## Most Anything At A Glance

- By Abigail -

There is something about fall that puts spring in our old legs and makes the bones feel better. Some have said it comes from looking forward to the fresh fall winds and winter snows coming on, but I really think it is the politicians on the street, in October and November. Strange faces have been all over town the last couple of weeks and I welcome them. It is nice to have a periodic change from our own in town political boys, both sitting and sat.

Last week we talked about some pretty heavy problems. We didn't mean to give the impression we have given up hope. Although we may be in the middle of some downs rather than ups, the overall outlook is good. It may take a little while to get back to the activity if a couple of years ago, but we are going to get there and when we do things will be better than ever for folks in Emmitsburg and most everywhere else.

One very bright spot in town is Mount St. Mary's. The school is full up again this year and even building new facilities. That's something you don't see at most schools in the country. Many of them are running partially full and searching like mad for additional students. The full house on the hill speaks well for the administration of the Mount which obviously is doing a good job.

Some wish I could say the same for the school closer to town. It breaks my heart to see the perfectly good facilities at St. Joseph's going to waste, especially in these times of emphasis on conservation of everything. You would think the good sisters would wake up and put the buildings to work. It would benefit the town greatly, as well as themselves. Perhaps somebody could go back over that long list of potential users we had a couple of years ago and find one that could be fired up in the next few months.

The word in the square is that water is mighty short. If we don't get rain soon, we may even be rationed. Makes one wonder why folks outside of town are permitted to use the town's water intensive facilities. On the other hand it seems only reasonable to share with others who are in worse shape than we are.

With water so short, and the ground so dry, it seems that all of us should be very careful about fire. That brings to mind the burning dumps on the mountain which are still burning. The County Commissioners promised the operators a landfill ages ago. Has anyone heard this year's candidates say they are going to solve the problem?

I see where that new fellow in Washington cleaned out the energy bunch and got set to start over. Perhaps that's what we should do on the landfill.

Don't forget to look through the political ads in this week's Chronicle and then get yourself out to vote Nov. 5. We need everyone's thinking to insure we get the best men.

Happy Halloween to all the kiddies and old folks alike.

## Letter To Editor

Editor, Emmitsburg Chronicle: Below are some quotes taken from Health & Wealth magazine entitled "But seriously cast that ballot . . . it does count!"

"In many a local election your vote could swing a candidate either in or out of office. Over in England a few centuries ago, King Charles I literally lost his head when the vote to behead him was 67 against, 68 for."

"The Constitution, the supreme written law of the United States, gives supreme power to the people. The People. That means you . . . and me. It also means that you and I as well as every other eligible voter in the United States, can periodically call our representatives to account through the means of an election. Our government is dependent upon public opinion. We, the public, can tell the governing powers what to do . . . if we will. One of our basic freedoms is our ability to limit the authority of government. Without that limitation the government would cease to be a government of the people, but a government of a minority of rulers."

Yes, your vote does count! Every nation has the government that it deserves—end quote.

It seems voters need to be reminded of what power they do have—if they would just use it.

The young and old—whether they be 18 or 80, have in common this one power. So many of us don't use this power to the fullest extent. We need to read and listen to get informed on candidates and delegates and make sure the party you feel will do a sincere job in our democracy, has a chance.

Don't throw away one of your most precious rights. If you become indifferent this could permit dishonest persons to gain control of government. Folks, we are Free American Citizens . . . let's keep it that way. Get out and vote on Nov. 5th!

Emmitsburg is offering car service to anyone that needs it to get to and from the polls. Just phone 447-6209 or 447-2000 and you are on your way. Sincerely, Mrs. Florence C. Bassler Secretary-Treasurer Emmitsburg Democratic Central Committee

### MRS. ROSALIA MARSHALL

Mrs. Rosalia Elizabeth Marshall, 71, R2, Thurmont, died Sunday at 6:40 a.m. at the Warner Hospital, Gettysburg.

She was born in Emmitsburg and was a lifelong resident of this area. She was a daughter of the late Robert Nasbitt and Mary Cook Kreitz. She was the wife of the late Thomas J. Marshall, who died in 1956.

She is survived by two sons and one daughter, Archie A. Marshall, at home; Thomas Junior Marshall, Silver Spring, and Mary Catherine Marshall, at home; three grandchildren and one great-grandchild; two stepsons, Louis D. Shulley, Taneytown, and T. Leroy Marshall, Thurmont; four brothers and five sisters: Otto F. Kreitz, Spokane, Wash; Francis J. Kreitz, Gettysburg; Bernard L. Kreitz, Spring Grove; Charles T. Kreitz, Sr., Gettysburg; Mrs. Lloyd Marshall, Emmitsburg; Mrs. Carl Shriner, Thurmont; Mrs. Clifford Sanders, Emmitsburg; Mrs. Earl Herring, Gettysburg, and Mrs. Edgar Hahn, Hanover.

## Boyle's Commended For Environmental Improvements

In a letter to B. H. Boyle and Sons, Inc., on October 24, the Frederick County Health Department commended them for helping to obtain a cleaner environment in Emmitsburg by eliminating their incinerator. The letter also commends them for purchasing a baler to bale waste paper in order that the paper can be recycled instead of being burned and wasted.

The Health Department also hopes that other businesses and citizens in general in Frederick County will be guided by the Boyle's good example and cooperate with the Health Department by eliminating the burning of waste

and making possible more recycling thus saving more of our natural resources. The letter was signed by Paul Beale, Director, Air Quality Control.

B. H. Boyle and Sons, Inc., is a well known grocery business located on East Main Street in Emmitsburg, which began in 1933. The store is the first business in the Emmitsburg area to purchase a baler for disposing of paper refuse.

In the photo, Paul Beale, Director, Air Quality Control, watches as Mike Boyle demonstrates the use of the recently purchased baler. —AEB Photo.

## Pumping Station May Be Necessary?

The water shortage of 1965-66 may be repeated here soon, according to Commissioner J. Norman Flax, who added that unless Emmitsburg receives substantial rainfall within two weeks the town may go dry.

The Rainbow Lake reservoir, said Commissioner Flax, is 50 inches down from the top of the spillway. The three wells now in operation will not be sufficient to supply the 350,000 gallons of water used by Emmitsburg each day.

The Army Corps of Engineers will be arriving soon to give their recommendation, said the Commissioner. With Army help in 1965, a temporary pumping station was put into operation.

A temporary pumping station may again be needed, said Commissioner Flax, and permission has been granted to pump water from Echo Lake, if necessary. Lake Charnita is available, as well, according to the commissioner, but these are only stopgap measures, he pointed out.

Several improvements were made to Emmitsburg's water system in an attempt to avoid future shortages. The Rainbow Lake reservoir was dredged, two new wells drilled, and two older wells reactivated. Nine inches were also added to the spillway, said Commissioner Flax.

Since that time, however, 1,200 more subscribers are using Emmitsburg water, according to Flax, who mentioned that such growth was unforeseen in 1965. Also, one of the new wells has gone dry.

A permanent pumping station seems to be the solution to this and future water problems said Flax. After the past water shortage, a permanent installation was recommended by the Army Corps of Engineers, he mentioned, but no action was taken. No help from the federal government is foreseen for the present problem, and the cost of either a new reservoir or pumping station would "break her town," said the Commissioner.

## Sr. Citizen Club Enjoys Bus Tour

Tuesday morning, October 22, 39 members and friends of the Emmitsburg Senior Citizens Club, left at 7:30 for another bus trip.

The first stop was Mount Vernon, to visit the old home and final resting place of George Washington, first president of the United States, and his wife.

The next goal was the National Arboretum in Washington, where the great collection of trees and flowers of many varieties were admired.

The third stop was the new Mormon Temple, which is now open to the public. Many interesting facts were observed concerning the Mormon religion.

Dinner was enjoyed at the Howard Johnson in Frederick. The group arrived home at six o'clock. All agreed the trip was most worthwhile.

This is the last call for attention to the Fall Bazaar being held at the Senior Citizens Center and old Post Office building, on Saturday, November 9.

Doors will be opened to the public at 10 a.m. sharp!

## "Santa's Helpers" Plan Project Day

Christmas will be in the air when the local Church women meet on Tuesday, November 5, for their annual Project Day. Gifts for area shut-ins will be made for distribution during the holidays by local Church women's groups.

Chosen as the Christmas project this year is a Santa sleigh. Created from a bar of soap and a colorful wash cloth, the sleighs make an attractive and practical gift for the holiday season.

An invitation is being issued to all local Church women to come next Tuesday to Incarnation United Church of Christ where women of each of the local congregations meet to make that this is Election Day, women are encouraged to bring their children with them as they, too, can assist in preparing the holiday gifts. Project work begins at 1:00.

## Open-Space Works Well At New School

PTA President Eric E. Glass, conducted the meeting of the Emmitsburg PTA on October 23, with 80 parents and teachers attending. The PTA goal of 100 members was surpassed as the membership now stands at 110.

Mr. Glass announced the appointment of Sandy Watkins and Audrey Glass as co-chairman of the Birthday Calendar project. Another committee, appointed to present suggestions on calendar profit expenditures, will consist of Fred Stambaugh, Norman Shriver, Jr., and Robert Brake.

Several committee reports were presented. Ottolow Hewitt said that the Book Fair, still in progress, was doing very well with excellent student interest. Parent-teacher conferences for grades K-4 will be the afternoon of November 12 and the evenings of November 19 and 26. Sandy Shriver, conference chairman, said that babysitting will be available on the afternoon of the 12th. Rev. Walter Bowers acquainted the PTA with Teen Center plans and requested parental assistance.

After the room banner count, won by Mr. May's fifth grade, the program was presented by principal, Mr. Richard Van Tries. He, and the teaching staff, answered questions asked by PTA members about transition to the new building, fire drills, the heating system, fire chimes, the soft drinks at dances. All indications are that the open-space school is working as well as anticipated by the school staff.

Refreshments were served in the Home Economics area by Miss Neighbor's first and second grade and Miss Crawford's third grade class. Many parents also visited the Book Fair before and after the meeting.

In addition to being a member of the A.S.E.C.S., the C.S.A., and the M.L.A., Dr. Good belongs to the American Association of University Professors. He also serves on the Faculty Affairs Committee at Mount Saint Mary's.

**Retiring Wachter Endorses Keller**

The tempo of the race for clerk of court Ellis C. Wachter announced his endorsement last week when retiring

C. Keller for the post Wachter has held for 38 years. Wachter, elected nine times by the Frederick County voters during his tenure in office, said that Keller is "well-qualified, tested, proven and capable" of handling the various duties of Clerk of Circuit Court.

"I could rest easy in retirement knowing that the office is in good hands with Charley," Wachter said. Wachter will retire from office on December 1.

Noting the importance of experience in office and "continuity between administrations," Wachter said that although he and Keller are both Republicans, his endorsement of Keller is not based on partisan considerations.

Wachter indicated that Keller's 16 years as a deputy clerk gives Keller a thorough understanding of such duties as the accurate preservation of deeds, mortgages, and other legal instruments of record at the courthouse.

Among other duties mentioned by Wachter are: the receipt and filing of suits, the maintenance of court dockets, the assignment of civil cases

for trial, the recording of verdicts and judgments, the issuance of writs or orders of the court, and the issuance of marriage, traders, and liquor licenses.

Wachter, secretary of the Maryland Court Clerks Association since 1956, was presented a Certificate of Distinguished Citizenship by state comptroller Louis Goldstein at the association's convention at Ocean City on Oct. 1. He said he has had plenty of opportunity to observe Keller's competency during the past 16 years and is convinced that he is best qualified for the post.

Keller's Democratic opposition in the clerk's race, Mrs. Pauline Garber, is presently legal secretary and administrative assistant to State's Attorney Robert S. Rothenhoefer, a position she has held since 1959.

**Quota Reaches Half Way Mark At MSM**

According to George Gelles, Dean of Students, 135 units

were collected from the 153 who tried to volunteer. 122 students, 16 seminarians, seven faculty and staff, and eight persons from Emmitsburg registered. About half of these were new donors.

"I would like to thank everyone who participated," Gelles said, "and I hope in the spring we can push over the total quota, giving everyone at the Mount coverage for the year."

# BUSINESS AND THE STOCK MARKET

**Some Further Gains For Most Container Makers**  
By Babson's Reports Inc., Wellesley Hills, Mass., October 31, 1974—The container industry racked up healthy profits gains in 1973 in spite of a squeeze on margins from climbing costs and government controls. While a faltering economy is reducing demand

this year, profits will be aided by the absence of price controls, and on balance the industry should post another advance in net earnings. But the gains will not be evenly spread among all companies or parts of the container field. Paper and metal containers should be the stronger performers, while the glass con-

tainer segment is likely to do less well.  
**Paper Packaging In The Lead**  
Paper packaging, accounting for some 40% of the container market, is not only the largest branch of the industry but also for the past two years has been the strongest. In 1973 board and paper mills operated near 97% of capacity, the highest rate in many years. Regardless of the slower economy, a continued swift pace of operation (perhaps 95%) is looked for when final tally is made for this year. Furthermore, the years just ahead should see an improved supply-demand relationship as a result of brisk markets and less capacity expansion. An American Paper Institute projection sets the annual growth rate in new capacity for all paperboard in 1974 at 2.5%, well below the 3.9% rate of the past 15 years.

**Prospects For Metal Containers**  
Second biggest sector of the market is metal containers, accounting for 24% of the total value of all packaging materials. Overcapacity problems, troublesome in the past, have been relieved by lively demand and liquidation of considerable uneconomical can-making capacity by the two industry leaders. Metal can producers enjoyed a rise of some 15% in earnings last year, and final figures for 1974 should show further increases despite tougher competition in a slowing economy, plus higher fuel, material, and labor costs. Some major segments of the domestic can market have reached maturity (not the beer and soft drink lines) and future expansion must depend largely on development of overseas markets and cheaper production methods.

**Glass Containers Face Problems**  
The going has been uneven for glass containers in recent years. Environmentalists and state legislators have attacked the nonreturnable bottle — fastest-growing segment of the glass container market — citing roadside litter. Metal and plastic packaging modes have cut into glass markets, while sharp material short-

ages have interfered with production. The upshot has been a pinch on profit margins and in some cases lower earnings. Some firms have diversified into new areas and developed innovative glass packages. Competition and soaring costs are still squeezing profits, but lack of price controls and a better supply of soda ash should help results.  
**Outstanding Container Makers**  
The Research Department of Babson's Reports advises holding the stocks of such leading container manufacturers as American Can, Anchor Hocking Corporation, Continental Can, Crown Cork & Seal, and National Can, since they appear to be quite reasonably

priced at current levels. For investors interested in new commitments at this time, the common stocks of Diamond International and Owens-Illinois are recommended for purchase. Diamond International is the world's largest manufacturer of molded pulp products and is also deeply entrenched in matches, playing cards, labels, packaging items, and lumber and building products. Owens-Illinois is the nation's foremost producer of glass containers and is also a leader in the making of paper containers. Other Owens-Illinois products include TV bulbs, tableware, plastic containers and closures. For free detailed reports on these two

recommended companies, write to Babson's Reports Inc., Wellesley Hills, Mass. 02181.

# FREDERICK COUNTY BACKGROUNDS

BY SAMUEL CARRICK  
 The Gaugh-Barton Family  
 "Happiness is many things;  
 A day that shines, a bird  
 that sings;  
 The little child across the  
 street  
 With ready smile your own  
 to greet;  
 Pride in work, a task that  
 waits,  
 The welcome found in open  
 gates;  
 An understanding friend or  
 two.  
 The sound of rain, the fallen  
 dew;  
 The warmth of hearth and  
 dancing fire.  
 The sound of bells in  
 churchly spire;  
 All these are part of every  
 day,  
 All gifts for those who  
 pass this way."  
 It seems rather odd that an  
 English name like Gaugh  
 should be found in the old  
 Tom's Creek Lutheran and Re-  
 formed churchyard. However,

the family were members of  
 that congregation for details  
 of their lives are to be found  
 in the church records. Had  
 they been members of the  
 Church of England (Anglican)  
 they would have had to travel  
 to Frederick to attend ser-  
 vices—at All Saints Episcopal  
 church.  
 Now to return to the graves  
 of the Baugh clan which are  
 still to be found in the old  
 Tom's Creek Lutheran and Re-  
 formed burial ground—as fol-  
 lows:  
 6. Sacred to the memory of  
 Willie G. Gaugh, son of W. and  
 C. Gaugh, died September 19,  
 1887, aged 10 years, 8 months  
 and 19 days.  
 7. In memory of Wilson A.  
 Gaugh, died July 18, 1879,  
 aged 30 years, 4 months and  
 18 days.  
 Apparently there are several  
 unmarked graves in the Gaugh  
 family plot at old Tom's Creek  
 —but at this late date—it is  
 impossible to determine just  
 who is interred therein.  
 In the records of Trinity

Lutheran church, Taneytown,  
 Maryland, of which Elias con-  
 gregation was a part until  
 1851, the following pertaining  
 to the Gaugh family is to be  
 found:  
 2. Baptized — Elizabeth  
 Catharine Gaugh—daughter  
 of Percival and Harriett  
 Gaugh—born August 1, 1849  
 —baptized August 19, 1850.  
 Note: Both Percival Gaugh  
 (Gaugh) and his wife, Har-  
 riett Gaugh, are buried at old  
 Tom's Creek and their graves  
 are marked with the tomb-  
 stones still in place.  
 2. Married—May 7, 1835—  
 Jonathan Gaugh to Catharine  
 Eve Bowers—at Mr. Bower's  
 House.  
 Note: Jonathan Gaugh and  
 his wife, and a daughter, are  
 buried at the Utica Lutheran  
 burial ground. The inscrip-  
 tions from the markers at  
 their graves are as follows:  
 8. In memory of Jonathan  
 Gaugh, died August 22, 1889,  
 aged 78 years and 8 months.  
 9. In memory of Catharine  
 E. Gaugh, wife of Jonathan

Gaugh, born March 22, 1813,  
 died April 30, 1865.  
 10. In memory of Addie E.  
 Gaugh, daughter of Jonathan  
 and C. E. Gaugh, born Sep-  
 tember 15, 1860, died April  
 10, 1943.  
 3. Married — December 23,  
 1841—David Weant to Miss  
 Lydia Gaugh—the former of  
 Frederick County and the lat-  
 ter of Carroll County, Mary-  
 land. Married by license.  
 Note: Both David Weant  
 and his wife are interred in  
 the old Tom's Creek Lutheran  
 and Reformed churchyard.  
 The inscriptions follow:  
 11. In memory of David  
 Weant, died April 30, 1888,  
 aged 72 years. Company J,  
 Seventh Maryland Infantry.  
 12. In memory of Lydia  
 Ann Weant, wife of David  
 Weant, died March 27, 1883,  
 aged 74 years, 19 months and  
 26 days.  
 4. Buried—George Gaugh—  
 November 17, 1851—aged 78  
 years, 10 months and 28 days.  
 Funeral at Methodist Chapel.  
 Note: Both George Gaugh  
 and his wife, Elizabeth Gaugh,  
 are buried at old Tom's Creek  
 Lutheran and Reformed  
 churchyard, and their graves  
 are marked. The inscription  
 from these markers were giv-  
 in in last week's column.  
 There is a child of Isaac D.  
 and Sophia (Gaugh) Barton  
 interred in the Gaugh family  
 burial plot at Tom's Creek  
 Lutheran and Reformed church  
 yard but the stone has fallen  
 and is broken. It is impossible  
 to decipher the inscription.  
 The records of Elias Luth-  
 eran congregation—  
 In 1851, in a list of members  
 compiled by the Rev. Solomon  
 Sentman, George, Elizabeth,  
 and Percival Gaugh were list-  
 ed as members.  
 5. Baptized—Emma Cath-  
 arine Barton — daughter of  
 Thomas H. and Harriett Bar-  
 ton—born May 8, 1858—bap-  
 tized May 17, 1859.  
 6. Baptized — William Hen-  
 ry Barton—son of Samuel and  
 Harriett Barton—born Decem-  
 ber 13, 1861—baptized June  
 18, 1862.  
 7. Baptized—Harriet Rebec-  
 ca Barton—daughter of Thom-  
 as and Harriett Barton—born  
 March 3, 1869—baptized Feb-  
 ruary 1, 1870.  
 8. Baptized — William Bar-  
 tin Gaugh—son of Wilson A.  
 and Mary V. Gaugh—born De-  
 cember 31, 1876 — also—Ella  
 Catharine Gaugh — born De-  
 cember 5, 1875—daughter of  
 Wilson A. and Mary V. Gaugh  
 —both baptized January 17,  
 1877.  
 Note: Wilson A. Gaugh  
 died comparatively young in  
 1879 and is interred at old  
 Tom's Creek. If his wife is  
 buried beside him her grave  
 is unmarked.  
 The data regarding the  
 Gaugh-Barton families will be  
 continued in this series next  
 week.

### Lou Scharon

Candidate For  
HOUSE OF DELEGATES  
District 4B

Lobbying is a very important part of our State Governmental system. However, like many important things, when they are abused they become very dangerous. There probably has been more corruption in government that can be traced to some type of lobbying than any other one thing. I do not mean to say that lobbyists are dangerous to our form of government. It is an honorable profession. They are being paid, and in many cases quite well, by companies or groups, to influence legislation that will be beneficial to their company or group. The problem arises when weak public servants too often bow to their pressures and consequently legislation comes about that serves self interest groups more than it does the average citizen. In September of 1929 Will Rogers described the problem quite well. "We are all in a lather over lobbying. If a man with no official connection can change a whole conference, it's not him you want to investigate, it's the 'buys' that he influenced." As stated before by me, if I'm elected to the House of Delegates, I will certainly listen with an open mind to any lobbyists. However it will be done in the proper way. That is to say it will not be done through the wining and dining process. Your vote on November 5th will be a vote for better government.
