## Most Anything At A Glance

- By Abigail -

This Sunday marks the official opening of the 10th Annual Catoctin Spring Festival. Most of the activities in our area are scheduled to take place next weekend, including a Horseshoeing Demonstration and one on Bird Dog Training. It will be a busy time in and around our town with many strangers to the area stopping in to take part in the activities.

It seems that a great many of the folks around here and most of the more active organizations have planned to take part in some way. If some of you have been left out, you can still come out and enjoy the activities, and hopefully, the beautiful weather.

I hear a few of our local youths have been cutting up around town again. I also heard that they were caught. Maybe one of these days these young folks are going to get the idea that "crime (even little ones) doesn't pay". I certainly hope so.

Last week I mentioned the many folks from this area who participated in the March of Dimes Walkathon. It was not long before several people called my attention to the fact that I had completely failed to take notice of the fact that Mrs. Frances Keilholz had been named "Mother of the Year" for Frederick County and that her daughter, Angela, was the 1972 Frederick County poster girl for the March of Dimes. Our congratulations to both of you sincerely, if a little late.

Looked like there was a pretty good crowd out at the Community Ball Field Sunday for the first game of the season. I understand that attendance was better than usual—maybe because of the improved facilities.

I received another letter this week about what appears to be vandalism going on in one of our local cemeteries. According to it, rocks were strewn about, flowers were taken, etc. It would certainly appear to me that folks could find a better place to spend their time than in abusing our local burial grounds. There is that old saying about fences being put around cemeteries to keep people OUT. I certainly hope it doesn't become necessary here.

I picked up a rumor down in Frederick about that proposed development project up on the mountain offering to pay a good share of the cost of a new bridge over Tom's Creek and fixing up the road around there. In view of the attention we received up here from the County Roads people, that may well be the only way we will ever get some of these roads put into proper shape—by private enterprises doing it. I wonder if we could get somebody to offer to take that hump off Main Street?

One thing has brightened Main Street up a little, and that is the addition of flowers on the square. I noticed some ladies out there last weekend working busily away. Congratulations to them.

Of course, another thing that would help the appearance of the town appreciably is to get the rest of those sidewalks fixed up. Some places they are more like paths, some places just plain obstacle courses. How about it Town Fathers?

Speaking of the Town Fathers, I see where they got around to letting Washington know the Town's opinion on the Sixes Bridge Project. According to them, the way the project is set up now we would be in danger of losing a good part of our water and sewage facilities. If this is true, somebody around here better get on the ball and moving—and quick.

More than three million bushels of oysters were harvested in Maryland last year.

## Homemakers Celebrate 50th Anniversary

May 17, 1973, marks a very special day for members and friends of the Emmitsburg Homemakers Club. They will be celebrating their Golden Anniversary with appropriate ceremonies. It was on January 15, 1923, that the club was organized at the home of Mrs. Harry Boyle, by Miss Elizabeth Thompson, Home Demonstration Agent of Frederick County. The following officers were elected: President, Mrs. Harry Boyle; vice president, Mrs. John Crumlish; secretary, Mrs. Andrew A. Annan; and treasurer, Mrs. Lewis Higbee.

Sixty members joined the club the first year and the object of the club was for the purpose of individual and social improvement of the community. The motto adopted was "For the Good of Others." The colors chosen were "Blue and White" and the flower "The Black Eyed Susan."

Of the first sixty members, there are six charter members still living: Mrs. Harry Boyle, Miss Ann Codori, Mrs. Charles A. Harner, Mrs. Charles McNair, Mrs. Oscar Stinson and Mrs. Edgar Phillips.

One of the highlights of the day's celebration is the return of Mrs. Harry Boyle, the club's first president. Other past presidents who are still living include: Mrs. Charles McNair, Mrs. Robert Gillelan, Mrs. Morris Zentz, Mrs. Laurence Orendorf, Mrs. Robert Fitey, Mrs. Paul Beale, Mrs. Charles Stouter, Mrs. William Slemmer, Mrs. Luther Cregger and Mrs. James Small. Besides the charter members and past presidents, honored guests include Mrs. Kathryn Jenkins, Home Economics Extension Agent, and Mrs. Charles Nicodemus, President of the Frederick County Extension Homemakers Clubs.

Individually and collectively the Homemakers have been working to make this anniversary occasion a memorable one. The program will begin with a buffet luncheon at 12:30 followed by the introduction of guests by Mrs. Verne Ray. The history of the club has been written by Mrs. Victor Fiery, who will read it at this time. A memorial service for deceased members will be conducted by Mrs. John Chatlos.

Since every birthday anniversary needs a cake, there will be a cake cutting ceremony with Mrs. James Harris presiding. The rest of the afternoon's activities will be group singing and reminiscing with old friends and acquaintances.

This celebration and buffet lunch will be held at the Fellowship Hall of the Incarnation United Church of Christ. Members of the committee are Mrs. James Harris and Mrs. Harry Hahn, Co-Chairmen; program committee, Mrs. Verne Ray, Mrs. John Chatlos and Mrs. Victor Fiery; luncheon committee, Mrs. L. H. Cregger, Mrs. Arvin P. Jones, Mrs. Andrew Keilholz, Mrs. Elmer Fuss and Mrs. Charles McNair; anniversary cake, Mrs. James Harris; invitations, Mrs. Charles Grimes and Mrs. Charles Harner; program booklets, Mrs. Luther Cregger and Miss Bonnie Gore; name tags, Miss Nellie Mackall and Miss Vera M. Dorn; decoration committee, Mrs. Virginia Sanders and Mrs. Francis Smith.

## Town Objects To Sixes Bridge Dam

At a combined meeting of the Town Burgess and Commissioners and Planning and Zoning Commission last week, a letter was drafted to be sent to the Army Corps of Engineers expressing the town's opposition to the Sixes Bridge Dam project.

Following is the text of this letter:

This letter is intended to become part of the official record of the Sixes Bridge Reservoir public hearing held by the Army Corps of Engineers at Catoctin High School, Thurmont, Maryland, on Friday, April 27, 1973.

The Town of Emmitsburg, an historic municipality of long standing is directly affected by the proposed reservoir. The Emmitsburg Burgess and Commissioners and the Emmitsburg Planning Commission hereby submit the following statements of concern:

1. An environmental impact statement has not been completed. The town, being directly affected by the proposal, suggests that an impact statement be distributed in the Emmitsburg community and that it include a detailed summary of physical, social, aesthetic and economic affects.

2. The proposed area to be flooded by the reservoir includes the existing site of the Emmitsburg Sewerage Treatment plant and pumping station. No provisions have been made by the Corps of Engineers for financing the replacement of these major facilities, nor planning for their relocation.

3. The topography of the land area immediately to the east of the community is of relatively low relief. The town, with what little information has been provided, feels that the draw-down of the proposed reservoir will result in expansive mud flats which will adversely affect the community.

4. All graphic information which has been presented has been shown on 1963 or earlier base maps. These maps do not reflect development which has occurred in the community since that time. In fact, a relatively new subdivision in the town would be partially flooded by the reservoir. It is assumed that the Corps is not aware of this situation.

5. As Emmitsburg will be more directly affected by the proposal than any other community it seems a necessity a public hearing be held in the community before any Congressional action is taken in this matter.

Gentlemen, as these concerns have not been considered by the Corps of Engineers, the Town of Emmitsburg must oppose the Sixes Bridge Dam project until such a time that satisfactory information is provided the town and the necessary negotiations have been made for replacement of facilities.

In other business, Alan Musselman, County Planning Coordinator, briefed the town officials on three immediate goals of the Emmitsburg Planning Commission. He stated that in order to adopt a Comprehensive Plan, that a land use policy, transportation plan, community services and facilities study, capital improvements program and historical zoning districts will all have to be established.

A general discussion was then held concerning the bypass of Route 97. After lengthy deliberation a motion was made and carried by the Planning Commission to provide for the By-Pass of Rt. 97 north of Emmitsburg beginning at the new Rt. 97 bridge with balance of By-Pass to coincide with County Master Highway Plan. The Commission immediately recommended to the Town Council that this recommendation be passed. It was approved by the Burgess and all the Commissioners except Eugene Myers who was not present at time of voting.

The Planning Commission also strongly recommended to the Town Council that a feasibility study of the present water and sewer facilities should be made by a competent engineer.

The oyster is a very versatile product. Its unique flavor can be used alone or to enhance other products.

## Local 4-H Club Wins National Contest

TOM'S CREEK 4-H DAIRY CLUB. Front, l to r: David Hill, Russell White, Paul Cashell, and Mike Hill. Middle row: Bob Wivell, Cathy Wivell, Mrs. Alice Gregg, Naomi Weimer, Alan Bassler, Phil Wivell, and Ronnie Kling. Back row: Stanley Gregg, Lawrence Bassler, Mike Wivell, Lee Bassler, George Kaas, Charlie Kaas, Mike Weimer, and James Hill.

Tim's Creek 4-H Dairy Club won first prize in a national dairy judging contest sponsored by Hoard's Dairyman, national dairy farm magazine published at Fort Atkinson, Wis. The 16 club members had an average score of 472 out of a possible 500 to place them first among 1,503 4-H clubs from 47 states and Canada.

Tom's Creek 4-H Dairy Club was organized just three years ago and has for its leaders, James Hill, Alice F.

Gregg, Lawrence Bassler, and Lee Bassler. Although just a young club, it is already quite active. Members have won demonstration and public speaking contests, as well as participating in many activities—dairy workshops, county softball and basketball, Rural Life Sunday, and many local and state dairy shows to mention a few.

Now in its 43rd consecutive year, the contest involves judging five classes of dairy cattle that are pictured in

Hoard's Dairyman magazine. Nationally known dairy cattle judges make the official placings and the contestants are graded accordingly. This year an all-time record 115,012 entries were received from all 50 states, as well as from Canada, El Salvador, Germany, Japan, Lebanon, New Zealand, and South Africa.

In addition to Maryland, other division winners came from Wisconsin, California, New York, and Washington.

## Dedicate Community Park; Open Fastpitch Softball League Season

Scouts Billy Mackenzie, Bruce Gray and Phil Gray, raise flag at the official park opening. —AEB Photos

A large gathering attended the dedication of the Community Park at the opening game of the Northern Maryland Fastpitch Softball League at Community Field in Emmitsburg on Sunday evening, May 6. Burgess Richard M. Sprankle gave a few words of praise to those instrumental in the improvements and additions to the park area.

Special praise was given to Commissioner Eugene Myers for giving so much time in supervision of the improvements which include three sections of bleachers, flag pole, graded playing area, and chain link fencing surrounding the entire playing area. New dugouts have also been constructed on the site.

County Commissioner Donald Lewis and Emmitsburg Town Commissioners Norman Flax, Philip Topper, Sterling Goulden and Eugene Myers were also present and introduced by Jack Hoke who presided at the opening ceremonies. Scouts from Troop 284 officiated at the flag raising with the spectators joining in

the Pledge to the Flag. Burgess Sprankle pitched the first ball out at the start of the Emmitsburg Patriots and

Freeman Shoe softball game which was won by the Patriots in a well played 5-1 game.

## AMBULANCE REPORT

In his monthly report to members of the VFW on Wed., May 2, chairman Leo M. Boyle announced that during the month of April seventeen calls were answered by the Ambulance Corps of Emmitsburg. Ten calls were emergencies while seven were on a non-emergency basis. Nineteen patients were transported in the vehicle with 52 man-hours used by personnel. There were 694 miles traveled with calls going to Hershey Medical Center, York General Hospital, Frederick Memorial Hospital, and Annie Warner Hospital, Gettysburg.

## PTA Sponsors CPR Course

The Emmitsburg School PTA is sponsoring a three-hour class given by the Heart Association to teach artificial respiration and external heart massage. These life saving measures, known as CPR (Cardiopulmonary Resuscitation), are to aid victims of drowning, electrical shock, heart failure and suffocation.

The class will be held Wednesday, May 16, from 7 to 10 p.m., at the public school auditorium. Anyone who is interested can attend. For further information call Mrs. Graff at 447-2343.

## Community Chorus Spring Concert

"Salute to America" is the theme of the spring concert of the Emmitsburg Community Chorus which will be performed on Sunday, May 13, at 8 p.m. in the DePaul Auditorium at St. Joseph College. The Fairfield (Pa.) High School Band, directed by Peter H. Riley, will combine with the chorus for a group of patriotic selections consisting of the works of George M. Cohan.

Sister Jane Marie Perrot, director of the Emmitsburg Chorus, extends a cordial invitation to the public to attend the performance. Admission is free of charge. The program opens on a spiritual note with the first group of selections featuring "The Lord's Prayer" and St. Francis' Prayer.

Genie Golladay, soprano, and Donald Hollabaugh, bass, will be spotlighted in a medley of American folk songs. In the group of Cohan melodies, Robert Scott and Sister Mary Gilbert will be featured on percussion and the flute respectively in "Yankee Doodle Dandy." Denis Blasi of Mt. St. Mary's College, will perform a soft-shoe to "Harrigan."

The program will close with a group of patriotic songs, spotlighting Mr. Hollabaugh as soloist singing "The Battle Hymn of the Republic."

## Mount Paper Read At Md. Convention

A Mount Saint Mary's College professor and two of his students have written an academic paper that was selected for reading at a recent official state convention.

Dr. Nicholas C. Kierniesky of the Mount's Department of Psychology and Sociology along with senior Thomas Sick, of Highfield, Md., and junior, Frank Kruppenbacher, of Yonkers, N. Y., prepared the work on "The Effects of Sex, Age and Repeated Trials on the Open Field Activity of Albino Rats."

The paper was accepted for reading at the Maryland Psychological Association annual convention in April.

## Area Speeders Receive Tickets

Receiving summons from Officer J. L. Fuss during the past week for exceeding the posted speed limit were: Edmund Ling, Philadelphia, Pa.; Daniel G. Odell, Cettysburg, Pa.; and Arthur J. DeLorenzo, Montclair, N. J. Mr. DeLorenzo was also charged with having no driver's license in his possession. Ralph L. Hankey, Jr., Emmitsburg, was charged with operating a motor vehicle in a negligent manner.

## Area Deaths

VERNE M. RAY, JR.

Mr. Verne Monte Ray, Jr., 46, died at his home, 663 West Main St., Emmitsburg, at 12:25 p.m. Friday, May 4. He was born in Chicago, Ill. He has been a resident of Emmitsburg for nine years. He was the son of the late Verne Ray Sr., and Lillian Peechous Ray.

Surviving are his wife, DeLores Fazel Ray; seven children, Mrs. Dawn Wolfe, Emmitsburg; Verne M. Ray III, Kevin C. Ray, Curtis K. Ray, Dennis B. Ray, Laurel A. Ray, and Christopher H. Ray, all at home; one brother, Ronald H. Ray, Chicago; and his stepmother, Ann Ray, Bakersfield, California.

He was a member of St. Joseph's Catholic Church, Emmitsburg; Life member of VFW Post 6658, Emmitsburg, and was publisher and vice president of Tab Books, Blue Ridge Summit.

Funeral services were held Tuesday, May 8, with a Mass of the Resurrection at 10 a.m. at St. Joseph's Catholic Church, Emmitsburg, with the Rev. Fr. John King officiating. Interment was in the new St. Joseph's Cemetery, Emmitsburg.

Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

## VFW To Honor Vietnam Veterans

Emmitsburg Memorial Post 6658, Veterans of Foreign Wars, will host a Buffet and Dance in honor of area Vietnam Veterans, on Saturday, May 19. The affair is slated to begin at 6:30 p.m. in the VFW Annex.

All Emmitsburg area Vietnam Veterans and their wives or lady friend are cordially invited to attend. Reservations may be made by calling the VFW. Deadline for reservations is Saturday, May 12.

Tickets for Veteran members and their wives or lady friend are available at the Post Home at \$5.00 per person. Ticket deadline is Saturday, May 12.

## Donna Anderson To Wed

The engagement of Miss Donna Louise Anderson to Mr. John L. Weimer, 623 Frederick Street, Hagerstown, has been announced.

Miss Anderson is the daughter of Mr. and Mrs. Donald Anderson of Rt. 1, Williamsport, Md. She is a 1969 graduate of Williamsport High School and a senior at Towson State College.

Mr. Weimer, the son of Mr. and Mrs. Stanley Weimer, Rt. 1, Emmitsburg, graduated from Williamsport High School in 1968 and is employed by the Mobile Food Service System, Inc., of Smithsburg, Maryland.

No date has been set for the wedding.

## Little League Opens Monday

The 1973 Emmitsburg Little League season opens Monday, May 14, with a game between last season's two divisional winners, the Giants and the Orioles.

Next week's action includes these games: Mon., Giants at Orioles; Tues., Cards at Dodgers; Wed., Red Sox at Yankees; Thurs., Orioles at Cards; Sat., Red Sox at Giants and Yankees at Dodgers. Game time is 6 p.m. for weekday games and 1:30 and 3:30 on Saturday.

## Town To Obtain Utilities Study

The Town Commissioners held their regular monthly meeting in the town office on Monday night. The first order of business was the swearing in of re-elected Town Commissioner, E. Eugene Myers, and the election of Sterling Goulden as president of the Commission.

The Commission decided to ask an engineering consulting firm from York, Pa., to make a feasibility study of the town's water and sewer facilities. The decision to ask for prices on such a study was made by the commission after a discussion of the possible impacts within the coming years of the Sixes Bridge Dam on the town facilities.

Information received thus far from the Corps of Engineers would seem to indicate that the backup waters from the dam will inundate the town's sewer facilities. There is also the growing pressure from developers wishing to utilize the town's facilities. In light of these factors, and that no study had been made in recent years that could be used, the Commissioners decided that a study was necessary in order that the town can continue working on its comprehensive plan for development without guess work as to what further load could be put on the facilities. Commissioner Myers voted against the motion saying that the town should have accepted the free study which had been offered by Viking Ventures.

A discussion was held concerning police duty hours in an effort to give better coverage of the town during the evening and night hours, and the hiring of a meter maid to work two or three hours during the day. Decisions on these matters were tabled until the next meeting.

The Commissioners were informed that the Columbian Squires had offered to sweep the streets of the town or help with any town project as part of their community involvement. The Commissioners also noted and expressed their thanks to the Squires, Boy Scouts, Cubs, Girl Scouts and other youngsters who had participated in a general town clean-up on Holy Saturday. The local VFW Post had provided soft drinks and hot dogs to the workers.

The town agreed to generally support the dualization of Rt. 15, reserving the right to approve any proposed interchanges in the Emmitsburg area.

Seniors Enjoy  
Harrisburg Trip

Tuesday morning at eight o'clock, the Senior Citizens of Emmitsburg boarded a bus in spite of inclement weather, for a long anticipated outing. The first stop was in Harrisburg, Pa., to visit the state capitol building, where all entered to be amazed and edified by the beauties of the building, which symbolize Pennsylvania's past, present and hopes for the future.

Another stop included the Harrisburg East Mall, where the group debarked for a few hours of visiting the various attractions the complex afforded, such as visiting the various shops and stopping for lunch.

A visit to Zimmerman's Automobileorama gave the citizens a view of the development of the various types of early autos from something like a tricycle to the formidable Cadillac or Chrysler.

Leaving Harrisburg, the next stop was in Gettysburg. Visiting the Lincoln Train Museum, we experienced vicariously the trip from Washington to Gettysburg by Lincoln on the day of the dedication of the National Cemetery. This trip was most realistic. Not to be overlooked was the Cettysburg National Museum's Electric Map in the building nearby.

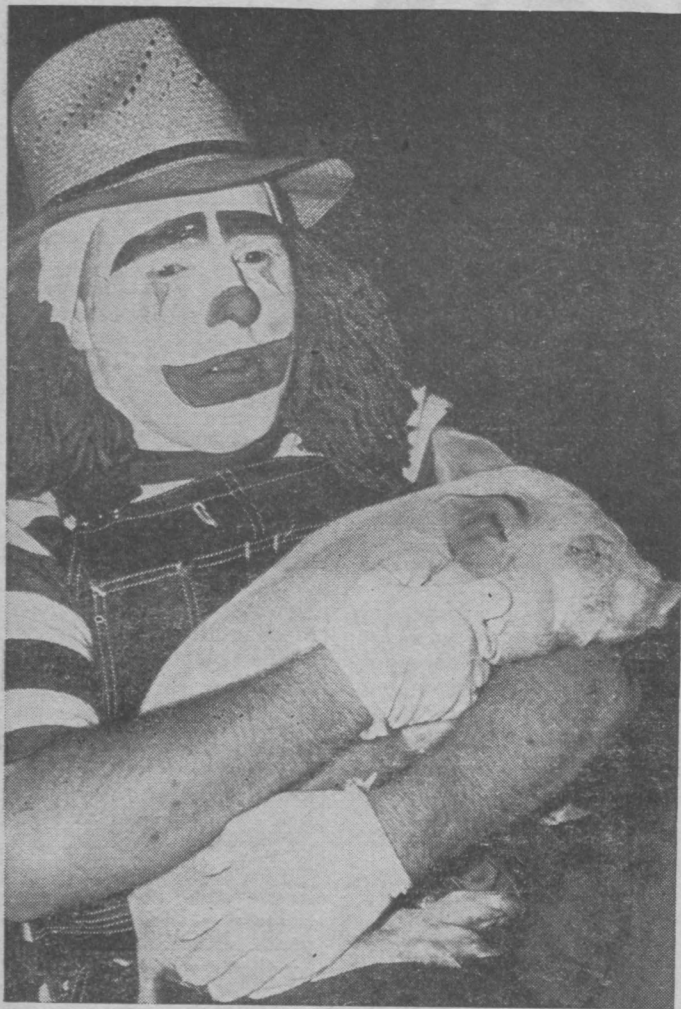

To conclude the day of interest and marvels, all were happy to go to the Howard Johnson Restaurant for food and drink.

The weary, but happy group arrived home at Emmitsburg about seven p.m.

There are more than 32 commercial species of fin fish harvested in the Chesapeake Bay.

Dynamics To Sponsor Circus Here

Circus Kirk proudly presents another season of circus cutups. Planning their attacks in the same confines of clown alley, these modern jesters are able to do anything to produce tears of laughter.

With the clanging of bells and the confusion of smoke, the chalk-faced masters of mirth race into the circus tent amid the laughter of children and the smiles of the older children. By popular demand, the Circus Kirk clowns bring back the Clown Fire Department, complete with a miniature fire engine and a damsel in distress, and the Clown Band. Both are guaranteed to strike a humorous note.

The Circus Kirk clowns are under the expert guidance of Dr. Charles W. Boas. Dr.

Boas, director of Circus Kirk, was a nationally famous clown for many years, appearing in both circuses and on television. He has played a great role in shaping the Circus Kirk clowns into one of the tightest troupes of jesters on the road today.

Circus Kirk will appear on Tuesday, May 22 at the Emmitsburg Middle School in Emmitsburg. Performances are scheduled for 6 and 8 p.m. with the midway opening one hour earlier. Proceeds from the sponsorship of the show will be used by the Dynamics Majorettes for their civic and charitable work. Tickets may be purchased from club members at reduced prices in advance of circus day or at the gate.

Byron Against Aid To N. Vietnam

Rep. Goodloe Byron announced Wednesday that he is joining with Rep. Steven Symms (R-Idaho) in sponsoring legislation which would prohibit aid to North Vietnam.

The bipartisan measure will be introduced in the House on May 10.

"Aid to North Vietnam is morally offensive and fiscally irresponsible," Byron said in announcing the proposal.

"If my mail and conversations with constituents are an indication, then the mood of the country—certainly in Central and Western Maryland—is against any form of aid," he noted.

Byron said the average citizen feels such aid is offensive especially when American POW's would pay reparations through part of their income tax.

"This isn't like World War I and II where the dictatorships with whom we fought were removed and replaced with free governments.

"Furthermore, if we spend billions to give new life to the economy of North Vietnam, they would actually be better off for having fought us—and that is an example we cannot afford to set.

"Our Nation has given 46,000 lives and over 100 billion dollars to fight the Vietnam War and an additional 2 billion to insure a lasting peace stretches the patience of most Americans," Byron concluded.

Open Door For Day Care Week

Children at Seton Center enjoy the joys of cooking.

Outside activities are in integral part of the programs at Seton Center.

Girl Scouts Issue Plea For Leaders

Girl Scout Troop 405 has been very busy the last few weeks.

Saturday, April 14, we loaded on a bus and were off to Washington, D. C. The first stop was Arlington National Cemetery, where we visited Kennedy's grave. Then we rode past several more points of interest, including the Jefferson and Lincoln Memorials. We really didn't plan a hike for the day, but, due to parking difficulties, we had no other choice. We walked to the Capitol for a short tour, then back to the Smithsonian Institute's Museum of Natural History, and finally to the Washington Monument where we met the bus and headed home.

Tuesday, April 17, we held our regular meeting. Our project for the day was to make Easter baskets for the guests at "Green Acres" in Gettysburg. Friday afternoon, we delivered the baskets and visited with many of the people who reside there.

Clean-up Day! Sat., April 21. After Mrs. Fisher went to get Mr. Rosensteel up from the breakfast table, we finally got started cleaning up Emmitsburg. The Boy Scouts and Girl Scouts were assisted by the Squires this year in the annual spring clean-up. After the streets and nearby roads were cleared of cans, bottles and assorted debris, the Scouts and Squires enjoyed hot dogs with all the fixings.

Tuesday again, April 24, and our regular meeting. The girls worked on their badges and skits for the upcoming Court of Awards in June.

Finally, Friday, April 27, Paul's Puppets presented a puppet show, "The Tinderbox," at Trinity Methodist Church in Frederick. Everyone really enjoyed this trip!

April was a pretty busy month for us all, but just a few more words from Trudy Mozingo:

Troop 405 has Girl Scouts who are in their last year of Junior Scouting and who desperately need a Cadette leader. Will you help? Are you concerned? We are! Please—want to continue in Scouting and need your help. (There is also a need for a Brownie leader(s) for girls age 7 and 8).

"Thank you for reading this, but please, will you go a little bit further and call the Frederick Field Station at 662-5106 or call Connie Fisher at 447-2805?"

Oysters may be used in combination with other seafoods and meats such as fish, crabmeat, shrimp, ham, turkey or chicken.

Zip Column

The Postal Service designates a week during May each year when customers on rural routes are encouraged to examine and improve, where necessary, the appearance of their mailboxes. The week of May 21-26 has been selected this year.

The purpose of Mailbox Improvement Week is to call attention to the need for providing mail receptacles which are designed to protect the mail from the weather and are neat in appearance, conveniently located, and safe to use.

Neat attractive mailboxes will make a significant contribution to the appearance of the countryside and the streets in suburban areas.

Our rural routes will be inspected during the month of May, and customers will be notified of any discrepancies. The requirement to have customers name inscribed on the side of the box, as approached by the carrier, has been made optional. However, the customers' assigned box number, must be inscribed on the side of the box visible to the carrier as he approaches, or on the door where boxes are grouped.

## FREDERICK COUNTY BACKGROUNDS

BY SAMUEL CARRICK  
The Singer Family  
"An open road and a wide road  
That leads, at last to the sea—  
This is the meaning of summertime,  
And the meaning of life to me!"

"Give me a spring by the wayside,  
Give me a tree for shade—  
An open road and a wide road,  
And a heart that is unafraid!"  
—Margaret E. Sangster  
The data pertaining to the

family of Samuel Singer, soldier in the War of the American Revolution, late of the Monocacy Settlement, whose grave is in Elias churchyard, is continued at this time.

Interred in another part of Elias churchyard was the somewhat unfortunate Susanar Singer, daughter of John and Sarah Singer and sister of Charlotte (Singer) Hoover, and the first wife of Samuel G. Ohler. The inscription from the marker at her grave reads as follows:

5. Sacred to the memory of Susannah Singer Ohler, wife of Samuel G. Ohler, died October 25, 1845, aged 24 years,

3 months and 27 days.

Note: Samuel G. Ohler was married to Susannah Singer on October 19, 1840, by the Rev. Benjamin Keller. A year and four days after her marriage the young wife died, presumably in "childbed," and was buried in the family plot of her grandfather, Samuel Singer, in Elias burial ground.

If a child was born to Susannah Singer Ohler's marriage it died at or soon after birth for there is no record of baptism or death. Quite possibly the infant was interred with the mother.

Charlotte (Singer) Hoover was the second wife of John Hoover. No children were born to this union and the husband died many years before his much-younger wife.

John Hoover is interred beside his first wife in the Wolfsville United Brethren churchyard.

Members of the Singer family are also buried in the Pipe Creek churchyard, Uniontown, Maryland, Beaver Creek burial ground near Johnsville, Maryland, and Apple's Churchyard. Undoubtedly some were also interred in the old burial ground at the Monocacy Settlement but of that ancient "God's Acre," not even a definite memory remains.

In the records of Trinity Lutheran church, Taneytown, Maryland, the following data regarding the Singer family is to be found.

1. Buried Mrs. Eva Singer — died January 13, 1842 — aged 56 years and 6 months.

Note: This record is somewhat vague. The husband's name is not given nor the

place of interment. Taking into consideration all the evidence at hand it is reasonable to assume that Mrs. Eva Singer was a daughter-in-law of Samuel Singer, and a sister-in-law of John Singer. Very possibly she is buried in old Elias churchyard in a grave that is now unmarked.

The name of Eva Singer is not included in Holdercraft's "Names in Stone."

2. Married, April 11, 1850, by the Rev. Solomon Sentman, Uriah Yingling to Ann Elizabeth Singer, both of Carroll County, Maryland.

Note: Nothing is known, at this time, pertaining to this branch of the Singer family.

This concludes, for the present at least, the notes regarding the Singer family of Tom's Creek Hundred, who can boast on their family tree, of a soldier of the American Revolution, and residence in the Monocacy Settlement.

The next family to be included in this study — with graves in Tom's Creek and Elias churchyards — is the Winter clan.

The gravestones of the Winter family in Elias churchyard — apparently — tell the story "of the generations." Near the center of the burial ground is a large, impressive stone with the following inscription:

1. In memory of George Winter, son of Jacob and Margreta Winter, born November 11, 1805, died November 17, 1892, aged 87 years.

Jacob Rowe Winter, son of Henry and Mary Ann (Rowe) Winter, born October 19, 1855, died September 25, 1857.

Jacob Winter, born 1771, died 1846, aged 75 years.

Margreta Gervia, wife of Jacob Winter, born 1771, died 1848, aged 77 years.

Erected by John Thomas Eyster and Columbia Winter. Note: From this inscription it may be assumed that Jacob Winter and his wife, Margreta (Gervia) Winter, were the pioneer ancestors of the family in the Emmitsburg vicinity.

Undoubtedly Jacob Winter was a descendant of that Francis Winter, who first settled in what is now Carroll County, Maryland, in the immediate vicinity of Winter's Church (Saint Luke's). A history of this congregation was given in Scharf's "History of Western Maryland" and in a chronicle of New Windsor, Maryland. These accounts will be included in next week's column, along with the inscriptions from the Winter family graves in the old burial ground at Winter's church.

It is interesting to note that Winter's church is still a most active congregation and burials are still made in the old churchyard.

There are still some 35 Skip Jacks harvesting oysters on the Chesapeake Bay.

## Perspectives In Learning By H. Brown

### Helping Your Child Learn

Parents are always interested in their children and want them to be successful in the many tasks they must face in life. The first major concern is that the children are able to learn and to be good students in the school setting.

When children find learning to be a frustrating experience, the parents are usually no less disturbed. The entire family becomes involved and the problem grows to a greater proportion than should be necessary.

There are some techniques and practices that parents can try that might help to prevent problems before they have a chance to start.

Make sure that your child gets plenty of sleep each night. It is best to teach him to go to bed early when he is very young so that he learns the habit of facing a busy day well rested. It is very difficult for anyone to achieve success when they are tired and sleepy.

It is very important that your child is not rushed off to school in the morning with a feeling of unhappiness or discontent. A bad morning can spoil the entire day. A quiet morning with a healthy breakfast does wonders to develop a body which is ready for learning activities.

As a parent, you are very important to your children. What you think and say can mean everything to them.

When you show interest in their work and achievements, it means that someone important cares. Children need to be praised and encouraged for their many little successful experiences. If you show a genuine interest in the work that is brought home from school, the children will try even harder because they know you are concerned and want them to do well.

Provide a quiet, comfortable place in the house where your children can do their homework, read or study. The television or guests should not interfere with the study time. Children need to be taught good study habits. They do not know how to prepare themselves for learning so parents should be aware of this and establish rules for studying as soon as the children enter school.

There are times when chil-

dren need advice or guidance with homework assignments. It is important that they understand your willingness to help but also learn not to depend upon you for doing their work.

It should be recognized that children will learn some subjects more readily than others. Therefore, be very careful not to compare one child's progress with that of other children. Comparisons are very unfair and can create serious emotional problems. Girls are different from boys so help Janie to be tolerant

of Johnny's slowness in learning to read. Johnny might just be better in math than Janie! Avoid all comparisons.

These few hints have been helpful to many parents in preventing learning difficulties. The school situation becomes much easier when things at home are peaceful and calm. Having an understanding listener and someone to confide in at home can be the important factor in a child's success in learning.

## Open Line By Rep. Goodloe E. Byron

The following questions were typical of the kind asked of me in recent weeks. Letters should be sent to me, c/o U. S. House of Representatives, Washington, D.C. 20515.

How will the recent announcement of military base closings effect Western Maryland?

The recent announcement by the Department of Defense included no closings or personnel reductions for our area. The only installation effected in any manner was Fort Detrick and they are tabbed for a slight increase in personnel.

Can you send me a list of "endangered" wildlife species? Your request can best be fulfilled by ordering the Fish & Wildlife Service's 1973 red-book, "Threatened Wildlife in the United States". The 300-page book contains data pages on "endangered" species as well as those that are believed to be in trouble, but not yet in danger of extinction. For your copy just write the Superintendent of Documents, Washington, D.C. 20402 and be sure to include the \$3.35 purchase price.

Did the President's meat price ceiling include poultry? No. The Cost of Living Council was ordered to impose an immediate ceiling on beef, veal, pork, mutton and lamb prices only.

How much oil do we currently import and how much will the lifting of import quotas effect this amount?

Last year, U. S. foreign petroleum imports totaled 4.7 million barrels per day, accounting for 29 per cent of our total oil supply. The projections are for large increases in imported petroleum, primarily from the Middle East. In 1973, the U.S. will import an estimated 6 million barrels per day of crude oil and products. If existing

trends continue we will have to import from 50 to 60 per cent of our total oil supply by 1985.

What determines if a farmer is required to provide Workmen's Compensation for his employees?

According to the Maryland Farm Bureau any farmer qualifies who operates any machinery connected with any phase of soil, crop or animal management, construction and repairs of machinery and fixtures, and who handles any crops or animals with or without machinery. If a farmer employs three or more full-time employees or has a yearly payroll for his full-time employees of at least \$15,000 he is required by law to provide Workmen's Compensation for his employees.

Does OSHA have to certify or approve employee training

programs?

Under the Occupational Safety & Health Act (OSHA) no certification is required. However, the Department of Labor informs me that its personnel who conduct compliance inspections of workplaces, seek evidence that an employer has provided safety training required under the Act.

## WEATHER REPORT

Temperatures and precipitation for the Emmitsburg District for the period ending Friday, May 4, as reported by the U. S. Weather Service, Mrs. Lucille K. Beale, local observer, were as follows:

## BUSINESS AND THE STOCK MARKET

### Outlook Good For Natural Gas Stocks

By Babson's Reports Inc., Wellesley Hills, Mass., May 10, 1973—In the course of the past winter, the nation has been exposed to the threat of a possibly acute shortage of heating fuel. Except in scattered instances, however, no really serious crises developed thanks to a generally open and relatively mild winter in most sections of the country usually consuming large volumes of heating oil. True, there were some hardships, but these occurred largely in the case of low-priority fuel consumers such as industrial plants. As for some utility and manufacturing plants able to adapt to natural gas, oil, or coal, interruption of natural gas deliveries (under terms of supplier contracts) merely resulted in the use of alternate fuels. But at least for several more years the specter of a fuel crisis will be with us.

Status Of Natural Gas As Fuel  
In the thick of the fight to help counter the energy shortage—that can no longer be shrugged off as an easily remedied problem—are the major natural gas pipeline companies and those in the distribution end of the business large enough to take part in the efforts to generate new

gas supplies from various sources. For power-producing and heating purposes, natural gas ranks high in preference because of its low-pollution characteristic. In addition, it is easy to handle and is extremely high in energy content.

Over recent years the natural gas reserves in this country have been steadily diminishing. Therefore it is gratifying to note the steps being taken to reverse this unfortunate trend. Search for new reserves is being encouraged along a widening front, while more emphasis is being placed on the importation of liquefied gas.

**Reserves Vitaly Important**  
Until quite recently, the domestic natural gas industry had a tough time trying to gain its share of the fuel

market. Its chief weapon was the price advantage, so the price of natural gas has been kept inordinately low even though the cost of exploring and developing new reserves has escalated. While somewhat higher wellhead prices have helped in the past few years, further substantial gains are needed to spur the search for new supplies and make feasible the tapping of reserves now being found in the Canadian arctic regions.

Sculpin cottidae or "bull-heads" (a misnomer) are all names for a small, brown, stickle-spined minnow, which indeed, looks like a small bull-head. They're found throughout the country, and amount to the finest minnow bait for trout.—Sports Afield

VFW Ladies Plan May Activities

The regular meeting of the Auxiliary to Emmitsburg Memorial Post 6658, Veterans of Foreign Wars, was held on Thursday, May 3, 1973, at 8 p.m., with the Senior Vice President, Mary Topper, presiding in the absence of the president. Roll was called and there were 19 members present. Bills were presented. Margaret Seltzer was transferred to our organization.

Communications were then read. Mary Topper reported that the bike safety stickers will be distributed on May 19 at Mother Seton School between 1 and 3 p.m. Volunteers to help are Eleanor Eike, Bob Eiker, Lois Hartdagen, Becky Joy, Louise Orndorff, Mary Topper, Jane Orndorff, and Dixie Vivaldi.

The community action report was then given. Members will go to the Provincial House on Sunday, May 6, at 1:45, for a songfest with the sisters. Eve Ott, Becky Joy, Mary Topper and Gwen Topper will bake cookies for the affair.

On May 20 at 1:30, there will be a bingo at the Provincial House. Ladies are asked to attend and give small prizes. Cookies will be baked for the occasion by Gloria Martin, Charlotte Sanders and Gwen Topper.

On Thursday, June 7, the Auxiliary will hold an auction after the meeting to be open to the public. Mr. Harry Otterson will be auctioneer. The meeting will begin at 7:30. Mrs. Jill Ott and Mrs. Eve Ott will be in charge of light refreshments.

Motion was made and seconded to donate to the high

Call Early On Mother's Day

On Mother's Day, the best time to make your long distance phone calls is early Sunday morning or afternoon.

"Don't wait until Sunday evening," suggests a spokesman for the C&P Telephone Company. "The calling traffic really builds up then."

"Saturday is another good time to make Mother's Day calls. Not as many other people are calling then, and you should have a better chance of getting your calls through right away."

This May 13, the Bell System expects to handle about 12 million long distance calls—twice as many as on an average Sunday. Overseas calling will be heavy, too, with an estimated 100,000 calls to and from the U.S. on Mother's Day.

Here are some other tips about Mother's Day calling: Dial direct if possible. You'll save both time and money.

Your call may not go through on the first attempt because so many people will be trying to use long distance circuits at the same time. If you receive a "fast busy signal" or a recorded announcement of a circuit delay, wait a few minutes before dialing again. It doesn't help to call an operator, who would experience the same condition.

If you're placing a call through an operator, allow a little extra time for an answer. Hanging up and dialing again won't speed up the call. But you can speed it up when you reach the operator by supplying the area code and number you're calling.

Chek your personal number list ahead of time to be sure you have out-of-town numbers you will want to call. To get a number, call the area code of the distant place and the number 555-1212. You make this type of call as you would any long distance call, but there's no charge. If you don't know the area code for the place you're calling, refer to the area code map and list in the front pages of your phone book.

If you plan to call overseas, make a reservation as far ahead as possible. Just dial the operator and ask for the overseas operator for the country you wish to call.

"It's not just the volume of calls that makes Mother's Day different from other Sundays—it's the pattern of the calls," the spokesman pointed out. "Calls travel routes where calling is usually light and where we don't normally need superhighways, so the traffic sometimes backs up."

To meet the needs of customers on Mother's Day, a full staff of operators will be on duty, and special circuits will be added.

Also, the flow of telephone traffic will be watched closely at Bell System network management centers throughout the country. The staffs at these centers look for "traffic jams" and see that calls travel over paths that are open whenever possible.

Dickinson Receives Scouting Award

The Francis Scott Key 1973 Scouter Recognition Dinner was held Saturday evening, May 5, at the Junior Fire Hall, Frederick. Emmitsburg's Color Guard consisting of Bruce and Phil Gray, Bill Mackenzie, Larry Kehne and Doug White, opened the evening's program. Local adults attending the dinner were Mr. and Mrs. Charles Dillon, Mr. and Mrs. Robert Rosensteel, Sgt. Maj. and Mrs. William Newton, Mr. and Mrs. William Sanders, Sr., and Mr. Jay Dickinson.

Numerous awards were given during the evening's program. Mr. Jay Dickinson was awarded the citation as outstanding leader, while Sgt. Maj. Newton received the Trainer's award which included a certificate of appreciation and medal. William Sanders, Jr., although not present, was the recipient of the President's Commission.

The District Award of Merit was given to Scoutmaster Robert A. Rosensteel of Troop 284, for his outstanding record of devotion to scouting and to the community. This is the highest award given in the Francis Scott Key District and was presented to Rosensteel by George B. Haller, District Chairman for Recommendations to the National Court of Honor.

The oyster industry in Maryland includes more than 9,000 watermen.

Three principal gears are used in harvesting oysters: hand tongs, patent tongs and dredges.

Majorettes Slate Bake Sale, Circus

Parents of members of the Dynamic Majorette Group are reminded of a meeting at Mother Seton School to be held May 17 at 7:00 p.m. Nominations of officers will be held at this meeting.

The majorettes will sponsor a Bake Sale at the Emmitsburg Fire Hall on Saturday, May 19 from 9-12 noon. Area residents are asked to support the sale. Money raised by special events helps to purchase material for uniforms, as well as equipment needed by the group.

The Circus Kirk will be in Emmitsburg on May 22 with two performances, one at 6:00 and the other at 8:00 p.m. The circus will be held at the Emmitsburg Public School and will be sponsored by the Dynamics. Tickets to either performance may be purchased from any member of the group.

Fire Caused By Short Circuit

A short circuit in a motor resulted in \$500 damage to a coffee vending machine at the Emmitsburg Manufacturing Co. plant on W. Main St., at 12 noon last Wednesday.

Emmitsburg firemen extinguished the blaze which ruined the coffee machine. First Assistant Fire Chief Gene Myers said the fire did not cause damage to the building.

Maryland has been famous for its delectable oysters since Captain John Smith visited the Chesapeake Bay in 1607.

Thurmont Alumni Dinner - Dance

The Thurmont High School Alumni Association will hold its annual dinner and dance on June 2, 1973, at the Thurmont American Legion. A social hour will begin at 6 p.m.

A delicious meal featuring roast beef will be served buffet style beginning at 7 p.m. by the Legion Auxiliary. Following the dinner, there will be a brief business meeting. After the business meeting, you may enjoy listening or dancing to the "Andy Ray Quartet." The price for the dinner and dance will be \$4.00 per person.

For planning purposes, it is necessary to know how many will attend this year's meeting. If you plan to attend, please phone Chester Zentz, Jr., 271-2438; Donald Stitley, 271-2022; Sue Ferguson, 662-3231; Allen Miller, 271-2095, no later than May 18 to make reservations.
