EMMITSBURG CHRONICLE, EMMITSBURG, MARYLAND, FRIDAY, APRIL 16, 1971

SINGLE COPY 10c

Most Anything At A Glance

- By Abigail -

The local VFW Banquet and Dance was a tremendous success. It doesn't seem possible that twenty-five years have passed since a small group of returning GI's formed the local VFW Club. The boys deserve a standing ovation for a job well done. Not only is the Emmitsburg Club a fine social organization but it has been an asset to the community for its philanthropy in many, many ways!

It was a glorified old home week at the Mount's Student Union Building. People came hundreds of miles to greet their old comrades. They were not disappointed.

The entire affair was handled and presented in a manner of which the VFW can be proud. Congratulations!

Not since General Douglas MacArthur's famous speech — "old soldiers never die" — has such a hue and cry come from the American people in defense of the American Soldier.

Whether you are pro-Vietnam or anti-Vietnam, you just must have some feelings for the GI caught in the middle!

Our country is sick—sick—sick over the tremendous soul-searing problems.

"War Is Hell." Innocent victims die, as well as those on the firing line. It all depends where you stand at any given moment.

An example of the above: If Calley did as presented, it was wrong. However, how do we know the facts of the case? If he received orders to clean up My Lai, he did his job. If he had refused a direct order, he could have been court-martialed. He just could not win!

As for killing innocent victims—why not put Harry Truman on trial—he killed thousands of innocent victims when he dropped the atom bomb on Japan!

Elsewhere in this issue we find a letter from a former resident of Emmitsburg regarding the Sanders barn and the Stansbury barn in South Alley. The Town of Emmitsburg and its citizens appreciate the efforts of the Sanders family in razing their barn voluntarily and at their own expense, and thus removing an eyesore from within the town limits. It is hoped that similar action will be taken to remove the remnants of the Stansbury barn which was recently destroyed by fire.

The Lions Club would appreciate your patronage in their annual auction sale to be held in May, for worthy charitable purposes. Anyone who wishes to donate articles to the Club for sale, or anyone who wishes to have articles sold on a consignment basis should get in touch with a member of the Club. A truck will be dispatched to pick up the articles, and you will be aiding in a worthy cause at the same time. Let's see what we don't need in the attic, now that spring housecleaning time is here.

Coupon contributions for Susan Martz's Kidney Machine are trickling in. Time is flying by. Our own local teenager, Linda Siske, who has been doing a tremendous job, is anxiously waiting for you all to send in your coupons. Linda is tying up all the loose ends, counting, sorting, etc.

There are many inquiries from out of town contributors, as to total coupon value to date. Suggestion: Why not have published in the Chronicle a week-list of names of these contributors where they come from? It would be interesting to see just how far reaching our paper is.

Many groups and individuals are saving their coupons until near the deadline of May 31, before sending them in. Ladies, if you are, don't wait too long. Please, send in what you have now. No amount is too small, perhaps you can send in a second time before the deadline.

To refresh your memory: General Mills Coupons (Betty Crocker is one of them many

C. A. ELDER SERVICES

Funeral services were held on Saturday morning from St. Joseph's Catholic Church, Emmitsburg, for Charles Arthur Elder, 57, E. Main St., Emmitsburg, publisher of The Emmitsburg Chronicle, who died last Wednesday.

Rev. Fr. John King officiated, and burial was made in the new St. Joseph's Cemetery, Emmitsburg. The pallbearers, members of Brute Council 1860, Knights of Columbus, Emmitsburg, were Sir Knights B. H. Boyle, Clyde J. Eyer, Robert L. Myers, Sr., Curtis D. Topper, Frank S. Topper and Carl A. Wetzel.

The honorary pallbearers, directors of the Farmers and Mechanics National Bank Branch of Emmitsburg, were Harold F. Birely, Frank W. Weant, Quinn F. Topper, Clarence G. Frailey, Roger L. Zurgable and Clarence J. Waybright.

The viewing, held on Friday evening at the Wilson Funeral Home, Emmitsburg, and the services on Saturday were largely attended.

Bury Mrs. Cecil

Funeral services were held from the Wilson Funeral Home, Emmitsburg, on Wednesday afternoon, April 7, for Mrs. Marie Eugenia Cecil, 78, 511 W. Main St., Emmitsburg, who died on Sunday. The Rev. Adrian Brown officiated and burial was made in Mountview Cemetery, Emmitsburg. The pallbearers were Joseph A. Ott, Robert B. Eiker, William P. Quinn, and Patrick E. Ott.

Harbaugh Rites

Funeral services were held from the Elias Lutheran Church, Emmitsburg, last Thursday afternoon for Mrs. Maude Elizabeth Harbaugh, 77, 231 N. Seton Ave., Emmitsburg, who died Monday. The Rev. W. Ronald Fearer officiated and burial was made in Mountview Cemetery, Emmitsburg. Pallbearers were Harry Hahn, Quinn Topper, Charles Linn, Randall W. Sprankle, R. Craig Orner and Douglas Orner. Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

Citizens Of Tomorrow

This week begins a new series of Citizens of Tomorrow. This series will continue for the next several weeks.

This week's Citizens of Tomorrow are Charles, 4, and Richard, 1½, sons of Mr. and Mrs. Emile A. Nakhleh, Emmitt Gardens.

Former Resident Writes

Editor, Emmitsburg Chronicle:

It was noted in the April 2, 1971 issue of the Chronicle that the Stansbury barn was completely destroyed by fire. This letter is prompted by the fact that the Sanders barn located just up the alley from this barn was removed from the local scene by the owners in 1968. This, at the time, was a welcome improvement on the local ecology and was received with little fanfare. It is hoped that the owners of the Stansbury barn remove the residue of the fire promptly as it is sure to create an unsightly appearance. As one of the owners of the Sanders' barn, I feel compelled to write this letter as we voluntarily removed our barn and at our expense. In addition, I personally feel removal of our eyesore was an asset to the town. Visiting relatives in Emmitsburg a year after the removal of our barn I felt the removal was an asset to the town of Emmitsburg. The coverage given by Abigail in your paper is quite appropriate and well stated on the occasion of this fire.

Sincerely yours,
Charles R. Sanders
1821 Peralta Way
Hanford, California 93230

Pimlico, where the \$150,000-added Preakness will be run for the 96th time on May 15, opened in 1870.

VFW Has 25th Anniversary Party

The Emmitsburg Memorial Post 6658, Veterans of Foreign Wars of the U. S., celebrated its 25th anniversary on Saturday, April 10, in the Student Union Building on the campus of Mt. St. Mary's College, with an evening of entertainment for approximately 360 members and guests.

A cocktail hour with music provided by the Andy Ray Quartet, preceded a banquet at which Lumen F. Norris acted as toastmaster. Guests at the banquet included Mr. J. William McEvoy, Department of Maryland Quartermaster, and Mrs. McEvoy, Miss Marie Spalla, Auxiliary President for the Department of Maryland, and Judge and Mrs. Samuel Barick of Frederick.

Toastmaster Norris gave a brief and interesting talk on the humble beginning of VFW Post 6658, which had several meetings in the Fire Hall, proceeding to a small location on East Main St. for approximately one year, and then to its present location on Center Square. He outlined the main objectives of the club, stressing the importance Post 6658 has put on Community Service. Toastmaster Norris honored all charter members who were present.

Mrs. Gloria Martin, Auxiliary President, along with Mrs. Catherine Hodge, past Auxiliary President, made a presentation on behalf of the Ladies Auxiliary, of a painting depicting "The Flag Raising at Iwo Jima". The picture was hand-painted by Ida Moe Dumois of Garrett Park, Md.

Entertainment after the banquet was handled by the Jack Mortorn Productions, which included Jeannie Steele, vocalist, and Jimmy Joyce, comedian. The Fred Perry Orchestra provided music for dancing.

Little League Releases Schedule

This year there will be five teams playing in the Emmitsburg Little League. The Knights of Columbus will sponsor the newest edition, the "Orioles". The league will also play a split season, with the winners of the first half, playing the winners of the second half, at the end of the regular season.

Players selected to play on the new Orioles team, are: David Staub, Michael Meredith, Thomas Fogle, Stan Antolin, Eugene LaCroce, Jeff Martins, Larry Phelan, Lenny Zentz, Sam Topper, and Joseph Topper.

The schedule for 1971 has been announced as follows, with the home team listed last:

MAY

17 Giants at Red Sox
19 Yanks at Cards
21 Orioles at Giants
24 Red Sox at Yanks
26 Cards at Orioles
28 Giants at Red Sox
31 Orioles at Yanks

JUNE

2 Red Sox at Cards
3 Orioles at Red Sox
4 Giants at Cards
7 Giants at Orioles
9 Cards at Yanks
11 Red Sox at Giants
14 Yanks at Giants
16 Orioles at Cards
18 Yanks at Red Sox
21 Orioles at Red Sox
23 Giants at Cards
24 Orioles at Yanks
25 Red Sox at Cards
Second Half
28 Giants at Red Sox
30 Yanks at Cards

JULY

2 Orioles at Giants
12 Red Sox at Yanks
14 Cards at Orioles
16 Giants at Red Sox
26 Orioles at Yanks
28 Red Sox at Cards
29 Orioles at Red Sox
30 Giants at Cards

AUGUST

2 Giants at Orioles
4 Cards at Yanks
6 Red Sox at Giants
9 Yanks at Giants
11 Orioles at Cards
13 Yanks at Red Sox
16 Orioles at Red Sox
18 Giants at Cards
19 Orioles at Yanks
20 Red Sox at Cards

Little League Donors

Recent contributors to the Emmitsburg Little League, are as follows:

Flohr Lumber Co.
Town of Emmitsburg
John H. Walter
Dr. W. R. Cadle
VFW Post 6658

Young Child Is Killed Near Here

Sean Kelly Fitzgerald, a 9-year-old resident of Thurmont, died Monday of injuries sustained when he ran out into U. S. 15, about five miles south of Emmitsburg, and was struck by a car driven by Lester Harold Frank of Colts Neck, N. J.

The boy was pronounced dead on arrival at the York Hospital, at about 3:30 p.m. York County deputy coroner Dr. Derek Peske, said that the exact cause of death has not yet been determined.

The boy was first taken to the Annie Warner Hospital in Gettysburg but was sent on to York, according to a hospital spokesman, because there is no neurosurgeon or neurologist in the Gettysburg hospital.

According to state police, the Frank vehicle was southbound on U. S. 15. The boy, walking north on the southbound shoulder, suddenly darted out into traffic and was struck by the left front fender of Frank's car.

Registration For Town Election

Today, Friday, April 16, is the deadline for filing for office in the coming town election or for registering to vote in the election.

In order to be eligible to vote in Emmitsburg you must be 21 years of age, and you must have lived in the corporate limits for at least one year. In addition, if you have not voted for the last five years, you must register again as your name has been removed from the rolls.

Registration for the coming town election for those not already on the rolls will be held in the Town Office today from 9 a.m. to 8 p.m.

Senior Citizens Club To Meet

April 20, 1971, is the regular monthly meeting of the Emmitsburg Senior Citizens Club, at 7:30 p.m. in the Center. At this time Mr. Rhea Kincaid will show a film which should prove most interesting.

Since Spring seems to be hiding just around the corner, it seems the time to remind all members and friends of the close proximity of May 1, the date for the annual Spring Festival of the club. "Tempus is fugiting", so all make a special effort to make this the best Festival of all.

Mother Seton School Registration Schedule

Registration at Mother Seton School will be at the following times: Monday, Tuesday, Wednesday and Thursday, April 19 to 22, 9:30 to 5:00 and Saturday, April 24, 2:30 to 5:00.

Birth certificates must be shown for all new students. Baptismal certificates are necessary also if the child was not baptized in your local parish church. There will be a registration fee of \$5.00 payable at this time.

More Coupons For Susan

Editor, Emmitsburg Chronicle:

I am helping collect coupons for "Susan" from school. I am in the eighth grade at Bryn Mawr. So far, we have sent in 215 coupons. These came in from various classes.

We were told this campaign was being conducted through the Emmitsburg Chronicle. My Dad saw an article in the Baltimore News about this, also.

Our parents have been very cooperative and are saving the coupons until the date, May 31.

Our teachers and we would like very much to know how the Emmitsburg Chronicle is making out in Susan's cause—especially from this section. I go to school in Baltimore at Bryn Mawr, but we live in Timonium.

Our friend will inform us as she receives the paper. Bryn Mawr is small but willing.

Interested in "Susan"
Linda Workinger
Timonium, Md.

CHIMNEY FIRE

The Vigilant Hose Co. responded at 10:18 o'clock Tuesday morning to a chimney fire at the home of Mrs. Henry Cool, Tract Road. No damage was reported by Chief Guy R. McGlaughlin.

Most radios, televisions, stereos, and records found in American department and specialty stores get there by truck.

Boy Scout Exposition

The annual Boy Scout Exposition is to be held May 15, from 11 a.m. to 7 p.m., at the Gaithersburg Fairgrounds, and our Emmitsburg Scouts are all fired up to sell as many tickets as possible. This is one of the few opportunities our Scouts have for raising needed funds. For each \$1.00 ticket sold before May 15, the Troop receives 35c, and there's a chance for individual Scouts to win a \$100 or \$200 U. S. Savings Bond or any of hundreds of other worthwhile prizes. So we hope you'll buy tickets even if you don't feel you can attend the Exposition itself.

For anyone who can attend, the Exposition promises to be an exciting and entertaining affair. The Emmitsburg Scouts plan to set up a booth display of their own, and there will be hundreds of other booths at which Scouting skills will be demonstrated in camping, sports, crafts, first aid and other emergency services, physical fitness, and many others. In addition, there will be special activities and entertaining stage shows.

So keep May 15 open, folks, and plan on making it a fun day for the whole family. Tickets are only \$1.00, and Gaithersburg is only a 45-minute drive. What's more, you'll be helping our Emmitsburg Scouts earn the money they need for camping supplies and refurbishments for their clubhouse.

French Ambassador To Speak

Charles Lucet, French Ambassador to the United States, will lecture at St. Joseph's College on April 22 at 7:30 p.m. in Upper Dubois Lounge. The public is invited to hear the ambassador discuss "Aspects of Political, Economic and Cultural Life in France." Mr. Lucet will give his lecture in French, but the question-answer period will be in both French and English.

A graduate of the University of Paris, where he earned his law degree, Mr. Lucet also attended the Ecole Libre des Sciences Politiques. Starting his diplomatic career in 1935, Lucet was appointed to the French Embassy in Washington, where he served until 1942. He then joined the Free French Movement and was assigned to its mission in Washington. In 1943 he was attached to the Foreign Affairs Commissariat in Algiers, and was named First Secretary in Ankara.

He served for a year as Assistant Director for Middle Eastern Affairs at the Foreign Affairs Ministry in Paris after the war. In 1946 Lucet was named First Counsellor in Beirut and then in Cairo in 1947.

For three years Mr. Lucet was Department Head of the Cultural Relations Division of the Foreign Affairs Ministry. From 1953 to 1955 he was a member of the French Delegation to the U.N. and to the Security Council. He also held the post of Minister Counsellor at the French Embassy in Washington for four years.

Lucet was named Director of Political Affairs at the French Foreign Affairs Ministry in 1959 and remained there until his appointment as French Ambassador to the United States in 1965.

Commander of the Legion of Honor and of the National Order of Merit, Lucet was also given the title of Ambassador of France, an honor shared by a very limited number of French diplomats. Lucet's wife, Jacqueline, also has her law degree and has done volunteer work for the International Red Cross and the Cancer Center of the Memorial Hospital in New York. The Lucets have two grown children who live in Paris.

Prior to his talk, Mr. Lucet will join members of the language faculty and members of the National French Honor Society, Pi Delta Phi, for dinner. The newly inducted members of Pi Delta Phi will be presented their certificates of membership into the society by the ambassador.

Hospital Report

Admitted
Mrs. David Edgar, Emmitsburg.
Mrs. George Andrew, Emmitsburg.

Discharged
Mrs. David Mort and infant son, Emmitsburg.
Miss Joan Gelwicks, Emmitsburg.

The Preakness gets its name from the horse Preakness who won his only start as a 3-year-old, at Pimlico in 1870.

Lions Club Plans May Auction Sale

The regular meeting of the Emmitsburg Lions Club was opened by President Ralph McDonnell at 6:15 p.m., April 12, at the Mount Manor Restaurant. Nine members were present and Taitwister fines amounted to 90c.

The treasurer gave his report and also stated that there are still two delinquent accounts from the last Christmas Party.

The annual election of officers was held, and the secretary cast a unanimous ballot for the following: President, Norman Stout; 1st Vice President, Charles Flaxter; 2nd Vice President, Charles Troxell; 3rd Vice President, Harry Otterson; Secretary, Clarence Peiper; Treasurer, Floyd Lewis; Taitwister, Francis Matthews; Lion Tamer, Marvin Laws; Directors, Ralph McDonnell, Norman Shriver, and William Kelz.

An application for help in purchasing glasses was discussed. It was found that the applicant lives in the Thurmont district. The request will be referred to that club for assistance.

Lion Matthews expressed appreciation for flowers sent to him by the club while he was in the hospital.

The club voted to donate \$10.00 to the Emmitsburg Little League. The question of burning off the Civic Association field was discussed but no action was taken.

A discussion was held on the annual auction sale to be held in May at a date to be announced later. The club will be glad to receive donations of articles for the sale, and it will also sell items on consignment, with a 20% charge being made for this service.

Anyone having anything to sell should contact any member of the Lions Club. A truck will be sent to pick up the items.

The meeting adjourned at 7:50 p.m.

Philosophy Professor To Give Lecture

Joseph Boyle, assistant professor of philosophy at Aquinas College in Grand Rapids, Michigan, will speak at Mount Saint Mary's College on Tuesday evening, April 20. Boyle's talk has been scheduled as part of the Mount Saint Mary's Interdisciplinary Essay lecture series.

Boyle will discuss the various proofs of the existence of God and their importance to religion. The topic is the subject of an article that Boyle has recently written for the "Metaphilosophy" journal.

Boyle graduated from LaSalle College in Philadelphia in 1965. After teaching for several years at Saint Fidelis Seminary in Butler, Pa., he began graduate studies at Georgetown University. He received a Ph.D. in philosophy from Georgetown in February of 1970.

Boyle's talk will begin at 7:30 p.m. in the Mount Saint Mary's Library Forum. The public is invited to attend.

BAND PRACTICE

Weather permitting, the Emmitsburg Municipal Band will assemble outdoors this Monday evening to practice marching and parade formation.

All members are urged to be present at 7:00 p.m. sharp.

WEATHER REPORT

Temperatures for the Emmitsburg District for the period ending April 9, as reported by the U. S. Weather Service, Mrs. Lucille K. Beale, local observer, are as follows:

	H	L
Saturday, April 3	60	23
Sunday, April 4	61	25
Monday, April 5	59	35
Tuesday, April 6	58	32
Wednesday, April 7	58	32
Thursday, April 8	60	25
Friday, April 9	75	35

Precipitation for the period was .30 inches on April 6 with rain all day, turning to snow about 6 p.m., and .42 inches on April 7.

Scouts To Hold Court Of Honor

The Emmitsburg Boy Scouts will participate in a Court of Honor Sunday, April 25, at 7:30 p.m. The proceedings will be held at the Methodist Church on West Main Street, and numerous awards will be given, including several special recognition awards and advancements in rank. Parents and friends of Scouting are invited to attend.

Nearly one out of every five trucks in the Nation today is used on the farm—a total of nearly 3.5 million farm trucks.

Wm. Smith Outlines His Views On Office

William D. Smith, candidate for Town Commissioner in the coming town election, has presented the following statement of his principles in regard to town government, addressed to the residents and property owners of Emmitsburg.

You make the decision.

Do you believe:

1. That everybody should have a voice in town government?
2. That all persons and property owners should be treated the same?
3. That all persons should stand up for their rights? Don't let the State cap the main streets as this makes it hard for parking, for removal of snow, and maintenance, and forces water onto your property.
4. That the Police Department belongs in the town?
5. That all traffic violations should be treated the same?
6. That the Chief should run the Police Department? He should have job security and not have to worry every year about reappointment.
7. That there should be a community hall for recreation that could be built with a small amount of money and would be self-supporting and supervised by the sponsoring event?
8. That the Town Clerk has to work under the same circumstances as the Police Chief?
9. That our teenagers need recreation that will keep them off the streets?
10. That we need industry to make people want to live here and relieve the tax burden of a few? That we are living in 1971 and not in early America with the stagecoach?
11. That the people should work together in the community and not say that they are busy and let someone else do it? These are generally the people who do the griping.
12. That the public should know what goes on in town meetings? The meetings should not be held behind closed doors, and the transactions of each meeting should be published in the newspapers.

These are the things I stand for, and I am not to be led by others.

Please vote. Be heard on election day. Don't say that your vote doesn't count. Use your equal rights and back up our forefathers who signed the Declaration of Independence.

Please vote. Be heard on election day. Don't say that your vote doesn't count. Use your equal rights and back up our forefathers who signed the Declaration of Independence.

Please vote. Be heard on election day. Don't say that your vote doesn't count. Use your equal rights and back up our forefathers who signed the Declaration of Independence.

Please vote. Be heard on election day. Don't say that your vote doesn't count. Use your equal rights and back up our forefathers who signed the Declaration of Independence.

Please vote. Be heard on election day. Don't say that your vote doesn't count. Use your equal rights and back up our forefathers who signed the Declaration of Independence.

Police Report

Chief W. Henry Filler of the Emmitsburg Police Department has released the following report for the month of March:

Arrests: Motor vehicle, 16; warnings, 78; parking tickets, 115; accidents, 2 and breaking and entering reported, 1.

Court Cases: Motor vehicle, 15; convicted, 15; fires, 14.

Trips to Frederick, 8; Days in court, 8; days off, Filler, 7 and Etzler, 7. Weekly hours worked, 378½ hours. Average hours daily, 12.8; mileage, 3239; complaints, 29 aid criminal complaints, 8.

THURSDAY NIGHT LADIES' BOWLING LEAGUE (Rainbow Lanes)

	W	L
Texaco Stars	31	13
The Daisies	27	17
The Things	26	18
Unpredictables	18	26
Rainbow Girls	12	26
Village Liquors	12	32
High team game, 556, Texaco Stars; high team set, 1540, The Things; high individual game and set, 132, 358, Ruth Shank (The Things).		

Eddie Arcaro, who retired in 1962, established a hard-to-beat record by winning the Preakness six times.

Frederick County Backgrounds

BY SAMUEL CARRICK

The Rowe-Zeck-Shriver Families

It has been said—and truth is stranger than fiction—at least in this case—that the majority of families, whose ancestors rest in the old Tom's Creek Lutheran churchyard or the more "modern" ground at Elias church, are related either by blood or marriage. As the research into the backgrounds of these pioneer people continues all of the evidence points to this fact—step on one and you injure all. Family relationships were strong in that day—the tree as a whole was considered not just the individual leaf.

With this premise in mind—the account of the background of a church and a people goes forward.

Detrick Zeck married twice into the Rowe family—and both his wives were daughters of Joseph (3) and Susannah (Baker) Rowe. There was issue only to the first marriage—to Mary Ann Rowe. The record of this union is found in the Zeck family Bible—as follows:

1. Detrick Zeck and Mary A. Rowe were married March 17, 1837, by the Rev. S. K. Fisher, at Emmitsburg, Maryland.

The second child born to Detrick and Mary Ann (Rowe) Zeck was a son, Charles Sentman Zeck, was of the fifth generation from the George (1) Rowe, who apparently came into Maryland from Pennsylvania with the so-called "Monocacy settlers."

Charles Sentman (5) Zeck, during the Civil War, served with Cole's Cavalry—as a private in Company F. According to the "History of the Maryland Vol-

unteers", page 686, he enlisted March 8, 1865 and was "mustered" out of the service on June 28, 1865—at the close of the struggle.

Charles S. (5) Zeck spent his entire life in Emmitsburg and married into the Maxell family—his wife being Margaret Maxell. They were the parents of three children—two sons and a daughter.

The graves of Charles Sentman (5) and Margaret (Maxell) Zeck are in Elias Churchyard and the inscriptions from the markers are as follows:

17. In memory of Charles S. Zeck, born September 17, 1884, died January 18, 1913.

18. In memory of Margaret Zeck, wife of Charles S. Zeck, born September 17, 1849, died October 20, 1939.

Detrick Zeck was a native of Pennsylvania, having been born in the vicinity of Brodbeck, York County. He was a son of William and Ann Mary Zeck and his father was the owner of a large farm in that locality. The son, Detrick, emigrated to Maryland before 1836 and became a huckster and merchant. The site of the "Detrick Zeck Store" is still remembered by many of the older residents of Emmitsburg.

This concludes, for a time at least, the notes on the Rowe-Zeck families.

The Shriver family is an old one in both Pennsylvania and Maryland. It will be remembered that Andrew (1) Schreiber emigrated to Pennsylvania from Germany early in the 18th century. He settled in Berks County but his son, Andrew (2) Schreiber, moved to what is now Adams

County and there founded the "Conewago Settlement". Two grandsons of the second Andrew moved into Maryland some years later.

There were several Rowe-Shriver intermarriages but the first one to be taken into consideration will be that of Rebecca C. Rowe to Lewis F. Shriver. The record of this union is to be found in Volume I of Elias Church records:

"Married, September 4, 1851, by the Rev. S. Sentman, Lewis F. Shriver to Miss Rebecca C. Rowe."

It is presumed that Rebecca (Rowe) Shriver was a daughter of Jacob (3) Rowe, the son of Arthur (2) Rowe, and the grandson of George (1) Row. However, this surmise is open to conjecture, for there were several "Jacob Rowses". Helman mentions a "Jacob Rowe", of Emmitsburg, who was a soldier in the War of 1812-14. There is a man of the same name interred in Elias Churchyard and the date of his birth would suggest that he was of an age to have taken part in that struggle. These men may be one and the same—a definite answer cannot be given until more data is available.

Lewis P. Shriver was the son

of George Lewis Shriver and his wife, Sarah (Krise) Shriver. This George Lewis Shriver was born in what is now Adams County, Pennsylvania, in 1792. After his marriage, he bought his father's farm, located near Greencourt, in that same county. By the first marriage there were two children—Christian Krise Shriver and Lewis P. Shriver, the husband of Rebecca C. Rowe.

Sarah (Krise) Shriver died and was interred in Elias churchyard, at Emmitsburg, Maryland.

After the death of his first wife, for life must go on and small children must have someone to look after them, George Lewis was married, for the second time, to a widow, Mrs. Alice (Fisher) Rife, who was a granddaughter of Abraham Fisher, a native of Germany.

Three children were born to George Lewis Shriver's second marriage: 2 sons and a daughter.

George Lewis Shriver was the first man to subscribe toward the Elias Lutheran Church and belonged to its first confirmation class. He died August 18, 1852, and was interred in Elias churchyard. The inscriptions from the markers at the graves of George Lewis and his first wife are as follows:

19. In memory of Sarah Shriver, wife of George L. Shriver, and daughter of Peter and Elizabeth Krise, died January 26, 1822, aged

25 years, 8 months and 15 days.

Note: The Krise family was an old one in the southeastern section of Pennsylvania. Many were interred in the Tract, or Zimmerman, graveyard. Some of these bodies were later removed to Mountainview Cemetery, where the markers can still be seen.

20. In memory of George L. Shriver, died August 18, 1852, aged 60 years, 7 months and 20 days.

Lewis P. Shriver, the second son of George Lewis and Sarah (Krise) Shriver, was born December 18, 1820, on his father's farm, near Greencourt. He was baptized and later confirmed in Elias Lutheran church. He was a lifelong and faithful member of that congregation.

As a young man, Lewis P. Shriver bought a farm from Jacob Rowe, located four miles west of Taneytown, Maryland. Shortly thereafter he married Rebecca C. Rowe, who was born February 17, 1824, probably on the farm purchased by her future husband, Lewis P. Shriver.

The notes pertaining to the Rowe - Shriver family, of Elias Lutheran Church, will be continued in this series next week.

"Bravo The Normal Skin!"
What a blessing, the beautifully textured rarely-a-problem skin we call normal!

You who've been blessed with it rarely have a break-out, too much never have too much or too little oil, and hardly ever suffer from a dry, taut feeling. Your skin behaves itself with just a little regular care from you!

You've got a wide range of skin care preparations to choose from. You can use cream, washing cream or liquid cleansers—even soap if it works for you. You can use a facial scrub or mask every week or so—that's your ounce of prevention, remember? Since your skin reproduces itself about once a month, these cleansers, sloughers and tighteners help it along.

And for creams—moisture cream should be a daily thing. Since it doesn't deal with the oils in your skin but with the moist, youthful-looking glow of your complexion, you'll want to form the habit of using it regularly before make-up. Also use a rich oil for the eye area nightly.

Night cream can be a sometime-thing . . . whenever conditions change and your skin seems to need extra lubrication. The care you give your skin should be just as regular, just as painstaking as the care your oily- and dry-skinned sisters must give theirs. After all, you want to keep your normal complexion, and a little extra effort goes a long, lovely way!

Retired Employees To Meet Today

Arthur L. Sparks, Director of Field Operations, National Association of Retired Federal Employees (NARFE), will be the guest speaker at the luncheon meeting of Frederick Chapter 409, at the Red Horse Steak House, today (Friday, April 16), at 1 p.m.

A native of Atlanta, Georgia, Sparks served in both World Wars I and II in the U. S. Army and the U. S. Coast Guard. He retired from the U. S. Army in 1961. His civilian government service included the Post Office Department and the Veterans Administration. For 20 years he was active in the organization of the American Federation of Government Employees serving for two years as its National Representative and attending the legislative rallies in Washington.

The legislative program, the Legislative Rally in June, and the 50th Anniversary of NARFE, will be discussed by Mr. Sparks at the meeting. A question and answer period will follow.

All retired Federal employees and prospective retirees are invited to attend this meeting.

Liberia has only 1,400 miles of all-weather roads.

NATIONAL EDUCATION PROGRAM
Searcy, Arkansas

Marijuana, Tobacco And Alcohol

The biggest producer of Marijuana in America (he harvested two tons—for research—in 1970) believes the worst drug problem in America in 1971 is tobacco, followed closely by alcohol. These two legal drugs, he says, will kill more people and ruin more lives than all the illegal drugs, including Marijuana, LSD, and Heroin. He is afraid of Marijuana and believes it will prove to be not only dangerous but physically and psychologically damaging to users. He condemns Pot as the great initiator of youth into the drug society.

The biggest Marijuana producer is a big man with a beard. He is Dr. Norman P. Doorenbos, Chairman of the Department of Pharmacognosy, University of Mississippi. On carefully guarded plots of rich earth, at Oxford and Biloxi, he grows

30 species of Marijuana for the National Institute of Mental Health and its program of research into Marijuana—a program in which scores of research institutions throughout the world are participating. Dr. Doorenbos was a speaker at the Alabama Drug Alert '71 Seminar in which our National Education Program staff assisted.

Research Just Beginning

Dr. Doorenbos, father of six girls and one boy, says the world-wide research program into Marijuana is too young to have produced definitive facts. "There is no real expert on Marijuana—yet," he said. "We know today as much about Marijuana as we knew about tobacco 25 years ago. And in Marijuana we've got a far more complicated material. It varies in potency through the factor of heredity ranging from a high of 12% THC (the hallucinogen) to .05%. Data on THC was first recorded just seven years ago. The chemical structure was isolated just five years ago. And a method to determine how much THC there is in a given sample was developed just two years ago. Most of what you hear about Marijuana can't be proved—yet. But I believe it will prove to be more dangerous than alcohol or tobacco. Today we simply do not know."

What he does know about tobacco and alcohol, moves Dr.

Doorenbos to condemn them "as damaging drugs." "Tobacco will not do as much harm to a given individual as many of the products that we think about in association with drug abuse," he said. "But if you take a look at the effect of tobacco on the nation as a whole, the effects are devastating."

Tobacco Death Soaring

"In the last 30 years, deaths from lung cancer have increased 3,000 per cent. The life expectancy in America for a new born baby is less than in Costa Rica, than in Portugal, Albania, and in the many countries where smoking has not become popular. There is no mystery about why smokers get cancer; the big question is why don't all smokers get cancer. (This is due, he says, to the differing chemical make-up of people). Cancer from smoking is the third most fatal disease in America. Emphysema caused by smoking tobacco is the second greatest killer. Heart disease is No. 1; although emphysema is the number one killer today among veterans of World War II. Tobacco smoke encourages heart failure in two ways: (1) it breaks down the heart muscle, and (2) yet stimulates the heart to increase its beat about 12 beats a minute."

"The Cancer Research Insti-

tute in London has hard evidence on tobacco damage. If you take two 16 year old boys, and one begins to smoke and smokes a pack a day, and the other one does not smoke, and they live out their lives in London, England—that one pack a day will take 14.1 years off the life of the smoker."

Alcohol Still Predominant

Dr. Doorenbos says that despite the tremendous spread of Marijuana and other drugs, alcohol still is the major drug used on college campuses today. And it causes more students to need help—in counselling, in psychiatric and psychology assistance—than anything else. "Alcohol disables," says Dr. Doorenbos. "We have 6.5 million alcoholics. One out of every 15 who drinks becomes alcoholic, and alcohol is one of the major causes of death in America today. Its total devastation in our society is almost unmeasurable."

"In communicating with young people about drug abuse, I think we need to be willing to recognize that alcohol and tobacco, which are legal, and which are widely used, are forms of drug abuse."

Dr. Doorenbos is unalterably opposed to legalizing Marijuana. He feels that when the facts begin to come in, most people

will want to keep it rigidly under legal control.

Thurmont Grange Observes 25th Anniversary

Thurmont Grange No. 409 celebrated its 25th anniversary, March 30 at the Rocky Ridge Fire Hall. The evening began with a social hour followed by a turkey and oyster dinner served to 240 persons attending the celebration. The meal was prepared and served by the Willing Workers Society of Mt. Tabor Lutheran Church of Rocky Ridge.

James Royer, Master of the Thurmont Grange, welcomed the group and the invocation was given by James E. Moser. Toastmaster for the evening was Rodman Myers. Guests introduced were: National Grange Master, John W. Scott and Mrs. Scott; Maryland State Grange Master J. Herbert Snyder; Pomona Grange Master Jesse I. Burall, Mrs. Tobias Zimmerman, Mrs. Howard Quinn, Mrs. Lawrence Crickenger; Mrs. Mary Shannon, past lecturer of Pennsylvania State Grange; and Russell Stauffer, Illinois State Grange Master.

Officers of Maryland State Grange present were: John Maus, Miss Frances Darner, Mrs. Ruby H. Huff, Mrs. Catherine Shriver, Mr. and Mrs. Frank Darner, Mr. Bruce Crum, Mr. Edward Holter, and Mr. James Bushey.

Outstanding young persons present were: Nancy Fink, Mike Wivell, Mary Lynn Ogle and Kevin Hall. Also County Commissioner Donald Lewis, Mayor James Black, Tom Mills and Henry Shoemaker.

The program began with the singing of "The Star Spangled Banner," and silence in memory

of the deceased members. Mrs. Dawn Moser sang, "My Task," and "Remember Me, O Lord," and her accompanist was Mrs. Darlene Clem. Young children of the Grange members sang two selections, "I've been working in the cow barn," and "Do-Re-Me," directed by Mrs. Patricia Meunier and their accompanist was Mrs. Peggy Boyer.

Mayor James Black presented a resolution from the Commissioners of Thurmont congratulating Thurmont Grange No. 409 on its 25th anniversary and their service to the community. Historical slides and pictures were narrated by William Baker and James Moser, assisted by Ralph Fornwald and Gary Barkman.

Mrs. Ethel Brauer sang "Love I Blue," and "Raindrops keep falling on my head," and her accompanist was Paulette Alexander.

National Grange Master John

W. Scott and Mrs. Scott gave appropriate remarks and presented the active charter members with 25 year certificates and pins. These were: Mr. and Mrs. Lester Bittner, Mr. and Mrs. Claude Favorite, Mr. and Mrs. Wilbur Fox, William R. Zentz, and Mr. and Mrs. Charles F. Myers.

Not present for certificates and pins were: Mrs. Lola Zentz and Mr. and Mrs. Harry A. Zentz. The program closed with singing of "Blest Be The Tie That Binds."

Members of the program committee were: Ralph Fornwald, Chairman; Mr. and Mrs. James Royer, Mrs. Helen Myers, Mrs. Mae Moser, Mrs. Isabelle Mathias, Allan Brauer and Rodman Myers. Arrangements for the banquet were made by Mrs. Jean Myers, chairman; Mrs. Marie Zentz, Mrs. Martha Favorite, Mrs. Josephine Eyer and Mrs. Ethel Brauer.

Capitol Comment

By Charles McC Mathias
U.S. Senator

Legislation Introduced To Preserve Antietam

Last year over half a million Americans visited the Antietam Battlefield in Western Maryland. Few of these visitors realized that the present national battlefield embraces only a portion of the actual battle scene, and that many of the most famous sites are in fact outside the current federal property. These include the Cornfield, scene of tremendous slaughter and the West Woods behind the Dunkard Church, the probable location of the field hospital used by Clara Barton, the founder of the American Red Cross.

The Battle of Antietam on September 17, 1862, was the turning point of the Civil War and the bloodiest single day in American history. The full site of this great struggle ought to be preserved as a monument to the tragedy of war and as an enduring symbol of our respect for our national heritage. Senator J. Glenn Beall, Jr., Representative Goodloe Byron and I are introducing legislation to expand the Antietam National Battlefield and make this historic area a national monument.

Our legislation incorporates the recommendations of many public officials, historical societies and concerned citizens of Western Maryland, all of whom recognize that the survival of the Antietam Battlefield can no longer be entrusted to chance or private action. We believe that this legislation merits wide support and will work for its enactment in this Congress. The measures authorize the expansion of the national bat-

tlefield, now about 1100 acres, to a total of 3400 acres. This would include the 1800-acre site of the actual battle, plus an "environmental protection zone" of 1600 acres, intended to preserve the present, largely rural scenery around the battlefield and along lower Antietam Creek to its junction with the Chesapeake and Ohio Canal National Historical Park. Within this total, 400 acres would be designated for enlargement of the Antietam National Cemetery.

Under the legislation, owners of residential or agricultural properties within the expanded area would, in most cases, have the option of retaining rights of use and occupancy of their properties for purposes compatible with the project.

The bill establishes a seven-member advisory commission, including representatives of Washington County and the State of Maryland, to advise and assist the Secretary of the Interior in historical preservation and interpretation, environmental protection and coordination with other federal, state and local parks and programs in the area.

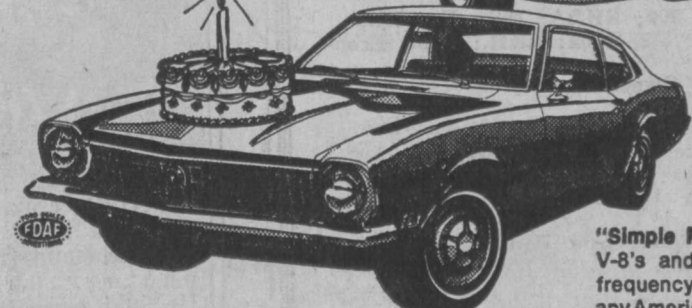

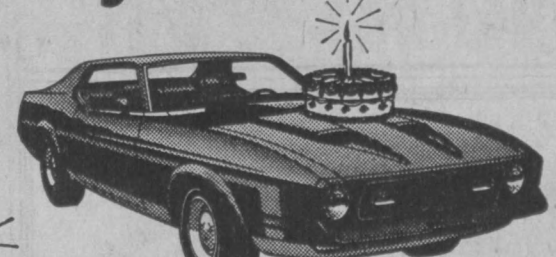

Unless Congress acts now, these historical sites may become unrecognizable and unavailable to future visitors to Antietam. If development is allowed to march ahead, it may wreak devastation more permanent than that caused by the great battle itself. We should act now to insure that this irreplaceable part of our heritage will remain essentially as it was when the two armies met there 109 years ago."

By
Congressman Goodloe Byron
Maryland—Sixth District

A bill to recognize and protect the civil rights of police officers has been co-sponsored by Rep. Goodloe E. Byron. Under the proposed legislation a Law Enforcement Officers Griev-

ance Commission would investigate complaints of police officers that arise out of any infringement of rights. The Commission would be established in each State or unit of local government and have equal representation from police, government and public sectors. According to Byron, the bill would also formulate a "Law Enforcement Officers Bill of Rights" providing statutory protection for the Constitutional rights and privileges of all local law enforcement officers. He said policemen would have the right to bring civil suits against others for damages arising out of official duties and would be given assistance when requested to bring such suits. Byron noted that "the physical and verbal abuse received by police officers from dissident groups and militants has caused not only police injuries and fatalities, but also a morale crisis among the front-line law enforcement officers of our country."

Bowie Races In Final Week

The \$50,000 added Barbara Fritchie Handicap is the principal attraction at Bowie Race Course during the final week of the 1971 meeting. The Fritchie at seven furlongs for fillies and

mares will have its 19th running on Saturday.

Mrs. Whitney Stone's Shuvee, champion handicap mare of 1970, is the outstanding candidate among the 41 eligibles for the Fritchie. The 5-year-old Nashua mare has not started this year and has been in training at Belmont Park since her arrival from Aiken, S. C., winter quarters. Shuvee stands third among the all-time leading money winners in the distaff division with earnings of \$724,142. The leader in this category is Cicada (\$783,674) followed by Straight Deal (\$733,020).

The Fritchie is expected to draw a number of top fillies and mares in the east. In the group and on the grounds awaiting the event are Stephen A. Calder's Office Queen, Greystone Manor Stable's Daring Step and Crown Stable's Golden Or.

Office Queen, last year's champion 3-year-old filly in the Triangle Publications poll, shipped to Bowie from Florida along with Golden Or last week. Office Queen, winner of \$263,478 last year, won two allowance races at Hialeah this season. Golden Or won three at Hialeah this year and placed to Swoon's Flower in the Black Helen Handicap.

Daring Step is the outstanding filly to campaign in the Maryland area this year. The Prince Dare miss accounted for five straight races including the Tuscarora and Conner 'Caps before engaging male opposition in the Campbell and Vincente. In the Campbell she was fifth a head before the favored Personality; Daring Step was beaten a neck by Delaware Chief and Wils Pella in the Vincente.

Elberon Farms' Process Shot, last year's Fritchie victress, is also among the eligibles. Process Shot made her seasonal debut in the Correction Handicap at Aqueduct and finished second under 129 high weight.

Co-Op Announces New Feed Division

Consolidation, on July 1, of Southern States Cooperative's feed manufacturing and merchandising functions into a new Feed Division headquartered in Richmond, under direction of M. A. Tomlinson, was announced this week by cooperative officials.

Tomlinson, 30-year SSC veteran, who has been manager of the cooperative's retail operations, has already assumed his new position. He has been succeeded as retail operations manager by H. B. Manuel, who has been manager of retail sales for the cooperative since

1962. Both men have been located here for a number of years.

Other moves in the consolidation of functions will transfer purchasing, formulating, and manufacturing phases of the cooperative's feed operations to Richmond from Baltimore, Md., including the move of several staff employees to this city. The new feed division will also include direction of feed merchandising services, formerly a part of retail sales, a chick hatchery at Elkton, Va., and egg marketing terminals at Richmond, Dorsey, Md., and Huntington, W. Va.

Greater benefits and improved feed service for cooperative patrons, as well as operating efficiencies are the main goals set for the consolidation, said J. H. Buchholz, director of Southern States Wholesale Services.

The cooperative operates feed mills in Richmond and Roanoke, Va., Baltimore, Md., Seaford, Del., and Cincinnati, Ohio.

The Maryland Jockey Club, which operates Pimlico Race Course, is America's oldest racing association. It was founded in 1743.

Tips On Car Care

Reduced Auto Pollution Begins "At Home"

Every car owner carries personal responsibility for the pollution which his own car adds to the total environment. Even though pollution control valves have been mandatory on all new cars since 1963, "simple neglect can render them useless in less than a year," according to Fram Automotive Division engineers.

A car with a non-functional pollution control valve (PCV) adds 15-30% more pollution to the atmosphere than does a car with a good valve.

One of the worst pollutants is the unburned fumes that accumulate in the engine crankcase. PCV valves are intended to get rid of these fumes by returning them to the engine to be burned. The valve regulates the flow of the crankcase fumes into the carburetor. Such valves should be checked at least every 6,000 miles and changed every 12,000 miles, according to the engineers.

The best tip for concerned car owners is to have the \$2.25 PCV valve replaced with every regular tune-up, and have the connecting hoses cleaned out. A good tune-up can be ruined by a sticky valve because the engine is set up to run with the fumes as part of the mixture. A sticky PCV valve alters the mixture and the car runs inefficiently. This increases pollution and decreases mileage.

Car owners must help carry responsibility for the proper

function of their PCV valves because they determine when the car needs a tune-up. The simplest test is to ask yourself: "When was the last time anyone asked me if my PCV valve was clogged?" Fram's engineers have estimated that more than 25% of all PCV valves on the road today are in need of replacement. Is one of them yours?

Fram's engineers have developed a free pollution tester which everyone can use to test his car. It is simply a piece of paper with a flap. Placed over the oil filler pipe of a running engine, the flap goes up when the PCV system is plugged and fumes are coming out of the engine. The flap goes down when the pollution control valve is working.

The free pollution emission tester can be obtained from Automotive Division, Fram Corporation, Providence, R. I. 02916.

Putch, will open its first full season in the new rustic modern summer theatre on Saturday, June 5 with a performance of the new farce comedy "Here Lies Jeremy Troy." Presenting the longest season

MAKE YOUR OWN POURABLE MAYONNAISE DRESSING

Whether you are serving a wedge of crisp cold western iceberg lettuce, a mixture of salad greens, or a congealed salad the dressing that is in today is a creamy real mayonnaise dressing one. Best Foods test kitchens suggest that you use Hellmann's real mayonnaise. Thin it with milk and flavor it with almost anything. For a Thousand Island Dressing, stir into 1 cup real mayonnaise, 2 tablespoons chili sauce, 2 tablespoons sweet pickle relish and 1 chopped hard cooked egg. Thin with milk to a pourable consistency. For a creamy Italian dressing, into 1 cup real mayonnaise, stir 1 tablespoon wine vinegar, season with 1 teaspoon Italian seasoning and 1/4 teaspoon garlic powder. Thin with milk to a pourable consistency.

in its history, sixteen weeks, the Playhouse group will still only produce 10 plays. The runs of the plays during the July-August period has been extended to two weeks each, which will permit more people to see each production.

Also to be presented are: "The Southwest Corner," (June 13-19); Woody Allen's comedy, "Play It Again, Sam," (June 20-July 3); the longest running hit musical of our times will play for three weeks, "Hello Dolly!" (July 5-24); the Penna. Dutch Musical, "By Hex," (July 25-Aug. 7); Neil Simon's latest hit comedy, "Plaza Suite," (Aug. 8-21); last season's big hit which starred Julie Harris, "Forty Carats," (Aug. 23-Sept. 4). The September season includes: "Come Live With Me," (Sept. 5-11); Frederick Knott's "Write Me A Murder," (Sept. 13-18), and the sophisticated comedy, "The Secretary Bird," (Sept. 20-25).

Mr. Putch plans a casting trip to New York City early in May, to line up the company for the above plays.

U. S. federal agencies, including the military, own 302,012 trucks.

Bass Limit Explained

There is a general misunderstanding about the number of black bass an angler may possess.

Director Joseph H. Manning of the Fish and Wildlife Administration explained this week that while fishermen may catch only five black bass per day and may not have more than five in possession while fishing, there is no limit on the number of black bass a fisherman can possess provided they are taken legally.

Fishing Regulation Review

The Fish and Wildlife Administration suggests a review of rules and regulations before spring fishing fever reaches a peak. Copies of fresh water fishing laws may be obtained from the office of all County Circuit Courts and license agents, or from

the Administration offices.

According to the Administration there is no closed season on fresh water fish, and fishermen may fish 365 days a year.

The daily creel limit allows a catch of 5 black bass in aggregate, 5 pike or pickerel, northern pike and muskellunge in aggregate but not more than two northern pike or muskellunge, 5 walleyes, and 7 trout in aggregate.

All Maryland fishermen, except residents 70 years of age and over and children under 16, must possess a fishing license. Also no license is required of any landowner, his family and tenants to fish on his property.

The resident fresh water fishing license costs \$4.50 and is available from all County Circuit Courts or license agents.

Health Hints

FROM BLUE SHIELD

Eye Irritation

If a particle of dirt or other foreign substance enters the eye, lift the upper lid and pull down over the lower lid so that the watering of the eye will wash out the speck. If this proves unsuccessful, wash the irritated area with drops of lukewarm water. In instances when the speck still remains and damage may be done to the eye, avoid self-treatment and consult your physician.

Fatigue

Relieve fatigue from physical exertion with added rest and sleep. On the other hand, if you experience fatigue from a sedentary occupation and way of life, get some exercise. Brisk walks, jogging, cycling and sports, such as golf or bowling are helpful. Also, check your environment at work and home for causes of fatigue. Bad lighting, poor ventilation, excessive noise, and variations in temperature may be at fault. If fatigue becomes chronic, see your doctor.

Pesticides

The increasing use of pesticides to keep homes free of insects and protect plant life requires certain precautions on the part of the user. First, read the directions on the label of the container and note all cautions and warnings. Second, keep pesticides away from children or pets. Third, make certain the container is tightly sealed and never transfer the contents to another unlabeled container.

We're close to a cure for leukemia.

It's almost too good to believe. A whole crop of kids who are alive and well 5 years or more after getting a new kind of drug treatment for leukemia. And after 5 years, cancer researchers begin to hesitatingly, hopefully, talk of a permanent "cure."

Work has been going on feverishly ever since this kind of therapy was started in 1964. And each year, the children who get leukemia have a far better chance of cure than those of the year before.

The American Cancer Society plays a vital part in this exciting work. So, when our volunteer comes to your door this month, be generous. Especially if you have children. Or grandchildren.

American Cancer Society
We want to wipe out cancer in your lifetime.

BUSINESS and the STOCK MARKET

by BABSON'S REPORTS INC.

How Business Looks

By Babson's Reports Incorporated, Wellesley Hills, Mass., April 15, 1971.—As we move into the second quarter of the year, it is becoming more evident that the economy is emerging from the doldrums. The Babson Research Staff, however, feels that the key question is still how rapid the recovery will be. In recent weeks there has been increasing doubt as to the reliability of the Nixon Administration's prediction that the Gross National Product will reach the record-smashing rate of \$1.065 trillion by the end of 1971.

Not A Cinch

At this time it appears the Administration may have set its sights too high. It could well be that, unless additional pump-priming measures are initiated, the loginess which still pervades general business may prevent achievement of the White House objectives, even though the basic trend has turned upward.

Our monetary policy has thus far not been able to move business upward to any appreciable degree. Even the infusion of credit into the banking system has not led to expansion of legitimate business endeavors, and loan demand continues to lag. The Chairman of the Federal Reserve Board opposes any further speed-up in credit expansion because of the persistent inflation threat, plus the lack of credit demand.

Other Possible Assists

Liberalizing of depreciation guidelines and hike in social security payments are steps in the right direction. Also, post-

ponement until 1972 of expansion of the social security tax base is helpful in lifting demand for goods and services. But unless the economy picks up soon, it may take further stimuli to get things going.

High on the list could be a tax cut. This could stem from early implementation of the benefits included in the 1969 tax reform program. The Research Staff of Babson's Reports does not, however, expect a move of this nature to be made until after midyear. Some form of "incomes policy" is another possibility.

This Quarter Crucial

As our 1971 Business Forecast earlier predicted, the first quarter of this year was marked by substantial strength in steel and autos. Residential building also provided some support. However, it was disappointing that other economic forces did not also gain momentum.

This second calendar quarter will bear special watching.

Steel inventory accumulation — in anticipation of a possible strike — will probably be the backbone of industrial activity. We are also headed into the brisk season for home building. But the rest of the picture is less clear. Consumer spending has shown some improvement in recent weeks, but the sustained high unemployment rate and the scarcity of jobs are stifling confidence. And business still shows little inclination to expand inventories or step up capital outlays.

Deceptive Comparisons

In examining the performance of the economy during this quarter, we must look beneath the surface rather than accept at face value what appear to be solid year-to-year advances. Physical volume of business, for example, is likely to show up favorably versus a year ago because results for the second quarter of 1970 were hurt by the Teamsters' strike against the trucking industry.

In terms of dollar value, there is the added consideration of the inflation factor. Sales, as well as costs, are magnified by rising prices, thus making the results for the current year even more impressive as compared with 1970's second quarter.

Outlook Still Constructive
Overall, despite the many

problems surrounding us — including possible upcoming strikes — the staff of Babson's Reports views prospects for 1971 as being generally constructive. There will be gains despite probable work stoppages, but they are likely to be moderate.

Mini-Bikes Banned From Public Roads

With the advent of warm weather, Commissioner of Motor Vehicles, Ejner J. Johnson, reminded parents that mini-bikes and other motorized play vehicles are banned from State highways and streets unless operated by a licensed driver and registered with the Department of Motor Vehicles.

Commissioner Johnson noted, however, that most mini-bikes and similar vehicles cannot be registered since they fail to meet Maryland safety standards established by the Department of Motor Vehicles for motorcycles and motor bikes. Equipment required on such vehicles includes: white head lamp; red rear lamp capable of being visible for at least 300 feet; license plate lamp; brakes; muffler; two rear view mirrors, one on each handle bar; fenders on front and rear; and a red rear reflector.

Drivers of such vehicles must have a valid Class E Motorcycle

Operator's License to operate on State highways and public streets. They must also have proof of financial responsibility or pay the uninsured motorist's fee before a license tag will be issued. Under Maryland's Classified Licensing System, applicants for a Class E Motorcycle must be at least 18 years of age, or at least 16 years of age and have completed an accredited driver's education course.

Commissioner Johnson cautioned that public parking lots, such as shopping centers, are considered part of the State highways in many counties and are, therefore, covered by the Motor Vehicle Code. He advised parents and youngsters to check with their local police department before operating a mini-bike on such property.

NOTICES

CARD OF THANKS

The family of Charles Arthur Elder would like to take this opportunity to thank relatives and so many truly sincere friends for all their prayers, kindness, flowers and cards during this time of deepest grief in our hearts. He loved and worked for this community in which he lived. He was proud to be a part of it. It is a great comfort to the family to know his work has not been in vain; deep friendships will not be forgotten.

Sincerely,
His Wife and Children

Mountain Fire
Burns 50 Acres

Five fire companies assisted by a helicopter and a crew from the State Department of Forest and Waters headquarters, Mt. Alto, battled a difficult field and woods fire on Jack's Mountain that destroyed approximately 50 acres of land Monday morning.

Fountaindale firemen received the initial call to a woods fire at 9:37 Monday. After several attempts to bring the fire under control failed, they called the Fairfield Fire Co. at 10:53 a.m. At 11:15 a.m. Emmitsburg and Blue Ridge Summit Fire Companies and the Forestry department crew were dispatched to the scene. About 12:30 p.m. the fire was considered under control and some companies included

ing Emmitsburg, Fairfield and Blue Ridge were permitted to return to their quarters. A state helicopter was used to dump water on the flames.

According to reports received by Emmitsburg Fire Chief Guy R. McLaughlin, the fire started along Route 16 at the intersection of the Jack's Mountain Road, three miles west of Zora on the old Sprinkle farm. McLaughlin's report indicated a man, yet to be identified, was burning off fields and his fire spread into the woods at the base of Jack's Mountain.

VFW AMBULANCE

Joan Gelwicks, De Paul St.; Ruth Edgar, DePaul St.; Mrs. Helen Keil, Baltimore; and Judy Dick, Emmitsburg, were transported to the Warner Hospital, Gettysburg, in the VFW ambulance.

Miss Mary Hobbs was transported from the Warner Hospital to her home in Emmitt Gardens. J. Ward Kerrigan, E. Main St., was transported to the Hanover Hospital in the vehicle.

Drivers were Paul E. Humerick, James Kittingerr, and Leo M. Boyle.

The largest city trucking center in the U. S. is Chicago, which is home for 118 carriers. New York ranks a close second with 112 carriers, and Los Angeles is third with 99.

To Make Survey
Of Employment

The Bureau of the Census will conduct a survey of employment and unemployment in this area during the week of April 19, John G. Gibson, Director of the Bureau's regional office in Philadelphia, announced this week.

This survey is conducted monthly by the Bureau for the U. S. Department of Labor. A scientifically selected sample of households throughout the entire United States is interviewed. The employment and unemployment statistics that are based on the results of this survey provide a continuing measure of the economic health of the Nation.

In February, for example, unemployment edged down for the

second straight month: on a seasonally adjusted bases, 5.8 per cent of the labor force was out of work as compared with 6.0 in January and 6.2 per cent in December.

Facts supplied by individuals participating in the survey are kept strictly confidential by law, and the results are used only to compile statistical totals.

Interviewers who will visit households in this area include: Mrs. Marjorie A. Fee, Frederick, and Mrs. Jessie L. Haddock, Hagerstown.

An average large truck pays as much in state highway use taxes as 31 passenger cars.

ZIP Column

Postmaster General Blount announced Monday that the first "National Service Goal" of the U. S. Postal Service will be next day delivery of Zip Coded Airmail to principal cities within 600 miles. He also set a goal of second-day airmail delivery between most major cities within the continental United States.

I wish to remind our customers that there will be new increased postage rates, effective sometime the first part of May.

Please check this column in the near future, as I will give the dates and amount of increase as soon as they are available.

George E. Rosensteel, PM
Easter Dinner

An Easter dinner was held at the home of Mr. and Mrs. William Koontz and Janie, on Sunday. Those attending were: Mr. Charles P. Koontz; Mr. and Mrs. Joseph F. Topper and children; and Mr. and Mrs. Jack Koontz and children, all of Taneytown; Mr. and Mrs. Edgar Riley and Linda Kay and Michael Riley, and Mrs. Raymond Stahley and son, Gettysburg; Mr. and Mrs. Walter Preston and son, York; Mrs. Robert Swope and children, New Oxford; Mr. and Mrs. Marshall Manahan and sons; Mrs. Joseph Tressler and children, and Mr. and Mrs. Maurice Kline and daughters, all of Smithsburg; Mrs. Linda Graff and daughter, Waynesboro; Mr. and Mrs. Robert Burns and children, Mont Alto; and Mr. and Mrs. Carroll Byard and sons, of Emmitsburg.

A delicious meal was served and enjoyed by all.

Steppenwolf At Mount

Steppenwolf will perform in concert at Mount Saint Mary's College on Saturday evening, April 24.

Steppenwolf's concert will be part of Mount Saint Mary's annual Spring Weekend. It will begin at 8:00 p.m. in the Mount Saint Mary's Memorial Gymnasium.

Steppenwolf's music is wide-ranging. They are best known for raucous works like "Born to

Be Wild," but they are capable of making more subtle music, like their current single, "Snow Blind Friend."

Steppenwolf is named after the Hesse novel that decries man's alienation from civilization. They had been together two and one-half years when "Born to Be Wild," their first million-seller, earned them national attention. They have had one other million-selling single and four million-selling albums.

Steppenwolf on stage is electricity. Newsweek has said that the group's "... performances show astonishing musical ability and a combustible spontaneity that lights fires under their audiences."

Appearing with Steppenwolf will be Jimmie Andreas Spheris, a young single artist from the East Coast.

The Steppenwolf concert is open to the public. Tickets at \$5.00 apiece can be purchased at the main desk of the Mount Saint Mary's Student Union between 9:00 a.m. and 5:00 p.m. from Monday through Friday. Tickets will also be available at the door on the night of the concert.

Mount Publishes New Journal

Mount Saint Mary's College has published Volume 1, Number 1 of its new "Interdisciplinary Essays" journal.

This first edition contains talks presented in the Mount Saint Mary's Interdisciplinary Essays lecture series during the first semester of the current academic year. The lecture series was instituted as a forum for the interchange of ideas among the different teaching disciplines. To date the series has included six lectures by both Mount Saint Mary's and visiting professors.

The first edition of the "Interdisciplinary Essays" journal contains three articles by Mount St. Mary's faculty members and one by Curt McCray from Saginaw Valley College in Michigan. McCray's article considers the curricula in ecology and education and attempts to show that these problems, and their solutions, are related. Dr. Emile Nakhleh of the Mount Saint Mary's History

and Political Science Department has an article on Mahmud Darwish, the young Arab poet from Israel. Dr. William Meredith, chairman of the Science Department, writes on the role science can play in the ecological crisis. And, George Winnes of the Philosophy Department discusses Aristotle and his analysis of nature, his analysis of action, and his "Poetics".

Two Mount Saint Mary's faculty members, Stephen Good and Olaf Tollefson, serve as editors of the "Interdisciplinary Essays" journal.

The second edition containing lectures presented during the second semester will be published in August.

Director To Speak Data Processing

James M. Anthony, Jr., Director of Data Processing for the Southeast and Northeast provinces of the Daughters of Charity of St. Joseph's, will lecture on computers at St. Joseph College on April 22.

His speech is entitled "Computers in Business Administration, Dietetics, and Medicine" and will begin at 7:30 p.m. in Dodd Lecture Hall. Sponsored by the Mathematics Departments of St. Joseph's and Mt. St. Mary's Colleges, the lecture is open to the public.

Mr. Anthony received his B.E.S. degree from Johns Hopkins University in 1960. He has also done graduate work at George Washington University in hospital information systems.

Prior to Mr. Anthony's lecture, St. Joseph and Mt. St. Mary's students in the joint computer science course will speak to a variety of classes on both campuses in order to introduce students to computer application in different fields.

Simplify Baking For Spring

When warmer weather beckons the family outdoors, mom needn't be left behind in the kitchen. She can do the baking and still have time to enjoy spring's many activities. The secret is relying on convenience foods when making the family favorites. For sour cream cake at its easiest, start with cup cake mix. Combine it with sour cream and eggs, and the cake batter is ready for the oven. Plan on frequent requests for seconds of this moist and tender cake topped with chocolate butter frosting.

Easy Sour Cream Cake

Makes 9 servings

Cake:
One 11½-oz. pkg. Flako
Cup Cake Mix
½ cup dairy sour cream
2 eggs

1½ cups sifted
confectioners sugar
2 tablespoons milk
1 oz. (1 sq.) unsweetened
chocolate, melted and
cooled

Chocolate Frosting:

3 tablespoons butter or
margarine

Heat oven to moderate (350°F.). Grease and flour an 8-inch square baking pan. Place small amount of cup cake mix in mixer bowl; alternately add sour cream and remaining cup cake mix, beating well after each addition. Add eggs. Beat 1 minute. (If using mixer, beat at low speed.) Pour batter into prepared pan. Bake in preheated oven (350°F.) 20 to 25 minutes.

Let cake cool ten minutes or until cake leaves side of pan. Loosen with knife or spatula and cool on a wire rack.

For frosting, beat together butter and sugar until fluffy. Slowly add milk. Stir in melted chocolate. Frost top of cake.

INGENIOUS SOLUTIONS TO AGING PROBLEMS

Will the man of tomorrow live, as a matter of course, to the age of 100... 125... even 150 years? Sober scientists are convinced of that possibility.

For medical progress is steadily boosting the proportion of senior citizens among the general population. One result has been an increasing concern with the special problems of the aging.

Solutions vary with the national level of social advancement, for "old age" means different things in different regions. The most recent worldwide figures show that the American man attains the average age of 67 and the American woman, 74.2. The highest life expectancy for males (71.6 years) is found in Sweden, and the highest for females (76.2 years) in Iceland.

By appalling contrast, the lowest life expectancies occur in underdeveloped countries: 25 years for males in Gabon and 28 years for females in Guinea. That's why Catholic Relief Services, which functions in over 70 underdeveloped countries, focuses on such elemental challenges as

seeing that millions of impoverished elderly persons receive adequate food, clothing, housing and medical care. Those are the top priorities in allocating funds raised through your contributions sent to the nearest Catholic church or to Catholic Overseas Aid, Empire State Building, New York, N.Y. 10001, during this year's March 14-21 campaign.

In the U.S., specialists in problems of the aging can afford to look beyond mere survival. Thus, retirement communities have become popular as places in which the elderly can maintain their independence and grow old gracefully surrounded by others of their generation amid special amenities geared to their years. These include dwelling architecture tailored to their needs: ramps instead of stairs, interior design that eliminates bending and reaching, modified lighting, heating and ventilation.

And one expert study stresses the need for easy access to parks, gardens and community centers. In these surroundings, the elderly — through contact with other oldsters — can keep alive not only physically but socially, intellectually and spiritually.
