I see where the Tourist Council is looking for participants in the forthcoming Winterfest. This activity has been in operation only a couple of years but attendance figures indicate there are many city people looking for something to do in the mountains in February. Sounds like an ideal opportunity for those groups who did not participate in the Colorfest to get in on the action.

I heard that almost three dozen groups from our part of the mountains participated in the Colorfest. Local reports indicated most all were pleased with the results. That included a dozen churches, a dozen private clubs, 1/2 dozen civic clubs, and 1/2 dozen youth groups not to mention the numerous individuals. With a gang like that in motion, you would think Emmitsburg could find a few local groups that want to show off their mountains and make a little money to boot.

Naturally the Winterfest will not be as large as the Colorfest but interesting active attractions should get a good play. Last year there were over 6,000 people in the area. At times some of us thought they were all waiting in line to ride the snowmobiles at Sabillasville school. At other times we thought the whole gang was crammed into the gym at Round Meadow. Should be more this year. That means local townspeople should be able to stop some of the crowd as they pass through and interest them in knowing more about the mountains.

Anyone who doubts grass will sprout in November should take a look at the new school grounds. Almost makes you think it is spring, the way they have turned green. Who says the earth has gone to sleep?

What's this about the Lion's Club not holding its annual Christmas party for local children. You would think every effort would be made to carry on after 43 years. This would have been the 44th party. I am sure many local children are looking forward to it. Surely the club should reconsider and try to put it together another year. If they don't, I've heard some rumors that some other clubs may take over so the tradition does not die out.

TV news watchers Tuesday night were treated to the sight of citizens (truck drivers) telling the world they plan to break the law (Maryland's 50 MPH speed limit). Sure is surprising how fast we run out of gas in this country. Last year we were pouring all kinds of gasoline into southeast Asia and all of a sudden when the war is over we don't have enough petroleum for normal peacetime uses.

I have my doubts about the validity of the whole mess. Now that the Alaska pipeline has been passed and the oil companies have the high prices they sought, I expect the shortage to dry up any day. Maybe we should help it along by stopping overseas shipments. And not only oil. I bet the price of lumber, plastics, cotton, wheat, and many other items would come down if U. S. citizens refused to ship out of the country.

Fr. Taggart To Give 3 Thursday Talks

The first of three lectures on The Gospel of John, will be presented tonight (Thursday), at the Lutheran Parish House. Father Sylvester Taggart will begin his hour discussion at 7 p.m. The study will continue on Thursday, December 6, and conclude on December 13. All are welcome to participate in this Council of Churches activity.

The day will never arrive when wars will be fought without trained men or won by yielding to one's foes.

Screening Program Set For Saturday

A recent risk factor screening program in Frederick City proved to be a success. On Saturday, December 1, from 12-4 p.m., a free walk-in screening program will be held in 6 locations throughout the county including the Seton Center at Emmitsburg and the Fire Hall in Thurmont.

This service includes a blood pressure check and a short history regarding weight, smoking and blood pressure.

This program is sponsored by the Community Service Committee of the Frederick County Heart Association. Lorraine Covahey, R.N., is chairman, assisted by Linda Hunsicker, R.N., John Luckie, Lt. Paul Mossburg, Donna Wantz, R.N., and Agnes Zimmerman, R.N.

It is hoped that the county population will respond because high blood pressure can be serious, can be treated, and the person can lead a normal life if treated.

Further information can be obtained by calling the Frederick County Heart Association at 663-3189.

Banquet Will Honor Football Coaches

Seating will be limited and patrons will be taken on a first come basis. Make checks payable to Monday Morning Quarterbacks, P.O. Box 307, Thurmont, Md. 221788. Mail your name, address and phone number in order that receipt of check and additional information can be sent.

Letter To Editor

Editor, Emmitsburg Chronicle: Recently while staying at a friend's home in town, I received a parking ticket for being parked in a No Parking Zone which was not clearly marked. I have also recently received a ticket for being over-parked while shopping downtown. I feel that this quick ticket policy followed by local police, hurts business downtown.

This customer, at least, plans not to shop in Emmitsburg where in return for his business, he is fined, when he can shop at fine-free shopping centers.

Sincerely,
T. L. Amato

Odell J. Shank, 58, owner of Shank's Mill, Waynesboro, R4, died Saturday morning at Johns Hopkins Hospital, Baltimore, where he had been a patient for the last week. He had been in failing health for several years.

Born in Craigsville, Va., he was the son of the late William I. and Edna (Baxter) Shank. The family lived in Emmitsburg before moving to Waynesboro in 1934.

He worked his entire life in the flour and feed mill business, and he owned and managed Shank's Mill since 1935, when he purchased it from his father.

Hoisted Flag Shows Progress Of School

The red checkered flag flying on top of the new school building indicated completion of the structural steel on the building. The last piece was put in place last Friday, according to Robert Brown, Construction Superintendent. The exterior masonry work is 90% complete; curb and gutters, paving, fine grading, and seeding are almost complete.

Placement of cement board on the sloped roofs should be completed this week and the roof dried in with heavy tarp paper next week. The plumbers have heat and water lines well under way. Assuming favorable weather, the steel decking will be placed on the flat roof sections next week and work is expected to start on the heating ducts.

Brown indicated the building is far enough along for work to continue all winter regardless of the weather in the near future but he is hopeful of completing all roof sections before snow arrives.

Hoisting of a flag to indicate the placement of the final piece of steel on a building is traditional in the construction industry. Brown sought a Maryland flag locally but was unable to find one on sale in Emmitsburg. He finally made do with a home made marker.

Miss Sprinkle Wed To David Lewis On Thanksgiving Day

Miss Debra Ann Sprinkle, daughter of Mr. and Mrs. Richard M. Sprinkle, Emmitsburg, became the bride of David Allen Lewis, son of Mr. and Mrs. Harry R. Lewis, 116 W. Main Street, Thurmont, on Thanksgiving Day. Rev. John King, C.M., pastor of the bride, officiated at the Nuptial Mass and double ring ceremony in St. Joseph's Catholic Church. Rev. Kenneth Hammerich also participated in the Eucumenical service. Mrs. Beverly Adams presided at the organ with Mrs. Pat Troxell as soloist.

Given in marriage by her parents, the bride chose an empire gown of bouquet taffeta featuring a ruffled yoke of peau d'ange lace which scalloped the Victorian collar and cuffed the long puffed sleeves. Matching lace traced the raised waistline and together with the pleated ruffing bordered the redingote which topped the flaring skirt and sloped to join the full back in a chapel train. Complementing the gown was her demi-bonnet of matching lace with pearl accents with a long veil of lace edged illusion that flowed to the tip of her train. She carried a cascade bouquet of white mums, baby's breath and yellow sweetheart roses.

Miss Sandra Dayton, Gettysburg, was maid of honor. Bridal attendants included Miss Jean Amery, Thurmont, and Miss Mary Margaret Pittinger and Miss Karen Stottelmyer of Sabillasville. Junior bridesmaids were Miss Melissa Austen and Miss Michelle Boyle of Emmitsburg. Flower girls were Miss Tiffany Peters, Shippensburg, Pa., and Miss Melissa Sprague, Emmitsburg.

The honor attendant wore a gown of Nile green crepe which featured a yoke of Suisse lace with ruffled edge, high collar and shepherdess sleeves echoing the lace as a wrist flounce while the skirt flowed to a graceful flare from a sloping empire sash. To this she added a white picture hat of braided velvet banded in matching Nile green velvet streamers. The bridesmaids wore identical rust gowns while the junior bridesmaids and flowers girls were attired in similar gowns of peach with white hats banded to match their gowns. The attendants carried baskets of gold and rust mums with bows and streamers matching their gowns.

Best man was Mr. Raymond Thompson of Thurmont. Ushers were Mr. Greg Miller, Thurmont, Mr. Stephen Sprinkle and Mr. Daniel Sprinkle, of Emmitsburg, brothers of the bride. Allen Sprinkle and Herbert Ramsburg, both of Thurmont, served as junior ushers. Master Timothy Boyle, Emmitsburg, was their ring bearer.

A reception followed the ceremony at St. Euphemia's Hall.

Mrs. Lewis is a graduate of Catoctin High School, class of 1973, and is employed in the payroll department of Claire Frock Co., Thurmont.

Mr. Lewis is a 1972 graduate of Catoctin High School and attended Frederick Community College. He is employed in the office at Moore Business Forms, Inc., Thurmont.

Following a wedding trip to Indiana the couple is residing at 313 N. Church St., Thurmont.

Prior to the wedding, Mrs. Lewis was entertained at a linen and kitchen shower hosted by the bridal attendants at the home of Miss Jean Amery, Thurmont, and also a shower given by her office co-workers at Claire Frock Co.

The Women's Club of Mount Saint Mary's College will hold a Christmas Bazaar from 1 to 4 p.m. on Sunday, Dec. 2, in the Student Union Building.

In addition to hand-crafted items and home-baked goods, the bazaar will include a "white elephant" table.

On December 15 from 1 to 3 p.m., the Mount coeds, assisted by faculty wives, will hold a Christmas Party for the children of the faculty members. Children from two to 10 years of age will be invited to the affair, which will be held in the Student Union lounge.

The Women's Club was recently organized at Mount Saint Mary's, which is in its second year as a coed institution. The Club, which is composed of interested women students and faculty wives, plans to sponsor several activities throughout the year.

Guards Hopeful To Enlist 700 Men

Many Maryland National Guardsmen this month are sporting red-white-and-blue lapel buttons bearing the message "Join the Guard. I did." The Army Guard hopes at least 700 men and women will take them up on that invitation during a month-long concentrated recruiting campaign.

The campaign is called "Army National Guard Recharge." Its goal is at least 700 new enlistments by the end of November. At the midpoint of the drive, 225 recruits had been sworn into Guard units and 191 other enlistments were being processed.

The Guard's "Recharge" program has sent recruiters fanning out across the state manning booths in shopping centers and office buildings and visiting high schools and colleges. Guard officials said they're signing up many people who had previously had no exposure to the military, but who have listened to the Guard story and liked what they heard.

Major General Edwin Warfield III, The Adjutant General, called on all of the state's 5500 Army Guardsmen to contribute to the recruiting effort during November. The end of the draft has brought a downturn in Guard enlistments, and Guard and Reserve units nationwide are stepping up their recruiting efforts to meet critical manpower needs.

The Guard offers a young man or woman a choice of a six-year enlistment, or enlistment for four years of drill participation plus two years in the inactive reserve. Prior servicemen may enlist for one year.

ZIP COLUMN

Clerk James O. Adelsberger was awarded a Superior Achievement Certificate and Cash Award, by the District Manager, United States Postal Service, for sustained outstanding performance of his regularly assigned duties.

Jim has been with the Postal Service nearly 29 years. This is the first of such awards to be presented at the Emmitsburg Post Office.

The suggested Christmas mailing dates, originally set up as December 10 and 15, have been advanced one week, due to the present energy crisis.

We are asking customers to mail Christmas parcels by December 3, and greeting cards by December 8, 1973.

It is anticipated that difficulty will be experienced by the cut-back in air line schedules, due to the fuel shortage, and thereby make the original suggested dates very difficult.

Please remember, a parcel which is prepared with care, normally arrives intact.

Sufficient supplies of Christmas stamps are available. However, do not purchase more than needed, due to the proposed rate increase on January 5, 1974. This will eliminate the need for purchase of supplemental 2c stamps.

Winter Festival Is Set For February

The 3rd annual Winter Festival, scheduled for Feb. 9-10, is being planned by the Catoctin Mountains Tourist Council and the Catoctin Mountain Park.

The previous Winter Festivals have been held only at Catoctin Mountain Park and the Sabillasville Elementary School, and the CMTC would like more local participation. The CMTC would like to have more winter activities taking place during the festival and wants to hear from anyone or any organization who has an idea.

The hayride at the Park last year was a big success with the children—and we have heard comments that the tourists like to have things that they can do—and not just things to look at!

Everyone put on your thinking caps and come up with some ideas! Bring your ideas to the Winter Festival Committee meeting at the Shamrock Restaurant on December 6 at 8 p.m.

Group Entertained To Tour By Slides

Tuesday evening, November 20, the Emmitsburg Senior Citizens Club held its regular monthly meeting at 7:30 p.m. in the Center, with 36 members and friends present.

Mrs. Harman opened the meeting with group singing, followed by the Lord's Prayer, with special remembrance of thanksgiving for the coming holiday.

Gail Sickles announced the coming of new legislation regarding the aging in Social Security.

Vice President Ethel Fuss then introduced Mr. Robert Morgenthal of Waynesboro, who proceeded to show slides from his recent trip to Switzerland and Germany. Many of the views were delightful scenes from the Black Forest in Southern Germany, particularly of a number of castles and the grapevines covering the banks of the Rhine River.

One castle, built by Ludwig in about 1845, which was particularly delightful, was Schwanstein from which Walt Disney received his inspiration for the castle depicted in Disneyland.

The members fully appreciated the treat. Upon serving refreshments, the October and November birthdays were announced and congratulated.

The refreshment committee was Mrs. Ada Myers and Mrs. Edna Shorb.

The lecture, which will be in the Science Auditorium, is a "scholar-specialist" presentation sponsored by the Cultural Events Committee with the cooperation of the Department of History and Political Science. Ryan on Monday: "Conflict in Middle East," 10:00 a.m., Science 4-B; "Arabs and Jews in Palestine," 11:00 a.m., Science Seminar; and "The Middle East in World Affairs," 2:15 p.m., Administration 201.

Since 1971, Fr. Ryan has been a member of CEMAM, the Center for the Study of the Modern Arab World at St. Joseph's University, Beirut, Lebanon. He has been engaged in research, writing and speaking on the Arab-Israeli conflict, especially regarding its impact on Jewish-Christian relations.

For sixteen years he resided in Baghdad, serving for 10 years as Dean and more recently as Academic Vice President of Al-Hikma University. After the Iraq Government took over Al-Hikma in 1968 and asked the American Jesuits to leave, Fr. Ryan returned to the United States, where he was appointed Visiting Fellow at the Cambridge Center for Social Studies in Cambridge, Mass.

He attended two World Conferences for Christians for Palestine in 1970 and 1972. In Cambridge he also participated in a series of seminars on the Arab-Israeli conflict. On July 28, 1971, Fr. Ryan testified before the House of Representatives Committee on Foreign Affairs, Sub-Committee on the Near East, at a hearing on Jerusalem and the Holy Places. He made a joint presentation at the hearing with Dr. James Kritzeck of Notre Dame University.

In addition to his work with CEMAM, Fr. Ryan gives lectures and takes part in TV, radio and press interviews. He writes on the Palestine problem for several journals.

The lecture and class discussions on Monday are free and open to the public.

Garden Club Holds Workshop

On the morning of November 15, the Silver Fancy Garden Club met at Trinity Lutheran Church, Taneytown, with 16 members and one guest present.

This was a workshop, and favors and arrangements were made for Thanksgiving and Christmas. These favors went to the Brookfield Manor Nursing Home and for "Meals on Wheels."

The business meeting was called to order at 12:45. Members were invited to an Open House at the Farm Museum in Westminster on Dec. 6, from 2-4 p.m.

The club suggested a trip to Monkton to see the Topiary Gardens.

Four Bells for the Annual House and Garden Tour are available for \$7.00, which entitles the purchaser to one tour either in Hagerstown, Cecil, or Charles County.

The Annual Flower Show at Columbia Mall was discussed, and further information on details are needed. The subject was tabled until a later date.

The Annual Christmas Party of Silver Fancy will be held at Fairfield Inn on Dec. 11. Members will meet at the Church (Taneytown), at 12:15. Gifts are not to exceed \$3.00.

It was suggested that the club have a program with a speaker, open to the public, and charge a fee. Topics suggested were dried materials, gourds, and how to treat. Also have a speaker on abstracts.

On Dec. 2, members were asked to attend the Advent Workshop at Trinity. Bring a covered dish. The meeting begins at 3 p.m.

The Committee delivered the favors to Brookfield Manor Nursing Home, and they were enthusiastically received.

BUSINESS AND THE STOCK MARKET

U. S. Industry Abroad
By Babson's Reports Inc., Wellesley Hills, Mass., November 29, 1973 — A good many U. S. companies have long carried on activities in foreign countries by way of branches, affiliates, and subsidiaries. Corporations so engaged are generally designated as "multinationals" although there are only about 200 with operations extensive enough to justify this sweeping label. In general, however, growth abroad has been indeed impressive. While the 1950 value of U. S. foreign assets totaled only \$31.5 billion, two decades later the figure had topped \$170 billion. The enormous growth was due mostly to

the direct investments of U. S.-based multinational firms. Last year U. S. direct foreign investment amounted to \$94.03 billion.
Export-Import Balance
Multinational companies must be considered as important contributors to the U. S. balance of payments, although it is difficult to designate the exact measure of this contribution. The payments balance is adversely affected by capital investment abroad and by imports from foreign affiliates, but exports to the same overseas affiliates serve as an offset. In the 1966-70 period, the U. S. trade surplus declined some 50%, but foreign subsidiaries of our firms were

importing more than they were exporting from U. S. sources.
In that part of the balance-of-payments account made up of dividend and royalty payments, transportation expenses, and like non-capital items, foreign affiliates made a profit while the rest of the private sector was in the red. Among the significant contributors showing positive payments balances on a company-by-company basis, were these well-established and widely known U. S. firms:
Borg Warner, Caterpillar Tractor, Dow Chemical, DuPont, Eastman Kodak, FMC Corp., General Motors, Good-

year, Gulf Oil, Ingersoll Rand, International Harvester, International Paper, I. T. T., Minnesota Mining, Monsanto, National Cash Register, Union Carbide and Xerox.
Last year this group collectively was responsible for nearly \$4.5 billion in positive payments balances, and the total for all of our multinationals would be extremely impressive.
A Few Brickbats
Multinationals do, of course, have their critics. Unions contend that job opportunities at home are seriously cut back as production facilities and technologies are established overseas. Labor claims that the big multinationals have "exported" 500,000 jobs. From another side come charges that, since profits on foreign

operations are not taxable until repatriated, U. S.-based firms get interest-free loans for their overseas subsidiaries to the advantage of the parent. Also suggested is the fact that there has been excessive and unwarranted currency speculation abroad as multinationals shifted funds from weak to stronger currencies, threatening stability of the dollar.
The question of exporting jobs has recently taken an interesting turn. Initially, many U. S. firms looked overseas for low-cost labor. Particularly in shoes, clothing, and electronic assembly, labor is a high part of total costs. But now the trend has been reversed and labor casts abroad are rising far more rapidly than in the U. S. With their

vast store of devalued dollars, foreign businessmen are putting money into U. S. operations at a rapid rate.
The Research Department of Babson's Reports notes here some recent examples of foreign investment in the U. S.: Acquisition by Swiss-based Nestle of Stouffer's, the food chain; overtures by a London bank toward a California bank and trust; plans for a Volvo plant in Virginia and a Michelin tire plant in South Carolina; and purchase by a Japanese firm of San Francisco's Palace Hotel. With the vast amount of multinational activity, some controls may be sought; the U.N. is now studying the question so that company and host nation may be protected.

PERSPECTIVES IN LEARNING

By Hazel Brown, President Harry Lundeberg School Reading In Every Home

The children of today are better readers than ever before, but our standards have risen so that the percentage of youngsters who do not read well concerns us. We feel that all children should be able to enjoy the pleasures of reading. Many parents become very concerned when they discover that their son or daughter is not doing well in school. The recognition of this terrible news creates all kinds of behavior by the parents and sometimes the reaction does more harm than good to the

youngster. This article will suggest one strategy that parents might follow in order to help the teacher with the task of teaching reading. Parents should realize that youngsters try to imitate them and will try to do what they see their parents doing. Teaching a child to enjoy reading can be fostered by having parents who like to read and who take time each day to read. A certain time of day could be designated as the quiet time when the television is turned off and the entire family enjoys reading, letter writing, and studying. If all the noisy and lively activities stop, the quiet atmosphere will be conducive to reading. Many parents discover that having time for reading can be the greatest thing to bringing the family close together.

When the entire family reads, the members find they have many more interesting things to talk about and share. Conversations are less about family troubles and more about thought-provoking topics. The newspapers and magazines are filled with news for discussion whether it be about the Watergate or the marriage of Princess Anne. Wouldn't your youngster enjoy having an informed parent who is not only concerned about his son's reading habits but also interested in his own reading improvement? Reading in every home is not going to eliminate all the reading problems, but it certainly could help many children to overcome their difficulties by improving their attitudes about reading. Learning to enjoy reading is a habit which can easily be developed when the entire family makes an effort to practice reading each day.

Why not give this simple hint a try for a week? You might be very pleasantly surprised at the attitude changes in the entire family and the reports that your youngsters receive in school.

ORDER OF PUBLICATION

This is to give notice that on the 5th day of November, 1973, a Bill to Quiet Title was filed in the Circuit Court for Frederick County by the Plaintiffs against the Defendants, some of whose addresses are unknown. The Bill alleges in substance that:

FIRST: That on or about January 31, 1969, your Plaintiffs took possession of all of that certain land enclosed by an ancient fence, as more par-

ticularly described as follows: Beginning for the same at a fence post found set in the ground on the North side of Fish Hatchery Road and at the Southeast corner of the land conveyed by Howard T. Perkins and wife to Richard L. Kline and wife by deed dated 31 January 1969, and recorded among the land records of Frederick County in Liber 797, Folio 552, thence as now surveyed by D. K. Sutcliffe & Associates, Inc., January, 1968, and running and binding on the outlines of said land as defined by fences the following four (4) courses and distances, N 13° 26' 12" W 251.46 feet to a fence post found set in the ground, S 74° 51' 15" W 220.00 feet to an iron tee bar with Registered land Surveyor's Cap Number 2046, set in the ground, and hereinafter referred to as a standard marker, S 74° 35' 45" W 332.19 feet to a fence post found set in the ground, S 08° 38' 31" E 150.70 feet to a fence post found set in the ground on said north side of Fish Hatchery Road, thence running and binding on said North Side and on the South cut line of said land, the following two (2) courses and distances, N 75° 08' 00" E 353.17 feet to a standard marker, N 74° 36' 19" E 219.92 feet to the place of beginning. Containing 2.805 Acres more or less of land (a copy of D. K. Sutcliffe & Associates, Inc. Plat No. F-971-B, revised 2/18/69, of legal real estate is attached to the Bill to Quiet Title, incorporated by reference, and filed in these proceedings marked Plaintiff's Exhibit 1).

SECOND: That your Plaintiffs' Exhibit 1, by deed recorded among the land records of Frederick County, in Liber 797, Folio 552, (a certified copy of said deed being attached to the Bill to Quiet Title, incorporated by reference, and filed in these proceedings, marked Plaintiff's Exhibit 2).

THIRD: That the streets and alleys located within Plaintiffs' fenced in area (as shown on the aforementioned Plaintiffs' Exhibit 1) have not been maintained by the Frederick County Board of Commissioners for a period of twenty (20) years prior to July 1, 1973, and in fact are non-existing, were never opened and have never been properly dedicated to or accepted by Frederick County, Maryland.

FOURTH: That record title to Lot Number 77 on the aforementioned Plaintiffs' Exhibit 1 is vested in Henry Agnew by virtue of that certain deed recorded among the land records of Frederick County in Liber JS2, Folio 118 (a certified copy of said deed is attached to the Bill to Quiet Title, incorporated by reference, and filed in these proceedings, marked Plaintiff's Exhibit 3). That your Plaintiffs do not know whether or not the said Henry Agnew is alive or dead, and if dead who his heirs, devisees or personal representatives are, nor do your Plaintiffs know their addresses.

FIFTH: That record title to the aforementioned streets and alleys remained vested of record in one certain Daniel Fundenburg and/or his heirs, devisees, or personal representatives by virtue of that certain deed recorded among the land records of Frederick County in Liber WR18, Folio 377 (a certified copy of said deed is attached to the Bill to Quiet Title, incorporated by reference, and filed in these proceedings, marked Plaintiff's Exhibit 4). That your Plaintiffs do not know whether or not the said Daniel Fundenburg is alive or dead, and if dead who his heirs, devisees or personal representatives are, nor do your Plaintiffs know their addresses.

SIXTH: That record title to the land identified by the diagonal lines in Plaintiff's

Exhibit 1 is vested in Paul H. Baer by virtue of the deed recorded among the land records of Frederick County in Liber 406, Folio 423 (a certified copy of said deed is attached to the Bill to Quiet Title, incorporated by reference, and filed in these proceedings, marked Plaintiff's Exhibit 5).

SEVENTH: That record title to the land identified by asterisks in Plaintiff's Exhibit 1 is vested in Randolph S. Stull and Mary C. Stull by virtue of the deed recorded among the land records of Frederick County in Liber 457, Folio 371 (a certified copy of said deed is attached to the Bill to Quiet Title, incorporated by reference, and filed in these proceedings, marked Plaintiff's Exhibit 6).

EIGHTH: That record title to the land identified by the check marks on the Plaintiff's Exhibit 1 is vested in Ella Irene Toms, Agnes May DeGrange, Grace Harriet Smith, Dorothy Virginia Smith, Alice Mary Shafer, Carrie Elizabeth Zimmerman, Betty Rebecca Pearl, Gladyes Katherine Yeager, Melton Eugene Holt, Leslie Shurden Holt, Jr., Charles Lewis Holt and Carl Salvester Holt, by virtue of the deed recorded among the land records of Frederick County in Liber 891, Folio 63 (a certified copy of said deed is attached to the Bill to Quiet Title, incorporated by reference, and filed in these proceedings, marked Plaintiff's Exhibit 7).

NINTH: That your Plaintiffs' and their privies have record title of the abovementioned real estate, have had actual, open, notorious, exclusive, hostile and continuous possession of all of the real estate enclosed by that certain ancient fence and bordered on Fish Hatchery Road as herein more fully described above and in Plaintiff's Exhibit 1 under said claim of title or ownership for over the last twenty (20) years immediately preceding the filing of the Bill of Complaint using said title and improvements as a farmette.

TENTH: That your Plaintiffs have actual peaceable possession of subject lands but that the claims as set forth in Paragraphs Third, Fourth, Fifth, Sixth, Seventh and Eighth constitute hostile outstanding claims though not being actively asserted against Plaintiff's title, interfering with Plaintiff's right to absolute ownership and rights of disposition.

ELEVENTH: That relief prayed in the Bill is substantially as follows:

That the Court decree absolute title to and in the real estate described in paragraph. First herein, in fee simple with full rights of disposition of said lands and improvements and that the Court issue an injunction against the assertion by the parties named as parties Defendants of any claims thereto, whatsoever by any action at law or otherwise.

WHEREUPON (it is ordered by the Circuit Court for Frederick County this 5th day of November, 1973, that the Plaintiffs cause a copy of this Order to be inserted in a newspaper published in Frederick County once a week in four successive weeks, before the 8th day of December, 1973, giving notice to the said Defendants of the object and substance of the Bill and warning them to show cause, if any there may be, on or before the 8th day of January, 1974, why a decree should not be passed as prayed.

CARD OF THANKS
I wish to thank the Nurses and Hospital Staff at Annie Warner Hospital, the Doctors, especially Dr. Morningstar and Dr. Pfeffer; the Priests of St. Joseph's and St. Francis Xavier Parish, for their prayers, cards, gifts and acts of kindness sent to me while I was a patient at the hospital. Also special thanks to the VFW for the ambulance to and from the hospital, and the American Legion for their blood donors. It is so nice to know what wonderful people we have in Emmitsburg. I shall be ever grateful.

The following questions were typical of the kind asked of me in recent weeks. Letters should be sent to me, c/o U. S. House of Representatives, Washington, D.C. 20515. I am interested in buying a mobile home and have some questions on financing such a purchase. Who can I talk to about this matter?
The Department of Housing & Urban Development publishes a free booklet on this subject which should aid you. Copies of "Buying & Financing a Mobile Home" are available from Consumer Product Information Center, Pueblo, Colorado 81009.
Do VA pensioners over 72 years of age have to file annual income questionnaires anymore?
No. A recent law excludes pensioners 72 years of age and older, who draw benefits during two consecutive years, from filing annual income questionnaires. However, you still must report changes in income.
When is the President's Council on Physical Fitness & Sports going to publish its new "Blue Book" on physical education?
The Council informs me that copies of the revised and expanded "Youth Physical Fitness—Suggested Elements of a School Program" will be sent in the coming weeks to each of the nation's elementary and secondary schools. The revised book includes information on ability grouping physical education, interval training, jogging, water exercises, weight training and agility drills, plus a section explaining how to develop community and administrative support for the physical education program. Oth- the bazaar will include a Recovery Index Test of the American Medical Association's Committee on Exercise and Physical Fitness, and a test manual for the Presidential Physical Fitness Award program.

FUEL SAVING TIPS
COURTESY OF
C. F. STOUTER OIL CO. INC.

1. Avoid overheating furnace, it wastes fuel.
2. Drain a pail of water directly from domestic hot water tank monthly to insure efficiency.
3. Check and repair leaky hot water faucets (a leak of only one drop per second means a loss of 700 gallons a year).
4. Use a stiff brush to clean soot from boiler. A mere 1/8" soot deposit increases oil consumption as much as 10%.
5. Insulate your attic floor, which can produce savings to 20% on fuel. Be sure hot water, steam pipes, or warm air ducts are well insulated if located near outside walls.

would remind parents of the Consumer Affairs "Banned Toy List?"
The Consumer Product Safety Commission has a new telephone hot line providing a free, direct link between consumers and the agency in Washington. CPSC informs me that hot line operators will send you a list containing Federally banned toys and other toy safety information. If a consumer has a question about a particular toy or wants to make a complaint about a toy, the operator will take your phone number and a staff member will return the call. Legion Auxiliary Plans Yule Party

The regular monthly meeting of Francis X. Elder Unit 121, American Legion Auxiliary, was held recently with the President, Jessie Knipple, presiding. There were 12 members present.

The minutes of the previous meeting were read and approved. In the absence of the treasurer, the president read the treasurer's report. The Department and District Bulletins were then read by the president. The Membership Chairman reported there are 92 paid-up members for 1974.

It was reported that Mildred Glass was previously hospitalized. The Unit will pay her 1974 dues. The Chaplain reported she had sent a planter to Catherine Fitez and a baby congratulatory card to Jean Knipple.

The Christmas Party was then discussed. It will be held on December 12, at 6:30 p.m., at the Post Home, in the form

of a covered dish social. Each member is to bring a covered dish, hot or cold. The meal will be turkey and all the trimmings. The Auxiliary will furnish the turkey, rolls and butter. Anna Bushman volunteered to prepare the turkey. Members may bring one guest at a charge of \$1.00. Gifts will be exchanged valued at \$1.50.

Motions were passed to: pay \$40 for the District Budget; pay the Per Capita Tax; \$3 for Past Presidents Parley; \$15 toward the purchase of hot water heaters at Camp Westmar, the District's Children and Youth Project; \$5 for Department Christmas Program; \$10 to the Department Gift Shop, and \$10 to the Rodock Project.

The draw prize was won by Carmen Topper. Nettie Saffer's name was called for the door prize but was not present.

Mathias Supports Special Units

Senator Charles McC. Mathias has introduced a Senate resolution calling for creation of special units in the United States armed forces for use in United Nations peacekeeping operations. The Mathias resolution also calls for the United States to make transport, communications, logistical and other technical personnel and facilities available to the United Nations for peacekeeping purposes.

"This special force earmarked for potential service with the U.N. peacekeeping force, should the occasion arise and should our constitutional processes authorize, would, in effect, be a first brigade to keep the peace," Mathias said.

"It is my view that an effective U.N. peacekeeping force could do much to prevent future wars and would be an invaluable tool in the resolution of disputes between nations," he said.

"This first brigade would also assist to meet natural disasters which have plagued the world in the past and will afflict the world in years to come," Mathias said.

Project Day To Be Held For Shut-Ins

Local church women are reminded of the monthly Project Day to be held December 4 in the Fellowship Hall of Incarnation United Church of Christ beginning at 1:00 p.m.

Special projects this month will include the preparation of Christmas gifts for local shut-ins. Especially needed are small indoor plants that

can be re-potted and distributed to the ill. Anyone having suitable plants are asked to bring them to Incarnation Church next Tuesday or call 447-6253, 447-6239 or 447-2590.

Can anyone explain why a citizens gives a politician a valuable gift?

We're of the opinion there are too many leaders for the followers available.
