## Most Anything At A Glance

- By Abigail -

Last week Commissioner Myers asked for our opinions on the proposed town park for Emmitsburg. How many of you have offered comments to Myers or any other Commissioner? I have said before and will say again that a civic park is a great idea as I see it. Every one who has spoken to Abby on the subject has thought it is a good idea also. Why don't we all get behind the Commissioners this year and show everyone that we can work together as a community for this worthwhile cause. The potential benefits to the town are enormous. A well-located park will hold the interest of the youngsters and keep them off the streets, as well as providing a place for the oldsters to relax and take it easy. If we get working now, we can have the park ready to go by next spring. Why don't you tell Commissioner Myers that get busy right now so that we won't be disappointed?

I hate to say that I told you so, but it sure is true this time. The town commissioners must never go down to the square like I speculated, or they would see that something is done about those broken sidewalks. Last week I stumbled again and I've seen others shuffling through the broken patches. Don't we have an ordinance which requires that everyone keep their sidewalk in tip-top shape? If we do, the town fathers ought to see that it is enforced; if we don't, they ought to pass one. Emmitsburg certainly is not putting its best foot forward to visitors when so many sidewalks need repair. How can local citizens be proud of their square? "How about it Commissioners, why don't we get something done?"

I'm told that 23,000 visitors were in the area last October to take part in the seventh annual COLORfest. Last year's program lists many activities on that weekend with something going on almost every hour on Friday, Saturday and Sunday. That many people had to spend a considerable amount of money in the area, boosting one of our best businesses, tourism. It's too bad more activities were not going on in Emmitsburg so that more of that money would find its way up here.

The Catocin Mountain Tourist Council wants Emmitsburg to get fully involved in the COLORfest this year and it sounds like a good idea to me. Plans are already under way for one or two events in Emmitsburg, but it's not too late for others to get active. We could have two or three events going on in the square which would lure people to our town after they tour the park. Everybody has to eat, why doesn't one group put on a feed and make some money? Perhaps somebody could have a sale on the square. If Council predictions hold up, there will be more than the 23,000 tourists available this year on COLORfest weekend and many of these will come back for two or three weeks after. What better opportunity could there be for local merchants and entrepreneurs.

This is National Farm Safety Week and a good week to take a close look at your tractor. Of 2400 accidental deaths connected with agriculture in 1970, about 1,000 involved tractors with 600 of those resulting from overturns. It is estimated that 90% of the lives lost in overturns could have been saved with protective cabs, frames, or seat belts.

The heavens certainly have been struggling in their attempts to bring us some rain. Sometimes you can almost feel the effort. We sure need

(Continued On Page 8)

## Chairmen Listed For Church Picnic

Committee chairmen are busy 'organizing their troops' to make preparations for the annual St. Joseph's Church picnic to be held on August 14 at the church grove on DePaul Street. One of the main attractions will be a barbecue chicken dinner. Bud Shorb, Clyde Eyer, Charles Dillon and George Danner will be in charge of the barbecue with Mrs. Frances Rosensteel and Mrs. Edna Shorb in charge of the buffet.

Other chairmen for the various amusement and refreshment tables include: Francis Adelsberger, cash raffle; Guy Baker, Jr., corn game; Mrs. Roger Zurgable, fancy table; Mrs. Stanley Lupinski, sandwich table; Mrs. Lamar Green, cake and candy table; Mrs. Helen Brown, white elephant table; Eugene Myers, games; Monroe Hewitt, soft drinks; Mrs. Michael Boyle, publicity; and Mrs. Donald Topper, snow cones.

Many parishioners, unable to be mentioned, have volunteered their services to help set up for the picnic and also help at the various tables.

Friends of the parish are cordially invited to attend the picnic which will begin at 12 noon and continue throughout the evening. Should there be inclement weather on the 14th a rain date has been scheduled for Sunday, August 15.

## Longer Bike Hike Planned August 7

After a very successful bike hike on July 17 on which better than 40 riders participated, another hike is being planned for August 7.

The last hike, which covered a distance of about 21 miles along the C & O Canal from Harper's Ferry to the Monocacy Aqueduct, was primarily intended for children under thirteen years of age. The next hike will be planned for teenagers, but younger children and adults are welcome. There will be one or two stopping-off places for those who tire before completing the total distance. Like the previous trip, bikes and riders will be picked up by truck and bus and transported to the starting point. The time schedule will follow the last trip with the first pick-up at St. Joseph's High School, Emmitsburg, at 7:30 a.m.; at Catocin High at 8:00 a.m.; and at Thurmont Middle School at 8:10 a.m. This trip will cover a different section of the C & O Canal, starting at Williamsport and going to Harper's Ferry, a distance of about 38 miles.

## Senior Citizens Plan Picnic Aug. 17

The Emmitsburg Senior Citizens Club is having its annual picnic at the picnic grounds of St. Joseph's College on Tuesday evening, August 17, at 6:30 p.m. The meat for the outing will be contributed by specific members. Everyone bring his favorite picnic dishes and have a gala time.

The club has received an invitation to the Third Annual Potomac River Festival to be held at Brunswick on August 13, 1971. A whole day of amusements and tours has been planned and assure everyone of an enjoyable outing.

## NOTICE!

There will be no issue of the Chronicle next Thursday, August 5, 1971. All employees will receive a well deserved vacation. The Chronicle will return to its regular schedule on August 12, 1971.

## Area Deaths

EDWARD J. ROSENSTEEL

Edward J. Rosensteel, well-known resident of Emmitsburg, died at the Frederick Nursing Center in Frederick Wednesday morning.

He was born in St. Anthony's on November 5, 1881, the son of the late James and Annie Eiker Rosensteel. Mr. Rosensteel's wife, Mrs. Annie O'Toole Rosensteel, predeceased him on Sept. 14, 1969.

Surviving are one son, Earl T. Rosensteel, Frederick; one sister, Miss Margaret Rosensteel, St. Anthony's; a granddaughter, Miss Rosemary Rosensteel, Frederick, and a number of nieces and nephews.

Mr. Rosensteel was a member of St. Anthony's Shrine and the Holy Name Society. He was employed at Mt. St. Mary's College for 55 years and retired in 1954.

Friends may call at the M. R. Etchison and Son Funeral Home, 109 East Church St., Frederick, this evening. The Rosary will be recited at 7:30 o'clock.

A Mass will be celebrated on Friday at 10 a.m. at St. Anthony's Shrine. Interment will be in the New St. Joseph's Cemetery, Emmitsburg.

## MRS. MAURICE O. REED

Mrs. Lillian Elizabeth Reed, 61, Thurmont, wife of the late Maurice O. Reed, died Saturday at her home.

Born in Frederick County, she was the daughter of the late Jeremiah and Lessie Shuff Mark.

She had been employed at Thurmont's Claire Frock Co. for the last 16 years.

She is survived by a daughter, Mrs. Charles Long, Emmitsburg; two sons, Roy C. Reed and Clifford C. Reed, both of Thurmont; three grandchildren; a sister, Mrs. Clara Fuss, Thurmont; and several nieces and nephews.

Funeral services were held at the Creager Funeral Home, Thurmont, Tuesday at 11 a.m. with the Rev. Harry E. Krone officiating. Interment was in Blue Ridge Cemetery.

## Children's Books Featured In Display

Featured this week in the Emmitsburg Library window are books on children. Everyone is concerned for their children, their meals, their clothing, their schooling, their thoughts and their general welfare. Since we are parents for the first time there is a lot that we do not know about our children. By the time the first one is grown or well on the way, we look back and see the things we would have done differently or where our mistakes have been made. I do not advocate a full diet of Dr. Spock but I do think we can open our minds to our children's needs by reading more about their upbringing. We have a whole world of books on children from the cradle to young adulthood. Some few are given as examples of what you will find in the local library.

## To Name Architect For Town School

The agenda for the Board of Education meeting next week is as follows:

Resignations and appointments; report of Vocational Advisory Committee and report of kindergarten program by Iris Zimmerman.

Old business: Resolution—disposal of Point of Rocks School; capital improvement budget for FY 1972 for County Commissioner approval; Woodsboro School schematic plans; and elementary report cards—scheduling of conference periods.

New business: Intercom for Valley School; gas line easement for Waverly and Rock Creek Center; Emmitsburg School—assignment of architect.

Bids: Relocation of portable classrooms; musical instruments, and resurfacing tennis and basketball courts at Walkersville High School.

## Southern States Cooperative Has Membership Meeting Tuesday

Emmitsburg Feed and Farm Supply Manager Ralph D. Lindsey is presented the Southern States Cooperative Service Award by Advisory Board Chairman Charles Brauer. Long time members Harry Swomley and Floyd Woods, active in cooperative affairs for fifteen years, look on.

There was also the showing of a 15-minute color membership motion picture and an audience participation quiz, "What's Your CQ?" conducted by R. A. Nickle, regional representative of Southern States Cooperative. This quiz tested participants' "Cooperative Intelligence Quotient", or knowledge of Southern States Cooperative. Nickle also reported that the regional cooperative — which serves patron-members in Virginia, Maryland, Delaware, West Virginia and Kentucky — had a total volume of about \$149,500,000 for the year ended June 30.

There was also the election of a delegate to a District Election meeting to be held in Cockeysville this fall. Mr. Charles Brauer of Rocky Ridge was named delegate.

One of the highlights of the meeting was a report on local operations and services given by Ralph Lindsey, manager of Emmitsburg Feed & Farm Supply. He reported that total volume for the agency service for the past fiscal year was about \$50,000 and that the association would pay a 1% refund to its patron-members this year.

The session also included the presentation of Cooperative Service Awards to Emmitsburg Feed & Farm Supply and to manager Ralph Lindsey.

Retiring Southern States Cooperative Advisory Board members Harry Swomley and Charles Brauer were presented appreciation plaques by Regional Representative R. A. Nickle at the membership meeting July 27. Swomley and Brauer have been Board members for three years.

## District President Installs New Officers At Legion Auxiliary Meeting

The regular monthly meeting of the Francis X. Elder Unit 121, American Legion Auxiliary, was held recently with President Anna Bushman presiding. Fifteen members and two guests were present. The minutes and treasurer's reports were read and approved. The Department Bulletin was then read by the president.

Motions were made and seconded to pay the bills as presented, namely: Engraving the trophy and the Poppy percentage.

Thank-you notes were read from Mrs. Viola Hemler for her Mother's Day gift; from Bonnie Gore of the Emmitsburg Public School for the cash award for history, and from John S. Hollinger, Jr., of St. Joseph's High School for the social studies award.

An invitation to attend the Installation Ceremonies was received from the Cascade American Legion.

An endorsement was received from the Lithuanian Unit 154 endorsing Mrs. Shirley Colley for Department Sgt.-at-Arms at the 1971 convention in Ocean City, Md.

It was announced that the "Elizabeth Hahn Recovery Fund" was no longer active. This topic had been discussed

## Tourist Council Discusses Center

The regular monthly meeting of the Catocin Mountain Tourist Council was held on Thursday, July 22, at Royer's Restaurant in Thurmont. Items of business included a review of recent discussions concerning the Route 15 Information Center to be located in the area. The complex is to include the information center which will be rented by a private firm and a separate rest area. About 20 acres of land will be required. The information center alone will cost in excess of \$100,000. Charles Anderson and Allan Eddy were favorably impressed by the enthusiasm of the tourist group and said that they received one of the best receptions in the state at the recent planning meeting for the information center.

The place mat project is going well. It is anticipated that 500,000 mats will be sold again this year. The Eighth Annual COLORfest is scheduled for October 15, 16, 17. Plans are being made to accommodate more visitors than the 23,000 which toured the area last year. The council is anxious to have the Emmitsburg and Fairfield area become more active than they were last year. It is hoped that each area will develop several activities so that many of the visitors will have reason to leave the Thurmont area and travel to other locations in the tourist group's area. It was pointed out that this is an ideal opportunity for local groups to provide services for the tourists and realize benefits for themselves.

The Thurmont Community Show and Exhibit are scheduled for the end of September at Catocin High School. The Country Store in the State Park is currently open every weekend and doing in excess of \$450 in sales weekly. Last year the store was open every other weekend and sales were about the same, therefore 1971 sales are about double those of 1970.

Additional emphasis was placed on new membership. It is hoped the businesses in all Council areas will support the activities which increase local tourism which is an important local industry. Tourist money spent in the area benefits all local businesses eventually.

## Letter To Editor

I think that the citizens of Emmitsburg should know why the band hasn't been going to the parades like they used to. This year, baseball has interfered a lot with the parades. Many people put everything else above the band on their list of priorities. The band always seems to take last place. We can't even have practice because nobody shows up for it. Many members complain because we aren't learning new music. How can you teach music to a bunch of empty chairs? You can't just teach a few people and then expect the rest to know it. When enough show up for practice, there is a lot of interference outside. People who don't even belong in the building are running around the halls and carrying on in front of the building. This makes practice very difficult to control.

Anyone wishing to join the band is urged to do so. We can use new and old members. We hate to see this band fall apart, but I'm afraid it may. We have three invitations to parades, but it is up to the band as to whether we go or not. These invitations are: July 29, Thurmont; Aug. 5, Littlestown; and Aug. 19, Rocky Ridge. So come on now. Let's get to work and get this band back in shape. We can do it. Emmitsburg needs music! Band practice is on Monday nights at 7:30. Let's get going.

The band is going to have a picnic at the home of Mr. and Mrs. Charles Wm. Koontz on Sept. 5. Any parents wishing to make anything for the picnic are more than welcome to do so.

Call 662-6333 to report a fire

## Checker Tourney At Teen Center

The Teen Center had another successful Saturday night with about 54 teens in attendance. Golf instruction was provided by Mr. John Sokolowski, who has arranged to take this week's class to the Red Top Driving Range on Tuesday night, Aug. 3. So far, about eight teens have expressed an interest in golf; however, if other teenagers are interested, they should be at the school Tuesday evening at 6:00. Transportation will be provided. Plans are also under way to arrange a golf tournament at a later date.

This Saturday night, a checker tournament will begin to determine the real checker king of Emmitsburg. The checker king and first runner-up will both receive a prize. Here's a chance for the girls to make it checker queen instead of king!

Last Monday night, about 25 teens rode the bus to Catocin High where some participated in a casting clinic, and others spent the evening doing a variety of things including shooting archery.

Friday night, July 30, at 7 p.m., there will be a meeting at the school of all Teen Center members. This will be an important meeting for all members and all who wish to become members.

Saturday, August 7, the Teen Center will show the movie, "The Poppy Is Also a Flower," beginning at 8:00 p.m. This is a real cloak and dagger thriller with Rita Hayworth, Yul Brynner and other great stars. Everyone that comes will enjoy the action-packed show.

## Local Youths Enlist In Army

Edward O. Adelsberger, son of Mr. and Mrs. James Adelsberger, and John V. Sherwin, son of Mr. and Mrs. Paul Sherwin, left last Monday for Fort Dix, New Jersey, after enlisting in the U. S. Army.

Both are recent graduates of Mt. St. Mary's College, ranking 2nd and 3rd in their class of 235. Both were elected to the Monsignor Tierney Honor Society, the highest honor attainable by an undergraduate of Mt. St. Mary's College. Such election singles out the students as possessing not only of intellectual excellence, but also the esteem of their professors and fellow students and the Delta Epsilon Sigma, national scholastic honor society, which is on the basis of good character, liberal culture and excellence in scholarship.

Sherwin also received the Monsignor Bradley Memorial Prize for highest scholastic average throughout the Business Administration course, and the Patrick J. Neary Memorial Prize for the major in accounting who has distinguished himself in this area.

Adelsberger was also received into the Phi Alpha Theta, an honor society for students of distinguished American Colleges who are interested in the study of History, and the Alpha Mu Gamma national foreign language honor fraternity, which honors students for excellence in language studies. Adelsberger was President of Delta Epsilon Sigma Society during his senior year.

Both started grade school together at old St. Euphemias, later graduated from Mother Seton School and St. Joseph's High School in the same class.

All area fathers with sons are welcome to attend the annual Father-Son Picnic, sponsored by VFW Post 6658, on Sunday, August 1, at Kump's Dam Park, beginning at 1:30 p.m. according to C. W. Buch, Chairman. A member of the Redskins will attend. Refreshments will be served.

## Ex-Addicts Guests Of Youth Program

The Senior Youth Program on Wednesday, August 4, is presenting two ex-drug addicts to speak to the youth of Emmitsburg at the Mother Seton School Auditorium at 8 p.m. The speakers are provided by the "Man Alive" Drug Center in Baltimore. This house provides care, support, and medication to those in the Baltimore area trying to "kick" the drug habit. The evening is open to all the youth of Emmitsburg. Those young people not enrolled in the senior program will be charged the minimal admission of 25c. We are hoping for a good turn out.

## Youth Program Has Interesting Week

The theme of the Summer Program's third week was "Spiritual Healing." Monday the children managed to have a good time at Greenbrier State Park despite the occasional showers.

On Tuesday the theme of forgiveness was introduced. The boys and girls worked in groups and acted out situations from daily life when they would have the opportunity to forgive one another.

Wednesday they learned the song "He Ain't Heavy," which follows the theme of love and forgiveness. Then they discussed the results of forgiveness which are peace, friendship, happiness and love. These ideas were developed further in collages which the children made.

Thursday all participated in prayer service which was the culminating activity of the week. During the service, the children explained their collages to the group, sang songs, and heard readings on forgiveness. Afterward, they had the opportunity to go to confession if they wished.

This week's high school program centered around the theme "Awareness of Others". Wednesday there was a rehearsal for the next evening's activity. Then Thursday the teenagers performed at Seton Center's Family Night. They alternated some of their own numbers with songs everyone was invited to sing-along.

Friday evening began with an agape (pronounced ag-ah-pay), which is a meal expressing fraternity and love. It included songs, prayers, Scripture readings, and sharing of food. Afterwards, the boys and girls enjoyed a movie.

Sunday there was an added treat: a bus trip to the Orioles' game. The bus left at 3:00 and returned at about 11:00 after the 13-inning game.

## Dairy Club Holds Show

The Tom's Creek Dairy Club held a "Fitting and Show" program on July 10 at the James Hill farm on Grimes Road. Fourteen members participated in the event which was judged by Allen Brauer. Two awards, presented by Mr. Hommy, County Extension Agent, were given to members by Mr. Hill at the show. Lee Bassler was presented the Senior Division Award while Naomi Weimer received the Junior Award.

## VFW TO MEET

The regular meeting of Emmitsburg Memorial Post 6658, Veterans of Foreign Wars, will be held Wednesday evening, August 4, at 8:30 p.m., in the Post Home on the Square. Special refreshments will be served at this meeting.

## WEATHER REPORT

Temperatures for the Emmitsburg District for the period ending Friday, July 23, as reported by the U. S. Weather Service, Mrs. Lucille K. Beale, local observer, were as follows:

Saturday, July 17	.....89
Sunday, July 18	.....83
Monday, July 19	.....80
Tuesday, July 20	.....79
Wednesday, July 21	.....85
Thursday, July 22	.....89
Friday, July 23	.....103

## CMTC Seeks Groups For COLORfest

George "Buck" Gernad, Chairman of the Catoctin Mountain Tourist Council, announced this week that plans are proceeding for the Eighth Annual COLORfest Celebration to be held in the area October 15, 16, 17. Any area group interested in participating in the displays or demonstrations in the Emmitsburg, Fairfield, Blue Ridge Summit and Sabillasville, or surrounding areas is encouraged to get in touch with the chairman.  
Many activities are planned in the Thurmont area. Plans are being made in Emmitsburg for a re-enactment of a Civil War Battle which

occurred in the area. Suggestions for additional activities include outdoor festivals, street dances, open houses, church suppers, flea markets, art shows, etc.  
In past years, the COLORfest has been extremely successful, bringing over 23,000 people to the Catoctin Mountain Park last year alone. Most of these people took part in activities in Thurmont where about ten different groups made several hundred dollars profit each during the festival last year. It is hoped that groups in other towns in the Tourist Council area will sponsor events which will draw tourists so

## Capitol Comment

By Charles McC Mathias  
U.S. Senator

### Declassifying Secrets

In the wake of the furor over the publication of the Pentagon papers, Ben Franklin's advice offered in Poor Richard's Almanac that "A secret can be kept among three if two are dead" is appropriate. Man's inquisitive nature and his ability to communicate freely makes the keeping of any secret difficult, if not impossible.

In an effort to reduce the number of government secret papers, President Nixon has directed all Executive Departments to declassify information consistent with national security. As a result, a large mass of data concerning all aspects of government operations should become available to Congress, the press, historians and the public. It means an end to continued classification of documents and the hoarding of historical information which should be made public.

It has been easy for those who author executive reports and memoranda to stamp them top secret for their personal or political protection without regard to the real security implications for the United States. The practice impedes the process of representative, democratic government because it prevents all available information from reaching the people's representatives in Congress who must make decisions that will affect millions of Americans. Without the facts, the Congress legislates in the shadow of the truth and the President's decision to declassify all material which can properly be made available is welcome.

Declassification, however, is not an automatic process. Once a department declassifies documents, it does not mean that they will leap into the public domain. The papers, reports, documents and memoranda will still be closeted in

the departmental archives at State or Defense. Only those who know their way through the stacks and indices will be able to obtain what they seek. To complete the declassification process, the Congress must see to it that these documents are indexed and published so they are handy to those who wish to examine them.

With this goal in mind, I suggested on two recent occasions that the Senate appropriate funds to speed up the declassification and publication process. In connection with the National Security Council's budget, I recommended that additional funds be appropriated to bring public information into public domain. The Senate passed my amendment, but the House failed to concur and the amendment died.

When the Senate considered the State Department's budget, I made a similar proposal for declassification and publication of records dealing with the successful Communist revolution in China. Of particular importance are the years 1946 to 1951, the early part of the Cold War. Let me emphasize that both declassification and publication of documents are on-going functions already carried out by the State Department. My intent is to provide extra resources to speed up and facilitate these important programs. Mine is not an attempt to revolutionize the system, but merely make it operate efficiently.

Although my amendments did not survive final passage, it is my hope that they will focus the public's attention on declassification and publication of historical government documents so that the President's order will be executed quickly and the past can become a guide to the future.

Sheets of nickel stainless steel are now being used for flooring. After being walked on for a while, the stainless takes on the patina of sterling silver.

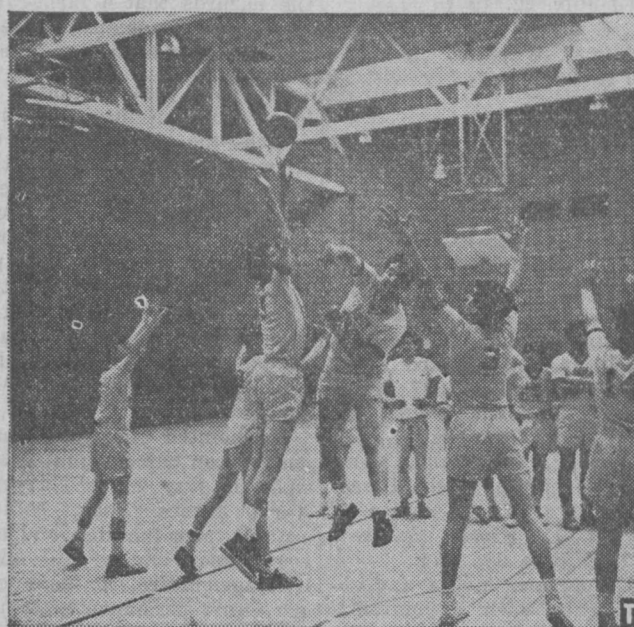

Electroformed screens of pure nickel are used in textile printing equipment because of the metal's resistance to wear.

### Hold Third Annual Draft Lottery Aug. 5

Colonel James L. Hays, III, the draft for the twelve months beginning January 1, 1972, and the lottery will determine their order of call.

The young men born in 1952, who face induction next year will know their relative chances of induction after the lottery has established their random sequence numbers. Thus, they will be in a better position to plan ahead, particularly since draft calls are most likely to be reduced and cause less interference in their lives.

### TEAM HANDBALL: A NEW SPORT

Tim Burns, United States Army Reservist, demonstrates a jump shot for his team handball squad in Yonkers, N. Y. Burns is one of thousands of Army Reservists teaching the sport to boys 13 to 17 years old, as part of the Army Reserve's extensive community improvement program.

American teenagers are playing a sport new to this country called Team Handball. And if all goes well, some of them, in the not too distant future, may be on the United States squad that brings home a gold medal from the Olympic Games.

Thousands of United States Army Reservists now are teaching the sport to youngsters 13 to 17 in communities across the nation. Working with the Active Army, the National Guard and the President's Council on Youth Fitness and Sports, they are organizing local, state and national competition.

The game is played on a court slightly larger than the one used for basketball, with a ball similar to, but smaller

than, soccer's. Each seven-man team tries to score goals by throwing the ball into the opposing team's net. The ball may be passed, carried, dribbled or struck. But it may not be kicked, except by goalies in attempting a save.

By 1976, it is hoped that the youngsters playing the game today will be the nucleus from which the United States will draw a strong entry for the Olympics, one that just might bring home a gold medal.

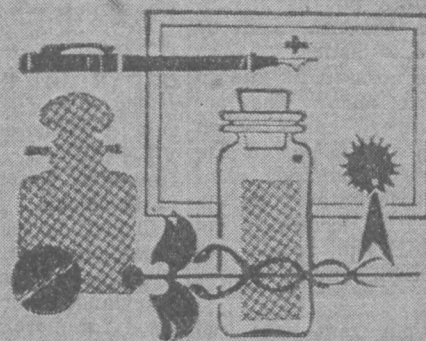

Youth leaders and coaches interested in organizing a Team Handball squad or league can contact: Team Handball Officer, Information Office, Office Chief Army Reserve, The Pentagon, Room 2D528, Washington, D.C. 20310, or the nearest Army Reserve Center.

### Overboard For The Accused

Attorney General John Mitchell, in a speech to the National District Attorneys Association in Washington, reported that the court records throughout America in recent years indicated that only one crime in a hundred is actually punished. This reflects, he said, a situation in the nation in which justice for the accused is breaking down as thousands of criminals go free. Supreme Court decisions in the regime of Chief Justice Warren gave new weapons to the defense and, many observers felt, crippled the prosecution.

The attitude of a large segment of the American public was dramatically expressed in a newspaper cartoon widely circulated during the Warren Court's controversial decisions. The cartoon showed a citizen on the pavement who obviously had been struck down and robbed by a criminal. A dignified man (labeled "Warren") had his back to the aggrieved citizen and was offering aid to the robber. The man labeled "Warren" was saying to the robber, "Are you all right?"

### Communist Propaganda Facto

As with most political cartoons, this was an exaggeration, a caricature. But it was symbolic, nevertheless, for an era in which our court system seemed to "lean too far ever backward" for people accused of lawbreaking. Many concerned citizens believe the Warren court decisions were contributing factors in the breakdown of law and order which now threatens the stability of our society.

Another powerful factor has been the propaganda campaign of the Communists, their dupes and followers, which, in many court cases, has raised such a clamor and caused so much disruption that it would almost seem the

charges against the accused were dismissed in order to end the uproar. As a matter of fact, the Communists in America and around the world, claim they have shaped verdicts and freed many accused people by the sheer noise and might of their propaganda, their demonstrations, and their publicity campaigns.

The Angela Davis Campaign Black Panther Chief of Staff David Hilliard has been freed of charges that he threatened the assassination of President Richard Nixon. Before he was freed, the Communist press in America and the massive Marxist following throughout the nation stirred up a great clamor on behalf of Hilliard. He was, in fact, interviewed on one of the three major television networks and given the opportunity to build a public defense and win friends. Bobby Seale, head man of the Black Panthers, was freed of murder charges after one of the biggest nationwide propaganda campaigns ever seen in America, in which the President of Yale University sided with the accused and the Communist press. There are scores of major examples of such propaganda campaigns to "free" the accused.

As this column is written there is a world-wide propaganda campaign under way directed by World Communist toward "freeing" Angela Davis, the Communist former University of California teacher accused of murder in a Marin County (California) courthouse shootout between criminals and police. The Communist press in the U. S. frankly says their campaign can be a powerful factor in "freeing" Angela Davis. In view of this fact, it is rather amazing to see the national board of the YWCA contributing its prestige to Angela Davis, and the United Presbyterian Church making a \$10,000 grant to her defense fund.

### People Want Protection

In our traditional American justice system the rights of the accused deserve and almost invariably receive every consideration; but as Justice Benjamin Cardozo said 37 years ago, "justice, though due to the accused, is due to the accuser also." The accuser in these cases which have been the center of the Communist propaganda campaigns is the "State" or the "People." The accuser is we the people. The people are not vindictive against alleged criminals.

The people want only two things: (1) protection of their life and property against criminal acts, and (2) a diminishing of crime through fair but stern law enforcement. Angela Davis, in my opinion would have got a fair trial in nearly any court in America without the Communist-led and Communist-inspired uprisings for her "defense." Now, with the prospects of the biggest demonstrations in history, and with such respected groups as the YWCA and the United Presbyterian Church publicly aiding her "cause," will justice for the people be fairly adjudicated? This, it seems to me, is the most important question, especially at this time when law and order are so endangered.

### Sanitation Hearing

Boat Sanitation standards will be subject of public hearing sponsored by Environmental Protection Agency at 9 a.m. August 5 in Francis Scott Key Auditorium, St. John's College, Annapolis.

Environmental Quote: "Pollutants are potential resources out of place."—Dr. John Shaeffer, U. of Chicago.

## LEGAL

NO. 23,347 EQUITY IN THE CIRCUIT COURT FOR FREDERICK COUNTY, MARYLAND

CAROLYN M. CRAYCRAFT  
Route 10, Kemp Lane  
Frederick, Maryland 21701  
Vs.  
DARRELL L. CRAYCRAFT  
845 Mayfield Street  
San Bernardino, California 92405

ORDER OF PUBLICATION  
The Bill of Complaint is a suit to procure a divorce A VINCULO MATRIMONII from the Defendant, Darrell L. Craycraft.

The Bill recites that the Complainant is a resident of Frederick County, State of Maryland, where she has resided for more than one year last past; that the Defendant is a non-resident of the State of Maryland, whose last known address was 845 Mayfield Street, San Bernardino, California 92405; that the parties to this cause were married on the 21st day of September, 1963, at Canton, Ohio, by a regularly ordained Minister of the Gospel; that as a result of the marriage between the parties to this cause no child or children were born; that the parties to this cause have voluntarily lived separate and apart without any cohabitation for more than eighteen months prior to the filing of this Bill of Complaint, and that the separation between the parties is beyond any reasonable hope or expectation of reconciliation.

The Bill then prays that the Complainant may be divorced A VINCULO MATRIMONII from the Defendant, Darrell L. Craycraft; and for such other and further relief as the nature of her case may require.

### COURT ORDER

It is thereupon this 22nd day of July, 1971, by the Circuit Court for Frederick County, Maryland, sitting as a court of Equity, ORDERED that the Complainant give notice to the Defendant of the object and substance of this

Bill, by causing a copy of this Order to be inserted in some newspaper published in the County of Frederick, once each week for four successive weeks before the 28th day of August, 1971, commanding him to be and appear in this Court, in person or by solicitor, on or before the 28th day of September, 1971, and show cause, if any he has, why a Decree should not be passed as prayed.

### STATE OF MARYLAND NOTICE OF APPOINTMENT AND

NOTICE TO CREDITORS  
TO ALL PERSONS INTERESTED IN THE ESTATE OF CARROLL E. FROCK, SR.

This is to give notice that the undersigned, Carroll E. Frock, Jr. and Richard Frock whose address is 207 Maple Avenue, Hanover, Penna. and 509 East Potomac Street, Brunswick, Maryland, has been appointed personal representative of the estate of Carroll E. Frock, Sr. who died on June 28, 1971.

All persons having any objection to such appointment (or to the probate of the decedent's will) shall file the same with the Register of Wills of Frederick County on or before January 19, 1972.

All persons having claims against the decedent must present their claims to the undersigned, or file the same with the said Register of Wills on or before January 30, 1972.

Any claim not so filed on or before such date shall be unenforceable thereafter.

## Farm Safety Week Beina Observed

Noting that this is Farm Safety Week, the Chairman of the Maryland Agricultural Stabilization and Conservation (ASC) Committee, Raymond F. Jaeger, urged farmers to use the week to check on safeguards and safety practices needed on their farms.

"I especially want to remind them to think in terms of safety for the public as well as for themselves, their families, and their employees. The open spaces on farms become more attractive all the time to people in crowded areas. Farms have more visitors all the time, many of whom simply don't recognize the hazards that a farm-raised person automatically sees and takes precautions against.

"We are just beginning to learn how to use this resource—the open spaces on America's farms—for the benefit of rural and city people alike in developing recreation areas, hunting preserves, picnic spots, hiking trails, fish ponds, and the like. And right now is the time to apply the safety standards needed for this broader use of our farmlands," Mr. Jaeger said.

He pointed out that President Nixon has designated the week of July 25 as National Farm Safety Week, calling on "all farm families, and every person and group allied with agriculture, to make every effort permanently to reduce the number of accidents which occur at work, in homes, at recreation and on the roadways.

## OPEN LINE

By  
Congressman Goodloe Byron  
Maryland—Sixth District

The following questions were typical of the kind asked of me in recent weeks:

What federal loans are available to students going on to college?

In order to reduce the hardships incurred by the expense of higher education the Federal Government and numerous private organizations provide programs of student financial assistance. The House Committee on Education has published a booklet entitled "A Guide to Student Assistance" which shows the loan options available so that individuals may gear their efforts at acquiring aid toward the area which best suits their needs. This booklet provides a firm foundation for initiating steps to relieve financial burdens and includes chapters on major federal programs, selected federal graduate fellowship programs, federal programs for undergraduate students, non-federal undergraduate assistance programs, and suggestions on the process of seeking financial aid. If you would like a copy just drop me a line, c/o U. S. House of Representatives, Washington, D. C. 20515.

Is Congress going to limit election expenditures by political candidates? Recently the House Committee approved a measure which would set a limit of ten cents per eligible voter on Federal election political broadcast, newspaper and magazine advertising. Political broadcast spending would be limited to no more than half this amount. The time is ripe for positive campaign

reform to hold down spiraling election expenditures, but Congress will have to act soon before the start of the 1972 campaigns. I am hopeful this reform bill might reach the floor of the House in the near future.

Do you have any information on National Scenic Trails. How many such trails exist in the U. S. today?

National scenic trails are authorized and designated only by Act of Congress. And the Appalachian Trail in the east and the Pacific Crest Trail in the west are the only two so far established. However, Congress has selected 14 other routes for study and possible inclusion in the National Trail System. My office has a leaflet and general information for persons interested in the development of trails. More comprehensive data is available from local trail clubs, Boy Scouts, Girl Scouts, State parks and forestry departments. Or you may write the Bureau of Outdoor Recreation, Department of Interior, Washington, D.C.

I have had black lung for many years and was finally forced to quit work in February due to the chest pains. I applied for black lung benefits from Social Security at that time but have heard nothing. Can you help me as things are getting pretty bad?

The Social Security Administration regrets to learn of your difficulty in getting black lung benefits. As you are aware the benefits have now been approved and you will be receiving a check each month including a retroactive check to cover the period from February to July of this year.

## Frederick Community College Lists

### Summer Courses Beginning In August

Mrs. Jane E. Mellott, of Hagerstown, will be the instructor of a three-session workshop in Creative Beading. This easy-to-do, artistic course will meet at the Frederick Community College campus on consecutive Wednesday evenings from 8 to 10 p.m., beginning Aug. 4.

Interested students should bring a size 10 to 12 crocheting hook, crocheting cotton or extra-duty spool thread and a regular sewing needle, with them to the first session. The beads may be purchased from the instructor. Registration will be completed at this first session at which time a tuition of \$7.00 will be collected.

Advanced Beginners Tennis will be offered at the Frederick Community College courts, beginning Thursday, August 5, 1971. It will meet for five consecutive Thursday evenings from 6:30 p.m. to 8:00 p.m.

The course will cover a review of the forehand and backhand drives and serve, the introduction of the volley and overhead smash, and the importance of footwork and timing.

The course is open to both sexes and all age groups. Interested persons can register at the first session at which time a tuition of \$10.00 will be collected.

Mr. Harold Hewitt, of Frederick, has been named to instruct. Citizens with similar problems should feel free to contact my office for assistance. When you write, be sure to include your social security number.

struct an exciting, ten-session workshop in Beginning Folk Guitar. This imaginative program will meet at the FCC campus on consecutive Monday evenings from 8:00 p.m. to 9:00 p.m., beginning August 9.

The workshop is constructed for the beginner in that it will stress note reading and skill development in folk music.

Those interested students that do not own their guitar, may rent or purchase an instrument from the instructor at the first session. Registration will be completed at this first meeting. A tuition of \$15.00 will also be collected at this time.

This workshop is open to all area residents, however, due to the nature of the course there will be a limited enrollment.

Please remember that campus parking is restricted to the main parking lot.

For additional information, call Frederick Community College, Office for Continuing Education, at 662-0101, after 2:00 p.m.

## Bullets Announce Complete 1971-1972 Home Schedule

The Baltimore Bullets announced this week their complete home schedule for the 1971-72 season, with 33 games scheduled for the Baltimore Civic Center along with the eight previously announced dates to be played at the University of Maryland's Cole Fieldhouse in College Park.

In announcing the schedule, Bullets' Executive Vice President, Jerry Sachs, also said that the NBA Eastern Conference champions have moved their starting time back 15 minutes for the 1971-72 campaign. Game times for the coming season will be 8:15 p.m. for all night games and 2:15 for all afternoon contests. These starting times will be in effect both at the Civic Center and at Cole Fieldhouse.

## BUSINESS AND THE STOCK MARKET

### Firms Plowing

#### Earnings Back In

By Babson's Reports Inc., Wellesley Hills, Mass., July 29, 1971—Some investors consider that the growth trend of a company's earnings per share is a primary criterion in making investment decisions. It is natural for them to be on the watch for concerns that plow back most of this income rather than pay a large portion of it out in the form of dividends. It is hoped that this process will generate still further growth in profits per share.

Of course, not all companies with a low dividend payout ratio are growth situations. Reinvestment of earnings does increase stockholders' equity (total assets less liabilities and preferred stock, divided by the number of common shares outstanding), but of even greater significance is the rate of return earned on this stockholders' equity. A healthy rate of return indicates a sound use of reinvested funds and quite likely a company that will continue to expand.

#### Not For All

Growth situations are not necessarily suitable for all investors. Income-oriented accounts will find the low pay-

out ratios of many growth companies unsatisfactory. Also the common shares of such companies entail a greater degree of risk in view of the fact that investors are giving up current income in the hope of getting better-than-average market appreciation in the future. And since most of these issues sell at relatively high multiples (price-earnings ratio), the stock may have already discounted the favorable future trend thus limiting the potential for later appreciation in price.

For aggressive investors, however, carefully selected stocks with an above-average record of growth can be rewarding if the uptrend continues to prevail. As a sweetener in such situations, there is a tax aspect. While dividends (after the \$100 exclusion) are subject to tax at the same rate as ordinary income, long-term capital gains are more favorably treated.

**Some Growth Suggestions**  
While close examination will reveal many growth situations, we have selected four stocks in several categories with sound growth rate trends. While these cannot be considered "cheap," they appear attractive for intermediate- to long-term appreciation:

American Medical Enterprises operates 20 acute-care general hospitals in California, Texas, Florida, and one in London. Annual revenues have advanced from \$4.2 million in 1965 to \$51.3 million in fiscal 1970, with net income up from \$50,000 to \$3.5 million. This uptrend seems

to be continuing, as year-to-year gains of 16% in revenues and 34% in net were recorded for the first nine months of fiscal 1971, which ends August 31.

APL Corporation is a leading "rack jobber," which is the process of selling non-food products, mainly through supermarkets. APL distributes more than 10,000 items through 5,600 outlets country-wide. Other major operations include production of plastics and packaging materials. Earnings for the fiscal year ended June 30 may prove to have touched \$1.60, versus \$1.44 a year ago.

Mays (J. W.) has an enviable record of growth in recent years, although progress was hampered last year by the recession. From 1965 to 1969 sales grew at an average annual rate of 14.5%, net income 29.5%, and earnings per share 27.5%. Mays has seven department stores in greater New York City, and though its operations are sensitive to economic conditions, sales and net thus far in 1971 are running ahead of results for the preceding year.

Norton Simon is a mass marketer of popular low-cost consumer products and services (Canada Dry, Hunt Foods, Johnny Walker, McCall's, Redbook). Through research and new product development, it has a goal of deriving 40% of its business five years from now from products it did not market two years ago. Company's earnings growth aim at least 15% each year.

## WASHINGTON REPORT FROM SENATOR J. GLENN BEALL JR.

### Jobs For Veterans

The effort to find jobs and training for returning Vietnam Veterans has the highest priority of the whole manpower field.

• On June 23 the President ordered Secretary of Labor Hodgson to take charge of the federal government efforts.

• He has ordered every available program be used to the maximum toward achieving his goal of optimum employment of the veteran.

• He ordered the Department of Defense's "Transition" program be expanded. "Transition" provides job counseling, job training, and job placement to servicemen prior to separation.

• By executive order, the President required agencies and employers with federal contracts to list the job openings with the U.S. Employment Service.

• He has ordered the hiring of at least 500 additional Vietnam veterans as placement specialists by the Department of Labor to promote job opportunities and arrange job referrals for servicemen.

• Because many veterans do not adequately use existing services of the VA and Labor Department, the President has approved a new triggering device in the employment insurance payment system to identify and refer veterans who have been unemployed for 3 months.

Executive leadership, I think, has been outstanding on this issue. We need to now heed his example in carrying the emphasis into our commercial and private affairs.

Legislatively, S. 31, The Emergency Employment Act the President signed last week to provide 200,000 public service jobs at the state and local level had written into it, at the President's insistence, an extremely strong pro-Vietnam veteran provision. In fact, had the Vietnam veteran clauses

not been written in, the President threatened veto.

The \$2-1/2 billion law requires that "special consideration in fully public service jobs will be given to unemployed or underemployed persons who served in the Armed Service in Indochina or Korea"—that is the very language of the law—"special consideration".

The law requires that "special effort" be made to acquaint veterans with the program.

In Maryland we have 525,000 veterans. 76,000 of them from the Vietnam war. We have 2,000 returnees a month. In June, Maryland's unemployment rate was 5.5 percent. But among the 20 to 24 year old returning veterans, it was 12 percent.

I think S. 31 will go a long way toward helping us reduce that rate.

Part of the "total effort" of the Administration has been the creation of the Jobs for Veterans program—a highly intensified effort to get veterans jobs.

Jobs for Veterans organizations now operate in all 50 states.

A "Job Fair" in Baltimore in March sponsored by Jobs for Veterans and the American Legion was attended by almost 2,000 veterans. 274 were hired on the spot. 1,478 others were referred for interviews and tests.

I met just this past Tuesday with representatives of the Jobs for Veterans Task Force from Cumberland Maryland activity in this area is picking up.

To mobilize the forces of this country to meet this problem takes a prodigious effort. It is happening. The media press, government, business unions, and civic organizations have now taken hold. I think with the bold initiatives of the President and many others we're getting at the problem

100% Solid State AccuColor

**GUARANTEES**  
**SATISFACTORY SERVICE**

**RCA CORPORATION BACKS THESE COLOR TV MODELS WITH THE FOLLOWING BASIC WARRANTY PROVISIONS**

**PS** **RCA's symbol of Purchaser Satisfaction**

If anything goes wrong with your new 100% Solid State set within one year from the day you buy it, and it's RCA's fault, RCA will pay your repairman to fix it—both parts and labor. (Labor warranty is 90 days for models other than 100% Solid State sets.)

You can use any service shop in which you have confidence—you don't have to pick from some special authorized list. Just present your warranty registration card to the service repairman and RCA pays his repair bill.

If your set is a portable, you take it in for service. For larger sets, your serviceman will come to your home.

If your picture tube becomes defective within two years from the day you buy the set, it will be exchanged for a reliable rebuilt tube (defective parts are covered for one year.) After the first year for 100% Solid State sets, and after 90 days for others, you pay labor and installation charges for parts and picture tube.

In short, the warranty covers everything but installation, antenna systems, adjustment of customer controls or foreign use.

### 4-H'ers Plan For Club Tour This Saturday

The Rocky Ridge Progressive 4-H Club met on July 19 at the Gateway Orchard. Thirty-one members answered roll call by giving the name of a tree. Seven parents and two leaders were present. Patty and Sheila Harris joined the club.

Angela Wivell led the club in the pledge to the 4-H and American flags. The minutes and treasurer's reports were given and approved. On July 31, there will be a club tour, at which time everyone will

tell the club members about their projects. Cecelia Wivell reported on the horticulture judging. A report on livestock judging was given by Mike Baust. Paula Bollinger reported on the Style Revue, which will be held on August 11 and 12 at Hood College. A report on the State Record Books was given by Chris Skybet. Vicky Wivell was chosen as queen with Patty Keilholtz as runner-up for the Rocky Ridge Club as contestants vying for

County Queen honors. Stanley R. Gregg gave a demonstration and talk on Health Papers and Entry Blanks. Stanley pointed out that the entry blanks are the most important papers for entry in shows and health papers were essential at the shows.

Refreshments were served by Mrs. Robert Keilholtz and Mrs. Robert Powell.

### Emmitsburg

#### Little League

The Emmitsburg Little League all-stars were eliminated from the Maryland District One Little League Tournament Monday night here, falling to a team of all-stars from Brunswick by a score of 13-2. Emmitsburg withered under an 11-hit assault by Brunswick, who scored six in the third, two in the fifth and five more in the sixth. Emmitsburg got its two runs in the last of the sixth.

Emmitsburg is eliminated from tournament play and will resume regular season play.

Brunswick ...006 025—13-11-0  
Emmitsburg 000 002—2-4-1

Visitors at the home of Mrs. Edith D. Kelly of Thurmont on Sunday were: Mrs. Emma Kendall and husband of Smithsburg; Mrs. Edna Stull and son, Hagerstown; and Mrs. Eva Poole of Thurmont.

### Fairfield

#### Little League

The league-leading Giants, with two doubles by Barry Hadlock and another double by Steve Donaldson, scored a run in the sixth inning to squeak out a 6-5 victory over the Braves this week. The Haines' home run, a double Haines' ohme run, a double by Ed Spence and two singles by Ray Fissel.

The victory for the Giants clinched the league title.

Giants .....010 041—6-9  
Braves .....000 230—5-5

The league concluded its regular season play Friday as the Cards downed the Orioles 5-2. The Cards' hitting attack was led by Ricky Sanders who rapped a triple, and doubles by Greg Kuykendall and Craig Sanders. The Orioles smacked three doubles, one each by Jim Shriner, Randy Alexander and Ron Alexander.

Orioles .....020 090—2

### Eagles Play Falcons

#### Little League

All the action of semi-pro football, Saturday night, July 31, at the Thomas Johnson High School Stadium, as the Frederick Falcons host the Baltimore Eagles in the second annual Kiwanis Charity Bowl.

Game time is 8:00 p.m. for this exhibition game between two of the semi-pro powers of the Eastern United States. Tickets are \$2.00 for adults, and 75c for students, and are on sale now at Shipley's Sporting Goods in Downtown Frederick, or from any Frederick Kiwanian.

Make plans now to attend the second annual Kiwanis Charity Bowl, Saturday, July 31 at 8 p.m. at T-J High School in Frederick!

Less elbow grease is required after making mistakes these days. A mechanical eraser, powered by rechargeable nickel-cadmium batteries, recently came on the market.

### ABIGAIL

(Continued From Page 1)

it, some nearby corn is dry as a bone. Corn stocks in Maryland totaled 9,431,000 bushels on July 1, up 24% from a year ago. Farm stocks of corn were up 4% and off-farm stocks were up 57% in Maryland compared with a year ago. Wheat stocks in Maryland totaled 1,323,000 bushels on July 2, down 9% from last year. Farm stocks were 37% higher, but off-farm stocks were down 11%. Maryland soybeans totaled 2,123,000 bushels on July 1, down 9% from a year ago. Farm stocks were 1,000 bushels higher, but off-farm stocks were 10% below last year. I sure hope that some good rains show up soon, before we lose the corn and other crops. Let's all pray a little extra this weekend and maybe the heavens will be good to us.

Mr. and Mrs. Leo M. Boyle, East Main Street, have returned from a 10 day vacation in Florida and Virginia.
