturday afternoon at 3:30 p.m.

The mishap occurred when the car was said to have veered on the roadway, heading south, forced other cars coming north off the road and clipped off the pole.

State Trooper Donald C. Higgins who investigated the wreck, charged Charles Samuel Smith, 49, of R5, Gettysburg, with driving under the influence and reckless driving. Smith's car was said to be a total loss.

(Continued On Page 8)

Items Of Interest From Rocky Ridge

Mr. and Mrs. Earl Plummer visited recently with Mrs. Ida Bolton, Rockville.

Mr. and Mrs. Kenneth Tabler and family, Arbutus; Mr. and Mrs. Harvey Tabler and family, Mt. Airy; Mrs. Paul Derr, Feagville; Virginia Derr, Monrovia; Mrs. Charles Stockman and family, of Frederick; Mary Jane Zimmerman, Feagville; George Sims, Lewisburg, W. Va.; Mrs. Sarah Tabler and Lucille Moody Silver Spring, were recent guests of Miss Edith Tabler and brother, Albert.

The Ladies' Auxiliary to the Rocky Ridge Vol. Fire Co., served a banquet recently in the Fire Hall, to approximately 150 members and parents of the Rocky Ridge 4-H Club.

Mrs. Edna Saylor has returned home from the Frederick Memorial Hospital where she was a surgical patient.

Mr. and Mrs. David Stonesifer, Mr. and Mrs. Jack McLaughlin, Beckie and Dale, Taneytown, visited recently with Mr. and Mrs. Edgar Troxell and son Melvin. Mr. and Mrs. John Orndorff

served a Thanksgiving Day dinner on Sunday to sixteen members of their family.

Mr. and Mrs. Russell Alexander and son, Russell, Jr., Oakland, Md.; Mrs. Ellen Klack, Silver Spring; Mrs. Fred Zeigler, Fred, Jr. and Mr. and Mrs. Clifford Zeigler, Westminster; Mr. and Mrs. Raymond Bloom and family, Uniontown; and Phil Zimmerman, Detroit, were recent guests of Mr. and Mrs. Donald Paugh and family.

The Willing Workers Society of the Mt. Tabor Lutheran Church, served a banquet recently in the Fire Hall, to approximately 200 members of the Frederick County Pomona Grange.

Recent guests of Mr. George Motter were: Mr. and Mrs. G. Edwin Motter, Gardners, Pa.; Mr. and Mrs. Eugene Motter and family, Bendersville; Mr. and Mrs. Warren Motter and family, Menges Mill; Francis Miller, Gettysburg.

Cpl. Larry Smith, Washington, D. C., spent the weekend with his parents, Mr. and Mrs. Karl Smith.

Mr. and Mrs. Robert Null, Baltimore, visited recently with Mr. and Mrs. Robert Saylor and family.

Leonard Sherrard, Pittsburgh, spent a weekend with Mr. and Mrs. John Orndorff.

The bans of marriage have been published for Miss Paula Lowman, Williamsport, Md., and Edward Francis Orndorff, Rocky Ridge, who will be married December 13 at St. Rita's Catholic Church, Blue Ridge Summit, Pa.

Mrs. Katherine Valentine wishes to thank all her friends who remembered her on her birthday with cards, handkerchiefs and other gifts. She received 45 handkerchiefs.

The Ladies Auxiliary to the Rocky Ridge Vol. Fire Co., served a banquet recently in the Fire Hall, to 100 members and friends of the Rocky Ridge Vol. Fire Co.

Recent guests of Mrs. Edith Gruber and Mr. and Mrs. Charles Keeney and family, were: Mr. and Mrs. Richard Moser, Mr. and Mrs. John Stutely, John, Jr. and Donnie, Legore; Mr. and Mrs. James Sanders, Emmitsburg; Mrs. George Albaugh, Union Bridge. Mrs. Edith Gruber, Mr. and Mrs. Charles Keeney and family, Mr. and Mrs. Gailford Putnam and

son, Russell, attended a baby shower for Mrs. Clinton Grushon, Westminster, held recently at the home of Mr. and Mrs. George Albaugh, Union Bridge. Many nice gifts were received.

Mrs. Edith Gruber and Mr. and Mrs. Charles Keeney and family, attended a butchering at the home of Mr. and Mrs. Gailford Putnam. Five hogs were killed and six cans of lard were obtained.

Surprise Bridal Shower Given

A surprise bridal shower in honor of Miss Joan Topper, was given by Miss Lois Hartdagen at her home on November 18. Miss Topper will be married to Mr. James Tracey, Keymar, on November 29, at St. Joseph's Church, Emmitsburg.

Those attending were: Miss Topper and Miss Hartdagen, Mrs. Curtis Topper, Miss Susan Topper, Mrs. Anthony Topper, Mrs. Franklin Fisher, Mrs. Edward Myers, Mrs. Anna Bushman, Mrs. Thomas Bollinger, Mrs. Eugene LaCroce and Mrs. Evelyn Hartdagen, all of Emmitsburg; Mrs. Richard Topper, Mrs. Michael Topper, Misses Barbara and Patricia Topper, of Hagerstown; Mrs. Donald Rodgers, Westminster, and Mrs. Myran Tracey, Keymar. Mrs. Charles Turner, Littlestown, sent a gift but was unable to attend. Many lovely and useful gifts were received after which refreshments were served by the hostess.

Club Calendar

The following local organizations meet on these dates:

St. Joseph's Church Council, third Sunday.

Town Council, first Monday.

Ladies of Brute Council, second Monday.

Knights of Columbus, first and third Mondays.

Lions Club, second and fourth Mondays.

New Frontier Democratic Club, second Monday.

St. Joseph's Sodality, fourth Monday.

American Legion, first Tuesday.

Vigilant Hose Co., second Tuesday.

St. Joseph's High School PTA, second Tuesday.

Senior Citizens, third Tuesday.

Chamber of Commerce, third Tuesday.

Nurses of Gettysburg, third Tuesday.

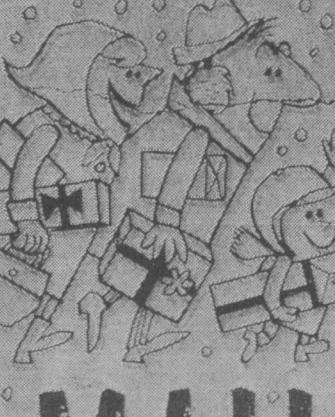

Adams Co. Ambulance Corps., third Tuesday.

Frederick Co. Central Alarm, fourth Tuesday.

Library Board, 4th Tuesday, at

7:30 p.m.
VFW, first Wednesday.
Municipal Band practice every Wednesday.
Grange, 1st. Wednesday.
Emmitsburg Middle School PTA, fourth Wednesday.
VFW Auxiliary, first Thursday.
Mother Seton School PTA, second Thursday.
Frederick Co. Ambulance Assn., fourth Thursday.
CYO, every Friday.
Community Fund, last Monday of January, April, July & October.

Retirement Near?

By Babsons Reports Incorporated, Wellesley Hills, Mass., November 27, 1969—The following comments are aimed toward the individual on the threshold of retirement but not adequately prepared for it. Upon retirement one is naturally confronted with numerous changes which are destined to alter seriously a heretofore normal daily routine. These alterations can be either physical or psychological, but they represent a series of burdensome challenges to those who have neglected to plan carefully for the day when withdrawal from active business or professional endeavor becomes a reality.

The major financial require-

ment for comfortable retirement is, naturally, a dependable income, sizable enough to maintain a living standard consistent with that to which one is accustomed. As regards the source, retirement income can be conveniently divided into two types: (1) Non-portfolio revenues, and (2) funds derived from interest and/or dividends; i.e., portfolio income.

Non-Portfolio Income

Social Security benefits, pension income, annuity allotments, rental income, and the like would fall under the first (non-portfolio) classification. Essentially it is that income which will be in some fixed, predetermined form, to be received in periodic instalments. Accurate advance

measurement of this type of income will considerably ease the complexities of drawing up a workable retirement budget. Several other possibilities could perhaps be exploited in an effort to buttress your income structure. For example, apartment living might conceivably enable you to rent your home at an attractive rate, or the purchase of a duplex home could serve the same purpose. If you are the owner of industrial/commercial property, machinery, or equipment, investigate the feasibility of renting or leasing such holdings, thereby putting idle assets to work advantageously.

Portfolio Income

As to the matter of the investment portfolio, preservation of principal must be a mandatory objective, followed closely by as good a yield as can safely be obtained. We view the safety factor as being the overriding consideration, because being unemployed the individual is no longer capable of recovering security losses by investing additional funds from non-existent salary or wages. Hence, the only way to recoup losses would involve market speculation—a risky procedure which few retirees can afford to undertake. Thus, adoption of the safety-income objective at the outset of retirement is essential.

With these ideas in mind, we recommend that approximately half of one's portfolio be invested so as to provide an assured income. Savings deposits and high quality corporate bonds and preferreds would be appropriate income producers. Examples include Beneficial Finance Deb 5s 1977, Texaco S F Deb 5 1/2s 1997, and Uniroyal 8% Non-cumulative Pfd. One could also include some convertible preferreds such as Gamble Skogmo \$1.75 Conv. Pfd., or Amerace-Esna \$2.60 Conv. Pfd. Not only do these convertibles offer attractive yields, but they also give the holder an opportunity for capital gain.

Quality Common Stocks

Despite the higher yield on most bonds and preferreds as compared with common stocks, strong equities should continue to provide a defense against a continuing inflationary trend (which quietly erodes principal). Accordingly, a reasonable amount in common stocks seems justified. But, the common stocks selected for purchase should be beyond reproach in terms of quality. We have in mind such issues as CPC International, Standard Oil of New Jersey, Union Carbide, Norfolk & Western, etc.

Common stock yields while having improved somewhat this year (largely because of price declines) are still quite low. If, however, stock prices declined further, thereby uplifting yields then part of the funds in fixed income assets could be switched into additional common stocks.

Essentially, we advocate a strategy of "revolving flexibility," which constantly seeks good returns, income-wise.

A true diplomat is a man who can tell you to go to hell so tactfully that you'll actually look forward to making the trip.

YOUR INCOME TAX

This is the first in a series on ways you can save on your income tax returns this year. The articles are written by Henry Block, president of H & R Block, Inc., America's largest tax service.

Prior to 1969, the Internal Revenue Service utilized two forms for the preparation of individual income tax returns; Form 1040A, usually referred to as the "short form" or "card form," and Form 1040, commonly known as the "long form." Approximately 22 million American taxpayers who have been using the "card form" to file their income taxes each year will be surprised, and perhaps even dismayed, to learn that the 1040A has been discontinued this year. Instead, a brand-new revised form 1040 (a combination of Form 1040 and Form 1040A) will be used by every individual required to file a return.

Confusion May Result

It is likely that this change will confuse many individuals who have grown accustomed to filing the "painless," "easy," card form through the years. However, for others, it may very well be a blessing somewhat strangely disguised. An individual filing the new Form 1040 will begin with the basic page one, (still called Form 1040) and include, with his or her return, the additional schedules (Forms) required to file a complete return. Page two of the 1040 has been discontinued and new schedules replace it. Included is a Schedule "T" for tax computation. Taxpayers with income under \$5,000 who do not itemize will compute their tax from line 15C of the tax table, enter that tax on line 16, compute their surcharge on line 17, and then enter total tax on line 18. All taxpayers with income over \$5,000 must compute tax due on schedule "T".

Extra Filing Work

Disguised "Blessing?" The possible benefit that former users of the "short form" might realize, now that they're being forced to compute the amount of their tax through the few, simple new steps described above, is found in the tax savings it may produce. In other words, it has been the belief of many professionals in the tax preparation field for years that a large percentage of taxpayers who have been filing the 1040A (Card Form), have been "cheating" themselves by overpaying their taxes. The few added steps of involvement with the new Form 1040 for such individuals should eliminate much of this and result in lower taxes in a number of cases.

Tax Surcharge Continued

Additional Six Months The 10% surcharge tax, which was to have been in effect for a 15-month period ending June 30, 1969, has been extended an additional six months through December 31, 1969. In effect, therefore, individuals will pay 5% more in federal income taxes than most originally planned to pay at the beginning of the 1969 calendar year.

It's one of the great mysteries how handwriting that looks so bad in a letter can look so good on a check.

LEGAL

ADMINISTRATOR'S NOTICE

This is to give notice that the subscriber has obtained from the Orphans' Court of Frederick County, in Maryland, letters of Administration on the estate of IRA LUTHER FOX late of Frederick County, Maryland, deceased. All persons having claims against the deceased are warned to exhibit the same, with the vouchers thereof, legally authenticated, to the subscriber, on or before the 10th day of May, 1970 next; they may otherwise by law be excluded from all benefit of said estate. Those indebted to the deceased are desired to make immediate payment.

Register of Wills for Frederick County, Md. 11/7/69

It should be noted that the surcharge is a tax upon a tax, rather than a tax directly upon taxable income. Example: an individual has taxable income of \$10,000 in 1969 on which he would normally pay an income tax of \$2,190. For 1969, the surcharge is 10% of the tax amount. Thus, the individual's full income tax liability for 1969 would be \$2,409 (\$2,190 plus 10% of \$2,190). Lowest Brackets Not Affected The surcharge on individuals

does not apply to the two lowest tax brackets, or up to \$1,000 of taxable income in the case of a single taxpayer, and up to \$2,000 in the case of a married couple. For a Head of Household there is no surcharge on taxable income up to \$1,500.

A neighbor of ours refers to his wife as "Axe-head" because she's always flying off the handle.

Generally speaking the trout fishermen in the western states use larger flies than eastern anglers. —Sports Afield.

For your pre-schooler,
a shortcut to learning

Sesame Street is an entirely new concept in entertaining and teaching the pre-schooler. Cartoons, live action and guest appearances by stars combine to give youngsters an introduction to formal education by teaching them the alphabet, basic number recognition, color identification and space and time concepts.

In the first five years of his life your child spends more time watching television than he will spend in classrooms during his entire elementary education. Shouldn't he be watching Sesame Street? In color, weekdays at 10 A.M. and 4 P.M., Saturdays at 3 P.M., on WMPB, Channel 67 on your UHF dial.

Something interesting is on right now

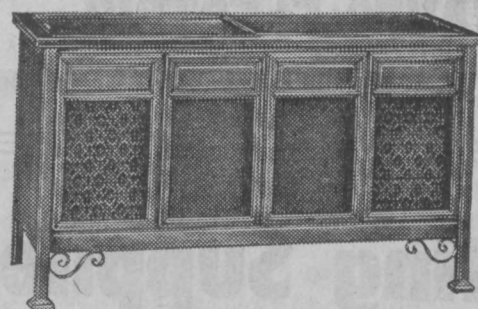

A station of the
Maryland Center
for Public Broadcasting.

NATIONAL EDUCATION PROGRAM
Searcy, Arkansas

Traitors In Charge

The "anti-war" movement clearly is in the hands of America's enemies within our country. Because an abhorrence of war is inherent in all civilized people, the Communist propaganda machinery, aided by non-Communists in influential positions, has aroused millions of Americans to protestations. Most of them are protesting while blind to the ramifications of the "Moratorium" and the latest massive "demonstrations" in Washington. International Communism, as a result, is on the threshold of a victory that could be decisive in its drive to conquer the world.

The National Education Program staff has traced the course of the present "anti-war" movement from its inception and has found that Communists dedicated to the destruction and takeover of the United States by international Communism have directed it from the beginning. We have had contacts within key planning sessions and have covered the major conferences and "demonstrations."

"Peace"—A Bait
Bringing about the end of U. S. participation in the Vietnam war (with Communists possibly

getting what they fought for—a coalition government) is but a phase, although a vitally important one, in the Communist offensive to totally engulf the world. The Communists themselves say this, in their own communications network beamed to the comrades throughout the world.

"Radicals have a dual task," says the message to comrades published in the October 25 issue of the *Guardian* (cited as subversive by Congressional committees). "First we must help continue the expansion of the antiwar movement until the political pressure and fear of domestic turmoil is such that the ruling class brings the troops home. Second (after this Communist victory), we must increase attempts to propel the movement to the left (Note: they are talking here about the millions who they have attracted with the bait of "peace" in Vietnam)." The mobilization of an armed revolutionary force to move, in time, against the U. S. Government and its militia is the goal of all the revolutionary leaders. They don't hide this fact now that the U. S. Government has made inoperative the laws against treason.

Springing The Trap
As the dominant and guiding force in the massive "antiwar" movement, says the *Guardian* to comrade revolutionaries, "we are free to perform the roles of agitation and propaganda for a revolutionary politics within the movement. For the first time in several years, we have the possibility for radical education and recruiting among people who are in active opposition to the ruling class."

The "New Mobilization Com-

mittee to End the War in Vietnam" ("New MOBE") began the actual planning for the November "demonstrations" in Washington on last July 4-5, in Cleveland. The call for the meeting came after a meeting in Communist East Berlin last June (where Soviet strategists made the decisions), attended by key leaders of the various Communist operations within the U. S. The call for the Cleveland meeting went out to several hundred revolutionary groups—with each group designated a certain number of delegates (we have the list.)

The "Peace" Leaders

Dominating the two-day Cleveland planning session, attended by about 500 revolutionary leaders, were, according to published reports, the following:

"Arnold Johnson, Public Relations Director and legislative representative of the Communist Party USA; Irving Sarnoff, who has served as a member of the District Council, Southern California Communist Party; Sidney M. Peck (overall chairman), the former State Committeeman of the Wisconsin section of the Communist Party USA; Sidney Lens, leader of the Revolutionary Workers League and Fred Halsted, 1968 presidential candidate of the Socialist Workers Party (a Communist outfit)."

David Dellinger became the

coordinator of the many-pronged organization set up to direct the Washington "demonstrations." Dave Dellinger, in a May 1963 speech, said: "I am a Communist." This is a fact that the press generally refrains from revealing.

Max Phillip Friedman, a Temple University graduate, a patriotic young man who spent more than a year disguising as a revolutionary zealot in the higher levels of the subversive

movement, particularly within the organizations which directed the November "demonstrations," attended the Cleveland meeting as a "comrade" and then went to the Senate Subcommittee on Internal Security. His testimony, with the documentation he brought into it, removes any question whatsoever as to the force behind the "antiwar" activities in the streets of America. "The Communists have

completely and utterly taken over the peace movements in the United States," he said. This testimony is historic. It is published as Part 2, "Extent of Subversion in Campus Disorders," and can be obtained from the U. S. Government Printing Office in Washington (45c).

"I had a good day at the races today," a horseplayer told his friend. "I got a ride home."

If you continue in my word,
you are truly my disciples.
—(John 8:31).

God has shared with us the ability to love. When our words are charged with love, they have a way of bringing harmony and unity into our life and into the lives of others. God has shared with us the ability to manifest life. When our words are vital, they generate forces that heal and construct. Life flows freely through the individual who works freely with living ideas.

WOMEN'S HEALTH

By Louise Chase

Women's Medical News Service
"Harrowing" Side Effect
Often Overlooked

NEW YORK—In evaluating various methods of contraception, the most frequently overlooked "side effect" may well be an unwanted pregnancy.

A Boston gynecologist, Dr. Robert Kistner, points out that only the combination-type of birth con-

trol pill is virtually completely effective. A population expert, Lawrence Lader, warns that every method but the combination pill carries with it "the constant and harrowing possibility of contraceptive failure."

A survey made for McCall's magazine reveals that six out of 10 women carrying unwanted babies had been using some form of birth control at the time of conception. Although human error accounted for some of these pregnancies, the contraceptive itself was apparently at fault at least

a third of the time.

Lader estimates that perhaps two out of every five conceptions are unintended and quotes studies showing that one out of every five couples has an unwanted child. **Facts Not Fallacies**

In a new book, "The Pill: Facts and Fallacies About Today's Oral Contraceptives," Dr. Kistner reports that if 100 women take a combination pill (containing both estrogen and progestin), virtually none will become pregnant. But if 100 women faithfully use a diaphragm, 12 will find themselves unexpectedly expecting within a year and, if foam or jelly is used alone, 20 will suffer the same fate. If those same 100 women rely on rhythm, 24 will become pregnant within 12 months. With condoms, 14 pregnancies will result.

These facts must be taken into account, Dr. Kistner believes. Not only because unwanted pregnancies are undesirable, but because the very state of pregnancy can be life-threatening. Deaths during pregnancy from all causes are 22.8 per 100,000 in the 20 to 34 year age group and 57.6 per 100,000 women between ages 35-44, he points out.

To Err Is Human

"In actual practice, of course," the gynecologist cautions, "The effectiveness of a contraceptive depends upon the patients as well as the method. Some women forget to take the Pill, some do not tolerate the heavier periods with an intrauterine device, some dislike the untidiness of a diaphragm and jelly, and some object to the diminished sensation associated with the condom."

Lader's survey confirms the observation that contraception is highly individualistic and subject to human vagaries. Over one third of the women questioned admitted they were using no birth control method at the time of their last unwanted conception—a conception so unwanted that the women were requesting abortions. Some believed it was the "safe" time of the month, some were "too emotionally aroused" and some were merely lazy or careless.

But, says the population expert, professional advice on birth control techniques is much scarcer than commonly supposed. Only four out of 10 of the women surveyed had received contraceptive instructions from a doctor or at a clinic.

Lose 10 lbs. In 10 Days On New Grapefruit Diet

NEW YORK (Special)—This is the revolutionary new grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S. and Canada. Word of its success has spread like wildfire because this is the one diet that really seems to work for most overweight people. A well known Toronto columnist recently praised it to the skies. He reported losing 20 pounds quickly and easily long after he despaired of ever getting down to his wartime weight of 165 pounds, all without giving up the occasional beer or rye. If it is followed exactly the average overweight person should lose 10 pounds in 10 days. There will be no weight loss in the first four days. But you will suddenly drop 5 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day. Then you will lose 1½ pounds every two days until you get down to your proper weight. Best of all there should be no hunger pangs. Now revised and enlarged, this new diet plan lets you stuff yourself with foods that were formerly "forbidden." Such as big steaks trimmed with fat. Southern fried chicken, rich gravies, mayonnaise, lobsters swimming in butter, bacon, fats, sausages and scrambled eggs. You can eat until you are full, until you cannot possibly eat any more. And still you should lose 10 pounds in the first 10 days, plus 1½ pounds every two days thereafter until your weight is down to normal. The secret behind this new "Quick weight loss" is not generally known. Fat, it has been theorized, does not form fat. Perhaps fat fights fat. And the grapefruit juice in this new diet might act as a catalyst (the "trigger") to start the fat burning process. You stuff yourself on the permitted foods listed in the diet plan, and still lose unsightly fat and excess body fluids. When the fat and bloat are gone you will cease to lose weight and your weight will remain controlled. A copy of this new and startlingly successful diet plan can be obtained by sending \$3 to The

KANE ASSOCIATES

P.O. Box 846

Grand Island, Nebr.

68801 U.S.A.

Unconditional money-back guarantee. If after trying the diet plan you have not lost 7 pounds in the first 7 days, another 6 pounds in the next 7 days, and 1½ pounds every two days thereafter, simply return the diet plan and your \$3 will be refunded promptly, and without argument. Tear out this message as a reminder. Decide now to regain the trim attractive figure of your youth, while still enjoying hearty breakfasts, lunches and dinners. Order now before others snap up the limited supply. 1tp

State Forbids Liquor Import

Comptroller of Maryland Louis L. Goldstein this week issued the following statement: "as the Holiday Season approaches and sales of alcoholic beverages mount, I advise all purchasers of the State law which prohibits bringing or receiving alcoholic beverages from the District of Columbia, or elsewhere, into the State of Maryland."

"The 21st Amendment to the Constitution of the United States authorizes the respective States and the District of Columbia to control the movement of alcoholic beverages into, within, out of and through their respective States. Under this authority Maryland law allows a consumer, at least 21 years of age, to bring into Maryland only one quart of legally manufactured alcoholic beverages at one time and not more than two quarts in any one calendar month. No consumer may

accumulate over any given period of time more than four quarts of such alcoholic beverages.

"Maryland statute provides for the detention of alcoholic beverages unlawfully imported, possessed, or transported and upon conviction imposes a penalty of not more than one thousand dollars (\$1,000), or a maximum of two years imprisonment, or both fine and imprisonment."

To Rebuild Totem Pole Theater

At a meeting last week, just one week after a fire destroyed the rustic theatre and its contents in Caledonia State Park, the Board of Directors of Totem Pole, Inc., unanimously voted to rebuild the theatre in time for the 1970 summer season. The Board considered favorably the State's offer of the old camping area across the highway from the former site. William H. Putsch, Producer at the Totem Pole for 16 years, and the

Board were greatly heartened by the support and interest of the State in offering this new site and concur with the Dept. of Forest and Waters that it offers many more practical and aesthetic advantages than the old site on top of the hill. Mr. Putsch pointed out some of these desirable aspects:

1. Easy access by car off Route 30 and increased parking space, as well as a level approach by foot for those who were finding the steep hill to the former theatre increasingly difficult to climb.
2. A natural sound barrier of trees against traffic noises, as the new theatre would be set back further from the highway.
3. Available water and sewage lines.
4. The hill formed by the golf course would provide a backdrop of natural beauty and privacy, and benefit the theatre acoustically.
5. An abundance of trees would

surround the theatre and the stream which flows along the northern border would enhance the picturesque woodland setting.

Local Band Plays Benefit For Hurricane Victims

Last Friday evening at Mother Seton School, over one hundred teenagers from Emmitsburg and environs rallied to the music of "The Realm Kingdom of Sound." This band, consisting of: Gerolf Engelstatter, Dennis Baumgardner, and Alan Burten, forfeited the night's earnings to aid a devastated area in Mississippi. Realizing the crippling effects of Hurricane Camille, the teens of the vicinity showed marked enthusiasm for the opportunity to donate \$1.00 to this worthy cause. Congratulations to young America for this demonstration of real brotherhood!

FLAMELESS ELECTRIC HEAT

Need-To-Know About Drug Abuse:

Questions And Answers
For Parents And Children
By Stanley F. Yolles, M.D.
Director

National Institute of Mental Health
Until recently, most parents of young people were not especially concerned with facts about drug abuse. The use and misuse of new

and ancient mind-altering preparations were largely matters of medical, pharmaceutical, and, as regards control, legal interest. Any compendium of advice on "what every parent should know" might comfortably have excluded the subject of drugs. No longer is this so. Today, our

pill-oriented society is alarmed and confused over the growing abuse of drugs among young people.

Waves of shock follow in the wake of reports of campus-wide "pot" or marihuana. The world, "marihuana," has, like it or not, infiltrated the Nation's playgrounds.

The problem is real, not just a hobgoblin one. Drugs, such as marihuana, the amphetamines and barbiturates, LSD, and the opiates (particularly heroin) have become familiar: pot, speed, benies, goofballs, junk, acid, and similar terms in the world of youth whose innocence frequently blurs the distinction between being turned-on and turned-off.

As the principal Federal agency responsible for stimulating research on drug abuse, the National Institute of Mental Health is vitally interested in strengthening our arsenal of knowledge and in helping to make the real facts about drugs, as known from scientific evidence rather than rumor, available to the public.

In reaching the public, every member of which has a personal need to know about mind-affecting drugs and their proper and improper use, newspapers are a most important medium.

In our current campaign to develop and carry out, as a cooperative program with everyone interested, a nationwide drug abuse educational program, the newspapers of America are playing a key role.

Articles, such as this, the reporting of news developments of all kinds are helping a great deal.

Through such means, people can learn, for example, that the Institute has recently published a series of four factual easy-to-read leaflets on drugs which are being made available to anyone who wants them.

These leaflets attempt to answer some of the most frequently asked questions surrounding the use of marihuana, LSD, amphetamines, barbiturates, and narcotics.

Many of the questions about

drugs that young people may bring up to their parents will be found answered in the series.

Being brief, the leaflets cannot go deeply into all the points that may be raised by youngsters. One frequently heard concern is adult use of alcohol.

"Well, you drink, don't you?" a child may say.

In the first place, the use of alcoholic beverages by persons over 21 is not against the law; marihuana, LSD, and narcotic drugs are illegal.

Secondly, the immoderate use of alcohol—the "abuse" of alcohol—does nothing to recommend this as a means of escaping realities or as a way of life.

Thirdly, the acceptability of moderate social drinking assumes that adults are mature enough to make mature decisions as to their behavior.

Finally, there is the irrefutable fact that the fresh young years of personality growth and development are dangerously inappropriate for any chemical means of confounding reality.

As authorities are well aware, neither laws nor knowledge of the medical facts can themselves bring about the prevention of drug abuse.

It is not so much the total phenomenon of the great use of drugs in America today that bears investigation. Rather it is the misuse and abuse of drugs.

The major harm and the greatest dangers come through the improper taking of drugs, not their proper utilization.

It is toward understanding of drugs, particularly the more powerful mind-affecting compounds mentioned here, that we are campaigning. It is not to prevent the appropriate, often vital, usage of drugs, but only their abuse and misuse, that medical, scientific, and educational efforts are aimed.

EDITOR'S NOTE: The four leaflets referred to are: Marihuana, LSD, Narcotics and The Up and Down Drugs. A free, single copy of each may be obtained by writ-

LEGAL

Ex Parte in the Matter of the Petition of Alfred C. Standen and Rachel P. Standen, his wife, for the Adoption of a Minor

NO. 1024 ADOPTIONS

In the Circuit Court for Frederick County, Maryland

ORDER OF PUBLICATION

The object of this Petition is the adoption of an infant child by Petitioners.

The Petition states that a male child, Gary Butler Steele, born on December 30, 1958; the father of said infant being Thomas J. Steele, whose last known address was 8005 Roanoke Avenue, Newport News, Virginia; that said infant has been in the constant care and custody of his mother since birth and in the joint care and custody of the Petitioners since their marriage. That the natural father of the child to be adopted is a non-resident of the State of Maryland and his last known address being 8005 Roanoke Avenue, Newport News, Virginia.

The Petition prays that the infant be declared the adopted child of the Petitioners; that the infant's last name be changed to that of the Petitioners and for such other and further relief as the nature of their case may require.

It is thereupon this 17th day of November, 1969, by the Circuit Court for Frederick County, sitting as a Court of Equity, and by the authority thereof, ORDERED that the Petitioners give notice to the said non-resident father, Thomas J. Steele, of the object and substance of this Petition by causing a copy of the same to be published in some newspaper published in Frederick County once a week for four successive weeks prior to the 20th day of December, 1969, commanding him to be and appear in this Court in person or by solicitor on or before the 20th day of January, 1970 to show cause, if any he has, why a Decree should not be passed as prayed.

Mrs. Emily Apple Payne, Frederick, was presented with an award for her outstanding dedication to the cause of cancer control recently by Elliott Michelson, M.D., the president of the American Cancer Society, Maryland Division.

Mrs. Payne was selected for the honor because of her instrumental work as public education chairman for the Frederick County Unit of the ACS in bringing life-saving facts about cancer to the lower

socio-economic population of Frederick County. The plaque was presented to her at the 22nd annual meeting of the Maryland Division of the Society at the Belvedere Hotel, Baltimore.

Mount Captures M-D Championship

Mount St. Mary's College continued its cross country domination by easily capturing the Mason-Dixon Conference championship over Catholic University 37-66 Saturday at Western Maryland. The victory for Coach Frank Zarnowski's harriers who had won

all eight of their dual meets was the first since 1965. The loss for Catholic U., the second this year to the Mounties, snapped their championship domination at three straight.

Jim Wright of Catholic U. was the first across the finish line with a time of 21.02 breaking the course record by 64 seconds. Steve Mahieu of Towson and Bill Lyons of Mount St. Mary's also broke the old record held by Lyons. This was the third consecutive year that the speedy junior has captured the individual crown.

Steve Mahieu of Towson State was second and Bill Lyons was third. Mahieu's time was 21.43 while Lyons was clocked at 21.51.

THANKSGIVING 1969

Everyday should be one of thanksgiving for those of us who live in America—for we enjoy blessings undreamed of in other parts of the world! On this Thanksgiving, let's make it a day of real meaning ... let's make it a day marked by a reverent and thoughtful realization of our countless reasons for being thankful—as individuals ... as Americans!

County Sewerage

(Continued From Page 1)

areas which required rulings by municipalities or sanitary districts on individual cases to allow septic tanks or wells, but should rather be governed by a different set of restrictions in which automatically those same conditions are in effect.

Another result of the seven regional public hearings was the relaxing of the arbitrary disqualification of wells and septic tanks in W-1 through 3 and S-1 through 3 districts, with the change being sanctioned by the State Health Department which allows municipalities and sanitary districts to rule on individual cases under "current changes" in "hardship cases."

Frederick Pyne, State Health Department District Engineer for Western Maryland, in brief remarks at Monday's meeting, commended the Beavin Company for a "masterful job."

President of the County Commissioners Charles Collins commented briefly that while he was not in favor of the "red tape" involved in carrying out the master plan as far as municipalities are concerned, the County Commissioners and the Frederick County Council of Governments were friends who would help the Frederick community in any way possible.

13 Die On State Roads In Week

Last week thirteen persons were killed on Maryland highways according to the weekly survey of the State Police. Six of those killed were drivers, four were passengers, and three pedestrians. Alcohol was a contributing factor in four of the deaths, speed in eight,

and "driver error" in nine.

"Although pedestrian fatalities are considerably out-numbered by other types of motor vehicle fatalities, the problem of pedestrian accidents is certainly a very serious one," commented Lt. Col. W. H. Conroy, Deputy Superintendent of the State Police. "Just last week three persons were killed as they crossed the highway when it was unsafe to do so."

"Pedestrians, as well as operators, have a responsibility to exercise proper caution and judgment when using the highway. It's the only way they can expect to stay alive."

Bridal Lunch

Given Miss Topper

A surprise bridal luncheon was given in honor of Miss Joan Topper at the Shamrock Restaurant in Thurmont on November 20, by the secretaries at Mt. St. Mary's College, where she is employed.

Those attending were: Miss Topper, Mrs. Walter Opekum, Mrs. Robert Henke, Mrs. Gloria Martin, Mrs. Frank Ligorano, Mrs. William Kelz, Mrs. Raymond Ethridge, Mrs. Donald Higgins, Mrs. Paul Ergler, Mrs. John Holt, Mrs. Michael Johnson, Mrs. Luanne Schillings, Mrs. Dixie Vivaldi and Miss Lois Hartdagen. Those sending gifts but who were unable to attend were: Mrs. Fred Wolfe and Miss Odella Noel.

Miss Topper received many lovely, personal gifts, and everyone had an enjoyable luncheon.

Anyone who thinks he doesn't need a psychiatrist these days should have his head examined.

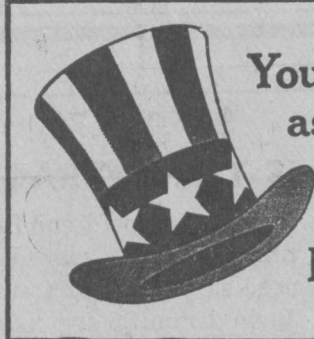

Mount Proves Generous Giver

Contributions by the staff and faculty of Mount St. Mary's College to the Frederick County United Appeal totaled 8% more than the quota assigned to the college, according to an announcement from the United Appeal office in Frederick.

Frank Ligorano, Dean of Students, was in charge of the successful fund drive at Mount St. Mary's.

James W. Freeman, general chairman of this year's campaign, expressed appreciation for the college's support. "It is a pleasure," he said, "to be able to add Mount St. Mary's College to our list of 'Quota Busters.' Their generosity will be very helpful to us in reaching this year's goal of \$200,000."

Thursday, Nov. 20		
Friday, Nov. 21	42	18

Precipitation for the period was reported as .90 of an inch.

Garden Club Meeting Held

The November meeting of the Silver Fancy Garden Club was held at the home of Mrs. Elwood Baumgardner, Taneytown, with 16 members and eight guests pres-

ent. Mrs. Robert Clingan, president, conducted the business meeting. Committee reports were heard and plans made to decorate for Christmas, the reception room of the Carroll County Hospital in Westminster, the dining room of the Victor Cullen School for Boys at Blue Ridge Summit and the windows of the libraries in Taneytown and Emmitsburg.

Mr. Myron Smith of Dutterers in

Westminster, gave a beautiful demonstration of Christmas decorations.

Tea was served by the hostess assisted by Mrs. Robert Clingan and Mrs. Thomas Frailey.

The December meeting will take the form of a Christmas Party, to be held at the Old Hotel in Taneytown at 1 p.m., on December 11. Mrs. Frank Butler is in charge of arrangements.

If you can't say anything good about a person, let's hear it.

If at first you don't succeed, you're running about average.
