many other young people this young lady's age are making headlines for the destructive things they do. It has long been my contention that the wrong type of youth activities make the headlines, and this is the way they want it — nay MUST have it, otherwise they wouldn't continue to do what they're doing because it wouldn't be any fun unless they are making other people miserable.

I know the above young lady personally and can verify that she is, indeed, a very busy young lady, what with attending school full time, doing a lot of benefit shows, volunteer work in hospitals, orphanages, etc. in addition to teaching guitar lessons, playing in church folk groups, etc.

Setback In Anti-Inflation Battle
By Babson's Reports, Inc., Wellesley Hills, Mass., October 22, 1970—The preliminary reading of the Wholesale Commodity Price Index spurted upward in September, erasing the dip of the previous month and suggesting fresh gains for the consumer price index. Blame could not be laid—this time—on cost-push wage inflation or soaring defense expenditures. The villain was, in fact, an unpredictable damaging of the 1970 corn crop by the spread of the southern corn leaf blight into the Midwest cornbelt.

Multifold Problem
Added to the blight was an infestation of corn borers and stalk rot, all of which could mean abnormally high harvesting losses due to stalk breakage. There was, fortunately, dry weather during much of July and August, hastening maturity of the crop in the Western corn belt and permitting harvesting at a more rapid pace than is usual. In many sections farmers are picking ahead of schedule in order to minimize damage from the blight.

Estimated Loss
In an unusual move, the Agriculture Department made a special supplementary survey of the corn crop late in September. Normally assessments are made at the start of each month in the growing season. The extra-inspection results, revealed early in October, projected an outturn of nearly 4.2 billion bushels of corn for 1970. This was a drop of 13% from the early-July forecast, and 5% below a prediction made only three weeks before.

The indicated yield per acre was set at 72.2 bushels as of September 23, compared with the prior forecast of nearly 76 bushels. If the special projection runs true to form, the 1970 corn crop will be 9% smaller than the 1969 outturn of close to 4.6 billion bushels. Last year's per-acre yield was a record 83.9 bushels. As matters now stand, the 1970 total shapes up as the smallest since 1960.

Grain Prices Advance
When news of the invasion of the blight became public, the price of corn advanced rapidly. Other feed grain prices were also driven upward, including soybeans, oats, and sorghum. Even the price of wheat, a food grain, moved higher. As usually happens, however, the initially violent price response to adverse developments soon bent to more basic considerations. Hence, despite the fact that the special survey revealed somewhat more corn damage than the earlier report had implied, grain prices have been mostly marking time.

Waiting For Final Tally
Since weather is particularly critical at this late stage of the crop year, full extent of the blight damage will not be known until the harvest has been completed. Wet weather could cause growth trouble and slow picking, and there is the ever-present danger of killer frosts. But a sizable carryover is in storage under government loan and price-support programs, so there is no immediate threat of shortages. Also, the bumper soybean crop can be used, if necessary, to help out as a substitute for corn.

Implications For Consumers
Fortunately, because of the inflexible status of supply-demand ratios for the near term in cattle, hogs, fowl, wheat, soybeans, and soybean meal, a radical upsurge in food prices does not appear likely for the immediate future. Adverse implications from the corn blight loom more important for 1971, when high feed costs may force livestock and poultry raisers to curtail herds and broods. Such a contraction in supplies would run up against a rising consumption rate for meats, and at least the higher feed costs would be passed on in the form of price markups. An even more serious situation will develop if the blight infestation is not checked next year and the 1971 corn crop falls victim to a second consecutive year of inadequate outturn.

Fort Ritchie Aids Area Economy

The civilian economy within a 25-mile radius of Fort Ritchie benefited by an estimated \$8 million in Fiscal Year 1970, Colonel Robert E. Dunlap, commanding officer, announced this week. The sum represented earnings by civilians employed at the military installation, government contracts awarded to local business, and personal spending by military and

their families.

Total earnings of civilian employees amounted to \$4,500,000 between July 1, 1969, and June 30, 1970, the post commander said, adding that this was almost half a million dollars more than earnings for the preceding 12 months which totaled \$4,034,000.

Another \$2 million or more was paid out by Fort Ritchie in the form of contracts to small business firms in the area and to local subsidiaries of major firms, for supplies, parts, equipment, and

construction projects.

Colonel Dunlap pointed out that although exact figures cannot be determined, personal spending by the military and their families contributes substantially to the local economy. Although military families patronize such on-post facilities as the Post Exchange and Commissary, he said, a considerable percentage of Fort Ritchie's \$6 million military payroll undoubtedly found its way into local cash registers last year. "Start counting all the Fort Ritchie military deals on cars in downtown shopping areas almost any day of the week," Colonel Dunlap said, "and especially Saturdays, to realize the impact of this buying power."

RE-ELECT
RUSSELL Z. HORMAN
COUNTY COMMISSIONER

After serving nearly eight years as a member of the Board of County Commissioners of Frederick County, I am concerned more than ever about good, strong local government. Good strong local government to me means:

- MAXIMUM INTEGRITY
- MAXIMUM HARMONY
- MAXIMUM CONSISTENCY

The lack of any of these means the lack of communication, the lack of communication nullifies good government in which everyone suffers by higher taxes, a bad school system, bad laws, etc.

The willingness of local government to abdicate its responsibilities to the state, does in my estimation, greatly subtract from good strong local government.

I invite you to look at my record and ask any questions you might have. In the future, as in the past, in my decision making, I will be ever mindful of the burdens placed upon the taxpayers. Your support will be greatly appreciated.

STRENGTH FOR THESE DAYS A gentle tongue is a tree of life. —(Prov. 15:4). How many times have we wished that we could recall words said in anger or frustration? Thoughtless words and comments foster anything but the peace and harmony desired. Let us be tolerant of one another and let pleasant talk grace our homes. The Lord, in His love, can help us guard our tongue, and He can and will endow us with grace if we but let Him.

Frederick County Backgrounds

By **SAMUEL CARRICK**
The Birnie Family
Today it is apparently "the thing to do" or the "fashion" to take a rather "dim view" of one's ancestors and all their works and accomplishments. The past is dead—"let the dead past bury its dead"—in peace and obscurity. There is only one difficulty—the past refuses to stay or take its place in the background for it is, beyond the shadow of a doubt, the foundation on which "today is built."
A great historian once said, "a nation without a past has no future," and history has proved this statement over and over again. Those who deny their background usually mistrust and fear for the future—one built not on a rock but on the shifting sands of doubt. America is a great nation today because in its past there were men and women of courage and faith—who put their all "on the line" and then backed up their words with both deeds and sacrifices. It was not easy—there must have been moments of black despair—but they won out because they believed. Go forward in the steps of the pioneer—put life to the test—give as well as take—and America will continue a great and beautiful nation.
Now to return to the study of the pioneer families of Frederick (and Carroll) Counties, Maryland, particularly those who found a last resting place in the old burial ground of Piney Creek Presbyterian church, the "sister congregation" of Tom's Creek, now the Emmitsburg Presbyterian church.

girl is undoubtedly the "Thomson McCrea" listed in the records as subscribing to the pastor's salary in 1817 and as a member of the congregation in 1824.
2. In memory of Anna Mary McCrea, died March 15, 1823, aged 35 years, 6 months and 1 day.
3. In memory of Mary McCrea, daughter of Elizabeth McCrea, died October 1, 1826, aged 14 years, 9 months and 1 day.
Note: Elizabeth McCrea, the mother of this child, subscribed to the pastor's salary at Piney Creek in 1817 and is listed as a member in 1824. Oddly enough the name of the father is Thomson McCrea is not given on her tombstone.
4. In memory of Eliza Graham, died October 27, 1831, aged 22 years.
Note: Eliza Graham is buried in the McCrea plot—therefore it follows that she must have been related, either by blood or marriage, to that clan.
There is, at present, no additional data pertaining to Eliza Graham.
5. In memory of Ann McCrea, died July 13, 1886, aged 65 years.

Shirley Shoemaker Weds George Brown

Miss Shirley Ann Shoemaker, daughter of Mrs. Austin Shoemaker, R4, Gettysburg, and the late Mr. Shoemaker, and George Orem Brown, son of Mrs. George H. Brown, E. Main St., Emmitsburg, and the late Mr. Brown, were united in marriage Saturday at 2 p.m. by Rev. Fr. Kuhn in St. Joseph's Church, Emmitsburg. The altar was decorated with yellow chrysanthemums and white carnations.

Mrs. Louella Rosensteel was organist and accompanied Eugene Rosensteel, soloist.

The bride was given in marriage by her brother, Eugene L. Shoemaker, and was attired in a floor-length gown of peau d'oeuf with a Venise lace train. The gown was designed with a mandarin collar, long bishop sleeves, Empire bodice accented with lace and gathered skirt complete with a detachable chapel-length train. Her mantilla-type, cathedral-length veil was bordered in matching lace. She carried a bouquet of white roses with a detachable corsage.

Miss Esther J. Shoemaker, Hyattsville, was her sister's maid of honor. Bridal attendants were Mrs. Dolores Rowland, Hanover, Pa.; Mrs. Larry Holland, McKnightstown; and the Misses Mary Ellen and Debra Shoemaker, Gettysburg, all sisters of the bride. Flower girls were Tammy, Shari and Lori Rowland, nieces of the bride. Master Jeffrey Brown, nephew of the groom, served as ring bearer. The maid of honor was attired in a floor-length dark blue Empire fashioned gown while the bridal attendants wore gowns fashioned similar to her except in a lighter shade of blue.

James Brown, Laurel, was best man for his brother. Ushers were John Wood, Gettysburg R2; John Sherwin, Emmitsburg, cousin of the groom; Larry Holland, McKnightstown and Wayne Shoemaker, Gettysburg.

For her daughter's wedding, Mrs. Shoemaker chose a turquoise dress with black accessories and wore a yellow rosebud corsage. The groom's mother chose a midnight blue dress with black accessories and wore a yellow rosebud corsage.

A reception was held in the Greenmount Fire Hall following

the ceremony. Mrs. Paul Sherwin, aunt of the groom, cut and served the wedding cake. Following a short honeymoon to an unannounced destination, the couple will reside in Gettysburg.

The bride is a graduate of Littlestown High School and is employed at the Adams County Courthouse in the Assessors Office.

The groom is a graduate of St. Joseph's High School, Emmitsburg, and has completed a tour of duty in the Marines, of which he served a year in Vietnam. He is employed at Westinghouse, Gettysburg.

Miss Saylor Bride Of John King

Miss Tina T. Saylor, daughter of Mr. and Mrs. J. Richard Saylor, Rocky Ridge, and John W. King, son of Mr. and Mrs. Kenneth King, Wolfsville, were united in marriage Saturday, Oct. 10, in an early evening ceremony held at the Garfield United Methodist Church. The double ring ceremony was performed by Rev. Robert E. Hawk.

Miss Penny Hallett accompanied the soloist, Miss Susan Martin, cousin of the bride.

The bride, given in marriage by her father, wore a full length, white satin gown, overlaid with Venetian lace and featured a satin panel in the front. The gown was designed with a Victorian collar and had long sleeves edged with matching lace. Mrs. Donald Myers fashioned the gown for her sister. The bride's fingertip veil fell from a cluster of satin pedals trimmed with seed pearls, and she carried a cascade of stephanotis with a center of yellow rosebuds.

Mrs. Connie Weagley, Detour, was matron of honor. Bridesmaids included Miss Mollie Copenhaver, Emmitsburg, and Miss Joan McPherson, Harrisburg, Pa. The matron of honor was attired in a full length, A-line fashion peach satin gown accented with coordinating satin bows and ribbons. Tiny orange star flowers adorned her hair. The bridesmaids were attired in similar gown, except in yellow satin with yellow

star flowers in their hair. All of the attendants carried colonial bouquets of yellow pompons and fall leaves.

Wayne Harne, Wolfsville, served as best man. Ushers were Kenneth C. King, Wolfsville and James P. Saylor, Rocky Ridge.

For her daughter's wedding, Mrs. Saylor chose a mint green double knit suit with beige accessories and wore a yellow rose corsage. The groom's mother chose a pink brocade dress with beige accessories and wore a pink rose corsage.

Immediately after the ceremony a reception was held in the church social room. For their honeymoon to an unannounced destination, the bride's traveling ensemble was a beige knit dress with brown accessories complimented by a yellow rose corsage. The bride is a 1968 graduate of Emmitsburg High School and is on the clerical staff at Sagner, Inc., Frederick.

The groom graduated from Middletown High School, class of 1964 and is in his second year at the Hagerstown Jr. College.

Prior to the wedding the bride was entertained at a shower given by Mrs. A. E. Kronk and Mrs. Kenneth C. King, at Mrs. King's home.

Out-of-state guests were from Pennsylvania and New York.

Upon their return, the couple will be at home at 417 Main St., Myerstown, Md.

The 6-cent commemorative stamp honoring the Great Northwest and Fort Snelling will be first placed on sale at Fort Snelling, on October 17, 1970.

This stamp celebrates the 150th anniversary of an outpost that played a heavy role in the opening of the great northwest.

The six-color horizontal stamp was designed by David K. Stone of Port Washington, New York. It shows the fort, which was built atop sandstone bluffs at the juncture of the Minnesota and Mississippi Rivers, south of Minneapolis.

In the foreground is a keelboat navigated by five men that is approaching two tepees on the shore's edge. Across the top of the stamp in black Roman capitals is "Great Northwest/1820 Fort Snelling 1970." Bottom left, also in black, is "US 6c."

A temporary postal station will be established at Fort Snelling October 17 and the cancellation will read "Fort Snelling, Minnesota."

This stamp will be placed on sale, at our office, Monday, October 19, 1970.
