SINGLE COPY: 10c

Most Anything, At A Glance

- By Abigail -

The town commissioners report that they had only seven local folks in attendance at the December council meeting Monday night. However, the town hall was pretty full with the addition of three newspaper reporters, one local policeman, and one stranger from Frederick. It seems to me that more than seven local residents should be interested in the monthly housekeeping of the town fathers; who knows, without local kibitzers present, it's possible the fathers could take off on some half-baked project on which most of the town would frown.

Our government has been built on the participation of local citizens. Emmitsburg government is no different from that in other areas of the United States, if it is going to be representative it has to have representation and that means attendance of the average citizen once in a while. The commissioners can not do it all, they need the help of the local people.

On the other hand maybe it's lucky that only a dozen people showed up because most of those present had to stand up or sit on window sills or the floor. Do you think the commissioners could be hiding the chairs so people won't show up? Apparently another local need is adequate space for town meetings so that residents will be encouraged to attend the monthly meetings. Let's add that to our already growing shopping list including improvements in the library, health center, teen center, etc.

I'm told that two of the reporters were from out of town and primarily interested in only one topic brought before the council, the same topic which interested the seven local residents. This was a discussion of the letters sent to five local property owners last month. Since all these folks left immediately after the letter discussion, we have to assume they were not interested in general town business. Carry that thought to the extreme and it could be said that no residents were interested in all the town's business, or to say it another way there were more out of town reporters interested in what was going on in Emmitsburg than there were local residents without a special interest. I wonder what this says for representative government?

Apparently the seven local residents asked many questions and failed to get answers to their satisfaction, partly because of some trouble with definitions of terms. It looks like all of us need to go back to the dictionary and determine the meaning of words like dope, narcotics, marijuana, LSD, etc. Like it or not, these terms have become a part of our vocabulary in this day and age and it would behoove all of us to know what they mean so that we can talk meaningfully among ourselves. And we have got to talk about these subjects as well as many others because that is the only way that many of us will ever get any insight into their complexities.

A head count down at Catoctin High School shows that about 150 Emmitsburg students attend the school. It seems to me that this size group entitles the school, the students, and their families to some attention for the Emmitsburg Commissioners. However I'm told that a representative of the Town Council has been invited to two recent functions at the school and failed to show up at either one. Thurmont's mayor was present at a dinner for the school's evaluation committee held a few weeks ago and also the fall sports awards banquet held last week, even though that town has few more students in Catoctin than Emmitsburg. I wonder why our boys don't show some interest in the town's high school residents.

(Continued On Page 8)

Raymond Keilholtz Wins Soil Award

The grand prize tour climaxed the 25th year of the Goodyear Conservation Awards Program will begin in Litchfield Park, Ariz., Saturday, with the arrival of 106 winning conservationists from all parts of the country.

Participants in the four-day, vacation-study program represent the 53 first place districts in the annual contest among the 3,000 member districts of the National Association of Conservation Districts (NACD). Winners will come from 47 states and Puerto Rico.

The group will include the year's outstanding cooperators and a board member from each of the award-winning districts in the program sponsored by The Goodyear Tire & Rubber Company in cooperation with NACD.

Robert C. Baum, Portland, Ore., Pacific program advisor for NACD, and representatives of the press, radio and TV also will be on hand.

Tours of the 10,000-acre Goodyear Farms, a proving ground for agricultural machinery and methods since 1917, and the scenic and historic sites of Arizona are on the schedule. Headquarters will be The Wigwam, country club resort at Litchfield.

Purpose of the competition, conducted on a state-wide basis, with a few exceptions, is to provide an incentive to conservation districts and to alert the public to the need for protecting land and water resources in urban as well as rural areas.

Since the awards program was begun in 1947, more than 2,100 conservationists have been Goodyear's guests as representatives of first place districts.

Maryland award winning conservationists who will participate in the grand awards program Dec. 11-15 include: Raymond E. Keilholtz, Emmitsburg, and Ernest E. Runkles, Mount Airy, representing Frederick Soil Conservation District.

Post Office Open Friday Evening

The Post Office business lobby will be open until 8 p.m. on Friday evenings, December 10 and 17, to help encourage early mailing of Christmas Greetings. All regular services will be available.

The following schedule lists dates recommended for consideration by customers in sending mail and parcels, to have them arrive in time for Christmas:

Serving In Alaska

Robert Wantz, son of Mr. and Mrs. Robert H. Wantz, R2, is shown in a small Alaskan village with a husky puppy. Wantz, a 1970 Catoctin High graduate, is stationed in King Salmon. His address is A/1c Robert Wantz, 5071 ABS, Box 7008, APO, Seattle, Washington 98173.

Chorus To Present Concert On Sunday

The Emmitsburg Community Chorus invites you to its annual Christmas Concert on Sunday afternoon, December 12 at 2:30 o'clock, in DePaul Auditorium, St. Joseph College.

This year the chorus will be presenting a variety of Christmas music. Included in the program will be "Fanfare for Christmas," with trumpets and trombones; carols of Appalachia which include "Jesus, Jesus Rest Your Head," "Jesus, the Christ is Born," and "Down In Yon Forest."

Also included will be "Angels, We Have Heard on High," "The Shepherd's Story," "While By My Sheep," and a carol-along with the audience.

The chorus will sing several selections from Handel's "The Messiah." Guest soloists will be Mrs. Lucille Zepp, Miss Grace Zepp, and Mrs. Jerry Gorman. A string quartet composed of Mr. and Mrs. Paul Chalfant, Mr. Asher Edelman and Mr. Gregory Klinefelter, will also be presented for this part of the program.

This year the chorus is happy to announce that St. Joseph's College Chorus will also be singing with the group for this concert. Pianist will be Mr. David Kreider. Sr. Jane Marie Perrot, D.C., is the director. Everyone is welcome. There is no admission charge but a free will offering will be collected.

Local Singers Entertain Elderly

On Sunday afternoon, December 5, the Frederick County Sororist Club presented a Christmas program and treats to the guests at the Montevue Home for the Elderly, Frederick.

The program consisted of music by members of the "Sunrise Singers." Afterward, punch and cake were served and a Christmas wheelbarrow of fresh fruits visited all floors and patients, with the visitors singing Christmas carols throughout the halls.

Those attending from Emmitsburg were Mrs. Ada Sperry, Mrs. Rita Removege, and Mrs. Alice Gregg.

Catoctin Students Plan New York Trip

New York may be "fun city" but it takes a lot of hard work to get there.

That's what members of the Catoctin High School drama class are finding out as they raise funds for a December weekend in the big city.

For the past few weeks, they've been holding bake sales and hiring themselves out to anyone who needs an odd job done. They polish and wash cars, rake lawns, wash windows, and sell candy apples. All earnings go into the N.Y.C. "kitty."

The 23 students who have signed up for the two day overnight jaunt realize they will have to personally finance a goodly portion of their trip. By their energetic fund raising efforts, however, they will be able to reduce the final price tag appreciably.

The trip to New York will be by train, an experience in itself for many of the students. In addition to skyscrapers and other tourist sights, the drama class members expect to see two Broadway plays and the Radio City Music Hall Christmas program.

Michael Miller, Catoctin drama coach, and several other adult chaperones will accompany the group. Miller has set-up strict regulations for the behavior of his students. He has informed all parents by means of personal phone calls, that he will tolerate no departure from the standards he has set.

"Each student will have a return ticket," says Miller. "If there is any infraction of rules, I will put the offender on the next train for home and phone his parents to meet him."

Despite his hard line policy, Miller's popularity is obvious by the enthusiasm displayed by his students.

Miss Alice Boyle has returned to her home in Baltimore after spending several days with Mr. and Mrs. B. H. Boyle, East Main St.

FIT FOR A QUEEN—Mrs. Walter Bromley of Smithsburg pours coffee for the new Maryland Horticulture Princess and alternate princess following their selection Nov. 27 at Washington County Museum of Fine Arts in Hagerstown. Beginning her reign is Doris Mae Shaw, 19, of Stewartstown, Pa. (left), a resident of Harford County, Md. Lana Jean Black, 18 (center), of Thurmont (Frederick County) is the new alternate princess. She is a nursing student at Frederick Community College. Mrs. Bromley is a past president of the Ladies Auxiliary of the Maryland State Horticultural Society, which sponsored the princess contest.

Get Servicemen To Call From Vietnam

Families and friends of American servicemen in Vietnam should plan ahead for holiday telephone calls between the two countries.

"If you would like to exchange holiday greetings by phone with a relative or friend in Vietnam, arrange to have him place the call from there," suggested E. A. Stenger, general traffic supervisor for the C&P Telephone Company of Maryland.

Stenger said that trying to reach a particular serviceman quickly by calling from the United States is close to impossible. Servicemen are likely to be on duty or stationed in remote areas where they're extremely difficult to locate, he explained.

To minimize these difficulties, according to Stenger, special arrangements have been made again this year to permit servicemen to call home at the times most convenient for them. The U.S.O., the military, the Bell System, and communications people in South Vietnam, Hong Kong, and Guam, will be working together to simplify the calling and permit the maximum number of men to talk.

Power Shortage Now Over

With resumption of mining operations and coal deliveries to its power stations, The Potomac Edison Company announced that its appeal to conserve coal through reduction in power use is no longer necessary.

Coal deliveries are resuming and coal stockpiles are beginning to build up at power generating stations, according to John M. McCardell, PE's executive vice president and general manager.

"We are very grateful to our customers for their cooperation in helping us extend our coal supplies during the latter stages of the national coal strike," McCardell said, "and we extend our thanks for the help and understanding we received during this emergency."

Home Opener

Mount Mary's will open its 1971-72 home basketball schedule Friday night at 8 o'clock, hosting Towson in a Mason-Dixon Conference affair. The Mounties, 0-3, will entertain St. Mary's College here Saturday evening.

Members of Sunrise Singers presenting program for the Montevue Home for the Aged include: Tom Eckenrode, Susan Morningstar, Vida Antolin, Gail Adelsberger, Kathy Stoner, Beth Morningstar, Paul Antolin and Frances Ann Adelsberger. ped with ramps, etc.).

Learning Is Helpful To Area Adults

"A little learning," according to Alexander Pope's oft-quoted dictum, "is a dangerous thing."

A quite different and more positive view of education has been taken by the Emmitsburg Lifelong Learning Council. It believes that "a little learning" in the form of adult education classes taught in local facilities is a helpful and stimulating thing for the community.

The council, which has just published its first annual report, points with pride to "a genuine success" in its efforts on bringing continuing education to the Emmitsburg area. Seven courses were offered in September and all met their registration requirements.

The courses were selected after a careful survey of the interests of the community. A questionnaire suggesting classes in basic education, job-skills improvement and hobby areas was widely distributed. Tabulation of returns led to the following courses: ceramics, woodworking, sewing, typing, home nursing, and child care, basic adult education and a high school equivalency course.

All courses, except home nursing and child care, were offered in cooperation with the Frederick County Board of Education. The board pays teacher's salaries for the courses which it co-sponsors, and supplies textbooks and classroom materials for adult basic and high school equivalency students.

The Child Care course was sponsored by the nursing division at St. Joseph College. Senior nursing students took turns teaching the class under the direction of Anita Sapp, a member of the nursing faculty.

In order to minimize travel time, a serious problem and even a deterrent to students in rural areas, all classes were held in town. St. Joseph's High School made its workshop, sewing lab and typing classrooms available. Ceramics was taught in the art department at St. Joseph College. The adult education room at Seton Day Care Center was used for adult basic, high school equivalency and child care courses.

Volunteers from the two local colleges and from the community acted as aides in some of the classrooms. New courses planned to begin early in 1972 include geriatric care, shorthand, and a class in gardening and landscaping. Short courses on subjects such as cake decorations, fly fishing, and personal grooming are a possibility being discussed by the curriculum committee.

James Hess, supervisor of the Adult Education Program in Frederick County, points out that a class can be given in almost any subject from Yoga to antiques to money management if a group of 10 or more interested persons request it.

There is no tuition charge for students enrolled in Adult Basic Education because state funds are available to pay some costs of that course. A fee of \$3 is asked from those working toward a high school equivalency certificate. Tuition for all other classes is set at \$8 per 24 hours course.

The hours may be divided in different ways to suit the needs of teachers and students. This semester, courses running from a minimum of eight weeks to a maximum of 12 weeks. All courses are given on weekday nights with the exception of home nursing and child care taught on Tuesday afternoons.

In order to make the child care course available to women who might need it most—those with young children at home—baby sitting was provided in conjunction with the classes.

Most women were grateful for the practical nature of the nursing course. It covered subjects such as "How to give medication," "Prevention of Home Accidents," "When to Call the Doctor," "Care of Children's Teeth," "Mouth to Mouth Resuscitation," and "The Home Sick Room."

Some disabled veterans, under certain conditions, are eligible for VA grants of 50 percent up to a maximum of \$12,500, toward the cost of "wheelchair" homes (equipped with ramps, etc.).

Town Council Approves Park Plan, Names Center Group, Hears Residents

The regular monthly meeting of the Burgess and Commissioners of Emmitsburg was held Monday evening, December 6, with Chairman Ernest Rosensteel presiding with a full board present.

The minutes of the regular and the special meetings for November were read and approved.

The new water rate schedule was discussed. The mayor wants to make St. Joseph's Provincial House and St. Joseph College separate water customers. Chairman Rosensteel voiced his disapproval of a separate water meter and the other commissioners agreed.

The Parks and Recreation outline map of the new park was shown and approved by the Council and will be sent to the Clearing House. The Parks and Recreation Ordinance with the corrections by Mr. Harry Hunter, was approved by the Council.

Commissioner Philip Topper advised the Council that Planning and Zoning attitude questionnaires were distributed throughout the town.

Mayor Hays presented a map of the proposed information center on Route 15.

The Mayor read a letter from a concerned citizen in Emmet Gardens regarding pedestrians, especially children, who must use the new roadway at the east end of town. This citizen asks that the town do something about this hazardous situation.

The Telecab proposal was presented as submitted. No action was taken.

The Council decided that Parking Meters will not be in operation from December 17 to December 25, inclusive. A group of young citizens whose landlords were sent letters last month asking them to attend a meeting on November 15, attended the meeting. After a two hour discussion, nothing was resolved and the Council refused to write a second letter to the landlords.

The Council voted to set up a local group to work on the development of the Emmitsburg Community Center. Commissioner Topper and Commissioner Eugene Myers were appointed to lead the group which will seek to develop plans and obtain funding for the various facilities and services which will be a part of the center.

The Council decided to offer its assistance to St. Joseph College for their anticipated search for a suitable tenant to use the facility after the college closes. A letter offering such services is to be sent to Sister Camelia for transmittal to the college's Board of Trustees.

Added Christmas decorations for the square were discussed. It was decided not to spend more than \$500, if decorations for this year could still be obtained. All bills were approved for payment. The meeting adjourned at 11:05 p.m.

Local Residents Ask Letter Clarification

Seven young residents of Emmitsburg attended Monday's town meeting to ask the Commissioners to clarify letters written November 10 to five local landlords. Some landlords have interpreted the letters as requests for eviction of the tenants who were arrested in a marijuana raid Sept. 17. The Commissioners denied Monday that the letters were requests for eviction.

The young people repeatedly asked the council to contact the landlords who have begun eviction procedures. Mike Fair, one of the seven, said that his landlady plans to sell her property and leave Emmitsburg. The councilmen said they could not interfere with the property owners. The officials said they were interested in eliminating all drug traffic, including marijuana, in town. The young people offered assistance in keeping "hard drugs" out of Emmitsburg.

Some of the councilmen expressed regret about leaving the tenants homeless but no one on the council indicated interest in further action on the letters at this time. Mayor Hays said they had been written in order to give the council an opportunity to talk with the landlords and resulted in the November meeting. Mayor Hays said that further action would be taken on the drug situation should it be deemed necessary by the council.

He said the "environmental impact" report on the area has been made, as well as a report from an archeologist, and that both felt "vibrations" from construction of the road and its use would not cause further settlement of the historic area in question.

House Decorations In Xmas Contest

The annual Christmas House Decorating Contest, sponsored by the Francis X. Elder Post 121, American Legion, will be held again this year it has been announced. The date for the judging will be announced later.

There will be three categories of exhibits this year—Best Lighting, Most Original and Nativity. There will be two prizes in each category. The first prizes will be \$30 and the second prizes will be \$20. All Emmitsburg area residents are encouraged to participate by decorating their homes.

Survey Forms Out

Community attitude surveys have been distributed to all area residents during the past week and a few have been returned to the town office already. The Planning and Zoning Committee requests that anyone who did not get a survey please contact the town office. All residents are encouraged to complete their survey and return it as soon as possible.

BUSINESS AND THE STOCK MARKET

Better Image For

Rail Equipment Stocks

By Babson's Reports Inc., Wellesley Hills, Mass., December 9, 1971—There is no debating the assertion that the railroad equipment industry is basically cyclical in nature. This stigma has been clearly in evidence over the years, as reflected in the past record of ebb and flow in de-

mand for and production of railroad equipment. This is not surprising since the industry's fortunes are tied tightly to the fluctuations in capital expenditures by rail firms. In turn, railway budgets are vulnerable to such stresses as economic recessions, tightness in supplies of credit, and high borrowing costs.

Companies Fight Back

After a period of healthy business in the early to middle 1960s, the rail equipment industry lapsed into a spell of mediocre or low activity. This condition stemmed from a considerable degree from the nation's monetary problems and the related woes of the railway carrier systems. In the past few years, however, most

of the companies in the field sought to combat the industry's stagnation and to lessen their dependence on the volatile behavior of the railroads. This has been accomplished through diversification moves into other divisions of the broad capital goods line, through placing greater emphasis on leasing equipment and participation in environmental betterment.

As a result, stocks of the leading railroad equipment producers and parts suppliers have fared quite well in recent years, despite the deplorable behavior of the stock market in general. Although none escaped the ravages of the 1968-1970 bear market, the stalwarts of this particular industry group were among the front runners in the subsequent market recovery, and many have even held up well during the market's backslide since last spring. But it must be admitted that diversification efforts have met with varying results. To the extent that new lines of activity are tied to military-oriented goods, results of sales and profits have continued to evidence cyclical patterns. But where emphasis has been placed on equipment leasing and environmental improvement, results have generally been impressive.

Industry Prospects Better

Each year during the 1960s the railroad companies retired more freight cars from service than the rail equipment industry produced either for outright sale or for lease. This has, of course, resulted in shortages of cars for the transportation of freight. The inadequacy should soon be reflected in more active orders for freight cars. In addition to the mounting pent-up demand for replacement freight carriers, a number of other developments could spur markets for railroad equipment. Foremost among these is the proposal to restore the tax credit on certain business capital expenditures. Congress has, of course, been agonizing slow to enact the needed legislation for this. Government assistance in financing and establishing a federally owned

Benjamin L. Shuff Celebrates Fifty Years With F&M Bank

Benjamin L. Shuff, Chairman of the Board of Chief Executive Officer, is celebrating fifty years of outstanding service with Farmers and Mechanics National Bank, Frederick, Md. Employed on December 5, 1921, as a messenger and clerk, Mr. Shuff has dedicated practically his entire business life to the Farmers and Mechanics National Bank. During this span of fifty years, Farmers and Mechanics National Bank has grown from \$250,000 to total resources of \$120,000,000, and ranks as the largest independent bank in western Maryland.

Mr. Shuff was born on a farm near Wolfsville, Maryland, May 27, 1901, the son of the late William H. and Linnie E. Shuff. He attended public school at Wolfsville and is a graduate of Middletown High School. Later he studied for four years in accounting and certified public accounting work and spent a comparable period of time taking correspondent courses in banking and economics.

After being employed at the Curtis Bay Copper and Iron Works, Curtis Bay, Md., during part of 1919, and with the Poole Engineering and Machine Company, Baltimore, in 1920 as assistant auditor, Mr. Shuff went to Fort Meade as a stenographer in the Quartermaster Corps of the United States Army.

Once employed by the Farmers and Mechanics National Bank, Frederick, in 1921, Mr. Shuff worked his way grad-

ually through minor and major offices of the institution. On August 23, 1955, at a meeting of the Directors of the bank, Mr. Shuff was named President to succeed the late Robert E. Delaplaine, Veterans who receive an "other than honorable" discharge from military service, may get applications for review of their discharges from any VA office.

The Ladies Auxiliary to the Rocky Ridge Vol. Fire Co., held an election recently with these results: President, Mrs. Isabel Mathias; vice president, Mrs. Vida Staub; secretary, Mrs. Margaret Garner; asst. secretary, Mrs. Lois Late; treasurer, Mrs. Betty L. Mumma; asst. treasurer, Mrs. Helen Burrier; chaplain, Mrs. Mae Kaas; asst. chaplain, Mrs. Nancy Albaugh; historian, Mrs. Betty A. Mumma.

Veterans with an other than honorable discharge because of use or possession of drugs for personal use may get forms from VA to request military review of their discharges, the agency announced recently.

Letter To The Editor

Editor, Emmitsburg Chronicle: It should be explained that reapportionment comes as a result of the one-man-one-vote court rulings. From 1867 to 1962 there had been no major change in the Legislature until the court supervised plan now in effect was adopted.

The new reapportionment plan as presented by the special legislative committee appointed by the Governor undoubtedly will create a messy ballot that will be confusing to a large number of voters.

Carroll County has been steamrollered by the plan. One example is House District 2-B which puts Frederick County election districts and two Carroll districts against five Montgomery County districts. It simply means a 19th delegate for Montgomery County.

Another example of rural loss is eastern Carroll County where three election districts were put into northern Baltimore County. Two-thirds of the Sykesville district was placed in District 2-B to help population requirements for another Baltimore County district.

Montgomery and Prince George's will be calling the legislative shots before too long.

I am disappointed that, should I run for re-election successfully, I'd lose Carroll County except for one district and 13 districts in southern and Eastern Frederick County.

On the other hand, I'm thankful I would have at least half of Frederick County (13 districts) and would welcome the opportunity to represent in addition the people of six

Maryland Drug Abuse Administration Holds County Meeting In Frostburg

A series of one-day meetings in each of seven state regions has been scheduled by the Drug Abuse Administration of the Maryland Department of Health and Mental Hygiene, according to its Director, Philip Greene. Each meeting will have two sessions—one for legislators, the other for the general public.

The meetings have been designed so that persons with a concern for the drug problem will have the opportunity

to hear what the Administration is doing to help those afflicted with drug abuse. They will also see in what ways they can help.

In addition, at each meeting, the audience will be able to hear, question and meet Mr. Greene, Dr. Stuart Nightingale, Medical Director, Everett Wilson, Chief of Program Coordination, Miss Peggy Lewis, Standards and Regulations Specialist, and the Regional Director.

The meeting for Frederick County will be held with that of Region III in room 218 Dunkey Hall, Frostburg State College, Frostburg, Wednesday, Dec. 15, 2 to 4 p.m. for legislators and 7 to 9 p.m. for the general public. Also, United Church of Christ, Central Lane, Caveton, Thursday, Dec. 16, 10 a.m. to 12 noon for the general public, and 1 to 3 p.m. for legislators. Mr. James Reagan is the director.

Overall the 1972 redistricting will further reduce the rural counties' strength. Some House members will find themselves representing several counties for the first time—such as Frederick - Washington; Frederick - Carroll; and Frederick-Montgomery.

It's premature to get overly excited about the proposed lineup. A constitutional amendment up for voter ratification in November 1972 if passed would void the reapportionment plan and trim the size of the Legislature from 185 to 180 members, requiring that districts be drawn with equal ratios of either three or four delegates to every Senator at the Legislature's option.

—Senator Edward P. Thomas

VA says a veteran with a permanent plan GI insurance policy over one year old can borrow up to 94 percent of its cash value.

What keeps Maryland running?

Every one of us uses an average of three gallons of oil every day. So do all the other 205 million Americans. Oil and natural gas supply 75 percent of our energy needs: almost all transportation, most of what is used for cooking and heating, more than 40 percent of all our electricity. A country that runs on oil can't afford to run short.

FREDERICK COUNTY BACKGROUNDS

BY SAMUEL CARRICK

"Blood Will Tell . . ."

There are people in the world today who scoff at the idea that "blood will tell." Save your sneers and doubts—look into history and you will find that the "Blood line" has been telling a somewhat sad and tragic story all thru the centuries of man's recorded history. The ancestry of domesticated animals is of more importance than that of man—at least to some. Stop—take a good long look at yourself—what is the most important thing that you can give to future generations—yet unborn—the right to a good mind and body—clean ancestry? Every link in the chain must be of sound workmanship—or there is trouble ahead. "Good stock" applies to man as well as to the animals.

Now to return to the history and genealogy of the Hockensmith family.

Daniel (4) Hockensmith, the youngest child of John (3) and Barbara (Sluss) Hockensmith, married Elizabeth Bowens. They were the parents of three children—as follows:

1. Adam Tobias (5) Hockensmith—Married Margaret Ann Hitchahew.

Note: Adam Tobias (5) and Margaret Ann (Hitchahew) Hockensmith were the parents of six children only one of who married—Carrie Grace (6) Hockensmith.

The baptism of Adam Tobias (5) Hockensmith is recorded in the Taneytown Lutheran records.

2. Isamiah (5) Hockensmith—married Isaac Ohler and was the mother of a large family. Both Isaac Ohler and Isamiah (6) Hockensmith Ohler are interred in Elias Lutheran churchyard. This branch

of the Hockensmith family was dealt with at some length in the study of the Ohler family.

3. Ivanna (5) Hockensmith—married . . . (?) Hitchahew.

Note: Nothing more is known pertaining to this branch of the Hockensmith clan.

As stated in last week's column, Daniel (4) Hockensmith died comparatively young and is interred with other members of his family in old Tom's Creek Lutheran and Reformed churchyard.

William (4), son of John (3) and Barbara (Sluss) Hockensmith, married Alice Amanda . . . (?) . They were the parents of a "fair-sized" family and the baptism of at least three of their issue is found in the Lutheran church records—as follows:

11. Baptized—John Franklin (5) Hockensmith, son of William and Alice A. Hockensmith—born August 5, 1853—baptized January 20, 1854.

Note: This little boy died quite young and interred with his parents in old Tom's Creek churchyard. His grave is marked.

12. Baptized—Sarah Emma Hockensmith—daughter of William (4) and Alice A. Hockensmith—born July 4, 1856—baptized August 5, 1856.

Note: This child, too, died young and is interred with her parents at Old Tom's Creek churchyard. Her grave is marked.

13. Baptized—Robert Eli Hockensmith—son of William and Alice Amanda Hockensmith—born February 16, 1851—baptized April 26, 1861.

Note: This Robert Eli (5) Hockensmith was a much-married man—for he entered

into the "holy state" no less than three times. His first two wives are interred in Elias Churchyard along with their infant children.

The first Mrs. Robert Hockensmith was a daughter of John Z. and Harriet Welty, of Carroll's Tract, and the church records record these facts pertaining to this unfortunate young woman:

14. Laura C. Welty, daughter of John Z. and Harriet Welty, confirmed November 5, 1870—married Robert E. Hockensmith on October 20, 1874—died May 9, 1876.

Recorded in the "Star and Sentinel", published at Gettysburg, Pennsylvania, is the following:

1. Married, October 20, 1874, at the residence of the bride's parents, near Emmitsburg, Md., by the Rev. H. R. Kremer, assisted by the Rev. E. S. Johnston, Mr. Robert E. Hockensmith to Miss Laura C. Welty, the daughter of Mr. John Z. Welty—all of this County.

At the same time and by the same, Mr. John David Overholtzer to Miss Mary Lizzy Welty, daughter of Mr. John Z. Welty, of this County.

In Elias churchyard are the graves of Laura (Welty) Hockensmith and her child. The inscriptions follow:

15. In memory of Laura C. Hockensmith, wife of Robert E. Hockensmith, and daughter of J. Z. and H. Welty, died May 9, 1876, aged 19 years, 10 months, and 10 days.

16. Sacred to the memory of Harriet E. Hockensmith, daughter of Robert E. and Laura C. Hockensmith, died July 15, 1876, aged 2 months and 14 days.

It is interesting to note that the sister of Laura (Welty) Hockensmith, Mary L. Welty, who married John David Overholtzer at the same time Laura Welty married Robert Hockensmith, lived a long and

Catoctin High School Holds Fall Sports Final Wheat Program Payments Total \$231 Million

Award Banquet Honoring Area Athletes

Catoctin High School held its first Sports Awards Banquet on Thursday, December 2, 1971. School athletes of the Cross Country, Field Hockey, Football, and Soccer teams were honored. Principal Long presided and told the group that athletics have an important place at Catoctin. One of the important things learned from sport is that the athlete gives the best that is in him, according to Long. Robert Davies, former All-American basketball player was the featured speaker. Davies outlined the values of discipline and teamwork to the group of over 250 athletes and parents. Assistant Principle Ed Kerns helped the respective coaches give out the awards.

Cross country athletes honored by Coach George Englar were: John Calmer, Cary Heier, David Lewis, Kip Merritt, Steve Purcell and Ray Thompson.

Varsity field hockey athletes given awards by Coach Lois Wastler were: Diane Baker, Sheila Chatlos, Carol Gearhart, Donna Martin, Liv Myers, Dee Perry, Mary Ann Rice, Becky Seiss, Patti Trout, Anne Umbel, Debbie Watkins and Nena Wood.

Junior Varsity field hockey athletes were: Ann Amery, Pat Black, Vicki Bollinger, Mary Brennan, Susan Long, Phyllis Heims, Suzanne Myers, Donna Perry, Karen Ramsburg, Missy Reed, Cathy Shuff, Kathy Sixx, Debbie Sprinkle, Vicki Stambaugh, Karen Stottmeyer, Anne Willard and Maggie Little, manager.

happy life. She and her husband are interred in Elias churchyard.

On December 25, 1879, Robert E. Hockensmith married Julia M. Maxell, the daughter of Samuel and Jane (Perguson) Maxell.

These notes will be continued in this column next week.

Checks totaling \$231 million in final payments under the 1971 set-aside wheat program are being mailed this week to producers on approximately 1,012,000 participating farms, according to a report received from the U. S. Department of Agriculture.

In Maryland, producers on 4,045 farms participating in the program received a preliminary payment of \$2,134,725 for setting aside 22,214 acres from production and planting only 51,619 acres of wheat. Maryland producers

will be receiving their proportionate share of the above additional payment.

It's still in the dream stage; in fact, it won't be until the 1976-77 period before the United States can launch an Explorer spacecraft to Venus, but NASA is already inviting scientists to help engineers in the early planning stages of the missions.

By
Congressman Goodloe Byron
Maryland—Sixth District

The following questions were typical of the kind asked of me in recent weeks. Letters should be sent to me, c/o U. S. House of Representatives, Washington, D. C. 20515.

In one of your recent columns you provided advice for a veteran who was looking for employment. Who can a jobless aerospace engineer turn to?

Jobless aerospace and defense engineers, scientists and technicians in Maryland are eligible for government retraining and job-finding services. Under the Department of Labor's Technology Mobilization and Reemployment Program (TMRP), the State of Maryland has been assigned a specialist to interview qualified applicants for job-search and relocation grants, as well as institutional training. To be eligible for services under the TMRP, jobless engineers, scientists and technicians must have been employed for at least 12 of the last 24 months by aerospace or defense employers whose local business was derived largely from defense or aerospace contracts. Interested applicants and employers should contact their nearest local State Employment Service Office for additional details about the program.

I've noticed recently that a store in our area has upped its price on several household products by 50%. Who do I report this to since I think it is wrong in light of the price guidelines set by President Nixon's Price Board?

Citizens in the Sixth District should contact any of the following IRS offices: Cumberland—203 Post Office Building, Pershing St., Telephone 731-7722; Hagerstown—Professional Arts Building, 5 Public Square, Telephone 731-1251; Frederick—914 East St., Monocacy Village Shopping Center, Telephone 663-6620; Baltimore—3100 Hopkins Plaza, Telephone 962-2590.

Why doesn't the United States use symbolic pictures for highway and street signs instead of written messages?

The U. S. is gradually moving toward more of the international-type signs, but companion word messages will also be used until the public becomes accustomed to them. Symbolic signs are being phased in across the nation because they provide almost instant communication with the driver and can be understood at a glance. These signs also overcome language barriers and will aid foreign visitors and tourists who want to see our country.

I have been unable to work for the past two years because of emphysema and several other injuries. The local hospital here has claimed me a total disability but I have been turned down twice by Social Security. My life savings are about gone—can you please help out?

The Social Security Administration was immediately contacted upon receipt of your letter. As you are now aware you will be receiving a benefits check for \$190 each month. In addition, a retroactive check covering the last 23 months will also be sent you. Citizens having similar problems receiving benefits justly due them should write my office for assistance.

The VA advises every veteran who sells a home purchased with a GI loan to get a "release of liability" before closing the sale.

STATE OF MARYLAND NOTICE OF APPOINTMENT AND

NOTICE TO CREDITORS
TO ALL PERSONS INTERESTED
IN THE ESTATE OF
ELMER S. DAVIS

This is to give notice that the undersigned, Elmer E. Davis whose address is 5491 Sunnyside Avenue, College Park, Maryland, was on November 30, 1971 appointed personal representative of the estate of Elmer S. Davis, who died on November 18, 1971 with a Will.

All persons having any objection to such appointment (or to the probate of the decedent's will) shall file the same with the Register of Wills of Frederick County on or before May 30, 1972.

All persons having claims against the decedent must present their claims to the undersigned, or file the same with the said Register of Wills on or before six months from the date of such appointment. Any claim not so filed on or before such date or any extension thereof provided by law, shall be unenforceable thereafter.

LEGAL NOTICE

PUBLIC NOTICE OF HEARING TO ADOPT A REGULATION AND IMPLEMENTATION PLAN

NEWSPAPER NOTICE
In accordance with Article 41, Section 245(c), Annotated Code of Maryland (1971 Replacement Volume), the Secretary of Health and Mental Hygiene hereby publishes notice of his intention to adopt an amendment to a Regulation, as follows:

Amendments to Regulation (43P03) Governing the Control of Air Pollution in Area II. (This comprises the Central Maryland Area consisting of Frederick County) and further, in accordance with Article 43, Section 607 (b), Annotated Code of Maryland (1971 Replacement Volume), the Secretary of Health and Mental Hygiene hereby gives notice that a public hearing on said amendment will be held on December 14, 1971, at 1:30 p.m. and 6:30 p.m. at Staley House, Motter Avenue, Frederick, Maryland.

And further, in accordance

with the Requirements for Preparation, adoption and submission of Implementation Plans, Federal Register, Vol. 36, No. 158—Section 420.4 subsection (a) and (b) gives notice that a Plan for Implementation of Ambient Air Quality Standards in the Central Maryland Intrastate Air Quality Control Region will be considered at the same hearing.

Interested persons have the opportunity of submitting data or views, orally or in writing, to the office of the Bureau of Air Quality Control, 610 North Howard Street, Baltimore, Maryland 21201, prior to, or at the time of, the intended action of the Secretary.

Copies of the proposed amendment and the Implementation Plan are available in the office of the Bureau of Air Quality Control, 610 North Howard Street, Baltimore, Maryland 21201.

Upon failure to submit data or views, orally or in writing, the Amendment may be adopted upon the statement of parties present.

100% Solid State AccuColor

GUARANTEES

SATISFACTORY SERVICE

RCA CORPORATION BACKS THESE COLOR TV MODELS WITH THE FOLLOWING BASIC WARRANTY PROVISIONS

RCA's symbol of Purchaser Satisfaction

If anything goes wrong with your new 100% Solid State set within one year from the day you buy it, and it's RCA's fault, RCA will pay your repairman to fix it—both parts and labor. (Labor warranty is 90 days for models other than 100% Solid State sets.)

You can use any service shop in which you have confidence—you don't have to pick from some special authorized list. Just present your warranty registration card to the service repairman and RCA pays his repair bill.

If your set is a portable, you take it in for service. For larger sets, your serviceman will come to your home.

If your picture tube becomes defective within two years from the day you buy the set, it will be exchanged for a reliable rebuilt tube (defective parts are covered for one year.) After the first year for 100% Solid State sets, and after 90 days for others, you pay labor and installation charges for parts and picture tube.

In short, the warranty covers everything but installation, antenna systems, adjustment of customer controls or foreign use.

RCA SERVICE IS BEST

Frederick County Offers Medical Transportation For Low Income Families

The Frederick County Community Action Agency has announced a new service for low income families who need transportation for medical care. Under a grant from the Maryland Department of Health and Mental Hygiene, a Minibus has been acquired and any resident of the county who has a valid medical card (MEDIC-AID) can call CAA

to request transportation to any medical facility in the state. The agency requests those in need of medical trans-

portation, who cannot make other arrangements with family or friends, call Mrs. Dorothy Brown at 663-3800, ext.

215, in Frederick, so that their appointment may be scheduled.

● ABIGAIL

(Continued From Page 1)

With the vote going to 18-year-olds, you would think that a politician would be out trying to meet and get to know as many of the youngsters (not to mention their parents) as possible rather than ignoring them. Most voters have long memories and I recall that it was a mighty short time from high school life to age eighteen. Of course in those days we got 3 years to cool off before we became twenty one and could vote.

LEGAL NOTICE

STATE OF MARYLAND
NOTICE OF APPOINTMENT
AND
NOTICE TO CREDITORS
TO ALL PERSONS INTERESTED IN THE ESTATE OF
EDWARD C. GRAY, SR.

This is to give notice that the undersigned, Helen D. Gray whose address is RFD #2, New Windsor, Md., was on November 22, 1971, appointed personal representative of the estate of Edward C. Gray, Sr., who died on November 12, 1971 with a will.

All persons having any objection to such appointment (or to the probate of the decedent's will) shall file the same with the Register of Wills of Frederick County on or before May 22, 1972.

All persons having claims against the decedent must present their claims to the undersigned, or file the same with the said Register of Wills on or before six months from the date of such appointment.

Any claim not so filed on or before such date or any extension thereof provided by law, shall be unenforceable thereafter.

LEGAL NOTICE

NO. 23,517 EQUITY IN THE
CIRCUIT COURT FOR
FREDERICK COUNTY,
MARYLAND

ALBERT ROSS, JR.
14 South Delaware Avenue
Brunswick, Maryland
Vs.
MATTIE RACHEL ROSS
State of Texas

ORDER OF PUBLICATION
The Bill of Complaint is a suit to procure a divorce A VINCULO MATRIMONII from the Defendant, Mattie Rachel Ross.

The Bill recites that the Complainant is a resident of Frederick County, State of Maryland, where he has resided for more than one year last past; that the Defendant is a non-resident of the State of Maryland, whose last known address was Texas, City and Street unknown; that the parties to this cause were married in the year 1967, in the State of Virginia, by a regularly ordained minister of the Gospel; that as a result of the marriage between the parties to this cause no child or children were born; that the parties to this cause have voluntarily lived separate and apart, without any cohabitation, for more than eighteen months prior to the filing of this Bill of Complaint, and that the separation between the parties is beyond any reasonable hope or expectation of reconciliation.

The Bill then prays that the Complaint may be divorced A VINCULO MATRIMONII from the Defendant, Mattie Rachel Ross; and for such other and further relief as the nature of his case may require.

COURT ORDER
It is thereupon this 22nd day of November, 1971, by the Circuit Court for Frederick County, Maryland, sitting as a Court of Equity, ORDERED that the Complainant give notice to the Defendant of the object and substance of this Bill, by causing a copy of this Order to be inserted in some newspaper published in the County of Frederick, once each week for four successive weeks before the 25th day of December, 1971, commanding her to be and appear in this Court, in person or by solicitor, on or before the 25th day of January, 1972, and show cause, if any she has, why a Decree should not be passed as prayed.

Couple Observe
25th Anniversary

A surprise party was held Sunday, Nov. 28 in honor of the 25th wedding anniversary of Mr. and Mrs. Ralph F. Kelly, Taneytown.

The couple were married at the First Methodist Church of Hanover by the Rev. Gilbert Bennett.

Teen Center Party

On December 11, the Teen Center will be having a Christmas party. There will be a "Live Band," and refreshments will be served. Admission is 50 cents, and all members are invited to attend. Last week, 62 members attended, which was a great turnout. This will be the last get-together until after the holidays.

CORRECTION

The date for the Emmitsburg Senior Citizens Christmas party and covered dish supper was mistakenly reported last week. The affair occurs on the regular club meeting night, December 21, 1971, at 6:30 p.m. in the Center.

Keep in mind the bus trip to Baltimore to see the Ice Capades on Jan. 13, 1972.

Sixty friends gathered in the Trinity United Methodist Church of Emmitsburg in the social room to help the couple celebrate their anniversary. Hosts for the party were the honored guests' children, David and Sharon Kelly. The family also includes one grandchild. A niece, Miss Linda Harbaugh, attended the guest book.

Guests attending the celebration were from Thurmont, Emmitsburg, Rocky Ridge, Ellicott City, Fairfield, Hanover, Westminster, and Goldsborough, N. C.

Plans Being Made For 1st Coin Show

Emmitsburg's first Coin Show will be held at Mother Seton School on Saturday, December 18 from 9 a.m. to 10 p.m. A dozen or more dealers are expected to participate in the show with still more space available for dealers wishing to sell coins. A charge of \$4.00 will be asked of dealers wishing to rent a table. Additional information may be obtained by calling 447-2869 or 447-2421 after 5 p.m.

A door prize of a \$5.00 Gold Piece will be drawn for at the close of the show. Other prizes will include five separate drawings for silver dollars.
