- By Abigail -

Once again we find ourselves at that time of year when we celebrate an event which has been celebrated many times before. Thanksgiving is a holiday with its beginnings in American history. The date has been moved around in the three hundred and fifty or so years since the first Thanksgiving, but I would be willing to guess that the thinking of most all the people has been similar over the years. In the hustle and bustle of day to day living it is easy to lose sight of the many blessings for which all of us should be thankful. Each day brings its own mixture of joys and troubles, and sometimes the troubles exceed the joys by a wide margin so it is easy to forget about the better things in life. However, when you look back in perspective on most periods of any length in life it is not hard to realize that most of us have a great deal more to be thankful or than we have to be sorry about.

A day's relaxation at Thanksgiving gives us the opportunity to think back over the past year, recall the blessings and problems that have come our way, and think about the totals on each side of the ledger. I trust that the joy side of the ledger is long and bountiful for everyone in Emmitsburg and the entire Catoctin area. Abby, your faithful servant would like to wish each and every resident Best Wishes for a joyful and appreciative Thanksgiving.

Speaking about problem times in life, last week seemed to offer the town commissioners a few more than they had bargained for when they wrote those letters to a few property owners. As often happens in cases like this, some owners apparently misunderstood the intent of the council and became somewhat unhappy over their own interpretation of what was meant. One word led to another and it wasn't long before the phones were ringing with reporters from neighboring towns trying to get some of our commissioners to put their foot in their mouth. From what I have been able to read in competing news media, our boys handled themselves pretty well even though some of the things said might not have been readily accepted by everyone in town. That just goes to prove what other people have been saying; that we need to build some bridges of communication among all people and groups who live in our town.

Most of us have heard about shadow boxing and dry shooting to practice various skills in the respective sports but I doubt that many of us have heard about shell shortage as a technique to improve a hunter's aim. I understand that one local hunter went on a day's trip with just two shells. Not long out in the woods he came upon a sitting rabbit and shot the first shell. The rabbit still sat so he blasted away with the second and felled the poor fellow at almost point blank range. The balance of the party was very surprised when he announced that he might as well head in because he had brought along only two shells. After a couple of donations, he stayed with the group.

Mildred Harner
Weds R. Vauthrin

Mr. and Mrs. Charles B. Harner, Emmitsburg R2, have announced the marriage of their daughter, Mildred Jean, to Ronald Keith Vauthrin, of Republic City, Neb. The double-ring ceremony was performed by Rev. James Kelly, Lt., Chaplain Corps, U.S.N., at the Naval Hospital Chapel, Great Lakes, Ill., on Oct. 29.

The bride was escorted to the altar by her father. She wore a white floor-length organza dress with imported French lace border, which accented the empire waist and matching chapel train. Her silk illusion elbow-length veil was attached to a Juliet cap with matching lace border. She carried white roses and blue delphiniums and a rosary, a gift of her mother. Mrs. Janet Perry was the organist.

Mr. and Mrs. James Baruffi, friends of the bride and groom, were the attendants. Ushers were Michael Derby and James Brown, both currently serving with the Navy and stationed at Great Lakes Naval Hospital.

A reception was held immediately following the ceremony at the Parkway Restaurant, Waukegan, Ill. Mrs. Kathryn Gaunt, San Antonio, Tex., cousin of the groom, presided at the guest book. Miss Marilyn Marostica, Sterling, Colo., and Mrs. Roger Collins, Littlestown, close friends of the bride, assisted at the reception.

A honeymoon was postponed until a later date. The bride is a 1966 graduate of St. Joseph's High School, Emmitsburg, and a 1970 graduate of the York Hospital School of Nursing. She entered the Navy in August of 1970 and is presently a charge nurse at Great Lakes Naval Hospital. Her husband is a 1966 graduate of Republic City High School and a 1967 graduate of the Medical Institute of Minnesota in Minneapolis. He entered the Navy in 1969 and is presently assigned to the lab staff at Great Lakes Naval Hospital, Great Lakes, Ill.

To determine what offerings should be made available in 1971-72, a formal survey of the area residents was undertaken by means of questionnaires, personal contacts and newspaper publicity. This resulted in the following courses which are now in session and well-attended:

Church Council Includes St. Joseph

The Emmitsburg Council of Churches has entered a new period in its history following the Sixth Annual Assembly of that body. It approved a new constitution and decided to make the Council fully representative of the Christian Churches in Emmitsburg by extending an invitation to St. Joseph's Roman Catholic Church to become a participating member.

The Parish Council of St. Joseph's Church formally accepted full membership in the Council of Churches at its regular meeting Sunday evening.

The constitution replaces an unwritten understanding between the non-Catholic churches and provides a satisfactory basis under which the churches of the community can cooperate in their work. An executive committee and three standing committees are provided for in the constitution. Each church is entitled to two representatives on each of the standing committees—Parish Education, Social Ministry, and Worship—and no more than two members from any one church can be elected to office on the executive committee.

Ratification of the constitution by the participating churches will signify their desire to be a part of the Council of Churches. The retiring President, Mrs. Anna Margaret Martin, spoke confidently of the future of the Council. She did not suggest that the Council would be without its problems; however, she believed that they would make the Council stronger. Mrs. Martin also stressed her view that she believed an active Council would prove a successful one.

In other reports, the Council's activities were seen as being contributive to the religious health of the community. A well attended worship and teaching program was held during Lent and nearly

Officers for 1972 were elected as follows: President, the Rev. W. Ronald Fearer; vice president, Mrs. James E. Grinder; secretary, Miss Betty Jane Koontz; and treasurer, Mr. D. Fred Wolfe.

Participating churches in the Council are Elias Ev. Lutheran Church, Incarnation United Church of Christ, Trinity and Tom's Creek United Methodist Churches, United Presbyterian Church and St. Joseph's Catholic Church.

Emmitsburg School Funds Requested

Dr. John L. Carnochan and his professional staff of the Frederick County Board of Education presented the staff-suggested Five Year Capital Improvements Program (1973-1978) to the Board of Education at a public hearing Tuesday night at East Frederick Elementary School.

The new Emmitsburg Elementary School request of \$1,381,600 was listed as priority 5 on the request for fiscal year 1973, behind Middletown Elementary request of \$1,660,400, and requests for equipment funds of \$530,000 for existing schools. The Board of Education will review the suggested program and hear citizen comments between now and its meeting on December 1 at which the Board will finalize the five year program. The total request for fiscal year 1973 is \$10,831,900, which will fund 14 school projects throughout Frederick County.

Under new business, the Auxiliary will have a Christmas party at the Dec. 13 meeting. Each member is to bring a \$2.00 gift. Lois Hartdagen and Betty Lupinski will serve refreshments. A frying pan will be chanced off at that time.

Carrie Austin's name was called for the drawing but was not present. The next meeting will be held on December 13 at 8:15 in the Council Home.

The meeting was adjourned with prayers, after which refreshments were served in the social room.

Planning Group To Survey Town

The Emmitsburg Planning Commission will be distributing a community questionnaire the week of December 1. The purpose of the questionnaire is to find out from the citizens of Emmitsburg what their attitude is concerning the present and future of the community.

The questionnaire is also designed to collect data to be used in the Comprehensive Planning Program of the community. The Open Space and Recreation Plan which is necessary to qualify for State and Federal funds is already under way.

There is no way to identify individual responses, what is needed is group data with which to tell where Emmitsburg stands today and what it seems as a desirable future. No names, no addresses are needed.

Emmitsburg is the fifth Frederick County town to participate in an attitude survey. Mount Airy leads all towns in response with over 60%.

If anyone has not received a questionnaire by December 6, 1971, and wishes to participate, contact Ernest Shriver, Chairman, Emmitsburg Planning Commission, Town Hall, Emmitsburg, phone 447-2313.

CHS Parents Will Join PTA Groups

A general meeting of interested parents, teachers and students was held at Catoctin High School on Nov. 22 at 8 p.m., in the auditorium.

Purpose of the meeting in opening remarks by Principal Harper Long, was to decide whether to continue with the existing school organization, CSCA (Catoctin School Community Association), or to become affiliated with the local and national associations of PTA.

After a brief resume of the CSCA as it now exists, Mr. Long introduced Mrs. Fran Fields of Emmitsburg, who explained the advantages of belonging to the PTA.

Following an open discussion, a show of hands voiced the general approval of the majority in joining the PTA.

A nominating committee was appointed immediately by Mr. Long and is as follows: Linda Bollinger, John Kile, Fran Fields and Boots Mackenzie.

A by-laws committee was appointed by Mr. Long as follows: Jane Morningstar, Mrs. Richards and Lillian Martin.

Two more general meetings are to be held this school year, to be decided upon by the nominating committee.

Principal Long then explained the recent evaluation of Catoctin High School by area teachers, and read briefly from the report which listed commendations and recommendations by the team, for the school.

IN EMMITSBURG

Hello there!

Would you believe we are again celebrating the anniversary of an event that happened 350 years ago. Thanksgiving! Every year we look forward to this day. A day for family and friends to get together to give thanks for the many good things of life.

How many of us take time out of our busy days to say a special thanks for our daily blessings—food, friends, jobs, and rest—as well as the little courtesies of life which are so necessary.

Two little words—eight little letters (but it holds a world of gratitude) — Thank You!

Miss Emma B. Ohler celebrated her 84th birthday on November 24. The Women from Tom's Creek Church prepared a party for her at Pape's Nursing Home.

Mr. and Mrs. John T. Ridgley, Jr. and family, Baltimore, visited recently with her aunt, Miss Margaret Reuter.

On Wednesday, December 1, in Dodd Lecture Hall, St. Joseph College, at 4 and 7 p.m., the fifth segment of the film series, "The Hero as Artist," will be presented. There will be a discussion following each "free" showing.

Mrs. Ethel Baumgardner, Taneytown, was a dinner guest with Mr. and Mrs. Bernard Welty and family on Sunday, November 21.

Mr. and Mrs. Joseph H. Scott, Jr. and daughters, of Rockville, spent last Sunday with his parents, Mr. and Mrs. J. H. Scott, Sr., Villa Rest.

Mr. and Mrs. Guy A. Baker, Sr. and grandson, Stephen Keilholtz, visited last week with their son, Lt. Cmdr. and Mrs. Charles E. Baker and family, Springfield, Va.

Mrs. James Loftus, Philadelphia, Pa., her brother, Fr. Joseph Taaffe, Birmingham, England, and Mrs. Lillian Betts, Drexel Hill, Pa., visited several days last week with Mrs. Betts son and daughter-in-law, Mr. and Mrs. James J. Phelan and family. Fr. Taaffe, O.M.I., was born in Knock Co., Ireland, and has worked dur-

ing the past 20 years in England, Wales, and Jersey (Channel Islands), doing parish work, and as Industrial Chaplain in charge of the Catholic Housing Aid Society, Birmingham, England, an organization that endeavors to solve the problem of homelessness.

Put December 12 on your date calendar as a must. On Dec. 12, the Emmitsburg Community Chorus with the St. Joseph College Chorale, will present its Christmas Concert in the DePaul Auditorium, St. Joseph College, at 3 p.m.

Miss Margaret Reuter has returned home after a ten-day visit with friends and relatives in Green Cove Springs, Florida.

Did you notice that the name has been changed on the Public School to Emmitsburg School? This is the name to be used from now on, since the school is both an Elementary and Middle School.

Bernard Welty was installed as a director of the Thurmont Cooperative at their meeting on November 20.

Happy birthday greetings this week go to: Nov. 23, James L. Topper, John G. Haley and Richard Motter; Nov. 25, Curtis Ray; Nov. 29, Emma Gruber Keeney; Nov. 30, George Kramer; Dec. 2, Christopher Ray; Dec. 3, Sally Ginnell Brown; Dec. 7, Tony Martin.

Basic Adult Education, Seton Center, Mrs. Mary Seess, teacher, and average attendance, 8; High School Equivalency, Seton Center, Mrs. Ann Marshall, 12; Home Nursing & Child Care, Seton Center, Mrs. Sapp, 15; Ceramics, St. Joseph College, Sister Anna Mae, 19; Typing, St. Joseph's High School, Sister Mary Rose, 11; Dressmaking, Mrs. Joseph's High School, Mrs. McAllister, 13; and Woodworking, St. Joseph's High School, Mr. Robert Marshall, 11.

Additional projected courses planned to commence early in 1972 include Geriatric Care, Shorthand, and Gardening & Landscaping. Every course is open to all residents of the Fifth Election District of Frederick County who can otherwise qualify.

The Council has had the guidance of State and County officials. Mr. Adams, Supervisor of Adult Education for Maryland, attended one meeting and outlined goals and objectives and he remains in touch with the program.

Mr. Hess, Supervisor of Adult Education for Frederick County, frequently attends meetings and visits classes to help shape policies and programs. Certificates are available from the Frederick County Board of Education for qualifying students in courses for which certificates are usually offered.

Mr. Samuel Hays, Mayor of Emmitsburg, by his attendance at the full Council meeting, gave encouragement and impetus to this local Town project.

Tuition for all courses, except Basic Adult Education and High School Equivalency, is at the rate of \$8.00 for the full course, as suggested by the Frederick County Board of Education. It is received by the County, which, in turn, pays the teachers' salaries, a small rental for some of the area involved in classrooms, and provides textbooks and supplies for the Basic Adult Education and High School Equivalency; other supplies for all other courses are presently being provided by the agencies or schools in which

the classes are held. It is hoped that a more adequate contribution toward the actual costs of the courses will be obtained from the County.

Expenses for the operation of the Council have been paid thus far by Council-members personally absorbing such items as telephone, stationery, travel and other incidental costs. It is recommended that the sponsoring organizations contribute annually a small sustaining fund to share the relatively low cost of the Council.

Now that the Council is a part of Emmitsburg and has experienced some success in developing an educational program to meet local needs, it will seek in 1972 to solidify its organization through the formal ratification of a Charter, and the regular election of Board-members and Officers. It is anticipated that the fifteen Board-members will be elected for staggered terms of one, two and three years, so that hereafter, only five new

MOUNTIES WIN AGAIN

members of the Board will be elected each year.

Suggestions to further enrich the cultural life of Emmitsburg residents include future offering courses in Accountancy, Citizenship Training and Music Appreciation, together with other suggestion that may be received. These will be explored by the Council and implemented, if practical and desirable.

The genuine success of this first year of the Emmitsburg Lifelong Learning Council is undoubtedly due to the fine cooperation of the sponsoring organizations and wholehearted participation by people of the area. These same resources will, in the long run, assure the achievement of future goals.

Equipment Funds Raised By Students

The science department at St. Joseph's High School has initiated a drive to raise \$200 by mid-December to buy new science laboratory equipment. A raffle of seven items is under way in an effort to attain this goal. The prizes are: three Westinghouse transistor radios, a Hawkeye Instamatic camera, a man's shaving kit, a two-ounce bottle of Lucien Lelong perfume: "Opening Night," and ten dollars in cash.

To defray the cost of prizes, printing the raffle tickets, and other expenses, patrons have been solicited. A list of all sponsors who contributed \$2 or more were printed on the raffle tab.

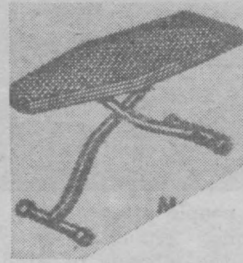

Donations of 25¢ each or five for \$1 make the donor a potential winner of one or all of the gifts. Chemistry, biology, earth science students, and their friends are selling them. The person who sells the most chances will be awarded \$5 when the raffle is held December 20. The class that sells the most chances will receive any money that exceeds the \$200 goal. It will then designate the department of the school, athletics included, in which it is to be used; whereby all of the students will benefit.

... Is An American Heritage
From Our Puritan Forefathers

Since the first settlers paused in their courageous endeavor to build a new country in a wilderness—to give thanks for their blessings—it has been an American tradition. As we observe Thanksgiving 1971, let us give heartfelt thanks for the rich blessing we know as Americans... and for our heritage of freedom and democracy.

The father of modern canoeing was a Scot named John MacGregor. Swimmer, crack rifle shot, boxer, world traveler, wealthy, super-religious he became interested in canoes from viewing Indian and Eskimo boats on a Canadian and Arctic trip. He returned to England and had a boat built to his own specs. —Sports Afield.

Progress With Free Enterprise

When the American free enterprise system evolved out of the principles of private ownership of property and the competitive market there was nothing like it in all the world. The principle of private ownership meant two basic things to Americans: independence that comes from freedom and self-reliance, and the opportunity to advance economically to the extent of one's ability and devotion to duty. If the grain miller, instead of grinding his corn and wheat with a hand-tool stone, could build a waterwheel that would turn out ten times as much (and with less manual labor) he was making a contribution to society and helping himself too.

Inventions increased rapidly in early America, both on the farms and in the industrial plants. Horsepower on the farm gave way to tractors. One-row cultivators gave way to four or even eight-row cultivators. Transportation ex-

panded—with the building of hard-surfaced highways, railroads, automobiles, and airplanes.

Screening Out Incompetence

The automobile is a good example of how competition works. The auto industry has grown until today it is an \$89 billion business. But it started as a \$1000 business and a dream. There was much competition along the way. In my files are the names of 1400 companies organized to make automobiles in the last 80 years. Only four are now making automobiles. This doesn't mean that the other 1396 went broke. On the contrary several would combine their inventions and their capital into a single company to make a better automobile. Others quit trying to make automobiles and started making one or more parts for automobiles. Others started making washing machines or refrigerators, or a hundred other items that America needed or wanted. General Motors alone now has more than 1500 subcontract-

ors, or suppliers, making parts for its automobiles. And the number of employees involved in the whole industry is 2.5 million.

The keen competition, as companies sought a share in the almost unlimited market, required high investment in tools. Consequently, the investment in plant, tools, and inventory today averages out to about \$35,000 per job in the auto industry.

The Miracle Of Tools

The increased productivity brought on through the employment of miraculous machine tools in industry, made a man's hourly work more valuable to the producer. With machine tools he produced a great deal more. So industrial wages increased from about a dollar a day at the turn of the century to \$25 to \$50 a day—and even more in some highly skilled machine work. The average income for every man, woman and child in America today is \$3600. Which means that the family breadwinner on the average makes three

times that much.

In Western Europe — Norway, Sweden, England, Germany, France, Italy, Belgium, the Netherlands—the average per capita income is about \$1800, just half as much in purchasing power as American's enjoy. In Russia, where they have total Socialism, the average is about \$800 a year, less than a fourth. This is a powerful commentary on the value of our private enterprise system to the people of America. It gives us a living standard four times higher than the Russians have, and more than twice as high as in Western Europe.

Success Cannot Be Challenged

The two nations coming closest to us in productivity are West Germany and Japan

—two nations that we taught to follow private enterprise principles after World War II. In fact, it was American free enterprise productivity that won World War I and World War II. Since that time we have aided other nations more than any other people ever aided foreign nations—to the tune of perhaps a hundred billion dollars since World War I.

The facts we've given here cannot be challenged. Wouldn't we be fools to give up such a productive system? Yet, faith in our American system of private enterprise is being shaken by the propagandists and by some of our own people who have unconsciously swallowed some of the propaganda and believe that Big

Government can provide a better living for everybody. Faith in our system wouldn't be shaken if our people, young and old, knew and understood the full story of free enterprise, how it works and its incomparable record of serving the needs of our society.

When Astronauts Armstrong and Aldrin landed on the Moon more than two years ago, they took with them flags of 136 countries. These were returned to Earth and have been presented to the heads of state of these countries. Now NASA has under consideration a proposal to leave on the Moon miniature flags of "every country in the world".

"The Place to Go for the Brands You Know"

FREDERICK COUNTY BACKGROUNDS

BY SAMUEL CARRICK
"They Trod This Path..."
Man is inclined to live in the present—the here and now. All very well—but it is not all of life to live or die to death to die. Down through the ages mankind has built for the future and he is wise who forgets not his debt to the past. Women and men, now a part of the earth from which they came—lived, loved, and died—and in the course of their lives they built this great nation—and handed it as a torch to future generations—yet unborn. A free gift—what will you do with it—build or destroy? In your hand lies the future—what have you wrought that can be passed on to those who will live after you?

Among the founders of old Tom's Creek Lutheran church were the Hockensmiths. They

were pioneers in the true sense of the word and endured the hardships and privations of advancing the frontier. They fought in the War of the American Revolution and after helping to win that struggle they returned to their homes in Tom's Creek Hundred and again took up, in company with many others, the great task of building a "new nation." How well they succeeded and how long their work will endure—only time will tell.

The majority of the Hockensmith family graves are to be found in the old Tom's Creek Lutheran and Reformed churchyard—many are marked but without a doubt there are some lost forever insofar as history is concerned. The inscriptions from the grave markers were listed in a previous column.

As stated before the registers of Elias church begin in 1851 at which time they became an independent congregation. Before that they were part of the Taneytown Charge and their records were included in the Taneytown registers. In order that all available data may be included in this series—births, marriages, and deaths—from the old books are herewith given:

1. Baptized—March 21, 1830—Adam Tobias Hockensmith, son of Daniel and Elizabeth Hockensmith. The child was born February 16, 1830.

2. Baptized—April 16, 1852—Robert Eli Hockensmith—son of William and Alice Amanda Hockensmith. The child was born February 16, 1851.

Note: William Hockensmith and his wife, Alice Amanda Hockensmith, are buried in Tom's Creek churchyard and the graves are marked.

Robert Eli Hockensmith, the son of William and Alice Amanda Hockensmith, is in-

terred in Edge Hill Cemetery, Martinsburg, West Virginia, with his third wife, Missouri (Martin) Hockensmith. Robert's first wife was Laura Welty, the daughter of John Z. and Harriet Welty. The young wife died in "childbed" and is buried in Elias churchyard with her child.

The second Mrs. Robert E. Hockensmith was Julia Maxwell (Maxwell), the daughter of Samuel and Jane (Ferguson) Maxwell, of Maxell's Mill, near Emmitsburg. This wife, too, died comparatively young and is interred in Elias churchyard with her infant son.

The third Mrs. Robert E. Hockensmith was, apparently, not a native of Emmitsburg—but an infant son of this marriage, Roy Ellsworth Hockensmith, is buried in Elias Churchyard. A daughter, Clara Hockensmith, also a child of Robert's third marriage, is still living—a resident of Martinsburg, West Virginia.

3. Baptized—January 9, 1852—Julian Elizabeth and Sarah Catharine Hockensmith, twin daughters of Joshua and Amy Hockensmith. The children were born March 24,

1851.

4. Married, October 26, 1847, Levi Hockensmith to Julia Ann Biggs—both of Frederick County, Maryland. (Rev. Solomon Sentman).

5. Married—September 3, 1852—John Hiteshue to Joanna Hockensmith—both of Frederick County, Maryland. (Rev. Solomon Sentman).

6. Buried Mrs. Hockensmith—Died June 27, 1834.

Note: At the present time this Mrs. Hockensmith remains somewhat of a mystery—there is no marked grave bearing that particular date of death. No doubt she was interred in old Tom's Creek in a grave that is now unmarked.

7. Buried Mrs. Hockensmith—Died January 19, 1842—Age unknown.

Note: Again a mystery—for there is no Hockensmith tombstone bearing this date.

8. Buried Catharine Hockensmith on August 13, 1845, aged 47 years, 8 months, and 4 days.

Note: No marked grave for Catharine Hockensmith. A spinster of that name is interred at old Tom's Creek churchyard—but she did not die until 1878.

9. Buried Miss Hockensmith—on December 6, 1847—Age unknown.

Note: A marked grave—in Tom's Creek churchyard—the inscription follows:

9. In memory of Lucy Ann Hockensmith, died December 5, 1847, aged 25 years, 5 months and 11 days.

The notes on the Hockensmith-Maxwell families will be continued in this series next week.

The following questions were typical of the kind asked of me in recent weeks. Letters should be sent to me, c/o U. S. House of Representatives, Washington, D. C. 20515.

What free booklets are available from the President's Office of Consumer Affairs?

In an effort to share more information with consumers, the Office of Consumer Affairs

and the Consumer Product Information Coordinating Center of the General Services Administration, have issued an extensive listing of available publications. The free and nominally-priced bulletins provide factual advice on how to buy, use and maintain products, and pertain to such areas as appliances, automobiles, budgeting and credit, child care, clothing and fabrics food, health, housing and gardening. To obtain a listing and order form write, Consumer Product Information, Washington, D. C. 20407.

About two months ago, I lost my federal paycheck and I have written the Treasurer of the United States six times without receiving any information on when I can expect to receive a replacement check. Can you assist me in this matter?

Based on your letter, my office contacted the Department of Treasury's Fiscal Service Division inquiring about your claim. As you are now aware, a substitute paycheck has been sent you. Citizens with similar problems should feel free to contact my office for assistance.

Volunteers last fiscal year set an all-time record of 9,862,398 hours in VA hospitals helping Vietnam veterans and older veterans.

CHS Student Council Approves Changes In Constitution To Improve Operation

The Catoctin High School Student Council met recently with Roxie Aubol, president, presiding.

A Talent Show, planned for the last day of school, prior to Christmas vacation, will be held in the school auditorium, with three prizes of \$10 first, \$5 second, and \$2.50 third, to be offered. The committee in charge of the Talent Show consists of Vickie Saylor, Gary Heiler, and Betsy Fields.

At this meeting, all the revisions in the Catoctin Student Council constitution were unanimously approved. The present constitution was written in January of 1969, when Catoctin High first opened, by Roxie Aubol and Shelia Chatlos, then freshmen. They obtained copies of the constitutions of other schools, which they then used as guides in writing a constitution for Catoctin. The constitution was accepted in March of 1970.

One addition, making the S.C. president responsible for preparing an agenda for all representative and executive committee meetings, was made. Several changes in the secretary's duties are: first, a copy of the minutes of a S.C. meeting must be submitted to both the administration and the S.C. president within two days (changed from one week) after the meeting. Henceforth, the secretary will assist the president in setting up the agenda as mentioned before. Also, only with the approval of the president will the secretary carry on all S.C. correspondence.

A change was made in the article containing the rule that all representatives and honorary members of the S.C. must serve actively on one and only one standing committee. This has been revised to read: "... with the exception of the Executive Committee and the Constitution and By-Laws Revision Committee."

The Executive Committee, consisting of all S.C. officers, and the president and vice president of each class, is a new committee that will be written into the constitution. Another new committee, whose duty will be to review the constitution and by-laws, and introduce plans for revision, is the Constitution and By-Laws Revision Committee. It was also added that the Executive Committee will meet on the first Tuesday of each month, or whenever the need arises.

The section concerned with Amending Procedures now states that a proposed amendment must be introduced at a meeting of the representative body by the Constitution and By-Laws Revision Committee, or by individual S.C. members and then referred to the Executive Committee. To this section was added that all proposed amendments must meet with administrative approval.

Perhaps in themselves, most of these changes, additions and amendments aren't earth-shaking, but their presence will serve to help the CHS Student Council operate more smoothly and efficiently, and this in turn will help Catoctin.

Catocin To Present "Auntie Mame"

"Auntie Mame," the fall production at Catocin High School, will be presented on Friday and Saturday, December 3 and 4, in the C.H.S. auditorium. The admission is \$1.50 for adults, \$1.00 for high school students, and 50c for children under 12. Curtain will be at 8 p.m.

"Auntie Mame," by Patrick Dennis, is the story of Mame Dennis, an irrepressible New York beauty of the early part of this century. Mame's life is one continuous whirl of parties and social events, till the day her orphaned nephew, Patrick, comes to live with her. As Mame put it later, "It was love at first sight."

Mame makes great plans for young Patrick's "cultural enlargement." To further this purpose, she enrolls Patrick in a progressive, co-educational school in the village, run by Ralph Devine. When Patrick's trustee, Mr. Babcock of the Knickerbocker bank, learns of this and finds Patrick innocently playing "fish families," he transfers the boy to a school in Massachusetts, St. Boniface.

To add to this tragedy, Mame finds that she has lost all her money in the stock market crash of '29. She then attempts to earn her living. First, she gets an acting job through the influence of Vera Charles, a famous actress and Mame's best friend. After failing in the theatrical world, Mame attempts to become a switchboard operator. When she loses this job, Mame becomes a clerk at Macy's. She loses this job, too, but meets Beauregard Jackson Pickett Burnside, a wealthy Southern gentleman. They fall in love, and after a sojourn at Peckwood, Beau's "little ole plantation" where Mame meets all his relatives, Beau proposes to her.

In Act 2, Mame and Beau are on a trip around the world, and while in Egypt and Switzerland, Mame receives two letters from Patrick. They both confirm her worst fears. Through the influence of Rumson U., Mr. Babcock's alma mater in which he has enrolled Patrick, and Junior Babcock, Patrick, her "little love" is turning into a bourgeois snob. As Mame explains this to Beau, perched on the Matterhorn to take her picture, he suddenly falls and is killed.

Mame, heartbroken, returns to New York to pick up the pieces of her life. There, Lindsay, an old boyfriend, and Vera, have decided to persuade Mame to write her autobiography. Lindsay has hired a secretary, Agnes Gooch, to take dictation, and arranged for Brian O'Bannon, an author, to edit her book. Gooch and Brian both come to live with Mame.

The remainder of the play involves Patrick's engagement to a girl with "braces on her brains," and Mame's plots to break up the match, and the results of Gooch's attempt to "live, live, live!"

If you want a million laughs and a very enjoyable evening, come and see "Auntie Mame" on either December 3 or 4.

Francis X. Elder Legion Auxiliary Schedules Christmas Party At Meeting

The regular monthly meeting of the Francis X. Elder Unit 121, American Legion Auxiliary, was held recently with the President, Carmen Topper, presiding. Roll was called and there were 16 members present.

The minutes of the previous meeting were read and approved. In the absence of the treasurer, her report was read and approved. The Department and District bulletins were then read by the President. The donation to the Emmitsburg Community Fund, which was brought up at the October meeting, was again tabled until the Unit makes some money for the treasury.

The District budget is \$40 again this year. This was also tabled until the December meeting. The Rodack Project donation will be the same as last year. The Stanley Party discussed at the October meeting was postponed until further notice.

The Christmas party was then discussed. It was noted that the Savoy Catering Service of Waynesboro had been engaged for Wednesday, December 8, 1971. The secretary was asked to contact them to see if this date was still reserved and what would be for various dinners. A special meeting would be called

of the officers to decide on the party after the secretary finds out the required information. It was voted on that each member bring a gift valued at \$1.50.

The membership chairman, Jessie Knipple, reported that 66 members have paid their 1972 dues to date.

Members reported the following for the month: Baby sitting, non-veteran, 70 hrs.; veteran, 4 hrs.; Senior Citizens, 11 hrs.; Scouts, use of room, 4 1/2 hrs.; community service, 7 hrs.; Community Fund meeting, 1 hr.; cards sent, get well, 6; clothing donations, \$25.00; Clinic, 48 hrs.; child hygiene, 39 patients; maternity, 10 patients and family planning, 16 patients.

The chaplain, Idella Fite, reported that a planter had been sent to one sick member.

The draw prize was won by Lois Hartdagen. Mildred Harner's name was called for the door prize but was not present. Charlotte Sanders and Nettie Ashbaugh volunteered to help serve refreshments at the December meeting.

There being no further business the meeting adjourned and the ladies joined the men of the post for refreshments. A special meeting of the

officers of the Unit was held on Friday, Nov. 5. The meeting was called to decide what type of Christmas party the Auxiliary was going to have.

It was decided to have a covered dish social at the Post Home and could invite one guest. There will be a charge of \$1.00 for the guest. Any Auxiliary member not bringing a covered dish would also pay the \$1.00 charge.

The main dish will be roast turkey which will be provided by the Auxiliary. Two

turkeys will be purchased and two members volunteered to roast them. The Auxiliary will also furnish the rolls and butter. The party will be held on Wednesday, Dec. 8, at 6:30 p.m.

Mrs. Helen Shuff Rowe is confined to her home on West Main St., due to illness.
