VOLUME XXI, NO. 41

Most Anything At A Glance

- By Abigail -

With all of the warm, sunny weather we've been having lately, it's hard to believe that summer is almost over. Another week or so and Labor Day will be here; school doors will open for another term and homeowners will start thinking about getting ready for winter.

A few of the college students have drifted back to town and I understand they should all be back next week. I would like to wish them all a hearty welcome and best wishes for the coming academic year. The town has been rather quiet during the summer but it's likely to liven up a little with more students than ever attending the Mount.

It's certainly good news to hear that work can now begin on our Community Park. Many folks were wondering if this day would ever come. Dealing with the federal government is undoubtedly a confusing business and we should certainly be grateful to the people who have done the work in getting these funds. Maybe my uncle the contractor, will be able to get a bid in on some of the work; he could go out of business waiting around for the new school. I did hear something about the school project picking up speed in the near future, let's hope it's true.

There's other things happening around town; must be because everybody is back from vacation and settling down to business. The Planning Commission has that hearing coming up next month. 'Course a lot of folks who should be there, won't. And funny though it may seem, years from now these same folks will be complaining about what was or wasn't done to their satisfaction.

Well, I was wrong about the Republican convention. They have managed to keep any little squabbles they are having quiet. Sure does make for dull viewing. McClosky got one nominating vote, which was the big surprise of the whole show, and that wasn't much of a surprise. Does seem a bit much to give so much television time to these conventions. Many people have wondered if having just one network cover them wouldn't be better. We could then switch to the summer re-runs to wake us up when the conventions get a bit over-long and over-talkative.

Another plane was hi-jacked recently. Seems that after the FBI had captured the hi-jacker, bystanders and passengers in the airport applauded. I think most of us would agree with them. Used to be people were afraid to fly for fear of being involved in an accident, now they're afraid they'll lose so much time being hi-jacked there won't be any vacation left to enjoy.

Town Will Have New Decorations

Representatives from VFW Post 6658, Emmitsburg, and Town officials met Monday night, August 18, with Decoration Representatives and placed an order for \$3,000 in new Christmas decorations. This includes new decorations for the square and some new street lines.

The VFW has pledged \$2,000 toward the cost of the decorations and is planning a raffle, proceeds of which will go toward the \$1,000 balance. Donations for this project are most welcome and may be mailed or brought to the VFW Post in Emmitsburg.

Senior League Tryouts Scheduled

Senior League tryouts will be held Wednesday, August 30, 6 p.m., at the ball diamond. Anyone interested should be there at that time. All Little League grads are invited to tryout.

Warthen Returns From European Trip

Joel S. Warthen of W. Main St., has returned from a six-week tour of Europe. Joel, who will be a senior this year at St. Joseph's High School, traveled with a group of eight other students, part of a 160 member tour under the auspices of the Foreign Study League. The League program draws from schools administered by the Daughters of Charity and has headquarters in Salt Lake City, Utah.

Joel's French teacher, Sister Jane Cecilia Kolb, also made the tour.

Departure was from Dulles Airport via World Airways. The first stop was Madrid where Joel witnessed a bull fight and found the life-style particularly appealing.

Other highlights of the trip included a visit to the Vatican, an exciting train ride from Florence to Germany, and the salt mines in Germany and the discovery that an American choral group was singing the Mass in the Salzburg church.

In Switzerland, Joel attended a local village festival and brought honor to his homeland and his group when he won a bottle of red table wine for climbing a 25 ft. pole in a required limit of time.

Like countless tourists before him, Joel was impressed by the Eiffel Tower and the Arc de Triomphe in Paris, by Westminster Abbey and the changing of the guard at Buckingham Palace in London and, particularly, by hearing the opera "Aida" in Rome.

During the past spring, Joel's hope of making the European tour was very faint. The price tag on the trip seemed out of reach despite the encouragement of Sister Jane Cecilia, French teacher at St. Joseph's High School, who said that there was no one she would rather see go on the trip. Finally, Sister appealed to community organizations on behalf of Joel, and contributions totaling more than half the projected expenses came rolling in.

Those contributing included the VFW, the American Legion Auxiliary, the Knights of Columbus, the Ladies of Brute, the Sodality of St. Joseph's Church and the VFW Auxiliary. Many generous donations were also made by private citizens of the area.

Joel bore the rest of the expense of the trip himself through part-time jobs at Mt. Manor and Charnita. During the past school year, he was president of the junior class and active in the Drama Club. French is his favorite subject. The tour included a study program and Joel will receive academic credit as a result.

Joel is the son of Mr. and Mrs. John L. Warthen of Emmitsburg.

Contributors To Fund Drive Listed

James M. Kittinger, chairman of the 1972 Fund Drive of the Vigilant Hose Co. announced this week that \$6,802.14 has been collected. The goal has been set at \$7,500.00. Recent contributors are as follows: William Miller, John Ridenour, Jr., Edward Meadows, Jr., Harry Portner, Mrs. Martin J. Kaas, Jack Eyer, Evers Messner, Rosalia Marshall, Roy Miller, Thomas Ridenour, Joe Peterson, Thomas Ryan, Theresa M. Papp, Shipley's Bottling Works, Inc., Fisher Distributing Co., Inc., Charles Moser, Kermit G. Glass, Lloyd J. Marshall, Utz Potato Chip Co., Inc.

Knights Plan District Mass Here

Brute Council 1860, Knights of Columbus met Monday evening, August 21 at 8 p.m. in the Council Chambers with Grand Knight George L. Danner, Jr., presiding.

District Deputy Andrew Komerinski and District Warden Daniel Burum were in attendance. During the meeting the District Deputy addressed the Knights in attendance.

Council Activities chairman Eugene Rosensteel reported for Francis Brewer about the crab feed which is scheduled for September 17 beginning at 2 p.m. Tickets are \$4.00 each and can be purchased at the Council Home. The deadline for purchase of tickets is September 13. No tickets will be sold on the 17th. The public is invited to attend the feed.

Grand Knight Danner announced that a District Mass will be held on Saturday, September 23 at 5 p.m. at the Groto of Lourdes at Mount St. Mary's College. Members and their families as well as friends of Brute Council members may attend the Mass. This Mass will fulfill Sunday's Mass obligation. A buffet will follow the Mass at the Brute Council Home.

Eugene Rosensteel announced that the annual Knight of the Year dinner-dance will be held at the VFW Home in Emmitsburg on Saturday, October 7, beginning with a cocktail hour at 6:00 p.m.

Along with honoring the selected Knight of the Year, the Council will also honor a 50-year member, one living chapter member and three 25-year members. The Knight of the Year is selected for his participation in church, council, and community activities. Members will vote for this honored award at their September 4th meeting. Results of the balloting will be kept secret until October 7 at which time the winner will be announced.

A donation was made to the Taneytown Little League Football Organization again this year.

The next Council meeting will be held Monday, September 4 with the officers meeting at 7:30 p.m.

The meeting was adjourned with refreshments being served by Stanley and Betty Lupinski in the social room.

Evening High School To Start

Evening High School classes will begin the week of September 11 this year, according to Wayne Holter, Assistant Principal of the school. Registration can take place anytime prior to then, he said.

During the past four years 205 students who had stopped their day high school education went on to earn their diploma by attending the Governor Thomas Johnson Evening High School, Holter indicated. Evening High School students have ranged in age from 16 to 66 and have come from all sections of Frederick County, he said.

People attend for a variety of reasons, according to Holter: working men and women who want to improve their general education, learn specific skills, or earn a high school diploma for a change in job or job promotion; men and women who did not have a chance to finish their education and want to do so now for self-satisfaction, or for the pleasure of learning; mothers and fathers who want to be better able to help their school age children; housewives who wish to prepare themselves in case they later need to work.

Lions Discuss Town Mail Delivery

The Emmitsburg Lions Club held its regular meeting Monday, August 14, with Acting President Norman Flax presiding. The club discussed the feasibility requesting door to door mail service in Emmitsburg. It was pointed out that such service is dependent upon having sidewalks throughout the town and correct house numbers. F. S. K. Matthews won the drawing.

Elsie Abrahams and Penny Otto recently spent three weeks vacationing in St. Petersburg, Florida.

Barbara Seidel Joins WRAIN Program

Miss Barbara M. Seidel is shown being sworn into military service under the Walter Reed Army Institute of Nursing Program by Captain Dorcas Cox in recent ceremonies held at the Baltimore Recruiting Main Station.

The Walter Reed Institute of Nursing Program (WRAIN) is a highly selective program which leads to a baccalaureate degree in nursing from the University of Maryland. The student receives a full tuition scholarship plus a monthly stipend and monthly room and board allowance. He or she is further entitled to full military benefits, such as medical and dental care.

During the first two years, the WRAIN student is educated at the school of his or her choice. The final two years are spent at the Walter Reed Army Medical Center, in Washington, D. C.

After receiving a baccalaureate degree, the WRAIN candidate is then commissioned a 1st Lieutenant in the Army Nurse Corps with a three year tour of duty.

Miss Seidel was graduated from St. Joseph's High School in Emmitsburg last June. She will attend Mount St. Mary's College for her first two years and will be eligible to receive her B.S. degree upon graduation from Walter Reed in June 1976.

She is the daughter of Prof. and Mrs. Robert A. Seidel, Sr., who reside at 121 East Main St., Emmitsburg.

Gardners Urged To Enter Silver Fancy Garden's September Show

The members of the Silver Fancy Garden Club urge gardeners to enter the Horticulture Show planned for Saturday, September 9, from 12 noon until 5 p.m. The informally judged show will be held at Antrim, the Taneytown mansion owned by George W. Crouse. The following will guide the selection and organization of entries:

- Class I. Celosia, any single specimen.
- Class II. Cosmos, single spray.
- Class III. Marigolds — a) giant, 3 blooms, any shade. b) medium, 3 blooms, any shade. c) dwarf, 1 spray.
- Class IV. Petunia, 1 spray.
- Class V. Zinnias — a) giant, 3 blooms, any color. b) Medium, 3 blooms, any color. c) small, 1 spray any color.
- Class VI. Dahlias — 3 blooms any color.
- Class VII. Chrysanthemums — a) large, 3 blooms. b) medium, 3 blooms. c) 1 spray, any variety.
- Class VIII. Roses — a) floribunda, 1 spray. b) polyanthus, 1 spray. c) hybrid tea, 1 bloom.
- Class IX. Best of garden, 1 spray or 3 blooms of one variety.
- Class X. Shrub or tree, 1 branch not over 16" labeled. Section Two—Fruits and Vegetables
- To be displayed on paper plates of appropriate size.
- Class XII. Fruits — a) any fruit, 3 specimens. b) collection of any 3 varieties of fruit.
- Class XIII. Vegetables — a) 3 specimens of any one variety. b) collection of five vegetables.
- Class XIV. Herbs. Collection of three varieties, individually labeled in any adequate container.

Phil Chenier To Be Special Guest At VFW Father-Son Picnic Sunday

Phil Chenier of the Baltimore Bullets will attend the annual Father-Son Picnic, sponsored by VFW Post 6658, Emmitsburg, on Sunday, August 27, at Kump's Dam Park. The affair will begin at 2:00 p.m., according to Charles W. Pat., Bucher, chairman. All area fathers and sons are welcome to attend, whether or not they are members of the VFW. Boys' organizations are also invited to attend. Refreshments will be served and several games with prizes to be awarded to the winners, will take place. In case of inclement weather, the event will be held in the post home.

TOWN RECEIVES FEDERAL GRANT

Work on the Emmitsburg Community Park should soon get under way with the help of a \$10,850 Federal Grant approved by the Department of the Interior.

According to a phone call received by the Chronicle from the office of Congressman Goodloe E. Byron, the money will go toward a baseball field and 2 dugouts, a picnic area with shelters, a tot lot and electrical system. This is Phase I of the overall program which will eventually include tennis courts, extensive black-topping of parking areas, and a community swimming pool. The Federal grant is to be matched by \$5,425 in State funds and the same amount in local funds.

Application for this grant was started in June, 1971. According to Commissioner Eugene Myers, the town received official notification of the grant approval on Wednesday and bids will go out as soon as possible. Application for funds for Phase II will be made immediately; hopefully those funds will be available so that work can continue smoothly from one phase to another without undue delay.

Planning Comm. Sets Open Hearing

The Emmitsburg Planning Commission met Thursday, August 17, to discuss the proposed Subdivision Regulations for Emmitsburg. The Commission agreed to put announcements in local papers, advising the residents of the hearing scheduled for September 6, at 7:30 p.m. in the Hall. Mr. Lawrence Johnson suggested that the Commission obtain a tape recorder to record the hearing and this was agreed upon.

The Commission reviewed the Emmitsburg Subdivision Regulations and noted several corrections. A correction page will be inserted in the booklet in time for these booklets to be made available to the public 15 days prior to the hearing.

A lengthy discussion was held concerning the burden imposed upon those whose land is only accessible by an alley since an alley may not be used as the sole access to a subdivision unless upgraded to specific improvements. It was pointed out that there are numerous alleys which could not be upgraded unless additional property were purchased. However, the Commission also recognizes the fact that additional vehicular traffic on the majority of the alleys would be quite hazardous and very impractical. Since the Commission was undecided upon a solution, it was decided to present this problem at the public hearing to attempt to arrive at an equitable solution.

Local Property Sold

Mr. and Mrs. Robert H. Wantz and Mr. Bernard V. Miller have sold their unimproved tract of land west of Emmitsburg, to Richard L. and Mary E. Stull, his wife. The tract formerly owned by Charles R. Andrews, is located along the Hampton Valley road; contains 52.9 acres. The purchasers obtain immediate possession. The sale was handled by George T. Keech, Baltimore, Real Estate Broker, formerly of Emmitsburg.

ANNOUNCE BIRTH

Mr. and Mrs. William Wirt, Erie, Penna., announce the birth of their third child, Christopher Michael, on Tuesday, August 8. Mrs. Wirt is the former Becky Sanders, daughter of Mr. and Mrs. William E. Sanders, St. Anthony's. The Wirt's are the parents of another daughter and son.

Little League Picnic Set For Tuesday

The Emmitsburg Little League Picnic will be Tuesday, August 29, 6 p.m., at the Scout House. Food and drinks will be supplied. All players, parents, umpires, managers and anyone else who has been involved with Little League ball during the summer are invited to come out for a good time and lots of good food.

Mount Saint Mary's Readies For Coed Opening; Has Record Enrollment

Mount Saint Mary's College, with 128 women comprising a large segment of a record enrollment, will begin its first year as a coed college next week.

According to Registrar Guy A. Baker, Jr., over 1200 students are expected to register for the 1972-73 academic year, surpassing last year's all-time high of 1150. Of this total, 98 women will be living on campus, making this the first resident coed enrollment in the Mount's 165 year history.

To prepare for this unprecedented situation, the Mount has undergone an extensive facelifting that will gear college facilities to serving women as well as men.

Prof. Shoemaker Retires From Mount

Professor Joseph W. Shoemaker, Mount Saint Mary's College librarian since 1956, retired Monday, August 21, ending more than 16 years of service to the nation's second oldest Catholic college.

In brief remarks made at an informal gathering of Mount administrators and staff, Dean Bernard S. Kaliss, praised Professor Shoemaker's years of dedicated service and noted that in the past 16 years, the library has grown from about 38,000 to almost 100,000 volumes.

Prof. Shoemaker received his Bachelor of Arts degree in 1931 from the College of William and Mary in Williamsburg, Virginia, and his Bachelor of Library Science degree from Carnegie Institute of Technology in Pittsburgh, Pa., in 1939.

After serving with the Navy during World War II, Shoemaker spent eight post war years in countries of the Far East, including China, Korea, Japan, and the Philippines. He joined the staff of Mount Saint Mary's College in September 1956, and in 1964 was awarded his Master of Liberal Arts degree from Johns Hopkins University.

He is a member of several professional organizations including the American Association of University Professors and the American Library Association and the Alpha Chapter of Phi Beta Kappa.

Mr. Shoemaker is married to the former Jesse Hamilton Steele and the couple resides in Emmitsburg. Of his retirement plans, Mr. Shoemaker says he expects to be kept busy visiting relatives in Baltimore, Pennsylvania, and Virginia.

Professor Shoemaker's position will be filled by Mr. T. Kelly Fitzpatrick, formerly of Frederick, Maryland.

Giants Beat Red Sox 8-4

Frankie Davis struck out 12 Red Sox batters and hit his fifth home run of the season in the sixth inning to break up a closely contested game, as the Giants beat the Red Sox 8-4 Monday evening in Emmitsburg Little League play.

The Giants were leading 5-4 going into the top of the sixth when Charley Glacken reached first on an error. Chris Byard, who went 3 for 3 at the plate, followed with a line drive double to set the stage for Davis' home run which cleared the center field fence.

The Red Sox came on strong in the third inning when Mike Ott hit a towering line drive home run over the center field fence.

Davis settled down quickly and shut out the Red Sox over the last 3 innings.

This was a big game for both clubs as each went into the contest with identical 5-0 records.

The Giants can clinch the second half championship by winning their final game this evening (tonight).

Chris Byard, ace lefthander, is expected to pitch for the Giants. The leading Giant hitters are: Frank Davis .713; Charley Glacken .672; Chris Byard .598; Joe Zanella .522; Larry Martinez .440; Fred Martinez .297; Tom Siske .222; Dave McClellan .180; Dale Adams .177; Alan Sanders .125 and Gary Carter .100.

that has housed only men since its dedication in 1956, is the first building to house women. Shower and lavatory facilities on all of the hall's three floors have been expanded and improved, and a laundromat with washers and dryers has been installed in the basement. Student rooms remain double-occupancy but will be modified to provide additional closet and drawer space.

The campus infirmary has also been renovated, with the offices of college physician, Dr. George Morningstar and resident nurse, Sister Miriam Gertrude, transformed into a clinic arrangement. These offices and the examination complex are now a series of individual treatment rooms. A ladies room with lavatory and shower facilities has also been added.

The Memorial Gymnasium will be updated with rollback stands. In a closed position, the stands are expected to virtually double the amount of usable floor space, providing room for such athletic pursuits for women as volleyball and badminton.

The physical plant of Mount Saint Mary's is not the only part of the school that has undergone alteration.

In faculty matters, Dean Bernard S. Kaliss reports that ten new members have joined the Mount Saint Mary's faculty. Most replace those who left over the summer. Included in the new faculty are two women who will bring the Mount's Educational reality to every level of the college's life.

Chris Angleberger Most Handsome

Chris Edward Angleberger was named the most handsome boy in his age group (19-24 mos.), Saturday, August 12, during the annual baby show held at Mt. Tabor Park, Rocky Ridge. Chris' parents are Mr. and Mrs. Carl E. Angleberger, West Main Street. The maternal grandparents are Mr. and Mrs. Marshall V. Sharrer, Sr., Rocky Ridge.

2nd Fastpitch Playoff Sunday

Freeman Shober will meet the Thurmont team in the second game of the best of three semi-final series of the Frederick-Carroll Fastpitch Softball League this Sunday evening at 5:45 o'clock on the local field. Thurmont won the first game of the series 4-1 last Sunday at Thurmont.

Locals To Play Salisbury Saturday

The Emmitsburg softball team will play the Salisbury, Md. softball team in a double header on Community Field this Saturday, August 26, at 3 p.m.

This team is in the Wicomico County fastpitch softball league and was last year's Maryland Invitational Champs. The manager of the Salisbury team is Walt Phipps, and the well-known Bill Dotson is the pitcher.

There will be no charge for viewing the game, however a collection for benefit of the Community Recreation Program will be taken.

The Salisbury team will spend the weekend in the area sightseeing.

Call 662-6333 to report a fire

Items Of Interest From Rocky Ridge

Mr. and Mrs. Earl Plummer visited recently with Mrs. Ida Bolton at the Colonial Villa Nursing Home, Colesville, N. C. Mr. Gailord Putman has returned home from the Frederick Memorial Hospital. Pfc. Charles Keeney, Jr., has been transferred from Eltoro, Calif., to the Naval Academy Prep School at Bainbridge, Md. He is assigned as a platoon commander. He spent one night at home before transfer. Nancy Mathias attended a dental convention recently in Chicago, Ill. Mr. and Mrs. Elmer Miller, Baltimore, visited recently with Mr. and Mrs. Howard Miller and attended the Rocky Ridge Picnic. Mr. and Mrs. Albert Stam-

baugh and daughter, Shirley, have returned home from a trip to the Great Smokey Mountains and Maggie Valley, Nashville, Tenn. and also Operaland, Tenn. and Cherokee, N. C. Miss Edith Tabler and brother, Albert, will attend the national Tabler reunion to be held Aug. 25, 26 and 27 at Martinsburg, W. Va. She also visited Mrs. Fred Kelly, Gettysburg and Mrs. Gilbert while she was a patient in the Gettysburg Hospital. Staff Sgt. Ray T. Lescalet and family, Westover, Mass.,

Byron To Visit Emmitsburg Mon.

Rep. Goodloe Byron announced this week that he will visit 25 area communities during congressional recess to listen to the views of citizens at the local level. The visits represent the final leg of a summer tour that will take the 6th District Congressman to 72 towns throughout Central and Western Maryland. The schedule includes post office stops on August 28 in Thurmont, 9 a.m.; Emmitsburg, 11 a.m.; Taneytown, 1 p.m.; Keymar, 3 p.m.; and Woodsboro at 5 p.m. "Citizens with opinions on legislation and those needing assistance on social security and veterans problems should feel free to drop by and discuss them with me privately," Byron said.

visited recently with Mr. and Mrs. Ray Lescalet before being transferred to North Carolina. Tina Lescalet has returned home after spending some time in Westover, Mass. Mr. and Mrs. Albert Stambaugh and daughter, Shirley, Mr. and Mrs. Franklin Stambaugh and family, Mrs. Harvey Stambaugh and Mrs. John D. Kaas, attended the Stambaugh reunion held on Sunday at the home of Mr. and Mrs. Ralph Dinterman near Taneytown. Mrs. Marie Cissel and Mr. and Mrs. John Emory, Vienna, Va., were recent guests of Mr. and Mrs. Harry Knight. Mr. and Mrs. Leonard Jones and daughters, Hackettstown, N. J., were recent guests of Mr. and Mrs. Charles Brauer. Mr. and Mrs. Carrollton Houck visited recently with Mrs. Mary Houck, Detroit. Mr. and Mrs. James R. Saylor and daughter, Vicki, and Mr. and Mrs. Walter Warren and daughter, Dixie, and Goiry Heier, spent three days in Ocean City, recently. The condition of Mr. John D. Kaas is improving slowly in the Annie Warner Hospital. He can now receive visitors. Mr. and Mrs. Robert Saylor and daughter, Mary Jayne, have returned home from a trip to Raleigh, N.C. and Myrtle Beach, S.C.

Jack Nicklaus

Golf stars from all over the world have been invited to participate in the 1972 Westchester Golf Classic and challenge defending champion Arnold Palmer for the \$250,000 in prizes in this, the "World's Most Charitable Sporting Event." The Classic, sponsored by Eastern Airlines, will take place at the Westchester Country Club in Harrison, New York, beginning August 10 with the final two rounds Saturday and Sunday, August 12 and 13, televised nationally via the Hughes Sports Network. In addition to the international stars, the field of 150 will include virtually all of the American "names", headed by Jack Nicklaus, the leading money-winner of all time. An interesting point, of which Arnold Palmer will be very much aware, is that no golfer has won the Westchester more than once. Nicklaus came closest to repeating in the winner's circle with second place finishes in 1968 and 1970, after winning the inaugural event in 1967, and it is a good bet that he will be at or near the top of the list when this year's tournament reaches its climax on August 13. Also, again this year, six area hospitals will benefit from the proceeds of the tournament. \$1,500,000 had been raised in the five previous Classics.

BY SAMUEL CARRICK

The Whitmore Family Burial Ground
 "Life is not all black nor all white, it isn't sheep and goats—it isn't just good people and bad people with a great wall between. Life is gray and amethyst, it is a touch of dinginess on the fleece of the whole flock. Men and women, by the very nature of things, have great faults which are balanced by great virtues. It follows therefore that little meannesses are contradicted by unexpected generousities."

—Temple Bailey
 The last article in this series dealt with the Whitmore family, of Tom's Creek Hundred, and their private burial ground, located on the "Carrie Dern farm."
 Both the records of Trinity Lutheran church of Taneytown and Elias, of Emmitsburg, contain data pertaining to the Whitmores. These notes are continued at this time.
 12. Baptized, John Jacob Whitmore—son of William and Sabina Whitmore—born July 9, 1868—baptized October 7,

1868.
 Note: This John Jacob Whitmore and his wife are buried in the United Brethren churchyard at Thurmont, Md. The inscription follows:
 3. In memory of John J. Whitmore, born 1868, died 1940.
 Gemmie F. Whitmore, wife of John J. Whitmore, born 1878, died 1938.
 13. Baptized, Ori Catharine Whitmore, daughter of Alfred and Ann G. Whitmore, born February 3, 1868—baptized November 24, 1868.
 Note: This woman is in-

terred in Mt. Tabor Lutheran churchyard, Rocky Ridge, Md., but only the date of birth is given on her tombstone. Apparently the date of death was never added. The inscription follows:
 4. In memory of Ora V. Whitmore, born February 3, 1868, died(?)
 14. Baptized—Emma Blanche Whitmer, daughter of Alford and Ann C. Whitmer, born June 14, 1871, baptized October 12, 1872.
 15. Baptized—Laura Virginia Witmer, daughter of Benjamin and Elizabeth Witmer, born June 14, 1873, baptized October 3, 1873.
 16. Baptized, Charles Edgar

Whitmore—son of Albert and Ann G. Whitmore—born Mar. 12, 1875, baptized February 14, 1876.
 Note: Charles Edgar Whitmore is interred in Mt. Tabor Lutheran churchyard at Rocky Ridge, Maryland. The inscription from the marker at his grave is as follows:
 5. In memory of Charles E. Whitmore, born March 12, 1875, Died April 9, 1903.
 17. Buried—Susan Whitmore—died October 27, 1851—aged 18 years, 10 months, and 28 days.
 Note: If the grave of Susan Whitmore was ever marked the tombstone has long since disappeared. It is probable that her grave was in the family burial ground—for at the time of her death this plot was still being used by the family.
 18. Married—February 12, 1901—Isaac N. C. Dotterer to Catharine E. Whitmore, both of Frederick County, Maryland. Ceremony by the Rev. Dr. Charles Reinwald.
 19. Married—November 10, 1913—Frederick W. Brockman, Jr., of Baltimore, Md., to Miss Mary B. Whitmore, of Emmitsburg, Maryland. Ceremony by the Rev. Dr. Charles Reinwald.
 20. Buried—Milton Whitmore—died April 3, 1915—aged 66 years. Interment in Mountain View Cemetery.

Perspectives In Learning By Hazel Brown

Reading Is Fun—Damental
 According to the new President of RIF: Reading Is Fundamental, William B. Mullins, "Owning something of value—of value in a child's eyes—adds luster to his life. He feels important when something belongs to him and to him alone". Mr. Mullins is referring specifically to books. He feels that owning a book can mean as much to a child as his knife or marbles.
 Most people who enjoy reading will strongly agree with the philosophy of RIF. The pleasure of owning books cannot be matched. There is a special feeling of ownership which gives security, pride and most of all—pleasure.
 Owning books can help to make books available when they are needed most. It is an invitation to reading. Having a book nearby on a rainy day, or when you want to escape just cannot be equalled.

Mrs. Robert S. McNamara, a former schoolteacher, founded "Reading Is Fundamental" six years ago when her husband was the Secretary of Defense. Lynda Bird Johnson Robb is now involved in the program, too. These ladies have hundreds of paperback books in the hands of youngsters in underprivileged areas, especially inner-city areas. Usually, the children are permitted to choose and keep the books they like.
 Most of the books are about people, animals, history, and current events.
 The paperback books are relatively inexpensive but the value of the book is not the important factor. The significant thing is that the book

belongs to the child. He has his very own book—the one he wanted most.
 Projects like this one have done much to aid the schools with a major problem, teaching reading skills. If reading can become fun, then learning to master the skills of the reading process will become easier.
 Similar projects are spreading and can be found in 27 states. The idea is one which many organizations could sponsor. The results would be extremely rewarding and the expenses minimal.

TEACH YOUR CHILD WHERE MONEY GROWS

Everyone knows that money doesn't grow on trees. Everyone but children who aren't taught otherwise.
 And these kids don't have to be in knee-pants to perpetuate the myth. Just ask any mother whose daughter demands an unreasonably expensive new outfit; or any father whose son insists on being provided with a car of his own.

These frustrating situations, and endless others like them, can easily be prevented by teaching your children the value of money as soon as they are able to grasp the basic concepts. In the process, you'll also be imbuing them with one of the greatest life-long assets which they can possess.

The first thing to teach a young child is to learn to live within his allowance "income," and to exercise quality judgement about the things he buys. As we all know, a "bargain" isn't a bargain if it falls apart soon after it's purchased.
 It's also a good idea to take your child with you on shopping excursions, to teach him how to "shop for prices." A trip to the bank is also in order, to explain and foster saving ways.

In all, children learn best from the good example you set them. And demonstrably practicing what you teach is the best such example.

In 1850 Susan, Levi and Mary Whitmore were listed as members of Elias Lutheran congregation of Emmitsburg.

The "circle" of trees in the midst of which the Whitmore family burial ground was located can still be seen, a short distance south of the old Tom's Creek Lutheran and Reformed churchyard. The stones — those that remained — were removed to Mountain View Cemetery about the years ago, more or less, and set up in the burial plot of Levi Whitmore. Before going into detail regarding these inscriptions it might be well to state that the exact number of burials made in the old plot is not known. Many of the early graves were unmarked or designated only by fieldstones—either without inscription or crude, partial inscriptions, whose exact meaning was known only to the family. The majority of the bodies still rest in the old plot—only the gravemarkers were removed.

According to Mrs. Carrie (Fuss) Long and Mrs. Roope, both of whom remember the old burial ground quite well—"a man by the name of Martin, who met a somewhat tragic end was buried in the plot." The Emmitsburg Chronicle lists a death that might well complete this story.

Saturday, October 18, 1884—Died, Tuesday, October 13, 1884, at the homestead of his father-in-law, Mr. David B. Whitmore, about four miles from Emmitsburg, Mr. George T. M. Martin, eldest son of the late Abiah Martin, aged 43 years, 4 months, 16 days.

The notes pertaining to the Whitmore family and their burial plot will be continued in this series next week, along with some material regarding the Zacharias family burial ground located southwest of Emmitsburg, Maryland.

U.S. Senator

St. Michaels Cannon

During the War of 1812, as every Maryland school boy knows, the British attacked Baltimore. The attack was repelled by the defenders of Fort McHenry who inspired Francis Scott Key to write a poem: The Star Spangled Banner, which was later set to music and, in this century, became our National Anthem.

But Baltimore was not the only part of Maryland threatened by the British Crown during the War of 1812. On August 10, 1813, 300 British Royal Marines attacked the town of St. Michaels on the Eastern Shore. The troops planned to burn the town and its shipyard, but were repelled by the people of St. Michaels with the aid of two six-pound cannons.

The cannon remained on the Eastern Shore as a reminder of that victory until 1861 when the Civil War broke out and the Union confiscated the six-pounders to prevent their use by the Confederate forces.

It has been brought to my attention that two historic cannons, once guardians of the town of St. Michaels on Maryland's Eastern Shore, now repose at Fort McHenry in Baltimore, a National Landmark under the jurisdiction of the Department of the Interior.

In conjunction with historical observances during "St. Michaels Days," September 15 and 16, citizens of the town have sought the return of the two six-pounders. However, administrators at Fort McHenry have raised roadblocks to the return by challenging the validity of their claim.

Historical research by residents and friends of St. Michaels confirms the cannon confiscated from the Eastern Armory on Sunday, June 9, 1861, by the Union Army. The point in question—whether the

cannon confiscated included the two St. Michaels cannons—is affirmed in Tilghman's "History of Talbot County," and journals of the period as well as the recorded recollections of Civil War period residents support it. I am told that for years, guides at Fort McHenry themselves referred to the two pieces as the "St. Michaels" cannon.

A bureaucratic insistence of further paperwork and primary sources from the period preceding the Civil War is in my opinion unnecessary to further establish the justice of St. Michaels' claim. It must be remembered that the U.S. troops who took possession of the pieces were not interested in history, and understandably failed to note that the St. Michaels cannon were among the half dozen they seized at the Eastern Armory.

If other records do exist, they lie in the voluminous and neglected files of the War Department, from which they were transferred to your Department along with the property and equipment of Fort McHenry, where the troops took their confiscated arms. A search of these records would be onerous, expensive, and of doubtful utility. It would also take far too long to complete in time for the celebration in mid-September.

The two six-pounders, a gift to St. Michaels from Talbot County farmer and politician Jacob Gibson, played an important role in the town's history and should be returned for the celebration.

I have asked Interior Secretary Rogers C. B. Morton, who represented St. Michaels in the House of Representatives to review this case. I am confident that the department will agree that the cannon belong to St. Michaels and will speed the restoration of these historic weapons to their original home.

Searcy, Arkansas

LOOKING AHEAD

Bombshell In Journalism
One of the biggest "Man Bites Dog" news stories of recent years occurred recently at Little Kenyon College in Gambler, Ohio. At a Public Affairs Conference on "The Mass Media and Modern Democracy," Robert D. Novak, one of the best-known and most widely-read newspaper columnists in America, said that major elements of American journalism today are so biased in favor of the "liberal" political and ideological positions that our democratic society is endangered. Here is what he said in a paper read to the conference but not widely reported:

"The journalist working for the television networks, the big news magazines and the important metropolitan press (has) now become part of the liberal establishment, both in his manner of living and in his ideological commitment. Second, in a later and less fully developed trend, these journalists (are) increasingly advocating causes of the moment rather than functioning as neutral observers. Taken together the developments widen the gap between the mass media and the great mass of citizens, a gap that can only result in diminished credibility by the media and, therefore, the inadequate fulfillment of the necessary function by the press in a democratic society."

Chorus Exposing Bias
We are citing Mr. Novak's significant statements, as we have cited other prominent newsmen who have recently spoken out on "media bias," for one reason: to stir public opinion and thus hopefully bring about action within the news media to reestablish objectivity in news dissemination. Unless we have objectivity in news reporting, the nation's people can be brainwashed into conclusions and

maneuvered into actions detrimental to our future security. The list of distinguished and courageous journalists who are sounding this warning is getting longer—ABC Anchorman Howard K. Smith, TV Guide's Edith Efron, former CBS NEWS vice president Frank Shakespeare; former Executive Editor of Time Magazine, James Keogh; Reader's Digest writer Joseph Keely, and many others. Before the Staggers Committee in Congress, TV Network news department staffers have testified to "staging" incidents and broadcasting them as "news."

Press Corps Monopoly
Robert Novak's paper was published in full in the May 1 issue of the Congressional Record. Any citizen can write his Congressman and ask for a copy of the paper. In it Mr. Novak said: "More and more the members of the Washington press share in total the world view taken by the dominant liberals who control the Democratic Party. More and more, they share axioms that profoundly influence their coverage of day-to-day events in the worlds of politics and government." Mr. Novak said that objective journalism has been discarded and that we now have "Advocacy Journalism"—in which the reporter, writer, TV commentator, or columnist uses his media to push his political and ideological viewpoint. And he says that there is a "startling" consensus among the major journalists in Washington and New York favoring "liberal" politics. Some of the "liberal" axioms which govern today's news reporting:

Advocacy Journalism
"Axiom No. 1: The Vietnam war has been a shameful, immoral episode in American history, which blackens the good name of the Republic. Consequently, the anti-communism which as a policy led

to involvement in Vietnam should be subdued and, ultimately, abandoned. "Axiom No. 2: The military-industrial complex is a sinister conspiracy, robbing the nation of its wealth and imperiling its future. To cut defense spending, therefore, is a laudable goal no matter what the international realities.

"Axiom No. 3: Severe measures must be taken to prevent the despoiling of the nation's natural resources by pollution, industrial and otherwise. If these stonewalling measures result in unemployment, that will be unfortunate; but protection for the environment must take precedence.

"Axiom No. 4: White racism, as defined by the Kerner Commission report in 1968, is a cancer that must be removed from the American body. That goal must take precedence over any personal inconveniences caused by such devices as forced busing for racial integration of schools.

"Axiom No. 5: The forces of repression in modern America threaten our liberties, a

neofascist danger becoming a sinister reality under President Nixon and Attorney General Mitchell."

Any size fits.

U.S. Savings Bonds come in a lot of sizes. So do people. But unlike other gifts, you don't have to match the size of the Bond to the size of the person. Any size fits. That's what's so beautiful about Savings Bonds. There's no guessing. No worry. And no matter what size Bond you give it's a very personal gift. After all, you're helping a person with his future and that shows you care a lot. Give U.S. Savings Bonds. The gift idea that always fits.

Take stock in America.
Now Bonds pay a bonus at maturity.

The U. S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Department of the Treasury and The American People.

FAMILY HEALTH

THE IMPORTANCE OF VITAMIN B6

You may not know it, but vitamin B6 is really a whole family of vitamins.

Actually, so-called vitamin B is a mixture of more than 10 different vitamins, which makes it easy to understand why doctors call it "vitamin B complex."

And, though you're probably familiar with the names

of many B complex vitamins like thiamin, riboflavin and niacin—chances are you've never heard of pyridoxine, the name science has given to vitamin B6.

Unheralded and, for the better part, unknown to the general public, pyridoxine is an important vitamin required by human beings. Without it, our body tissues would be unable to use the

"building blocks of life" called proteins.

Present in meats, grains and vegetables, vitamin B6 is only needed in minute quantities for good health. Though the exact human requirement for it has not been determined, it is believed that about 2.5 milligrams daily should be enough for most adults.

Recent medical findings, however, indicate that many women who use oral contraceptives require ten times more vitamin B6 than adult women who are not taking birth control pills. And since it is highly unlikely that the average diet contains this increased amount of pyridoxine, vitamin B6 supplementation appears to be in order when oral contraceptives are prescribed.

As a result of these findings, a special dietary supplement has been developed that not only contains 25 mg. of vitamin B6 but also all of the other vitamins and minerals women who use oral contraceptives are known to need each day. The new supplement is now available at drug counters everywhere.

BUSINESS AND THE STOCK MARKET

Revolution In Visual Displays
By Babson's Reports Inc., Wellesley Hills, Mass.—Electronic and instrument manufacturers are finding expanding new markets through the recent development of solid-state devices known as LEDs (light-emitting diodes) and fresh applications for a family of chemicals called liquid crystals. This field, as a whole new vista for visual displays. At present, the components known as LEDs, related to the transistor, hold the lead in the applications for miniature electronic calculators and electronic wrist watches that flash the time in numbers. Marketing analysts foresee total worldwide sales of all apto-electronic equipment around \$460 million within a few years, compared with about \$40 million worth now believed to be in use.

LEDs or light-emitting diodes resemble semiconductors, crystal-line substances which when mixed with other chemical substances cause different arrangements of electrons so that an electrical current will work in only one direction. They emit light, and when properly assembled in an electronic display they form numbers. Such optical devices last at least five years. Other virtues include low power consumption, good shock-absorbing qualities, a relatively cheap price, easy assembly, and adaptability to most environments.

Liquid crystals, which occur in nature, have been known for about eighty years. Displays using these crystals are expected to be on the market before 1972 is ended. Although their lifetime is not reputed to be as long as that of LEDs, liquid crystals use even less power and proponents claim they will be even less expensive. Unlike LEDs, liquid crystals do not wash out when viewed in bright light, although they are somewhat more difficult to read in displays.

can Rockwell's per share net has been trending upward for the last three years. Fiscal 1972 (ending September 30) may show an even more pronounced gain in earnings, aided and abetted by an anticipated revival of its aerospace business.

Rocky Ridge 4-H Club Annual Picnic

The annual picnic of the Rocky Ridge Progressive 4-H Club was held at Mount Tabor Park on August 9. The 4-H members and their families enjoyed a softball game followed by a picnic supper. Highlight of the evening was a fashion show sponsored by the sewing club members, under the leadership of Phyllis Wivell. Members modeling their garments were: Brenda Keilholtz, Lee Bollinger, Timmy Little, Angela, Bobbie, Cecilia, Jeff, Mark, Mike, and Phil Wivell. The members of the Flower Arranging Group provided fresh arrangements for the fashion show.

WASHINGTON REPORT

FROM SENATOR J. GLENN BEALL JR.

Flood Relief

It has been said that the true greatness of America is best seen in the way our people respond in times of crisis, and we have just seen proof of this in the disaster that will go down in history as the great flood of 1972.

There was the tireless work of volunteers who worked in rescue centers, the generosity of persons who opened their homes to shelter and feed flood victims, and the many individual acts of courage and kindness performed by persons who could indeed be called modern-day good Samaritans. There was even some humor in the American tradition of trying to make the best of a bad situation.

But the real work of repairing the destruction caused by tropical storm Agnes has barely begun. During an inspection tour I made of flood-ravaged areas around Baltimore and Washington, I was able to observe the devastation firsthand, and it was clear to me that millions of dollars would be needed to put people and communities back on their feet.

Fortunately, our government also is at its best when times are worst. While we often seem to move too slowly or too deliberately in deciding the issues of the day, both the Congress and executive branch have been swift in bringing the resources of government to bear at this time of crisis.

The Small Business Administration, the Office of Emergency Preparedness and the FHA deserve a salute for the speed with which they opened field offices and began to process applications.

The situation also brought a quick response from the Senate, where a stopgap appropriation of \$200 million was approved to begin the flow of federal disaster relief funds into the flood-damaged areas. I co-sponsored the amend-

ment providing those funds, and since then I have joined in sponsoring a much broader piece of legislation—the \$1.8 billion Agnes Recovery Act proposed by President Nixon. Because this legislation is of such importance to many parts of Maryland, I would like to point out a few of its key features.

The most important provisions are those dealing with disaster loans to rehabilitate devastated homes, farms and businesses. If enacted in its present form, the bill would authorize federal grants (in the form of cancelled loans) of up to \$5,000 to compensate for uninsured flood losses. For larger loans, the amount over \$5,000 would be eligible for long-term repayment at only 1 per cent interest.

There also are special provisions for refinancing mortgages or other property liens where there has been a large uninsured financial loss. For instance, a businessman could receive up to \$150,000 in loans and as much as another \$150,000 in additional refinancing.

FHA loans covering crop and farm damage also would carry the \$5,000 exemption and 1 per cent interest, and the same provisions for long term loans and refinancing.

It is important to point out that the age of applicants is not a factor in making these long-term loans, so elderly persons should not worry about incurring a large, short-term debt.

The legislation also carries a provision making its benefits retroactive to all loans and relief assistance already provided to victims of this disaster.

The President's legislation is an example of how our government can respond to a crisis. It is now up to Congress to move full speed ahead so this relief effort can be carried out.

The largest market for displays is... calculators, digital electronic watches, engineering test and measurement equipment, and medical instrumentation. Also figuring importantly in this sector are computer peripherals, aircraft instruments, and point-of-sale retail machines. Of prime consequence is the huge potential market for the consumer pocket calculator and the solid-state digital watch with no moving parts. Some 1.5 million calculators are expected to be sold in the U.S. this year, of which from 500,000 to 700,000 will be consumer machines. As for timepieces, electronic watches with visual displays should reap a real bonanza here once the price drops enough to attract demand.

The Companies
There are several major companies with considerable depth in optoelectronics, plus some smaller aspirants achieving a significant position in the field. It is fairly well established that the companies that will dominate the market by 1975 will be those self-sufficient in the compounds making up the LEDs and those involved in the liquid-crystal technology. Along with Monsanto, principally a chemical concern, those firms with solid experience in semiconductors—such as Motorola, Texas Instruments, and Fairchild Camera & Instrument—should be among the leaders. According to the Research Department of Babson's Reports, the stocks of these companies should be held.

Among diversified multimillion-dollar corporations is North American Phillips, recommended at lower prices and now suggested as a "Hold" issue. Babson's chief purchase recommendation in this group is North American Rockwell, which just won the bid on the space shuttle program. It is a major producer of aerospace, automotive, electronic, and various industrial products. Despite declining aerospace volume, North Ameri-

can Rockwell's per share net has been trending upward for the last three years. Fiscal 1972 (ending September 30) may show an even more pronounced gain in earnings, aided and abetted by an anticipated revival of its aerospace business.

LEGAL NOTICE

NO. 23,937 EQUITY IN THE CIRCUIT COURT FOR FREDERICK COUNTY, MARYLAND
LINDA K. BERGMAN
Route 1, Powell Road
Thurmont, Maryland
Vs.
ANTHONY D. BERGMAN
11455 Doverwood Drive
Riverside, California
ORDER OF PUBLICATION
The Bill of Complaint is a suit to procure a divorce A VINCULO MATRIMONII from the Defendant, Anthony D. Bergman.
The Bill recites that the Complainant is a resident of Frederick County, State of Maryland, where she has resided for more than one year last past; that the Defendant is a non-resident of the State of Maryland, whose last known address was 11455 Doverwood Drive, Riverside, California; that the parties to this cause were married on the 3rd day of October, 1970, at Llewistown, Maryland, by Rev. Larry Frey, a regularly ordained Minister of the Gospel; that as a result of the marriage between the parties to this cause no child or children were born; that the parties to this cause have voluntarily lived separate and apart without any cohabitation for more than eighteen months prior to the filing of this Bill of Complaint, and that the separation between the parties is beyond any reasonable hope or expectation of reconciliation.
The Bill then prays that the Complainant, Linda K. Bergman, may be divorced A VINCULO MATRIMONII from the Defendant, Anthony D. Bergman; and for such other and further relief as his nature of his case may require.
COURT ORDER
It is thereupon this 15th day of August, 1972, by the Circuit Court for Frederick County, Maryland, sitting as a Court of Equity, ORDERED that the Complainant give notice to the Defendant of this Bill, by causing a copy of this Order to be inserted in some newspaper published in the County of Frederick, once each week for four successive weeks before the 23rd day of September, 1972, commanding him to be and appear in this Court, in person or by Solicitor, on or before the 24th day of October, 1972, and show cause, if any he has, why a Decree should not be passed as prayed.

OPEN LINE

By Congressman Goodloe Byron
Maryland—Sixth District

The following questions were typical of the kind asked of me in recent weeks. Letters should be sent to me, c/o U. S. House of Representatives, Washington, D. C. 20515.

It is true that G.I.'s don't need a hunting license in Maryland?

Maryland residents serving in the armed forces may hunt, or fish without a license or stamp providing they have a copy of official leave papers in their possession.

Does the government have any relief maps of the United States suitable for a high school geography class?

The Department of Interior prints an excellent shaded relief map of the United States. The multicolor map measures 19x28 inches and is available for \$1.50 from U. S. Geological Survey, 1200 South Eads Street, Arlington, Va. 22202.

I am receiving black lung benefits and I heard the new black lung law will increase the amount of my benefits. Is this correct?

No. Black lung benefits are still tied to the minimum rate for Federal employees in the grade of GS-2. Benefits for a minor, or his widow, are still \$161.50. The maximum benefit when there are three dependents (a minor with a wife and two young children, for example) amounts to \$323. A minor or widow with one

dependent is \$242, and a minor or widow with two dependents is \$283.

Is there a single guidebook available on campsites throughout the country?

Yes. A comprehensive guide to camping facilities and services in the National Parks of the United States is issued by the National Park Service. "Camping in the National Park System" is available from the Superintendent of Documents in Washington, D. C. and lists nearly 28,000 campsites and 530 campgrounds. Sites are available on a first-come, first-served basis, although group sites can generally be reserved for schools, organizations and large parties.

What is the government doing about solid waste disposal and where can I get more information on this matter?

The Resource Recovery Act of 1970 directed the Secretary of Health, Education & Welfare to conduct a comprehensive study on the economical means of recovering and recycling useful material from solid waste. The Act also covers a study of packaging methods, incentive programs, demonstration projects and planning grants. You may obtain a detailed information kit from the Bureau of Solid Waste Management by writing my office.

The highlight of this meeting was shows and fairs. July 15, Stanley Gregg and Allen Bassler were busy with their Jerseys. Stanley won a award for Fitting and Showing for Seniors, while Allen placed third with his Senior Yearling.

On July 20, David Hill, Susie, Mike and Naomi Weimer and Russell White, were showing their Holsteins at the Holstein Show, and learning new ideas on how to improve their animals. July 22 was an active day for Lee and Allen Bassler while they showed their Brown Swiss at Brown Swiss Field Day. Mike Weimer told of the big success of the area campfire with 16 members participating. Stanley Gregg and Cathy Wivell were busy giving demonstrations at the District Demonstration Day held July 17 at Francis Scott Key High School.

Tour Day was an exciting event for Lee Bassler and Ronnie Kling, as they won a trophy for knowing the most about their animals. Allen O'Hara was the judge for this event. Cathy Wivell told about the club picnic which was enjoyed by all. David Hill told of the great success of the twilight Holstein Show with about 125 people attending. Dairy Judging is also a big event with four members, Naomi Weimer and Ronnie Kling, Juniors, and Lee Bassler and Mike Weimer, Seniors, still on the county team.

David Hill was appointed to take care of the barn decorations for the Frederick Fair. Susie Weimer volunteered to make a poster for the club to enter in the Frederick Fair.

One member is attending the Howard County Fair, four members plan on attending the Montgomery County Fair, seven plan to attend the State Fair, and 14 plan on attending the Frederick Fair.

Stanley Gregg was voted to run as a council officer. On August 24, Bobby Wivell is planning to attend the Tractor Driving contest.

At the next meeting, Allen Bassler, Ronnie Kling, David Hill, Lee Bassler and Mike Weimer are planning to give demonstrations. Charles Kaas reported on the community show and gave an interesting demonstration on "How to Make a Dairy Tackbox." The meeting was adjourned and recreation was held by Charlie Kaas. Refreshments were served by Mrs. Kaas.

Kaas Family Hosts 4-H Dairy Club

The monthly meeting of the Tom's Creek 4-H Dairy Club was held August 14 at the home of Charlie and George Kaas. It was opened by the president, Lee Bassler. Susie Weimer and Phil Wivell led the club in the Pledge to the flag. Roll call was answered by an animal disease. There were 14 members, one leader, and three parents present at the meeting. The secretary's and treasurer's reports were approved as read.

LEGAL NOTICE

NO. 23,921 EQUITY IN THE CIRCUIT COURT FOR FREDERICK COUNTY MARYLAND

SARAH JANE GORDON Widow Burkittsville, Maryland

vs. THE UNKNOWN HEIRS, DEVISEES, PERSONAL REPRESENTATIVES, DESCENDANTS, OR SUCCESSORS IN INTEREST OF OUTERBRIDGE HORSEY, ANNA CARROLL HORSEY, ANN CAROLINE HORSEY, ELIZABETH LEE HORSEY, ELLA HORSEY MONTGOMERY, THOMAS S. LEE HORSEY AND CHARLES LEE HORSEY, ALL DECEASED

ORDER OF PUBLICATION

The object of this Bill is that the court may take jurisdiction in the premises and enter a Decree removing the cloud upon the title of the Complainant and that the Court shall declare that the Complainant has a good and marketable fee simple title to the property described in the Bill of Complaint, and may sell or convey or otherwise deal with said property without regard to the claims of the unknown heirs, devisees, personal representatives, descendants or successors in interest of Outerbridge Horsey, Anna Carroll Horsey, Ann Caroline Horsey, Elizabeth Lee Horsey, Ella Horsey Montgomery, Thomas S. Lee Horsey and Charles Carroll Lee Horsey, deceased. That the said, Sarah Jane Gordon, widow, your Complainant, herein, is the owner of a tract or parcel of real estate situate, lying and being in Burkittsville Election District, Frederick County, Maryland, and being more particularly described as follows:

BEGINNING at the southwest corner of Alexander McDades land and running thence with the lands of James Weddels S. 35 1/2° W. 19.9 perches to a stone, thence running with the land of Tobias Horine S. 70 1/2° E. 21.1 perches to a division line between the lot and the land of Joshua Ahait N. 48° E. 16 perches to a corner of the above named Alexander McDades lot and with said Lot N. 59° W. 24.6 perches to the place of beginning, containing 2 acres, 1 rod, and 35 perches of land, more or less.

Said tract or parcel of land being all of Parcel 1 described and conveyed in a Deed from George V. Arnold and M. Portia Arnold, his wife, to Columbus Gordon and Sarah Jane Gordon, his wife, (the said Columbus Gordon having predeceased your Complainant and title having vested in your Complainant), dated October 7, 1946 and recorded in Liber 457, Folio 285, one of the Land Records of Frederick County, Maryland, the original copy of which Deed being filed herewith and being marked Plaintiffs "Exhibit 1", and prayed to be taken as a part hereof.

That said tract or parcel of real estate which is the subject of these proceedings is the same as Parcel 1 of the land described and conveyed in a Deed from Guy Anders, Sheriff, to George V. Arnold and M. Portia Arnold, his wife, dated March 16, 1942 and recorded in Liber 434, Folio 56, one of the Land Records of Frederick County, Maryland, a certified copy of said deed being filed herewith and marked Plaintiffs "Exhibit 2" and prayed to be taken as a part hereof.

That said tract or parcel of real estate which is the subject of these proceedings is the same tract or parcel of land involved in Land Judicial Sales Docket No. E.G.H. 6, Folio 175, in which the said Guy Anders, Sheriff of Frederick County sold the interest of James F. Gordon, Columbus Gordon and George Michael Gordon, heirs of Charity Gordon, at public sale, said proceedings being filed herewith and marked Plaintiffs "Exhibit 3" and prayed to be taken as a part hereof.

That said tract or parcel of real estate which is the subject of these proceedings is the same tract or parcel described and conveyed in a Deed from Eliza Morris to Charity Gordon, dated November 22, 1909, and recorded in Liber H.W.B. 294, Folio 300, one of the aforesaid Land Records, said deed being filed herewith and being marked Plaintiffs "Exhibit 4" and

prayed to be taken as a part hereof. That said tract or parcel of real estate which is the subject of these proceedings is the same tract or parcel of land described and conveyed in a Deed from William H. Cromwell, Sheriff, to Outerbridge Horsey, dated July 23, 1892, and recorded in Liber J.L.J. 1, Folio 739, one of the aforesaid Land Records, said deed being filed herewith and marked Plaintiffs "Exhibit 5", and prayed to be taken as a part hereof.

Thereafter the said Outerbridge Horsey, prior to his death, gave possession of said property to Eliza Morris but failed to execute and deliver a deed for said tract of land to the aforesaid Eliza Morris.

That as can be seen by the aforesaid Exhibit 5 the said Eliza Morris had lived on said property since 1871 and continued to live on said land and have possession of said land uninterruptedly until November 22, 1909, when she conveyed said property to Charity Gordon as set forth in Exhibit 4.

That the said Charity Gordon, maintained possession of the aforesaid described tract until the time of her death of approximately 1932. The sons of the said Charity Gordon, aforesaid, maintained possession of said property until approximately 1942 when the said property was purchased by the aforesaid George V. Arnold and wife, as aforesaid. The said Complainant and her husband, being one of the sons of Charity Gordon after purchasing the said property on October 7, 1946 maintained actual and visible, continuous, exclusive, hostile, notorious, and adverse possession and control of the aforesaid land and premises with full claim of ownership and under color of title since prior to 1946.

That the question has been raised as to whether the Complainant, Sarah Jane Gordon, widow, has a good and marketable fee simple title to the said real estate heretofore conveyed to her husband and herself by the aforesaid deed, which is the tract and parcel in question and the subject of these proceedings, containing 2 acres, 1 rod and 35 square perches of land, more or less.

That your Complainant and her accourneys have made reasonable efforts to ascertain all of the heirs, devisees, personal representatives, descendants or successors in interest of the said Outerbridge Horsey, Anna Carroll Horsey, Ann Caroline Horsey, Elizabeth Lee Horsey, Ella Horsey Montgomery, Thomas S. Lee Horsey and Charles Carroll Lee Horsey, deceased.

That the above matter constitutes a cloud upon the title of your Complainant and although your Complainant claims to hold a valid fee simple title, the same cannot be established of record without the removal of the aforesaid cloud upon the title of your Complainant, that your Complainant has no adequate remedy at law.

It is thereupon this 2nd day of August, 1972, by the Circuit Court for Frederick County, sitting as a Court of Equity, and by the authority thereof, ORDERED, that the Complainant, by causing a copy of this Order to be inserted in some newspaper published in said Frederick County, once a week in each of four successive weeks, the last of such publication to be made not less than 30 days from the 9th day of September, 1972, give notice to the unknown heirs, devisees, personal representatives, descendants or successors in interest of Outerbridge Horsey, Anna Carroll Horsey, Elizabeth Lee Horsey, Ella Horsey Montgomery, Thomas S. Lee Horsey and Charles Carroll Lee Horsey, deceased, whether residents or nonresidents, of the object and substance of this Bill, ordering them to appear in this Court in person or by solicitors, on or before the 11th day of October, 1972, next to show cause, if any they have why a decree ought not to be passed as prayed.

Personality Quiz!

HOW THOUGHTFUL ARE YOU?

Do you consider yourself unselfish, understanding and kind? If so, take the following test and find out how thoughtful you really are.

1. When you and your wife go to a party, do you (A) stay with her all evening, (B) see that she is occupied with others if you are talking with someone else, (C) leave her by herself all evening?

2. If you are a weekend guest, do you (A) insist on helping your host or hostess with the chores, (B) ask your hostess if you may be of assistance if it appears she could use help, (C) volunteer to do nothing unless asked?

3. If the parent of a close friend dies, but you did not know the parent, do you (A) send flowers to the funeral, or home of the friend, (B) send condolences to the friend via a card or phone call, (C) make a point of attending the funeral?

4. If you are invited to a home for dinner, do you (A) send your hostess a thank-you note the next day, (B) phone her the next day and thank her for an enjoyable

evening, (C) thank your hostess at the end of the evening and let it go at that?

5. If you first meet a couple, whom you wish to see again, at the house of a friend, do you (A) invite the friend and the new couple to your home, (B) invite only the new couple?

For correct answers, turn the page. If you score four or more answers correctly, consider yourself a thoughtful person.

ANSWERS: 1. (B) 2. (B) 3. (A) 4. (B) 5. (A)

COLONEL'S CORNER

INSIGHTS INTO PSYCHOLOGY
PARENTS SHOULD PROVIDE A CHILD WITH A PLACE WHERE HE CAN MIDDLE WITHOUT CONSTANT REMINDERS ABOUT SPLASHING THE WALLS AND SPILLING ON THE FLOOR. A SQUARE OF LINOLEUM THAT CAN BE STORED IN THE BACK OF A CLOSET MAKES AN EVER-READY WORK SURFACE FOR FINGER PAINTERS.

MOTHERS WHO NEED A BREAK FROM CONTINUALLY PREPARING MEALS CAN PROVIDE THEIR FAMILIES WITH A DELICIOUS LUNCH OR DINNER BY BRINGING HOME KENTUCKY FRIED CHICKEN. THIS "ANYTIME" TREAT IS A DELIGHT FOR ALL OCCASIONS, AND PICNIC-WISE MAKES A GREAT CHICKEN OUTING EVEN GREATER.

LADY DRIVERS SHIFT INTO HIGH GEAR
The American woman is on the road to better understanding of the ways in which cars work, as well as what she can do to monitor her motor. A new program called "Women On Wheels" (WOW) is helping to teach the ladies how not to clutch when auto repairs and maintenance are needed. Striving to WOW the ladies, the group is conducting sessions in Chrysler-Plymouth and Dodge dealerships all over America. "Women drive cars much more than generally is realized," said Robert H. Kline, Director of Service for Chrysler's Automotive Sales and Service Group. "They often use the family car for shopping, picking up and dropping off children at school, and transporting their husbands to and from train stations."

"The task of taking a car in to a mechanic for repairs during the day also frequently falls to the woman of the house."

Now underway throughout the United States, the WOW program is sponsored by the Chrysler-Plymouth and Dodge dealers. The program teaches the woman motorist the basics of how to do everything from "trouble shooting" to a no-start condition to changing flats and identifying squeals and clunks.

"The program has been put together with the thought of reducing one of the greatest fears and most perplexing problems of the woman driver... breakdown," Kline said. Designed for every woman the program hopefully will un-complicate the car. It will show her how an automobile operates, what she can do if she has a problem and how to recognize serious trouble in the future. "When the lady finishes the four two-hour sessions," Kline continued, "she will be able to 'talk car' and fix one with the aid of four simple tools... a flat blade screw driver, a Phillips screw driver, a crescent wrench and a pair of pliers."

The program is open to all women; it is not exclusive to Chrysler Corporation car owners. It was given the green light and implemented through the national Chrysler Motors Corporation dealership network in the United States. For further information on the WOW program, contact your local Chrysler-Plymouth or Dodge dealer or write Robert Kline, Director of Service, Chrysler Motors Corporation, P.O. Box 857, Detroit, Michigan 48231.

More Shots To Be Needed For School

Dr. Neil Solomon, Secretary of Health and Mental Hygiene, has signed regulations requiring nursery, kindergarten, and first grade children to have six immunizations in order to attend school. The regulations will take effect January 1, 1973.

Diphtheria, pertussis (whooping cough), tetanus, rubella (measles), and rubella (German measles) vaccines will be required, as well as oral polio vaccine.

In signing the regulations, Dr. Solomon noted that voluntary immunization programs have been held for several years in Maryland, but that the new regulations will ensure that Maryland children receive all the immunizations they need.

"After careful study of every aspect of requiring these immunizations," Dr. Solomon said, "I have determined that this protection for our children is necessary; however, I have insisted the regulations contain the provision that physicians may withhold the use of any vaccine in particular cases where it is not in the best interest of the child."

Dr. Solomon advises all women of child-bearing age to have a blood test to determine whether or not they have had rubella, and are therefore immune to rubella infection. This test is routinely performed in the Department's pre-natal and family planning clinics.

The regulations also provide that the six immunizations be given to children in the second through sixth grade of school, beginning in the Fall of 1973.

Where parents cannot obtain the services of a private physician or clinic, the vaccines will be provided by the local county health department.

Mr. and Mrs. Harold Anderson and children, Littleton, Colo., were recent visitors of Miss Elizabeth Neck, S. Seton Ave. Mrs. Anderson is the former Geraldine White who resided with Miss Neck while attending local schools. Also visiting with Miss Neck were Mr. and Mrs. James Watts, and children of Madison, Wis. Mr. and Mrs. Watts and family are friends of the Andersons and made the trip to Emmitsburg together.

NAMED DIRECTOR
J. Brook Jones has been appointed director of development at Hood College according to a recent announcement by Dr. Theodore H. Erick, president of the college.

GIRLS SOFTBALL
Tryouts for the girl's softball team are scheduled for 2 p.m., Sunday, Aug. 27 at the Community Field. All interested women and girls are urged to attend.

Board Of Education Fills Nine Position Vacancies

The Board of Education of Frederick County recently filled nine positions. Five are school administrative positions and four are central staff positions.

David Markoe, presently Vice Principal at Linganore High School, was assigned to the post of acting Associate Principal at Governor Thomas Johnson High School, replacing Robert Smith, who will be on sabbatical leave during the coming school year. Markoe was a teacher and a coach at TJ prior to going to Linganore as vice principal in 1971. He is a graduate of Frederick High School and the University of Maryland.

Reese Poffenbarger, a 25-year veteran teacher in the local school system and part-time administrative assistant at Linganore High School, replaces Markoe as acting Vice Principal at Linganore High. Poffenbarger taught biological science and vocational agriculture at Emmitsburg, Frederick and Thurmont high schools before going to Linganore, where he has taught agriculture for the last nine years.

A new vice principalship at Linganore, resulting from increased enrollment there, will be filled by Galen Claggett. Mr. Claggett is presently a guidance counselor at the high school. His prior experience includes teaching at Elm Street, Governor Thomas Johnson High School, and Mount Saint Mary's College, and work with the Maryland State Social Services Agency.

In a move on the elementary level, the school board named Don Cline Principal of the Lewistown School. He is

currently Vice Principal at Waverly School and will be replaced there by Mrs. Carol Young, who is returning to the Frederick County system from leave.

A graduate of Frederick High School and Frostburg State College, Cline served at East Frederick, Walkersville and Thurmont Elementary schools before assuming the vice principalship at Waverly. Mrs. Young, a Frederick High School and Towson State College graduate, taught at Elm Street and East Frederick before becoming Vice Principal at Middletown Elementary in 1970.

Another position filled by the board was Supervisor of Art for Frederick County, a position that became vacant when Richard Summers retired this year after 27 years of service. Carroll Kehne, presently an art teacher at Governor Thomas Johnson High School, was selected for this position.

Kehne, a Frederick High School graduate, received his BFA from the Maryland Institute of Art and his Master's Degree from Towson State College. He has been an art teacher at Brunswick and Governor Thomas High School since starting work in the county in 1962.

Other positions filled included Seymour Potler, appointed to a Pupil Personnel Worker position; Michael Small named Supervisor of Special Education, and Stanley Hill tapped for the position of Systems Analyst.

Potler is presently Executive Director and Counselor for Counseling Services, Inc.

Mount Continues CLEP Program

Mount Saint Mary's College will again this year accept for credit, scores received through the College-Level Examination Program. Michael H. Scheerer, Director of Counseling Services, reports that while some schools have discontinued the program because of poor response, Mount Saint Mary's is encouraged and plans to continue the program through the 1972-73 academic year.

Known as CLEP, the program makes it possible for individuals to receive college credit for learning acquired through experience outside the formal college classroom. Individuals scoring well on the Program's General or Specific Subject tests can receive up to 30 college credits—the equivalent of one full year of college work.

Tests are administered on the Mount campus on the third Wednesday of each month, and results are handled on a "pass-fail" basis. Passing scores are listed without grades as semester hour of credit.

Persons interested in taking one or more of the tests may obtain a copy of the CLEP bulletin from the Counseling Office in the Administration Building on the Mount Saint Mary's campus.

Cynthia Carbaugh Returns After Completing Floral Design Course

The Cozy Bud 'n' Vase Shoppe in Thurmont, is pleased to announce that Miss Cynthia K. Carbaugh, daughter of Mr. and Mrs. James R. Carbaugh, Rt. 2, Thurmont, has successfully completed the four week, 120 hour, course at the South Florida School of Floral Design in Lantana, Florida. Miss Carbaugh graduated in the top third of her class.

While attending this school, Miss Carbaugh had classes in Orientation and Fresh Flower Arrangements; Funeral Designs; Shop Management; Corsages; Wedding Designs; Potted Plants; and Artificial Arrangements.

Miss Carbaugh, along with the other capable members of the Cozy Bud 'n' Vase Shoppe staff, is available to assist you with your every floral need.

Miss Carbaugh is a 1971 graduate of Gettysburg Senior High School.

Ladies Of Brute Slate Picnic Sunday

The Ladies of Brute, Auxiliary to Brute Council, Knights of Columbus 1860, met in the Council home recently with President Loretta Sprankle presiding. Eighteen members were present. The minutes and treasurer's reports were read and approved.

Chaplain Nancy Danner reported that a card and flowers were sent to Edith Haley during a recent hospitalization. A sympathy and Mass card were sent to Colleen Lauer upon the death of her father. The Auxiliary voted to give a donation to the newly formed Dynamics Majorettes of Emmitsburg.

Jane Orndorff was appointed as chairman of the Ways and Means Committee. Helpers will include Louise Adams, Mildred Weedon, Charlotte Sanders, Lois Hartdagen, Loretta Sprankle and Dolores Davis.

Plans for the family picnic to be held at Big Pipe Creek Park on Aug. 27 were reported as going well. Likewise plans are progressing for the November 8 trip to Allenberry Playhouse to see "Butterflies Are Free".

The Ladies of Brute will serve the buffet following the District Mass at Mount St. Mary's Grotto on September 23 at 5 p.m. Nancy Danner has accepted chairmanship of the buffet with Cheryl Topper, Dolores Davis, Mildred Weedon and Jane Orndorff on the committee.

At the September meeting a covered dish social will be held. Mary Theresa Hollinger will serve as chairlady. The time has been set for 6:30 p.m. instead of the usual 8:15 meeting time. It will be held in the Council Home with the Auxiliary providing the meat and rolls.

A discussion about the Ladies having a food stand outside the Council Home on Oct. 14 for the Colorfest, was tabled until the next meeting.

An application for membership was received from Alice A. Wood. Three new members were initiated. They were Mildred Weedon, Mayetta Hobbs and Dorothy Krietz.

Refreshments were served by Loretta Sprankle following the meeting.

Capitol Comment

By Charles McC Mathias
U.S. Senator

Juvenile Delinquency

Juvenile delinquency is the most serious crime problem facing the nation today.

In 1967, the President's Crime Commission called juvenile delinquency and youth crime "the most serious aspect of the present crime problem." I regret to report that five years later juvenile delinquency and youth crime have become an even more serious aspect of the crime problem. Not only do young people continue to account for a great and growing share of crime statistics, but they have increasingly turned to violent crime.

Baltimore City authorities report that juveniles are responsible for over half of the violent crime committed in Maryland's largest city. The Federal Bureau of Investigation estimates that this year children under 15 will commit some 18,000 major crimes nationally.

I regard it as almost criminal—and I use that term advisedly—that so little is being done to explore the roots and reasons behind this kind of crime in which children as young as 6 and 7 years of age are charged with murder and youngsters 9 years old are charged with rape. Up to 90 percent of all juveniles arrested and convicted are later arrested and convicted as adults—often for far more serious crimes.

Regrettably I find the Federal Government's effort to curb juvenile crime to be feeble, fragmented and thoroughly misdirected. The total Federal expenditure in this area of law enforcement over the last fiscal year amounted to less than \$114 million. Of this

sum, \$96 million came from the Law Enforcement Assistance Administration and represented 14 percent of the total LEAA budget.

I think it is hard to justify spending such a small percentage of the LEAA budget in the face of the fact that juvenile delinquents comprise at least half of the nation's crime problem. I have introduced legislation which would require LEAA to devote 40 percent of its funds to fighting juvenile delinquency. This bill would also require creation of community-based juvenile delinquency programs, the establishment of separate facilities for adults and juveniles and the elimination of crime categories that apply only to juveniles.

While new federal efforts may do a great deal to alleviate the problems, these programs are doomed unless in a mobile society we can learn how to bring children and parents back together. A recent study of the way we bring up children sums things up as they are today by saying children used to be brought up by their parents. Today, children spend much more time in the company of their peers or in front of a television set than with their parents, let alone in any kind of active interaction with their parents.

We must try to redeem family life in America before it is replaced by alternatives alien to our present way of life. I will do all in my power to see that the 93rd Congress, which convenes in January, gives the highest priority to studying our juvenile problems.

Miss Emma B. Ohler, 124 E. Main St., has been moved to the Frederick Nursing Center.

COMMUNITY SHOW

The annual Emmitsburg-Thurmont Community Show will be held Sept. 15 and 16.

Kaas Family Has Yearly Reunion

The Kaas family held a reunion on Sunday, August 13, at Cowan's Gap, Pa. State Park.

Those present were: Mrs. Bernadette Kaas, Mr. and Mrs. Jack Eyster and daughters, Annette and Diane, Thurmont; Mr. and Mrs. David Kaas and family, David, Karen and Doug, Fairfield; Mr. and Mrs. Franklin Stambaugh and sons, Richard and Wayne, Rocky Ridge; Mr. and Mrs. Robert Kaas and family, Jim, Charles, George, Janie, Dale, Russell and Leon, Mr. and Mrs. Edward Althoff, Mr. and Mrs. Brooke Miller and family, Joe, Tony, Darlene, Debbie, Keny and Tina, Mr. and Mrs. Robert Seidel and family, Barbara, Bobby, Eddie, Ricky, Mary Helen, Theresa, Carol and Franky, Kathy Miller, Mr. and Mrs. Robert Dick and son, Bobby, all of Emmitsburg.

An enjoyable time was had by all. The group enjoyed swimming, boating, fishing and hiking.

Libraries Provide Free Loan Films

Churches and adult organizations in Carroll and Frederick Counties are urged to send representatives to one of the special meetings being held by the new Carroll/Frederick Audio-Visual Cooperative. Persons attending will learn how their organization can obtain program materials such as motion pictures, filmstrips and slides on a free loan basis from the cooperative.

A meeting will be held in Emmitsburg on August 31, at 8 p.m. in the Emmitsburg Public Library.

The purpose of the meeting is to explain how the cooperative and the sponsoring public libraries can assist organizations in planning programs. Representatives will learn how their organization can borrow audi-visual materials on a free loan basis from the cooperative. In addition, they will view a new multi-media presentation produced by the cooperative specifically for use by adult organizations.
